IMPORTANT TAX INFORMATION: Under current U.S. federal income tax law, backup withholding, at a rate of 24%, generally may apply to the payment of gross redemption proceeds, unless (i) in the case of a Holder that is a beneficial owner of Notes and that is a "United States person" (as determined for U.S. federal income tax purposes), the Paying Agent has received a properly completed IRS Form W-9 certifying under penalties of perjury the Holder's taxpayer identification number and that the Holder is not subject to backup withholding or (ii) the Holder otherwise establishes an exemption. A Holder that is a beneficial owner of Notes and that is not a "United States person" (as determined for U.S. federal income tax purposes) generally may establish an exemption from backup withholding by providing to the Paying Agent an IRS Form W-8BEN, W-8BEN-E or other appropriate IRS Form W-8, as applicable, upon which it certifies its foreign status. The income realized by the Holders of the Notes upon their redemption may also be subject to tax in the country of their residence and/or citizenship. In any event, Holders of the Notes should consult their own advisors to determine the tax consequences applicable to their personal situation as a result of the redemption.

Yours faithfully,
