To: The Shareholders of Triyards Holdings Limited

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE SHAREHOLDERS' MANDATE AND THE PROPOSED SHARE BUYBACK MANDATE

1. INTRODUCTION

- 1.1 The purpose of this Appendix is to provide Shareholders with the relevant information pertaining to, and to seek Shareholders' approval at the AGM, for the renewal of the Shareholders' Mandate and the renewal of the Share Buyback Mandate.
- 1.2 The Shareholders' Mandate was originally obtained upon the listing of the Company on the SGX-ST, as set out in the introductory document of the Company dated 31 August 2012, and was last renewed at the 2015 AGM. The Shareholders' Mandate as renewed at the 2015 AGM will expire on the date of the forthcoming AGM.
- 1.3 The Share Buyback Mandate was originally approved by Shareholders at the 2012 AGM and was last renewed at the 2015 AGM. The Share Buyback Mandate as renewed at the 2015 AGM will expire on the date of the forthcoming AGM.

2. THE SHAREHOLDERS' MANDATE

2.1 Chapter 9 of the Listing Manual

Under Chapter 9 of the Listing Manual, where an issuer or any of its subsidiaries (other than subsidiaries that are listed on the SGX-ST or an approved exchange) or associated companies (other than an associated company that is listed on the SGX-ST or on an approved exchange, provided that the listed group, or the listed group and its Interested Person(s), has control over the associated company) proposes to enter into a transaction with the issuer's Interested Persons, shareholders' approval and/or an immediate announcement is required in respect of the transaction if the value of the transaction is equal to or exceeds certain financial materiality thresholds. However, an issuer may seek a shareholders' mandate for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations which may be carried out with Interested Persons. Transactions conducted under such a shareholders' mandate are not separately subject to the financial materiality thresholds. General information pertaining to Chapter 9 of the Listing Manual, including the said financial materiality thresholds and the meanings of certain terms, is summarised in the Annexure to this Appendix.

2.2 Mandate

Approval is being sought from Shareholders at the AGM for the renewal of the Shareholders' Mandate for entry by the Company into Mandated Transactions. If approved, the Shareholders' Mandate will take effect from the AGM and continue in force until the date of the next annual general meeting of the Company or such date as the next annual general meeting is required by law or by the Constitution to be held unless prior thereto, the Shareholders' Mandate is revoked or varied by the Company in general meeting. The Shareholders' Mandate may be put to Shareholders for renewal at each subsequent annual general meeting of the Company.

2.3 Rationale for the Shareholders' Mandate

The Mandated Transactions are entered into or to be entered into by the Group in its ordinary course of business. They are recurring transactions that are likely to occur with some degree of frequency and may arise at any time and from time to time. The Directors believe that it will be beneficial to the Group to transact or continue to transact with the Ezra Group, for the following reasons:

- (a) The Ezra Group will provide a large and easily accessible market for the Group's vessels and products;
- (b) Purchase of equipment and raw materials from the Ezra Group will allow the Group to take advantage of certain existing supplier relationships and to enjoy economies of scale, which in turn will allow the Group to price its vessels and products more competitively or to achieve higher profit margins on its vessels and products; and
- (c) The outsourcing of certain administrative and corporate functions to the Ezra Group will enable the Group to concentrate on its core businesses.

The Shareholders' Mandate and the renewal of the Shareholders' Mandate on an annual basis will eliminate the need to convene separate general meetings from time to time to seek Shareholders' approval as and when potential Mandated Transactions arise, thereby reducing substantially the administrative time and expenses incurred to convene general meetings, without compromising the Group's corporate objectives or adversely affecting the business opportunities available to the Group.

The Shareholders' Mandate is intended to facilitate transactions in the ordinary course of business that are transacted from time to time with the Mandated Interested Persons, provided that they are carried out on normal commercial terms and are not prejudicial to the interests of the Company and the minority Shareholders. Disclosure will be made in the format required by the Listing Manual, and to the extent required by the SGX-ST, of the aggregate value of Interested Person Transactions conducted pursuant to the Shareholders' Mandate during the current financial year, and in the annual reports for the subsequent financial years during which a Shareholders' Mandate is in force.

2.4 Classes of Interested Persons

The Shareholders' Mandate will apply to Interested Person Transactions with Mandated Interested Persons, being the Company's Controlling Shareholder, Ezra and its associates.

Transactions with Mandated Interested Persons that do not fall within the ambit of the Shareholders' Mandate shall be subject to the relevant provisions of Chapter 9 of the Listing Manual.

2.5 Mandated Transactions

The Mandated Transactions relating to the provision to, or obtaining from, Mandated Interested Persons of products and services in the ordinary course of business of the Group or which are necessary for the day-to-day operations such as the purchase and sale of supplies and materials, but not in respect of the purchase or sale of assets, undertakings or businesses are as follows:

- (a) Bareboat charter or time charter of barges/vessels to and from Mandated Interested Persons;
- (b) Construction of vessels, units and platforms for and sale of vessels, units and platforms to Mandated Interested Persons;
- (c) Sale of products such as cranes, A-frames and winches to Mandated Interested Persons;
- (d) Provision of drydocking, ship repair, ship conversion and engineering and vessel audit services to Mandated Interested Persons;
- (e) Purchase of equipment and raw materials from Mandated Interested Persons;
- (f) Purchase of ship design and consultancy services from Mandated Interested Persons;
- (g) Provision of corporate guarantees from Mandated Interested Persons to secure loans from financing institutions in the proportion of their shareholding interest in the Company;
- (h) Provision of management services/shared corporate support services/IT services, including the services provided under the Master Services Agreement and the IT Services Agreement by Mandated Interested Persons and licensing of proprietary software from Mandated Interested Persons; and
- (i) Provision or the obtaining of such other products and/or services which are incidental to or in connection with the provision or obtaining of products and/or services in sub-paragraphs (a) to (h) above.

2.6 Review Procedures and Threshold Limits for Interested Person Transactions

The Audit Committee has oversight of all Interested Person Transactions undertaken by the Group including the review of, and where required, approval of, such transactions. The Company has also established the procedures described below to ensure that the Interested Person Transactions are undertaken on an arm's length basis and on normal commercial terms.

(a) Review procedures

In general, the Company has established procedures to ensure that Interested Person Transactions, including the Mandated Transactions with the Mandated Interested Persons, are undertaken on an arm's length basis consistent with the Group's usual business practices and policies and which are carried out on normal commercial terms not prejudicial to the interests of the Company, and on terms which are generally no more favourable to Interested Persons than those extended to or obtained from unrelated third parties.

In particular, the Company has implemented the following review procedures:

- (i) Purchase of equipment and raw materials and obtaining of services from Interested Persons

All procurement and purchases made by the Group of a recurring nature which are in the ordinary course of business of the Group or which are necessary for the day-to-day operations of the Group, including procurement and purchases which are Mandated Transactions with Mandated Interested Persons, will be governed by internal control procedures, which detail matters such as the constitution of internal approving authorities, their approval limits, the number of vendors who provide the Group with quotes (for each proposed transaction with a Mandated Interested Person, a minimum of two vendors (in relation to the provision of management services/shared corporate support services by Mandated Interested Persons, including the Master Services Agreement and the IT Services Agreement, the proposed transaction will be the lower of (A) a cost plus basis of up to the an arms' length mark-up rate based on a transfer pricing benchmarking study (the "**Mark-Up Rate**"), or (B) two independent third party quotations for the provision of similar services)).

The guiding principle is to objectively obtain the best goods and/or services on the best terms through competitive quotations, if appropriate. In determining whether the price and terms offered by Interested Persons are fair and reasonable, factors such as, but not limited to, delivery schedules, specification compliance, track record, experience and expertise, preferential rates, discounts and/or rebates offered for bulk purchases will be taken into consideration. In addition, each Interested Person Transaction entered into by the Group will be monitored as an individual transaction and based on the value of the transaction, will require the prior approval of a director or executive officer of the Group (not being an Interested Person or an associate) and who does not have any interest, whether direct or indirect, in relation to the transaction (the "**Relevant Approving Authority**") as follows:

Approval Limits	Approving Authority
Interested Person Transaction not exceeding US\$1 million in value	Chief Executive Officer or in the event that the Chief Executive Officer is the relevant Interested Person or an associate of a relevant Interested Person, any other Director who is not the relevant Interested Person or an associate of a relevant Interested Person
Interested Person Transaction above US\$1 million	Audit Committee

The Mark-Up Rate is subject to annual review by the Group. Any change in the Mark-Up Rate is to be reviewed and approved by the Audit Committee.

(ii) Chartering of vessels to and from Mandated Interested Persons

All contracts entered into or transactions with Mandated Interested Persons for chartering of vessels (whether to or from Mandated Interested Persons) are to be carried out at the prevailing market rates, as obtained from third party brokers, on terms which are no more favourable to the Mandated Interested Person than the usual commercial terms extended to or from unrelated third parties or otherwise in accordance with applicable market norms. In addition, each Mandated Transaction entered into by the Group will be monitored as an individual transaction and based on the value of the transaction, will require the prior approval of a director or executive officer of the Group (not being an Interested Person or an associate) and who does not have any interest, whether direct or indirect, in relation to the transaction (the “**Relevant Approving Authority**”) as follows:

Approval Limits	Approving Authority
Transaction not exceeding US\$1 million in value	Chief Executive Officer or in the event that the Chief Executive Officer is the relevant Interested Person or an associate of a relevant Interested Person, any other Director who is not the relevant Interested Person or an associate of a relevant Interested Person
Transaction above US\$1 million	Audit Committee

(iii) Sale of vessels, units and platforms and products to Mandated Interested Persons

All contracts entered into or transactions with Mandated Interested Persons for the sale of vessels and products are to be carried out at the prevailing market rates, as obtained from third party valuers, on terms which are no more favourable to the Mandated Interested Person than the usual commercial terms extended to unrelated third parties (including, where applicable, preferential rates, discounts and/or rebates offered for bulk purchases) or otherwise in accordance with applicable market norms. In addition, each Mandated Transaction entered into by the Group will be monitored as an individual transaction and based on the value of the transaction, will require the prior approval of the Relevant Approving Authority as follows:

Approval Limits	Approving Authority
Transaction not exceeding US\$1 million in value	Chief Executive Officer or in the event that the Chief Executive Officer is the relevant Interested Person or an associate of a relevant Interested Person, any other Director who is not the relevant Interested Person or an associate of a relevant Interested Person
Transaction above US\$1 million	Audit Committee

(iv) Non-recurring Interested Person Transactions

The Group may from time to time also enter into Interested Person Transactions not covered in the above paragraphs and which do not form part of the Shareholders' Mandate. These transactions are not of a recurring nature or occur outside the ordinary course of business of the Group or may not be necessary for or part of the day-to-day operations of the Group. The Group intends to conduct these transactions in accordance with the Listing Manual, including the threshold, approval and other requirements under Rules 905 and 906 of the Listing Manual. In the event these transactions require the approval of the Shareholders, additional information will be presented to Shareholders and an independent financial advisor may be appointed for an opinion.

(b) Other review procedures

The Audit Committee will also review all Interested Person Transactions, including Mandated Transactions, to ensure that the prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Listing Manual) are complied with.

The Group has also implemented the following procedures to identify Interested Person Transactions (including Mandated Transactions) and Interested Persons (including Mandated Interested Persons) and to record all Interested Person Transactions:

- (i) the Company will maintain a register of all transactions carried out with Interested Persons including Mandated Interested Persons (regardless of whether such transactions fall above or below the S\$100,000 threshold limit specified in Chapter 9 of the Listing Manual) (and the basis, including the quotations obtained to support such basis, on which these transactions are entered into, whether mandated or non-mandated); and
- (ii) on a quarterly basis, the Chief Financial Officer will submit a report to the Audit Committee of all recorded Interested Person Transactions (including Mandated Transactions), and the basis of such transactions (including the quotations to support such basis and the methodologies and the mechanisms to calculate the attributed costs and expenses for the Master Services Agreement and the IT Services Agreement), entered into by the Group. The Company's annual internal audit plan shall incorporate a review of all Interested Person Transactions, including the established review procedures for the monitoring of such transactions including transactions with Mandated Interested Persons, whether they are new Interested Person Transactions or existing Interested Person Transactions that have been renewed or revised during the relevant financial year pursuant to the Shareholders' Mandate.

In addition, the Audit Committee shall also review from time to time such internal controls and review procedures for Interested Person Transactions to determine if they are adequate and/or commercially practicable in ensuring that the transactions between the Group and Interested Persons are conducted on normal commercial terms and not prejudicial to the interests of the Company and the minority Shareholders. In conjunction with such review, the Audit Committee will also ascertain whether the established review procedures have been complied with. Further, if during these reviews the Audit Committee is of the view that the internal controls and review procedures for Mandated Transactions are inappropriate or not sufficient to ensure that the Mandated Transactions will be on normal commercial terms and not prejudicial to the interests of the Company and the minority Shareholders, the Audit Committee

will (pursuant to Rule 920(1)(b) (vii) of the Listing Manual) obtain a fresh Shareholders' Mandate based on new internal controls and review procedures for transactions with the Mandated Interested Persons.

For the purposes of the above review of the internal controls and review procedures, any of the Directors or a member of the Audit Committee who is not considered independent will abstain from participating in the Audit Committee's review of the internal controls and review procedures. The Board and the Audit Committee will have overall responsibility for determining the review procedures with the authority to delegate to individuals or committees within the Group as they deem appropriate.

3. THE SHARE BUYBACK MANDATE

3.1 Introduction

The Share Buyback Mandate would give the Company the flexibility to undertake purchases of Shares up to the five per cent. (5.0%) limit (as set out below) at any time, subject to market conditions, during the period when the Share Buyback Mandate is in force. Further, amongst others, Share Buybacks provide the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient and cost-efficient manner. The Directors also expect that Share Buybacks may help mitigate against short term volatility of share price and offset the effects of short term speculation. Share Buybacks will allow the Directors greater flexibility over the Company's share capital structure with a view to enhancing the earnings and/or net asset value per Share.

Shareholders can be assured that Share Buybacks by the Company would be made in circumstances where it is considered to be in the best interests of the Company, after taking into account the amount of surplus cash available and the prevailing market conditions. Further, the Directors do not propose to carry out Share Buybacks to such an extent that would, or in circumstances that might, result in a material adverse effect on the liquidity, the orderly trading of Shares, the working capital requirements of the Company or its gearing positions which are, in the opinion of the Directors, appropriate from time to time, or result in the Company being de-listed from the SGX-ST. For example, the Directors will ensure that the Share Buybacks will not be carried out to such an extent that the free float of the Shares held by the public falls to below ten per cent. (10%).

3.2 Mandate

The Share Buyback Mandate was originally approved by Shareholders at the 2012 AGM and was last renewed at the 2015 AGM. The Share Buyback Mandate as renewed at the 2015 AGM will expire on the date of the forthcoming AGM. Approval is being sought from Shareholders at the AGM for the renewal of the Share Buyback Mandate for the purchase by the Company of its issued Shares. If the proposed resolution for the renewal of the Share Buyback Mandate is approved at the forthcoming AGM, the mandate shall continue in force until the date on which the next annual general meeting of the Company is held or is required by law or by the Constitution to be held unless prior thereto, Share Buybacks are carried out to the full extent mandated or the Share Buyback Mandate is revoked or varied by the Company in a general meeting. The Share Buyback Mandate may be put to Shareholders for renewal at each subsequent annual general meeting of the Company.

3.3 The Terms of the Mandate

The authority and limitations placed on the Share Buybacks under the Share Buyback Mandate, are for the benefit of Shareholders, and are summarised below:

(a) Maximum number of Shares

Only Shares which are issued and fully paid-up may be purchased by the Company.

The total number of Shares which may be purchased or acquired by the Company pursuant to the Share Buyback Mandate is limited to that number of Shares representing not more than five per cent. (5.0%) of the total number of issued Shares of the Company ascertained as at the date of the forthcoming annual general meeting at which approval of the Share Buyback Mandate is renewed (the “**Approval Date**”), unless the share capital of the Company has been reduced in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the total number of issued Shares shall be taken to be the total number of issued Shares as altered. Any Shares which are held as treasury shares will be disregarded for purposes of computing the five per cent. (5.0%) limit. As at the Latest Practicable Date, the Company has no treasury shares.

For illustrative purposes, on the basis of 324,508,913 Shares in issue as at the Latest Practicable Date and assuming that no further Shares are issued on or prior to the Approval Date, not more than 16,225,445 Shares (representing approximately five per cent. (5.0%) of the Shares in issue as at that date) may be purchased or acquired by the Company pursuant to the Share Buyback Mandate.

(b) Duration of authority

Purchases or acquisitions of Shares may be made, at any time and from time to time, from the Approval Date up to the earlier of:

- (i) the date on which the next annual general meeting of the Company is held or required by law or the Constitution to be held;
- (ii) the date on which the authority contained in the Share Buyback Mandate is varied or revoked in a general meeting; or
- (iii) the date on which the Share Buybacks are carried out to the full extent mandated.

(c) Manner of purchases or acquisitions of Shares

Purchases or acquisitions of Shares may be made by way of

- (i) on-market purchases (“**Market Purchases**”), transacted on the SGX-ST or, as the case may be, any other stock exchange on which Shares may for the time being be listed and quoted, through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
- (ii) off-market purchases (“**Off-Market Purchases**”) effected pursuant to an equal access scheme (as defined in Section 76C of the Companies Act).

The Directors may impose such terms and conditions, which are consistent with the Share Buyback Mandate, the Listing Manual and the Companies Act, as they consider fit in the interests of the Company in connection with or in relation to an equal access scheme or schemes. Under the Companies Act, an equal access scheme must satisfy all the following conditions:

- (A) offers for the purchase of issued Shares shall be made to every person who holds issued Shares to purchase the same percentage of their issued Shares;
- (B) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (C) the terms of all the offers are the same, except that there shall be disregarded:
 - I. differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements;
 - II. (if applicable) differences in consideration attributable to the fact that offers relate to Shares with different amounts remaining unpaid; and
 - III. differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, the Listing Manual provides that, in making an Off-Market Purchase, the Company must issue an offer document to all Shareholders which must contain at least the following information:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the information required under the Companies Act;
- (iv) the reasons for the Share Buyback;
- (v) the consequences, if any, of Share Buybacks by the Company that will arise under the Take-over Code or other applicable takeover rules;
- (vi) whether the Share Buyback, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (vii) details of any Share Buybacks (whether Market Purchases or Off-Market Purchases) made by the Company in the previous twelve (12) months, giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases; and
- (viii) whether the Shares purchased by the Company will be cancelled or kept as treasury shares.

(d) Maximum purchase price

The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors. However, the purchase price to be paid for a Share as determined by the Directors must not exceed:

- (i) in the case of a Market Purchase, one hundred and five per cent. (105%) of the Average Closing Price (as defined hereinafter); and
- (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, one hundred and twenty per cent. (120%) of the Highest Last Dealt Price (as defined hereinafter), (the “**Maximum Price**”) in either case, excluding related expenses of the purchase.

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of the Shares over the last five (5) Market Days, on which transactions in the Shares were recorded on the SGX-ST, immediately preceding the day of the Market Purchase, and deemed to be adjusted for any corporate action that occurs after such five-Market Day period;

“**Highest Last Dealt Price**” means the highest price transacted for a Share as recorded on the SGX-ST on the Market Day on which there were trades in the Shares immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase; and

“**day of the making of the offer**” means the day on which the Company announces its intention to make an offer for the purchase of Shares from Shareholders, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

3.4 Status of Purchased Shares

A Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as treasury shares.

3.5 Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

(a) Maximum Holdings

The number of Shares held as treasury shares cannot at any time exceed 10% of the total number of issued Shares.

(b) Voting and Other Rights

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights. In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of treasury shares. However, the allotment of Shares as fully paid bonus shares in respect of treasury shares is allowed. Also, a subdivision or consolidation of any treasury share into treasury shares of a larger or smaller amount is allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

(c) Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time:

- (i) sell the treasury shares for cash;
- (ii) transfer the treasury shares for the purposes of or pursuant to an employees' share scheme;
- (iii) transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (iv) cancel the treasury shares; or
- (v) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

Under the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares (in each case, the "**usage**"). Such announcement must include details such as the date of the usage, the purpose of the usage, the number of treasury shares comprised in the usage, the number of treasury shares before and after the usage, the percentage of the number of treasury shares comprised in the usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the usage and the value of the treasury shares in relation to the usage.

3.6 Source of Funds for Share Buyback

Previously, any payment made by the Company in consideration of the purchase or acquisition of its own Shares may only be made out of the Company's distributable profits. The Companies Act now permits the Company to also purchase its own Shares out of capital, as well as from its distributable profits, provided that:

- (a) there is no ground on which the Company could be found to be unable to pay its debts;
- (b) if there is an intention to commence winding up within the period of 12 months after the purchase of Shares, the Company will be able to pay its debts in full within the period of 12 months after the date of commencement of winding up, or if there is no intention to commence winding up, the Company will be able to pay its debts as they fall due during the period of 12 months immediately following the purchase; and

- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not after the purchase of Shares become less than the value of its liabilities (including contingent liabilities).

Further, for the purposes of determining the value of a contingent liability, the Directors or managers of the Company may take into account the following:

- (i) the likelihood of the contingency occurring; and
- (ii) any claim the Company is entitled to make and can reasonably expect to be met to reduce or extinguish the contingent liability.

The Company will use internal resources or external borrowings or a combination of both to fund purchases of Shares pursuant to the Share Buyback Mandate. However, in considering the option of external financing, the Directors will consider particularly the prevailing gearing level of the Group. The Directors will only make purchases or acquisitions pursuant to the Share Buyback Mandate in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group.

3.7 Financial Effects of the Share Buyback Mandate

The financial effects on the Company and the Group arising from purchases or acquisition of Shares which may be made pursuant to the Share Buyback Mandate will depend on, *inter alia*, whether the Shares are purchased or acquired, the price paid for such Shares and whether the Shares purchased or acquired are held in treasury or cancelled.

(a) Purchase or Acquisition out of Capital or Profits

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or profits so long as the Company is solvent. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (which includes any expenses (including brokerage or commission) incurred directly in the purchase or acquisition of Shares) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced but the issued share capital of the Company will be reduced by the value of the Shares purchased.

(b) Information as at the Latest Practicable Date

As at the Latest Practicable Date, the issued capital of the Company comprises 324,508,913 Shares, with no Shares being held as treasury shares. No Shares are reserved for issue by the Company as at the Latest Practicable Date.

(c) Illustrative Financial Effects

For illustrative purposes and based on the assumptions set out below, the financial effects of the:

- (i) acquisition of 5.0% of the issued Shares by the Company pursuant to the Share Buyback Mandate by way of purchases made entirely out of capital and held as treasury shares;

- (ii) acquisition of 5.0% of the issued Shares by the Company pursuant to the Share Buyback Mandate by way of purchases made entirely out of profits and held as treasury shares;
- (iii) acquisition of 5.0% of the issued Shares by the Company pursuant to the Share Buyback Mandate by way of purchases made entirely out of capital and cancelled; and
- (iv) acquisition of 5.0% of the issued Shares by the Company pursuant to the Share Buyback Mandate by way of purchases made entirely out of profits and cancelled,

- (1) Net tangible assets equals net assets less intangible assets.
- (2) Gearing equals total external indebtedness divided by Shareholders' equity.
- (3) Current ratio equals current assets divided by current liabilities.

Off-Market Purchase

For illustrative purposes only, in an off-market purchase, assuming that the Maximum Price is S\$0.34 or US\$0.24 (based on the exchange rate of S\$1 to US\$0.71), which is 20% above the highest price transacted for a Share as recorded on the Market Day on which there were trades in the Shares immediately preceding the Latest Practicable Date, the maximum amount of funds (which includes any expenses (including brokerage or commission) incurred directly in the purchase or acquisition of Shares) required for the purchase of up to 16,225,445 Shares (representing not more than 5.0% of the total issued share capital of the Company as at the Latest Practicable Date, which is the maximum number of Shares the Company is able to purchase) under and during the duration of the Share Buyback Mandate, is approximately US\$3.86 million.

Having regard to:

- (i) the amount of the Company's distributable profits as at 31 August 2016, adjusted for interest expense below is approximately US\$17.68 million; and
- (ii) the Maximum Price of US\$0.24 as at the Latest Practicable Date, the Company will acquire up to 16,225,445 Shares (representing not more than 5.0% of the total issued share capital of the Company as at the Latest Practicable Date) in an off-market purchase. On these assumptions and assuming the following:
 - (A) the purchase of Shares took place at the beginning of the financial year on 1 September 2015;
 - (B) the purchase of Shares was financed entirely by bank borrowings of US\$3.86 million and interest expense amounted to US\$0.12 million (at 3% per annum); and
 - (C) transaction costs incurred for the acquisition of Shares pursuant to the Share Buyback Mandate were insignificant and are ignored,

the impact of the purchase of Shares by the Company undertaken in accordance with the Share Buyback Mandate on the Company's and the Group's audited consolidated financial information for the financial year ended 31 August 2016 is as set out on the following page:

Notes:

- (1) Net tangible assets equals net assets less intangible assets.
- (2) Gearing equals total external indebtedness divided by Shareholders' equity.
- (3) Current ratio equals current assets divided by current liabilities.

Shareholders should note that the financial effects set out above are for illustrative purposes only. Although the Share Buyback Mandate would authorise the Company to purchase or acquire up to 5.0% of the issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 5.0% of the issued Shares pursuant to the Share Buyback Mandate. In addition, the Company may cancel all or part of the Shares repurchased or holds all or part of the Shares repurchased in treasury.

3.8 Listing Manual

The Listing Manual specifies that a listed company shall report all purchases or acquisitions of its shares to the SGX-ST not later than 9.00 a.m. (a) in the case of a Market Purchase, on the Market Day following the day of purchase or acquisition of any of its shares and (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer. Such announcement currently requires the inclusion of details of the total number of shares purchased, the purchase price per share or the highest and lowest prices paid for such shares, as applicable.

While the Listing Manual does not expressly prohibit any purchase of shares by a listed company during any particular time or times, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate at any time after a price sensitive development has occurred or has been the subject of a decision until the price sensitive information has been publicly announced. In particular, in line with Rule 1207(19)(c), the Company would not purchase or acquire any Shares during the period of one month immediately preceding the announcement of the Company’s full-year results and the period of two weeks before the announcement of the first quarter, second quarter and third quarter results.

The Listing Manual requires a listed company to ensure that at least ten per cent. (10%) of any class of its listed securities must be held by public shareholders. As at the Latest Practicable Date, approximately 32.28% of the issued Shares are held by public Shareholders. Accordingly, the Company is of the view that there are a sufficient number of the Shares in issue held by public Shareholders which would permit the Company to undertake purchases or acquisitions of its Shares through Market Purchases up to the full five per cent. (5.0%) limit pursuant to the Share Buyback Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to affect orderly trading.

3.9 Take-over Obligations

Appendix 2 of the Take-over Code contains the Share Buyback Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

Obligation to make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of its Shares, a Shareholder’s proportionate interest in the voting capital of the Company increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. If such increase results in a change of effective control, or, as a result of such increase, a Shareholder or group of Shareholders acting in concert obtains or consolidates effective control of the Company, such Shareholder or group of Shareholders acting in concert could become obliged to make a mandatory take-over offer for the Company under Rule 14 of the Take-over Code.

Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons will, inter alia, be presumed to be acting in concert:

- (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (b) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the above companies, and any company whose associated companies include any of the above companies. For this purpose, a company is an associated company of another company if the second company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis;
- (e) a financial or other professional adviser, with its clients in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholding of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer where they have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, and any person who is accustomed to act according to the instructions and companies controlled by any of the above.

The circumstances under which Shareholders (including Directors) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

As at the Latest Practicable Date, approximately 60.91% of the issued Shares are held by Ezra, the Company's Controlling Shareholder. The Company does not expect that any buyback of Shares will result in a change of effective control, or, as a result of such buyback of Shares, a Shareholder or group of Shareholders acting in concert will obtain or consolidate effective control of the Company.

Shareholders are advised to consult their professional advisers and/or the Securities Industry Council at the earliest opportunity as to whether an obligation to make a take-over offer would arise by reason of any Share Buybacks by the Company.

3.10 Shares Purchased by the Company

The Company has not made any Share Buybacks within the 12 months preceding the date of this Appendix.

4. STATEMENT FROM THE AUDIT COMMITTEE

ANNEXURE

GENERAL INFORMATION RELATING TO CHAPTER 9 OF THE LISTING MANUAL

The following is a summary of Chapter 9 of the Listing Manual (**Chapter 9**). This summary does not purport to be complete and should be read in conjunction with, and is qualified in its entirety by, the more detailed information contained in the Listing Manual.

1. INTRODUCTION

Chapter 9 applies to transactions entered into between a listed company or any of its subsidiaries (other than a subsidiary that is listed on the SGX-ST or an approved exchange (as defined below)) or associated companies (other than an associated company that is listed on the SGX-ST or an approved exchange, provided that the listed group, or the listed group and its interested person(s) (as defined below), has control over the associated company) with a party who is an interested person of the listed company.

2. TERMS USED IN CHAPTER 9 OF THE LISTING MANUAL

- approved exchange** : means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles to Chapter 9

 - (iii) any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more.
- (b) in relation to a substantial shareholder or a controlling shareholder (being a company) means any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more

interested person	:	means a director, chief executive officer or controlling shareholder of the listed company, or an associate of such director, chief executive officer or controlling shareholder

3. MATERIALITY THRESHOLDS, DISCLOSURE REQUIREMENTS AND SHAREHOLDERS' APPROVAL

Save for certain interested person transactions which are excluded under Chapter 9, an immediate announcement and/or Shareholders' approval would be required in respect of transactions with interested persons if the value of the interested person transaction is equal to or exceeds certain financial materiality thresholds. An immediate announcement is required where:

- (a) the value of a proposed interested person transaction is equal to, or more than, 3% of the listed group's latest audited consolidated NTA; or
- (b) the aggregate value of all interested person transactions entered into with the same interested person during the same financial year, is equal to, or more than, 3% of the listed group's latest audited consolidated NTA. An announcement will have to be made immediately of the latest transaction and all future transactions entered into with that same interested person during the financial year.

Shareholders' approval (in addition to an immediate announcement) is required where:

- (a) the value of a proposed interested person transaction is equal to, or more than, 5% of the listed group's latest audited consolidated NTA; or
- (b) the value of a proposed interested person transaction, when aggregated with other interested person transaction entered into with the same interested person during the same financial year, is equal to, or more than, 5% of the listed group's latest audited consolidated NTA. The aggregation will exclude any interested person transaction that has been approved by Shareholders previously, or is the subject of aggregation with another interested person transaction that has been previously approved by Shareholders.

The requirements for an immediate announcement and/or shareholders' approval do not apply to interested person transactions below S\$100,000 each.

For illustration purposes, based on the Group's latest audited consolidated financial information for the financial year ended 31 August 2016, the Group's latest audited NTA as at 31 August 2016 was US\$214.27 million. Accordingly, in relation to the Company, for the purposes of Chapter 9 in the current financial year, Shareholders' approval would be required where:

- (a) the interested person transaction is of a value equal to, or more than, US\$10.71 million being 5% of the Group's latest audited NTA; or
- (b) the interested person transaction, when aggregated with other interested person transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, US\$10.71 million.

The aggregation will exclude any interested person transaction that has been approved by Shareholders previously, or is the subject of aggregation with another interested person transaction that has been approved by Shareholders.

4. SHAREHOLDERS' MANDATE

Part VIII of Chapter 9 permits a listed company to seek a mandate from its shareholders for recurrent transactions with interested persons of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials, but not in respect of the purchase or sale of assets, undertakings or businesses.
