Singapore, 14 May, 2014 – Singapore Exchange Mainboard-listed ECS Holdings Limited (“ECS” or the “Group”) announced today that it recorded a net profit of \$7.2 million for the three months ended 31 March, 2014 with a gross profit margin of 4.1% on strong growth of its Enterprise Systems segment.

Barring any unforeseen circumstances, the Board of Directors is cautiously optimistic about the Group's financial performance in the second quarter of 2014 and FY2014.
