#### 2. Basis of preparation

The condensed interim financial statements for the three months ended 30 September 2021 ("4Q2021") have been prepared in accordance with IAS 34 Interim Financial Reporting. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and the performance of the Group since the last interim financial statements for the 3 months period ended 30 June 2021.

As announced separately, the durian trading out of Thailand (the "Thai Durian Business") operated and overseen by Cheng Meng cannot be verified nor substantiated and thus the Group can only recognise the Thai Durian Business transactions for the period from January 2021 to March 2021 for the FY2021 results, where the sales and purchases were fully captured, and that the payments to suppliers and from customers were made directly with the Group. Accordingly, the Group has prepared its financial results for the financial year ended 30 September 2021 by removing all the Thai Durian Business transactions operated and overseen by Cheng Meng which cannot be verified or substantiated.

The condensed interim financial statements are presented in Hong Kong Dollars ("HK\$") and are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

There were no changes in accounting policies and methods of computation adopted in the financial statements for the current reporting period as compared to the most recent audited annual financial statements as at 30 September 2020, which were in accordance with IFRS.

#### 2.2 Use of judgements and estimates

The preparation of the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 30 September 2020.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

#### 3. Seasonal operations

Except for the fruit trading business, the Group's other businesses are not affected significantly by seasonal or cyclical factors during the financial period.

## 4. Segment and revenue information

The Group determines its operating segments based on internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segments and to assess their performance.

The Group is principally engaged in three reportable segments, namely "Fruit Business", "Nutrition Business" and "Internet Management". Information regarding the Group's reporting segments is presented below

#### (a) Updates on the efforts taken to resolve each outstanding audit issue.

With reference to the audited financial statements for the financial period ended 30 September 2020 ("FY2020"), the Company's independent auditors, Baker Tilly TFW LLP, has issued a "disclaimer opinion" on the basis of the following:

(1) Refundable advances for proposed acquisition

On 8 September 2021, the Company received a Notice of Compliance ("NOC") from the Singapore Exchange Regulation (SGX RegCo") to appoint a suitable independent reviewer to conduct an investigation into the facts and circumstances relating to, amongst other matters, the proposed acquisition which was subsequently terminated giving rise to the refundable advances. In compliance with the NOC from SGX RegCo, the Company has since appointed an independent investigator and the investigation is currently still in progress.

As at 30 September 2021, a total of HK\$2,771,000 has been refunded by the vendor since with an outstanding balance of HK\$59,205,000. On 30 September 2021, the Group entered into a Repayment Agreement with the vendor to refund the outstanding balance in RMB60 million to the Group over a 3.5-year period commencing from 1 October 2021. At the date of this announcement, the vendor has yet to meet any of the payment milestones in accordance with the Repayment Agreement.

Management has assessed that the risk of default from the Repayment Agreement has increased significantly given that the vendor has defaulted on the payment milestones. As such, a loss allowance has been made for the entire amount of the refundable advances. The Board is in discussion with PRC lawyers on its next course of action and will update the shareholders on any material developments.

#### (2) Advances to suppliers, third parties and a related party

The Group has continued to maintain business with these suppliers, third parties and the related party in 4Q2021, and nothing has come to attention to suggest that the carrying amounts of the Group's advances to suppliers, third parties and related party may not be duly utilised or refunded in the ordinary course of business, although there may be delays in the originally agreed or expected schedules for payment in light of the ongoing COVID-19 situation and resulting impacts.

#### (3) Property, plant and equipment

On 8 September 2021, the Company received a Notice of Compliance ("NOC") from the Singapore Exchange Regulation (SGX RegCo") to appoint a suitable independent reviewer to conduct an investigation into the facts and circumstances relating to, amongst other matters, a proposed acquisition (which was subsequently terminated) which include certain networking equipment recognised as additions to property, plant and equipment amounting to HK\$39,728,000 in the financial period ended 30 September 2020. In compliance with the NOC from SGX RegCo, the Company has since appointed an independent investigator and the investigation is currently still in progress.

As a result of the termination of the proposed acquisition, on 30 September 2021, the Group entered into an Equipment Refund Agreement with the vendor to return the networking equipment to the vendor, and for the vendor to refund RMB33.5 million to the Group over a 3.5-year period commencing from 1 October 2021. As a result of the Equipment Refund Agreement, the carrying amount of property, plant and equipment relating to the networking equipment amounting to HK\$31.5 million was reclassified to "Other receivables".

In October 2021, an amount of HK\$1.5 million was refunded. The vendor defaulted on the next repayment that was due in March 2022 and the Group had not received any repayments since. 17

Management has assessed that the risk of default from the Equipment Refund Agreement has increased significantly given that the vendor has defaulted on the payment milestones. As such, a loss allowance has been made for the entire amount of the equipment refund amounting to HK\$31.5 million. The Board is in discussion with PRC lawyers on its next course of action and will update the shareholders on any material developments.

#### (4) Investment in subsidiaries

At the end of the previous financial year ended 30 September 2020, the auditors had not been able to obtain sufficient appropriate audit evidence with respect to the recoverable amount of the Company's investment in subsidiaries and the appropriateness of the allowance for impairment losses provided on the Company's investment in subsidiaries.

For the current financial year ended 30 September 2021, management is in the process of making an assessment on the recoverable amount of the Company's investment in subsidiaries and will discuss its assessment with the external auditors in the finalisation of the Group's consolidated financial statements for the year ended 30 September 2021. The carrying amount of the Company's investment in subsidiaries are eliminated on consolidation and will not affect the Group's consolidated financial statements. No adjustments have been made in this set of condensed interim financial statements with respect to this matter.

#### (5) Amounts due from subsidiaries

At the end of the previous financial year ended 30 September 2020, the auditors had not been able to obtain sufficient appropriate audit evidence with respect to the recoverability of the amounts due from the Company's subsidiaries and the appropriateness of the allowance for impairment losses provided thereon.

For the current financial year ended 30 September 2021, management is in the process of making an assessment on the recoverability of the amounts due from the Company's subsidiaries and will discuss its assessment with the external auditors in the finalisation of the Group's consolidated financial statements for the year ended 30 September 2021. The carrying amount of the amounts due from the Company's subsidiaries are eliminated on consolidation and will not affect the Group's consolidated financial statements. No adjustments have been made in this set of condensed interim financial statements with respect to this matter.

#### (6) Appropriateness of the going concern assumption

At the end of the previous financial year ended 30 September 2020, the auditors had not been able to obtain sufficient appropriate audit evidence with respect to the appropriateness of the use of the going concern assumption in the preparation of the financial statements of the Group.

On 5 April 2022, the Company received Letters of Demands from Corpbond IV Ltd ("Corpbond") for the repayment of certain loans and relating interest that was due. Thereafter, on 11 April 2022, the Company voluntarily suspended the trading of its shares pending the review of going concern.

The Company had on 30 April 2022 and 11 May 2022, announced the issuance of up to S\$25 million in convertible bonds (the "Convertible Bond Agreements") of which S\$21 million has been secured in commitments. The Company is in discussion with various other parties and is confident of placing out the remaining amounts. Subject to the satisfaction of the terms and conditions (including obtaining the requisite approvals from shareholders and SGX) and successful issuance of the Convertible Bonds, the Company will have adequate funds to repay all the loans taken from Corpbond.

As such, subject to reaching an amicable outcome on the ongoing negotiations with Corpbond, the Company will be able to continue as a going concern. Notwithstanding, the Group's operations are continuing.

While there is no guarantee that the outcome of ongoing negotiations with Corpbond will be satisfactory, that the terms and conditions of the Convertible Bond Agreements will be satisfied, and/or that the Company will be able to obtain the requisite approvals from shareholders and SGX for the issuance of the Convertible Bonds, management is continually assessing the Group's ability to continue as a going concern and will discuss its assessment with the external auditors in the finalisation of the Group's consolidated financial statements for the year ended 30 September 2021. No adjustments have been made in this set of condensed interim financial statements with respect to this matter. The Company will update its shareholders when there are any material developments.

## (b) Confirmation from the Board that the impact of all outstanding audit issues on the financial statements have been adequately disclosed.

The Board confirms that the impact of all outstanding audit issues above have been adequately disclosed.
