

PRESS RELEASE**Oman & Norway Production Update – May 2023**

SINGAPORE, 12 June 2023 – Rex International Holding Limited (“Rex International Holding”, “Rex” or the “Company”, and together with its subsidiaries, the “Group”), a technology-driven oil exploration and production company, refers to the press release issued on 12 June 2023 by its 91.81 per cent subsidiary, Masirah Oil Limited, which announced the following:

“Muscat, 12 June 2023: Masirah Oil Limited (“MOL”) today announced that gross production in May 2023 from the Yumna Field in offshore Block 50 Oman, amounted to an average of 4,287 stock tank barrels per day (stb/d) over 31 days.

MOL is the Operator and holds a 100 per cent interest in Block 50 Oman.”

The Group also refers to the press release dated 12 June 2023 by its 91.65 per cent subsidiary, Lime Petroleum AS, which announced the following:

“Brage Field

Lime Petroleum AS (“LPA”) today announced that oil production in May from the Brage Field in Norway, net to LPA, amounted to 4,022 barrels of oil equivalent per day (boepd).

A new producer well started production on 9 May 2023. The well is performing very well but is currently being choked back due to the gas processing limitations on the platform. Another well has been drilled and is currently being completed for production, which is expected to start in September 2023.

LPA holds a 33.8434 per cent interest in the Brage Field. The operator of the Brage Field is OKEA ASA.

Yme Field

At the Yme Field, production in May, net to LPA, was 1,753 bopd. Only oil is sold from the Yme Field as the produced gas is being used for production operations and re-injected into the reservoirs for improved oil recovery.

Two unscheduled shutdowns resulted in a three-day stoppage in production during the month. A new producer well has been drilled and is being prepared for completion.

LPA holds a 10 per cent interest in the Yme Field. The operator of the Yme Field is Repsol Norge AS.”

Production in May 2023 totalled more than 10,000 boepd.

About Rex International Holding

Rex International Holding is a multinational exploration and production (E&P) company listed on Singapore Exchange Securities Trading Limited's Mainboard. The Company de-risks its portfolio of exploration and development assets using its proprietary liquid hydrocarbon indicator Rex Virtual Drilling technology, which can locate oil reservoirs in the sub-surface using seismic data. Since the Company's listing in July 2013, the Group has achieved four offshore discoveries, one in Oman and three in Norway. Besides its E&P activities with a focus on Oman and Norway, the Group also offers Rex Virtual Drilling screening services to other oil exploration companies as an additional tool to increase the success rate of finding oil.
