

MYP LTD.

Sustainability Report 2021

(Financial Year Ended 31 March 2021)

BOARD STATEMENT 102-14

Dear stakeholders,

I would like to thank everyone for the support provided to MYP Ltd. ("MYP") together with its subsidiaries (the "Group") during the year. While we are facing an ever-changing environment, MYP will continue to monitor closely the local and various markets in the Southeast Asia region, and exercise financial prudence with strong business acumen to ensure our investment decisions always further our aim of a sustainable growth and optimal returns for the Group and our shareholders.

We apply this strategy through:

- Acquiring iconic buildings and enhancing their desirability and value; and
- Maximising the potential in existing buildings and transforming them to enhance their facilities, functions and value.

In addition to optimising returns, we also recognise the importance of ensuring the sustainability of the Group. We are pleased to present our Sustainability Report 2021 (the "Report").

This Report aims to inform our stakeholders about our sustainability performance in a transparent and accountable manner. It covers the Group's strategies, policies, practices and performance in relation to economic, environmental, social and governance issues ("ESG").

Our report draws on the internationally recognised framework, the Global Reporting

Initiative's ("GRI") Sustainability Reporting Standards.

At MYP, we recognise that sustainability forms an integral part of our operations and strategies, and we strive to drive our operations in the direction in which we can contribute positively to all our stakeholders.

After conducting a materiality review and assessment with our external consultants, we have identified 14 indicators that matter the most to our business and stakeholders. These material issues are taken into account through our four sustainability strategies – Business Integrity, Environmental Sustainability, Health & Safety and Human Capital.

BOARD STATEMENT 102-14

Business Integrity

Business integrity and corporate governance are important core values to MYP. We do not tolerate any form of corruption or fraud within the organisation.

Policies have been established to address business conducts expected from all employees. Our whistleblowing policy provides avenues for staff to raise concerns about possible improprieties in matters which may adversely affect the Group. In addition, we enforce a Code of Conduct and Ethics. It sets out guidelines for our employees to practise appropriate workplace behaviours and how to partner with our stakeholders in an ethical and responsible manner.

Environmental Sustainability

With growing importance of sustainability, we recognise that there is a need to contribute towards combatting climate change. MYP is committed to minimising our environmental impact by focusing on reducing our energy footprint while concurrently balancing our commercial needs.

Health & Safety and Human Capital

Our employees and tenants are highly valued as they are the key contributors to MYP's growth and success.

We focus on the health and safety of our employees and tenants by ensuring that their working environment is safe. Hence, we emphasise on maintaining the structural integrity of our buildings and putting adequate safety measures in place.

These are achieved through various initiatives such as conducting annual table-top briefings to tenants, forming certified first aid teams for each building and implementing emergency response plans at each site.

BOARD STATEMENT 102-14

Looking Ahead

The dynamic and fast paced environment today is contributing to the constant evolution of the economic, environment, social, and governance landscape.

We recognise the need to adapt our operations and sustainability strategies to these changes and will continue to integrate sustainability into our daily operations across the Group. We appreciate and are thankful to all our stakeholders who are embarking this journey with us to build a more sustainable future.

Jonathan Tahir
Executive Chairman and
Chief Executive Officer

OUR APPROACH TO SUSTAINABILITY

Materiality Review Process [102-44](#) [102-46](#) [102-47](#)

The Materiality Principle is applied to define the content of the Sustainability Report.

As part of MYP's processes to determine materiality, an internal strategy review and sustainability workshop moderated by an external consultant was organised. During these sessions, the Group reviewed its vision, mission, core values, strategic directions, sustainability impacts and material topics.

We reflected on significant economic, environmental and social impacts to determine topics that are material to the organisation. 14 indicators, which are grouped into three main categories, were identified during the assessment conducted in accordance with GRI's Sustainability Reporting Standards 2016.

The materiality assessment was subsequently endorsed by MYP's Sustainability Reporting Committee.

BUSINESS INTEGRITY 102-16 205-2

MYP is committed to achieving and maintaining a high standard of corporate governance and business integrity within the Group.

The Group has substantially complied with the recommendations of the Code of Corporate Governance 2018 ("Code") through effective self-regulatory corporate practices to protect and enhance the interests of its shareholders.

Code of Conduct and Ethics

MYP's Code of Conduct and Ethics is a set of expectations and guiding principles for our employees to practise appropriate workplace behaviours and how to partner with our stakeholders in an ethical and responsible manner.

The guiding principles for the Code of Conduct and Ethics are as follows:

- Integrity
- Quality
- Professionalism
- Social Responsibility
- Objectivity
- Confidentiality
- Protection and Proper Use of Company Assets

Whistleblowing Policy and Procedures

Our whistleblowing policy provides an avenue for our employees to raise concerns which may adversely affect the Group. The policy is administered by the Whistle-blower Panel under the guidance and oversight of the Audit Committee Chairman.

There are three reporting lines available for our employees.

1. Reporting through their immediate supervisor, manager or Head of Department;
2. Reporting through a member of the Whistle-blower Panel; or
3. Reporting through the Audit Committee Chairman.

The summary of the policy process is highlighted below.

We are pleased to report that there were no instances of corruption during FYE 2021.205-3

ENVIRONMENT

Energy Consumption [302-1](#)

Electricity forms a bulk of the overall energy consumption in running a commercial building. Therefore, it is essential to closely monitor the trend and focus on electricity reduction initiatives that can significantly improve the energy efficiency of the buildings, while ensuring liveability and long-term sustainability. Tracking and monitoring electricity consumption is performed monthly.

For FYE 2021, the Group consumed a total of 2,401,406 kilowatts of electricity across the common areas of two commercial properties.

Reduction of Energy Consumption [302-4](#)

MYP is committed to ensuring energy efficiency as part of our sustainability strategies. We recognise the importance of energy reduction. Installation of lighting motion sensors in common areas for MYP Centre is just one example of our energy-saving initiatives.

We are pleased to announce that MYP Centre has been awarded Gold for the BCA Green Mark (Gold) since August 2016 and it was renewed on 22 July 2019. The BCA Green Mark is a benchmarking scheme that aims to recognise the best practices in environmental design and performance.

Water [303-1](#)

MYP strives to achieve a balance in water conservation and providing a reliable supply of water to its tenants. Water consumption of all commercial properties is tracked and monitored monthly.

For FYE 2021, the Group's water consumption totalled to 9,351.8 cubic metres.

Compliance

MYP complies fully with laws and regulations pertaining to the environmental aspect. [307-1](#)

SOCIAL

Employment

Employees are crucial assets to MYP and they play a significant role in ensuring a high level of efficiency and achieving improved business performance.

In FYE 2021, there was no significant movement in headcount during the year.

401-1

Diversity of Employees 405-1

We firmly believe in equal employment opportunities for all, regardless of race, gender or age. Discrimination of any kind, be it by race, gender, religious belief or age, is strictly not tolerated at MYP.

Of the total employed, the gender split between males and females is 64% and 36% respectively.

We are pleased to report that there were no incidences of discrimination reported by our employees in FYE 2021. 406-1

Labour Practices Grievance Mechanism

There were no instances or grievances about labour practices filed through formal grievance mechanisms in FYE 2021.

Health and Safety

Occupational health and safety of our employees and tenants is of a great importance to MYP.

Across all two commercial properties, we implement specific initiatives to ensure safety requirements are met to create a safe environment. We are pleased to report that there were no injuries and lost days in FYE 2021. 403-2

Emergency Response Plan

The Emergency Response Plan is a step-by-step guide circulated to all tenants in all commercial properties. They are educated on evacuation procedures in case of an emergency as to ensure a quick and efficient reaction to safeguard lives and assets.

The emergency exercise is conducted at least twice a year to validate the emergency plan.

SOCIAL

Health and Safety

Table-Top Briefing

The Table-Top briefing is an exercise conducted annually to brief tenants on evacuation planning. The aim of the briefing is for tenants to understand the need for evacuation procedures, what an Emergency Response Plan is, the composition of the Fire Safety Committee, comprehend the concept of evacuation and distinguish the types of evacuation alarms.

First Aid Training

All our commercial properties have a designated Company Emergency Response Team ("CERT") whose role is to conduct initial firefighting and rescue operations so as to mitigate and control any emergency, before the arrival of the Singapore Civil Defence Force. This is also to comply with Section 22 (3a) of Fire Safety Act Cap 109A.

The CERT structure is as follows:

Each CERT requires a minimum of four certified members who are trained in first

aid. All staff who are certified in CPR + AED are being accredited by National Resuscitation Council of Singapore.

Customer Privacy

MYP Personal Data Policy is published on our company's website, disclosing the situations we collect personal data, what and how we use the information for.

There were no complaints received concerning breaches of personal data privacy for FYE 2021. [418-1](#)

Compliance

There were no incidents of non-compliance to regulations and voluntary codes concerning the health and safety impacts of products and services within the reporting period. [416-2](#)

MYP is also not aware of any violations of laws and regulations relating to the economic and social aspects in FYE 2021. [419-1](#)

We aim to maintain the good performance for FYE 2022.
