LETTER TO SHAREHOLDERS

Dear Shareholders,

As you are all aware, this financial year has led to further changes for Jasper Investments Limited (“JIL”), for which you have been informed by various circulars to the media and through regular public announcements. For FY2016, JIL has generated revenue from vessel advisory services and provision of services to third parties that acquired the company’s previous assets.

Following on from the successful restructuring of the Jasper group during 2014/15 we commenced the new financial year with a clean corporate structure and some modest ship management and advisory contracts. To reflect on the chairman’s circular from last year’s annual report, the end result of the restructuring was that the company effectively cleared many problems associated with previous offshore assets, subsidiaries and liabilities associated with the company’s previously outstanding bonds. The company subsequently embarked on a strategy to continue to carry on the business of providing vessel management and operations services and to maintain its listing on the SGX-ST.

In September 2015 the company received notice of a change of ownership in a significant shareholding of the company with the acquisition of a block of approximately 82% of the company’s equity by Triton Investments No. 8 LLP. The new shareholders have continued with the strategy of leveraging on the company’s vessel management and operations services and has been sourcing contracts for opportunities involving the provision of large barge transportation services in connection with infrastructure works in the North Asian region directly and through its 100% subsidiary, Garnet 9 Carriers Pte Ltd.

The management have been successful in procuring initial contracts with a Chinese construction engineering company based in Zhuhai, China for the provision of such barge transportation services. They are working to expand such contracts and to also contract for the provision of suitable vessels to fulfill the master contract opportunities. Management believes that further contracts are available within the North Asia region and is actively working with vessel brokers and vessel owners to expand our capabilities and possible reach to expand in this very asset light facet of business.

LETTER TO SHAREHOLDERS

This asset light approach has permitted the company to operate on very modest levels of capital as management works to bring strength back to the balance sheet and activities of the company. Management recognizes that sourcing suitable vessels for deployment in North Asia does take some time. In addition vessels normally require reflagging and must obtain appropriate permitting for operations from Hong Kong or China. This process does have an impact on our ability to accelerate business expansion and fulfillment of contracts. However we have been making steady progress in working with vessel owners and appropriate authorities to mobilize vessels. Management has identified several more sources of vessel supply and would hope to engage their services and expand the business model into 2016/17.

Management of the company have been working hard to bring your company back from very difficult times that had been experienced with its previous strategy of vessel ownership and management particularly orientated to the oil and gas industry which has suffered significant setbacks over the past two or three years. The company has successfully eliminated its high exposure to this single sector and believes that the new strategy of working as an asset light company for the short to medium term should benefit shareholders and to also provide the company with the opportunity to experience modest growth with limited capital deployment risk.

We would particularly like to thank the management team and the company advisors for their strong support and efforts and cost consciousness during this initial year of redevelopment for your company. The Board of Directors has been strong in its support in the reorganization, in working with new investors and providing valuable guidance in the creation of a new strategy and its implementation. We are particularly thankful to our shareholders who have understood the changes that were required in the company and have been supportive in understanding our planned way forward.

Michael earned his Bachelor in Technical Science from the University of Sheffield UK and a MBA degree from the Manchester Business School UK.

CORPORATE GOVERNANCE

INTRODUCTION

The Directors and Management of the Group are committed to achieving and maintaining high standards of corporate governance, in compliance with the principles set out in the Code of Corporate Governance 2012 (the “**Code**”) and the relevant sections of the Listing Manual (the “**Listing Manual**”) issued by the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”). The provisions of the Code are applicable to annual reports relating to financial years commencing from 1 November 2012 (save for certain provisions which should be made at annual general meetings following the end of financial years commencing on or after 1 May 2016).

The Board of Directors (the “**Board**”) is pleased to confirm that for the financial year ended 31 March 2016, the Company had generally adhered to the guidelines as outlined in the Code. Where there are deviations from the Code, the reasons for the deviations are explained accordingly.

BOARD MATTERS

Principle 1: The Board’s Conduct of Affairs

Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the success of the company. The Board works with Management to achieve this and the management remains accountable to the Board.

The Board is elected by the shareholders to supervise the management of the business and affairs of the Company. Its main responsibility is to ensure the viability of the Company and to ensure that it is managed in the best interest of the shareholders as a whole while taking into account the interests of other stakeholders.

The Board is responsible for setting the overall strategy, direction and long-term goals of the Group. It reviews major investment and divestment proposals, risk management policies and practices, financial objectives and key business initiatives. Through committees, it also reviews the financial performance of the Group and recommends the framework of remuneration for the Board and key executives, approves nomination of Directors and appointments to the various Board committees. In addition, the Board also assumes the responsibility for the Company’s compliance with the guidelines on corporate governance. The Board will also consider sustainability issues such as environmental and social factors as part of its strategic formulation in line with the recommendations of the Code.

Matters which are specifically reserved for the Board’s approval are significant acquisitions and disposals of assets, corporate or financial restructuring, share issuance, dividend payments or other returns to shareholders, approval of accounts and results announcements, matters involving conflicts of interest for a substantial shareholder or a director and any major decision which may have an impact on the Group. Other matters are delegated to Board committees and the Chief Executive Officer (“**CEO**”) for review and decision making. The Board committees and Management are accountable to the Board.

To assist in the execution of its responsibilities, the Board has established three (3) Board committees, namely the Audit Committee (“**AC**”), Nominating Committee (“**NC**”) and Remuneration Committee (“**RC**”). The Board delegates specific responsibilities to these Committees which operate within specified terms of reference setting out the scope of its duties and responsibilities and procedures governing the manner in which it is to operate and how decisions are to be taken. The Committees have the authority to examine particular issues and report to the Board with their recommendations. The Board accepts that while these Committees have the authority to examine particular issues and will report to the Board their decisions and recommendations, the ultimate responsibility for the final decision on all matters lies with the entire Board.

Formal Board meetings are held quarterly to review the Group’s business and financial performance, policies and procedures, acquisitions and disposals and to approve the release of results to the Singapore Exchange Securities Trading Limited (“**SGX-ST**”). In addition to the scheduled meetings, ad-hoc meetings are convened as and when required for particular purposes. Board members may participate in meetings by telephone or video conference which is permitted under the Company’s Articles of Association. All Board meetings are attended by at least one Company Secretary who is responsible for ensuring that Board procedures are followed.

CORPORATE GOVERNANCE

During the year, the number of meetings held and the attendance of each current Director at the Board and Board committee meetings is as follows:

	Board		Audit		Nominating		Remuneration	
	No. of meetings held ⁽¹⁾	No. of meetings attended	No. of meetings held ⁽¹⁾	No. of meetings attended	No. of meetings held ⁽¹⁾	No. of meetings attended	No. of meetings held ⁽¹⁾	No. of meetings attended

2. Simpson Steven Barry John ⁽³⁾	4	2	4	2	1	—	1	1
3. Phillip Jeffrey Saile	4	4	4	4	1	1	1	1
4. Tan Yeelong ⁽⁴⁾	4	2	4	2	1	—	—	—
5. Ng Chee Keong ⁽⁵⁾	4	4	4	4	1	1	1	1
6. Paul Carsten Pedersen ⁽⁶⁾	4	2	4	2	1	—	—	—
7. Chan Wai Kwong Michael ⁽⁷⁾	4	2	4	2	1	—	—	—

Notes:

1. Reflects the number of meetings held which are applicable to the Director during his/her term.
2. Mr John Sunderland ceased to be the Chairman and Non-Executive Director of the Company on 28 October 2015.
3. Mr Simpson Steven Barry John was appointed on 6 October 2015 as Non-Executive Non-Independent Director and as a member of Audit Committee, Nominating Committee and Remuneration Committee.
4. Ms Tan Yeelong ceased to be a Non-Executive Director of the Company on 28 October 2015
5. Mr Ng Chee Keong was re-designated as the member of the Audit Committee on 28 January 2016, remains as the Lead Independent Director of the Company and a member of the Nominating Committee and the Remuneration Committee.
6. Mr Paul Carsten Pedersen ceased to be the Chief Executive Officer and Executive Director of the Company on 31 December 2015 due to the expiry of term under the existing service contract.
7. Mr Chan Wai Kwong Michael was appointed as an Independent Director of the Company on 9 December 2015 and as a Member of the Audit Committee, Nominating Committee and Remuneration Committee, (ii) re-designated as the Chairman of Audit Committee with effect from 28 January 2016.

In addition to formal meetings, the Directors are frequently updated on pertinent developments in the business and Company matters by Management via emails and telephone conferences. As some of the Board members are based overseas, frequent updates are provided by the CEO and discussions with other Board members are regularly held through emails and telephone conferences.

The Company does not have a formal training programme for new Directors. However to assist Directors in discharging their duties, they are updated on the relevant laws, continuing listing obligations and standards requiring compliance and their implications for the Group. Newly appointed Directors will be briefed by Management on the operations of the Group so as to enable them to have a better understanding of the Group's business. Directors are encouraged to attend seminars and receive training to improve themselves in the discharge of their duties.

Principle 2: Board Composition and Guidance

There should be a strong and independent element on the Board, which is able to exercise objective judgment on corporate affairs independently, in particular, from Management. No individual or small group of individuals should be allowed to dominate the Board's decision making.

The Board currently comprises four members. Three of the Directors are Independent Non-executive Directors and one Director is Non-independent Non-executive Director.

CORPORATE GOVERNANCE

Each Director is appointed based on the strength of his/her calibre, experience and potential to contribute to the Company and its business. The Board is of the view that, given the Group's current scope of business operations, the current Board size and composition, which comprise one member with specialized industry knowledge as well as others with diverse skills, experience and attributes, provides for effective direction for the Group. The Nominating Committee will review the composition of the Board periodically to ensure that the Board has the appropriate mix of expertise and experience and collectively possess the necessary core competencies for effective functioning and informed decision-making.

The Nominating Committee also reviews and determines the independence of each Director on an annual basis based on the guidelines provided by the Code. The criterion for independence goes beyond the definition given in the Code. The Board considers an "independent" director as one who has no relationship with the Company, its related companies, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent judgment of the conduct of the Group's affairs. In addition, an "independent" Director should also not represent the interests on any particular shareholder or group of shareholders.

None of the Independent Directors has served on the Board of the Company beyond nine years from the date of his appointment.

The profiles of each of the Directors are set out in the "Board of Directors" section of this Annual Report.

Particulars of interests of Directors who held office at the end of the financial year in shares, debentures, warrants and share options in the Company and in related corporations (other than wholly-owned subsidiaries) are set out in the Directors' Statement on pages 20 and 24 of this annual report.

Principle 3: Chairman and Chief Executive Officer

There should be a clear division of responsibilities at the top of the company – the working of the Board and the executive responsibility of the company's business – which will ensure a balance of power and authority, such that no one individual represents a considerable concentration of power

The Company notes the recommendation that the roles of the Chairman and the CEO should be separate and distinct, each having their own areas of responsibilities. The operations of the Company are currently taken care of primarily by Mr Ow Earng Hong, the Chief Operating Officer ("COO"), with oversight from the Chairman, Mr Simpson Steven Barry John. With the retirement of Mr Simpson Steven Barry John as Chairman and Director with effect from the conclusion of the forthcoming annual general meeting, Mr Ow Earng Hong will be appointed as Executive Chairman and will continue to be the COO of the Company. Given the size of the operations of the Company presently, the Company will not have in place any CEO. However, the Company is of the view that, in the longer term and as the operations of the Company grows, a CEO (separate from the Chairman) should be appointed. The Company believes that a distinctive separation of responsibilities between the Chairman and the CEO in the longer term will ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

Mr Ng Chee Keong is the currently the Lead Independent Director ("LID") of the Company for shareholders in situations where there are concerns and where communications with the Chairman, the COO or the CFO has failed to resolve such concerns or may be inappropriate.

As LID, Mr Ng can also facilitate periodic meetings with the other Independent Directors in board matters, when necessary and provides feedback to the Executive Chairman after such meeting. His other specific roles as LID includes:

- a) acting as liaison between the Independent Directors and the Chairman and COO and lead the Independent Directors to provide non-executive perspectives in circumstances where it would be inappropriate for the Chairman to serve in such capacity and to contribute a balanced viewpoint to the Board;

CORPORATE GOVERNANCE

- b) advising the Chairman of the Board as to the quality, quantity and timeliness of the information submitted by Management that is necessary or appropriate for the Independent Directors to effectively and responsibly perform their duties; and
- c) assisting the Board and officers of the Company in better ensuring compliance with and implementation of corporate governance.

As Non-Independent Non-Executive Chairman, Mr Simpson Steven Barry John chairs the Board of Directors and is primarily responsible for the effective working of the Board. As the COO, Mr Ow Earng Hong has overall responsibility of the Group's operations, organisational effectiveness and the implementation of Board policies and decisions. Following the retirement of Mr Simpson Steven Barry John, Mr Ow Earng Hong will be the Executive Chairman and will be primarily responsible for the effective working of the Board with oversight from the LID.

The Chairman and the COO of the Company are not related to each other.

The non-executive Directors will meet up without the presence of management, where necessary, to facilitate a more effective check on the Management.

Mr Ng Chee Keong has notified the Board of his decision to retire from his position as Independent Non-Executive Director with effect from the conclusion of the forthcoming Annual General Meeting and has, accordingly submitted his resignation to the Board. Mr Chan Wai Kwong Michael, an Independent Non-Executive Director and Chairman of the Audit Committee, will be appointed as the LID in place of Mr Ng Chee Keong.

Principle 4: Board Membership

There should be a formal and transparent process for the appointment of new directors to the Board.

The NC currently comprises three Directors, namely Mr Phillip Jeffrey Saile (Independent Director), Mr Ng Chee Keong (Lead Independent Director) and Mr Simpson Steven Barry John (Non-Independent Non-Executive Director). The Chairman of the NC is Mr Phillip Jeffrey Saile.

The NC serves to ensure a transparent process for the nomination of Directors to the Board and has the responsibility of determining an appropriate process to review and evaluate the Board's performance as a whole as well as each individual Director on the Board.

The functions of the NC include:

- administering nominations and re-nominations to the Board;
- reviewing the structure, size and composition of the Board;
- making recommendations to the Board on the review of board succession plans all Directors, in particular, the Chairman and for the CEO;
- making recommendations to the Board on the development of a process for evaluation of the performance of the Board, its Board committees and Directors, and proposing objective performance criteria that address how the Board has enhanced long-term shareholder value; and
- making recommendations to the Board on the review of training and professional development programmes for the Board.

CORPORATE GOVERNANCE

It is also responsible for determining the independence of Board members in accordance to guidelines set out in the Code. In determining whether each Director is able to devote sufficient time to discharge his duty, the NC has taken cognizance of the Code requirement, but is of the view that its assessment should not be restricted to the number of board representations of each Director and his respective principal commitments per se. The contributions by Directors to and during meetings of the Board and Board Committees as well as their attendance at such meetings in addition to each of their principle commitments, should also be taken into account. The NC and the Board will review the number of listed company board representations of the Directors on an annual basis or from time to time when the need arises.

The NC is responsible for ensuring that the Board comprises individuals who are able to discharge their responsibilities as Directors and identifying suitable candidates for appointment to the Board. It also reviews the capabilities of the nominated candidates, taking into account his/her qualifications and experience, before recommending the appointment of the candidates to the Board.

As time requirements are subjective, the NC recognises that its assessment of each Director's ability to discharge his or her duties adequately should not be confined to the sole criterion of the number of his or her board representations. Thus, it will also take into account contributions by Directors during Board and Board Committee meetings and their attendance at such meetings, in addition to each of their principal commitments.

The Constitution of the Company require one-third of the Board to retire from office at each annual general meeting ("AGM"). Accordingly, the Directors submit themselves for re-nomination and re-election at regular intervals of at least once every three years. In recommending to the Board any re-nomination and re-election of existing Directors, the NC takes into consideration factors such as participation at Board and Board committee meetings, the value of the individual to the Board and the Company and his continued contribution to the needs of the Company and its business.

Please refer to the Notice of AGM set out on Page 67 of the Annual Report for Directors proposed for re-election. These Directors have expressed their consent to seek re-election as Directors of the Company at the forthcoming AGM. The NC has recommended their nomination for re-election. The Board has accepted the NC's recommendation. Mr Phillip Jeffrey Saile, being the Chairman of NC, abstained from deliberation and voting in respect of his own nomination and assessment.

Where the need for a new Director arises, the NC will review the spectrum of expertise, skills and attributes of the Board based on its existing composition. Subsequently, the NC will identify the Company's needs and prepare a shortlist of candidates with the appropriate profile for nomination or re-nomination. Where necessary, the NC may seek advice from external search consultants. A newly appointed Director will have to submit himself or herself for retirement and election at an Annual General Meeting ("AGM") immediately following his or her appointment and thereafter, be subjected to retirement by rotation. Mr Chan Wai Kwong Michael was appointed by the Company in FY2015 and has expressed his consent to seek re-election as Director of the Company at the forthcoming AGM.

Each member of the NC shall abstain from voting on any resolution with respect to the assessment of his performance for re-nomination as a Director.

Alternate directorships in the Company are not encouraged by the NC.

Principle 5: Board Performance

There should be a formal assessment of the effectiveness of the Board as a whole and the contribution by each director to the effectiveness of the Board.

The NC is responsible for evaluating the effectiveness and performance of the Board as a whole taking into account the complementary nature and collective nature of the Directors' contribution and of each individual Director. A formal review of the Board's performance is undertaken collectively by the Board annually.

CORPORATE GOVERNANCE

During the year, the NC has reviewed and affirmed the independence of the Company's Independent Directors. It has also reviewed the composition of the Board and profiles of Board members in relation to the needs of the Company with the objective of achieving a balanced Board in terms of the mix of experience and expertise.

The NC also reviewed whether a Director who has multiple board representations is able to and has adequately carried out effectively the duties as a Director. All Directors are required to declare their board representations. The NC has reviewed the commitments of Directors with multiple board representations and is satisfied that the Directors have and are able to more than adequately carry out their duties as Directors of the Company.

Principle 6: Access to Information

In order to fulfil their responsibilities, board members should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis.

The Board receives information on the Group on an on-going basis. Directors are provided with monthly management accounts. In addition, relevant information on material events and transactions are circulated to Directors as and when they arise. Directors are regularly updated on business and operations by Management via emails and telephone conferences. The agenda for Board meetings are prepared in consultation with the Chairman and relevant papers are provided to Directors in advance of Board and Board committee meetings. Non-executive Directors have separate, independent and unrestricted access to Management and may also consult with other employees and seek additional information if and when required.

The Board also has separate and independent access to the Company Secretary. All Board meetings are attended by the Company Secretary who ensures that Board procedures are followed and applicable laws and regulations are complied with. The Company Secretary also ensures information flow within the Board and its committees and between Management and the Board. The appointment of the Company Secretary is a matter reserved for the Board.

Changes to regulations are closely monitored by Management. Where these changes have an important bearing on the Company or the Directors' disclosure obligations, Directors are briefed either during Board meetings or through the Company Secretary.

Where necessary, the Directors may, in order to fulfil their roles and responsibilities, seek independent professional advice, at the expense of the Company.

REMUNERATION MATTERS

Principle 7: Procedures for Developing Remuneration Policies

There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises three members namely Mr Phillip Jeffrey Saile (Independent Director), Mr Ng Chee Keong (Lead Independent Director) and Mr Simpson Steven Barry John (Non-Independent Non-executive Director). The Chairman of the RC is Mr Phillip Jeffrey Saile.

The RC is responsible for ensuring a formal and transparent procedure for developing policy on executive remuneration and for determining the remuneration packages of individual Directors and key management executives.

The RC recommends to the Board a framework of remuneration for the Directors serving on the Board and Board committees and also senior executives. The recommendations of the RC are submitted for endorsement by the entire Board. Each member of the RC is to abstain from voting on any resolutions and making any recommendations and/or participating in any deliberations of the RC in respect of his/her remuneration package. As such, no Director is involved in deciding his/her own remuneration. The RC also reviews and administers the Jasper Share Option Plan ("Share Option Plan") and the Jasper Share Incentive Plan ("Incentive Plan").

CORPORATE GOVERNANCE

Although none of the RC members specialize in the area of executive compensation, the RC has access to independent professional expert advice on remuneration matters as and when necessary.

Principle 8: Level and Mix of Remuneration

The level of remuneration should be appropriate to attract, retain and motivate the directors needed to run the company successfully but companies should avoid paying more than is necessary for this purpose. A significant proportion of executive directors' remuneration should be structured so as to link rewards to corporate and individual performance.

In setting remuneration packages, the RC will take into consideration the pay and employment conditions within the industry and in comparable companies with the view to reward successful performance and attract, retain and motivate Directors and employees.

Prior to Mr Paul Pedersen's resignation as the CEO, the CEO's remuneration comprised base salary, allowance and benefits. An amount of up to 75% of the CEO's base salary for the year is payable as a bonus in the following year based upon delivering performance in accordance with a set of key performance indicators determined by the Board. No bonus has accrued in respect of the financial year ended 31 March 2016.

The Company has noted that the Code has recommended the incorporation of appropriate "claw-back mechanisms" to allow the Company to reclaim the variable incentive-based component of remuneration from directors and key management personnel. The Remuneration Committee will look into this in due course.

Principle 9: Disclosure on Remuneration

Each company should provide clear disclosure of its remuneration policy, level and mix of remuneration, and the procedure for setting remuneration in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key executives, and performance.

The Group's remuneration policy aims to provide competitive compensation packages to reward performance and attract, retain and motivate Directors and employees.

In reviewing the remuneration of Directors, the Board considers the Company's performance, the responsibilities and performance of Directors as well as pay conditions within the industry and comparable companies. The fees payable to non-executive Directors reflect the scope and extent of the Director's responsibilities and obligations, based on a remuneration framework comprising a base fee and additional fees based for their appointment and roles in the respective Board committees. Such fees are recommended as a lump sum payment for approval by shareholders at the AGM of the Company. No Director is involved in deciding his/her own remuneration.

Remuneration for the COO is formulated and reviewed by the RC. The remuneration package is intended to be competitive and to motivate the COO to achieve the Company's goals which should be aligned with shareholders' interests. The COO has a fixed term service contract.

CORPORATE GOVERNANCE

In determining the remuneration package of senior executives, the RC takes into consideration their performance and value-add to the Group, giving due regard to the financial health and business needs of the Group. Currently the Company has two share-based incentive schemes, the Jasper Share Option Plan and the Jasper Share Incentive Plan (together the “Plans”) which allows employees to share in the growth and success of the Company. Details of the Plans can be found in the “Directors’ Report” section of the Annual Report.

Following the streamlining of the Company’s group structure pursuant to its corporate restructuring, the Company has two senior key executive officers: its COO, Mr Ow Eang Hong and its Chief Financial Officer, Liang Jing, Linda.

The aggregate amount of termination, retirement and post-employment benefits that may be granted to the Directors, the Chief Operation Officer and the top five key executives (who are not Directors) is US\$280,157.

There is no employee of the Company and its subsidiaries who is an immediate family member of any Director or the COO or a substantial shareholder and whose remuneration exceeds US\$50,000 during the financial year ended 31 March 2016.

As matters have been made in this Report, the Board is of the opinion that a separate remuneration report will not be necessary.

ACCOUNTABILITY AND AUDIT

Principle 10: Accountability

The Board should present a balanced and understandable assessment of the company’s performance, position and prospects.

The Board is accountable to the shareholders and is mindful of its obligations to furnish timely information and to ensure full disclosure of material information to shareholders in compliance with statutory requirements and the Listing Manual of the SGX-ST.

The Board aims to provide shareholders with a balanced and understandable assessment of the Company’s and Group’s performance, position and prospects when presenting the annual financial statements, announcements of financial results, material transactions and other matters relating to the Group. This responsibility extends to interim and price sensitive public reports and reports to regulators, where required. Financial results and annual reports are announced or issued within the legally prescribed periods.

Management is accountable to the Board. Management currently provides periodic financial reports to the Board and updates the Board regularly on the business operations of the Group.

Principle 11: Risk Management and Internal Controls

The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders’ interests and the company’s assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The Board is responsible for ensuring that Management maintains a sound system of internal controls to safeguard shareholders’ interests and the Company’s assets.

CORPORATE GOVERNANCE

The Company further notes that the Group's operations and business practices should be audited or reviewed periodically to provide reasonable assurance that internal controls established and maintained by Management are operating effectively. Material non-compliance and internal control weakness noted during such audit or review should be reported to the AC together with recommendations (including recommendations by the Company's external auditors) to address such non-compliance or weakness. Whilst the Company has in the past engaged third-party internal auditors to carry out the aforesaid audit or review, after the reconstitution and separation process that the Company undertook, the scale and complexity of the current operations of the Group as well as the corporate structure of the Group have been greatly simplified. It was determined that for the current financial year the process of internal audit would be best satisfied by the appointment of one of the Company's directors (namely, Mr Chan Wai Kwong, Michael, the AC Chairman) to carry out the internal audit function.

The Company does not have a Risk Management Committee. However, Management is expected to regularly review the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management is further expected to review all significant control policies and procedures and highlights all significant matters to the Board and the AC.

While no system can provide absolute assurance against material loss or financial misstatement, the Group's internal controls and systems are designed to provide reasonable assurance as to the integrity and reliability of the financial information and to safeguard and maintain accountability of its assets. The Board's internal controls include approval limits for expenditure, investments and divestments and cheque signatory arrangements.

Audit findings and recommendations by the Company's external auditors arising from the audit conducted by them were promptly addressed and whenever possible resolved by Management.

Based on the foregoing, and with the concurrence of the AC, it is the opinion of the Board that there are adequate controls to address financial, operational, information technology and compliance risks of the Group within its current business and operating environments. For the purposes of compliance with the Code, the Board has obtained assurance from the Non-Independent Non-Executive Director and Independent Director that the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances, and an effective risk management and internal controls system has been put in place.

Principle 12: Audit Committee

The Board should establish an Audit Committee ("AC") with written terms of reference which clearly set out its authority and duties.

The AC currently comprises four members namely, Mr Chan Wai Kwong Michael (Independent Director), Mr Ng Chee Keong (Lead Independent Director), Mr Phillip Jeffrey Saile (Independent Director) and Mr Simpson Steven Barry John (Non-Independent Non-executive Director). Mr Chan Wai Kwong Michael is Chairman of the AC.

The AC's scope of authority is formalized in its terms of reference, which include the statutory functions of an audit committee as prescribed under the Companies Act of Singapore and applicable listing rules of the SGX-ST. The Board is of the view that the AC members have the appropriate experience and qualifications to discharge their responsibilities effectively.

The responsibilities of the AC include:

- reviewing the significant financial reporting issues and judgements to ensure the integrity of the Company's financial statements/announcements relating to the Company's financial performance;
- reviewing and reporting to the Board annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls;

CORPORATE GOVERNANCE

- reviewing with the external auditors their annual audit plan, findings and their recommendation to Management as well as Management's responses; their evaluation of the system of internal accounting controls and their audit report;
- reviewing the scope and results of the internal audit procedures; the assistance given by Management to the external and internal auditors; and any formal announcements relating to the financial performance of the Company and the Group prior to their submission to the Board; and
- recommending the appointment or re-appointment of the external and internal auditors, taking into account the scope and results of the audit and its cost effectiveness and the independence of the external and internal auditors.

In performing its functions, the AC has full authority to investigate matters within its terms of reference.

Since 2006 and on the recommendation of the AC which was approved by the Board, the Company has put in place a whistle-blowing framework whereby concerns of possible improprieties in matters of financial reporting or other matters may be raised in confidence to the AC. These arrangements were effected to ensure independent investigation of such matters and appropriate follow-up.

The AC met 4 times during the year, with 100% attendance record by its members. Invitations are also extended to other Board members and Management to attend AC meetings. The AC has full access to both the internal and external auditors and vice versa. During the year, the AC has met with the external auditors without the presence of Management and has reviewed the overall scopes of both the internal and external audits.

The AC also has unrestricted access to the Management and has the full discretion to invite other Directors, the CEO or any executives to its meetings. It also has access to adequate resources to enable it to discharge its responsibilities properly.

The AC reviews the independence of the external auditors annually. During the year under review, the aggregate amount of fees paid to the external auditors, Foo Kon Tan LLP ("FKT"), amounted to S\$71,600, with the fees paid for its provision of audit and non-audit services amounting to S\$55,000 and S\$16,600 respectively. The AC, having reviewed the range and value of non-audit services performed by the external auditors, FKT, is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors. The AC has recommended that FKT be nominated for re-appointment as auditors at the forthcoming AGM.

FKT is an audit firm registered with the Singapore Accounting and Corporate Regulatory Authority. The AC and the Board are satisfied that the standard and effectiveness of the audit of the Company would not be compromised in compliance with Rule 712 and 715 of the Listing Manual of the SGX-ST. FKT is also the auditor of the Company's subsidiary, Garnet 9 Carrier Pte. Ltd.

The AC also reviewed the adequacy of the whistle blower arrangements instituted by the Group through which staff and external parties may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters.

Principle 13: Internal Audit

The company should establish an internal audit function that is independent of the activities it audits.

The function of the IA is to provide objective opinions and assurances to the AC and Management as to the adequacy of the internal control processes, identify business, financial and operational risks and to recommend the formulation of policies and plans for effective compliance control.

CORPORATE GOVERNANCE

After the reconstitution and separation process that the Company undertook, the scale and complexity of the current operations of the Group have been greatly simplified. Due to the minimal transactions and simplified corporate structure, it was determined that for the current financial year the process of internal audit would be best satisfied by the appointment of one of the Company's directors to carry out the internal audit function. In this regard, the Company appointed the AC Chairman to specifically perform this role. For this year only, the AC Chairman will conduct this internal audit. He has been given full access to all company financial and operational information and documents and has also been provided full access to previous third-party internal audit reports and processes. He has drawn up internal audit plans and will assess the adequacy of the Company's control processes with the aim of assessing risk and compliance levels associated with each process. As the Company now moves toward its re-growth in business and associated complexity, the Board will consider the appointment of a third party internal auditor.

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

Principles 14 and 15: Shareholder Rights and Communication with Shareholders

Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

In accordance with the Company's continuing disclosure obligations pursuant to the SGX-ST Listing Manual and the Companies Act, the Company strives to ensure that shareholders are informed of all major developments that may have a material impact on the Group on an adequate and timely basis.

The Company communicates information to shareholders through announcements released to the SGX-ST via SGXNET. Such announcements include its yearly and quarterly financial results, material transactions and other developments relating to the Group requiring disclosure under the corporate disclosure policy of the SGX-ST. The Company maintains a website (www.jasperinvests.com) where the public can access information on the Group.

All shareholders are sent the Annual Report together with the notice of the AGM. The notice of AGM, which sets out the items of business to be transacted at the AGM, is also advertised in a mass circulated newspaper.

The Company has no official policy on the payment of dividends, and the amount of dividends paid each year will depend on factors that include the Group's profit level, cash position and future cash needs.

Principle 16: Conduct of Shareholder Meetings

Companies should encourage greater shareholder participation at AGMs, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Company's main forum for dialogue with shareholders takes place at its AGM, where the members of the Board, senior Management and the external auditors are in attendance. Shareholders are encouraged to attend the AGM and other general meetings and the Company welcomes questions from shareholders who are given an opportunity to raise issues and ask questions about the Company either formally or informally.

The Company's Articles of Association allow a shareholder entitled to attend and vote to appoint two proxies who need not be a shareholder to attend and vote on his/her behalf at general meetings. Resolutions requiring shareholders' approval are tabled separately for adoption at general meetings unless the matters for consideration are closely related and would more appropriately be considered together. Items of special business to be transacted at general meetings are accompanied, where required, by an explanation for the proposed resolution.

To have greater transparency in the voting process, the Company has adopted the voting of all its resolutions by poll at its general meetings. The detailed voting results of each of the resolutions tabled will be announced immediately at the meeting. The total numbers of votes cast for or against the resolutions will be also announced after the meeting via SGXNET.

CORPORATE GOVERNANCE

ADDITIONAL INFORMATION

Dealing in Securities

The Company has adopted a policy on dealings in the securities of the Company applicable to its Directors and employees. The policy is modeled on the Best Practices Guide in the SGX-ST Listing Manual. Under this policy, Directors and employees are prohibited from dealing in the Company's Shares during the period beginning one month before and ending on the date of the release of the full year and half year results as well as two weeks before and ending on the date of the release of the quarterly results

Directors and employees are expected to comply with and observe the insider trading laws at all times even when dealing in the Company's securities outside the prohibited periods. They are discouraged from dealing in the Company's securities on short-term considerations.

Interested Person Transactions

For the financial year under review, there were neither any interested person transactions conducted under the IPT Mandate nor any interested person transactions of S\$100,000 or above.

Material Contracts

There were no material contracts entered into by the Company or any of its subsidiaries involving the interest of the COO, any Director or controlling shareholder.

DIRECTORS' STATEMENT

For the financial year ended 31 March 2016

The directors of the Company ("Directors") submit this annual report to the members together with the audited consolidated financial statements of the Group and statement of financial position of the Company for the financial year ended 31 March 2016.

I. OPINION OF THE DIRECTORS

In the opinion of the directors,

- (a) the accompanying financial statements are drawn up so as to give a true and fair view of the financial position of the Company and of the Group as at 31 March 2016 and the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date in accordance with the provisions of the Companies Act, Chapter 50 and Singapore Financial Reporting Standards; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. DIRECTORS

The Directors of the Company in office at the date of this statement are:

Simpson Steven Barry John - Chairman (appointed on 6 October 2015)

Michael Chan Wai Kwong (appointed on 9 December 2015)

Phillip Jeffrey Saile

Ng Chee Keong

3. ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES OR DEBENTURES

During and at the end of the financial year, neither the Company nor any of its subsidiary was a party to any arrangement of which the object was to enable the Directors to acquire benefits through the acquisition of shares in or debentures of the Company or of any other corporate body, other than as disclosed in this statement.

4. DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

- (i) According to the Register of Directors' shareholdings kept by the Company under Section 164 of the Companies Act, Cap. 50, none of the Directors who held office at the end of the financial year had any interest in the shares, debentures or options of the Company or its related corporations, except as follows:

	Holdings in the name of the director	
	As at 1.4.2015	As at 31.3.2016

Ng Chee Keong	1,000,000	1,000,000

DIRECTORS' STATEMENT

For the financial year ended 31 March 2016

5. DIRECTORS' CONTRACTUAL BENEFITS

Since the end of the previous financial year, no Directors of the Company have received or become entitled to receive a benefit which is required to be disclosed under Section 201(8) of the Companies Act, by reason of a contract made by the Company or a related corporation with the Directors or with a firm of which he is a member, or with a company in which he has a substantial financial interest except as disclosed in the notes to the financial statements.

6. SHARE PLANS

(a) Jasper Share Option Plan and Jasper Share Incentive Plan

The Company's share option plan ("Share Option Plan") and share incentive plan ("Share Incentive Plan") (collectively referred to as the "Share Plans") were approved and adopted by shareholders at an Extraordinary General Meeting held on 30 July 2009.

The Remuneration Committee (the "RC") of the Company is responsible for administering the Share Plans. As at the date of this report, the RC comprises the following members:-

Phillip Jeffrey Saile	-	Chairman (Independent Director)
Ng Chee Keong	-	Member (Independent Director)
Simpson Steven Barry John	-	Member (Non-Independent, Non-Executive Director)

The Share Option Plan provides an opportunity to employees of the Group to participate in the equity of the Company so as to motivate them, and to give recognition to non-executive directors, employees of the Company and its subsidiary who have contributed to the success of the Company and/or the Group.

The Share Incentive Plan is a performance-cum-incentive scheme for employees of the Company and its subsidiary (including non-executive Directors of the Company). The Share Incentive Plan is based on a principle of pay-for-performance and is designed to reward, retain and motivate Group employees.

Subject to the prevailing legislation and the rules of the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the Company will have the flexibility to deliver ordinary shares in the capital of the Company ("Shares") to participants upon exercise of their options or, as the case may be, the vesting of their awards by way of:

- (a) an issue of new Shares; and/or
- (b) the delivery of existing Shares.

The aggregate number of new Shares which may be issued pursuant to options granted under the Share Option Plan on any date, when added to the number of new Shares issued and issuable in respect of all awards granted under the Share Incentive Plan, shall not exceed 15% of the total number of issued Shares (excluding treasury shares) on the day preceding that date.

The Share Plans shall continue in effect, at the discretion of the RC, up to (and including) 29 July 2019, provided always that the Share Plans may continue beyond the above stipulated period with the approval of Shareholders in general meeting and of any relevant authorities which may then be required. Notwithstanding the expiry or termination of the Share Plans, any options granted and/or awards made to participants prior to such expiry or termination will continue to remain valid.

DIRECTORS' STATEMENT

For the financial year ended 31 March 2016

6. SHARE PLANS (Cont'd)

(b) Other information regarding the Share Option Plan is as follows:

An option granted pursuant to the Share Option Plan represents a right to acquire the Shares which are the subject of such option at the acquisition price per Share ("Exercise Price") applicable thereto. The selection of a participant and the number of Shares comprised in options to be offered to such participant in accordance with the Share Option Plan shall be determined at the absolute discretion of the RC, who shall take into account criteria such as his rank, job performance, years of service, potential for future development and his contribution to the success and development of the Group.

The Exercise Price payable for each of the Shares which is the subject of an option may be fixed (i) at the market price of a Share; (ii) at a premium to the market price of a Share; (iii) at the market price of a Share, but which may be adjusted (after the expiry of an incentive period) by a discount of up to 20% of the market price of a Share; and/or (iv) at a discount (up-front) of up to 20% of the market price of a Share.

In general, an option may be exercised by a participant, in whole or in part, during the exercise period applicable to such option subject to any conditions (including any vesting schedule) that may be imposed by the RC in relation to the vesting of any Shares comprised in that option.

(c) Unissued Shares under Options

There were no options granted under the Share Option Plan during the financial year ended 31 March 2016. The options granted by the Company do not entitle the holders of the options, by virtue of such holdings, to any right to participate in any share issue of any other company. No options were granted during the financial year to take up unissued shares of the Company.

The aggregate number of options granted since the commencement of the Share Option Plan to the end of the financial year is 33,000,000. The options were previously granted to former directors of the Company and former employees of the Group. These options had been cancelled.

(d) Other information regarding the Share Incentive Plan is as follows:

Under the Share Incentive Plan, awards are granted to eligible participants. Awards represent the right of a participant to receive fully paid Shares, their equivalent cash value or combinations thereof, free of charge, provided that certain prescribed performance targets (if any) are met and upon expiry of the prescribed vesting periods (where applicable). Participants are not required to pay for the grant of awards.

The selection of a participant and the number of Shares which are the subject of each award to be granted to a participant in accordance with the Share Incentive Plan shall be determined at the absolute discretion of the RC, which shall take into account criteria such as his rank, job performance, years of service and potential for future development, his contribution to the success and development of the Group and, if applicable, the difficulty with which the performance target(s) may be achieved within the performance period.

DIRECTORS' STATEMENT

For the financial year ended 31 March 2016

6. SHARE PLANS (Cont'd)

(e) Awards under the Share Incentive Plan

During the financial year, no ordinary shares in the Company were allotted and issued to participants of the Share Incentive Plan.

No participants (including Directors of the Company) have been granted options pursuant to the Share Option Plan and/or have received new Shares awarded under the Share Incentive Plan, which, in aggregate, represent 5% or more of the aggregate of (1) the total number of new Shares available under the Share Option Plan and the Share Incentive Plan collectively; and (2) the total number of existing Shares delivered pursuant to the options exercised under the Share Option Plan and awards released under the Share Incentive Plan collectively.

No participant of the Share Option Plan or Share Incentive Plan is a controlling shareholder of the Company or its associate (as those terms are defined in the Listing Manual of the SGX-ST).

7. AUDIT COMMITTEE

At the date of this report, the Audit Committee comprises the following members:

Michael Chan Wai Kwong	-	Chairman (Independent Director)
Simpson Steven Barry John	-	Member (Non-Independent, Non-Executive Director)
Phillip Jeffrey Saile	-	Member (Independent Director)
Ng Chee Keong	-	Member (Independent Director)

The Audit Committee performs, amongst others, the functions set out in Section 201B of the Singapore Companies Act, Cap. 50.

In performing those functions, the Committee reviews:

- overall scope of audits and the assistance given by the Company's offices to the auditors. It meets with the Company's external auditors to discuss the results of their respective examinations and their evaluation of the Company's system of internal accounting controls;
- the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- the quarterly financial information (where applicable) and the statement of financial position of the Company and the consolidated financial statements of the Group for the financial year ended 31 March 2016 as well as the auditor's report thereon; and
- interested person transactions (as defined in Chapter 9 of the Listing Manual of the Singapore Exchange).

The Audit Committee has recommended to the Board of Directors that the independent auditor Foo Kon Tan LLP be nominated for re-appointment as external auditors of the Company at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and its subsidiary, we have complied with Rules 712 and 715 of the SGX Listing Manual.

DIRECTORS' STATEMENT

For the financial year ended 31 March 2016

8. INDEPENDENT AUDITOR

The independent auditor, Foo Kon Tan LLP, Chartered Accountants, has expressed its willingness to accept re-appointment.

INDEPENDENT AUDITOR'S REPORT

to the members of Jasper Investments Limited

Report on the financial statements

We have audited the accompanying financial statements of Jasper Investments Limited (the “Company”) and its subsidiary (the “Group”), which comprise the statements of financial position of the Group and the Company as at 31 March 2016, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the “Act”) and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2016 and the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

INDEPENDENT AUDITOR'S REPORT

to the members of Jasper Investments Limited

Emphasis of matter

We draw your attention to Note 2 (a) to the financial statements which state that as at 31 March 2016, the Group's and Company's total liabilities exceeded its total assets by US\$263,000 and US\$257,000 respectively. The Group incurred a net loss after tax of US\$419,000, total comprehensive loss of US\$269,000 and has net cash outflows of US\$586,000 used in operating activities. The validity of the going concern assumption on which these financial statements are prepared depends on the ability of the Group to generate sufficient cash flows from operations to pay debts as and when they fall due. The Company has entered into two contracts for the provision of management services during the financial year, which are expected to continue to generate revenue subsequent to the financial year to meet operating cash flow requirements of the Group. If the Group is unable to continue on a going concern, adjustments would have to be made to reflect the situation that the assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts stated in the statement of financial position. In addition, the Group may have to provide for further liabilities which may arise. In forming our opinion, we have considered the adequacy of the disclosure of this matter on the financial statements. Our opinion is not qualified in respect of this matter.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary incorporated in Singapore of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

I General information

The financial statements of the Group and the Company for the year ended 31 March 2016 were authorised for issue in accordance with a resolution of the Directors on the date of the Directors' statement.

The Company is incorporated as a limited liability company domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited (SGX-ST).

On 18 September 2015, Triton Investments No. 8 LLP ("Triton") entered into a sale and purchase agreement with Morton Bay (Holdings) Pte Ltd to purchase an aggregate of 3,415,218,035 shares in Jasper Investments Limited for an aggregate cash consideration of S\$1,250,000.

Following the completion of the sale and purchase agreement on 18 September 2015, Triton and parties acting or deemed to be acting in concert with it hold an aggregate of 3,415,218,035 shares, representing approximately 80.77% of all the shares in the Company. In addition, a mandatory general offer was made by Triton for the remaining shares which were not already held by Triton and parties acting or deemed to be acting in concert with it. Following the close of the mandatory general offer, Triton holds an aggregate of 3,439,728,556 shares, representing approximately 81.35% of all the shares in the Company.

On 4 March 2015, the Singapore Exchange Securities Limited has placed the Company on the watch-list, following the Notice of 3 consecutive years' losses released by the Company on 29 June 2014.

On 3 March 2016, the Singapore Exchange Securities Limited has placed the Company on the watch-list, due to the Minimum Trading Price Entry Criterion.

The Company has identified certain possible opportunities involving vessel management and operations relating to the provision of barge transportation services in connection with infrastructural works in the North Asian region and are in advanced discussions with the project principal.

The registered office and principal place of business of the Company is located at 10 Shenton Way #12-06, Singapore 079117.

The principal activity of the Company is that of an investment holding company. The principal activities of the subsidiary are disclosed in Note 5 to the financial statements.

2(a) Basis of preparation

The financial statements are prepared in accordance with Singapore Financial Reporting Standards ("FRS") including related Interpretations promulgated by the Accounting Standards Council ("ASC"). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in United States dollars which is the Company's functional currency. All financial information is presented in United States dollars, unless otherwise stated.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(a) Basis of preparation (Cont'd)

Going concern

The financial statements have been prepared on a going concern basis, which assumes that the Group will be able to meet their obligations as and when they fall due in the next 12 months. The Group's and Company's total liabilities exceeded its total assets by US\$263,000 and US\$257,000 respectively. The Group incurred a net loss after tax of US\$419,000, total comprehensive loss of US\$269,000 and has net cash outflows of US\$586,000 used in operating activities. The validity of the going concern assumption on which these financial statements are prepared depends on the ability of the Group to generate sufficient cash flows from operations to pay debts as and when they fall due. The Company has entered into two contracts for the provision of management services during the financial year, which are expected to continue to generate revenue subsequent to the financial year to meet operating cash flow requirements of the Group. If the Group is unable to continue on a going concern, adjustments would have to be made to reflect the situation that the assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts stated in the statement of financial position. In addition, the Group may have to provide for further liabilities which may arise.

As at the date of this report, the Directors believe that the Group will be able to meet its obligations as and when they fall due in the next 12 months based on the Group's Cash Flow forecast. Accordingly, in the opinion of the Directors of the Company, the financial statements for the financial year ended 31 March 2016 prepared on a going concern basis is appropriate.

Significant accounting estimates and judgement

The preparation of the financial statements in conformity with FRS requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates.

The critical accounting estimates and assumptions used are described below:

Impairment of loans and receivables

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. The carrying amount of the Group's loans and receivables at the end of the reporting period is disclosed at Note 6 to the financial statements. If the present value of estimated future cash flows decrease by 5% from management's estimates, the impact to the Group's impairment of loans and receivables is not significant.

Income tax

Significant judgement is included in determining the group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The accounting policies used by the Group have been applied consistently to all periods presented in these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(b) Amendments to published standards effective in 2015

On 1 April 2015, the Group adopted the new or amended FRSs that are mandatory for application from that date. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS. This includes the following FRSs which are relevant to the Group.

Reference	Description
Amendments of FRS 19	Defined Benefit Plan: Employee Contribution
Improvements to FRSs (January 2014)	
FRS 24	Related Party Transactions
FRS 108	Operating Segments

The adoption of these new or amended FRSs did not result in substantial changes to the accounting policies of the Group and had no material effect on the amounts reported for the current or prior financial years except for the following:

FRS 24 Related Party Disclosures

Improvements to FRSs (January 2014) FRS 24 Related Party Disclosures clarify that an entity providing key management personnel services to the reporting entity or to the parent of the reporting entity is related party of the reporting entity. In addition, an entity that uses a management entity is required to disclose the expenses incurred for management services. The improvements to FRSs (January 2015) FRS 24 Related Party Disclosures are effective from annual period beginning on or after 1 July 2014. As this is a disclosure standard, it will not have any impact on the financial performance or the financial position of the Group when implemented.

FRS 108 Operating Segments

The improvements to FRSs (January 2014) FRS 108 Operating Segments clarify that an entity shall only provide reconciliations of the total of the reportable segments' assets to the entity's assets if the segment assets are reported regularly. In addition, the entity is required to disclose the judgements made by management in applying the aggregation criteria to operating segments. The improvements to FRSs (January 2014) FRS 108 Operating Segments are effective from annual periods beginning on or after 1 July 2014. As this is a disclosure standard, it will not have any impact on the financial performance or the financial position of the Group when implemented.

2(c) FRS not yet effective

The following are the new or amended FRS that are not yet effective but may be early adopted for the current financial year:

Reference	Description	Effective date (Annual periods beginning on or after)
FRS 1	Amendments to FRS 1 – Disclosure Initiative	1 January 2016
FRS 7	Amendments to FRS 7 – Disclosure Initiative	1 January 2017
FRS 12	Amendments to FRS 12 – Recognition of Deferred Tax Assets for Unrealised Losses	1 January 2017
Singapore equivalent of IFRS 9	Financial Instruments	1 January 2018
Singapore equivalent of IFRS 15	Revenue Contract from Customers	1 January 2018
Singapore equivalent of IFRS 1	First Time Adoption of Singapore equivalent of IFRS	1 January 2018

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(c) FRS not yet effective (Cont'd)

The directors do not anticipate that the adoption of the above FRSs in future periods will have a material impact on the financial statements of the Group and the Company in the period of their initial adoption, except for the following:

Singapore equivalent of IFRS 15 Revenue Contract from Customers

Singapore equivalent of IFRS 15 Revenue from Contracts with Customers establishes a framework for determining when and how to recognise revenue. The objective of the standard is to establish the principles that an entity shall apply to report useful information about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer. The new standard applies to contracts with customers. However, it does not apply to insurance contracts, financial instruments or lease contracts, which fall into the scope of other standards.

Singapore equivalent of IFRS 15 is effective for annual periods beginning on or after 1 January 2018. The Group is currently assessing the impact to the financial statements.

Singapore equivalent of IFRS 1 First Time Adoption of Singapore equivalent of IFRS

Singapore equivalent of IFRS 1 establishes the requirements for first time adoption of Singapore equivalent of IFRS. The new standard applies to Singapore-incorporated companies listed on the Singapore Exchange following the introduction of a new framework that is identical to IFRS. Singapore equivalent of IFRS 1 is effective for annual periods beginning on or after 1 January 2018. The Group is currently assessing the impact on the financial statements.

2(d) Summary of significant accounting policies

Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at the end of the reporting period. The financial statements of the subsidiary used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intragroup balances, income and expenses and unrealised gains and losses resulting from intragroup transactions and dividends are eliminated in full.

A subsidiary is consolidated from the date of acquisition, being the date on which the Group obtains control and continues to be consolidated until the date that such control ceases.

Losses and other comprehensive income are attributable to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts as at that date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(d) Summary of significant accounting policies (Cont'd)

Consolidation (Cont'd)

- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Thus, the Group controls an investee if and only if the Group has all of the following:

- power over the investee;
- exposure, or rights or variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Changes in the Group's ownership interests in subsidiary that do not result in the Group losing control over the subsidiary are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(d) Summary of significant accounting policies (Cont'd)

Consolidation (Cont'd)

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable FRSs). The fair value of any investment retained in the former subsidiary at the date when the control is lost is regarded as the fair value on the initial recognition for subsequent accounting under FRS 39, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Transactions with Non-Controlling Interest

Non-controlling interest represents the equity in subsidiary not attributable, directly or indirectly, to owners of the Company, and are presented separately in the consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to owners of the Company.

Changes in the Company owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

Plant and equipment and depreciation

Plant and equipment are stated at cost or valuation less accumulated depreciation and accumulated impairment losses, if any. Depreciation is computed utilising the straight-line method to write off the cost of these assets over their estimated useful lives as follows:

Drilling rig	20 years
Equipment, furniture and fittings	3 years

Accommodation vessel under construction is not depreciated until the asset is completed and ready for use.

The cost of plant and equipment includes expenditure that is directly attributable to the acquisition of the items. Dismantlement, removal or restoration costs are included as part of the cost of plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset. Cost may also include transfers from equity of any gains/losses on qualifying cash flow hedges of foreign currency purchases of plant and equipment.

Subsequent expenditure relating to plant and equipment that have been recognised is added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the standard of performance of the asset before the expenditure was made, will flow to the Group and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

For acquisitions and disposals during the financial year, depreciation is provided from the month of acquisition to the month before disposal respectively. Fully depreciated plant and equipment are retained in the books of accounts until they are no longer in use.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(d) Summary of significant accounting policies (Cont'd)

Plant and equipment and depreciation (Cont'd)

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Depreciation methods, useful life and residual values are reviewed and adjusted as appropriate at each reporting date as a change in estimates.

Investment in subsidiary

Investments in subsidiary are stated at cost less accumulated impairment losses, if any, on an individual subsidiary basis.

Financial assets

Financial assets, other than hedging instruments, can be divided into the following categories: financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables and available-for-sale financial assets. Financial assets are assigned to the different categories by management on the initial recognition, depending on the purpose for which the assets were acquired. The designation of financial assets is re-evaluated and classification may be changed at the reporting date with the exception that the designation of financial assets at fair value through profit or loss is not revocable.

All financial assets are recognised on their trade date - the date on which the Group commits to purchase or sell the asset. Financial assets are initially recognised at fair value, plus directly attributable transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value.

Derecognition of financial instruments occurs when the rights to receive cash flows from the financial assets expire or are transferred and substantially all of the risks and rewards of ownership have been transferred. An assessment for impairment is undertaken at least at the end of each reporting period whether or not there is objective evidence that a financial asset or a group of financial assets is impaired.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Non-compounding interest and other cash flows resulting from holding financial assets are recognised in profit or loss when received, regardless of how the related carrying amount of financial assets is measured.

The Group and the Company carry on the statements of financial position the following categories of financial assets at the end of the reporting period.

Available-for-sale financial assets

Available-for-sale financial assets include non-derivative financial assets that do not qualify for inclusion in any of the other categories of financial assets. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the end of reporting period.

All financial assets within this category are subsequently measured at fair value with changes in value recognised in equity, net of any effects arising from income taxes, until the financial assets is disposed of or is determined to be impaired, at which time the cumulative gains or losses previously recognised in equity is included in profit or loss for the period.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(d) Summary of significant accounting policies (Cont'd)

Financial assets (Cont'd)

When a decline in the fair value of an available-for-sale financial asset has been recognised directly in equity and there is objective evidence that the asset is impaired, the cumulative loss that had been recognised directly in equity shall be removed from the equity and recognised in profit or loss even though the financial asset has not been derecognised.

The amount of the cumulative loss that is removed from equity and recognised in profit or loss shall be the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss.

Impairment losses recognised in profit or loss for equity investments classified as available-for-sale are not subsequently reversed through profit or loss. Impairment losses recognised in profit or loss for debt instruments classified as available-for-sale are subsequently reversed in profit or loss if an increase in the fair value of the instrument can be objectively related to an event occurring after the recognition of the impairment loss.

Impairment losses recognised in a previous interim period in respect of available-for-sale equity investments are not reversed even if the impairment losses would have been reduced or avoided had the impairment assessment been made at a subsequent reporting period or end of reporting period.

Determination of fair value

The fair values of quoted financial assets are based on current bid prices. If the market for a financial asset is not active, the Group establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models, making maximum use of market inputs. Where fair value of unquoted instruments cannot be measured reliably, fair value is determined by the transaction price.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a receivable with no intention of trading the receivables. They are included in current assets, except for maturities greater than 12 months after the end of reporting period. These are classified as non-current assets.

Loans and receivables include trade and other receivables (excluding prepayments), amounts due from subsidiary and cash and bank balances. They are subsequently measured at amortised cost using the effective interest method, less impairment. If there is objective evidence that the asset has been impaired, the financial asset is measured at the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. The impairment or write back is recognised in profit or loss.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and bank deposits which are readily convertible to cash and which are subject to an insignificant risk of changes in value.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

2(d) Summary of significant accounting policies (Cont'd)

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

Financial liabilities

The Group's financial liabilities include trade and other payables and amounts due to shareholder.

Financial liabilities are recognised when the Group becomes a party to the contractual agreements of the instrument. All interest-related charges are recognised as expense under finance costs in profit or loss. Financial liabilities are derecognised if the Group's obligations specified in the contract expire or are discharged or cancelled.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Borrowings are recognised initially at fair value of proceeds received less attributable transaction costs, if any. Borrowings are subsequently stated at amortised cost which is the initial fair value less any principal repayments. Any difference between the proceeds (net of transaction costs) and the redemption value is taken to profit or loss over the period of the borrowings using the effective interest method. All interest-related charge are recognised as an expense in "finance cost" in profit or loss.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

Borrowings which are due to be settled within 12 months after the end of reporting period are included in current liabilities in the statements of financial position even though the original terms were for a period longer than 12 months and an agreement to refinance, or to reschedule payments, on a long-term basis is completed after the end of reporting period. Borrowings to be settled within the Group's normal operating cycle are classified as current. Other borrowings due to be settled more than 12 months after the end of reporting period are included in non-current liabilities in the statements of financial position.

Trade and other payables are initially measured at fair value, and subsequently measured at amortised cost, using the effective interest method.

Borrowing costs

Borrowing costs are recognised in profit or loss as incurred except to the extent that they are capitalised. Borrowing costs are capitalised if they are directly attributable to the construction of a qualifying asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are ready for their intended use or sale.

Operating leases

Rentals on operating leases are charged to profit or loss on a straight-line basis over the lease term. Lease incentives, if any, are recognised as an integral part of the net consideration agreed for the use of the leased asset. Penalty payments on early termination, if any, are recognised in profit or loss when incurred.

2(d) Summary of significant accounting policies (Cont'd)

Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting or taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary, except where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss.

Employee benefits

Defined contribution plan

The Group participates in the defined contribution national pension schemes as provided by the laws of the countries in which it has operations. In particular, the Singapore incorporated companies in the Group contribute to the Central Provident Fund, a defined contribution plan regulated and managed by the Government of Singapore, which applies to the majority of the employees. The contributions to pension schemes are charged to profit or loss in the period to which the contributions relate.

Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed in profit or loss in the accounting period in which the related service is provided.

A provision is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employees and the obligation can be estimated reliably.

Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. Directors of the Company and its subsidiary and certain managers are considered key management personnel.

Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. Accrual is made for the unconsumed leave as a result of services rendered by employees up to the end of reporting period.

Employee Share Option Scheme and Share Incentive Plan

The Company operates share based compensation plans.

The Group issues equity-settled share-based payments to certain employees. The fair value of the employee services received in exchange for the grant of options and incentive shares are recognised as an expense in profit or loss with a corresponding increase in the share option and share plan reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the options and incentive shares granted on the date of the grant. Non-market vesting conditions are included in the estimation of the number of shares under options and share incentive plan that are expected to become exercisable on the vesting date. At the end of each reporting period, the Group revises its estimates of the number of shares under options and share incentive plan that are expected to become exercisable on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share option and share incentive plan reserve over the remaining vesting period.

When the options are exercised, the proceeds received (net of transaction costs) and the related balance previously recognised in the share option reserve are credited to share capital account, when new ordinary shares are issued, or to the "treasury shares" account when treasury shares are re-issued to the employees.

In the Company's separate financial statements, the fair value of options and incentive shares granted to employees of its subsidiary is recognised as an increase in the cost of the Company's investment in subsidiary, with a corresponding increase in equity over the vesting period.

Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and Company if that person:
 - (i) has control or joint control over the Company;
 - (ii) has significant influence over the Company; or
 - (iii) is a member of the key management personnel of the Group or Company or of a parent of the Company.
- (b) An entity is related to the Group and the Company if any of the following conditions applies:
 - (i) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

2(d) Summary of significant accounting policies (Cont'd)

Related parties (Cont'd)

- (iii) both entities are joint ventures of the same third party.
- (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
- (vi) the entity is controlled or jointly controlled by a person identified in (a).
- (vii) a person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets subject to impairment are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

If it is not possible to estimate the recoverable amount of the individual asset, then the recoverable amount of the cash-generating unit to which the asset belongs will be identified.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

All individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell and value-in-use, based on an internal discounted cash flow evaluation.

All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist.

Any impairment loss is charged to profit or loss, unless it reverses a previous revaluation in which case it is charged to equity.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

A reversal of an impairment loss on a revalued asset is credited directly to equity under the heading revaluation surplus. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in profit or loss, a reversal of that impairment loss is recognised as income in profit or loss.

2(d) Summary of significant accounting policies (Cont'd)

Revenue recognition

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Revenue excludes goods and services taxes and is arrived at after deduction of trade discounts. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

Revenue from the provision of management services is recognised when the services are rendered.

Interest income is recognised on a time-apportionment basis using the effective interest method.

Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements of the Group and the Company are presented in United States dollars, which is also the functional currency of the Company.

Conversion of foreign currencies

Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in profit or loss.

When a foreign operation is disposed of or any borrowings forming part of the net investment of the foreign operation are repaid, a proportionate share of the accumulated translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign currency gains and losses are reported on a net basis as either other income or other operating expense depending on whether foreign currency movements are in the net gain or net loss position.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Group entities

The results and financial position of all the entities within the Group that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities are translated at the closing exchange rates at the end of reporting period;
- (ii) Income and expenses for each statement presenting profit or loss and other comprehensive income (i.e. including comparatives) shall be translated at exchange rates at the dates of transactions; and
- (iii) All resulting currency translation differences are recognised in other comprehensive income and accumulated in the exchange reserve.

21 Operating Segments (Cont'd)

Geographical segments

The following table for the years ended 31 March 2016 and 2015 presents segment revenue and segment assets based on the geographical location of the operations.

	Revenue	
	2016 US\$'000	2015 US\$'000
Asia	874	75

Revenue of US\$0.9 million (2015 - US\$0.1 million) was derived from two customers. This revenue was attributable to the offshore segment.

22 Financial risk management objectives and policies

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks included foreign currency risk, interest rate risk, market price risk, credit risk and liquidity risk.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risk exposures are measured using sensitivity analysis indicated below.

22.1 Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Group has transactional currency exposures arising from expenses that are denominated in a currency other than the respective functional currencies of group entities, primarily Singapore dollars (SGD). The foreign currencies in which these transactions are denominated are mainly Singapore dollars (SGD).

The following table demonstrates the sensitivity to a 5% (2015 - 5%) strengthening of USD against the following currencies at the end of reporting period would increase/(decrease) loss net of tax and equity:

	2016		2015	
	Loss net of tax US\$'000	Equity US\$'000	Loss net of tax US\$'000	Equity US\$'000
SGD	(8)	(8)	(10)	(10)
Others	(1)	(1)	—	—

Sensitivity analysis

A 5% (2015 - 5%) weakening of the USD against the above currencies as at 31 March would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

22 Financial risk management objectives and policies (Cont'd)

22.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's exposure to the change in interest rates relates primarily to interest-bearing financial liabilities. Interest rate risk is managed by the Group on an on-going basis with the primary objective of limiting the impact of short-term fluctuation in the Group's earnings.

As at the end of reporting period, the interest rate profile of the Group's interest-bearing financial instruments are as follows:

	2016 US\$'000	2015 US\$'000
Fixed rate instruments		
Substantial shareholder's loan	870	—

Sensitivity analysis

A 1% point increase in interest rate would increase the Group's loss net of tax by approximately US\$7,221 (2015 - US\$Nil).

On the other hand, a 1% point decrease in interest rate, with all other variables including tax rate being held constant, would have had the equal opposite effect on the amount shown above, on the basis that all other variables remain constant.

22.3 Market price risk

Price risk is the risk that the value of a financial instrument will fluctuate due to changes in market prices whether those changes are caused by factors specific to the individual security or its issuer or factors affecting all securities traded in the market.

As at the end of the reporting period, the Group does not hold any quoted or marketable financial instrument and hence, is not exposed to any movements in market price.

22.4 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the Group to incur a financial loss. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, cash and bank balances, the Group minimises credit risk by dealing with reputable financial institutions.

For trade and other receivables, the Group performs periodic credit evaluations of its customers' financial condition but generally does not require collateral. Careful consideration is given to the reputation and trustworthiness of potential clients before the Group tenders for a project and enters into a contract.

The Group believes that its credit risk in trade and other receivables is mitigated substantially by its credit evaluation process, credit policies, and credit control and collection procedures.

The Group establishes an allowance for doubtful debts that represents its estimates of incurred losses in respect of trade and other receivables. The collective loss is determined based on historical data of payment statistic for similar financial assets. Further details of credit risks on trade and other receivable are disclosed in Note 6.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

22 Financial risk management objectives and policies (Cont'd)

22.4 Credit risk (Cont'd)

Credit risk concentration profile

The Group determines concentration of credit risk by monitoring its trade receivables on an on-going basis. The Group's trade receivables comprise 2 debtors (2015 - 1 debtor) that represented 100% of trade receivables.

22.5 Liquidity risk

Liquidity or funding risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group ensures that there are adequate funds to meet all its obligations in a timely and cost-effective manner by providing management services in connection with the management of oil and gas vessels as disclosed in Note 2(a).

The following are the contractual maturities of financial liabilities, including interest payments and excluding the impact of netting agreements:

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

23 Fair value measurement

FRSs define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

23.1 Fair value measurement of financial instruments

Financial assets measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: unobservable inputs for the asset or liability

The following table shows the Levels within the hierarchy of financial assets measured at fair value at 31 March 2016 and 31 March 2015:

	Level 1 US\$'000	Level 2 US\$'000	Level 3 US\$'000	Total US\$'000
Group				
31 March 2016				
Financial assets				
Available-for-sale financial assets	–	–	–	–
31 March 2015				
Financial assets				
Available-for-sale financial assets	300	–	–	300

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of reporting period. The quoted market price used for financial assets held by the Group is the current bid price over-the-counter provided by brokers. This instrument is included in Level 1.

24 Other information required by the Singapore Exchange Securities Trading Limited

No material contracts to which the Company or any related company is a party and which involve Directors' or controlling shareholders' interest subsisted at, or have been entered into since the end of the financial year.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2016

25 Capital management

The Group's and the Company's objectives when managing capital are:

- (a) To safeguard the Group's and the Company's ability to continue as a going concern;
- (b) To support the Group's and the Company's stability and growth;
- (c) To provide capital for the purpose of strengthening the Group's and the Company's risk management capability; and
- (d) To provide an adequate return to shareholders.

The Group and the Company actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder returns, taking into consideration the future capital requirements of the Group and the Company and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities. The Group and the Company currently do not adopt any formal dividend policy.

Management monitors capital based on a net gearing ratio. The gearing ratio is calculated as net debt divided by shareholders returns. Net debt is calculated as borrowings less cash and bank balances.

There were no changes in the Group's and the Company's approach to capital management during the year.

The Group and the Company are not subject to externally imposed capital requirements other than as disclosed.

NOTICE OF ANNUAL GENERAL MEETING

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 50% of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to existing shareholders of the Company shall not exceed 20% of the total number of issued shares in the capital of the Company excluding treasury shares (as calculated in accordance with paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any Instruments;
 - (ii) new shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution; and
 - (iii) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGXST) and the Articles of Association for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier (See Explanatory Note (v)). **(Resolution 7)**

9. ISSUE AND ALLOTMENT OF SHARES PURSUANT TO THE JASPER SHARE OPTION PLAN AND JASPER SHARE INCENTIVE PLAN

That authority be and is hereby given to the Directors to issue and allot shares in the capital of the Company as may be required to be issued pursuant to the exercise of options granted or to be granted under the Jasper Share Option Plan and/or vesting of awards granted or to be granted under the Jasper Share Incentive Plan (collectively with the Jasper Share Option Plan, the "Plans") provided that the aggregate number of shares to be issued pursuant to the Plans does not, in aggregate, exceed 15% of the total number of issued shares (excluding treasury shares) in the capital of the Company from time to time (See Explanatory Note (vi)).

(Resolution 8)

By order of the Board

Ng Joo Khin
Company Secretary

NOTICE OF ANNUAL GENERAL MEETING

Notes:

- I) (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
- (b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.

- 2) A Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote in his/her stead. A proxy need not be a Member of the Company.
- 3) If the appointor is a corporation, the instrument appointing a proxy must be executed under seal or the hand of its duly authorised officer or attorney.
- 4) An instrument appointing a proxy must be lodged at the registered office of the Company at 10 Shenton Way #12-06 Singapore 079117 not less than 48 hours before the time fixed for the Annual General Meeting.

Explanatory Notes

- (i) Mr Phillip Jeffrey Saile is the Independent Director of the Company. He is also the Chairman of the Nominating Committee and Remuneration Committee, and is a member of Audit Committee.
- (ii) Mr Chan Wai Kwong Michael is the Independent Director of the Company. He is also the Chairman of the Audit Committee.
- (iii) This is to facilitate the payment of Directors' fees during the financial year in which the fees are incurred. The Directors' fees will be paid quarterly in arrears. The aggregate amount of Directors' fees provided in the resolution is calculated on the assumption that all the Directors will hold office for the whole of FY2017. Should any Director hold office for only part of FY2017 and not the whole of FY2017, the Director's fee payable to him will be appropriately pro-rated.
- (iv) Mr Simpson Steven Barry, currently the Non-Executive Chairman and Director, has expressed his intention to retire from his position as Chairman and Director of the Company to focus on his other business and, accordingly, has declined to stand for re-election upon his retirement at the conclusion of the forthcoming Annual General Meeting. The Board, on the recommendation of the Nominating Committee, has proposed that Mr Ow Eang Hong, currently the Chief Operating Officer of the Company, be appointed as the Company's Executive Chairman and Director of the Company upon the retirement of Mr Simpson Steven Barry. Mr Ow will remain as the Chief Operating Officer of the Company in addition to his aforesaid appointment.
- (v) Ordinary Resolution 7, if passed, will authorise the Directors, from the date of this Annual General Meeting up to the date of the next Annual General Meeting or the date by which the next Annual General Meeting is required by law to be held, to issue shares, make or grant instruments (such as warrants or debentures) convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding 50% of the total number of issued shares in the capital of the Company, of which up to 20% may be issued other than on a pro rata basis to shareholders. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares shall be based on the total number of issued shares, excluding treasury shares, in the capital of the Company at the time that this Resolution is passed, after adjusting for (a) new shares arising from the conversion or exercise of any convertible securities; (b) new shares arising from the exercise of share options or vesting of share awards which are outstanding or subsisting at the time that this Resolution is passed; and (c) any subsequent bonus issue, consolidation or subdivision of shares.
- (vi) Ordinary Resolution 8, if passed, will empower the Directors to issue shares on the exercise of options granted under the Jasper Share Option Plan and the vesting of awards under the Jasper Share Incentive Plan (collectively with the Jasper Share Option Plan, the "Plans") not exceeding (for the entire duration of the Plans) 15% of the total number of issued shares (excluding treasury shares) in the capital of the Company from time to time. The Plans will expire on 30 July 2019 unless extended by the Company in general meeting.
