BPI's POLICY ON MATERIAL RELATED PARTY TRANSACTIONS

INTRODUCTION

The Securities and Exchange Commission (SEC), in its efforts to further strengthen corporate governance of publicly-listed companies (PLCs) while providing more transparency on transactions among related parties, has issued pertinent SEC Rules on Material Related Party Transactions¹ (Material RPT Rules).

SEC recognizes that transactions between and among related parties may create financial, commercial and economic benefits to individual institutions and to the entire group where said institutions belong. In this regard, related party transactions (RPTs) are generally allowed provided, that when RPTs amount to ten percent (10%) or higher of a company's total assets, it shall be considered as material related party transactions subject to said SEC Rules.

SCOPE

This policy –

- a. covers credit and non-credit transactions with related parties as defined in this policy and aligned with the SEC Rules on material RPTs;
- b. applies to all publicly-listed companies (or "PLC" as generally referred to in this document) of the BPI Group

OBJECTIVE

- a. To further strengthen the BPI Group's corporate governance over related party transactions through SEC-compliant internal guidelines;
- b. To avoid occurrence of abusive RPTs

POLICIES

I. Related Party (RP) Coverage

A. The PLC's related parties are defined as follows:

1. Directors, Officers, substantial Shareholders² (DOS) and their spouses and relatives within the fourth civil degree of consanguinity or affinity, legitimate or common-law, if these persons have control, joint control or significant influence³ over the reporting PLC. 'Officers' shall refer to the PLC's officers with the rank of at least Senior Vice President (SVP).
2. The reporting PLC's parent, subsidiary, fellow subsidiary, associate⁴, affiliate⁵, joint venture or an entity that is controlled⁶, jointly controlled or significantly influenced or managed by a person who is a related party.

B. Due process shall be conducted by concerned units to determine whether their counterparties and related transactions are covered under the RPT guidelines.

II. Material Related Party Transactions (RPTs)

- A. Any transaction that involves a transfer of resources, services or obligations between the PLC and its related party shall be considered a related party transaction. However, related party transactions that are excluded from

materiality threshold as allowed by the PLC's other regulators (e.g., Bangko Sentral ng Pilipinas) shall likewise be considered as exclusions in this policy.

- B. **Material RPTs.** Related party transaction/s, either individually, or in aggregate over a twelve (12)-month period with the same related party, amounting to ten percent (10%) or higher of the PLC's total assets based on its latest audited financial statement shall be considered material RPTs subject to the SEC Rules. If the reporting PLC is a parent company (e.g., BPI), the total assets shall pertain to its total consolidated assets.
- C. Material transactions that were entered into with an unrelated party that subsequently becomes a related party may be excluded from the limits and approval process required in the policy. However, cited prior RPTs shall be subject to the requirements of this policy including reportorial requirements upon:
 - 1. Renewal / Extension of the facility / contract;
 - 2. Any alteration to the terms and conditions of the facility / contract;
 - 3. Increase in exposure level

III. Arm's Length Concept

- A. A related party transaction is deemed conducted at arm's length terms when it is done in the regular course of business of the PLC and are not undertaken on more favorable economic terms (e.g., interest rates, price, fees, commissions, tenor, collateral requirements, etc.) than similar transactions with non-related parties under similar circumstances. Further, the RPT should be engaged into at terms that promote the best interest of the PLC and its stakeholders.
- B. Vetting is a process wherein a specific body evaluates the fairness of the terms of the material RPT and ensures that RPT terms are arm's length. It shall include comparison of RPT terms with the terms granted to non-related parties under comparable circumstances and conditions. In cases where comparable transactions are not available, adequate justifications on the selection of the related party and on the benefits of the engagement to the PLC shall be provided.

Vetting is not itself the approval of the related party transaction.

IV. Vetting Committee

- A. The BPI Related Party Transaction Committee (RPTC) is a Board-level committee tasked to conduct vetting on RPTs that are classified as material transactions based on materiality thresholds for vetting purposes, and endorse the same for final approval.
- B. The RPTC shall be composed of at least three (3) Independent and/or Non-Executive members of the BPI Board, the majority of whom shall be Independent Directors. The Chairperson must be an Independent Non-executive Director of the Board. Majority of the members, regardless of position, shall constitute a quorum.
- C. The Chief Compliance Officer (CCO) and the Chief Audit Executive (CAE) shall sit as non-voting members of the RPTC.
- D. BPI Credit Policy and Risk Management, or any unit designated by Management, shall act as the RPTC Secretariat.

 - i. Identifying whether the counterparty is a related party by establishing the counterparty's relationship to the Bank and interest in the transaction. and
 - ii. Monitoring / gathering of subsequent updates that will have an impact on the existing RP classification of the counterparty, such as from related party to non-related party and vice-versa, or from one RP classification to another.
 - b. Advising the designated RPTC Secretariat (or its equivalent unit – e.g., Compliance Office) of the PLC on the results of initial and subsequent RP identification exercises which shall be concurred by PLC's Compliance Office, BPI Legal, and BPI RPTC Secretariat.
2. Any clarification resulting from the RP identification exercise, such as whether or not a counterparty should be classified as 'related party', shall be referred to BPI Legal, BPI Compliance Office, and/or BPI RPTC Secretariat.
3. The PLC's Human Resources group shall provide the RPTC Secretariat (or equivalent unit) with updated HR information on the directors and officers of the PLC and, where required / available, its subsidiaries.

3. The RPTC shall vet on the terms and conditions of material RPTs. The services of an external independent party may be required by the RPTC as it deems necessary to obtain additional information that will aid the vetting process.
4. Directors and officers with personal interest in the transaction shall fully and timely disclose any and all material facts, including their respective interests in the material RPT and abstain from the discussion, approval and management of such transaction or matter affecting the PLC.
