### **UPDATE TO PATENT INFRINGEMENT COMPLAINT AGAINST AEM HOLDINGS LTD. AND ITS SUBSIDIARIES**

---

AEM Holdings Ltd. (the “**Company**”) wishes to provide the following update regarding the patent infringement litigation (“**Complaint**”) commenced by Advantest Test Solutions, Inc. (“**Advantest**”) against the Company and its subsidiaries (“**AEM**”) in the United States District Court for the Southern District of California in October 2025.

In the Company’s announcement dated 6 October 2025, Shareholders were informed of the Complaint filed alleging infringement of U.S. Patent Nos. 11,674,999 and 12,320,841.

The Court has dismissed Advantest’s patent infringement complaint while granting Advantest leave to file an amended complaint.

In an Order dated 29 June 2026, received and informed to the Company on 1 July 2026, the Court ruled that the Complaint failed to adequately plead direct or indirect patent infringement. The Court also stated that it is insufficient for Advantest to allege infringing acts based on the existence of the AEM’s patent applications on their own.

The Company will continue to evaluate any further filings in the matter and remains prepared to vigorously defend its own issued patents and intellectual property, if necessary.

The Company does not expect this ruling to have any material impact on its business operations or financial position. AEM will continue to monitor the matter and will make further disclosures if required in accordance with the SGX Listing Rules.

The Company will update its shareholders on material developments on this matter as necessary and where appropriate.

**Shareholders and potential investors are reminded to exercise caution when dealing or trading in the securities of the Company. In the event of any doubt, shareholders and potential investors of the Company should consult their stockbrokers, bank managers, solicitors, accountants or other professional advisers.**
