(Registration No. 200006417D)

REVISION OF REVENUE GUIDANCE FOR 6-MONTHS ENDING 30 JUNE 2025 (“1H2025”)

The Board of Directors of AEM Holdings Ltd. (the “**Company**”, and together with its subsidiaries, the “**Group**”) has revised its 1H2025 revenue guidance upwards from the previous range of S\$155 million to S\$170 million, to the range of S\$185 million and S\$195 million.

The revised guidance is a result of an unexpected pull-in of orders into FY2025 from one of the Group's customers under the non-cancellable, long-dated purchase order program for the customer's inventory management purposes. The Group's view of the business environment remains the same as its last update on 13 May 2025. The Group will provide guidance for 2H2025 when it reports its earnings 13 August 2025.
