8 Accounting Policies

For the current financial year, the Group and the Company have adopted all the relevant new or revised Financial Reporting Standards ("FRS") and interpretations ("INT FRS") which came into effect for the Group and the Company from 1 July 2013.

The adoption of these new or revised FRS and INT FRS does not have any material impact on the financial statements of the Group and the Company for the financial year ended 30 June 2014.

The accounting policies and methods of computation adopted in the financial statements for the financial year ended 30 June 2014 are consistent with those applied in the financial statements for the year ended 30 June 2013.

9 Review of the Performance of the Company and its Principal Subsidiaries

The Group recorded a profit after tax of \$5.8 million for the financial year ended 30 June 2014, an improvement of 10.2% compared to \$5.3 million for the previous year. The stronger performance was mainly attributed to the rise in total income, which was partly offset by a marginal increase in operating expenses, higher charge for allowances for loan losses and tax expense.

Profit from operations before allowances was \$7.4 million, 18.2% higher vis-à-vis the same period last year. The surge in net interest income was a result of higher loan volume as well as interest recovery from non-performing loans. Non-interest income declined due to lower gain on sale of investments, fees and commission and dividend income; but partially cushioned by other operating income which climbed by \$0.5 million due to recovery of bad debts previously written off. Total operating expenses increased by \$0.6 million, driven largely by higher staff costs and other operating expenses, particularly amortisation of commissions to auto-loan dealers.

Total loans and advances net of allowances grew 8.1% to \$792 million compared to \$733 million as at 30 June 2013. In tandem with the higher loan balance, total deposits also increased 6.2% to \$847 million as at 30 June 2014.

In line with the loan growth during the year, the Group has set aside additional collective allowances at a portfolio level. The additional collective allowances were cushioned by write back of specific allowances, resulting in a net charge for loan allowances of \$0.5 million compared to \$0.3 million during the last financial year. The Group continue to set aside

adequate specific and collective allowances for the loan portfolio. The Group has also made additional impairment loss on investments of \$0.3 million due to prolonged decline in the market value of a quoted equity investment.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen which is likely to affect substantially the results of the operations of the Group and the Company in the interval between the end of the financial year and the date of this report.

10 Comments on Significant Trends and Competitive Conditions in the Industry

The Singapore economy grew by 2.4% on a year-on-year basis in the second quarter of 2014, moderating from the 4.8% growth in the previous quarter. On a quarter-on-quarter seasonally-adjusted annualised basis, the economy expanded by 0.1%, slower than the 1.8% growth in the preceding quarter, mainly due to slowdown in manufacturing sector.

Considering the uncertainties in global macroeconomic environment as well as the domestic structural rebalancing process due to labour constraints, the Ministry of Trade and Industry has narrowed Singapore's 2014 full year GDP growth forecast from 2.0% to 4.0%, to 2.5% to 3.5%.

Given the modest economic outlook and the continual impact of the prudent measures taken by the Government on the financing of property and car loans, the Group expects a moderate growth for the loan portfolio. Nevertheless, the Group will continue to be prudent and proactive in seeking new business opportunities and manage our operating expenses to remain competitive.

11 Dividends

Subject to shareholders' approval at the forthcoming Annual General Meeting, the Board of Directors is recommending a first and final dividend (one-tier tax-exempt) of 5 cents per share for the financial year ended 30 June 2014.

Singapura Finance Ltd

Report on the financial statements

We have audited the accompanying financial statements of Singapura Finance Ltd (the Company) and its subsidiaries (the Group), which comprise the balance sheets of the Group and the Company as at 30 June 2014, the income statement, statement of comprehensive income, statement of changes in equity and cash flow statement of the Group and statement of changes in equity of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards, for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group, the balance sheet and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards to give a true and fair view of the state of affairs of the Group and of the Company as at 30 June 2014 and the results, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.
