MEDIA RELEASE

Keppel Telecommunications & Transportation names new CEO

Singapore, 15 May 2014 – Keppel Telecommunications & Transportation Ltd (Keppel T&T) is pleased to announce the appointment of Mr Thomas Pang Thieng Hwi (冯廷辉) as Chief Executive Officer-Designate with effect from today. He will succeed Mr Pang Hee Hon (冯启群) as Chief Executive Officer (CEO) from 1 July 2014.

Mr Pang Hee Hon is leaving Keppel T&T for personal reasons.

Mr Teo Soon Hoe (张顺和), Chairman of Keppel T&T, said, "The Board will like to express its sincere appreciation of Hee Hon's contributions to Keppel T&T over the past years. Under his charge, Keppel T&T grew its logistics and data centre operations significantly."

On Mr Thomas Pang's appointment, Mr Teo said, "The Board is confident that given Thomas's track record within Keppel Group and his business acumen, he will be able to spur Keppel T&T onto its next phase of development. As part of the Keppel Group's career development framework for key executives, he was identified as demonstrating strong Keppel values and management skills. We believe that Thomas will build on the successes of Keppel T&T and add further value to its businesses."

Mr Thomas Pang was the CEO of Keppel Infrastructure Fund Management Pte Ltd (KIFM), Trustee-Manager of Keppel Infrastructure Trust (KIT) since its listing in June 2010.

As the CEO of KIFM, he was responsible for working with the Board to determine the strategy for KIT. He worked with other members of the KIFM's management team to execute the stated strategy of KIT. During his tenure, KIT delivered steady financial results. In addition, the management augmented one of the properties in its portfolio with Singapore's largest solar photovoltaic installation.

Mr Thomas Pang joined Keppel Offshore & Marine Ltd in 2002 as a Senior Manager (Merger Integration Office) to assist in the merger integration of Keppel FELS Limited and Keppel Shipyard Limited. He was promoted to General Manager (Corporate Development) in 2007 and oversaw the investment, mergers and acquisitions and strategic planning of Keppel Offshore & Marine Ltd, during which he assisted in Keppel Offshore & Marine's expansion into Japan, Indonesia, China, Qatar and Azerbaijan, as well as the establishment of Keppel Offshore & Marine Technology Centre.

Prior to that, he was an Investment Manager with Vertex Management (United Kingdom) from 1998 to 2001. Mr Thomas Pang was also the Vice President (Central USA) of the Singapore Tourism Board from 1995 to 1998, as well as Assistant Head (Services Group, Enterprise Development Division) at the Economic Development Board of Singapore from 1988 to 1995.

Mr Thomas Pang, 49 years old, obtained a Bachelor of Arts degree and an Honorary Master of Arts degree from the University of Cambridge in 1988 and 1993 respectively.

About Keppel Telecommunications & Transportation Ltd

Headquartered in Singapore, Keppel Telecommunications & Transportation Ltd (Keppel T&T) offers integrated services and solutions in two core businesses: logistics and data centre. Keppel T&T is listed on the Singapore Exchange Securities Trading Ltd.

In Singapore, Keppel T&T has over 40 years of experience in offering customised integrated logistics solutions. It currently also operates world-class logistics facilities with state-of-the-art IT infrastructure in China, Hong Kong, Malaysia, Indonesia and Vietnam.

In south of China, Keppel T&T has a significant presence mainly through its subsidiary, Keppel Logistics (Foshan) Limited (KLF). KLF, a joint venture company between Keppel T&T and Sinotrans Guangdong Company, is a leading and unique integrated logistics service provider in Foshan, operating Lanshi and Sanshui Ports in Guangdong Province, to serve trading hubs in the vicinity such as Hong Kong, Shenzhen and Nansha. It provides a wide range of solutions and services such as port operations, international freight forwarding, Non Vessel-Operating Common Carrier, feeder service, warehousing and distribution, trucking service, supply chain solutions, third party logistics as well as other value-added services.

Keppel T&T, through its joint venture with Sinotrans Ltd, has also developed the Wuhu Sanshan port, its first river port project along Yangtze River, which serves Wuhu City, Anhui Province, and the central region of China.

In North China, Keppel T&T is developing a green integrated logistics distribution centre in the Tianjin Eco-City.

Keppel T&T is also developing the Sino-Singapore Jilin Food Zone International Logistics Park in Jilin City, Jilin Province and the Keppel Wanjiang International Coldchain Logistics Park in Lu'an City, Anhui Province through joint ventures with their respective local governments.

Its data centre division provides data centre co-location and business contingency services in Singapore, Malaysia, Australia, Ireland and the UK. Keppel T&T, together with AEP Investment Management, has also set up the Securus Data Property Fund, a Shariah-compliant data centre fund, which invests in a global portfolio of high quality data centre assets.

Helping companies ensure smooth business and IT operations by providing highly resilient and energy-efficient data centres that are reliable and cost-efficient, Keppel T&T serves some of the leading international blue chip companies in the IT and managed services industry.
