Trendlines Updates on Israel Situation

Misgav, Israel and Singapore, 9 October 2023 – The Trendlines Group Ltd. (the "**Company**" and together with its subsidiaries, **"Trendlines"** or the "**Group**"), the Israel- and Singapore-based investment company updates on the situation in Israel and its impact on our operations.

On Saturday, 7 October 2023, a Jewish holiday and the Sabbath, Israel suffered an unprecedented terrorist attack on its civilian population from the Gaza area.

Although Trendlines' operations are well distant from military activities in the South, the impact of such an event has ramifications for the whole of the Trendlines family, including staff being called up for army duty. The Company will continue to monitor the well-being of its staff. Based on previous experience, the Company does not anticipate significant impact on its operations; limited impact is anticipated on some portfolio companies' operations. The Company will continue to monitor the situation and will make the relevant announcements accordingly.

Chair and CEO Todd Dollinger commented," Sadly, Israelis are well experienced in dealing with emergency situations and responding quickly to contain terrorist damage. First and foremost, we are doing all we can to help our staff, companies, and all in need. As we have done at other times, including the recent Covid situation, we are working to keep our operations and our companies' operations running as efficiently as possible."

About The Trendlines Group Ltd.
Trendlines is an investment company that invests in and incubates innovation-based medtech and agrifood technologies to fulfill its mission to improve the human condition. As intensely hands-on investors, Trendlines is involved in all aspects of its portfolio companies from technology development to business building.
