Why KTL is Investing in Malaysia

Move closer to Malaysian market

- Expanding their role as a hub for O&G
- Welcome MNC set ups
- Driven by the need for higher oil production
- Many MNCs (customers) have office in Malaysia

Why KTL is Investing in Malaysia

Reduce costs

- Cheaper alternative to Singapore for heavy sling manufacture
- Singapore will remain as HQ and service base

KTL Offshore's Main Products and Services in Malaysia

3,000 metric ton
