SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

On 17 September 2020, our Board had announced to Bursa Securities that we proposed to seek our shareholders' approval for the Proposed Renewal of Share Buy-Back Authority at our forthcoming Twenty Second ("22nd") AGM.

The purpose of this Statement is to provide you with the relevant information on the Proposed Renewal of Share Buy-Back Authority and to seek your approval on the ordinary resolution in relation to the Proposed Renewal of Share Buy-Back Authority to be tabled at our forthcoming 22nd AGM. The notice of the 22nd AGM and the proxy form are set out in the Integrated Annual Report.

We advise you to read and carefully consider the contents of this Statement before voting on the ordinary resolution in relation to the Proposed Renewal of Share Buy-Back Authority to be tabled at our forthcoming 22nd AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

At our Twenty First (21st) AGM held on 8 January 2020, you had inter-alia, granted a mandate for our Company to purchase and/or hold in aggregate up to ten per centum (10%) of the total number of issued shares at any point in time through Bursa Securities ("**Shareholders' Mandate**"). As at LPD, our Company had 49,859,100 Treasury Shares.

The authority conferred by the Shareholders' Mandate shall in accordance with the Main LR lapses at the conclusion of our forthcoming 22nd AGM unless authority for its renewal is obtained from our shareholders at our forthcoming 22nd AGM.

Our Company proposed to seek the authorisation from our shareholders for a renewal of the authority for our Company to purchase its own shares and/or hold as Treasury Shares representing up to ten per centum (10%) of the total number of issued shares at any point in time through Bursa Securities in accordance with Section 127 of the Act, the Main LR and/or any other relevant authority.

As at LPD, the total number of Shares issued by our Company is 8,193,682,334 Shares (inclusive of 49,859,100 Treasury Shares). As an illustration, the maximum number of Top Glove Shares which may be purchased and/or held by our Company will not be more than 819,368,233 Top Glove Shares based on the total number of issued Shares as at LPD, the amount of which includes 49,859,100 Treasury Shares.

As at LPD, our Company has 21,817,900 Outstanding Options. Should the total number of issued Shares increase due to the exercise of the Outstanding Options, the maximum number of Top Glove Shares that can be purchased is up to ten per centum (10%) of the enlarged total number of issued Shares at the time of purchase.

The authorisation, if given, shall be effective immediately upon the passing of the ordinary resolution relating thereto at our forthcoming 22nd AGM and will continue to be in force until:

- i) the conclusion of our next AGM following the general meeting, at which such resolution was passed, at which time it will lapse, unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
 - ii) the expiration of the period within which our next AGM after that date is required by law to be held; or
 - iii) revoked or varied by ordinary resolution passed by our shareholders in a general meeting,
- whichever occurs first.

3. RATIONALE FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority is likely to potentially benefit our Company and you in the following manner:

- i) Enable our Group to utilise surplus financial resources to purchase Top Glove Shares;
- ii) Our Company may be able to stabilise the supply and demand of Top Glove Shares in the open market and thereby support its fundamental value;
- iii) All other things being equal, the Proposed Renewal of Share Buy-Back Authority will result in a lower number of Top Glove Shares being used for the purpose of computing EPS, if the Purchased Shares are subsequently cancelled or during the period such Shares are held as Treasury Shares. Therefore, the Proposed Renewal of Share Buy-Back Authority will improve the EPS of our Company, which is in turn expected to have a positive impact on the market price of the Top Glove Shares; and
- iv) If the Purchased Shares are kept as Treasury Shares, our Company may resell such Top Glove Shares at a higher price. Alternatively, the Treasury Shares may be distributed as share dividends to reward our shareholders; or transferred for the purposes of or under an employees' share scheme; or such other purposes as allowed under the Act.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

4.1 Potential Advantages:

- i) The Proposed Renewal of Share Buy-Back Authority will allow our Company to utilise our financial resources where there is no immediate use, to purchase Top Glove Shares. The Purchased Shares are expected to enhance the consolidated EPS;
- ii) The Proposed Renewal of Share Buy-Back Authority may also stabilise the supply and demand of Top Glove Shares traded on Bursa Securities and reduce the volatility of Top Glove Shares' prices. The stability of Top Glove Shares' prices is important to maintain investors' confidence to facilitate any future fund raisings exercise via the equity market;
- iii) The Proposed Renewal of Share Buy-Back Authority will also provide us with opportunities for potential gains if the Purchased Shares which are retained as Treasury Shares are resold at prices higher than their purchase prices; and
- iv) In the event the Treasury Shares are distributed as share dividends, it will serve to reward our shareholders.

4.2 Potential Disadvantages:

- i) The Proposed Renewal of Share Buy-Back Authority, if implemented, will temporarily reduce our financial resources. However, our financial resources may recover or increase if we resell the Purchased Shares held as Treasury Shares in the market;
- ii) The funds allocated for the Proposed Renewal of Share Buy-Back Authority could be used for other better investment opportunities which may emerge in the future; and
- iii) As the funds to be allocated for the Proposed Renewal of Share Buy-Back Authority must be made wholly out of our Company's retained profits, the amount available from this account for distribution of dividends to our shareholders may decrease accordingly.

Nevertheless, our Board is of the view that the Proposed Renewal of Share Buy-Back Authority is not expected to have any potential material disadvantage to you as shareholders as well as our Company as it will be implemented only after careful consideration of our financial resources and the resultant impact on you.

5. FUNDING

A sum of not exceeding the aggregate of our Company's retained profits at the time of purchases will be allocated for the Proposed Renewal of Share Buy-Back Authority. The funding of the Proposed Renewal of Share Buy-Back Authority will be from internally generated funds and/or external borrowings. The amount of internally generated funds and/or external borrowings to be utilised will only be determined later depending on, amongst others, the availability of internally generated funds, actual number of Top Glove Shares to be purchased and other relevant cost factors. The actual number of Top Glove Shares to be purchased and/or held and timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as the retained profits and financial resources available to our Company. If our Company purchases the Top Glove Shares using external borrowings, our Board will ensure that our Company has sufficient funds to repay the external borrowings and that the external borrowings will have no material effect on our cash flows.

The maximum fund to be allocated by our Company for the Proposed Renewal of Share Buy-Back Authority will be made wholly out of retained profits. As at 31 August 2020, our audited accumulated retained profits was RM3,131,530,000.

6. TREATMENT OF PURCHASED SHARES

Pursuant to the provisions of Section 127(7) of the Act, our Board may deal with the Purchased Shares in the following manner:

- (a) Cancel the Shares so purchased; or
- (b) Retain the Shares so purchased as Treasury Shares; or
- (c) Retain part of the Shares so purchased as Treasury Shares and cancel the remainder; or
- (d) Distribute the Treasury Shares as share dividends to shareholders; or
- (e) Resell the Treasury Shares or any of the said shares in accordance with the Main LR; or
- (f) Transfer the Treasury Shares or any of the said shares as purchase consideration; or
- (g) Transfer the Treasury Shares or any of the said shares for the purposes of or under an employee's share scheme or such other purpose as allowed under the Act; or
- (h) Cancel the Treasury Shares or any of the said shares.

Appropriate announcement(s) and notice(s) will be made to Bursa Securities and the relevant authorities in respect of our Board's decision on the treatment of the Purchased Shares in compliance with the Main LR and the Act. Our Board may decide to cancel the Purchased Shares if the cancellation of the said shares is expected to enhance the EPS of our Group and thereby in the long-term, have a positive impact on the market price of the Shares. If our Board decides to retain

the Purchased Shares as Treasury Shares, it may distribute the Treasury Shares as share dividends to the shareholders and/or resell the Purchased Shares in accordance with the Main LR and utilise the proceeds for any feasible investment opportunity arising in future as working capital.

While the Purchased Shares are held as Treasury Shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the Treasury Shares shall not be taken into account in calculating the number of percentage of Shares or a class of shares in our Company for any purpose including substantial and major shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the shareholders.

- Our Company purchases 821,550,023 Top Glove Shares, representing approximately ten per centum (10%) of our Company's enlarged total number of issued Shares (assuming full exercise of the 21,817,900 Outstanding Options), from parties other than our Directors and Substantial Shareholders.

Public Shareholding Spread

Further to the above, our Board is mindful of the requirement that the Proposed Renewal of Share Buy-Back Authority must not result in the number of Top Glove Shares, which are in the hands of the public falling below 25% of the total number of Top Glove Shares.

As at LPD, the public shareholding spread of our Company was 59.25%. The public shareholdings spread of our Company is expected to be reduced to 55.40% assuming the Proposed Renewal of Share Buy-Back Authority is implemented in full and all the Purchased Shares are cancelled. However, our Company will ensure that prior to any share buy-back exercise, the public shareholding of at least 25% is maintained.

8. EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The effects of the Proposed Renewal of Share Buy-Back Authority are presented below based on the following assumptions:

- (i) the purchase of own shares of up to ten per centum (10%) of the total number of issued Shares is carried out in full; and
- (ii) the Purchased Shares are retained as Treasury Shares.

* Includes the 49,859,100 Purchased Shares that are held as Treasury Shares as at LPD.

8.2 NA

The consolidated NA of our Company may increase or decrease depending on the number of Purchased Shares, the purchase prices of the Top Glove Shares, the effective cost of funding and the treatment of the Purchased Shares pursuant to the Proposed Renewal of Share Buy-Back Authority.

The Proposed Renewal of Share Buy-Back Authority will reduce the NA per Top Glove Share if the purchase price exceeds the NA per Top Glove Share at the time of purchase. However, the NA per Top Glove Share will increase if the purchase price is less than the NA per Top Glove Share at the time of purchase.

8.3 Working Capital

The Proposed Renewal of Share Buy-Back Authority would reduce funds available for working capital purposes of our Company, the quantum of which would depend on the purchase price, the actual number of Purchased Shares and any associated costs incurred in making the purchase. However, if the Purchased Shares held as Treasury Shares are subsequently resold in Bursa Securities, the working capital of our Group will increase if the Company realises gain from the resale.

8.4 Earnings

The effects of the Proposed Renewal of Share Buy-Back Authority on the earnings of our Group would depend on the purchase price, the number of Purchased Shares and the effective funding cost or loss in the interest income to our Company or opportunity cost in relation to other investment opportunities. The effective reduction in the issued and paid-up share capital of our Company pursuant to the Proposed Renewal of Share Buy-Back Authority will, generally, all else being equal, have a positive impact on the consolidated EPS of our Company.

9. IMPLICATIONS OF THE CODE AND THE RULES

Pursuant to the Code and the Rules, a person, and any person acting in concert with him, will be required to make a mandatory offer for the remaining Shares not already owned by him/them if his/their stake in our Company is increased to beyond 33% or if his/their shareholding is between 33% and 50% and increases by another 2% in any 6-month period. However, an exemption may be granted by the SC upon application by such person(s).

Our Company does not intend to undertake the Proposed Renewal of Share Buy-Back Authority such that it will trigger any obligation to undertake a mandatory offer pursuant to the Code and the Rules. However, in the event an obligation to undertake a mandatory offer is to arise with respect to any party resulting from the Proposed Renewal of Share Buy-Back Authority, the relevant parties shall make the necessary application to the SC for a waiver to undertake a mandatory offer pursuant to the Code.
