

WOM MOBILE SpA AND SUBSIDIARIES

Consolidated financial statements as of and
for the years ended December 31, 2025 and 2024
and independent auditor's report

INDEPENDENT AUDITOR'S REPORT

To the Shareholders and Board of Directors of
WOM Mobile SpA (formerly WOM Mobile S.A.)

Opinion

We have audited the consolidated financial statements of WOM Mobile SpA (formerly WOM Mobile S.A.) and subsidiaries (the Group), which comprise the consolidated statement of financial position as of December 31, 2025, and the consolidated statements of income, comprehensive income, changes in equity and cash flows for the year then ended, and the notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board.

Basis for opinion

We conducted our audit in accordance with Generally Accepted Auditing Standards in Chile. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the Code of Ethics of the Chilean Institute of Accountants, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Reorganization process under Chapter 11 of the United States Bankruptcy Code

On March 21, 2025, WOM Mobile SpA (formerly WOM Mobile S.A.) and its subsidiaries announced their emergence from the reorganization process under Chapter 11 of the U.S. Bankruptcy Code before the United States Bankruptcy Court for the District of Delaware. The conclusion of this process marked the implementation of the Reorganization Plan of WOM Mobile SpA (formerly WOM Mobile S.A.) and its formal exit from bankruptcy protection. The actions and reorganization plan are described in Note 2.3. Our opinion is not modified in respect of this matter.

Emphasis of Matter - Restatement of the financial statements as of December 31, 2024

As indicated in Note 2.28, the consolidated financial statements as of December 31, 2024, were restated due to certain adjustments and reclassifications to some line items of the statement of financial position, statement of income, and statement of cash flows. Our audit of the financial statements as of December 31, 2025, included audit procedures over those related adjustments and reclassifications made to the 2024 balances, with the extent we considered necessary in the circumstances. Our opinion is not modified in respect of this matter.

Emphasis of Matter – Corporate Merger

As indicated in Note 1, on December 31, 2025, the Group finalized the merger between WOM Mobile SpA and Kenbourne Invest S.A. As a result of this merger, the share capital of WOM Mobile SpA increased by ThCh\$18,182,607. As of December 31, 2025, the Company's shareholders are: WOM Chile Holdco SpA, holding 99.99999976% of the shares, and NC Telecom II AS, holding 0.00000024% of the shares. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the accompanying consolidated financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards in Chile will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Generally Accepted Auditing Standards in Chile, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

Other Matters - 2024 Financial Statements

The Chilean Institute of Accountants (Colegio de Contadores de Chile A.G.) approved that the Generally Accepted Auditing Standards in Chile fully and unreservedly adopt the International Standards on Auditing (ISAs) issued by the International Auditing and Assurance Standards Board (IAASB) for audits of financial statements prepared for the year beginning on January 1, 2025.

The consolidated financial statements before restatement of WOM Mobile SpA (formerly WOM Mobile S.A.) and subsidiaries as of December 31, 2024, was conducted by other auditors, who issued an unmodified opinion in their report dated April 29, 2025.

Other matter - Corporate Transformation

As indicated in Note 1 to these consolidated financial statements, on March 21, 2025, the shareholders of the Company agreed to transform WOM Mobile S.A. to WOM Mobile SpA. Our opinion is not modified in respect of this matter.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 1 - Company information

1) General

WOM Mobile S.A. (now WOM Mobile SpA) (the “Company” or “WOM”) was incorporated by public deed on March 10, 2003. The financial statements for WOM Mobile and its subsidiaries (the “Group”) are presented herein.

The Group’s purpose is: a) to provide telecommunications services, including, in particular, specialized mobile radio public service, by analog or digital systems and through its own and/or third party facilities and networks, and to provide other public telecommunications services that are required to complement the above mentioned specialized mobile radio public service, as well as intermediate telecommunications services aimed at meeting the transmission and/or switching needs of communications licenses or concessionaires in general; b) to invest in the development, construction and operation of telecommunications systems and networks for the above mentioned purposes; c) to acquire, invest in and/or transfer Chilean companies tied to the above mentioned telecommunications business and their related assets; d) to obtain ownership, use and benefit of the telecommunications concessions and licenses needed to develop the above mentioned telecommunications business, and e) to perform all other activities necessary leading or related to any of the above mentioned purposes.

On April 1, 2024, WOM Mobile S.A. and subsidiaries (“Predecessor”) filed a voluntary petition for relief in the United States Bankruptcy Court for the District of Delaware and announced on March 21, 2025 (the “Effective Date”) that it has successfully emerged from its reorganization process, a situation disclosed in detail in Note 2.3. On the same date, WOM Chile Holdco SpA (“Successor”) became the sole shareholder of the Predecessor product of this reorganization process. All companies are controlled by the so-called Ad-Hoc group of creditors (“AHG”), composed of funds and accounts managed or supervised by Amundi Asset Management US Inc. (“Amundi”), BlackRock Financial Management Inc. (“BlackRock”), GLG artners LP (“Man GLG”) and Moneda S.A. Administradora General de Fondos (“Moneda”).

On December 31, 2025, the Group finalized the merger between WOM Mobile SpA and Kenbourne Invest S.A.. As a result of this merger, WOM Mobile's capital increased by ThCh\$18,182,607. As of December 31, 2025, the Company's shareholders are: WOM Chile Holdco SpA with 99.99999976% of the shares and NC Telecom II AS with 0.00000024% of the shares.

The Group is located in Chile, in the city of Santiago, at Av. General Mackenna N°1369, Santiago. Its tax identification number (RUT) is 99.517.000-0.

Note 2 - Summary of significant accounting principles

2.1) Accounting period

The consolidated financial statements cover the following periods:

- Consolidated statements of financial position as of December 31, 2025 and 2024.
- Consolidated statements of income for the years ended December 31, 2025 and 2024.
- Consolidated statements of other comprehensive income for years ended December 31, 2025 and 2024.
- Consolidated statements of changes in net equity for the years ended December 31, 2025 and 2024.
- Consolidated statements of cash flows for the years ended December 31, 2025 and 2024.

2.2) Basis of preparation

The consolidated statements of financial position as of December 31, 2025 and 2024, the consolidated statements of other comprehensive income for the years ended December 31, 2025 and 2024, the statements of changes in net equity and cash flows for the years ended December 31, 2025 and 2024 have been prepared in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB). These consolidated financial statements represent the full, explicit and unreserved adoption of the above-mentioned international standards.

These consolidated financial statements have been prepared applying the historical cost method, with the exception, according to IFRS, of those assets and liabilities that are recorded at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The Directors of the Company have, at the time of approving the financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

The amounts included in these consolidated financial statements are stated in thousands of Chilean Pesos. The numbers are rounded to thousands of Chilean Pesos (ThCh\$), except where otherwise indicated.

The Group's Management is responsible for the information contained in these consolidated financial statements and they expressly manifest that all principles and criteria included in IFRS have been fully applied.

The consolidated financial statements were authorized for issuance by the Group's Board of Directors on March 17, 2026.

Note 2 - Summary of significant accounting principles (continued)

2.3) Going Concern

On March 21, 2025, WOM Mobile SpA and its subsidiaries announced their successful emergence from the reorganization process under Chapter 11 of the United States Bankruptcy Code, before the United States Bankruptcy Court for the District of Delaware (the “Chapter 11 Proceeding”). The conclusion of this process marked the implementation of the Company’s Plan of Reorganization and its formal exit from bankruptcy protection.

As part of the Plan of Reorganization, control of WOM Mobile SpA was transferred to the Ad Hoc Group of Noteholders (“AHG”), which is composed of funds and accounts managed or supervised by Amundi Asset Management US Inc. (“Amundi”), BlackRock Financial Management Inc. (“BlackRock”), GLG Partners LP (“Man GLG”), and Moneda S.A. Administradora General de Fondos (“Moneda”).

The Plan of Reorganization provided for new financing and capital restructuring measures that have materially improved the Company’s financial condition. These actions effectively resolved prior liquidity constraints and strengthened the Company’s ability to meet its ongoing financial commitments. As a result, WOM Mobile SpA expects to generate sufficient cash flows to fund its debt service obligations and working capital requirements for the next twelve months.

In light of these developments, Management has concluded that there is no longer a material uncertainty that raises significant doubt regarding the Company’s ability to continue as a going concern over a period of twelve months post issuance of the consolidated financial statements. Accordingly, the consolidated financial statements of WOM Mobile and its subsidiaries have been prepared on a going concern basis. This reflects Management’s expectation that the Company will continue to realize its assets and settle its liabilities in the normal course of business. Cash flow performance is continuously monitored on a monthly and quarterly basis to ensure full compliance with financial and operational obligation.

Chapter 11 Cases

On April 1, 2024 (the “Petition Date”), Kenbourne Invest S.A., NC Telecom II AS, WOM Mobile S.A., WOM S.A., Conect S.A., Multikom S.A., (collectively, the “Debtors”), each filed voluntary petitions for relief in the United States Bankruptcy Court for the District of Delaware (the “Court”), thereby commencing the Chapter 11 cases (the “Chapter 11 Cases”). To ease their transition as debtors in possession, the Debtors filed certain motions seeking “first day” relief on the Petition Date. The Chapter 11 Cases were jointly administered under the caption “In re WOM S.A. et al.” under lead case number 24-10628 (KBO) before the Court To ensure that there was sufficient liquidity to maintain operations with minimal disruption and maximize the value of their estates, the Debtors sought and obtained approval of a debtor-in-possession financing facility (the “DIP Facility”) from JPMorgan Chase Bank, N.A.

The DIP Facility consisted of a multi-draw term loan facility in the aggregate principal amount of up to USD\$210 million. The DIP Facility allowed the Debtors, among other things to continue to fund their operations during the pendency of these Chapter 11 Cases and provided the Debtors with the funds that were critical to the Debtors’ efforts to maximize and preserve value for their stakeholders during the Chapter 11 Cases.

Note 2 - Summary of significant accounting principles (continued)

Operation and Implication of the Chapter 11 Cases:

The Debtors continued to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of title 11 of the United States Code (the “Bankruptcy Code”). As debtors-in-possession, the Debtors were authorized to engage in transactions within the ordinary course of business without prior authorization of the Court. The protections afforded by the Bankruptcy Code allowed the Debtors to operate their business without interruption, and the Court granted relief including, inter alia, the authority, but not the obligation, to (i) pay amounts owed to certain foreign vendors and continue customer programs; (ii) pay employee wages and continue employee benefit programs; (iii) pay prepetition taxes and related fees; and (iv) continue insurance and surety bond programs.

As debtors-in-possession, the Debtors could use, sell, or lease property of their estates, subject to the Court’s approval if not otherwise in the ordinary course of business. The ultimate Plan of Reorganization, which could only be adopted after meeting all requirements set forth in sections 1126 and 1129 of the Bankruptcy Code and subject to approval by the Court, could materially change the amounts and classifications in the consolidated financial statements, including the value, if any, of the Debtors’ prepetition liabilities and securities.

Chapter 11 Milestones

Notice to Creditors - Effect of the Automatic Stay

The Debtors notified all known current or potential creditors that the Chapter 11 Cases were filed. Pursuant to the Bankruptcy Code and subject to certain limited exceptions, the filing of the Chapter 11 Cases gave rise to an automatic, worldwide injunction that precluded, among other things, any act to (i) obtain possession of property of or from the Debtors’ estates, (ii) create, perfect, or enforce any lien against property of the Debtors’ estates; (iii) exercise control over property of the Debtors’ estate, wherever in the world that property may be located; (iv) the commencement or continuation of any judicial, administrative, or other action or proceeding against the Debtors that was or could have been commenced before the Petition Date or efforts to recover a claim against the Debtors that arose before the Petition Date. Vendors were paid for goods furnished and services provided postpetition in the ordinary course of business.

Appointment of the Creditors’ Committee

On April 12, 2024, the United States Trustee for Region 3 appointed an official committee of unsecured creditors (the “Creditors’ Committee”) in the Chapter 11 Cases. No trustee or examiner was appointed in the Chapter 11 Cases. No other official committee were solicited or appointed.

Binding Proposal from Stalking Horse Bidder

On November 1, 2024, the Special Committee of independent directors of WOM S.A. announced that it had received a binding proposal from the Stalking Horse Bidder for a restructuring transaction. The negotiated terms contemplated an investment of new funds of approximately USD\$500 million through a fully underwritten rights offering, as well as a company value of USD\$1.6 billion.

The financial restructuring, carried out through a plan of reorganization, allowed for the full cash repayment of the Company’s USD\$210 million debtor-in-possession (DIP) financing. In addition, it significantly reduced leverage on the Company’s balance sheet and generated substantial recoveries for unsecured creditors, in the form of cash, recovered debt, and/or shares of the reorganized Company. The transaction was subject to final documentation, continued marketing, and approval by the Bankruptcy Court for the District of Delaware.

Note 2 - Summary of significant accounting principles (continued)

Chapter 11 Milestones (continued)

Execution of the Plan Sponsor Agreement and Backstop Commitment Agreement (the "Backstop Agreements") with the Ad Hoc Group

During the hearing held on December 20, 2024, the United States Bankruptcy Court for the District of Delaware authorized WOM Chile to enter into the Plan Sponsor Agreement and Backstop Commitment Agreement (the "Backstop Agreements") with the Ad Hoc Group of Bondholders represented by Dechert LLP (the "Dechert Ad Hoc Group") and rejected the sole outstanding objection raised by another ad hoc group of bondholders represented by Benesch, Friedlander, Coplan & Aronoff LLP (the "Benesch Ad Hoc Group").

The Official Committee of Unsecured Creditors in the Chapter 11 cases (the "UCC") confirmed its support for the Plan Sponsor Agreement and Backstop Commitment Agreement, and all other objections (from Banco de Crédito e Inversiones and the U.S. Trustee's Office) were resolved. With the aforementioned authorization, both Agreements were executed by the Company.

National Economic Prosecutor's Office (FNE) resolution approving the the acquisition of WOM Mobile S.A. by the AHG of Bondholders, composed of funds and accounts managed or supervised by Amundi, BlackRock, Man GLG, and Moneda.

On March 5, 2025, the National Economic Prosecutor's Office (FNE) approved the acquisition of control over WOM Mobile S.A. by the AHG of Bondholders, composed of funds and accounts managed or supervised by Amundi, BlackRock, Man GLG, and Moneda.

Confirmation of the Plan of Reorganization by the United States Bankruptcy Court for the District of Delaware

During the hearing held on March 6, 2025, the United States Bankruptcy Court for the District of Delaware confirmed the Plan of Reorganization. This constituted the most important milestone in the reorganization process: it allowed WOM Mobile and Subsidiaries to begin its exit from Chapter 11 proceedings in less than a year.

Successful exit from Chapter 11 under a new ownership structure

On March 21, 2025, WOM Mobile S.A. successfully emerged from the Chapter 11 process. The main features of the Plan of Reorganization are detailed below in the section titled Postpetition Capital Structure.

The Company's Shareholders, Management, and Board of Directors believe that the Restructuring Plan and associated recapitalization have positioned WOM to consolidate its financial position, regain its leadership in the telecommunications industry in Chile, and foster growth and profitability for all its stakeholders.

Furthermore, effective on March 21, 2025, Mauricio Ramos assumed the position of Chairman of the Company's Board of Directors. He was joined on the Board by Chris Bannister, Eugene Davis, Claudio Muñoz, and Alejandro Puentes. In addition to his role on the Board, Mr. Bannister was appointed CEO of the Group.

Note 2 - Summary of significant accounting principles (continued)

Prepetition Capital Structure

As of the Petition Date, the Debtors had approximately USD\$679 million of funded debt obligations, approximately 95% of which was unsecured, and other third-party obligations.

i. EF Securitization Facility

On January 18, 2024, WOM, as borrower, and EF Securitizadora S.A. ("EF"), as trustee, entered into a Framework Agreement (*Contrato Marco para la Cesión de Créditos y Derechos sobre Flujos de Pago*) (as amended, restated, supplemented or modified through the Petition Date, the "EF Framework Agreement"). In addition, EF, as issuer, and Banco de Crédito e Inversiones ("BCI"), as representative of certain bondholders were parties to an Issuance Agreement (*Contrato de Emisión Desmaterializada de Títulos de Deuda de Securitización con Formación de Patrimonio Separado por Línea*), dated as of January 18, 2024 (as amended, restated, supplemented or modified through the Petition Date, "EF Securitization Agreement" and, together with the EF Framework Agreement and related transaction documents, the "EF Securitization Documents"). The EF Framework Agreement provided approximately USD\$51 million, of which the Company received (a) USD\$26 million by offsetting a previous bridge loan, including payments costs, (b) USD\$15 million in Junior Bonds (as defined below), and (c) USD\$10 million in cash (the "EF Securitization Facility"). Under the Company EF Securitization Documents, the Debtors had the obligation to sell and assign certain receivables to EF, until the Debtor's obligations under the transaction documents were met (the "EF Transfers").

Moreover, the obligations owed to EF were secured by first priority liens on, and security interests in, certain bank accounts and contracts (collectively, the "EF Liens").

In particular, the EF Liens granted by Debtor WOM under the EF Securitization Documents to or for the benefit of EF as security for the EF Secured Obligations (as defined in the EF Securitization Documents) encumbered agreements with banks and other servicing channels who receive the payments of certain accounts receivable (the "EF Receivables") and certain pledged bank accounts in which payment for such EF Receivables were received.

Parallel to this transaction, EF issued approximately (a) USD\$39 million in senior secured bonds (the "Senior Bonds") and (b) USD\$15 million in subordinated unsecured bonds (the "Junior Bonds"). The Senior Bonds were purchased by Moneda S.A. Administradora General de Fondos by assigning and offsetting the USD\$26 million bridge loan it issued to the Company on November 29, 2023 and the balance in cash. Such obligation were meant to be satisfied through the funds from the EF Receivables. The Junior Bonds were acquired by the Company and were meant to be paid off using the excess EF Receivables only after the Senior Bonds are paid in full.

As of the Petition Date, approximately USD\$39 million was outstanding on account of the EF Transfers. On April 5, 2024, the Debtors repaid the EF Facility in full, with proceeds from the DIP Facility, as approved by the Court.

Note 2 - Summary of significant accounting principles (continued)

Circumstances Leading to These Chapter 11 Cases (continued)

Prepetition Capital Structure (continued)

ii. The Senior Notes

Debtor Kenbourne Invest S.A. was the issuer of two series of senior unsecured notes. Pursuant to the indenture dated November 26, 2019 (the “2019 Indenture”), Kenbourne issued the 6 7/8% Senior Notes (the “2024 Notes”) due November 2024 for the principal amount of USD\$450,000,000. Pursuant to the indenture dated January 22, 2021 (the “2021 Indenture”), Kenbourne issued the 4.7% Senior Notes due 2028 (the “2028 Notes” and together with the 2024 Notes, the “Senior Notes”) for the principal amount of USD\$450,000,000. U.S. Bank National Association (the “Senior Notes Trustee”) was the indenture trustee in respect of the Senior Notes. All of the other Debtors were obligors in respect of the Senior Notes. The 2019 Indenture and 2021 Indenture were governed by New York law. As of the Petition Date, approximately USD\$356 million in principal and accrued and unpaid interest was outstanding under the 2024 Notes and approximately USD\$293 million in principal and accrued and unpaid interest was outstanding under the 2028 Notes.

As of December 31, 2025, these bonds have been extinguished as a result of the financial restructuring resulting from the exit of Chapter 11.

iii. The Bank Loans

On April 6, 2023, WOM entered into a loan agreement with, and issued a promissory note (*pagaré*) to the order of, BCI for a principal amount of USD\$10 million and with a maturity date of April 1, 2024, plus interest accrued thereon (the “BCI Loan”). As of the Petition Date, approximately USD\$10.9 million of principal and accrued and unpaid interest was outstanding under the BCI Loan. This debt was part of the GUC Pool, a universe composed of creditors who lacked collateral to enforce their collections. Therefore, as of December 31, 2025, this loan is no longer presented in the financial statements.

iv. Intercompany Transfers

From time to time, a Debtor transferred funds through an integrated cash management system to another Debtor (such transfers among Debtors, the “Intercompany Transfers”). The Intercompany Transfers were used for cash management purposes and to ensure adequate funding for each Debtors’ obligations, including, but not limited to, servicing interest on the 2024 Notes and 2028 Notes.

v. IDB Receivables

The Company also maintained an accounts receivables transfer agreement with Inter-American Investment Corporation, an affiliate of the Inter-American Development Bank (IDB). Under such agreement, WOM agreed to sell to IDB, from time to time, receivables arising from the sale of (a) mobile equipment devices and other equipment necessary to connect to broadband networks and (b) cloud, data and other digital services for personal and corporate consumers (such receivables, the “IDB Receivables”). WOM, acting as collection agent, periodically remitted the IDB Receivables to IDB (the “IDB Transfers”). As such, certain of WOM’s receivables were property of IDB and WOM only acted as a pass-through entity with respect to the IDB Receivables.

Note 2 - Summary of significant accounting principles (continued)

Prepetition Capital Structure (continued)

Upon WOM's receipt of the relevant purchase amount, all right, title and interest in, to and under each such IDB Receivables was sold, assigned and transferred to IDB. WOM had an obligation in favor of IDB to pay or procure the payment of each payment amount. WOM's obligation to remit payments to IDB was discharged only by complete performance and survived the termination or default under the relevant documents regarding the IDB Receivables. Notably, the IDB Receivables documents provided that WOM's obligation to remit the IDB Receivables to IDB must continue until complete performance, even in the event of a bankruptcy filing by WOM.

Although WOM no longer initiates new sales of IDB Receivables to IDB, the Debtors estimated that those amounts outstanding to be transferred by the Debtors on account of the IDB Transfers totalled approximately USD\$17.5 million, as of the Petition Date.

As of December 31, 2024, the entire transfer with respect to IDB Accounts Receivable has been made. As of December 31, 2025, the company has not made this type of transaction.

vi. Other Unsecured Debt

As of the Petition Date, the Debtors' books and records listed approximately USD\$ 337 million in non-contingent, undisputed, liquidated unsecured debt to vendors, tax authorities, employees, and other contract counterparties.

Postpetition Capital Structure

As of the Effective Date of March 21, 2025, the Plan of Reorganization was substantially implemented. Pursuant to the Plan, the Company received a USD\$ 500 million infusion through a combination of new equity and bonds, allowing the Company to emerge from Chapter 11 with adequate capitalization to execute its business plan. The Company had total debt of approximately USD\$ 1,064.13 million as of March 20, 2025.

Specifically, the Plan states that:

- i. A repurchase of 210,469,238,898 shares of WOM Mobile's own issue was carried out, of which 1 was owned by NC Telecom AS and 210,469,238,897 were owned by NC Telecom II AS. The agreed value for the acquisition of the shares was \$2, with \$1 being paid to each shareholder. This implied a decrease in the company's capital by \$2 and the cancellation of 210,469,238,898 shares, leaving the company's capital at ThCh\$ 439,968,316 divided into 1 share.
- ii. Subsequently, as agreed at the extraordinary shareholders' meeting of WOM Mobile SpA, dated March 21, 2025, a capital increase was carried out for a total of ThCh\$ 763,646,498 subscribed by WOM Chile Holdco SpA, a new company which upstream is controlled by the AHG, composed of funds and accounts managed or supervised by Moneda, Man GLG, BlackRock and Amundi. Thus, on the Effective Date, an amount of USD\$ 423,812,317.85 was paid by whom to whom with the assignment of the claim against Kenbourne relating to the Senior Notes and Th\$ USD\$ 400,726,361.17 in cash.

Note 2 - Summary of significant accounting principles (continued)

Circumstances Leading to These Chapter 11 Cases (continued)

Postpetition Capital Structure (continued)

- iii. New Senior Secured Notes Due 2031 issued: by private instrument dated March 21, 2025, a bond indenture in the English language and governed by the laws of the State of New York, United States, entitled the “Senior Secured Notes Indenture” (hereinafter, and as amended, supplemented, or amended and consolidated from time to time, the “Secured Indenture”), was entered into by WOM Mobile, as issuer, Chile Holdco, as parent company, WOM, Conect, Multikom and NC Telecom II AS, as guarantor subsidiaries, UMB Bank, National Association, as representative of the bondholders, paying agent, registrar agent and transfer agent, and TMF Group New York LLC, as foreign security agent. Pursuant to the terms of the Secured Indenture, WOM Mobile issued international bonds (hereinafter, the “Guaranteed International Bonds”) for an amount of USD\$ 331,875,000. The International Secured Bonds mature on April 1, 2031, and bear interest at the following rates: (i) for the period from the issuance of the International Bonds to March 31, 2026, an annual rate of 12.50%; (ii) for the period from April 1, 2026 to March 31, 2027, an annual rate of 11.00% (payable in cash) or, at the issuer's option, an annual rate of 5.5% payable in cash and an annual rate of 6.5% payable in kind (no cash payment), which will be capitalized to the principal; and (iii) for the period from April 1, 2027 to April 1, 2031, an annual rate of 11.00%, or such other rates as may apply in accordance with the Secured Indenture. The rates indicated above are calculated on the basis of a 360-day year divided into 12 months of 30 days each.
- iv. New Senior Convertible Notes Due 2032: by private instrument dated March 21, 2025, a bond indenture was entered into in the English language and governed by the laws of the State of New York, United States, entitled “Senior Convertible Notes Indenture” (hereinafter, and as may be amended, supplemented, or amended and consolidated from time to time, the “Convertible Indenture”), between Chile Holdco, as issuer, UMB Bank, National Association as representative of the bondholders, paying agent, registrar agent and transfer agent, and WOM Cayman Holdings, Ltd. Pursuant to the terms of the Convertible Indenture, Chile Holdco issued international bonds (hereinafter, the “International Convertible Bonds”) for an amount of US\$ 455,625,000. The International Guaranteed Bonds mature on April 1, 2032, and bear an interest rate of 5.00% per annum. The aforementioned rate is calculated based on a 360-day year divided into 12 months of 30 days each. Pursuant to the provisions of the Indenture, interest will be paid solely in kind (i.e., no cash payment will be made for such interest, but will be capitalized into the principal).
- v. With this cash injection, the Company proceeded to pay the DIP Loan to JP Morgan for an amount of USD\$ 216,650,000 and debts with suppliers such as contracts cures for an amount of USD\$ 91,586,283, claims 503 (b)(9) for an amount of USD\$ 5,787,678 which were mainly invoices issued by our handset suppliers and the GUC Pool for an amount of USD\$ 72,500,000. This last universe is composed of creditors who do not have an enforceable guarantee of their collections and the balance of these debts generated a haircut that was recognized as income in other income for approximately USD\$ 199,356,544 in 2025.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 2 - Summary of significant accounting principles (continued)

Circumstances Leading to These Chapter 11 Cases (continued)

Postpetition Capital Structure (continued)

- vi. The exchange period for prior holders of the 2024 and 2028 Senior Notes (extinguished during the Chapter 11 restructuring) to convert into 2031 Senior Secured Notes or Capital Contribution expired in July 2025. As a result, the total outstanding amount of 2031 Notes was reduced by US\$ 4,053,716 and the Capital was reduced by US\$ 7,635,625.38, corresponding to those noteholders who did not exercise their exchange rights.

Summary of the debt structure and new capital structure of the consolidated group in 2025:

USD in million	Pre-Emergence	Reorganization Plan	Post-Emergence	USD in million	Pre-Emergence	Reorganization Plan	Post-Emergence
Pre-Emergence Debt:				Paid in Capital Pre-Emergence Shareholders:

TOTAL	1,064.14	(736.32)	327.82	TOTAL	475.05	816.92	1,291.97

2.4) Responsibility for the information and estimates made

In the preparation of the present consolidated financial statements, estimates made by the Group's Management have been used to quantify some of the assets, liabilities, revenue, expenses and commitments recorded herein. These estimates are explained in further detail in Note 2.23.

2.5) Basis of consolidation

The consolidated financial statements of WOM Mobile SpA and subsidiaries include assets, liabilities, revenue and expenses and notes for the years ended December 31, 2025 and 2024. The balances with subsidiaries, revenue and expenses, and unrealized profits and losses have been eliminated and the non-controlling shareholder participation has been recognized under the category "non-controlling interest" (Note 18e).

The financial statements of the consolidated subsidiaries cover the same periods as the consolidated financial statements of the parent company WOM Mobile SpA and follow uniform accounting policies.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 2 - Summary of significant accounting principles (continued)

2.5) Basis of consolidation (continued)

The non-controlling interest represents the portion of profit or loss and net assets of certain subsidiaries, which the parent Company does not control, and these are presented in the consolidated statements of income and of equity, separate from the shareholders' equity.

The consolidation includes the entities over which the Company has control. Consolidation results when (a) an investor has power over the relevant activities of an investee; (b) the investor has an exposure, or rights to variable returns from their involvement in the investee; and (c) the investor has the ability to use his power over the investee to influence the amount of the investor's returns.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

WOM Mobile SpA is the parent company of WOM SpA (before WOM S.A.), Conect SpA (before Conect S.A.), Multikom SpA (before Multikom S.A.), which are the operating companies through which WOM develops its corporate purposes.

Although WOM Mobile SpA does not have ownership of the shares of Kenbourne Invest S.A., the definition of control under the criteria established by IFRS 10 is met and therefore Kenbourne Invest S.A. is consolidated as of December 31, 2024. Effective December 31, 2025, WOM Mobile SpA and Kenbourne Invest S.A. completed a merger.

The companies included in the consolidation are the following:

Tax ID	Company name	Country of origin	Functional currency	12.31.2025		12.31.2024	
				Direct	Indirect	Direct	Indirect

- (1) On December 16, 2025, WOM SpA (subsidiary of the WOM Mobile SpA) entered into a credit assignment agreement that establishes the securitization of trade receivables arising from mobile service contracts and equipment sales. These receivables were transferred to Separate Estate No. 16, administered by EF Securitizadora S.A., pursuant to the "Master Credit Assignment Agreement." This transaction includes the transfer of present and future receivables, the establishment of collateral, the issuance of securitized bonds, and various contractual obligations related to portfolio replenishment, fund remittances, and potential mandatory or voluntary repurchases. See Note 2.11 and Note 16.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 2 - Summary of significant accounting principles (continued)

2.5) Basis of consolidation (continued)

As of and for the year ended December 31, 2025, the summarized financial information of the consolidated entities is detailed as follows:

Tax ID	Company name	Participation (direct and indirect)	Current assets	Non-current assets	Total assets	Current liabilities	Non-current liabilities	Total liabilities	Equity	Operating income/(loss)	Net income (loss)
		%	ThCh\$	ThCh\$	ThCh\$	ThCh\$	ThCh\$	ThCh\$	ThCh\$	ThCh\$	ThCh\$
78.921.690-8	WOM SpA	99.9999999999	383.735.874	1.291.191.187	1.674.927.061	499.750.506	757.179.603	1.256.930.110	417.996.952	68.295.360	69.696.767
96.965.220-K	Conect SpA	100.0000000000	989,604	229,248	1,218,852	602,652	2,650,701	3,253,353	(2,034,502)	8,994,606	9,416,055
78.456.640-4	Multikom SpA	100.0000000000	-	139,342	139,342	1,229,924	120,745	1,350,669	(1,211,327)	69,770	58,578

Note 2 - Summary of significant accounting principles (continued)

2.6) Functional currency

a) Functional currency

The Company uses the Chilean Peso (Ch\$ or CLP) both as its functional currency and as the currency for the presentation of its consolidated financial statements.

Items included in the consolidated financial statements of each of the entities in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency") see table in note 2.6b).

When a foreign operation is consolidated but is not wholly owned, accumulated exchange differences arising from translation and attributable to controlling and/or non-controlling interests are allocated to, and recognized as part of, controlling and/or non-controlling interests in the consolidated statement of financial position.

Losses and gains in foreign currency resulting from the liquidation or fluctuation in such of transactions denominated in a foreign currency and the translation of monetary assets and liabilities denominated in foreign currency are recognized in the income statements under "Foreign exchange rate differences," except when they correspond to cash flow hedges; in which case they are presented in the statement of other comprehensive income.

b) Exchange rates - Indexation Unit

The assets and liabilities in foreign currency and those established in US Dollars (USD), in Units of Foment (UF or inflation-indexed unit of account) and in Euros (EUR) are presented at the following exchange rates, respectively:

Exchange rates	Ch\$ per Unit	Ch\$ per Unit
	12.31.2025	12.31.2024
Units of Foment (UF)	39,727.96	38,416.69
US Dollar (USD)	907.13	996.46
Euro (EUR)	1,066.58	1,035.28

Differences resulting from exchange difference in the application of "IAS 21" are recognized in income for the year under "Exchange difference effect" and differences resulting from the valuation of the UF are recognized in income for the year under "Income from indexation units", except for its treatment applicable to IFRS 16 - right of use assets.

Note 2 - Summary of significant accounting principles (continued)

2.7) Presentation currency

The Company's presentation currency is the Chilean Peso (Ch\$ or CLP), which is the functional currency of the companies in the consolidation other than Kenbourne Invest S.A. For such purposes, the financial statements of subsidiaries are translated from the functional currency to the presentation currency as indicated below:

- The balance sheet is translated into Chilean pesos at the closing exchange rate at the balance sheet date and the income statement is translated at the average monthly exchange rates for the period.
- All resulting exchange differences are recognized in other comprehensive income.

2.8) Property, plant and equipment

The property, plant and equipment is valued at acquisition cost, net of the corresponding depreciation and impairment losses. The depreciation is calculated on a straight-line basis over the estimated economic and technical useful life of the assets.

Work-in-progress in PP&E are transferred to fixed assets classification once they are completed and depreciation starts at that point.

The residual values of the assets, the useful lives and the depreciation methods are reviewed and adjusted accordingly, at the close of each year.

The additions, renovations and significant improvements are recorded as part of the cost when it is probable that future benefits associated with the asset will flow to the entity and the cost of the asset can be measured reliably. Disbursements for maintenance, repairs and minor renovations performed to maintain the property, plant and equipment are recorded in income as they are incurred.

Land is not subject to depreciation. For all other categories of property, plant and equipment, depreciation is calculated based on a straight-line method, according to the estimated useful life of the assets.

The following chart shows the useful lives of property, plant and equipment:

Type of assets	Years	
	Minimum	Maximum
Buildings	20	40
Technological equipment	4	5
Fixed installations and accessory facilities	2	5
Structures and civil works on sites	5	10
Switching communication and network equipment	3	10
Transmission assets	10	25
Other property, plant and equipment	5	10

Note 2 - Summary of significant accounting principles (continued)

2.8) Property, plant and equipment (continued)

The gains and losses on sales of property, plant and equipment are determined by comparing the consideration received with the carrying amount of the asset and are recorded in the statement of income under "Other income by nature" or "Other expenses by nature."

As described in Note 2.23, the Group recognizes a provision for those assets that will be dismantled, corresponding to future disbursements related to the withdrawal of these facilities ("towers and antennas"). These disbursements are incorporated into the asset carrying amount at their present value, recognizing the corresponding provision for decommissioning.

Interest and other financial expenses incurred, directly attributable to the acquisition, development or construction of eligible assets, are capitalized during the construction period to the date when they are available for use, except those projects whose development or construction period is lower than six months. As of December 31, 2025 and 2024, no interest has been capitalized.

2.9) Intangible assets

2.9.1) Licenses

Computer program licenses are capitalized based on the costs incurred for their acquisition and commissioning. These costs are amortized over their contract useful life of 1 to 5 years.

2.9.2) Software

The development costs that are directly attributable to the design and testing of software, which is unique and identifiable and controlled by the Group, are recognized as assets when the following conditions are met:

- a) It is technically feasible to complete the software; therefore, it will be available for use;
- b) Management has the intention of completing the software for use;
- c) The Group has the capacity to use the software;
- d) The software can be shown to generate future economic benefits;
- e) There are enough technical, financial and other resources to complete the development and use of the software, and
- f) The disbursements attributable to the software, during its development, can be measured reliably.

The amount recognized for internally generated intangible assets is the total of the expenses incurred since the date the intangible asset meets the recognition criteria mentioned above.

The costs associated with the maintenance of software are recognized as expenses when incurred.

Note 2 - Summary of significant accounting principles (continued)

2.9) Intangible assets (continued)

2.9.2) Software (continued)

Other development expenses that do not meet these criteria are recognized as expenses at the moment they are incurred. The development costs previously recognized as expenses are not recognized as an asset in a later year.

After initial recognition, internally generated intangible assets are reported at cost less accumulated amortization and impairment losses.

2.9.3) Frequency rights

Transmission frequency rights included in intangible assets are presented at their historical costs, net of accumulated amortization. These rights correspond to 6 licenses; 2 of them awarded in 2010 to operate in frequencies of 1,700 and 2,100 MHz and the other 4 awarded in 2021. All these frequency rights have the purpose of providing of mobile services, and are amortized over 30 years, based on the radio electric spectrum tender. The licenses are renewed based on the request of the Company which needs to be declared at least 180 days before the expiration date.

These assets are amortized in line with their useful lives.

The following table presents detailed information of the intangible assets useful lives:

Useful lives	Minimum	Maximum
Licenses	1	5
Software	1	5
Frequency rights	30	30

Intangible assets with defined useful life are amortized using the straight-line method over their estimated useful life. Amortization for each year is recognized in the income statement by nature under "Depreciation and amortization expenses."

2.10) Leases and Right-of-use assets and lease liabilities

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognizes a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate as defined under IFRS 16.

Note 2 - Summary of significant accounting principles (continued)

2.10) Leases and Right-of-use assets and lease liabilities (continued)

Lease payments included in the measurement of the lease liability principally comprise:

- Fixed lease payments, regardless of how they were established (in-the contract), less any lease incentives.
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date.
- The amount expected to be payable by the lessee under residual value guarantees;

The lease liability is presented within line item “Lease liabilities current” and “Lease liabilities non-current” in the consolidated statements of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect the interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability and makes a corresponding adjustment to the related right-of-use asset, (where applicable) whenever:

- The lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change as a result of a change of indexation, discount rate and expected payments under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- The lease payments change resulting from a change in an index or a rate in which case the lease liability is remeasured by discounting the revised lease payments at the initial discount rate at the point in time when cash flows are affected;
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The Group did not book any such adjustments during the years presented. The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Note 2 - Summary of significant accounting principles (continued)

2.10) Leases and Right-of-use assets and lease liabilities (continued)

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. The estimated useful lives of the right-of-use assets are detailed as follows:

Type of assets	Years	
	Minimum	Maximum
Sites	1	20
Stores	1	3
Offices	1	20
Warehouses	1	5

If lease transfers ownership of underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease. If the underlying asset is not transferred or there is no expectation of the exercise of the purchase option, the right-of-use asset is depreciated over the shorter of the useful life or the life of the lease.

The right-of-use assets are presented within the line item "Right-of-use assets". The Group applies IAS 36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss, if applicable.

Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognized as an expense in the year in which the event or condition that triggers those payments occurs and are included in the line "Other expenses by nature" in the consolidated statement of comprehensive income (see Note 19d).

2.11) Losses from the impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or the Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The calculation of fair value less costs of disposal is based on the data available from binding sales transactions, carried out under market conditions, for similar assets or observable market prices less the incremental costs of disposing of the asset.

Note 2 - Summary of significant accounting principles (continued)

2.11) Losses from the impairment of non-financial assets (continued)

In assessing value in use, the estimated future cash flows are discounted to their present value. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to, or significant future investments that will improve the performance of the assets of the CGU being tested.

The recoverable amount is sensitive to the discount rate used for the discounted cash flow model, as well as the expected future cash inflows and the growth rate used for extrapolation purposes.

2.12) Financial assets and liabilities

Financial assets:

Initial and Subsequent Measurement:

- Initially, financial assets are measured at amortized cost or fair value, depending on their classification.
- Subsequently, they are measured at amortized cost, fair value through other comprehensive income (OCI), or fair value through profit or loss (FVTPL).

Classification and Measurement of Debt Instruments:

- They are measured at amortized cost if the objective is to collect contractual cash flows, and these are solely payments of principal and interest.
- They are measured at fair value through OCI (FVTOCI) if the objective is to collect cash flows and sell the assets, and the flows are solely payments of principal and interest.
- All other financial assets are measured by default at fair value through profit or loss (FVTPL).

Special Options: The Company may choose to present fair value changes of equity instruments in OCI or designate a debt investment at FVTPL to reduce accounting mismatches.

Amortization using the Effective Interest Method: This method is used to calculate the amortized cost of debt instruments and allocate interest income/expense. It adjusts the initial value of a financial asset to its value at maturity, considering payments and provisions for losses. Interest income is recognized in financial results.

Foreign Currency: Financial assets in foreign currency are converted at the closing exchange rate of each period. Exchange differences for assets at amortized cost are recognized in profit or loss.

Note 2 - Summary of significant accounting principles (continued)

2.12) Financial assets and liabilities (continued)

Impairment of Financial Assets:

- The company recognizes a provision for expected credit losses on debt instruments, accounts receivable, and guarantee contracts.
- Since 2018, it follows the IFRS 9 simplified model for trade receivables, estimating expected losses over the asset's useful life.
- WOM SpA estimates impairment based on historical payment behavior, current customer information, and macroeconomic variables, using recoverability matrices.
- Additionally, it uses a credit engine to assess customer risk at the time of contracting, controlling indebtedness and uncollectibility.
- Gains or losses from impairment are recognized in profit or loss by adjusting the carrying amount through a provision. The loss is estimated as the difference between contractual cash flows and expected cash flows, discounted at the original effective interest rate.

Derecognition of Financial Assets: A financial asset is derecognized when the rights to its cash flows expire or when the company transfers the asset and substantially all the risks and rewards of ownership. If significant risks and rewards are retained, the asset and an associated liability continue to be recognized.

Financial liabilities:

- **Initial Recognition:** Financial liabilities are recognized when the company assumes a contractual obligation, initially measured at their fair value, and for loans, net of transaction costs.
- **Subsequent Measurement:** They are generally measured at amortized cost using the effective interest method. An exception is liabilities classified as "fair value through profit or loss."
- **Common Components:** These include accounts payable, bank obligations, and derivative instruments.
- **Classification for Subsequent Measurement:**
 - Financial liabilities at fair value through profit or loss (FVTPL): These are held for trading (with the intention of repurchasing them in the short term, part of a portfolio managed for short-term gains, or non-hedging derivatives) or are designated as such at inception. Gains or losses on these are recognized in the income statement. The company has not designated any financial liabilities at FVTPL.
 - Financial liabilities at amortized cost (loans): After initial recognition, interest-bearing loans are measured at amortized cost using the Effective Interest Rate (EIR). Gains and losses are recognized in profit or loss upon derecognition of the liability. Amortized cost includes discounts, premiums, and costs that are an integral part of the EIR.
- **Fair Value of Accounts Payable:** The carrying amount of trade and other accounts payable is considered an approximation of their fair value due to their short-term nature.
- **Foreign Currency Liabilities:** Gains or losses from exchange differences on liabilities denominated in foreign currency and measured at amortized cost are included in "Foreign currency exchange gains (losses)."
- **Confirming Operations (WOM):** WOM uses confirming as a payment service that allows suppliers to collect their invoices before the due date.

Note 2 - Summary of significant accounting principles (continued)

2.12) Financial assets and liabilities (continued)

The Company holds financial instruments related to foreign currency and interest rate contracts that are classified as "Other current and non-current financial assets" and "Other current and non-current financial liabilities," respectively, and are accounted for at fair value within the statement of financial position. The Company uses the following hierarchy to determine and disclose the fair value of financial instruments:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for assets and liabilities, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: Inputs for assets or liabilities that are not based on observable market data.

The recognition method for financial assets and liabilities is described in the Note 4.

Securitization of Accounts Receivable:

WOM SpA is transferring a portion of its accounts receivable for plans and equipment through securitization.

Securitization involves transferring receivables from a group of customers, under a revolving credit arrangement, to a securitization vehicle managed by a financial institution. This special-purpose entity finances the purchase of the receivables by issuing debt instruments (securitized bonds), in which the payment of principal and interest depends on the cash flow generated by the receivables from WOM's customers.

Securitized bonds are divided, according to their payment preferences, into seniority bonds and subordinated bonds. Seniority bonds are placed in the financial market, while subordinated bonds are subscribed by the seller of the receivables and entitle the seller to all residual cash flows after the seniority bonds are paid.

The securitization vehicle is included in the scope of consolidation, since the securitized bonds of the subordinated series issued against the segregated equity are acquired by the originator, which, in substance, constitutes control over said vehicle.

Consequently, all receivables sold through securitization transactions that do not meet the requirements for the elimination of financial asset accounts, as established in IFRS 9, are recognized as receivables in these consolidated financial statements, even though they have been legally sold.

The financial liability corresponding to the Series A and B preferred bonds is recorded in the statement of financial position under the heading "Obligations to the public, securitized bonds."

2.13) Inventory

Inventories are measured at the lower of cost and net realisable value. The cost is determined by the average cost method. Net realizable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing selling and distribution. When market conditions cause cost to be higher than its net realizable value, an allowance for assets deterioration is registered for the difference in value.

The criteria used by the subsidiary WOM SpA to calculate the allowance for obsolescence considers inventory turnover. In this sense, a provision is constituted for 100% of the valued stock of those items with a turnover longer than 6 months and that additionally are not currently being marketed or part of a product being marketed.

Note 2 - Summary of significant accounting principles (continued)

2.14) Cash and cash equivalents

Cash and cash equivalents recognized in the financial statements comprise cash and current bank accounts, time deposits with original maturity of 90 days or less, and other mutual fund investments (fixed income) with unrestricted use.

In the statement of financial position, overdrafts, should they exist, are classified as financial liabilities under current liabilities.

2.15) Share capital

Common shares are classified as equity. The incremental costs directly attributable to the issue of new shares are presented in net equity as a deduction.

2.16) Interest cost

Interest expense on loans held in banks, bonds and/or related companies is recognized on an accrual basis. The interest is not capitalized because loans are not directly related to the construction of sites.

2.17) Deferred taxes and income tax

The deferred taxes originating from temporary differences and other events that create differences between the accounting and tax bases of assets and liabilities, are recorded in accordance with IAS 12 "Income taxes."

Current taxes and/or recording or variations in deferred taxes are recorded in income or net equity accounts in the statement of financial position based on where the transaction which generated the tax effect had been recorded, except for assets or liabilities derived from business combinations.

Deferred tax assets and tax credits are recognized only when it is considered probable that there will be enough future tax profits to realize the deferred tax asset or to make the tax credits effective.

Based on the evolution of the business model and its projections, the Group's management estimates that the future profit projections for its subsidiary WOM SpA will allow its tax loss carryforwards to be recovered (refer to Note 14).

The carrying amount of deferred tax assets, is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realized based on tax laws and rates that have been enacted or substantively enacted at the reporting date.

Note 2 - Summary of significant accounting principles (continued)

2.17) Deferred taxes and income tax (continued)

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

The Chilean tax rate as of December 31, 2025 and 2024 is 27%, The Luxembourg tax rate as of December 31, 2025 is 23.87% and as of December 31, 2024 is 24.94%.

2.18) Employees benefits

2.18.1) Employees vacations

The Group recognizes employee's vacation expense on an accrual basis.

2.18.2) Employees bonuses

An expense for bonuses is recorded in accordance with the compliance with certain conditions and parameters as defined. The subsidiary WOM SpA recognizes a provision when it is contractually obligated or when past practices have created an implicit obligation, and when the obligation can be estimated reliably Bonuses are accrued in line with proportional fulfillment of the associated conditions.

2.19) Provisions

Provisions are recognized when:

- There is a present obligation, legal or implicit, as a result of past events,
- It is probable that an outflow of resources will be necessary to liquidate the obligation; and
- The value can be estimated reliably.

Provisions are valued at the present value of the disbursements expected to be required to settle the obligation, using the best estimate of management. The discount rate used to determine the current value reflects the current market valuations at the date of the statements of financial position, of the time value of money, as well as the specific risk related to the liabilities in particular.

2.20) Revenue recognition

The Group is in the business of providing mobile telecommunications services such as mobile voice and data services and mobile broadband and fiber services, to individuals and small and medium enterprises in Chile.

Services revenue

Under IFRS 15, revenue from services are recognized as a performance obligation satisfied over the period during which the service is provided, at a point in time, and/or based on the degree of completion of the service in proportion to the total cost of the services to be provided.

Note 2 - Summary of significant accounting principles (continued)

2.20) Revenue recognition (continued)

The Group's revenue comes primarily from the delivery of the following telecommunications services: Voice and data services, telephone and accessories rental and sales, Fiber services, interconnections, roaming, and other services, such as value added or maintenance services.

According to the origin of the services these are recognized under the following criteria:

- a) Revenue from contracts with customers (Voice, data and fiber services) is recognized when, the performance obligation is satisfied at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.
- b) Revenue generated only by traffic is recognized as it is consumed.
- c) Revenue generated by the sales of handset (included financed services) and accessories are recognized at a point in time when the performance obligation is satisfied (at the delivery date).
- d) Ordinary interconnection revenues originated from residential and mobile services, as well as other services used by customers, are recognized in the period in which the calls are made.

Revenue is measured at the fair value of the payment received.

Services provided and not yet billed are determined based on contracts, traffic and at the current prices and conditions of the period. The amounts corresponding to this concept are presented under Current trade receivables and other accounts receivable.

Revenue generated from the sale of electronic prepaid top-ups is recognized as revenue in the month in which the traffic is used, or when the pending consumption balances expire, whichever occurs first. Deferred revenue is included in current liabilities. Revenue and costs for the sale of phones are recognized at a point in time when the performance obligation is satisfied.

When it is probable that the total costs of the contract will exceed the total ordinary revenue from the same, the expected loss is immediately recognized as a loss in the statement of income for the year.

2.21) Distribution of dividends

In accordance with Article 27 of the bylaws of WOM SpA, the company must first use the profits from the fiscal year to absorb any accumulated and current losses. Following that, the shareholders' meeting will determine the percentage of liquid profits to be distributed as a dividend among its shareholders, without any obligation to annually distribute any type of dividends.

As of December 31, 2025 and 2024, no entity within the consolidated group distributed any dividends to its Shareholders.

Note 2 - Summary of significant accounting principles (continued)

2.22) Statement of cash flows

The statement of cash flows includes cash movements during the period, determined using the direct method. Cash equivalents are understood to be highly liquid term investments maturing in less than three months, with low risk of alteration in their value, using the following expressions in the sense that appears below:

- i) Operating activities: are activities that constitute the main source of the Group's operating income, as well as other activities that cannot be classified as from investing or financing.
- ii) Investing activities: are those involving acquisition, divestment or disposal by other means of non-current assets and other investments not included in cash and cash equivalents.
- iii) Financing activities: are activities that produce changes in the size and composition of total equity and liabilities of a financial nature.

Cash and cash equivalents included in the statements of financial position do not differ from that presented in the Statement of cash flows.

2.23) Accounting estimates and Management judgments

The Company and its subsidiaries continuously evaluate the judgments used to record its accounting estimates, which are recorded based on past experience and other factors, including the expectations of future events that are considered to be reasonable given the circumstances. Future changes in the assumptions established by management could significantly affect the carrying amounts of assets and liabilities.

i) Recoverability of the tax loss:

According to IAS 12 "Income taxes," deferred tax assets and tax credits are recognized only when it is considered probable that there will be enough future tax profits to realize the deferred tax asset or to make the tax credits effective.

ii) Useful life:

Regarding the estimated useful life assigned to elements of Property, Plant and Equipment, the Company and its subsidiaries periodically analyze these so that they reflect the appropriate value at the end of the respective period.

Management estimates the useful lives and based on them, the corresponding charges for depreciation of its property, plant and equipment. This estimate is based on technical studies prepared by internal and external specialists. When there are indications that advise changes in the useful lives of these assets, this should be done using technical estimates for this purpose. Management will increase the depreciation charge when useful lives are less than previously estimated lives or it will write off technically obsolete or non-strategic assets that have been abandoned or sold. The Group reviews the estimated useful lives of property, plant and equipment on an annual basis.

Note 2 - Summary of significant accounting principles (continued)

2.23) Accounting estimates and Management judgments (continued)

iii) Accounting judgments:

Provisions and contingencies

In the case of obligations, the Management records a provision for a liability previously considered contingent when the loss is probable and the amount can be estimated reliably and there are reasonable expectations that a payment will be made. Based on the information available, the Company and its subsidiaries apply their knowledge, experience and professional judgment to the specific characteristics of the known risks. This process facilitates early evaluation and the quantification of the potential risks in individual cases or in the development of contingent matters.

The final cost of settling complaints and lawsuits may vary due to estimates based on different interpretations of the rules, opinions and final assessments of the amount of damages. Therefore, any changes in circumstances related to this type of contingency could have a significant effect on the amount of the recorded provision could have a significant effect on the importation of the recorded provision.

iv) Asset Retirement Obligation:

Allowance for dismantling and restoration costs

There is an obligation to incur dismantling and restoration costs when the development or the production in progress of a telecommunications property includes such obligation as contractually agreed upon or a constructive obligation is present. Costs are estimated based on a defined formal decommissioning plan and said costs are subject to formal and periodic reviews.

The costs derived from the decommissioning of towers, antennas and other site preparation work, discounted at their net present value, are determined and recorded at the beginning of each project, as soon as the obligation is incurred and adjusted as necessary over the life of the obligation on a catch-up basis. The offsetting account is the asset to which the dismantlement pertains and the amount recorded is depreciated, along with the historical cost, over the life of such asset. Interest on the obligations is accreted over time as a finance expense.

The costs of restoring damages to the site, created continuously during the use of the land, are determined at their net present value and are recorded through profit and loss.

The Company and its subsidiaries establish a provision based on the net present values, for the dismantling and restoration costs, as soon as the obligation occurs after the development or production in progress of a telecommunications property.

Management uses its best judgment and experience to determine and (in the case of capitalized dismantling costs) amortize said estimated obligation over the useful life of the towers located on leased sites, considering a discount rate of 1.44% as of December 31, 2025 corresponding to UF Chamber Swap rate for a term of 3 years and 3.76% December 31, 2024 corresponding to Chilean Central Bank bonds, (Central Bank bonus "BCP" risk-free) 10-year span.

Note 2 - Summary of significant accounting principles (continued)

2.23) Accounting estimates and Management judgments (continued)

The final cost of dismantling and the cost of restoration are uncertain and the cost estimates may vary due to many factors, including changes in legal requirements, the development of new restoration techniques or the experience of other telecommunications companies.

v) Right-of-use and lease liabilities

Since the application of IFRS 16 requires significant judgments and certain key estimates. Management uses its best judgment and experience to determine the key estimates required in the application of IFRS 16 include the following:

- Estimation of the lease term;
- Determination of the appropriate rate to discount lease payments;
- Evaluation of whether a right-of-use asset is impaired.

vi) Allowance for doubtful accounts

The book value of accounts receivable is reduced to its estimated recoverable value, through the Allowance for doubtful accounts. The Company uses a model that estimates two critical parameters from individual monthly invoices: the probability of default and the loss given default. Cumulative expected losses for trade receivables are recorded according to a percentage matrix defined for each aging range.

2.24) Government grants

Government grants are not recognized until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognized in profit or loss on a systematic basis over the periods in which the Group recognizes as expenses the related costs for which the grants are intended to compensate. Specifically, Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets (including property, plant and equipment) are recognized as deferred income (once the reasonable assurance threshold is attained) in the consolidated statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

Note 2 - Summary of significant accounting principles (continued)

2.24) Government grants (continued)

Government grants towards staff re-training costs are recognised as income over the periods necessary to match them with the related costs and are deducted in reporting the related expense.

2.25) Costs to obtain a contract

The Group recognizes an asset for the costs of obtaining contracts under IFRS 15 as long as these are incremental; it is estimated that they will be recovered; they can be assigned to a contract and when it is estimated that their amortization period is greater than one year. In addition, the Group recognizes an asset for the costs of obtaining a contract as long as these are directly identified with a specific contract, generate or improve Group 's resources that will be used to satisfy or continue to satisfy future compliance obligations and it is expected to recoup those costs over time.

All costs directly associated with obtaining customer contracts are recognized in the income statement to the extent that these revenues are generated, which is determined using the average period of permanence of the customer.

2.26) Environment

Expenses related to environment's protection are recognized and recorded in statement of comprehensive income as they are incurred.

2.27) New accounting pronouncements and interpretations

a) The following Amendments to IFRS have been adopted in the consolidated financial statements:

Amendments to IFRS	Mandatory Effective Date
Lack of Exchangeability (Amendments to IAS 21)	Annual periods beginning on or after January 01, 2025.
Amendments to the SASB standards to enhance their international applicability	Annual periods beginning on or after January 01, 2025.

The application of these amendments has not had a significant effect on the amounts reported in these financial statements.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 2 - Summary of significant accounting principles (continued)

2.27) New accounting pronouncements and interpretations (continued)

b) New IFRS and Amendments to IFRS in issue but not yet effective:

New IFRS	Mandatory Effective Date
IFRS 18, Presentation and Disclosure in Financial Statements	Annual periods beginning on or after January 01, 2027.
IFRS 19, Subsidiaries without Public Accountability: Disclosures	Annual periods beginning on or after January 01, 2027.
Amendments to IFRS	Mandatory Effective Date
Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7)	Annual periods beginning on or after January 01, 2026.
Annual Improvements to IFRS Accounting Standards - Volume 11 (amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	Annual periods beginning on or after January 01, 2026.
Contracts Referencing Nature-dependent Electricity (Amendments to IFRS 9 and IFRS 7)	Annual periods beginning on or after January 01, 2026.
Translation to a Hyperinflationary Presentation Currency (Amendments to IAS 21)	Annual periods beginning on or after January 1, 2027.
Disclosures about Uncertainties in the Financial Statements (Illustrative Examples)	No mandatory effective date.
Amendments to Greenhouse Gas Emissions Disclosures (Amendments to IFRS S2)	Annual periods beginning on or after January 1, 2027.

The Company's management has not had the opportunity to consider the potential impact of the adoption of these new IFRSs and amendments to Standards.

2.28) Restatement

The consolidated financial statements as of December 31, 2024, have been restated to incorporate the correction of an error related to presenting the off-book adjustments of non-controlling in retained earnings, in order to adjust the information presented and the related notes.

The effects of this restatement on the consolidated financial statements of WOM Mobile SpA and subsidiaries as of December 31, 2024, are as follows:

	Balances previously reported as of	Restatement adjustment	Balance restated as of
	12.31.2024	2024	12.31.2024
EQUITY	ThCh\$	ThCh\$	ThCh\$

2.28) Restatement (continued)

To improve the presentation of information, the Company has reclassified certain items as of December 31, 2024. Specifically, bank guarantees, previously presented under Other Current Financial Assets, are now presented under Other Current and Non-current Non-Financial Assets. Additionally, advances to suppliers, previously presented under Trade Payables, are now presented under Trade Receivables. These reclassifications do not affect the previously reported net income or equity.

Additionally, as a result of the financial restructuring carried out during 2025, a new line item titled 'Gains (losses) from restructuring activities' was created. Consequently, the expenses incurred for this purpose during 2024 were reclassified.

In line with the above, the Statement of Cash Flows for the 2024 fiscal year has been restated to ensure comparability with the current period's presentation. These reclassifications are made for improved disclosure purposes and do not affect the net change in cash and cash equivalents reported.

The effects of this restatement on the consolidated financial statements of WOM SpA and subsidiaries as of December 31, 2024, are as follows:

BTG UF 225000	UF	8,644,077	96,047	8,740,124
Total		23,230,757	252,173	23,482,930

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 5 - Cash and cash equivalents

Cash and cash equivalents as of December 31, 2025 and 2024 are detailed as follows:

Concepts	Currency	Balance at	
		12.31.2025	12.31.2024
		ThCh\$	ThCh\$
Cash on hand (1)	CLP	78,575	30,450
Banks	CLP	31,479,678	27,023,715
Banks	USD	33,683,786	31,698,408
Banks	EUR	-	1,816
Banks and available cash subtotal (2)		65,242,039	58,754,389
Mutual funds	CLP	41,360,649	-
Mutual funds	USD	-	-
Mutual funds (3)		41,360,649	-
Cash and cash equivalents		106,602,688	58,754,389
Subtotal by currency	CLP	72,918,902	27,054,165
Subtotal by currency	USD	33,683,786	31,698,408
Subtotal by currency	EUR	-	1,816
Total cash and cash equivalents		106,602,688	58,754,389

- (1) Cash on hand balance is composed of fixed cash funds set aside for minor expenses and its carrying amount is equal to its fair value.
- (2) Bank balances are composed of money held in bank accounts and its carrying amount is equal to its fair value.
- (3) As of December 31, 2024, there is no mutual funds, and as of December 31, 2025, the mutual funds are detailed as follows:

Bank	Type fund	Currency	Beginning date	Units held	Unit value	12.31.2025
						ThCh\$
Itau	Fondo Mutuo Itau Select Plus	CLP	30.12.2025	39,579,068.69	1,010.89	40,010,239
Banco de Chile	Capital Empresarial	CLP	24.12.2025	378,087.13	1,443.90	545,920
Banco de Chile	Capital Empresarial	CLP	29.12.2025	557,164.88	1,443.90	804,490
Total						41,360,649

Mutual funds qualify as cash equivalents because they are short-term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

Cash is managed under the Group's investment policy, which mandates liquidity and solvency guidelines. Counterparties are limited to financial institutions authorized and supervised by relevant local and international regulatory authorities.

As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 6 - Other current and non-current non-financial assets

As of December 31, 2025 and 2024, other current and non-current non-financial assets are detailed as follows:

Description	Current		Non-Current	
	12.31.2025	12.31.2024	12.31.2025	12.31.2024
	ThCh\$	ThCh\$	ThCh\$	ThCh\$
Prepaid leases (1)	850,072	316,464	21,688	48,998
Performance bonds (2)	501,457	359,791	46,839	23,871
Prepaid expenses (3)	3,477,259	4,486,145	-	-
Other recoverable (4)	1,171,581	993,905	-	-
Costs obtaining contracts (5)	46,746,190	45,033,072	43,311,844	38,496,927
Infrastructure advance (6)	-	10,476,626	-	-
Subsidy receivable (7)	2,903,670	39	-	-
Others (8)	673,169	231,017	-	1,180,332
Total	56,323,398	61,897,059	43,380,371	39,750,128

- (1) Includes payments in advance associated with site rentals without IFRS 16 scope.
- (2) As of December 31, 2025 and 2024, the balance of Performance bonds are granted to third parties.
- (3) Includes prepaid expenses related to supporting services for IT and Operations areas. Also the balance includes National Roaming services invoiced by other operators that have not been consumed yet. Includes prepay insurance and guarantee policy.
- (4) Represents the Monthly Provisional Tax Payment and other recoverable taxes.
- (5) Includes costs incurred in obtaining contracts referred to in IFRS15 which are amortized over the average period of permanence of the customers. The customers' period of permanence is estimated based on churn rates or knowledge of market behavior. For the years ended December 31, 2025 and 2024, the impact on the income statement amounted to ThCh\$ 54,583,041 and ThCh\$ 51,397,889, respectively. These are registered in other expenses by nature (see Note 19d under Advertising, marketing and commissions). There have been no impairment losses that affect capitalized balances.
- (6) Included suppliers advances related to the site constructions. As of December 31, 2025, these advances were written off for being part of a prepetition transaction with a foreign supplier.
- (7) Subsidy receivable to Subtel related to Fibra Optica Nacional (FON) project.
- (8) Includes amounts in accounts restricted by legal processes in lawsuits in third-party stores.

Other accounts receivables (2)	4,406,571	-	4,406,571	9,124,835	-	9,124,835	-	-	-	-	-	-
Total	198,585,750	(24,548,920)	174,036,830	168,155,898	(14,880,201)	153,275,697	7,845,375	(4,350)	7,841,025	7,144,414	(8,085)	7,136,329

(1) The services provided and not invoiced are the services accrued during the month and invoiced the following month. For this reason, the company and its subsidiaries accrue for this revenue.

b) The allowance for bad debts roll forward is detailed as follows:

Description	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
Opening balance	14,888,286	17,140,180
Net increase	19,007,697	20,165,540
Write-offs for the year (1)	(9,342,713)	(22,417,434)
Subtotal movements	9,664,984	(2,251,894)
Closing balance	24,553,270	14,888,286

(1) As of December 31, 2025, accounts receivable write-offs are executed once the asset is determined to be uncollectible. This process is carried out when the default period reaches or exceeds 365 days. These write-offs comply with current tax requirements in Chile. As of December 31, 2024, this corresponds to the write-off of the portfolio over 120 days past due that do not have ILD (international long distance calls) or insurance, and are not part of portfolio sales.

The Company has lease contracts for concepts directly associated with the business, such as the leasing of commercial offices and telecommunications technical facility space.

The right-of-use assets generated by lease contracts are related to the following concepts:

- Sites: represents the land and physical spaces lease contracts where communication antennas are located to provide mobile and complementary telephony services.
- Stores: represents a lease of real estate, land or spaces related to the location of stores for commercial activities which are engaged in selling of handsets, accessories and mobile and data services.
- Offices and warehouses: represents a lease agreement which includes the corporate office and the inventory warehouses.
- Others: represents lease agreements for other equipment.

Note 13 - Trade and other accounts payable (continued)

(2.2) Obligations due to purchases or services provided (Confirming) considers the financial institutions that anticipated to our suppliers the payment of their invoices under agreements established with WOM.

Main Confirming Suppliers	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
BCI Factoring S A	-	46,187,062
China Construction Bank Corporation (Shenzhen Branch)	-	32,593,741
Bank Of China (Hong Kong) Limited	-	13,119,665
Industrial And Commercial Bank Of China (Shenzhen)	-	10,718,698
Banco Santander Chile	-	4,423,445
Banco Btg Pactual Chile	-	3,238,550
Bank Of China (Shenzhen Branch)	-	907,263
Total	-	111,188,424

As disclosed in Note 2, part of the prepetition debts with national and international suppliers have been paid and haircuts have been made as indicated by the Delaware Court after the exit of CH11 for an amount of ThCh\$ 136,176,265 disclosed in the Note 19 k.

(3) Within provisions, there are some recorded in relation to the networks, interconnection, IT, marketing, legal, auditing and other areas. These are detailed as follows:

Description	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
Operational expenses provision	18,056,690	22,805,489
Provision of personnel expenses	11,953,654	11,740,322
Sales commissions provision	8,279,091	6,123,916
General expenses provision	4,670,265	4,295,716
Advertising provision	6,167,966	2,409,631
Work in progress provision (1)	-	2,434,471
Other provisions (2)	45,111,953	1,899,292
Total	94,239,619	51,708,837

(1) This provision is related to the construction of the FON projects and deployment of sites for the new frequencies as of December 2024.

(2) Corresponds to the provision under the agreement with SUBTEL.

Note 13 - Trade and other accounts payable (continued)

b) Accounts payable payment terms

The aging of the account payable is disclosed based on the original contractual terms in effect as of December 31, 2025. However, on April 1, 2024, the Company filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code. As a result, the maturity of these liabilities may be subject to change based on the resolution under Chapter 11.

Payments of trade accounts payable with up to date payments as of December 31, 2025 and 2024 are detailed as follows:

Suppliers with payments up to date as of 12.31.2025	Total
	ThCh\$
Between 0 and 30 days	36,808,177
Between 31 and 60 days	11,704,169
Between 61 and 90 days	869,250
Between 91 and 120 days	269,790
Between 121 and more	1,079,160
Total	50,730,546

Suppliers with payments up to date as of 12.31.2024	Total
	ThCh\$
Entre 0 y 30 días	21,498,871

Note 14 - Current tax liabilities

a) Income taxes

The companies of the group with tax results are detailed as follows:

Tax Result	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
WOM SpA	(553,352,716)	(660,269,284)
Conect SpA (1)	(4,647,768)	(4,339,455)
Multikom SpA (1)	(7,663,485)	(7,544,299)
WOM Mobile SpA	(73,519,887)	111,158

(1) There are no future plans for recovery of these tax losses, for these reasons the Group did not register deferred tax loss carryforwards for these tax losses.

Regarding the tax losses of WOM SpA, due to the Chapter 11 process, a significant increase in tax loss carryforwards is revealed in 2024. However, with projected flows over the next 10 years, this loss is expected to be fully absorbed.

b) Current tax liabilities

As of December 31, 2025 and 2024, current taxes payable are detailed as follows:

Tax Liabilities	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
Rejected expenses provision (Art. 21 LIR)	16,917	17,608
Income tax payable	103,724	-
Total	120,641	17,608

c) Deferred taxes

Based on the evolution of the business model and its projections, the company's management estimates that the future profit projections for its subsidiary WOM S.A. will allow these assets to be recovered.

Note 15 - Other non-financial liabilities, current and non-current

As of December 31, 2025 and 2024, the balance of other current and non-current liabilities is detailed as follows:

Concepts	12.31.2025		12.31.2024	
	Current	Non-current	Current	Non-current
	ThCh\$	ThCh\$	ThCh\$	ThCh\$
Other non-financial liabilities	192,675	-	620,929	-
Deferred revenue (1)	8,325,995	-	15,571,499	-
Government grants FON project (2)	-	-	9,359,345	-
Advance income related to tower sales to PTI	14,237,409	-	18,596,747	-
Value added taxes (3)	531,820	-	1,957,535	-
Total	23,287,899	-	46,106,055	-

- (1) Corresponds mainly to top-ups of prepaid services unused at period end. Those have an expiration period of 180 days if no new top-ups are made and any deferred income associated with prepaid services (Fiber, Mobile, TV, and A2P) is recognized directly in results when the service is consumed or when the top-up expires. Also included other services related to Conect.
- (2) Represents the prepayment granted by Subtel and related with the government grant for the National Optical Fiber Project (FON). On April 17th, 2020, WOM SpA was notified as an awardee of 5 out of 6 macro zones of the National Optical Fiber Project (FON). WOM SpA will receive ThCh\$ 52,478,535 in subsidy to deploy optic fiber networks to 143 locations. Since the award date, WOM SpA has delivered the 5 committed macro zones for which it received the corresponding subsidies.
- (3) VAT composition is as follows:

Composition of Value added taxes	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
Credit VAT	12,210,409	11,142,717

Bank Loans:

On April 06, 2023, WOM SpA (previously WOM S.A) entered into a loan agreement with Banco BCI for a total amount of USD 10,000,000 this loan had an annual interest rate of 8,50% with maturity on April 1, 2024 (bullet). This financial liability is classified at amortized cost and will be recorded subsequently accruing interest under the effective interest rate method.

As of April 1, 2024, and in connection with the voluntary filing of Chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware as described in Note 2.3, the Group entered into a Senior Secured Superpriority Debtor-in-possession Term Loan Credit Agreement ("DIP Loan") among Kenbourne Invest S.A., a Luxembourg public limited liability company (société anonyme) incorporated and existing under the laws of Luxembourg, as a debtor and debtor-in-possession under Chapter 11 of the Bankruptcy Code (the "Borrower"), NC Telecom II AS, as a debtor and debtor-in-possession under Chapter 11 of the Bankruptcy Code (the "Parent"), the Subsidiaries of the Parent from time to time party hereto, each as a debtor and debtor-in-possession under Chapter 11 of the Bankruptcy Code, the LENDERS from time to time party hereto, JPMorgan Chase Bank, N.A., as Administrative Agent and TMF Group New York, LLC, as Collateral Agent.

Bonds payable - New Senior Secured Notes Due 2031:

By private instrument dated March 21, 2025, a bond indenture in the English language and governed by the laws of the State of New York, United States, entitled the "Senior Secured Notes Indenture" (hereinafter, and as amended, supplemented, or amended and consolidated from time to time, the "Secured Indenture"), was entered into by WOM Mobile, as issuer, WOM Chile Holdco, as parent company, WOM, Conect, Multikom and NC Telecom II AS, as guarantor subsidiaries, UMB Bank, National Association, as representative of the bondholders, paying agent, registrar agent and transfer agent, and TMF Group New York LLC, as foreign security agent.

Pursuant to the terms of the Secured Indenture, WOM Mobile issued international bonds (hereinafter, the "Guaranteed International Bonds") starting with an initial amount of USD\$331,875,000 and after a reduction of USD\$4,053,716, the resultant amount stands at USD\$327,821,284 (refer to note 2.3). The International Secured Bonds mature on April 1, 2031, and bear interest at the following rates:

- i. for the period from the issuance of the International Bonds to March 31, 2026, an annual rate of 12,50%;
- ii. for the period from April 1, 2026 to March 31, 2027, an annual rate of 11,00% (payable in cash) or, at the issuer's option, an annual rate of 5,5% payable in cash and an annual rate of 6,5% payable in kind (no cash payment), which will be capitalized to the principal; and;
- iii. for the period from April 1, 2027 to April 1, 2031, an annual rate of 11,00%, or such other rates as may apply in accordance with the Secured Indenture, The rates indicated above are calculated on the basis of a 360-day year divided into 12 months of 30 days each.

The secured notes are mandatory redeemable upon a change in control event and payable in cash. As of December 31, 2025, the secured note balance and accrued interest was ThCh\$ 303,789,566 and ThCh\$ 8,679,926, respectively.

Notes to the Consolidated Financial Statements

As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 16 - Other current and non-current financial liabilities (continued)

Public obligations, securitized bonds:

During December 2025, WOM carried out a financing operation through a securitization of accounts receivable. For this purpose, EF Securitizadora S.A. Patrimonio Separado N°16 issued a securitized bond (BBEFS-P16A) for MUSD 21,640 and a securitized bond (BBEFS-P16B) for ThCh\$ 39,545,621. The amounts actually placed were MUSD 12,118 and ThCh\$ 39,150,165, respectively.

The financing structure has a 42-month term from issuance, with a nominal interest rate of 8.46% for the Series A bond and a rate of 10.08% for the Series B bond.

As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 18 - Equity (continued)

e) Non-controlling interests

This is the recognition of the portion of equity and income from subsidiaries owned by third parties. As of December 31, 2025 and 2024, the non-controlling interests are detailed as follows:

Subsidiaries	Ownership		Shareholders equity (*)		Net income	
	12.31.2025	12.31.2024	12.31.2025	12.31.2024	12.31.2025	12.31.2024
Kenbourne Invest S.A.	0.00%	0.00%	-	9,386,608	-	(18,410,672)
WOM SpA	0.0000000001%	0.0000000001%	-	-	-	-
Conect SpA	0.00%	0.10%	-	(11,451)	-	(1,510)
Multikom SpA	0.00%	0.00003568%	-	-	-	-
Total			-	9,375,157	-	(18,412,182)

(*) Non-controlling interest includes the reserve for exchange rate differences originated in Kenbourne Invest S.A. This reserve corresponds to the conversion of the financial statements of a foreign subsidiary whose functional currency is different from the presentation currency of the consolidated financial statements.

The rollforward of the non-controlling interests as of December 31, 2025 and 2024 and is detailed as follows:

Movements	12.31.2025	12.31.2024
	ThCh\$	ThCh\$
Opening balance	9,375,157	24,967,833
Increase (decrease) from other changes	(9,375,157)	-
Income (loss) for the year	-	(18,412,182)
OCI - translation reserve	-	2,819,506
Total	-	9,375,157

The movements in non-controlling interests in 2025 are a result of the merger between WOM Mobile and Kenbourne.

(In thousands of Chilean pesos ThCh\$)

Note 19 - Revenue and costs

- a) Revenue from ordinary activities for the years ended December 31, 2025 and 2024, is detailed as follows:

Ordinary revenue	01.01.2025 12.31.2025	01.01.2024 12.31.2024
	ThCh\$	ThCh\$
Services provided	504,369,740	490,875,718
Sale of goods (1)	142,223,776	142,309,870
Total	646,593,516	633,185,588

- (1) Corresponds to income from sale of handsets and accessories

- b) For the years ended December 31, 2025 and 2024, other income by nature is detailed as follows:

Other income by nature	01.01.2025 12.31.2025	01.01.2024 12.31.2024
	ThCh\$	ThCh\$
Other Income (2)	138,292	500,192
Brand license (3)	-	1,231,224
Total	138,292	1,731,416

- (2) Corresponds mainly to negotiations carried out with local suppliers.

- (3) Represents the fee charged to Partners Telecom Colombia S.A.S. related to WOM brand license.

- c) For the years ended December 31, 2025 and 2024, Other gains and losses is detailed as follows:

Other gains (losses)	01.01.2025 12.31.2025	01.01.2024 12.31.2024
	ThCh\$	ThCh\$
Net collection	13,922,247	498,357
Lease obligations	(836,435)	(79,956)
Cost of sale towers sold, net of right of use	(11,368,868)	(269,258)
Other expenses	(4,228,067)	(7,297,305)
Other (expenses) income related to financial restructuring process	729,262	-
Total	(1,781,861)	(7,148,162)

On August 12, 2022, the company finalized the initial process agreed in July with the tower infrastructure company Phoenix Tower International, through its local subsidiary, Phoenix Tower International Chile SpA ("PTI") to sell 3,800 towers in Chile. As part of the transaction, PTI acquired 3,079 tower sites between August 12, 2022, and December 31, 2024.

As of December 31, 2025, WOM delivered 80 additional sites. As a result of the transaction performed during 2025, the company generated a pre-tax profit of ThCh\$ 1,716,944.

Note 21 - Contingencies and commitments (continued)

b) Financial restrictions

WOM Mobile S.A. and its subsidiaries successfully completed their Chapter 11 reorganization process in the United States Bankruptcy Court for the District of Delaware in the United States on March 21, 2025 ("Effective Date"). As a result of the Plan of Reorganization, WOM Mobile's new controlling parties are WOM Chile Holdco, through the Ad Hoc Bondholder Group ("AHG"), comprised of funds and accounts managed or supervised by Amundi Asset Management US Inc. ("Amundi"), BlackRock Financial Management Inc. ("BlackRock"), GLG Partners LP ("Man GLG"), and Moneda S.A. Administradora General de Fondos ("Moneda"). On the Effective Date, and using the funds contributed by the new controlling parties, the DIP Loan to JPMorgan Chase Bank NA was fully repaid, canceling all financial obligations related to such financing. Also on that date, the 6.875% Senior Notes due 2024 and the 4.7% Senior Notes due 2028 were retired, thereby terminating all financial obligations related to these issues.

New Senior Secured Notes Due 2031:

On the Effective Date, WOM Mobile SpA (the "Senior Secured Notes Issuer") issued bonds for an aggregate principal amount of USD 327.8 million, secured by first lien collateral on the assets of the group, which were distributed primarily to the holders of the previous bonds, and maturing in 2031 (the "Senior Secured Notes"). Additionally, WOM Chile Holdco SpA, WOM SpA, Conect S.A. and Multikom S.A. guarantee the obligations arising from the Senior Secured Notes. These obligations consist of first lien liens on all assets of the Senior Secured Note Issuer and its Guarantors. Certain financial restrictions of this new bond are set forth in section b.1).

New Senior Convertible Notes Due 2032:

On the Effective Date, WOM Chile Holdco SpA (the "Convertible Bond Issuer") also issued certain Convertible Bonds to the rights offering participants as part of the restructuring plan (including the AHG parties) pursuant to the rights offering proceedings filed with the Delaware court, for an aggregate principal amount of USD 455.6 million due 2032, which are convertible into equity of the issuing company. Certain financial restrictions on this new bond are set forth in section b.2).

Securitized Bonds:

As of December 23, 2025, WOM SpA entered into an agreement for an Account Receivable Facility consisting of a securitization of accounts receivable and future credits originating from WOM SPA's sales of mobile plans and electronic devices (handsets). The transaction, involving EF Securitizadora S.A. (EF) acting as the purchaser of the accounts transferred (securitizer regulated by Chilean Comisión para el Mercado Financiero, CMF), is structured through the EF's issuance of three bond series—senior Series A (USD) and Series B (CLP), plus a subordinated Series C—with a total value not exceeding USD 65 million and a 42-month term. The deal features quarterly interest payments and a 30-month grace period on principal, underpinned by a weekly revolving asset assignment mechanism to maintain a required minimum portfolio value. The structure includes first-degree pledges on collection accounts and payment processor rights, alongside mandatory redemption triggers for events such as payment defaults, insolvency, or change of control negatively affecting risk ratings.

Note 21 - Contingencies and commitments (continued)

b) Financial restrictions (continued)

The main financial restrictions are detailed below:

b.1) Senior Secured Notes Due 2031

Affirmative Covenants:

The definitive documents for the Senior Secured Notes contain customary covenants for the Company and its respective subsidiaries for transactions of this type, including, without limitation, the delivery of quarterly and annual financial statements; other information reasonably requested from time to time by the holders; payment of obligations; tax adjustments; business continuity and maintenance of existence and material rights and privileges; compliance with laws; use of funds; additional guarantees; additional guarantors and guarantors; maintenance of the property in its current condition and maintenance of insurance; maintenance of books and records; the right of the holders, the Collateral Agent, the Trustee (or any representative thereof) to inspect the property, books and records (including periodic field examinations and appraisals of inventory, equipment, and real estate); notifications of defaults, litigation, and other material events; and compliance with laws, including environmental laws (in each case, subject to exceptions to be negotiated in good faith between the parties).

Negative Covenants:

The definitive documents for the Senior Secured Notes will contain the usual negative covenants for transactions of this type, including, among others, that the Company Parties and their respective subsidiaries may not (except as set forth in the definitive documents for the Secured Notes): incur indebtedness (including guarantee obligations); incur liens; release or otherwise modify liens on the Collateral; merge, consolidate, liquidate, or dissolve; refinance debt that is not expressly subordinated to the Secured Notes and has a longer maturity; sell assets; make restricted payments (including dividends and other payments with respect to common stock); make capital expenditures; investments (including acquisitions), loans, and advances; sale and leaseback transactions; swap agreements; Optional payments and amendments to subordinated debt instruments and other debt instruments (including principal or other intercompany debt payments); transactions with subsidiaries; changes in fiscal year; negative lien clauses; and amendments to relevant documents.

The covenants of the Senior Secured Notes do not include any obligations regarding maintenance financial covenants to be reported periodically, such as leverage or liquidity ratios, however, certain financial restrictions are set forth therein to be followed during the course of the financial operations. WOM can certify that has kept, observed, performed and fulfilled its obligations under the Indentures, and is not in default in the performance or observance of any of the terms, provisions and conditions of the Senior Secured Notes financial covenants.

Note 21 - Contingencies and commitments (continued)

b) Financial restrictions (continued)

b.2) Senior Convertible Notes Due 2032

Affirmative Covenants:

The definitive documents for the 2032 Convertible Notes contain the customary affirmative covenants for the Issuer of the Convertible Notes and its subsidiaries in transactions of this type, including, among others, the delivery of quarterly and annual financial statements; other information that holders may reasonably request from time to time; payment of obligations; tax adjustments; business continuity and maintenance of existence and material rights and privileges; compliance with laws; use of funds; additional guarantees; maintenance of the property in its current condition and maintenance of insurance; maintenance of books and records; the right of holders and the Trustee (or any representative thereof) to inspect the property, books and records (including periodic field examinations and appraisals of inventory, equipment, and real estate); notifications of defaults, litigation, and other material events; and compliance with laws, including environmental laws (in each case, subject to exceptions to be negotiated in good faith between the parties).

Negative Covenants:

The definitive documents for the 2032 Convertible Notes contain the usual negative covenants for transactions of this type, including, without limitation, that the Issuer of the Convertible Notes and its subsidiaries may not (except as set forth in the Convertible Notes documents): incur indebtedness (including guarantee obligations); incur liens; merge, consolidate, liquidate, or dissolve; refinance debt that is not expressly subordinated to the Convertible Notes and has a maturity longer than the Convertible Notes; sell assets; make restricted payments (including dividends and other payments related to common stock); make capital expenditures; investments (including acquisitions), loans, and advances; sale and leaseback transactions; swap agreements; optional payments and modifications of subordinated and other debt instruments (including principal and other intercompany debt payments); Transactions with subsidiaries; changes in the fiscal year; negative lien clauses; and modification of material documents.

c) Insurance

Among others, the Group, holds its risk property damage and business interruption insurance on all its facilities under market conditions.

d) Lawsuits filed by the Government against WOM Mobile SpA and its subsidiaries

As of December 31, 2025, there are no lawsuits filed by the Government against WOM Mobile SpA and its subsidiaries.

e) Miscellaneous lawsuits

As of December 31, 2025, the most relevant processes are detailed below:

1.- Provisional Measures Seeking Suspension of the Enforcement of Performance Bonds:

On 23 October 2023, WOM S.A. ("WOM") filed a request for provisional relief (medida cautelar) before the First Civil Court of Santiago, Chile, seeking an order enjoining the enforcement of three performance bonds issued to secure WOM's obligations under its implementation agreements. These bonds, which relate to the 5G Project, amount to approximately CLP 42,449,682,000.

Note 21 - Contingencies and commitments (continued)

e) Miscellaneous lawsuits (continued)

The request was based on the fact that the Undersecretariat of Telecommunications (“Subtel”) had expressed its intention to call the aforementioned performance bonds, alleging that WOM had failed to timely deliver the fully operational network. WOM argued, however, that the delay in delivering 100% of the operational 5G network was due to unforeseen circumstances beyond its control. On 7 November 2023, the First Civil Court of Santiago granted the requested provisional relief.

On 1 July 2024, WOM, WOM Mobile SpA, and their investors—NC Telecom AS and NC Telecom II AS (collectively, the “Claimants”)—initiated arbitration proceedings against the Republic of Chile by submitting a Request for Arbitration before the International Centre for Settlement of Investment Disputes (“ICSID”), pursuant to the Agreement between the Government of the Republic of Chile and the Government of the Kingdom of Norway on the Promotion and Reciprocal Protection of Investments (the “Treaty”).

Along with the Request for Arbitration, the Claimants requested that the Arbitral Tribunal issue provisional measures (hereinafter “Request for Provisional Measures”) to prevent the Republic of Chile from collecting on the performance bonds for the 5G Project.

On 2 August 2024, the Acting Secretary-General of ICSID registered the Request for Arbitration and notified the parties of its registration under ICSID Case No. ARB/24/30.

On 26 June 2025, the ICSID Arbitral Tribunal issued its Decision on the Claimants’ Request for Provisional Measures, rejecting the request. The Tribunal found that, although it had prima facie jurisdiction over the dispute and that the facts alleged by the Claimants could, in theory, constitute a breach of the Treaty, the Claimants had failed to demonstrate that enforcement of the performance bonds was likely or that it would cause imminent or irreparable harm. The Tribunal further held that the causal chain advanced by the Claimants—namely, that enforcement of the bonds would lead to WOM’s insolvency and the loss of its investment—was not sufficiently substantiated.

On October 29, 2025, WOM SpA and the Treasury of Chile entered into a settlement agreement, which was submitted to the proceedings before the ICSID Arbitral Tribunal in order for the tribunal to terminate the arbitration. Additionally, with the signing of said settlement, the following conflicts were deemed settled:

- (i) Administrative sanctioning procedure. Stage 1 of the 5G Project. 700 MHz Band. Case / Docket: *Ordinario* No. 16,399, issued on November 9, 2022, by Subtel. Featuring an administrative sanction and an appeal. Santiago Court of Appeals Entry No. 14,048-2023.
- (ii) Administrative sanctioning procedure. Stage 1 of the 5G Project. AWS Band. Case / Docket: *Ordinario* No. 16,400, issued on November 9, 2022, by Subtel. Featuring an administrative sanction and an appeal. Santiago Court of Appeals Entry No. 14,049-2023.
- (iii) Administrative sanctioning procedure. Stage 1 of the 5G Project. 3.5 GHz Band. Case / Docket: *Ordinario* No. 16,401, issued on November 9, 2022, by Subtel. Featuring an administrative sanction and an appeal. Santiago Court of Appeals Entry No. 14,797-2023.
- (iv) Administrative sanctioning procedure. LL.OO. Stage. Case / Docket: *Ordinario* No. 16,257, issued on May 8, 2023, by Subtel. Featuring an administrative sanction and an appeal. Santiago Court of Appeals Entry No. 1,366-2024.

Note 21 - Contingencies and commitments (continued)

e) Miscellaneous lawsuits (continued)

- (v) Administrative sanctioning procedure. Stage 2. 3.5 GHz Band. Case / Docket: *Ordinario* No. 17,580, issued on December 22, 2023, by Subtel. Featuring an administrative sanction and an appeal in the process of being elevated to the Most Illustrious Court of Appeals of Santiago.
- (vi) Administrative sanctioning procedure. Stage 2. 700 MHz Band. Case / Docket: *Ordinario* No. 17,581, issued on December 22, 2023, by Subtel. Featuring an administrative sanction and an appeal in the process of being elevated to the Most Illustrious Court of Appeals of Santiago.
- (vii) Administrative sanctioning procedure. Stage 2. AWS Band. Case / Docket: *Ordinario* No. 17,582 of 2023, issued on December 22, 2023, by Subtel. Featuring an administrative sanction and an appeal in the process of being elevated to the Most Illustrious Court of Appeals of Santiago.
- (viii) Pre-judgment injunctive relief regarding Guarantees. "Wom S.A. vs. Undersecretariat of Telecommunications and Other." C-18.027-2023, 1st Civil Court of Santiago. Pending appeals. Santiago Court of Appeals Entries No. 204-2024, 719-2024, and 14,450-2024.

2.- Claim for abuse of dominant position against WOM before the Chilean Antitrust Court (Tribunal de Defensa de la Libre Competencia), for alleged anticompetitive and exclusionary practices, in its capacity as a dominant party in the SMS A2P market:

Connectus SpA, Altera and other plaintiffs filed a lawsuit against WOM on August 2, 2022.

The lawsuit, referred to as the "A2P Case", involves multiple plaintiffs - Connectus SpA, Altera, and others – alleging anticompetitive practices and unfair treatment by WOM. The plaintiffs claim that WOM introduced unilateral changes to their agreements, including imposing higher rates for A2P SMS services and refusing to enable short numbering, essential for their operations. They argue that WOM's actions have resulted in financial losses and hindered their ability to compete in the market.

On June 12, 2025, the TDLC ruled on the case, imposing a fine payable to the Chilean Treasury for WOM of UF 1,312 (approximately USD 1,200,000), within a possible maximum of UF 60,000 (approximately USD 50,000,000).

On June 26, 2025, WOM filed an appeal with the Supreme Court, requesting the revocation of the judgment (and the fine). WOM argued there were procedural defects in the TDLC's handling of the case and substantive defects concerning the merits, which allegedly led to the imposition of an excessive fine against WOM. The case is currently pending before the Supreme Court, awaiting oral arguments from the parties. As of December 31, 2025, the appeal continues its processing before the Supreme Court, awaiting oral arguments (pleadings).

3.- Claim of unfair competition against WOM:

ENTEL PCS Comunicaciones S,A, and Empresa Nacional de Telecomunicaciones S,A, (jointly "Entel") filed a lawsuit against WOM on April 6, 2018, alleging unfair competition, based on the broadcasting of two advertising spots in November 2017 and March 2018; in addition to the projection of WOM's logo in the "Entel Tower" in October 2017. The lawsuit was filed before the 7th Civil Court of Santiago on Docket No, C-10234-2018.

Note 21 - Contingencies and commitments (continued)

e) Miscellaneous lawsuits (continued)

On May 30, 2018, WOM responded to the lawsuit requesting its complete rejection.

On April 28, 2022, the court rejected Entel's lawsuit in its entirety.

On May 13, 2022, Entel filed an annulment remedy (recurso de casación en la forma) together with an appeal, in order to have the judgment annulled or revoked, requesting that its claim be accepted.

On May 16, 2022, WOM also appealed the judgment, requesting that certain rejected defenses should be accepted and that Entel should be ordered to pay the trial costs for having been totally defeated in the trial and not having plausible grounds to litigate.

On August 14, 2025, the hearing of the case ("vista de la causa") took place, and the case is now under review by the Supreme Court for deliberation. The judgment in this case is expected to be issued toward the beginning of 2026.

4.- Collection of FON (Fibra Óptica Nacional) project performance bond ("boleto de garantía") for an amount of UF96,000 (approx, USD 3,840,000):

On December 12, 2023, Subtel issued a resolution ordering the execution of the performance bond associated with the FON project for the central-south (CTS) macro zone, alleging (i) that such guarantees had not been timely renewed and (ii) that the deadlines for the commencement of service in the CTS macro zone was not met, WOM filed a request with Subtel to issue a reimbursement of the amount collected in excess.

Likewise, in December 2024, Subtel issued a resolution ordering the execution of the guarantee bond associated with the FON project for the NTE macro zone.

On January 2025, Subtel cashed in such guarantee bond.

On January 3, 2025, the Company filed a motion for reconsideration with an appeal to a higher authority in the alternative (entry No. 929), alleging the lack of proportionality in the billing charge. As of December 31, 2025, Subtel has not issued a decision (or "ruling") on the matter.

5.- USA Service v, WOM, filed before the Arbitration and Mediation Center, Case No, A 6555-2024:

Arbitration claim filed by USA Service seeking payment of \$1,057,338 for alleged civil or electrical works performed and not paid for by WOM. USA Service justifies its claim on the existence of a framework contract that authorized it to carry out certain works upon express instruction from WOM, many of which remain unpaid to date. The case is currently on evidentiary stage. As of December 31, 2025, the case remains in the same status, due to the suspension of the proceedings agreed upon by the parties.

Note 21 - Contingencies and commitments (continued)

e) Miscellaneous lawsuits (continued)

6.- Telecomunicaciones P&T Systems SpA v. WOM, filed before the Arbitration Center of the Santiago Chamber of Commerce.

This claim pertains to alleged contractual breaches by WOM SpA regarding work performed by P&T Systems SpA on the FON project (2022-2023). The claimant is seeking payment of UF 68,236 (approximately USD 2,500,000). On December 9, 2025, Telecomunicaciones P&T Systems SpA and WOM SpA (and Conect SpA), entered into a settlement, waiver, and release agreement, thereby settling the dispute that gave rise to this arbitration.

7.- CCP Ingeniería y Telecomunicaciones Limitada v. WOM SpA.

Civil lawsuit filed by CCP Ingeniería y Telecomunicaciones Limitada against WOM SpA for alleged works and repairs that—according to the plaintiff—were reportedly completed and unpaid by WOM, in connection with the FON project in Ñuble and Calama, during April and May 2023. The plaintiff seeks specific performance of the contract plus damages, for a total amount of CLP 1,745,897,000 (M\$ 1,745,897). The case is currently in the initial pleading stage in the court of first instance.

Note 22 - Risk management

22.1) Financial risk factors

The activities of the Group and its subsidiaries expose the company to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. Our overall risk management program seeks to identify, assess, and, if necessary, mitigate these financial risks in order to minimize potential adverse effects on our financial performance. Our risk mitigating activities include the use of financial derivatives to hedge certain risk exposures. Management is responsible to identify, monitor, evaluate and hedge financial risks, in accordance with the corporate policies approved by the Board of Director.

As of October 30, 2025, Fitch Ratings has assigned Long-Term Foreign and Local Currency Issuer Default Ratings (IDRs) of 'B' to both WOM Mobile SpA and its parent, WOM Chile Holdco SpA. Particularly, the rating agency assigned a favorable 'BB-' rating to WOM Mobile SpA's (with initial amount of) USD327 million Senior Secured Notes due 2031, with a Recovery Rating of 'RR2'. In addition, Fitch assigned 'B' rating to WOM Chile Holdco SpA's (with initial amount of) USD455 million Unsecured Convertible Notes due 2032, with a Recovery Rating of 'RR4'. The overall Outlook is designated as Stable.

Note 22 - Risk management (continued)

22.1) Financial risk factors (continued)

This note explains the group's exposure to financial risks and how these risks could affect the group's financial performance:

Risk	Exposure arising from	Measurement	Management
Exchange rate risk	Bonds and DIP loan issues in USD	Sensitivity analysis	Asset and liability management in foreign currency
	Short-term investment in USD	Sensitivity analysis	Asset and liability management in foreign currency
Interest rate risk	Short-term investment in Chilean pesos and US Dollars	Sensitivity analysis	Money-market instruments with minimum duration
Credit Risk	Trade Receivables	Sensitivity analysis	Customer credit risk analysis and bad credit provisions
	Cash and cash equivalents and financial derivatives	Sensitivity analysis	Bank diversification based on credit rating and maximum allocation
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of new money through capital contributions and working capital lines

a) Exchange risk

The Company has an exposure to foreign exchange risk, based on foreign currency bonds issued for the development of the Company investment plan and to DIP loan facility.

Exposure:

As of December 31, 2025 and 2024, the group's exposure to foreign currency risk was as follows:

Exchange rate	12.31.2025		12.31.2024	
	USD	ThCh\$	USD	ThCh\$
Bonds	(327,821.28)	(297,376,521)	(637,997.00)	(635,738,491)
Short-term money market investment	37,132.26	33,683,786	31,811.02	31,698,408
IFRS 16	(241,156.64)	(218,760,423)	(231,412.50)	(230,593,301)
Net related parties	1,972.63	1,789,436	347,072.33	345,843,690
Net Exposure	(529,873.03)	(480,663,722)	(490,526.16)	(488,789,694)

We have performed a sensitivity analysis as of December 31, 2025 to determine the impact on the Group's results produced by the increase/decrease FX USD/CLP:

USD/CLP Change	Impact in profit or loss ThCh\$
10%	(43,696,702)
-10%	53,407,080

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 22 - Risk management (continued)

22.1) Financial risk factors (continued)

b) Interest rate risk

The group's main interest rate risk arises from a short-term investment portfolio in Chilean pesos and in USD. Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

As of December 31, 2025 and 2024, the Group holds the following short-term investment portfolio:

Interest rate	12.31.2025		12.31.2024	
	USD	ThCh\$	USD	ThCh\$
In Chilean Pesos	80,384.18	72,918,903	27,150.28	27,054,165
In USD	37,132.26	33,683,786	31,811.02	31,698,408
In Euro	-	-	1.82	1,816
Total	117,516.44	106,602,689	58,963.12	58,754,389

We have performed a sensitivity analysis as of December 31, 2025 to determine the impact on the Group's results produced by the increase/decrease in short-term interest rates:

Interest rate change	Impact in profit or loss ThCh\$
10%	(39,545,909)
-10%	39,545,909

c) Credit Risk

The credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, which leads to a financial loss. The Group and its subsidiaries are exposed to credit risk primarily with respect to their trade receivables.

Credit risks related to customer credit are managed according to the policies, procedures and controls established by the Group and its subsidiaries, related to the management of customer credit risk. The customer's credit quality is continuously evaluated. Pending charges to customers are supervised.

The actions performed by the Group and its subsidiaries to minimize the bad debt risk include outsourcing of collection services and internal collection activities throughout the lifecycle of the documents issued to customers either for services provided or for the sale of telephones.

Additionally, the Company performs a credit analysis of each potential customer to ensure collections on services provided. This credit analysis results in delivering an offer to such customer based on risk, controlling the levels of bad debts, in line with the definitions established by the Group. The credit analysis uses predictive models for origination and behavior, which are periodically analyzed and calibrated.

Note 22 - Risk management (continued)

22.1) Financial risk factors (continued)

c) Credit Risk (continued)

We have performed a sensitivity analysis as of December 31, 2025 and 2024 to determine the impact on the Group's results produced by the increase/decrease of the probability of default (variables associated with the calculation of the provision for bad debts).

Change in probability of default	12.31.2025	12.31.2024
	Impact in profit or loss ThCh\$	
10%	(1,903,465)	(672,697)
-10%	5,132,974	708,156

The Company's investments in money-market instruments and time deposits are considered to be low credit risk investments. The credit ratings of the investments and banks counterparties are monitored weekly for credit deterioration.

d) Liquidity Risk

Risk generated by a mismatch between financing needs (including operating and financial expenses, investments, debt repayments, and dividend commitments) and sources of financing (including revenues, divestitures, credit lines from financial institutions, and capital market transactions).

The cost of financing could also be affected by movements in credit spreads (over reference rates) required by lenders.

The Company maintains sufficient cash and marketable securities and the availability of financing through an adequate amount of committed credit lines to meet maturing obligations and close out market positions.

Management monitors rolling forecasts of the Company's liquidity reserve (which includes undrawn borrowing facilities) and cash and cash equivalents based on expected cash flows.

22.2) Capital management

The Company's capital comprises share capital, equity attributable to the parent, and all reserves. The Group's primary capital management objective is to maintain a strong credit rating and healthy capital ratios to support business operations and maximize shareholder value, adjusting its capital structure in response to shifting economic conditions.

Note 23 - Personnel

As of December 31, 2025, the Company's personnel amounted to 1,876 employees, averaging 1,870 employees during the year to December 31, 2025. As of December 31, 2024, the Company's personnel totaled 2,017 employees, averaging 2,066 employees during the year to December 31, 2024.

Notes to the Consolidated Financial Statements
WOM MOBILE SpA AND SUBSIDIARIES
As of and for the years ended December 31, 2025 and 2024
(In thousands of Chilean pesos ThCh\$)

Note 24 - Sanctions

The Group, its Directors and Management have not been affected by sanctions of any nature from regulators or any other administrative authorities.

Note 25 - Events after the reporting period

Former executives of WOM filed a labor lawsuit before the 1st Labor Court of Santiago demanding the payment of the *prepetition* "PSA Bonus" (Profit Share Agreement), a lawsuit that was served on February 12, 2025.

The plaintiffs argue that the restructuring under Chapter 11 of the U.S. Bankruptcy Code (March 2025), which involved the sale of 92% of the shares to third parties, constituted a liquidity event or "Exit".

The preparatory hearing is scheduled for June 3, 2026.

There are no other subsequent events occurring between December 31, 2025, and the issuance date of these financial statements that require disclosure.
