AcroMeta Group Announces Launch of Zhimao's China Operations Through Strategic Cooperation in Shenzhen

- Exclusive operating entity established in Shenzhen to drive ZhiMao's Mainland China expansion
- Local China team brings deep expertise in new energy, advanced manufacturing and cross-border trade
- Builds on a growing ecosystem of successful customer trial, SIMM partnership and expanding APAC footprint

[L-R] Mr Lawrence Toh (卓克豪), Executive Director of AcroMeta Group Limited and Mr Lucas Lau (刘程), Chief Executive Offer of Shenzhen Shenwei Zhimao Technology Ltd.

Singapore, 11 June 2026 – AcroMeta Group Limited (“**AcroMeta**”, or the “**Company**”, and together with its subsidiaries, the “**Group**”) announced that its subsidiary, AcroMeta Lifestyle Pte. Ltd. (“**AcroMeta Lifestyle**”) has entered into an agreement (the “**Agreement**”) with Shenzhen Shenwei Zhimao Technology Ltd. (深圳市深维智猫科技有限公司) (“**SSZT**”), establishing a dedicated operating entity to bring the ZhiMao (智猫) AI trade platform to Mainland China.

Shenzhen Shenwei Zhimao Technology Ltd. is a technology company specialising in AI software development, data services and system integration.

The Agreement marks the commencement of ZhiMao's expansion into the Mainland China market through SSZT, which will be responsible for developing and operating the ZhiMao trade platform, including ProcureRadar AI, in Mainland China.

ProcureRadar AI is part of ZhiMao's platform, a global buyer intelligence and transaction services platform built to support international trade and global sales. The platform leverages continuous dialogue mining, intelligent verification and dynamic matching to help users identify and connect with active buyers across multiple product categories and global markets.

By partnering with a dedicated on-the-ground entity with a locally experienced team, AcroMeta Lifestyle aims to accelerate ZhiMao's commercial reach into one of the most active and high-potential markets for AI-enabled trade solutions.

Mr Lawrence Toh (卓克豪), Executive Director of AcroMeta Group Limited, said, “*AcroMeta Lifestyle is building an AI trade platform with genuine cross-border reach. With ZhiMao now operational, a growing network of institutional partnerships and a dedicated team on the ground in China, we have the foundations in place to scale meaningfully. We are focused on execution and on delivering results for the enterprises and partners who are growing with us.*”

Key Areas of Collaboration

1. Exclusive China Platform Operations

SSZT will operate the ZhiMao and ProcureRadar AI platforms exclusively in Mainland China, driving client acquisition, business development and regional partnerships on the ground.

2. Two-Way Cross-Border Trade Connectivity

The platform connects Chinese manufacturers and enterprises with overseas buyers, while helping international companies identify suppliers and partners within Mainland China's manufacturing ecosystem.

3. Technology and Local Market Expertise

By combining AcroMeta Lifestyle's AI technological advantages with SSZT's localised operational capabilities, both parties aim to drive the business implementation and market expansion of ZhiMao's trade platform in Mainland China

In April 2026, AcroMeta formalised a joint venture to develop and commercialise ZhiMao through AcroMeta Lifestyle, with the platform launching and completing an initial trial phase across China and Malaysia, onboarding 182 customers. AcroMeta Lifestyle also entered into a Memorandum of Understanding with the Singapore Institute of Materials Management in May 2026 to introduce ProcureRadar AI into professional supply chain training programmes across Asia Pacific, giving procurement professionals hands-on access to ZhiMao's buyer intelligence and sourcing capabilities. The partnership with SSZT as the dedicated China operating entity to jointly promote the business implementation and market expansion of the AI Trade Platform in Mainland China marks the next chapter in this expansion.
