A-SONIC AEROSPACE LIMITED
Regn. No. 200301838G

A-SONIC GROUP ANNOUNCES STRATEGIC INFORMATION TECHNOLOGY ("IT") JOINT VENTURE

A-Sonic Aerospace Limited (the "**Company**") announced that its wholly-owned subsidiary, **A-Sonic SCM Private Limited**, has entered into a binding joint venture agreement to acquire a 55% equity interest in RES Malaysia Sdn Bhd ("**RES**"), a Malaysian information technology company.

Subject to satisfactory due diligence and completion of the transaction, RES, its four wholly-owned subsidiaries, and its 30% associate company will become related to the Company (the "**A-Sonic Group**").

The joint venture is aligned with the A-Sonic Group's strategy to **enhance its digital and technology capabilities** and to progressively **evolve into a technology-enabled supply chain solutions group**.

We aim to further advance digitalisation and automation across our operations and, where appropriate, infuse artificial intelligence ("AI") to increase **productivity improvements and potential cost efficiencies**.

We plan to further strengthen our ability to deliver more integrated and technology-enabled logistics solutions. This will **provide our customers with improved visibility, process integration, system-driven workflow** to enhance overall solution experience and operational productivity.

Rather than developing a full technology platform internally, which would require significant time and resources, we aim to **reduce execution risk and shortening implementation timelines**.

About A-Sonic Group

The A-Sonic Group is engaged in two areas of businesses, aviation and logistics. We currently operate in 27 cities in 14 countries, spanning four (4) continents in Asia, North America, Europe, and Sub-Continent India. Our staff strength was approximately 557 personnel as at 31 December 2025.

We are engaged in the purchase and sale of aircraft engines and components. We are also engaged in providing supply chain management services. We specialize in various aspects of logistic solutions, including international and domestic multi-modal transportation, warehousing, distribution, customs clearance, and airport ground services.

Further announcement will be made upon completion of the agreement.
