Corporate Profile

LHT HOLDINGS LIMITED

LHT Holdings Limited has been in the timber industry for over 40 years. Since establishment in 1977, LHT has grown into one of the largest manufacturers of high quality wooden pallets, boxes and crates in Singapore, with facilities occupying 63,568 sqm of land in Singapore. LHT was listed on the Main Board of the Singapore Exchange Securities Trading Limited (“SGX-ST”) on 26 July 1999. LHT’s staff strength now stands at 120 employees in Singapore and a total of 255 employees in the Group as at end February 2021.

ISO Certifications

1997	Awarded ISO 9001 certification on the quality management system
2001	Awarded ISO 14001 certification on its environmental management system highlighting LHT’s commitment towards environmental excellence

LHT’s commitment to excellence and a greener environment has been recognised with the receipt of many important awards and certifications. LHT has been presented with the SEC-Senoko Power Green Innovation Award (2005), Sustainability Award by the Singapore Business Federation in 2012, 3R Packaging Award 2013 co-hosted by Singapore Packaging Agreement and National Environment Agency, SMF Business Model Innovation Award by the Singapore Manufacturing Federation and SSWG Merit Award by the Singapore Police Force in 2014 and the Company’s Technical Wood® and Greenflo® products have also been granted Green Label Scheme by the Singapore Environment Council.

The Company has been a multiple recipient of the Enterprise 50 Award (1995 and 1996) and received the 27th International Trophy for Quality by the Trade Leader’s Club based in Madrid, Spain (1998). In 2002, LHT has also received the 21st Century, Global Triumphant Product Golden Rim Award from the Medium Business Development Association of China in recognition of its contribution to the industry.

More recently, the Company has been awarded the Business Eminence Awards by Dun & Bradstreet in 2020 and The 10 Most Renowned Brands to Watch in 2020 by The Leaders Globe.

As part of LHT’s commitment to protecting the Earth’s precious timber resources and reducing waste, LHT established Singapore’s first wood waste recycling plant equipped with a highly automated German system to produce a series of Technical Wood® products. The advanced technology allows products to be made with greater consistency in colour and texture and to a higher density. These products undergo a strict process of treatment and drying to prevent wood cracking, mould and insect attacks and are ideally suited to furniture, flooring, building material and heavy-duty industrial applications.

With its commitment to improving the environment and highly automated machinery, LHT was selected by the Ministry of the Environment as a participant for its “Clean and Green Week” annually. This gave LHT a tremendous opportunity to showcase its advanced techniques, product applications, as well as its Technical Wood®, wooden pallet and case and wood waste recycling plant to a diverse range of stakeholders, including the staff of the statutory board, potential business partners and the public at large.

Mission Statement

We aspire to lead in the management of total packaging support to our customers in every aspect of their supply chains across their regional operations with the state-of-the-art technology, excellent services, and competitive pricing.

WE ACHIEVE OUR MISSION THROUGH:

Leading-edge Technology

We constantly search and acquire, whenever financially and operationally expedient, the latest technology in packaging.

Innovative Products

We build and sustain an in-house research and development capability in developing innovative products that meet the changing needs and preferences of customers for packaging.

Advance Process Management

We strive for excellence in managing all internal processes for increased productivity and all external processes for customer satisfaction with advanced process management techniques and methodologies.

Harmonious Environment with Good Network Building

We create and sustain a conducive working environment for our people while responding to the global call for environmentally friendly packaging products. We also continue building extensive marketing and distribution channels.

People Power

We unite and look to our people as a driving force for the company's growth.

Chairman's Statement

“The Group will continue to enhance its competitiveness by maintaining product quality, prompt delivery, cost control measures and improvements in productivity.”

Dear Shareholders,

On behalf of the Board Directors, I am pleased to present the Annual Report and audited Financial Statements of LHT Group for Financial Year 2020.

REVIEW OF PERFORMANCE

For the Financial Year 2020, the Group registered revenue of \$33.63 million, a 11.8% decrease from \$38.12 million in FY2019. Revenue from pallet and packaging products decreased by 12.3% to \$27.38 million (FY2019: \$31.23 million), mainly due to lower demand from local exporters in the year. Revenue from trading in timber-related products decreased by 45.8% to \$0.90 million (FY2019: \$1.65 million) due to decrease in demand from agents during the pandemic year. Revenue from Technical Wood® and related products decreased by 42.3% to \$0.60 million (FY2019: \$1.04 million) due mainly to a decrease in sale of woodchips and temporary slowing down of the Technical Wood operations as some workers who went back on home leave to China were unable to return due to Covid-19 travel restrictions. Some have since returned and others have been recruited to fill in the vacancies. Revenue from pallet rental services increased by 13.1% to \$4.75 million (FY2019: \$4.20 million) due to increase in demand in the logistics market, especially during the Circuit Breaker period in the first half of the year.

The Group's net profit after tax increased 31.7% from \$2.21 million in FY2019 to \$2.91 million in FY2020.

The Group's achievements depend largely on its core business of manufacturing and sale of pallets and packaging cases. The ability to increase market share while maintaining profit margin is key to the business.

In the Extraordinary General Meeting (EGM) held on 21 January 2020, the shareholders of the Company have approved the Company to accept a new

30-year lease offer from JTC. This new lease is timely as one of our existing 2 leases with JTC has already expired and returned back to JTC on 29 January 2021, and the other one will expire on 30 June 2025. As a result, the Group is consolidating its operations in Malaysia by recently entering into one Sales and Purchase Agreement and two separate conditional agreements to purchase 3 plots of industrial land in Johor, as announced on 16 October 2019 and 24 February 2020 and 16 October 2020. The Group has also downsized the operations in Tianjin by making the Tianjin subsidiary dormant as the Covid-19 pandemic and uncertainties have made the Tianjin operations not viable economically.

The Board recommends a first and final one-tier exempt dividend of \$0.03 (three cents) per ordinary share with respect to the Financial Year ended 31 December 2020.

OUTLOOK

In view of the current uncertain economic conditions, the Group expects market conditions to remain challenging. The Group will continue to keep up its marketing efforts as well as cost management. The Group will continue to enhance its competitiveness by maintaining product quality, prompt delivery, cost control measures and improvements in productivity. The Group is confident that these efforts will enable the Group to stay competitive.

ACKNOWLEDGEMENT

On behalf of the Board of Directors, I would like to thank our customers, shareholders, bankers and business associates for their continuous support as well as the management and staff for their dedication over the years.

Operating and Financial Review

OPERATING REVIEW

Pallet and Packaging Products

The pallet and packaging business registered revenue of \$27.38 million (FY2019: \$31.23 million), a decrease of 12.3% from last year, mainly due to decreased demand for pallets in the year, while segmental result achieved net profit of \$1.42 million, as compared to a net profit of \$1.65 million last year.

The Group expects this sector to remain the main focus as the Group aims to promote its range of IPPC pallets, Technical Wood® pallets and pest-free pallets in new markets while continuously driving demand in the existing ones.

Timber-Related Products

Revenue for timber-related products decreased by about 45.8% to \$0.90 million (FY2019: \$1.65 million) as a result of decrease in demand from agents during the pandemic year. The segmental result registered net profit of \$0.16 million compared to net loss of \$0.91 million last year mainly due to non-recurring scale down costs of the Tianjin operations in FY2019 due to tough market conditions as highlighted in the previous year. The Group has continued to scale down its Tianjin operations to dormant in FY2020.

Technical Wood® Products and Woodchip Supply

The revenue of Technical Wood® products and woodchip supply decreased by 42.3% to \$0.60 million (FY2019: \$1.04 million) mainly due to a decrease in revenue from the sale of woodchips and temporary slowdown of the Technical Wood operations due to manpower shortages. This has resulted in the segmental result to register a net loss of \$0.07 million as compared to a net profit of \$0.37 million in FY2019.

Pallet Rental and Others

The revenue for pallet rental has increased by 13.1% to \$4.75 million (FY2019: \$4.20 million) due to increase in demand in the logistics market, especially during the Circuit Breaker period in the first half of FY2020. Accordingly, the segmental result registered an increase in profit of \$2.44 million (FY2019: \$1.75 million). As the region is expected to grow, although at a lower pace, the Group is confident that pallet rental demand will continue to be strong locally and in Malaysia.

Operating and Financial Review

Other Subsidiary Companies

Kim Hiap Lee Company (Pte) Limited, which deals mainly with pallet rentals, registered revenue of \$2.51 million and an operating profit of \$1.05 million, after tax.

Lian Hup Packaging Industries Sdn Bhd, which specialises in the sales of wooden products, pallet rental, timber and packaging, registered revenue of \$2.79 million and operating profit of \$1.04 million, after tax.

Siri Belukar Packaging Sdn Bhd, which serves primarily as the manufacturing base which supplies pallets for LHT Holdings Limited, registered revenue of \$3.36 million and operating profit of \$0.04 million, after tax.

LHT Marketing Pte Ltd, which is the trading arm for LHT Group, registered revenue of \$1.10 million with an operating profit of \$0.25 million, after tax.

LHT Ecotech Resources Pte Ltd, an integrated solutions provider for all types of wood waste recycling and woodchips supply businesses, registered revenue of \$0.84 million with operating loss of \$0.09 million, after tax.

LHT Gpac Technology (M) Sdn Bhd produces mould pest-free pallets, IPPC and LVL pallets, wood waste recycling management and industrial packaging. It registered revenue of \$5.17 million with operating profit of \$0.14 million, after tax.

LHT Ecotech Resources (Tianjin) Co., Ltd was established to engage in environmental wood product manufacturing, wholesale, retail, import & export and RFID pallet rental business. The company which commenced trading operations in 2015, registered revenue of \$0.02 million with a loss of \$0.14 million. The unprecedented Covid-19 pandemic has made the viability of Tianjin very difficult, and the Group, after much deliberation, has taken further steps to scale down the Tianjin operations to dormant in FY2020.

LHT ECR Packaging (Vietnam) Company Limited was incorporated on 3 August 2017 to explore the pallets and packaging business in Vietnam. It registered revenue of \$0.10 million with an operating profit of \$0.01 million, after tax.

Potential Business Factors and Risks

The unprecedented Covid-19 pandemic that came in year 2020 has created uncertainties for businesses and economies all over. However, the Group engages mainly in essential services and is proceeding cautiously with business as usual. With the arrival of various vaccines towards the end of FY2020, the Group is cautiously optimistic that mass vaccinations worldwide will ensure economies return to normalcy soon.

In the meantime, the Group expects to be affected by higher operating costs accompanied by higher

transportation and raw material prices. To maintain its competitive edge, the Group has continued to maintain the following strategies:

- (1) To use its Malaysian subsidiaries as its main manufacturing base to tap on more competitive labour costs.
- (2) To source for high-quality sawn timber from overseas suppliers, like New Zealand and Australia, thereby keeping process wastages to a minimum.
- (3) To maintain inventory at a reasonable level so as to minimise inventory holding cost.
- (4) To raise productivity and exploring Government's grants in innovation of technology and encourage its employees to upgrade through training and on-the-job innovation.

The wider acceptance and recognition of environmental-friendly Technical Wood® products, pest-free pallets, IPPC pallets and pallets rental services in the local and overseas markets will help boost the Group's core businesses.

Human Resource, Quality Management

As at the end of February 2021, the Group has a workforce of 120 employees in Singapore. Together with its subsidiaries in other countries, the Group now has a total of 255 employees.

The Group continues to conduct training courses for staff to fulfil the requirements of ISO accreditation. Ongoing continuous improvement training programmes are held to upgrade employees' skills and productivity. Courses such as fire and safety programmes and on-the-job training programmes are in place to help new employees adapt easily to their new working environment. The Group remains an impartial and fair employer, ensuring all employees are equally treated and, encouraging employees to participate in curriculum like the Skills Training for Excellence Programme and the Continuing Education and Training Programme.

The Group recognises and appreciates the dedication and contributions of all its employees towards the Group's achievements and successes. As of today, 77 employees have been acknowledged with long services awards.

The Group's ISO committees will continue to review and improve its quality management systems to enhance productivity and competitiveness.

Operating and Financial Review

FINANCIAL REVIEW

Cash Flows and Liquidity

For the year ended 31 December 2020, the Group's net cash generated from operating activities increased to \$11.03 million (FY2019: \$6.85 million) and net cash and cash equivalents increased by \$3.40 million from \$20.67 million to \$24.07 million. The net increase in inflow was mainly due to increase in profit before income tax, decreases in inventories and trade debtors and offset by purchases of property, plant and equipment and right-of-use assets.

The Group's current ratio increased from 7.94 in FY2019 to 10.42 in FY2020, while the quick ratio also increased from 6.72 to 9.37 respectively, due mainly to reducing payables and accruals. Net asset value per share increased from 98.67 cents to 101.16 cents as at 31 December 2020. The shareholder's equity for the Group increased to \$53.86 million (FY2019: \$52.54 million), while total assets increased to \$65.46 million (FY2019: \$61.83 million).

Funding, Borrowings and Risk Management

The Group funds its investments and operations through a mixture of shareholders' funds and bank borrowings. The Group's total borrowings, which comprises of wholly

lease liability of \$7.20 million as compared to last year amount of \$3.95 million mainly due to the recognition of a new thirty year lease of a leasehold land as announced on 12 December 2019 and subsequently approved in an EGM on 21 January 2020. This has resulted in long-term borrowings increasing to \$6.37 million (FY2019: \$2.55 million).

Details of the Group's borrowings, interest rate and financial and capital risk management policies are disclosed in Note 27 and Note 28 to the Financial Statements.

Capital Expenditure

The Group's total capital expenditure incurred for the year was higher at \$2.33 million (FY2019: \$1.36 million). This consists mainly of \$1.84 million for new rental pallets to facilitate the Group's aims in increasing its market share in the pallets rental segment and \$0.27 million for renovations for dormitory under construction-in-progress.

Independent Auditor's Report

To the Members of LHT Holdings Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of LHT Holdings Limited (the "Company") and its subsidiaries (the "Group"), which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020;
- the consolidated income statement and consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the financial year then ended; and
- notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1 Impairment assessment of cost of investment in LHT Gpac Technology (M) Sdn. Bhd. ("Malaysia subsidiary")

Key Audit Matter

As at 31 December 2020, the cost of the Company's investment in Malaysia subsidiary was \$3,800,000 which represents 7% of the Company's total assets.

At the end of the financial year, management assessed that there is an indication of impairment in the investment in Malaysia subsidiary as its net tangible assets was below its carrying amount and the subsidiary had under-utilised mould pallets machineries which had been idle since February 2020. Accordingly, management determined the recoverable amount based on the value-in-use calculations by estimating the expected discounted future cash flows to be derived from the investment in the Malaysia subsidiary. Arising from the assessment, no impairment loss was recognised on the investment in Malaysia subsidiary during the financial year.

We focused on this area as a key audit matter as the value-in-use determination required the exercise of significant management judgements and estimates involved in the key assumptions used in estimating the expected discounted future cash flows, such as the revenue growth rates, terminal growth rate and discount rate.

Independent Auditor's Report

To the Members of LHT Holdings Limited

1 Impairment assessment of cost of investment in LHT Gpac Technology (M) Sdn. Bhd. ("Malaysia subsidiary") (Continued)

Related Disclosures

Refer to notes 2.4, 3.2(i) and 6 of the accompanying financial statements.

Audit Response

We have performed the following audit procedures, amongst others:

- evaluated management's process in determining the recoverable amount of the CGU, including the process in deriving the key estimates for revenue growth rates, average gross margin, terminal growth rate and discount rate;
- assessed the reasonableness of management's key assumptions and estimates applied by comparing revenue growth rates, average gross margin, terminal growth rate and discount rate against historical data and market outlook, as appropriate;
- performed sensitivity analysis around the key assumptions, including the revenue growth rates, average gross margin, and discount rate, used in discounted cash flow forecasts;
- engaged our internal valuation specialist to evaluate the reasonableness of the discount rate used; and
- assessed the adequacy of the related disclosures in the financial statements.

2 Costing of inventories

Key Audit Matter

As at 31 December 2020, the Group's inventories amounted to \$4,794,000, which accounted for approximately 10% of the Group's current assets.

The Group adopts a periodic inventory accounting system, using an in-house Inventory Management System ("IMS"). Standard unit costs of the inventories are computed using Microsoft Access database system and manually entered into the IMS on a semi-annual basis. Arising from the large quantities of inventories and the Group's manual costing process, the determination of the unit costs for the inventories is laborious.

We focused on this area as a key audit matter as the carrying amount of inventories is a significant balance on the consolidated statement of financial position. In addition, the inherent risk of the Group's manual process may lead to incorrect determination of the inventory unit costs and result in inventories being materially misstated as at 31 December 2020.

Related Disclosures

Refer to notes 2.6, 3.2(ii) and 7 of the accompanying financial statements.

Independent Auditor's Report

To the Members of LHT Holdings Limited

2 Costing of inventories (Continued)

Audit Response

We have performed the following audit procedures, amongst others, on a sample basis:

- checked accuracy of units costs stated in the IMS by matching the inventory unit costs from IMS against invoices from suppliers and costing sheets;
- evaluated the reasonableness of the inputs of direct labour and production overheads to the costing sheets and tested the allocation of those costs in converting the materials into work-in-progress and finished goods;
- tested the computation of the costs of purchases using the first-in, first-out basis; and
- traced the costs of inventories from the IMS to the costs of inventories recorded in the accounting system.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Directors' responsibilities include overseeing the Group's financial reporting process.

Independent Auditor's Report

To the Members of LHT Holdings Limited

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditor's Report

To the Members of LHT Holdings Limited

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Khoo Gaik Suan.

1. General corporate information

LHT Holdings Limited (the “Company”) (Registration number 198003094E) is a limited liability company incorporated and domiciled in Singapore. The Company is listed on the mainboard of the Singapore Exchange Securities Trading Limited (“SGX-ST”), with its principal place of business and registered office at 27 Sungei Kadut Street 1, Singapore 729335.

The principal activities of the Company are those of manufacturing and trading of wooden pallets and timber-related products. The principal activities of the subsidiaries are set out in Note 6 to the financial statements.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been drawn up in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)s”) and are prepared under the historical cost convention, except as disclosed in the accounting policies below.

The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position of the Company are presented in Singapore dollar (“\$”), which is the functional currency of the Company and the presentation currency for the consolidated financial statements and all values presented are rounded to the nearest thousand (“\$’000”) as indicated.

The preparation of financial statements in compliance with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the Group’s application of accounting policies and reported amounts of assets, liabilities, revenue and expenses. Although these estimates are based on management’s best knowledge of current events and actions, actual results may differ from those estimates. The areas where such judgements or estimates have the most significant effect on the financial statements are disclosed in Note 3 to the financial statements.

Changes in accounting policies

New standards, amendments and interpretations effective from 1 January 2020

The standards, amendments to standards, and interpretations, issued by Accounting Standards Council Singapore (“ASC”) that will apply for the first time by the Group are not expected to impact the Group as they are either not relevant to the Group’s business activities or require accounting which is consistent with the Group’s current accounting policies, except as detailed below.

Changes in accounting policies (Continued)

New standards, amendments and interpretations effective from 1 January 2020 (Continued)

Amendment to SFRS(I) 16 Leases: Covid-19-Related Rent Concessions

Effective 1 June 2020, the amendment provides a practical expedient for lessees accounting for rent concessions that arise as a direct consequence of the COVID-19 pandemic and satisfy the following criteria:

- (a) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) The reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- (c) There is no substantive change to other terms and conditions of the lease.

Rent concessions that satisfy these criteria may be accounted for in accordance with the practical expedient, which means the lessee does not need to assess whether the rent concession meets the definition of a lease modification.

The Group has elected to utilise the practical expedient for all rent concessions that meet the criteria. The practical expedient has been applied retrospectively, meaning it has been applied to all rent concessions that satisfy the criteria, which in the case of the Group, occurred from April 2020 to May 2020 for rental concession from holding company to its subsidiaries which was eliminated on consolidation.

New Standards, amendments and interpretations issued but not yet effective

There are a number of standards, amendments to standards, and interpretations, which have been issued by ASC that are effective in future accounting periods and the Group has not decided to early adopt. The Group does not expect any of these standards upon adoption will have a material impact to the Group.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

Subsidiaries are consolidated from the date on which the Group obtains control over the investee and cease from consolidation when the control is lost. Control is reassessed whenever the facts and circumstances indicate that they may be a change in the elements of control.

All intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides an impairment indicator of the transferred asset.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation (Continued)

The financial statements of the subsidiaries are prepared for the same financial year as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by other members of the Group.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary it derecognises the assets and liabilities of the subsidiary. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investments in subsidiaries are carried at cost less any impairment loss that has been recognised in profit or loss.

2.3 Property, plant and equipment

All items of property, plant and equipment are initially recognised at cost. The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure on an item of property, plant and equipment is added to the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other costs of servicing are recognised in profit or loss when incurred.

Property, plant and equipment are subsequently stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate the depreciable amounts over their estimated useful lives, on the following bases:

Leasehold properties	Over the unexpired lease terms from 26 – 99 years
Plant and machinery	5 – 20 years
Office furniture, fittings and equipment	5 years
Motor vehicles and forklifts	5 & 10 years
Rental pallets	5 years

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.3 Property, plant and equipment (Continued)

No depreciation is charged on construction-in-progress as they are not yet ready for their intended use as at the end of the financial year.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.4 Impairment of non-financial assets (excluding inventories)

At the end of each financial year, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.5 Financial instruments

The Group has adopted SFRS(I) 9 *Financial Instruments* and recognises a financial asset or a financial liability in its statements of financial position when, and only when, the Group becomes a party to the contractual provisions of the instrument.

Financial assets

The Group classifies its financial assets as amortised cost in accordance with the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. The Group's accounting policy for amortised cost is as follows:

Amortised cost

These assets arise principally from the provision of goods and services to customers (e.g. trade and other receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment. Interest income from these financial assets is included in interest income using the effective interest rate method.

Impairment provisions for trade receivables are recognised based on the simplified approach within SFRS(I) 9 using the lifetime expected credit losses. The Group has established expected credit loss model based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. For trade receivables, which are reported net, such provisions are recorded in a separate provision account with the loss being recognised in the statement of comprehensive income. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off against the associated provision.

Impairment provisions for other receivables are recognised based on a forward looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether at the end of each financial year, there has been a significant increase in credit risk since initial recognition of the financial asset. In assessing whether the credit risk on a financial asset has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial asset as at the end of each financial year with the risk of a default occurring on the financial asset as at the date of initial recognition. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The Group's financial assets measured at amortised cost comprise trade and other receivables, fixed deposits and cash and cash equivalents in the statements of financial position.

2.5 Financial instruments (Continued)

Financial assets (Continued)

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- When there is a breach of financial covenants by the counterparty; or
- Information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, the Group considers whether default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

At the end of each financial year, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classifies ordinary shares as equity instruments.

Financial liabilities

The Group classifies all financial liabilities as subsequently measured at amortised cost.

2.5 Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Trade and other payables

Trade and other payables, excluding advances from customers, unutilised leave and GST/VAT payables, are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method.

Borrowings

Interest-bearing loans are initially measured at fair value, net of transaction costs and subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs.

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the end of the financial year, in which case they are presented as non-current liabilities.

Financial guarantee contract

The Company issued corporate guarantees to bank and financial institutions for borrowings of certain subsidiaries and its subsidiary issued bankers guarantee to its customers. These guarantees qualify as financial guarantee because the Group and the Company is required to reimburse the bank and financial institutions if these subsidiaries breach any repayment term.

Financial guarantee contract liabilities are measured initially at their fair values, net of transaction costs. Financial guarantee contracts are subsequently measured at the higher of:

- (a) premium received on initial recognition less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- (b) the amount of loss provisions determined in accordance with SFRS(I) 9.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount and the consideration paid is recognised in profit or loss.

2.6 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Direct materials cost is calculated using the first-in, first-out basis. The Group adopts a periodic inventory accounting system, using an in-house Inventory Management System ("IMS"). Standard unit costs of the inventories are computed using Microsoft Access database system and manually entered into the IMS on a semi-annual basis. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution. Obsolete and slow moving items are written down to lower of cost and net realisable value.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.7 Cash and cash equivalents

Cash and cash equivalents in the statements of financial position comprise cash on hand, demand deposits and short-term, highly liquid investments which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand, and bank balances.

2.8 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The increase in the provision due to the passage of time is recognised in profit or loss.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.9 Dividend

Dividend to the Company's equity holders are recognised when the dividends are declared and approved for payment. Interim dividends are recorded in the financial year in which they are declared payable. Final dividend is recorded in the financial year in which the dividend is approved by the shareholders.

2.10 Leases

As lessee

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- leases of low value assets; and
- leases with a duration of twelve months or less.

The payments for leases of low value assets and short-term leases are recognised as an expense on a straight-line basis over the lease term.

Initial measurement

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.10 Leases (Continued)

As lessee (Continued)

Initial measurement (Continued)

Variable lease payments are only included in the measurement of the lease liability if it is depending on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying amount of lease liabilities also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option; and
- any penalties payables for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of lease liabilities, reduced by any lease incentives received and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

The Group presents the right-of-use assets and lease liabilities separately from other assets and other liabilities in the statements of financial position.

Subsequent measurement

Right-of-use assets are subsequently measured at cost less any accumulated depreciation, any accumulated impairment loss and, if applicable, adjusted for any remeasurement of the lease liabilities. The right-of-use assets under cost model are depreciated on a straight-line basis over the shorter of either the remaining lease term or the remaining useful life of the right-of-use assets. If the lease transfers ownership of the underlying asset by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise the purchase option, the right-of-use assets are depreciated over the useful life of the underlying asset.

The useful life of the right-of-use assets are as follows:

Leasehold lands	Over the unexpired lease terms ranging from 2 to 58 years
Leasehold buildings	Over the unexpired lease terms ranging from 1 to 58 years
Plant and machinery	5 years
Motor vehicles and forklifts	5 & 10 years

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.10 Leases (Continued)

As lessee (Continued)

Subsequent measurement (Continued)

The carrying amount of right-of-use assets are reviewed for impairment when events or changes in circumstances indicate that the right-of-use asset may be impaired. The accounting policy on impairment is as described in Note 2.4 to the financial statements.

Subsequent to initial measurement, lease liabilities are adjusted to reflect interest charged at a constant periodic rate over the remaining lease liabilities, lease payment made and if applicable, account for any remeasurement due to reassessment or lease modifications.

After the commencement date, interest on the lease liabilities are recognised in profit or loss, unless the costs are eligible for capitalisation in accordance with other applicable standards.

When the Group revises its estimate of any lease term (i.e. probability of extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments over the revised term. The carrying amount of lease liabilities is similarly revised when the variable element of the future lease payment dependent on a rate or index is revised. In both cases, an equivalent adjustment is made to the carrying amount of the right-of-use assets. If the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of lease liabilities, the remaining amount of the remeasurement is recognised directly in profit or loss.

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting treatment depends on the nature of the modification:

- If the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional right-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy;
- In all other cases where the renegotiation increases the scope of the lease (i.e. extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount;
- If the renegotiation results in a decrease in scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference being recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

As lessor

When the Group is a lessor, it determines whether each lease entered is a finance or an operating lease at the lease inception date and reassessed only if there is a lease modification. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Whereas, it is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.10 Leases (Continued)

As lessor (Continued)

If the lease arrangement contains lease and non-lease components, the Group applies the principles within SFRS(I) 15 to allocate consideration in the lease arrangement.

The Group recognises lease payments under operating leases as income on a straight-line basis over the lease term unless another systematic basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. The lease payment recognised is included as part of "Revenue from rental – pallet rental" and "Other income". Initial direct cost incurred in negotiating and arranging an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income.

Any modification to an operating lease is accounted for as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

2.11 Revenue recognition

Revenue is recognised when a performance obligation is satisfied. Revenue is measured based on consideration of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer. Most of the Group's revenue is derived from fixed price contracts and therefore, the amount of revenue earned for each contract is determined by reference to those fixed prices.

The Group's contract liabilities represent advance consideration received from customers as at the end of each financial year and generally would be utilised within 12 months.

Sale of goods

Revenue from the sale of goods is recognised at point in time when the goods are delivered to customers and all criteria for acceptance has been met. For overseas sales, performance obligations are satisfied when the control of products (i.e. risk of obsolescence and loss of shipment) are transferred to the customers.

Payments from lessee, operating leases

The Group, as a lessor, leases its pallets and premises under operating leases to non-related parties. Lease payments from operating leases are recognised as income on a straight-line basis (Note 2.10).

Waste collection income

Waste collection income from waste wood collection is recognised at point in time when collection services are provided.

Service income

Heat treatment, utilities income and other service income are recognised at point in time when services are provided.

2. Summary of significant accounting policies (Continued)

2.11 Revenue recognition (Continued)

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.12 Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense in the period in which the related service is performed. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, and has no legal and constructive obligation to pay further once the payments are made.

Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated undiscounted liability for annual leave expected to be settled wholly within 12 months from the end of the financial year as a result of services rendered by employees up to the end of the financial year.

2.13 Borrowing costs

Borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

2.14 Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

Current income tax expense is the amount of income tax payable in respect of the taxable profit for a period. Current income tax liabilities for the current and prior periods shall be measured at the amount expected to be paid to the taxation authorities, using the tax rates and tax laws in the countries where the Group operates, that have been enacted or substantively enacted by the end of the financial year. Management evaluates its income tax provisions on periodical basis.

Current income taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

2. Summary of significant accounting policies (Continued)

2.14 Taxes (Continued)

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases of asset and liabilities, except when the temporary difference arises from the initial recognition of goodwill or other assets and liabilities that is not a business combination and affects neither the accounting profit nor taxable profit.

Deferred tax liabilities are recognised for all taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the timing of reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured using the tax rates expected to apply for the period when the asset is realised or the liability is settled, based on tax rate and tax law that have been enacted or substantially enacted by the end of the financial year. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities, except for investment properties at fair value which are presumed to be recovered through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination. Deferred tax arising from a business combination, is taken into account in calculating goodwill on acquisition.

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales tax that is incurred on purchase of assets or services is not recoverable from the tax authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

2. Summary of significant accounting policies (Continued)

2.15 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency ("foreign currencies") are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of each financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollar using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, are recognised initially in other comprehensive income and accumulated in the Group's currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the currency translation reserve.

On disposal of a foreign operation, the accumulated currency translation reserve relating to that operation is reclassified to profit or loss.

2.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the group of executive directors and the chief executive officer who make strategic decisions.

2.17 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with.

Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statements of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal instalment. The deferred capital grant recognised is included as part of "Trade and other payables".

Where the grants relate to expenditures, which are not capitalised, the fair value of grants are credited to profit or loss as and when the underlying expenses are included and recognised in profit or loss to match such related expenditures. Grants which are receivables in relation to expenses to be incurred in a subsequent financial period, are included as deferred government grants and classified as current assets and current liabilities in the statements of financial position.

2. Summary of significant accounting policies (Continued)

2.18 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingencies are not recognised on the statements of financial position, except for contingent liabilities assumed in a business combination that are present obligations and for which the fair value can be reliably determined.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's and the Company's accounting policies, which are described in Note 2, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Critical judgements made in applying the accounting policies

The followings are the critical judgements, apart from those involving estimations (see below) that management has made in the process of applying the Group's accounting policies and which have a significant effect on the amounts recognised in the financial statements.

Determine the lease term

The Group and the Company leases leasehold land, leasehold buildings, plant and machinery, motor vehicles and forklifts from non-related parties. Included in the lease arrangement, there are extension and termination option held and exercisable only by the Group and the Company for leasehold buildings and forklifts. In determining the lease term, management considers the likelihood of either to exercise the extension option, or not to exercise the termination option. Management considers the economic factors surrounding the circumstances on whether to extend the lease, including weighing the benefits against the penalty and costs relating to the termination.

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.1 Critical judgements made in applying the accounting policies (Continued)

Determine the lease term (Continued)

Management has included the Group's and the Company's potential cash outflows of \$639,000 and \$324,000 respectively in the measurement of lease liabilities for leasehold buildings and forklifts, as it is reasonably certain that the extension option will be exercised. The assessment on lease terms is reviewed at the end of each reporting period if there is a significant change in the Group's intention, business plan or other circumstances unforeseen since it was first estimated.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the financial year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(i) *Impairment of investments in subsidiaries*

At the end of the financial year, an assessment is made on whether there is indication that the investments in subsidiaries are impaired. The management's assessment for impairment of investments in subsidiaries is based on the estimation of value-in-use of the cash-generating unit ("CGU") by forecasting the expected future cash flows using a suitable discount rate in order to calculate the present value of those cash flows.

The Company's carrying amounts of investments in subsidiaries as at 31 December 2020 was \$10,300,000 (2019: \$10,300,000) (Note 6).

(ii) *Write-down for inventories*

Inventories are stated at the lower of cost and net realisable value. Cost is determined primarily using the first-in, first-out method. The Group reviews the ageing analysis of inventories semi-annually and makes provision for obsolete and slow-moving inventory items identified that are no longer suitable for sale. The net realisable value for such inventories are estimated based primarily on the latest invoice prices and current market conditions. Possible changes in these estimates could result in revisions to the valuation of inventories.

During the financial year, the Group has recognised a reversal of \$67,000 being part of an inventory write-down made in the previous financial years, as the inventories has been realised during the financial year. In the previous financial year, the Group has written down approximately \$126,000 of its inventories.

The carrying amount of the Group's and the Company's inventories as at 31 December 2020 was \$4,794,000 (2019: \$7,345,000) and \$3,112,000 (2019: \$5,569,000) respectively.

3.2 Key sources of estimation uncertainty (Continued)

(iii) Depreciation of property, plant and equipment

The Group and the Company depreciate the property, plant and equipment, using the straight-line method, over their estimated useful lives after taking into account their estimated residual values. The estimated useful life reflects management's estimate of the periods that the Group and the Company intend to derive future economic benefits from the use of the Group's and the Company's property, plant and equipment. The residual values reflect management's estimated amount that the Group and the Company would currently obtain from the disposal of the asset, after deducting the estimated costs of disposal, as if the asset was already of the age and in the condition expected at the end of its useful life. Changes in the expected level of usage and technological developments could affect the economics, useful lives and the residual values of these assets which could then consequentially impact future depreciation charges.

The carrying amount of the Group's and the Company's property, plant and equipment was \$8,922,000 (2019: \$9,849,000) and \$2,795,000 (2019: \$3,698,000) respectively.

(iv) Loss allowance for trade and other receivables

The Group uses the simplified approach to calculate expected credit losses ("ECLs") for trade receivables. The provision rates are based on various customer's historical observed default rates.

The Group will consider and assess the historical credit loss experience with forward-looking information. At the end of each financial year, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

Other than trade receivables, the Group and the Company assess the credit risk of other receivables at each financial year on an individual basis, to determine whether or not there have been significant increases in credit risk since the initial recognition of these assets. To determine whether there is a significant increase in credit risks, the Group and the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtors and default or significant delay in payments. Where there is a significant increase in credit risk, the Group and the Company determine the lifetime expected credit loss by considering the loss given default, the probability of default and exposure at default assigned to each counterparty customer. The financial assets are written off either partially or in full when there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amount subject to the write-offs.

The carrying amount of the Group's and the Company's trade and other receivables was \$6,807,000 (2019: \$8,569,000) and \$6,271,000 (2019: \$8,263,000) respectively.

3.2 Key sources of estimation uncertainty (Continued)

(v) Impairment of property, plant and equipment

The Group carries out impairment assessment for property, plant and equipment where there is indication of an impairment. When assessing impairment, management determines the recoverable amount of an asset or cash generating unit, which is the higher of its fair value less costs of disposal and its value in use. Estimating the recoverable amounts requires the Group to determine a suitable sales growth rate, gross margin, discount rate and to make an estimate of the expected future cash flows from the cash-generating unit in order to calculate the present value of those cash flows.

During the financial year, an impairment loss of \$372,000 (2019: \$Nil) was recognised. Further information is disclosed in Note 4 to the financial statements.

The carrying amount of the Group's and the Company's property, plant and equipment was \$8,922,000 (2019: \$9,849,000) and \$2,795,000 (2019: \$3,698,000) respectively.

4. Property, plant and equipment (Continued)

- 4.2 The depreciation of property, plant and equipment is recognised in the following line items of the consolidated income statement:

	Group	
	2020	2019
	\$'000	\$'000
Cost of sales	1,047	1,106
Administrative expenses	1,121	1,303

- 4.3 During the financial year, the Group acquired property, plant and equipment by way of:

	2020	2019
	\$'000	\$'000
Cash payments	<u>2,333</u>	<u>1,359</u>

- 4.4 As at 31 December 2020, included in the construction-in-progress were construction cost for workers' dormitory which was fully paid as at 31 December 2020 and completed in January 2021, and development cost for an artificial intelligence enabled robotic pallet assembly system of approximately \$266,000 and \$80,000 respectively.

In February 2021, the authority granted the Company permission to change use of part of 2nd storey of the existing single user industrial from production to ancillary workers dormitory for 52 workers for a period of 5 years commencing from 18 February 2021 until 18 February 2026.

As at 31 December 2019, included in the construction-in-progress were machineries awaiting for their assembly installation, pallet wood loading system and automated pallet management system of approximately \$60,000, \$65,000 and \$293,000 respectively.

- 4.5 During the financial year, the Group carried a review of the recoverable amount of its pallets and packaging segment's plant and machinery as its subsidiary's (LHT Gpac) mould pallets machineries were under-utilised and which had been idle since February 2020. The review led to the recognition of an impairment loss of approximately \$372,000 that had been recognised in profit or loss and included in other expenses (Note 18). The recoverable amount of the mould pallets machineries of approximately \$70,000 had been determined on the basis of its fair value less cost of disposal with reference to recent market values. No impairment assessment was performed in 2019 as there was no indication of impairment.

4.6 Assets pledged as security to banks for banking facilities

The carrying amount of property, plant and equipment pledged to banks for banking facilities, which is unutilised as of 31 December 2020 amounted to:

5. Right-of-use assets (Continued)

(a) Carrying amounts of right-of-use assets (Continued)

(i) Leasehold lands and buildings

The Group and Company makes annual lease payments for two (2019: two) leasehold land.

As at 31 December 2019, the carrying amount of right-of-use included annual lease payments for 44 Sungei Kadut Street 1 Singapore 729349 and 27 Sungei Kadut Street 1 Singapore 729335, which had remaining useful life of 1 and 5.5 years respectively. The lease on 44 Sungei Kadut expired on 31 December 2020.

During the year, the Jurong Town Corporation (“JTC”) offered the Company a lease of a vacant land known as Pte Lot A7000010 at 30 Kranji Way (PID: 8201710044) (“Property”) for a term of 30 years commencing from 1 April 2020. The authorised use of the Property is the research, testing and manufacturing of green packaging materials and timber-related products, the manufacturing of technical wood, recycling of wood waste, and/or production of woodchips for technical wood and biomass. However, in the event that the Company fails to fulfil the conditions relating to Minimum Gross Floor Area and the Declared Investment, JTC has the option to grant to the Company a lease of the Property, save that the Lease Term of 30 years may be reduced proportionately based on the actual gross floor area developed by the Company, and/or the actual investment of the Company on plant and machinery for the Property (including the new plant and machinery to be acquired by the Company for the Property and the value of the Group’s existing plant and machinery to be relocated to the Property), as the case may be. The land rent included in right-of-use addition for the year amounted to \$4,240,000.

On 16 February 2020, Lian Hup Packaging Industries Sdn. Bhd. (“LHP”), a wholly owned subsidiary of the Company had entered into a Sale and Purchase Agreement (“SPA”) with a third party to acquire a piece of industrial land together with a building located at Lot PTB 253, Jalan Tun Matahir 1, Industries Area, Phase 2, Bandar Tenggara, 81000 Kulai, Johor, Malaysia for a total consideration of RM4,000,000 (equivalent to approximately \$1,294,000) and right-of-use for 58 years expiring 2078. The transaction was completed on 20 September 2020. Further right-of-use additions for improvements made during the financial year approximates \$286,000.

The lease arrangements prohibit the Group and the Company, except for LHP’s leasehold land and building, from subleasing the assets to third parties except with prior approval.

(ii) Equipment and vehicles

The Group and the Company leases equipment and vehicles for its operations. The lease arrangements prohibit the Group and the Company from subleasing the equipment to third parties.

The Group’s and the Company’s obligation under these leases are secured by the leased assets. There are several lease contracts that include extension option which are further discussed below.

The Group and Company also has leases with terms of 12 months or less. The Group and Company applies the “short-term lease” recognition exemptions for these leases.

Lease expense not capitalised in lease liabilities:		
– Expense relating to short-term leases (included in administrative expenses and cost of sales)	45	158
Total amount recognised in profit or loss	2,093	2,210

The amortisation of right-of-use assets is recognised in the following line items of the consolidated income statement:

	2020	2019
	\$'000	\$'000
Cost of sales	589	799
Administrative expenses	1,053	923
	1,642	1,722

(d) Extension options

The Group has several lease contracts for leasehold buildings and forklifts that include extension options. The options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group's business needs.

Management has included the Group's and the Company's potential cash outflows of \$639,000 and \$324,000 respectively in the measurement of lease liabilities for lease buildings and forklifts, as it is reasonably certain that the extension option will be exercised.

Restrictions

As at 31 December 2020, the Group's and the Company's motor vehicles and forklifts, and plant and machinery with a carrying amount of \$749,000 (2019: \$520,000) and \$433,000 (2019: \$343,000) respectively are secured over the lease liabilities owing to financial institutions amounting to \$411,000 (2019: \$300,000) and \$260,000 (2019: \$213,000) respectively.

As at 31 December 2020, the Group's carrying amount of leasehold land pledged to a bank for banking facilities amounted to \$16,000 (2019: \$17,000). The carrying amount of leasehold building erected on the leasehold land secured for the facilities are disclosed in Note 4.6.

The Group's and Company's motor vehicles under right-of-use-assets included assets held in trust by the Directors of the Company with carrying amount of \$398,000 (2019: \$289,000).

Impairment loss recognised during the financial year	-	-
At 31 December	<u>3,719</u>	<u>3,719</u>

As at the end of the financial year, the Group carried out a review of the recoverable amount of the investment in a subsidiary, LHT Gpac Technology (M) Sdn. Bhd., under pallets and timber segment as its net assets was below its carrying amount and the subsidiary had under-utilised mould pallets machineries which had been idle since February 2020. Based on the review, no impairment loss was recognised as the recoverable amount of the investment is higher than its carrying amount of \$3,800,000. The recoverable amount of the investment was determined on the basis of its value-in-use. The pre-tax discount rate and revenue growth rate used in measuring the value-in-use for the financial year ended 31 December 2020 was 13.31% and 4% respectively.

Significant restriction

Cash and bank balances of \$122,000 (2019: \$259,000) held with a subsidiary in the People's Republic of China are subjected to local exchange control regulations. These regulations place restrictions on exporting capital out of the country other than through dividends and thus significantly affect the Group's ability to access or use assets, and settle liabilities, of the Group.

8. Trade and other receivables (Continued)

As of 31 December 2020, deposit for two leasehold properties represents deposits held in trust by a solicitor of RM290,000 (equivalents to approximately \$94,000) and deposits paid to two third party vendors of RM1,090,000 (equivalents to approximately \$353,000). The details of acquisition of the two leasehold properties are as disclosed in Note 22.2 to the financial statements.

Trade receivables from third parties and subsidiaries are non-interest bearing and repayable within the normal credit terms of 30 to 90 days. They are recognised at their original invoice amounts which represent their values on initial recognition.

The non-trade balances due from third parties and subsidiaries are unsecured, non-interest bearing, repayable on demand and expected to be settled in cash.

Grant receivables relates to Job Support Scheme (“JSS”) announced by the Singapore Government to provide wage support to employers to help them retain their local employees during this period of economic uncertainty.

Movements in loss allowance for trade receivables are as follow:

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000

The Group and the Company leases leasehold land in Singapore and Malaysia. It is customary for lease contract in Singapore to provide payment to increase each year by inflation, to be re-set periodically to market rental rates or fixed payments. The Group and the Company also leases certain machineries and motor vehicles (i.e. commercial vehicle and forklifts) from third parties with only fixed payment over the lease terms.

As at 31 December 2020, some leases pertaining to leasehold land, machineries and forklift were discharged. A non-cash gain of \$11,000 was recognised in “other income” under sundry income upon discharge of the leases.

The Group also leases office premises on short-term basis (i.e. less than 12 months). The election of short-term leases exemption is made on lease-by-lease basis.

The average incremental borrowing rate applied in the leases for the Group and the Company range from 4.15% to 7.00% (2019: 3.26% to 7.00%) and 4.15% to 7.00% (2019: 3.26% to 7.00%) respectively.

Deferred tax assets not recognised relate to the following:

	Group	
	2020	2019
	\$'000	\$'000
Unutilised tax losses	525	529

As at 31 December 2020, the Group has unutilised tax losses of \$2,101,000 (2019: \$2,116,000) arising from its subsidiary in the jurisdiction of the People's Republic of China, available for set-off against future taxable profits subject to agreement with the relevant tax authorities and compliance with certain provision of the tax legislation of the country in which the subsidiary operates. The deferred tax assets have not been recognised because it is not certain that whether future taxable profit will be available against which the subsidiary can utilise the benefits.

The unutilised tax losses of the subsidiary can only be utilised for set-off against its future taxable profits within five years from the date the tax losses were incurred. The unutilised tax losses will expire as follows:

In 2020, the Group received wage support for local employees under the Jobs Support Scheme (“JSS”) from the Singapore Government as part of the Government’s measures to support business during the period of economic uncertainty impacted by COVID-19. Management assessed that there is reasonable assurance that it will comply with the conditions attached to the grants and the grants will be received. Grant income is recognised in profit or loss on a systematic basis over the period of uncertainty in which the related salary costs for which the grant is intended to compensate as expenses. Management has determined the period of uncertainty to be 17 months commencing from April 2020, Government grant income of \$798,000 was recognised during the year.

In 2020, the Group received property tax rebate \$107,000 and cash grant of \$114,000 from the Singapore Government as part of the Government’s relief measures to help business deal with impact from COVID-19. Consequently, the Group recognise government grant income of \$114,000 relating to the cash grant in profit or loss as Rental Relief and offset the property tax rebate of \$107,000 against property tax expenses in administrative expense in profit or loss for the year. The group is required to fully pass on the property tax rebate and cash grant received from the Government to the tenants in the form of waiver of contractual rent and waive up to two months of contractual rent for eligible tenants of its industrial properties under the Rental Relief Framework as mandated by the Government. The Group recognised property tax rebate and rental waiver which amounted to \$77,000 as a reduction to rental income in profit or loss during the year.

Total income tax expense	<u>739</u>	<u>614</u>

Domestic income tax is calculated at 17% (2019: 17%) of the estimated assessable profit for the year. Taxation for other jurisdictions is calculated at the rates prevailing in the relevant jurisdictions.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

20. Income tax expense (Continued)

The corporate income tax applicable to the Company's subsidiaries in Malaysia is at 24% (2019: 24%), Vietnam at 20% (2019: 20%) and China at 25% (2019: 25%).

The income tax expenses varied from the amount of income tax expense determined by applying the Singapore statutory tax rate of 17% (2019: 17%) to profit before income tax as a result of the following differences:

Reconciliation of effective tax rate

	Group	
	2020	2019

Under provision of deferred tax in prior years	114	16
Total income tax expense	739	614

21. Earnings per share

The calculation for earnings per share is based on:

	Group	
	2020	2019
Profit after income tax attributable to owners of the Company (\$'000)	2,905	2,209
Actual number of ordinary shares in issue during the year applicable to basic earnings per share ('000)	53,245	53,245
Earnings per shares (in cents)		
– Basic and diluted	5.46	4.15

Basic earnings per share is calculated by dividing the profit for the year attributable to owners of the Company by the actual number of ordinary shares in issue during the financial year. As the Group has no dilutive potential ordinary shares, the diluted earnings per share is equivalent to basic earnings per share for the financial year.

Artificial intelligence enabled robotic pallet assembly system

During the year, the Company had applied for government grant from Singapore authority for its artificial intelligence enabled robotic pallet assembly system for the qualifying period from 1 July 2020 to 31 December 2022. The maximum amount supported by the capital grant is \$551,765 for eligible expenses amounting to \$755,000. During the financial year, the Company had incurred cost of \$80,000 which had been capitalised as construction-in-progress as disclosed in Note 4.4 to the financial statements.

Acquisition of leasehold properties

- (a) On 15 October 2019, Lian Hup Packaging Industries Sdn. Bhd. (“LHP”), a wholly owned subsidiary of the Company entered into a Sale and Purchase Agreement (“SPA”) with a third party (“the Vendor”) to acquire a piece of industrial land together with a factory located at PTB 1238 in Mukim of Ulu Sungai Johor, District of Kota Tinggi, Johor, Malaysia for a total consideration of RM2,200,000 (approximates \$713,000). The amount paid to the Vendor of RM220,000 (approximately \$71,000) in the previous financial year has been recognised as deposits for leasehold properties as disclosed in Note 8 to the financial statements. The SPA was terminated during the financial year.

22.2 Capital commitments (Continued)

Acquisition of leasehold properties (Continued)

- (a) On 15 October 2020, LHP and the Vendor entered into a new SPA and Supplemental Agreement (collectively referred as “SPA 1”). As stipulated in SPA 1, an additional RM780,000 (approximates \$253,000) was paid to the Vendor. A cumulative amount of RM1,000,000 (approximates \$324,000) has been recognised as deposits for leasehold properties as disclosed in Note 8 to the financial statements. Subject to terms and conditions stipulated in SPA 1, the transaction is yet to be completed as of the financial year end. On 21 March 2021, the letter of consent was issued by the authority. Amongst other terms and conditions in SPA 1, a private caveat has yet to be lodged on the title of the subject property to secure its interests as at the date of this report.
- (b) On 14 October 2020, LHP entered into a SPA and a Supplemental Agreement (collectively referred as “SPA 2”) with a third party to acquire a leasehold land together with the factory located at PTB 1299 in Mukim of Ulu Sungai Johor, Districts of Kota Tinggi, Johor for a total consideration of RM1,900,000 (approximates \$615,000).

The total amount paid to the Vendor of RM380,000 (approximates \$123,000) has been recognised as deposits for leasehold properties as disclosed in Note 8 to the financial statements. Subject to terms and conditions stipulated in SPA 2, the transaction is yet to be completed as of the financial year end. Amongst other terms and conditions in SPA 2, a private caveat has yet to be lodged on the title of the subject property to secure its interests as at the date of this report.

23. Contingent liabilities

- (a) As at 31 December 2020, there were contingent liabilities in respect of corporate guarantee amounting to \$109,000 (2019: \$84,000) given by the Company to a financial institution for a subsidiary’s purchase of motor vehicles under hire purchase facilities and banker’s guarantee issued by a bank amounting to \$159,000 (2019: \$159,000) given by a subsidiary to its customer as security deposit in relation to a sales contract.

The maximum amount that the Group and the Company could be forced to settle under the corporate guarantee and banker’s guarantee if the full guaranteed amount is claimed by the counterparties to the guarantees is approximately \$268,000 and \$109,000 (2019: \$243,000 and \$84,000) respectively.

- (b) As at 31 December 2019, there were contingent liabilities in respect of corporate guarantee of \$1,200,000 given by the Company for hire purchase credit facilities granted to its subsidiary. The hire purchase facility was fully paid during 2019. As at 31 December 2020, the corporate guarantee was discharge on termination of the hire purchase credit facilities.

26. Segment information

Management has determined the operating segments based on the reports reviewed by the chief operating decision maker (Note 2.16).

The Group's operating businesses are organised and managed into 4 main operating segments, namely pallet/packaging, timber related products, Technical Wood® and related products, and pallet rental and others. The pallets/packaging segment is mainly engaged in the manufacture and supply of wooden pallets and cases for the packing of industrial products. The timber related products segment is mainly engaged in the trading of raw timber related products. The Technical Wood® and related products segment is mainly engaged in the manufacture of Technical Wood®, Technical Wood® flooring and wood waste collection. The pallet rental and others segment are mainly engaged in pallet-leasing business.

Management monitors the operating results of the segments separately for the purpose of making decisions about resources to be allocated and of assessing performance. Segment performance is evaluated based on operating profit or loss which is similar to the accounting profit or loss.

Income taxes and finance costs are managed by the management on a Group basis.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. There is no asymmetrical allocation to reportable segments.

Management evaluates performance on the basis of profit or loss from operations before income tax expense not including non-recurring gains and losses.

There is no change from prior periods in the measurement methods used to determine reported segment profit or loss.

The Group accounts for inter-segment sales and transfers on arm's length basis as if the sales or transfers were to third parties, which approximate market prices. These intersegment transactions are eliminated on consolidation. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total costs incurred during the financial year to acquire segment assets that are expected to be used for more than one financial year.

27. Financial instruments and financial risk

The Group's and the Company's activities expose it to credit risks, market risks (including foreign currency risks and interest rate risks) and liquidity risks. The Group's and the Company's overall risk management strategy seeks to minimise adverse effects from the volatility of financial markets on the Group's and the Company's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group and the Company. The Group's and the Company's management then establishes the detailed policies such as authority levels, oversight responsibilities, risk identification and measurement and exposure limits, in accordance with the objectives and underlying principles approved by the Board of Directors.

There has been no change to the Group's and the Company's exposure to these financial risks or the manner in which they manage and measure the risk. Market risk exposures are measured using sensitivity analysis as indicated below.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

27. Financial instruments and financial risk (Continued)

27.1 Credit risks

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group is mainly exposed to credit risk from credit sales. It is the Group's policy, implemented locally, to assess the credit risk of new customers before entering contracts.

The Board of Directors has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. Credit limits are established for each customer.

The Board of Directors determines concentrations of credit risk by periodic monitoring, at least annually, of the credit limit of existing customers and through a monthly review of the trade receivables' ageing analysis. Customers are assessed individually for any period-end receivables if specific information is available and the expected credit losses are estimated to be 100%.

The Group's and the Company's major classes of financial assets are trade and other receivables, fixed deposits and cash and cash equivalents.

As the Group and the Company do not hold collateral, the maximum exposure to credit risk to each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position, except as follows:

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Financial guarantees provided for facilities (Note 23)	268	1,443	109	1,284

The Group and the Company do not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics except for the top five trade receivables from third parties which accounts for 25% (2019: 22%) and 27% (2019: 28%) of the Group's and the Company's total trade and other receivables respectively, and receivables from subsidiaries which accounts for 19% (2019: 23%) of the Company's total trade and other receivables, as at the end of the financial year. The Group defines counterparties as having similar characteristics if they are related entities.

Management measures loss allowance for trade receivables at an amount equal to lifetime expected credit losses (“ECL”). The ECL on trade receivables are determined based on historical loss rates and historical payment pattern, adjusted for the current conditions and forecast of future economic conditions that may affect the ability of the customers to settle the trade receivables at the end of the financial year.

Management is confident on the recoveries of the Company’s past due trade receivables due from subsidiaries having taken into account the available internal information on the subsidiaries’ past, current and expected operating performance. In addition, the timing of payment is controlled by the Company taking into account cash flow management within the Group. Accordingly, management has measured the ECL on the Group’s and the Company’s trade receivables to be insignificant.

A trade receivable is written off when there is information indicating that the customer is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the customer has been placed under liquidation or has entered into bankruptcy proceedings. The Group and the Company did not written-off any debt (2019: \$74,000) during the financial year.

27.1 Credit risks (Continued)

Non-trade receivables

Management monitors and assess at the end of the financial year on any indicator of significant increase in credit risk for the non-trade receivables due from third parties (Note 8). In the assessment for indicators, management took into account information that are available internally about these counterparties and if the entities had defaulted in their debts. Based on the assessment, management has determined that the credit risk for these assets has not increased significantly since their initial recognition, and accordingly, the non-trade amounts have been measured based on 12-month expected credit loss model. At the end of the financial year, the Group and Company did not expect any significant credit losses from non-performance by the counterparties and accordingly, no loss allowance has been recognised.

For the Company's non-trade receivables due from a subsidiary, LHT Gpac Technology (M) Sdn. Bhd. ("LHT Gpac") amounting to \$817,000 (2019: \$1,117,000) (Note 8), management has taken into account the available internal information on the subsidiary's past, current and expected operating performance and cash flow position. The management monitors and assesses at the end of the financial year on any indicator of change in credit risk on the amount due from the subsidiary, by considering its performance ratio and any default in external debts. The risk of default is considered to be minimal and subject to immaterial credit loss.

Cash and cash equivalent and fixed deposits

Credit risk also arises from balances held with banks. The Group and the Company substantially placed its bank balances and fixed deposits in 3 and 2 (2019: 3) banks which represent 93% and 95% (2019: 88% and 99%) respectively of the Group's and the Company's bank balances and fixed deposits as at 31 December 2020.

The Board of Directors monitors the credit ratings of counterparties regularly. Impairment of cash and bank balances, and fixed deposits have been measured based on 12-month expected credit loss model. At the end of the financial year, the Group and Company did not expect any material credit losses from non-performance by these banks which are assigned with minimum rating "A" and above by international credit-rating agencies.

Financial guarantee contracts

The Company has issued financial guarantees to banks and a financial institution for its subsidiaries facilities. These guarantees are subject to the impairment requirements of SFRS(I) 9. The Company has assessed that its subsidiaries have strong financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

27. Financial instruments and financial risk (Continued)

27.2 Market risks

The Group's and the Company's activities are affected by various financial risks, including the effects of changes in foreign currency exchange rates and interest rates as described in the following paragraphs. The policies for managing each of these risks are summarised below.

(i) *Foreign currency risk*

The Group is exposed to currency risk on sales, purchases and expenditure that are denominated in a currency other than the respective functional currencies of Group entities and the Company. The currencies in which these transactions are denominated are mainly Singapore Dollar ("SGD"), Malaysian Ringgit ("RM"), United States Dollar ("USD"), Chinese Renminbi ("RMB") and Euro Dollar ("EUR"). Exposure to currency risk is monitored on an ongoing basis and the Group endeavours to keep the net exposure at an acceptable level.

At the end of the financial year, the carrying amounts of monetary assets and monetary liabilities denominated in currencies other than the respective Group entities' functional currencies are as follows:

	Group			Company	
	Functional currency of individual entities within the Group			Total	SGD

The Company has a number of investments in foreign subsidiaries, whose net assets are exposed to currency translation risk. The Group does not currently designate its foreign currency denominated debt as a hedging instrument for the purpose of hedging the translation of its foreign operations.

Foreign currency sensitivity analysis

The following table details the sensitivity to a 10% (2019: 10%) increase and decrease in the relevant foreign currencies against the functional currency of the respective entities within the Group with all other variables held constant. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where they gave rise to an impact on the Group's profit or loss.

27. Financial instruments and financial risk (Continued)

27.2 Market risks (Continued)

(i) *Foreign currency risk (Continued)*

If the relevant foreign currency weakens by 10% against the functional currency of each Group entity, profit will increase/(decrease) by:

	Group		Company	
	Increase/(Decrease) in profit for the year			
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000

Weakens against SGD	3	1	30	19
USD				
Strengthens against SGD	112	44	40	5
Weakens against SGD	(112)	(44)	(40)	(5)

(ii) *Interest rate risk*

The Group's and the Company's exposure to interest rate risk arises from interest-bearing financial assets and liabilities. The Group's and the Company's policy is to maintain an efficient and optimum cost structure using a combination of fixed and variable rate debts, long and short term borrowings.

At the end of the financial year, the Group does not have any significant exposure to interest rate risk. Its interest rate risk is primarily attributable to lease liabilities as shown in Note 11 to the financial statements. The Group does not use derivative financial instruments to hedge its interest rate risk.

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets or financial liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rate at the reporting date would not affect profit or loss.

27.3 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's and the Company's liquidity risks are managed centrally by maintaining an adequate level of cash and cash equivalents as well as to match the payment and receipt cycle to finance the Group's and the Company's operations. Long-term borrowing is a preferred source of financing to ensure continuity of funding. The Group and the Company also ensure there are adequate lines of bank credit to address any short-term funding requirement. The Group's and the Company's surplus funds are also managed centrally by placing them with reputable financial institutions.

28. Capital management policies and objectives

The Group and Company manages its capital to ensure that entities in the Group and Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued capital (Note 13), reserves and retained earnings as disclosed in the consolidated statement of changes in equity.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

28. Capital management policies and objectives (Continued)

The Group's management reviews the capital structure on a semi-annual basis. As a part of this review, the management considers the cost of capital and the risks associated with each class of capital. The Group will balance its overall capital structure through the payment of dividends, new shares issues and share buy-backs as well as the utilisation of new banking facilities or the repayment of existing borrowings.

As disclosed in Note 6, a subsidiary of the Group in the People's Republic of China are subject to local exchange control regulations. These regulations place restrictions on exporting capital out of the country other than through dividends.

The Group and Company are not subjected to any externally imposed capital requirements for the financial years ended 31 December 2020 and 31 December 2019.

The Company's overall strategy remains unchanged from 2019.

29. Fair values measurement

29.1 Fair value of non-financial assets that are carried at fair value

The Group and the Company do not have any non-financial assets that are measured at fair value.

29.2 Financial instruments that are not carried at fair value and whose carrying amounts are a reasonable approximation at fair value

The carrying amounts of trade and other receivables, fixed deposits, cash and cash equivalents, trade and other payables, approximate their respective fair values due to the relative short-term maturity of these financial instruments.

29.3 Financial instruments that are carried at fair value

The Group and the Company do not hold any financial instruments that are measured at fair value as at the end of the financial year.

30. Impact of COVID-19

The Novel Coronavirus ("COVID-19") which came in 2020 was unprecedented and affected certain businesses more than others. As the Group's products were classified under Essential Goods and Services, there were minimal disruptions to the Group's operations. Furthermore, the main market for the Group is in Singapore, where the COVID-19 situation is under good control.

Nevertheless, the Group is taking precautionary measures as suggested by the various authorities in which the Group operates in, so as to minimise the potential risk of this pandemic.

Set out below are the impact of COVID-19 on the Company's and the Group's financial performance reflected in this set of financial statements for the financial year ended 31 December 2020:

- (i) The Group and the Company has assessed that the going concern basis of preparation for this set of financial statements remains appropriate.

Notes to the Financial Statements

For The Financial Year Ended 31 December 2020

30. Impact of COVID-19 (Continued)

- (ii) As the Group and Company are classified as Essential Service Providers serving mainly essential services sectors like pharmaceuticals, food, drinks and nutrition, daily essentials, electronics and oil and gas, there were minimal negative impact in 2020 as the Group's businesses carried on as normal. As a result, the Group's financial performance and liquidity position had not been negatively impacted.
- (iii) In 2020, the Group and the Company received rental relief and government grants as financial support during the Covid-19 pandemic period. The effect of such rental relief and government grants provided are disclosed in Note 16 accordingly.
- (iv) The Group had considered the market conditions (including the impact of COVID-19) as at the balance sheet date, in making estimates and judgement on the recoverability of assets. The significant estimates and judgement applied on impairment of trade receivables and impairment of property, plant and equipment are disclosed in Notes 3.2, 4, 8 and 27 accordingly.

As at the date of issuance of these financial statements, it is noted that many governments around the world have actively started the deployment and mass vaccination of the COVID-19 vaccines and the initial outlook seems very positive. The Group expects to be affected by higher operating costs accompanied by higher transportation and raw material prices in the next financial year. In order to maintain its competitive edge, the Group has continued to maintain the following strategies:

- (i) to use its Malaysian subsidiaries as its main manufacturing base to tap on more competitive labour costs;
- (ii) to source for high-quality sawn timber from overseas suppliers, like New Zealand and Australia, thereby keeping process wastages to a minimum;
- (iii) to maintain inventory at a reasonable level so as to minimise inventory holding cost; and
- (iv) to raise productivity and exploring Government's grants in innovation of technology and encourage its employees to upgrade through training and on-the-job innovation.

31. Authorisation of financial statements

The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company for the financial year ended 31 December 2020 were authorised for issue by the Board of Directors on 29 March 2021.

3 RISK MANAGEMENT POLICY AND PROCESS

3.1 Business Risk Management

The Group's market for its pallets and packaging products are predominantly in Singapore where it serves a broad range of industry segments and the demand for the Group's wooden pallets and packaging products will depend on the cumulative level of business activities in all these industries in Singapore. As such, the Group's business will be affected by economic fluctuations in Singapore.

The Group further expects the establishment of its subsidiary companies and appointment of marketing agents overseas will improve the international market for Technical Wood products, IPPC pallets and packaging products, but this is subject to the effect of the global economy. The wider acceptance of environmental-friendly technical wood products, ECR pallets and pest-free pallet products will have a positive impact on the Group's performance.

3.2 Raw Material Risk Management

As most of the Group's raw materials for the pallet and packaging products are sourced from overseas, particularly from Australia, New Zealand and China, the Group's cost of raw materials will be affected by fluctuations in currencies, which in turn will affect our production cost. In order to contain the impact of this fluctuation, the Group monitors currency movements and may hedge when necessary.

3.3 Human Resource Management

The Group recognises the importance of human capital and employee's morale within the organisation. It has in place a systematic process in ensuring that employees are competitively rewarded and incentives and bonuses are accorded based on the performance of the companies within the Group and the performance of the employees.

3.4 Safety and Emergency Risk Management

The Group strongly emphasises the importance of health and safety, especially fire safety in this hazardous wood industry, and recognises the criticalness of providing uninterrupted flow of products and services. The Group has in place Fire and Safety Committees which are set up to review and advise on proper health and safety issues, fire prevention and emergency preparedness in the handling of incidents. There is also close coordination between various committees in emergency response and preparedness. The Company is a member of the Safety & Security Watch Group (SSWG) of Sungei Kadut and Kranji Industrial Estates and plays an important role in assisting SPF and SCDF in handling of incidents relating to security and civil emergencies.

3.5 Financial Risk Management

The Group's financial risks mainly consist of interest rate risk, liquidity risk, credit risk, foreign currency risk, and capital risk management which arise from the Group's financial instruments. The details of the management of these risks are stated in pages 83 to 92 – Note 27 and 28 of the Notes to the Financial Statements for the year ended 31 December 2020.

Corporate Governance Report

LHT Holdings Limited (the “Company”) and its subsidiaries (the “Group”) are committed to maintaining good corporate governance and transparency in the Company’s business practices. The board of Directors (“Board”) and the Management believe that good corporate governance helps to maintain an ethical business environment, which is essential to the long term sustainability of the Group’s business performance. To protect the interests of the Company’s shareholders (the “Shareholders”), the Board and its committees have established policies and procedures to govern their business activities guided by their respective Terms of References.

This Report describes the Company’s corporate governance processes and activities for the financial year ended 31 December 2020 (“FY2020”) with specific reference to the revised Code of Corporate Governance 2018 (the “Code”) issued by The Monetary Authority of Singapore on 6th August 2018. The Company has complied with the Code except where otherwise explained. For ease of reference, the relevant principles and provisions of the Code discussed are in italics.

I. BOARD MATTERS

THE BOARD’S CONDUCT OF AFFAIRS

PRINCIPLE 1:

The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The Board oversees the overall strategy and business direction of the Group and is responsible for its success. The Management plays a pivotal role in providing complete, adequate and timely information to assist the Board to fulfil its responsibilities.

Provision 1.1

Directors are fiduciaries who act objectively in the best interests of the company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

Principal Duties of the Board

The principal functions of the Board include, among other things, providing entrepreneurial leadership, setting the appropriate tone-from-the-top and a desired organisational culture, monitoring Management’s performance, establishing a framework for prudent and effective internal controls to manage risk, safeguarding shareholders’ interests and the Group’s assets as well as setting values and standards (including ethical standards) for the Group. The Board is also mindful of the Group’s social responsibilities.

The Board sets the directions for the Group where ethics and values are concerned. This helps to nurture an environment where integrity and accountability are vital to the success of the Group.

The Board’s Conduct of Affairs

The primary function of the Board is to provide entrepreneurial leadership to protect and enhance long-term value and returns for its shareholders. Besides carrying out its statutory responsibilities, the Board’s role is to:

- Assume the responsibility of corporate governance;
- Approve the Group’s policies, strategies and financial plans;
- Guide the formulation of the Group’s overall long-term strategic plans and performance objectives as well as operational initiatives;

Corporate Governance Report

- Establish and oversee the process of evaluating the adequacy of internal controls, risk management, financial reporting and compliance;
- Review and approve annual budgets, major funding proposals, investment and divestment proposals;
- Monitor the performance of the management;
- Set the Company's values and ethical standards, and ensure that obligation to shareholders and other stakeholders are understood and duly met;
- Consider sustainability issues such as environmental and social factors as part of its strategic formulation;
- Review the Group's financial and management performance;
- Oversee the business of the Group and monitor the performance of the Company's management;
- Approval of nominations for the Board by the Nominating Committee and endorsing the appointments of the key executives and senior management;
- Review recommendations made by the Audit Committee on the appointment, re-appointment or removal of external auditors;
- Review recommendations made by the Remuneration Committee and approve the remuneration packages for the Board and key management;

The Board exercises due diligence and independent judgment in dealing with the business affairs of the Group and works with the Management team to make objective decisions in the interest of the Group.

The Group is guided by a conflict of interest policy when approving any business transaction to ensure no unfair or favouritism to any business counterparts. The director who has a conflict of interest and when his or her interest is likely to have an impact on transactions or decisions under discussion by the Board is required to immediately declare his or her interest to the Board, excuses himself or herself from the information flow or participating in any discussion or voting related to the transactions, unless the Board believes that his or her presence and participation is necessary.

Provision 1.2

Directors understand the company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the company's expense. The induction, training and development provided to new and existing directors are disclosed in the company's annual report.

Continuous Training, Orientation and Development of Directors

The Company maintains a training budget to fund existing Directors' participation at industry conferences and seminars and attendance at any course of instruction/training programme relevant to their Director's duties. The training budget is open to every Director and subject to approval by the Managing Director. The Company has adopted an open policy that welcomes the Directors to seek clarification on any aspects of the Company's operations or business decisions. The Managing Director will make necessary arrangements to clarify their queries through briefings, informal discussions or explanations when required by the Directors.

Upon appointment as a director, each director receives a formal letter of appointment from the company with the relevant information on his/her duties and responsibilities as a director, including the company's corporate governance processes and the relevant statutory and regulatory compliance issues. Orientation courses and educational programs will be organised for each new director to ensure that the incoming director is familiar with the Group's key business and governance practices.

Corporate Governance Report

To make sure all Board members are aware of the latest regulatory changes, the Corporate Secretary circulates all announcements, reports, press releases, articles from local newspapers published or issued by the Singapore Exchange Securities Trading Limited (“SGX-ST”), the Singapore Institute of Directors (“SID”), or the Accounting and Corporate Regulatory Authority of Singapore (“ACRA”), to help the Board members keep abreast of the current industry trends and to comply with all business regulations and standards that are currently in force.

The Board is also regularly updated on risk management, corporate governance, insider trading and the key relevant regulatory requirements to enable them to properly to discharge their duties as Board or Board Committee members properly. The details of updates, briefings and training programmes attended by the Directors in FY2020 are as follows:–

Corporate Governance Report

Provision 1.3

The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the company's annual report.

Board Approval

The Group adopted a set of internal guidelines that set forth matters requiring the Board approval. Under these guidelines, major funding proposals, investment and divestment proposals, material acquisitions and disposals of assets, corporate restructuring exercise and commitments to short-term or long-term loans, application for banking facilities and lines of credit from banks and financial institutions, and unbudgeted huge capital expenditures require the approval of the Board.

Provision 1.4

Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the company's annual report.

Delegation by the Board

The Board is supported by several committees which assist it in discharging its responsibilities and in enhancing the Company's corporate governance framework. These committees include the Audit Committee ("AC"), the Nominating Committee ("NC"), and the Remuneration Committee ("RC"). Each Board committee has its specific Terms of Reference that set out the scope of its duties and responsibilities, rules and regulations, and procedures governing how it should operate and its view when making decisions.

Provision 1.5

Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company.

Board Meetings and Attendance

The Board and its committees meet regularly through scheduled meetings and as and when warranted by particular circumstances. If Directors are unable to attend meetings in person, telephonic means of communication are allowed under the Constitution of the Company's Constitution. To enable members of the Board and its committees to prepare for the meetings, meetings agendas, board papers and related materials are circulated to the Board members before the meeting.

The Board meets at least twice a year with additional meetings convened when necessary. During FY2020, the Company has held two (2) Board Meetings.

Multiple Board Representations

All Directors are required to declare their board representations. The NC will review for multiple board representations held by the Directors on a half-yearly basis to ensure that sufficient time and attention is given to the affairs of the Company. The NC considers that multiple board representations held presently by the Directors do not impede their respective performance in carrying out their duties as a Director of the Company.

The Directors committed considerable time towards the board meetings and board committee meetings held in FY2020. Some Directors adjusted their schedules to ensure full participation in the board or board committee meetings to deliberate the Group business issues. The NC is of the view that the Directors have committed their time effectively to discharge their responsibilities.

Corporate Governance Report

A record of the Directors' attendance at the Board and Board Committee meetings as well as general meetings for FY2020 is set out below:

Provision 1.6

Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

Access to information

Management places a high priority on providing complete, adequate and timely information to the Board on an on-going basis, to assist the Directors to discharging their duties efficiently and effectively. Board members receive management reports on the operations and financial performance of the Group which include updates on the Group's financial status, cash flow positions and performance of the Group's assets. The Board will also be updated on current industry trends and developments. As far as possible, Board members will receive the Board papers not less than five business days before the meeting to enable them to have sufficient time to consider and deliberate issues to be considered at the meetings. Minutes of the previous meetings are tabled and confirmed at Board meetings for the Directors' information.

Corporate Governance Report

Provision 1.7

Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the company's expense. The appointment and removal of the company secretary is a decision of the Board as a whole.

Access to Management and Corporate Secretary

The Board has at all times separate and independent access to Management through electronic mail, telephone and face-to-face meetings. It is entitled at all times to request any additional information needed to make informed decisions. The key management staff, the Statutory Auditors, BDO LLP and Internal Auditors, D'Ark Services Pte Ltd are invited to attend Board and Board Committee meetings to update or to provide independent professional advice on specific issues to the Directors, where necessary.

Directors also have separate and independent access to the Corporate Secretary through electronic mail, telephone and meetings.

The Corporate Secretary is responsible for ensuring that the Board procedures are followed and all applicable rules and regulations are complied with. The Corporate Secretary also assists to coordinate the flow of information within the Group and assists the Chairman to enhance the Group corporate governance practices and processes.

Board's approval is required for the appointment and removal of the Corporate Secretary.

Independent Professional Advice

Where required, procedures are also in place for the Board and individual Board Committees to seek independent professional advice on their Directors' duties and responsibilities, at the Company's expense.

BOARD COMPOSITION AND GUIDANCE

PRINCIPLE 2:

The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Provisions 2.1

An "independent" director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the company.

Provisions 2.2

Independent directors make up a majority of the Board where the Chairman is not independent.

Provisions 2.3

Non-executive directors make up a majority of the Board.

Key information of Directors is set out on pages 110 to 113 of this Annual Report.

Corporate Governance Report

Board Independence

The Independent of any Independent Directors who have served the Board beyond nine years

In line with **Provision 2.1** of the Code, the Board has reviewed the number of years served by each Non-Executive Independent Director. The NC noted that three members, Mr Tan Kok Hiang, Mr Low Peng Kit and Dr Wu Chiaw Ching, had served the Company for more than nine years. Having considered their experience and in-depth knowledge in the Group's business operations, continuous contributions at the Board level in terms of impartial and constructive advice; the Board was of the view that there was no material conflict between their tenure and their ability to discharge their role as Non-Executive Independent Directors.

The Board has subjected the three members through a rigorous review process by all the other fellow directors to establish their independence before deciding if they should continue with the appointment. After due consideration and with the concurrence of the NC, the Board is of the view that Mr Tan Kok Hiang, Mr Low Peng Kit and Dr Wu Chiaw Ching have demonstrated strong independence in both their character and judgement over the years to discharge their duties and responsibilities as independent directors of the Company, and with the utmost commitment in upholding the interest of the non-controlling shareholders.

They have expressed individual viewpoints and debated objectively with the Management on all business decisions. They have sought clarification and amplification as they deemed necessary, including direct access to the Management. Taking into account the above, and also having considered the need for the Board's renewal against tenure and benefits, the Board has affirmed their independence status and resolved that Mr Tan Kok Hiang, Mr Low Peng Kit and Dr Wu Chiaw Ching continue to assume their roles as independent directors, notwithstanding they have served on the Board beyond nine years from the date of their first appointment.

Proportion of Non-Executive Independence of Directors

The Board comprises of eight Directors, three Executive Directors, one Alternate Director to the Managing Director, Ms Yap Mui Kee and four Non-Executive Independent Directors, which made up a strong independent element on the Board and capable of providing opportunities for open, constructive and robust debate on pertinent issues affecting the affairs and business of the Company and the Group.

The NC, in respect of the independence of a Director, takes into account, the criteria given in the Listing Manual and the Code, the existence of any relationships between such Director and the Group. For example, its related corporations, its substantial shareholders and officers, if applicable, and whether such relationships can interfere, or be reasonably perceived to interfere, with the exercise of such Director's independent judgment.

The NC, having considered the declarations made by the Independent Directors in respect of their independence, is of the view that the current Board has an appropriate level of independence to enable it to make decisions in the best interests of the Company.

The Board and its Board Committees comprise directors who can provide an appropriate balance and diversity of skills, experience, gender, and knowledge of the Company. The four Non-Executive Independent Directors have constructively challenged the Board, helped develop proposals on strategy and reviewed the management's performance in meeting their goals and objectives. To facilitate a more effective check on the management, the Non-Executive Independent Directors had met twice in FY2020.

The composition of the Board complies with the code. The Board has appointed Mr Tan Kok Hiang ("Mr Tan") as the Lead Independent Director of the Company. Mr Tan is accessible by the shareholders if they have concerns which the shareholders are unable or felt inappropriate to go through the normal channels to the Chairman, the Managing Director and the CEO.

Corporate Governance Report

The Board conducts scheduled meetings. Ad-hoc meetings are convened when circumstances require. To facilitate the attendance and participation of Directors at Board meetings, the Company's Constitution allows Board meetings to be conducted using telephone conference or other methods of simultaneous communication by electronic or telegraphic means.

To assist the Board in discharging its responsibilities, the Board has established three board committees, namely, the Audit Committee (the "AC"), the Nominating Committee (the "NC") and the Remuneration Committee (the "RC"). These committee' function within clearly defined terms of reference and operating procedures, which are reviewed regularly.

Meetings of the Board

The dates of meetings of the Board and the Board Committees as well as the annual general meeting ("AGM") are scheduled half a year in advance. To ensure maximum participation, the Corporate Secretary will consult every director before fixing the dates of these meetings. The Board meets at least two times within each financial year and at other times as appropriate, to approve the release for the Group's financial results as well as to consider and resolve own financial and business matters of the Group. The Board and Board Committees may also make decisions by way of circular resolutions in writing. To facilitate effective management, the day-to-day management of the Group's businesses and affairs are entrusted to the executive directors and the key management staff.

The Non-Executive Independent Directors are required to make half-yearly independence declaration based on the criterion of independence provided under **Provision 2.1** of the Code. The NC has reviewed such disclosures and has ascertained and satisfied the independence status of all the four Non-Executive Independent Directors of the Company. To facilitate a more effective check on the management, the Non-Executive Independent Directors had met twice in FY2020.

Role of Non-Executive, Independent Directors

The non-executive, independent directors provide, amongst other things, strategic guidance to the Company based on their professional knowledge, in particular, to constructively challenge and develop proposals on the Group's business strategy. The independent directors also help to review the performance of the Company's management to make sure they are aligned with the agreed goals and monitor their reporting processes. To this end and where appropriate, they are encouraged to meet at least twice a year or any times deemed necessary, without the present of the Company's management staff.

Provision 2.4

The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the company's annual report.

Board Composition

The NC conducts an annual review on the composition of the Board which comprises of members from different backgrounds and whose core competencies, qualifications, skills, and experiences are extensive and other aspects such as gender and age. Having reviewed and considered the composition and diversity of the Board and its committees, the NC has determined that the current Board size and structure is adequate for the existing Company's business operations of the Company.

Corporate Governance Report

The Board is also well supported by accurate, complete and timely information, and has unrestricted access to the Management staff. A summary of the composition of the Board and its Committees are set out below:

Director	Board	AC	NC	RC
Ms Yap Mui Kee	Chairman, Managing Director and CEO	–	–	–
Mr Tan Kim Sing	Executive Director	–	–	–
Mr Billy Neo Kian Wee	Executive Director	–	–	–
Mr Tan Kok Hiang	Non-Executive Lead Independent Director	Chairman	Member	Chairman
Dr Wu Chiaw Ching	Non-Executive Independent Director	Member	Member	Member
Mr Low Peng Kit	Non-Executive Independent Director	Member	Chairman	Member
Mr Li Suet Man	Non-Executive Independent Director	Member	Member	Member
Ms Sally Yap Mei Yen	Alternate Director to Ms Yap Mui Kee	–	–	–

Board Diversity

The NC, with the concurrence of the Board, is of the view that the current Board size of three Executive Directors, one Alternate Director and four Non Executive Independent Director is appropriate. The NC also considers the mix of skills and core competencies of its members, to ensure a good balance and diversity of skills, knowledge and experience. Amongst the directors are accounting, finance and corporate governance professionals who possess the relevant expertise and skillsets in their respective fields for effective decision making. The NC report to the Board periodically on the progress in achieving the objectives set for promoting diversity.

The Board has adopted a framework for promoting diversity on the Board and the NC is responsible for ensuring that this framework is implemented effectively and practically. The diversity practice endorses the principle that its Board should have a balance of skills, knowledge, experience, and diversity of perspectives appropriate to its business so as to mitigate against groupthink and to ensure that the Group could benefit from all available talents. In reviewing Board composition and succession planning, the NC will consider the benefits of all aspects of diversity, including diversity of background, experience, gender, age, and other relevant factors. These differences will be considered in determining the optimum composition of the Board and when possible, should be balanced appropriately.

Every year, the NC conducts its review of the composition of the Board, which comprises members of both genders and from different backgrounds whose core competencies, qualifications, skills, and experiences, met with the requirement of the Group. To assist the NC in its annual review of the directors' mix of skills and experiences that the Board requires to function competently and efficiently. Each director has been appointed on the strength of his or her calibre, experience and stature and is expected to bring a valuable range of experience and expertise to contribute to the development of the Group strategy and the performance of its business. In recognition of the importance and value of gender diversity in the composition of the Board, the Board has two female directors, representing the Board membership. Ms Yap Mui Kee and Ms Sally Yap Mei Yen have been members of the Board since 2 January 1988, and 20 July 1998 respectively. Besides, it consists of directors with ages ranging from more than forty-six (46) to seventy-two (72) years old, who have served on the Board for different tenures. The members of the Board with their combined business, management and professional experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction.

Corporate Governance Report

The Board's combined core competencies and experience provide management with a diverse and objective perspective to enable balanced and well-considered decisions to be made. The Directors' profiles are set out on pages 06 to 09 of this Annual Report.

Provision 2.5

Non-executive directors and/or independent directors, led by the independent Chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.

Meeting of Independence Directors without Management

During the year, the Independent Directors met up twice, without the management's presence, and also as and when the need arises. Feedback is provided to the Board and/or Management, as appropriate. The Company also benefits from Management's ready access to its Directors for guidance and exchange of views during or after the Board and Board committee meetings.

The Board is of the view that there is a team of strong Non-Executive Independent Directors on the Board to enable the exercise of unbiased and objective judgement on corporate affairs of the Group by considering the number of Non-Executive Independent Directors on the Board, the size, and scope of the affairs and operations of the Group. No one individual represents a considerable concentration of power.

The Chairman and the Managing Director are responsible for, among others,

- (1) Exercising control over quality, quantity, and timeliness of the flow of information between the management of the Company (the "Management") and the Board.
- (2) Scheduling meetings that enable the Board to perform its duties responsibly with no disruption to the operation of the Company.
- (3) Assisting in ensuring compliance with the Company's guideline on governance.
- (4) Setting the meeting agenda for Board Meetings with the assistance of the Corporate Secretary.

The Managing Director reviews the board papers before they are presented to the Board to ensure that board members are provided with relevant, adequate, and complete information. Board papers are sent to the Directors at least five days before the date of the meeting to enable them to prepare for the meeting.

The Independent Directors, led by the Lead Independent Director, meet amongst themselves on 28 February 2020 and 13 August 2020, which coincides with the half-yearly meeting, without the presence of other Directors. The Lead Independent Director will brief the Chairman and the Managing Director after such meetings.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

PRINCIPLE 3:

There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provisions 3.1

The Chairman and the Chief Executive Officer ("CEO") are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.

Provisions 3.2

The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.

Corporate Governance Report

Separation of the Role of Chairman and the Chief Executive Officer (CEO)

The Board is of the view that, now, it is in the best interests of the Group to adopt a single leadership structure, whereby the Chairperson of the Board and the CEO is the same person, so as to ensure that the decision-making process of the Group would be more efficient. Despite the above structure, all major proposals and decisions made by the Executive Chairperson and CEO are discussed and reviewed by the AC. Her performance and appointment to the Board is reviewed periodically by the NC and her remuneration package and service agreement are also reviewed regularly by the RC. As the AC, NC and RC comprise of all the non-executive and independent directors, the Board believes that there are adequate safeguards in place against an uneven concentration of power exercised by the single leadership structure. The Board will consider the separation of the role of the Chairperson and the CEO as stipulated as part of the on-going succession planning and Board renewal process.

Role of Executive Chairperson and CEO

Ms Yap Mui Kee is the Chairperson, Managing Director and CEO of the Company. She is responsible for the overall leadership of the Board and engages with the management staff regularly on pertinent issues. She approves the agendas for the Board Meetings and promotes a culture of open and free discussion amongst the Board. She also ensures that the Board receives timely and accurate information from the management staff, and provides valuable insight, guidance and advice on the Group's corporate governance systems and processes. She leads the Management team and has full executive responsibility for the overall management and performance of the Group's business. She is also responsible for translating the Board's decisions into executive action and is accountable to the Board on the outcomes.

Provision 3.3

The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.

Appointment of Lead Independence Director

Mr Tan Kok Hiang is a Non-Executive Director and the Lead Independent Director of the Company. He is responsible for providing leadership in situations where the Chairperson is in conflict, especially when the Chairperson is not independent. The lead independent director is accessible to shareholders when they have any concerns, and for which contact through the normal channels of communication with the Chairperson or Management are inappropriate or inadequate.

BOARD MEMBERSHIP

PRINCIPLE 4:

The Board has a formal and transparent process for the appointment and reappointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.1 Board Renewal and Succession Planning

The Board establishes a Nominating Committee ("NC") to make recommendations to the Board on relevant matters relating to:

- (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;***
- (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors;***

Corporate Governance Report

- (c) *the review of training and professional development programmes for the Board and its directors; and*
- (d) *the appointment and re-appointment of directors (including alternate directors, if any).*

Provision 4.2

The NC comprises at least three directors, the majority of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.

The Board has a process for the appointment and re-appointment of directors, based on the need for progressive renewal of the Board.

NC Composition, Role and Terms of Reference

The NC comprises of the following four Non-Executive, Independent Directors. The Chairman of the NC is Mr Low Peng Kit. Mr Tan Kok Hiang, Dr Wu Chiaw Ching and Mr Li Suet Man are the members.

Mr Tan Kok Hiang	(Non-Executive Lead Independent Director)
Mr Low Peng Kit, Chairman	(Non-Executive Independent Director)
Dr Wu Chiaw Ching	(Non-Executive Independent Director)
Mr Li Suet Man	(Non-Executive Independent Director)

The NC performs the roles of selection, appointment, and re-appointment of directors to the Board. NC has adopted specific written terms of reference. Mr Tan Kok Hiang, the Lead Independent Director, is also a member of the NC. The key terms of reference of the NC include:–

- (i) to make recommendations to the Board on the appointment of new executive and non-executive Directors, including making recommendations to the composition of the Board generally and the balance between executive and non-executive Directors appointed to the Board.
- (ii) to determine annually if a Director is independent and make recommendations to the Board on the composition of independence Directors on each Board Committee.
- (iii) to identify and nominate candidates for the approval of the Board, to fill Board vacancies as and when they arise as well as put in place plans for succession, in particular for the Chairperson and Chief Executive.
- (iv) to recommend Directors who are retiring by rotation to be put forward for re-election.
- (v) to have due regard to the principles of governance and code of best practice.
- (vi) to liaise with the Board in relation to the preparation of the Committee's report to shareholders as required.
- (vii) to decide whether a Director can and has been adequately carrying out his/her duties as a Director of the Company, particularly when he/she has multiple Board Representations. The NC has adopted internal guidelines that address the competing time commitments faced when Directors serve on multiple boards to ensure that Directors give sufficient time and attention to each Company's affairs.
- (viii) to assess the effectiveness of the Board as a whole and to assess the contribution of each Director to the effectiveness of the Board. This assessment process is performed and disclosed annually.

From time to time, the NC would make recommendations to the Board on matters relating to the training and professional development programs for the Board.

Corporate Governance Report

Provision 4.3

The company discloses the process for the selection, appointment and re-appointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the company's annual report.

Process for Selection, Appointment and Re-appointment of New Directors

- The NC reviews the needs of the Board by taking into account the scope and need of the operations of the Group.
- From the Board Performance Evaluation which is completed by the Board annually, the NC can evaluate whether the composition and size of the Board are adequate. It also assesses whether additional competencies are required in the area where the appointment of new directors is concerned.
- In selecting new directors, suggestions made by directors were considered.
- Where a vacancy arises under any circumstances, or where it is considered that the Board could benefit from the services of a new Director with particular skills, the NC, in consultation with the Board determines the selection criteria and selects candidates with the appropriate expertise and experience for the position.
- The NC will evaluate the capabilities of the candidates in areas of academic and professional qualifications, knowledge and experiences concerning the business of the Group.
- After assessing their suitability, potential candidates are then interviewed, further assessed and shortlisted by the NC and subsequently, appointed to the Board.

Provision 4.4

The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the company discloses the relationships and its reasons in its annual report.

Continuous Review of Directors' Independence

Each Independent Director has to make a yearly declaration to confirm his independence. The NC has reviewed the independence of the Directors, as mentioned on page 102 of this report. In the opinion of the NC, Mr Low Peng Kit, Mr Tan Kok Hiang, Dr Wu Chiaw Ching and Mr Li Suet Man are independent based, among other things, on the criteria given in the Listing Manual and the Code and their respective declarations.

None of the Directors is appointed for a fixed term. The following Regulations in the Company's Constitution, provide guidelines for retirement and rotation of Directors:-

Regulation 103 provides that one-third of the directors for the time being (or if their number is not a multiple of three, the number nearest to but not greater than one-third) shall retire from office by rotation, provided that every director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years.

Regulation 107 provides that any director appointed during the financial year shall hold such office until the next annual general meeting of the Company and shall be eligible for re-election at such general meeting.

All directors, including Executive Directors, must submit themselves for re-nomination and re-appointment at least once every three years, in accordance with Rule 720 (5) of the SGX-ST Listing Manual ("Listing Rules").

Accordingly, the directors due for re-nomination and re-appointment at the forthcoming AGM under Regulation 103 of the Company's Constitutions are Ms Yap Mui Kee and Mr Tan Kok Hiang.

Corporate Governance Report

The NC has reviewed and recommended that Ms Yap Mui Kee and Mr Tan Kok Hiang who are retiring under Regulation 103 of the Company's Constitution at the forthcoming AGM and who have submitted themselves for re-election as directors. The Board has accepted the recommendations of the NC. Each member of the NC abstains from voting on any resolutions and making any recommendation and/or participating in respect of matters in which he is interested.

Key information of each director is set out on pages 110 to 113. Information relating to directors seeking re-election as set out in Appendix 7.4.1 of the Listing Rules is set out on pages 175 to 180.

The composition of the Board and Independence of each independent director are reviewed annually by the NC based on the provision relating to independence as set out in the 2018 code, Rule 210(5)(c), and Rule 210(5)(d)(iii) of the SGX-ST. The NC requires each independent director to complete and execute a form declaring and affirming his independent and confirming that exist no condition that would impair his independence is then recommended by the NC to the Board.

Taking into account the views of the NC, the Board is satisfied that Mr Tan Kok Hiang, Mr Low Peng Kit, Dr Wu Chiaw Ching, and Li Suet Man are independent in the light of the provisions of the 2018 Code and Rule 210(5)(d)(iii) of the Listing Rules.

As of 31 December 2020, three independent directors have served on the Board for more than nine years, They are Mr Tan Kok Hiang, Mr Low Peng Kit, and Dr Wu Chiaw Ching. The NC considers that a director's independent cannot be determined solely and arbitrarily on the based on the length of time. A director's contribution in terms of experience, expertise, professionalism, integrity, objectivity, and independent judgment in engaging and challenging Management in the best interest of the Group as he performs his duties in good faith, are more critical measures in ascertaining his independence than the number of years served on the Board. Hence the Board does not impose a limit on the length of service of the independent directors. However, the Board and NC will exercise due and careful review, taking into consideration other factors, in assessing the independence of a director. These factors include, inter alia, whether the directors have any interest, business, relationship and/or any other material contractual relationships with the Group which could reasonably be perceived to compromise their independence and interfere with the exercise of their independent business judgment with a view to the best interest of the Group.

Guideline 2.4 of the Code of Corporate Governance 2012 continues to apply prior to Rule 210(5)(c), and Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST which comes into effect on January 1, 2022. After due and careful rigorous review, the Board is of the view that all the above-referred three independent directors continue to remain independent in their exercise of judgment and objectivity in Board matters.

With effect from 1 January 2022, a director will not be independent if he has served for an aggregate of more than 9 years. His continued appointment as an independent director must be sought and approved in separate resolutions by (a) all shareholders and (b) shareholders, excluding the director and chief executive officer of the issuer, and associates of such directors and chief executive officer of the issuer, and associates of such directors and chief executive officer (the "two tier voting"). Such resolutions approved by a two-tier voting may remain in force for three years from the conclusion of the annual general meeting following the passing of the resolutions or the retirement or resignation of the director, whichever the earlier.

The Board has recommended that the approval of the shareholders be sought through a two-tier voting process at the forthcoming AGM for the continuation of office of Mr Tan Kok Hiang, Mr Low Peng Kit, and Dr Wu Chiaw Ching as independent Non-Executive Directors of the Company. They, have each served as Independent Non-Executive Directors of the Company for an aggregate term of more than nine years.

The Board has determined that Mr Tan Kok Hiang, Mr Low Peng Kit, and Dr Wu Chiaw Ching continue to remain objective and independent-minded in Board deliberations. Their vast experience enables them to provide the Board and the various Board Committees on which they serve, with pertinent experience and competence to facilitate sound decision-making and that their length of service does not in any way interfere with their exercise of independent judgment nor hinder their ability to act in the best interest of the Company.

Corporate Governance Report

The NC ensures that new director are aware of their duties and obligations. New directors are given a formal letter explaining his/her duties and obligations as a director.

It is also part of the NC's duties to review and ascertain whether a director can and has been adequately carrying out his or her duties as a director of the Company. All directors are required to declare their other board representations formally. The Board had resolved to limit each director to hold not more than 4 directorships in listed companies including the Company. As at the end of the financial year end, it was confirmed that this restriction had been complied with by all directors. The NC is also satisfied that all directors had discharged their duties adequately for FY2020.

The Board believes in carrying out succession planning on its Top Management team to ensure continuity of leadership. The Chairman, MD and CEO has initiated on-going informal succession programme to prepare a team of future leaders for the Group's long-term sustainability. The potential successors to key positions are identified and development plans are instituted for them. The Chairman, MD and CEO constantly updates the NC and RC and informs them that the succession plan is on track. All the members participated in the meeting and discussion.

Provision 4.5

The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the company. The company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.

Presently, one of the Executive Directors and all Non-Executive Independent Directors of the Company hold other board representations in companies that are not within the Group. The NC has reviewed and is satisfied that such multiple board representations of the Directors would not hinder their abilities to carry out their duties as directors of the Company.

The NC has adopted internal guidelines that address the competing time commitments faced when Directors serve on multiple boards to ensure that Directors give sufficient time and attention to each company's affairs. Further, the NC and the Board are of the view that such multiple board representations of the Directors benefit the Group, as the Directors bring with them their experience and knowledge obtained from such board representations in other companies. The current policy of the Company provides that the maximum number of listed company board appointments for Executive Directors or key management personnel shall not be more than four (4) listed companies.

Corporate Governance Report

The NC also ensures that the Board possesses the core competencies required by the Code. The NC adopted the Code's definition of what constitutes an Independent Director.

The NC had met the above terms of reference and is of the view that:–

- (a) all the Directors of the NC are Non-Executive and Independent Directors and can exercise objective judgement on corporate affairs of the Group independently from Management;
- (b) there is no individual or small group of individuals on the Board who dominate the Board's decision-making process, and the Board is of the view that there is an adequate process for the appointment of new Directors.
- (c) the Board possesses core competencies required for the effective conduct of the affairs and operations of the Group; and
- (d) the current size of the Board is adequate for the Group.

Appointment of Alternate Directors

Ms Sally Yap is the Corporate Secretary of the Company and its local subsidiaries. She is also appointed by Ms Yap Mui Kee, the Managing Director of the Company to act as the Alternate Director since 20 July 1998. Ms Sally Yap, being part of the management and professionally qualified in both as an accountant and corporate secretary, is familiar with the Company's affairs. She has provided substantial contributions in providing feedback to the Board and at the Company's Board meetings. The NC, taking into consideration the above, felt that Ms Sally Yap is appropriately qualified and capable of discharging the duties and responsibilities of a Director. As an Alternate Director, she also bears the same duties and responsibilities as a director.

BOARD PERFORMANCE

PRINCIPLE 5:

There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each Director to the effectiveness of the Board.

Provision 5.1

The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.

Provision 5.2

The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors.

Board Performance

In assessing the effectiveness of the Board, the contribution of individual directors plays an important role. In reviewing the re-election and re-appointment of any director, a formal process is established to evaluate the directors' performance annually. Assessment of each director's contribution to the Board includes his or her attendance and participation, time and effort devoted to the Company's business and affairs. The NC has conducted a Board Performance Evaluation exercise to assess the effectiveness of the Board for FY2020 and the result shown the effectiveness of the Board as a whole and its Board Committees. The contribution by each director to the effectiveness of the Board are consistently good.

Corporate Governance Report

In addition, the NC and the Board also ensure that the appointed directors possess core competencies like business experience, accounting, audit, tax, finance, legal and knowledge of the industry.

New directors will be appointed by way of a board resolution or board meeting after the NC approves of their appointment. Such new directors must submit themselves for re-election at the next AGM as provided under **Regulation 107** of the Company's Constitution.

Performance Criteria for Board Evaluation

NC has established an appraisal process to assess the performance and effectiveness of the Board. The assessment process comprises three parts:

Part 1: The Board Self-Assessment on the qualitative of the functioning of the Board

Part 2: Individual Directors Self-Assessment

Part 3: Individual Directors will also do a Peer Assessment on Directors

The NC and the Board have endorsed the performance criteria of the three parts of the assessments. The completed qualitative assessment questionnaires are submitted to the NC for discussion. The results and conclusion are then presented to the Board by the NC together with the action plan are then drawn up to address any areas for improvement.

The review parameters for evaluating each Director include, among others, the following:-

- (a) Attendance at board/committee meetings and related activities
- (b) Adequacy of preparation for the board meeting
- (c) Contribution in a strategic business decision, finance and accounting, risk management, legal, and regulatory and HR management
- (d) Contribution in own specialist relevant area
- (e) Generation of constructive debate
- (f) Maintenance of independence
- (g) Disclosure of related party transactions

No external facilitator has been engaged in the Board assessment process.

The NC is of the view that despite multiple board representations in certain instances, each Director capable of carrying out his or her duties as a Director of the Company.

The Board is of the view that the performance of the Company's share price alone is not a good indication of the performance of the Company or the performance of the Board as a whole. Instead, the Board find that the Group's revenue and profit before tax to be a better performance indicator to assess the performance of the Board.

Each member of the NC shall abstain from voting on any resolution and making any recommendation and/or participating in respect of matters in which he has an interest.

Corporate Governance Report

II. REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

PRINCIPLE 6:

The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provisions 6.1

The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on:

- (a) a framework of remuneration for the Board and key management personnel; and*
- (b) the specific remuneration packages for each director as well as for the key management personnel.*

Provisions 6.2

The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.

Provisions 6.3

The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.

RC Composition and Role

Matters concerning the remuneration of the Board, key management personnel and employees related to the substantial shareholders, the CEO and/or Directors (if any) are handled by the RC whose primary functions include the development of formal and transparent policies on remuneration matters in the Company.

Remuneration Committee and Terms of Reference

The RC comprises the following four Directors, all of whom are non-executive and independent:

Mr Tan Kok Hiang, Chairman	(Non-Executive Lead Independent Director)
Mr Low Peng Kit	(Non-Executive Independent Director)
Dr Wu Chiaw Ching	(Non-Executive Independent Director)
Mr Li Suet Man	(Non-Executive Independent Director)

The Chairman of the RC, Mr Tan Kok Hiang, is experienced in capital markets functions, corporate finance, asset management, financial investments, accounting and is also knowledgeable in field of executive compensation. During FY2020, the RC held two scheduled meetings, which Mr Tan Kok Hiang, Mr Low Peng Kit, Dr Wu Chiaw Ching and Mr Li Suet Man attended.

The RC has adopted specific written terms of reference. The key terms of reference of the RC include:-

- (1) to review the remuneration packages and terms of employment of each Executive Director, divisional or subsidiary companies' Directors and each employee who is related to the Executive Director and controlling shareholder of the Group.
- (2) to review the total remuneration of the Executive Directors, divisional or subsidiary companies' Directors and employees who are related to the Executive Directors and controlling shareholders of the Group.

Corporate Governance Report

- (3) to ensure that the remuneration package of employees related to the Executive Directors and controlling shareholders of the Group are in line with the Group's staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities.
- (4) to ensure the remuneration of at least the top five executives (in term of aggregate remuneration and not being Directors) are formulated.
- (5) to ensure no Director or member of the RC shall be involved in deciding his own remuneration, except for providing information and documents requested by the RC to assist it in its deliberations.
- (6) to recommend to the Board a framework of remuneration, and the specific remuneration packages for each Director and the CEO (or Executive of equivalent rank) if the CEO is not a Director. The RC's recommendations should be submitted for endorsement by the entire Board. The RC should cover all aspects of remuneration, including but not limited to Director's fees, salaries, allowances, bonuses, options, and benefits in kind. RC will also review the remuneration of senior management.
- (7) Making recommendations to the Board on the Group's framework of executive remuneration;
- (8) Reviewing and providing a recommendation to the Board on the adequacy and form of compensation of the Directors and key executives of the Group to ensure that the compensation is realistically commensurate with the responsibilities and performance of the Director and/or key executive and the Group;
- (9) Reviewing and recommending to the Board the terms of renewal for those Executive Directors whose current employment contracts with the Group has or is due to expire;
- (10) Reviewing the fees for Non-Executive Directors before proposing such fees to the Board for approval, taking into account factors such as the effort and time spent by and the responsibilities of such Non-Executive Directors;
- (11) Reviewing and recommending to the Board the talent management and remuneration framework for the Company, including staff development and succession planning; and
- (12) Reviewing and recommending to the Board the engagement of stakeholders with respect to remuneration matters.

As part of its review, the RC ensures that the Directors and key management personnel are adequately but not excessively remunerated. The RC also ensures that the Executive Directors' and key management personnel remuneration are structured to link remuneration to corporate and individual performance and align with the interest of shareholders to promote the long-term success of the Company, taking into account the risk policies of the Company, be symmetric with risk outcomes and be sensitive to the time horizon of risks.

Provision 6.4

The company discloses the engagement of any remuneration consultants and their independence in the company's annual report

The RC has access to the professional advice of external experts in the area of remuneration, where required. The Company engaged no remuneration consultants in FY2020.

Corporate Governance Report

LEVEL AND MIX OF REMUNERATION

PRINCIPLE 7:

The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

The Board has considered and approved the RC's proposal regarding the Non-Executive Directors' fees for FY2020. The RC and the Board are of the view that the remuneration of the Directors is appropriate and not excessive considering the effort and time spent and the responsibilities of the Directors.

Provision 7.1

A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the company.

Remuneration of Executive Directors and KMPs

The Company's Executive Director and key management personnel remuneration structure comprises both fixed and variable components. The variable component is linked to the Group/Company's performance and the individual personnel's performance. Such performance-related remuneration is designed to align with the interests of shareholders and other stakeholders and promote the Group's long term success.

Provision 7.2

The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

Remuneration of Non-Executive Directors

The Board recommended a fixed fee for each Independent Director's effort, time spent and responsibilities. The Chairman of the Board and the Lead Independent Director and the Chairman of the Audit Committee and Remuneration Committee are remunerated with a slightly higher director's fee as their level of responsibility is higher. The directors' fees are subject to shareholders' approval at the AGM on 29 April 2021. They do not have any service contracts with the Company.

Contractual Provisions Protecting the Company's Interests

The Company does not have any contractual provisions in the employment contracts with the Executive Director and key management personnel pursuant to which the Company may reclaim the variable components of remuneration from the Executive Director and key management personnel in exceptional circumstances, such as any misstatement of financial results, or misconduct resulting in a financial loss to the Company and the Group. Notwithstanding the preceding, the Executive Director owes a fiduciary duty to the Company. The Company should be able to avail itself of the relevant remedies at law against the Executive Director in the event of such breach of fiduciary duties.

Provision 7.3

Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the company and key management personnel to successfully manage the company for the long term.

To attract, retain and motivate Directors and employees to provide good stewardship of the Company, the RC establishes appropriate remuneration packages for the Company's directors and key management personnel. Such remuneration packages are based on an established framework and are reviewed periodically to ensure that they remain relevant.

Corporate Governance Report

During the year, the RC considered and approved the Executive Director's remuneration package, including salary, bonus and benefits-in-kind. The RC also reviewed the key management personnel's performance and considered the Executive Director's recommendation for bonuses and remuneration for the key management personnel.

DISCLOSURE ON REMUNERATION

PRINCIPLE 8:

The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provisions 8.1

The company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of:

- (a) each individual director and the CEO; and***
- (b) at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel***

Remuneration Report

Details on the remuneration of Directors and key management personnel for FY2020 are presented in the following table. The remuneration for the Executive Directors is based on his/her employment contract with the Company.

The RC comprises four Non-Executive Independent Directors, the Chairman of the RC is Mr Tan Kok Hiang, Mr Low Peng Kit, Dr Wu Chiaw Ching and Mr Li Suet Man are the members. The Chairman of the RC, Mr Tan Kok Hiang, is experienced in capital markets functions, corporate finance, asset management, financial investments, accounting and is also knowledgeable in the field of executive compensation.

The RC has adopted specific written terms of reference. The key terms of reference of the RC include:-

- (1) to review the remuneration packages and terms of employment of each Executive Director, divisional or subsidiary companies' Directors and each employee related to the Executive Director and controlling shareholder of the Group.
- (2) to review the total remuneration of the Executive Directors, divisional or subsidiary companies' Directors and employees who are related to the Executive Directors and controlling shareholders of the Group.
- (3) to ensure that the remuneration package of employees related to the Executive Directors and controlling shareholders of the Group are in line with the Group's staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities.
- (4) to ensure the remuneration of at least the top five executives (in term of aggregate remuneration and not being Directors) are formulated.
- (5) to ensure no Director or member of the RC shall be involved in deciding his own remuneration, except for providing information and documents requested by the RC to assist it in its deliberations.
- (6) to recommend to the Board a framework of remuneration, and the specific remuneration packages for each Director and the CEO (or Executive of equivalent rank) if the CEO is not a Director. The RC's recommendations should be submitted for endorsement by the entire Board. The RC should cover all aspects of remuneration, including but not limited to Director's fees, salaries, allowances, bonuses, options, and benefits in kind. RC will also review the remuneration of senior management.

Corporate Governance Report

As part of its review, the RC ensures that the Directors and key management personnel are adequately but not excessively remunerated. As far as possible, the RC ensures that the Executive Directors' and key management personnel remuneration are structured to link remuneration to corporate and individual performance and align with the interest of shareholders to promote the long-term success of the Company, taking into account the risk policies of the Company, be symmetric with risk outcomes and be sensitive to the time horizon of risks.

The Managing Director has a three-year renewal service agreement with removal clauses or early termination clauses. The RC would review the Company's obligations arising in the event of termination of the executive directors' service agreements, to ensure that such service agreements contain fair and reasonable termination clauses that are not overly generous.

The Company's Constitution governs the terms of the directors' appointment. There are safeguards in place to ensure that no one individual director represents a considerable concentration of power. The RC has full authority to engage any external professional adviser on remuneration matters if the need arises. No director is involved in the determination of his own remuneration.

Each of the remunerations of the Executive Directors is governed by the separate service agreement entered into with the Company, which took effect on 20 May 2019 for the Managing Director, Ms Yap Mui Kee and the Executive Director, Mr Tan Kim Sing and on 24 February 2020 for the Executive Director, Mr Billy Neo Kian Wee. These will continue for three (3) years unless otherwise terminated by either party giving not less than six (6) months notice or an amount equal to six (6) months' salary in lieu of notice. Each of the Service Agreements may be terminated by the Company by summary notice upon the occurrence of certain events, such as misconduct or a breach of the Executive Directors' obligations. According to the respective service agreements, the Executive Directors are paid the remuneration include, a fixed salary and a variable performance bonus.

The terms in determining their remuneration are set out in their respective service agreements with the Company, subject to the approval of the Remuneration Committee ("RC") and the Board. None of the Executive Director voted in the approval of his or her service agreement, approved by the RC and the Board.

As set out in the tables on pages 121 and 122, **Provision 8.1(a)**, the performance-related elements of remuneration formed a significant proportion of the Managing Director and the two other Executive Directors total remuneration package. Variable bonuses made up 19%, 22%, and 20% of the total remuneration of the Executive Directors, Ms Yap Mui Kee, Mr Tan Kim Sing, and Billy Neo Kian Wee, respectively, in FY2020. The performance-based component was align with the Executive Directors' interests with that of the Shareholders, to bring a direct relationship between their remuneration and their performance in creating value for the Company.

Other than fixed salary and bonus payment, the three Executive Directors were also paid directors' fees, which made up between 11% to 15% of their total remuneration package. The total amount of fees payable to the directors was disclosed in Note 24 in the notes to the Financial Statements on page 79 of this report. The amount of fees paid to each director was determined by their contribution and other factors such as frequency of meetings held, and duties or responsibilities assumed, such as lead independent directors or chairpersons of various Board committees. Other than directors' fees, the Non-Executive Independent Directors of the Company do not receive salary, bonus and other benefits.

Corporate Governance Report

The RC will consider using the contractual provision to allow the Company to reclaim incentive components of remuneration from Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results or misconduct resulting in a financial loss to the Company.

Report to Shareholders on Remuneration and Disclosure of Directors' Remuneration

Due to the sensitive and confidential nature of the remuneration packages of the Executive Directors, which are critical to the businesses of the Group, the Company did not provide the exact remuneration received by each of the Executive Director, to protect the Group's interest and ensure the Company's competitive advantage in retaining them. However, the three Executive Directors' total remuneration was disclosed in Note 24 in the notes to the Financial Statements on page 79 of this report. Therefore, the aggregate remuneration of the three Executive Directors on page 79 of this report and the disclosure in the table below and next page of this report provided sufficient transparency on their remuneration packages, notwithstanding the deviation on disclosure of the exact amount of the remuneration of the Directors required under **Provision 8.1(a)**.

The Company believes the disclosures adopted by the Company in this report are consistent with **Principle 8** of the Code of Corporate Governance, which requires transparency on the company's remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Due to the confidentiality reason and to protect the Group's interest, **provision 8.1 (a)** is partially complied with. Appended herein below are a breakdown showing the level and mix of each Director's remuneration and the Managing Director in bands of S\$250,000 for FY2020:-

The Company does not have an employee share scheme.

III. ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

PRINCIPLE 9:

The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Provision 9.1

The Board determines the nature and extent of the significant risks which the company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.

Nature and Extent of Risk

The Board recognises the importance of maintaining sound systems of risk management and internal controls to safeguard shareholders' interests and the Group's assets. The AC oversees and ensures that such systems have been appropriately implemented and are monitored.

A summary of the Group's risk management and internal controls system is appended below.

Risk Management

The Group adopts a comprehensive and systematic approach towards Risk Management to help identify, measure, prioritise and respond to the risks challenging its objectives, initiatives, and day-to-day operating activities.

As part of the Group's approach towards risk management, the Group has conducted on an annual basis a Risk Assessment exercise where the key risks of the Group have been identified and evaluated. Also, the Group evaluates its risk exposure based on the likelihood and impact of each risk identified.

The Group recognises risk management as a collective effort beginning with the individual subsidiaries and business units, followed by the operating segments and ultimately Management and the Board, working as a team.

Internal Controls

A system of internal controls has been implemented to enhance the Group's internal control function in finance, operations, compliance, and information technology. The internal control measures aim to ensure that the Group's assets are safeguarded, proper accounting records are maintained, and that financial information used within the business and reporting is reliable.

Risk Management Committee

The Group currently does not have a Risk Management Committee. The Board, AC and the management assume the responsibility of the risk management function. Management regularly reviews the Group's business and operational activities to identify areas of significant risks and appropriate measures to control and mitigate these risks. Management reviews all significant policies and procedures and highlights all significant matters to the Board and the AC.

Corporate Governance Report

Provision 9.2

The Board requires and discloses in the company's annual report that it has received assurance from:

- (a) the CEO and the Chief Financial Officer ("CFO") that the financial records have been properly maintained and the financial statements give a true and fair view of the company's operations and finances; and**
- (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the company's risk management and internal control systems.**

Board's Comment on Adequacy and Effectiveness of Risk Management and Internal Controls

Risk Management is an essential part of the Group's business planning and monitoring process, and incorporated into its business cycle. The Group engages a professional audit firm, D'Ark Services Pte Ltd to conduct internal audit reviews based on the AC's approved plan.

During the year, the AC also reviewed reports submitted by the internal auditors relating to the Group's internal controls' effectiveness, including the adequacy of the Group's financial, operational, compliance and information technology controls.

The Board is satisfied that the Company has worked closely with the internal and external auditors of the Group to implement the recommended measures and procedures and has strived to achieve high standards in risk management and internal controls.

Based on the framework of risk management and internal controls established and maintained by the Group, the work performed by the internal auditors, as well as the statutory audit review undertaken by the external auditors, the Board with the concurrence of the AC, is of the opinion that the internal controls, including financial, operational, compliance and information technology controls and risk management systems that the Group has put in place are adequate and effective as at 31 December 2020 to address the risks that the Group considers relevant and material to its operations.

However, to meet the Group's business environment's changing needs, continuous improvements will be required as the Group grows its business. The Board, has received assurance from the Managing Director, the Financial Controller and KMPs that:

- the financial records of the Group have been properly maintained and the financial statements for FY2020 give a true and fair view of the Group's operations and finances; and
- the Group's risk management and internal control systems are adequate and effective.

Assurance from the CEO, CFO and KMPs

For the financial year under review:-

- (i) Written assurance was received from the Managing Director, CEO and the Financial Controller ("FC") have assured the Board on the integrity of the Group's financial statements on 26 February 2021 that the financial records have been properly maintained and financial statements give a true and fair view of the Company's operations and finances; and
- (ii) Written assurance was received from the CEO and the KMPs that the Group's risk management and internal controls systems were adequate and effective to address the financial, operational, compliance and information technology risks in the context of the current scope of the Group's business operations. Based on the Group's framework of management controls in place, the internal control policies and procedures established and maintained by the Group, as well as the reviews performed by the external and internal auditors, the Board, with the concurrence of the AC, is of the opinion that the risk management and

Corporate Governance Report

internal control systems of the Group, addressing the financial, operational, compliance and information technology risks are adequate and effective as at 31 December 2020 to address the risks that the Group considers relevant and material to its operations. Management will continue to review and strengthen the Group's control environment and devote resources and expertise towards improving its internal policies and procedures to maintain a high level of governance and internal controls.

The Board notes that the system of internal controls provides reasonable but not absolute assurance that the Group will not be affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. In this regard, the Board also notes that no system can provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, fraud or other irregularities.

The Board ensures that, in the absence of any evidence to the contrary, the system of internal controls maintained by the management throughout the financial year under review up to the date of this report, provides reasonable, but not absolute, assurance against material financial misstatements or losses, and include the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, and the identification and containment of business risks. With the concurrence of the AC, the Board is satisfied that the internal audit is adequately resourced and has the appropriate standing within the Group. The internal controls are adequate in addressing financial, operational, compliance and information technology risks in the Company.

Given the latest guidance from the Exchange regarding Rule 720(1) of the SGX-ST Listing Manual, the Company has procured a signed undertaking from all its directors and executive officers based on the latest revised form of Appendix 7.7 of the SGX ST Listing Manual.

AUDIT COMMITTEE

PRINCIPLE 10:

The Board has an Audit Committee ("AC") which discharges its duties objectively.

Provision 10.1

The duties of the AC include:

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the company and any announcements relating to the company's financial performance;***
- (b) reviewing at least annually the adequacy and effectiveness of the company's internal controls and risk management systems;***
- (c) reviewing the assurance from the CEO and the CFO on the financial records and financial statements;***
- (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;***
- (e) reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the company's internal audit function; and***
- (f) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The company publicly discloses, and clearly communicates to employees, the existence of a whistleblowing policy and procedures for raising such concerns.***

Corporate Governance Report

Roles, Responsibilities and Authorities of AC

The AC comprises four members, including the Chairman of the AC, all are independent and Non-Executive Directors. The Chairman of the AC is Mr Tan Kok Hiang. Dr Wu Chiaw Ching, Mr Low Peng Kit and Mr Li Suet Man are members. The AC has adopted written terms of reference. The members of the AC have many years of experience including direct and relevant experience in the areas of accounting and finance. The Board considers the current members of the AC appropriately qualified to discharge their responsibilities. In FY2020, the AC met twice. Details of the members' attendance at AC meetings in FY2020 are provided on page 100 of this Report.

The AC has adopted specific written terms of reference. The key terms of reference of the AC include:-

- a) to review with the external auditors:-
 - the audit plan, including the nature and scope of the audit before the audit commences
 - their evaluation of the system of internal accounting controls
 - their audit report
 - their management letter and Management's response
- b) to ensure co-ordination where more than one audit firm is involved
- c) to review the half-year and annual financial statements before submission to the Board for approval, focusing in particular, on:-
 - i) changes in accounting policies and practices
 - ii) major risk areas
 - iii) significant adjustments resulting from the audit
 - iv) the going concern statement
 - v) compliance with accounting standards
 - vi) compliance with the stock exchange and statutory/regulatory requirements.
- d) to discuss problems and concerns, if any, arising from the interim and final audits, and any matters that the internal and external auditors may wish to discuss (in the absence of Management where necessary).
- e) to review the assistance given by Management to the auditors.
- f) to review the internal audit programme and ensure co-ordination between the internal and external auditors and Management and ensure the integrity of the financial statements and any formal announcements relating to the Company's financial performance.
- g) to review the scope and results of the internal audit procedures.
- h) to review the significant financial reporting issues, judgements to ensure the integrity of the financial statements and any formal announcements relating to the Company's financial performance.

Corporate Governance Report

- i) to review and discuss with the external auditors, any suspected fraud or irregularity, or suspected infringement of any Singapore law, rules or regulations, which has or is likely to have a material impact on the Company's operating results or financial position, and Management's response.
- j) to report to the Board its findings from time to time on matters arising and requiring Committee's attention.
- k) to review the Interested Person Transactions.
- l) to undertake such other reviews and projects as may be requested by the Board.
- m) to undertake such other functions and duties as required by statute or the Listing Manual, and by such amendments made thereto from time to time.
- n) to make recommendations to the Board on the appointment, re-appointment, and removal of the external auditor, and approving the remuneration and terms of engagement of the external auditor.
- o) to ensure arrangements are in place for staff to raise concerns in confidence, and an independent investigation of such matters and appropriate follow-up action.

The AC has explicit authority to investigate any matters within its terms of reference, full access to and co-operation by the management and full discretion to invite any Director or executive officers to attend its meetings.

The internal audit function for the Group for the FY2020 was outsourced to D' Ark Services Pte Ltd. The internal auditors report directly to the AC and assist the AC in monitoring and assessing the effectiveness of the Group's material internal controls, operational and compliance controls and risk management. The internal auditor also assists the Group's management in identifying operational and business risks and provides recommendations to address these risks. The AC approves the internal audit plan and the results of the audit findings are submitted to the AC for its review and deliberation in its meeting. During their statutory audit, the external auditors will consider the system of internal controls relevant to the Company's preparation of financial statements. The internal and external auditors conducted an annual review in accordance with their audit plans, on the effectiveness of the Company's material internal controls. Any material non-compliance or failures in internal controls and recommendations for improvements were reported to the AC. The AC, together with the Board has also reviewed the effectiveness of management's actions on the recommendations made by the internal and external auditors in this respect. The Board and the AC are of the view that the internal audit is adequately resourced and has the appropriate standing within the Group.

The AC meets with the external auditors and internal auditors, in each case without the presence of the management, at least twice to review the overall scope and results of external and internal audits, and the management gave their assistance to the external auditors. The AC met with the external auditors without the presence of management on 28 February 2020 and 13 August 2020. The AC has reasonable resources to enable it to discharge its function properly.

Audit Committee Confirmation

Independence of External Auditors and the Listing Rule 1207(6) (a) and (b)

The Audit Committee has reviewed the aggregate amount of fees paid to the external auditors. All audit and non-audit services provided by the auditors are shown in Notes to the Financial Statements – 31 December 2020, Note 18, page 73 of the Annual Report. For non-audit fees paid to the external auditors of the Company, based on the annual review conducted by the AC on the volume of non-audit services provided by the external auditors to satisfy the AC that the nature and extent of such services will not prejudice the independence of the external auditors, the AC is satisfied with the external auditors' confirmation of their independence.

Corporate Governance Report

The AC has recommended to the Board that BDO LLP be nominated for re-appointment as external auditors at the forthcoming AGM of the Company.

The Company is in compliance with Rule 712 and Rule 715 (1) of the SGX-ST Listing Manual on the appointment of the same auditing firm in Singapore to audit its account and its Singapore-incorporated subsidiaries and Rule 716(1) on the appointment of different auditing firms for its foreign-incorporated subsidiaries.

Whistleblowing Policy and Procedure

To encourage proper work ethic and facilitate radicating of any internal improprieties, unethical acts, malpractices, fraudulent acts, corruption and/or criminal activities in the Group, the AC has implemented a Whistleblowing Policy. The policy provides a mechanism by which concerns about plausible improprieties in, including but not limited to, matters of financial reporting, dishonest practice, suspected fraud, bribery, and corruption, may be raised.

The Whistleblowing procedures for all employees to raise concerns in confidence about possible serious corporate improprieties in matters of financial reporting or other matters. The procedures contain submission, assessment, and investigation of incidents, retention of records and protection of whistleblowers. To ensure independent investigation of such matters and for appropriate follow-up action, all reports are to be sent to Mr Tan Kok Hiang, Non-Executive and Lead Independent Director and Chairman of the AC and RC. Details of the whistleblowing procedures and arrangements have been made available to all employees. The copy of the mentioned procedures is also available on the Company's intranet. There were no reported incidents pertaining to whistleblowing for FY2020.

The Company's whistleblowing policy allows employees to raise concerns and also offers reassurance that as far as is reasonably practicable, employees will be protected from intimidation, retaliation, or adverse employment consequences for whistleblowing reports made in good faith.

The AC addresses issues and/or concerns raised and arranges for investigation and/or follow-up of appropriate action. The AC reports to the Board any issues and/or concerns received, at the ensuing Board meeting. Should the AC receive reports relating to serious offences, and/or criminal activities in the Group, they and the Board have access to the appropriate external advice where necessary. Where appropriate or required, a report shall be made to the relevant governmental authorities for further investigation/action.

The Group takes concerns raised in respect of the integrity and honesty of its employees very seriously. The whistleblowing policy and whistleblowing communication channel have been disseminated to all staff via email and is also posted on the Company's intranet for staff reference. Staff is encouraged to report any behaviour or action that is reasonably suspicious or against any rules/regulations/accounting standards applicable to the Group (including the Group's internal policies). The whistleblowers may also approach the Corporate Secretary directly in confidence, and his/her identity will be protected from intimidation, retaliation, or adverse employment consequences as far as reasonably practicable.

The Company treats all information received confidentially and where requested, as far as reasonably practicable, protects all whistleblowers' identity and the interests. The Group views concerns expressed anonymously as potentially less credible, but the AC and/or the Board (where appropriate) nonetheless reserves the right to consider such concerns at their discretion.

All newly recruited employees are briefed on the existence of the Whistleblowing Policy during the Group's induction programme.

The whistleblowing policy is reviewed by the AC from time to time to assess the effectiveness of the processes in place and to ensure that the said policy is updated to take into account any related changes in legal and regulatory requirements. The last review was on 13 August 2020.

Corporate Governance Report

Provision 10.2

The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.

AC Composition and Role

The AC comprises the following four Directors, all of whom are non-executive and independent:

Mr Tan Kok Hiang, Chairman	(Non-Executive Lead Independent Director)
Dr Wu Chiaw Ching	(Non-Executive Independent Director)
Mr Low Peng Kit	(Non-Executive Independent Director)
Mr Li Suet Man	(Non-Executive Independent Director)

During FY2020 the AC held two scheduled meetings, which all members attended.

The expertise of AC Members

The AC members bring with them invaluable professional expertise in the accounting and financial management domains.

The Chairman of the AC, Mr Tan Kok Hiang, is experienced in capital markets functions, corporate finance, assets management, financial investment, accounting and is knowledgeable in executive compensation. The other members of the AC have many years of experience in business management, education, healthcare, and financial services. The Board is satisfied that the members of the AC have recent and relevant accounting or related financial management expertise and experience to discharge the functions of the AC.

Provision 10.3

The AC does not comprise former partners or directors of the company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

Cooling off Period for Partner or Directors of the Company's Auditing Firm

No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the AC.

Each member of the AC abstained from voting on any transactions and make any recommendation and/or participate in discussing matters in which he is interested.

Review of interested person transactions

The AC has reviewed interested person transactions of the Group for FY2020 and reported its findings to the Board. Please refer to page 94 of the annual report for further details on the interested person transactions of the Group for FY2020.

The AC reviews all interested person transactions entered into by the Group. Directors who are interested in the Group's transactions recuse themselves from the deliberation and approval process in both the AC and Board unless the Board is of the opinion that his or her presence and participation is necessary to enhance the efficacy of such discussion. On a biannually basis, the AC also reviewed the Company's financial results announcements before their submission to the Board for approval.

Corporate Governance Report

The AC has explicit authority to investigate whistleblowing complaints. All whistleblower complaints are reviewed by the AC and/or the Board pursuant to the Company's Whistleblowing Policy to ensure an independent and thorough investigation and adequate follow-up.

The AC had reviewed the external auditors' audit plan for FY2020 and agreed with the auditors' proposed significant areas of focus and assumptions that impact the financial statements. In its review of the financial statements of the Group for FY2020, the external auditors had discussed with Management the accounting principles that were applied and their judgment of items that could affect the integrity of the financial statements and also considered the clarity of key disclosures in the financial statements. The AC also reviewed and addressed, amongst other matters, the key audit matters as reported by the external auditors for FY2020. The key audit matters can be found on pages 20 to 22 of this Annual Report.

Management reported to and discussed with the AC the changes to the accounting standards and accounting issues which directly impact the financial statements. Directors had also been invited to attend relevant seminars on changes to accounting standards and issues by leading accounting firms.

AC to Keep Abreast of Changes to Accounting Standards

In addition to the activities undertaken to fulfil its responsibilities, the AC is kept up to date by Management, external and internal auditors on changes to accounting standards, SGX-ST rules and other codes and regulations which can impact on the Group's business and financial statements.

The AC oversees the Group's relationship with its external auditors. It reviews the selection of the external auditors and recommends to the Board the appointment, re-appointment and removal of the external auditors, the remuneration and terms of engagement of the external auditors. The annual re-appointment of the external auditors are subject to shareholders' approval at each AGM.

The AC has reviewed the independence and objectivity of the external auditors through discussions with the external auditors and an annual review of the nature, extent and charges of non-audit services provided by the external auditors.

Provision 10.4

The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the company's documents, records, properties and personnel, including the AC, and has appropriate standing within the company.

Internal Auditors

The company has established an effective internal audit function that is adequately resourced and independent of the activities it audits.

The AC approves the hiring, removal, evaluation, and compensation of the internal auditors. For FY2020 the Company's internal audit function was outsourced to D' Ark Services Pte Ltd. The internal auditor reports primarily to the Chairman of the AC and has full access to the documents, records, properties, and personnel of the Company and the Group.

Corporate Governance Report

The Board recognises the importance of maintaining a system of internal control processes to safeguard Shareholders' investments and the Group's business and assets. The Board notes that no system of internal control system could provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, losses, fraud, or other irregularities. The annual conduct of audits by the internal auditors assesses the effectiveness of the Group's internal control procedures. It provides reasonable assurance to the AC and the management that the Group's risk management, controls, and governance processes are adequate and effective.

The AC is satisfied that the internal audit function has adequate resources to perform its function effectively and is staffed by suitably qualified and experienced professionals with the relevant experience.

The internal audit work carried out in FY2020 was guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) laid down by the International Professional Practices Framework issued by the Institute of Internal Auditors.

On an annual basis, the AC reviews the internal audit program of the Group to align it to the changing needs and risk profile of the Group's activities.

During the year, the Board of Directors and the Audit Committee have reviewed the Group's internal controls adequacy, including financial, operational, compliance, management information system controls, and risk management system.

The AC reviews the Group's internal audit function's adequacy to ensure that internal audits are conducted effectively and that Management provides the necessary co-operation to enable the IA to perform its function. The AC also reviews the IA's reports and remedial actions implemented by Management. Based on the reviews conducted, the Board of Directors, with the concurrence of Audit Committee, is of the opinion that the system of internal controls in place is adequate in meeting the current scope of the Group's business operations.

Provision 10.5

The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually

Meeting with External and Internal Auditors

During FY2020, the Group's internal and external auditors were invited to attend the AC meetings and make presentations as appropriate. The AC meets with the Group's internal and external auditors without the presence of Management twice on 13 August 2020 and 26 February 2021.

IV. SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETING

PRINCIPLE 11:

The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

All Shareholders receive the annual report and the notice of AGM (the "Notice of AGM"). The Notice of AGM is also published in the newspapers and posted via SGXNet.

All registered shareholders are invited to participate in the AGM and are given the right to vote on resolutions at general meetings. Every matter requiring shareholders' approval is proposed as a separate resolution. Each item of special business included in the notice of the meeting is accompanied, where appropriate, by an explaining the proposed resolution. The proxy form is sent with the notice of AGM to all shareholders.

Provision 11.1

The company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.

Sufficient Information to Shareholders

The Company has provided sufficient and regular information to its shareholders. In this respect, the Board adopts a comprehensive policy to provide clear, timely and fair disclosure of information about the Company's business developments and financial performance that may have a material financial impact on the price or value of its shares.

The Constitution of the Company allows members of the Company to appoint not more than two proxies to attend and vote on their behalf. As the authentication of shareholder's identity information and other related security issue remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail, email or fax.

All Directors, in particular, the Chairperson of the Audit, Remuneration, Nominating Committees are in attendance at the Company's AGM to address shareholders' questions relating to the work of these Committees.

The management, Corporate Secretary, the external auditors, BDO LLP and legal advisors (if necessary) are also invited to attend the general meeting. The procedures of general meetings provide shareholders with the opportunity to ask questions relating to each resolution tabled for approval and open communication are encouraged by the shareholders with the Director on their views on matters relating to the Company and its operations

Shareholders are informed of general meetings through notices sent to them and published in the newspaper, and the Company's announcements via SGXNet. All resolutions tabled at general meetings are put to the vote by poll voting.

Shareholders are also informed of the rules and voting procedures governing such meetings.

To facilitate shareholders' effective participation at general meetings, the Company holds its general meetings at a location that is accessible to shareholders. Shareholders of the Company receive the notices of all shareholders' meetings. The annual report and relevant circulars are made available to shareholders on the Company's website at <http://www.lht.com.sg>.

Corporate Governance Report

The Company fully supports the Code's principle to encourage shareholders to participate in the question-and-answer session during the general meetings. The Company's Constitution allows the appointment of not more than two proxies by shareholders to attend the AGM and vote on his/her behalf. Shareholders who hold shares through nominees are allowed to attend the general meetings as proxies without being constrained by the two-proxy requirement.

Provision 11.2

The company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are "bundled", the company explains the reasons and material implications in the notice of meeting

Conduct of General Meeting

At the general meeting, the Board ensures that separate resolutions are proposed for approval on each distinct agenda item at General Meetings to the extent possible, or if not, the appropriate reasons there for. Shareholders can vote either in person or through proxies.

The Company's Constitution allows all shareholders (who are not relevant intermediaries as set out in the Companies Act) to appoint up to two proxies to attend general meetings and vote on their behalf. The Companies Act allows relevant intermediaries such as the Central Provident Fund (CPF) agent bank nominees to appoint multiple proxies, and empower CPF and SRS investors to attend and vote at the Company's general meetings as their CPF and SRS agent banks' proxies.

Provision 11.3

All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the company's annual report

Interaction with shareholders

The Directors attend all General Meetings of the Company to address issues raised by shareholders. The Company's external auditors are also present to address any relevant queries from shareholders on the conduct of the audit and the preparation and contents of the auditors' report. Appropriate key management, the Corporate Secretary and the Financial Controller are also present at the general meetings to respond, if necessary, to operational questions from shareholders.

Directors' attendance at the General Meetings can be found on page 100 of this report.

Provision 11.4

The company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.

Shareholders' Participation

The Constitution of the Company allows members of the Company to appoint not more than two proxies to attend and vote on their behalf. As the authentication of shareholder's identity information and other related security issue remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail, email, or fax.

Corporate Governance Report

Provision 11.5

The company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management.

Minutes of General Meeting

The minutes of the general meetings are prepared by the Corporate Secretary, which include mainly comments or queries from shareholders and responses from the Board members and the Company's management. These minutes are available to shareholders upon their written request. The minutes of general meetings, are also available to shareholders at the Company's registered office of the Company at 27 Sungei Kadut Street 1, Singapore 729335 during normal business hours upon written request and are published on the Company's website www.lht.com.sg.

Provision 11.6 Dividend Policy

The company has a dividend policy and communicates it to shareholders.

Dividend Policy

The Group has a dividend policy in place that guide the form, frequency, and amount of dividends to be declared each year. The policy required the Board to take into consideration the Group's profit growth, cash position, positive cash flow generated from operations, projected capital requirements for business growth and other factors as the Board may deem appropriate when submitting their dividend proposal.

The declarations and/or payment of future dividends are subject to the Board's continuing determination that such declaration and/or payment would be in the best interests of the Group and shareholders, and comply with all applicable laws and regulations.

The Company has proposed a final dividend (tax-exempt one-tier) of S\$0.03 Singapore cents per ordinary share for the financial year ended 31 December 2020, payment of which is subject to shareholders' approval at the forthcoming AGM on 29 April 2021.

ENGAGEMENT WITH SHAREHOLDERS

PRINCIPLE 12:

The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Provisions 12.1

The company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders.

Provisions 12.2

The company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

Provisions 12.3

The company's investor relations policy sets out the mechanism through which shareholders may contact the company with questions and through which the company may respond to such questions.

Corporate Governance Report

Timely Information to Shareholders

The Company updates its shareholders and the investor community through the timely release of announcements to the SGX-ST via SGXNet. The Group's financial results are released within 45 days from the end of each half-year and within 60 days from the financial year-end. Annual Report is available to the shareholders at least 14 days before each AGM by normal post and on the Company's website.

Soliciting and Understanding Views of Shareholders

To promote a better understanding of shareholders' views, the Board actively encourages shareholders to participate in the question-and-answer session during the Company's general meetings. These meetings provide excellent opportunities for the Company to obtain shareholders' views and understand the shareholders concerns.

All resolutions at AGMs are put to the vote by poll to allow greater transparency and equitable participation by shareholders. An independent scrutineer will also be appointed by the Company to ensure the procedures of the polling process are adhered to and to supervise the counting of votes during the Company's general meetings.

Investor Relations Policy

The Company has adopted an investor relations policy to formalise the principles and practices that the Company applies to provide current and prospective investors with the information necessary to make well-informed investment decisions.

The Company has a team of investor relations officers consists of the Managing Director, Financial Controller and Corporate Secretary who focus on facilitating the communications with all stakeholders, shareholders, regulators, analyst and press, etc to keep them informed of the corporate activities, including changes in the Company or its business which would be likely to affect the price or value of its shares materially.

The Company's Investor Relations Policy is published on the Company's website under the investor relations module. It sets out the mechanism through which shareholders may contact the Company when they have any queries. The Group's corporate governance culture and awareness promote fair and equitable treatment to all shareholders. All shareholders enjoy specific rights under the Companies Act and the Constitution of the Company and are required to be treated fairly and equitably.

The Group respects the equal information rights of all shareholders and is committed to the practice of fair, transparent, and timely disclosure.

Shareholders can participate effectively and vote at Company's general meetings of the Company and will be informed of the rules, and voting procedures at the general meetings.

The Board is mindful of the obligation to provide timely and fair disclosure of material information following the Corporate Disclosure Policy of the SGX-ST.

The Board welcomes the Shareholders' views on matters affecting the Company, whether at Shareholders' meetings or on an ad hoc basis. At AGMs, shareholders are allowed to air their views and to ask the Directors and Management questions regarding the Group's operations.

Besides telephone calls from the shareholders, they can also send e-mail to the Company's Investor Relations at ir@lht.com.sg for any investor relations' issues. The Board and the Audit Committee are of the view that there are adequate communication channels for the Shareholders to contact the Company for queries or to contribute their views.

Corporate Governance Report

Regular Dialogue with Shareholders

General meetings have been and are still the principal forum for dialogue with shareholders. The Company also communicates with its shareholders regularly. All Shareholders receive the annual report and the notice of AGM/EGM (the “**Notice of AGM/EGM**”). The Notice of AGM/EGM is advertised in the newspapers and published via SGXNet.

All registered shareholders are invited to participate and given the right to vote on resolutions at general meetings. Every matter requiring shareholders’ approval is proposed as a separate resolution. Each item of special business included in the notice of the meeting is accompanied, where appropriate, by explaining the proposed resolution. The proxy form is sent with the notice of AGM/EGM to all shareholders.

All Directors, particularly, the Chairperson of the Audit, Remuneration, Nominating Committees are in attendance at the Company’s AGM/EGM to address shareholders’ questions relating to the work of these Committees.

The management, Corporate Secretary, external auditors, BDO LLP and legal advisors (if necessary) are also invited to attend the general meeting. The procedures of general meetings provide shareholders with the opportunity to ask questions relating to each resolution tabled for approval and open communication are encouraged by the shareholders with the Director on their views on matters relating to the Company and its operations.

Under the Company’s Constitution, a poll may be demanded by the Chairman of the general meeting or by at least two (2) members or any member present in person or by proxy representing not less than one-tenth of the total voting rights of all members having the rights to vote at the meeting. For greater transparency, the Company has conducted poll voting for all the resolutions passed at the last AGM and EGM. The Company will continue to put all resolutions to vote by way of the poll for any forthcoming general meetings. The detailed voting results, including the total number of votes cast for or against each resolution tabled and the respective percentages, will be announced to SGX-ST via SGXNet on the same day after the conclusion of the meetings.

As the authentication of shareholder identity information and other related security issues remain a concern, the Group has decided, for the time being, not to implement voting in absentia by mail, email, or fax.

Shareholder Right and Engagement

The Company’s corporate website also contains the latest and past annual reports, half-year and full-year results and announcements.

Shareholders may send their queries and concerns regarding the Company to the Company’s investor relations email at ir@lht.com.sg.

Sustainability Report

ABOUT THIS REPORT

LHT Holdings Limited (“LHT” or the “Group” or the “Company”) is pleased to present its fourth annual sustainability report. With this report, LHT aims to disclose its sustainability performance for the financial year ended on 31 December 2020.

We report in line with the internationally recognised standard for sustainability reporting – Global Reporting Initiative (GRI) Standards 2016: Core option. This report is also set out on a “comply and explain” basis following Rule 711B and Practice Note 7.6 of the Singapore Exchange Securities Trading Limited (SGX-ST) Listing Manual on Continuing Listing Obligations.

This report aims to provide LHT’s stakeholders with an overview of its key Environmental, Social, and Governance (ESG) related initiatives. The scope of this report covers LHT’s operations from 1 January 2020 to 31 December 2020 in Singapore, unless otherwise stated. This report has not been externally assured.

This report’s quality of the content was defined by the principles of accuracy, balance, clarity, comparability, reliability, and timeliness. Furthermore, the content was established by the following four GRI Standard reporting principles:

1	Stakeholder Inclusiveness	<ul style="list-style-type: none">To identify LHT’s stakeholders and explain how it has responded to their reasonable expectations and interests.
2	Sustainability Context	<ul style="list-style-type: none">To present LHT’s performance in the wider context of sustainability.
3	Materiality	<ul style="list-style-type: none">To reflect LHT’s significant economic, environmental and social impacts or substantively influence the assessments and decisions of stakeholders.
4	Completeness	<ul style="list-style-type: none">To include coverage of material topics and their boundaries, sufficient to reflect significant economic, environmental and social impacts, and to enable stakeholders to assess LHT’s performance during 2019.

Sustainability Report

BOARD STATEMENT

Dear Stakeholders,

We are proud to progress towards our fourth consecutive year of publishing sustainability report. As the Board of Directors (the “Board”) of LHT, we believe that building a successful and sustainable business goes beyond the financials, and it involves managing the ESG factors across our business operations.

We recognise the importance of creating a sustainability-focused culture across our various business functions. We will continue to embed essence of sustainability in charting our Group’s sustainability strategies.

The Covid-19 pandemic has affected many businesses globally. In response to changes in business operations due to the Covid-19 pandemic, we have adjusted the relevant business targets in the coming year to ensure our employees and business partners’ safety. With committed leadership, we seek to establish a safe workplace to adapt to these uncertain times.

Sustainability is a long-term journey. We are looking forward to inculcating good reporting habits to enhance our sustainability reporting and generate positive economic, environmental, and social returns for our stakeholders. We will continue our efforts to regularly engage our key stakeholders to understand their key concerns in advancing sustainability agendas for better economic, environmental, and social impact. We will continue to work hand-in-hand with our business partners and stakeholders to ensure that the material ESG topics are monitored and managed appropriately.

“LHT believes that a strong commitment by our leadership is key to growing a sustainable business”

APPROACH TO SUSTAINABILITY

Sustainability Committee

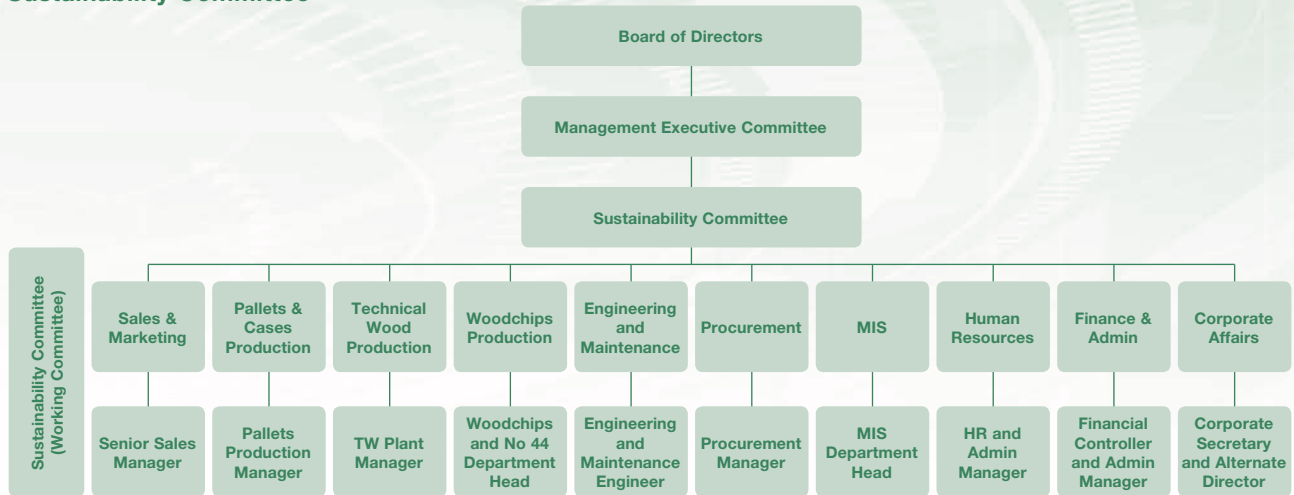

Figure 4: LHT's Sustainability Committee

Sustainability Commitment

LHT is determined to create a more sustainable world. Strong governance is key in running the business ethically and sustainably. Thus, LHT's Board oversees significant ESG factors into LHT's firm-wide strategic goals and policies. The Board also monitors the subsequent management and monitoring of ESG factors to ensure successful integration.

The Monetary Authority of Singapore issued the Code of Corporate Governance 2018 (the "Code") on 6th August 2018. The Company has complied with the code except where otherwise explained. Business Unit Heads are appointed to regularly communicate business ethics guidelines, rules, and regulations to its employees. In this way, it is assured that LHT's business operations run in full compliance with local, international law, and regulations. LHT upholds the highest integrity in being transparent and ensures fair grievance procedures. The Code of Conduct outlines all employees' and supply chain's responsibility in practising ethical business conduct. Whistleblowing policies are in place to support employees by providing a proper platform to express his or her concerns fearlessly about any potential malpractice within the organisation, in a responsible and effective manner.

A whistleblowing policy was implemented to encourage employees to report suspected or actual occurrence(s) of illegal, unethical, or inappropriate events (behaviours or practices) without retribution. These guidelines and policies are reviewed regularly to support LHT's ability to conduct its business responsibly.

LHT has implemented sustainable and responsible practices throughout its business model to enhance the ESG factors incorporated into its sustainable strategy. LHT's products and services meet current environmental and safety standards, as well as the demands of its customers. LHT strives to ensure fair labour practices throughout its operations. The success of this initiative contributed to ensuring LHT continues to meet the highest standards by providing high-quality products and reliable delivery services to satisfied customers.

STAKEHOLDER ENGAGEMENT

Stakeholders are the key group in which LHT business has a significant impact, interest, and influence in the Group's interests. LHT's key stakeholders include employees, customers, suppliers and service providers, investors and shareholders, government, and regulators.

LHT actively engages its stakeholders in ensuring the development and success of its sustainability journey. The Group has identified its suppliers, investors, clients, etc, as its primary stakeholders.

The Group engaged its stakeholders using various communication channels – formal and informal, throughout the year. The aim is to simultaneously inform LHT's stakeholders of the Company's sustainability initiatives and assess their expectations or note any concerns as LHT formulate a corporate sustainability strategy.

Frequent communication provided a better understanding of the sustainability concerns LHT's key stakeholders had. This initiative has led to the creation of mutually beneficial relationships and better positions LHT's ability to anticipate and react to economic and ESG challenges, bolstering its sustainability efforts.

LHT continues to value its relationships with clients and the wider community where it operates as these relationships have seen the Group through challenging times. LHT strongly believes that these stakeholder engagement efforts will positively impact its economic performance in the long run. Key stakeholders are carefully chosen based on their ability to influence LHT's performance and provide practical solutions to incorporate sustainability into its operations. The table below shows how LHT engages with its stakeholders to create shared values.

Sustainability Report

ENVIRONMENTAL PERFORMANCE

LHT is committed to addressing climate change throughout its business operations in minimising its environmental impact.

The circular business model is adopted as the key driver in innovating products and services. LHT uses both renewable and recyclable materials as an alternative to wood for wood-like products.

LHT is committed to ensuring all its business operations are focused on reducing carbon emissions through its Reduce, Reuse, and Recycle (3R) programme, throughout the business value chain.

Environmental Pledge & Commitments

The Group pledges to conduct responsible business operations and reduce environmental impact in compliance with ISO 14000 since 2001. The Group's policies and business practices are also monitored and reviewed regularly to align with ISO 9001 and Bizsafe certifications.

The Group takes measures to reduce usage and reuse resources to protect the environment from any form of pollution. To support these measures, LHT recycles used wooden industrial packaging materials for woodchip production.

LHT's Environment, Health, and Safety (EHS) policy underlines its commitment to ethical and responsible green business operations by adopting a sustainable workplace culture.

EHS performance metrics are set for all departments in LHT. Targets are reviewed yearly based on market and climate demands. Inputs from key stakeholders are also adopted in ensuring best-in-class sustainable business practices.

LHT's ISO 9001, ISO 14001, and Fire and Safety Committees are tasked to ensure safety and environmental compliance and sustainability improvements are strategically implemented across the business operations.

The Committees are committed to initiating and proposing new ideas, leading enhancements, and monitoring various aspects of LHT's safety and sustainability programs.

Looking forward, LHT will continue to refine its approach to adapt to the ever-changing business environment and global focus on sustainability.

MATERIAL

Use of Laminated Veneer Lumber (LVL) as Raw Material

LHT takes the negative impact of deforestation on the environment and climate change seriously by minimising unwanted consequences on the Group’s business activities. Hence, LHT is committed to reducing deforestation and land degradation activities by using LVL as a raw material in its wooden pallets and cases.

Therefore, the use of LVL can reduce waste, increase efficiencies, and provide a cost-effective, sustainable alternative to traditional wood sources such as raw timber while still delivering high structural reliability and strength.

Figure 9: Benefits of using LVL

LHT’s objective is to reduce waste and increase efficiency by using more LVL in its products. With so much uncertainty brought about by the Covid-19 pandemic, the target for 2021 will remain at 20%. Figure 10 shows the performance trends of the LVL usage.

EFFLUENTS AND WASTE

Managing horticultural waste. Industrial wood waste and woodchips

Horticulture and industrial wood waste are collected following forest clearings for urban development projects and roadside trees and shrub pruning. The Company also collects waste from other firms which dispose of packaging material such as pallets and crates after unloading their goods. These wastes can be disposed of by dumping, incinerating, or recycling.

In a land-scarce environment such as Singapore, wood waste is burnt at incineration plants as dumping is not viable. Although effective, the process requires fuel and emits high quantities of carbon dioxide, causing air pollution and increasing our carbon footprint.

To prevent further damage to the environment and ecosystem, LHT makes an effort to collect and recycle horticulture and industrial wood waste into woodchips for internal Technical Wood® production and biomass fuel for power generation. This minimises pollution and eliminates any hazardous waste.

Collection and recycling of the horticulture and industrial wood waste

In 2020, LHT managed to collect a total of 8,418 tonnes of horticulture and industrial wood waste. However, there is a challenge in meeting the target of 12,000 tonnes due to Circuit Breaker (“CB”) and extended quarantine of foreign workers resulting from the Covid-19 pandemic. Hence, the target for 2021 has been revised to 7,000 tonnes.

The LHT Technical Wood® is a brilliant outcome of waste wood recycling innovation.

	2019	2020	2021
Target	To collect 24,000 tonnes of horticulture and industrial wood waste	To collect 12,000 tonnes of horticulture and industrial wood waste	To collect 7,000 tonnes of horticulture and industrial wood waste

Production of Woodchips

LHT processes horticulture and wood waste into woodchips for internal Technical Wood® production and biomass fuel for power generation.

In 2020, LHT produced 10,269 tonnes of woodchips, lower than the targeted 12,000 tonnes of woodchips due to the sharp reduction of demand in 2020 resulting from Circuit Breaker (“CB”) and Extended Circuit Breaker periods. Hence, LHT has revised the 2021 target to produce at least 7,000 tonnes for continuing the efforts in environmental sustainability. This target reduction is due to Covid-19 uncertainties and the reduction of space arising from the expiry of no 44 lease in 2020.

	2019	2020	2021
 Target	To produce 7,000 tonnes of woodchips	To produce 12,000 tonnes of woodchips	To produce 7,000 tonnes of woodchips
 Performance	Produced total of 16,087 tonnes of woodchips	Produced total of 10,269 tonnes of woodchips

Reusing pallets as rental pallets

LHT established a division to rent out used pallets, i.e., recycling pallets so that pallets are not used for single-use and then discarded. By reusing these resources, LHT supports the initiative to minimise consumption and wastage of natural resources and reduce the negative environmental impact.

In 2020, an average of 87% of available pallets were rented out to customers, exceeding the target of 70%. In 2021, LHT aims to maintain its target of 70%.

SOCIAL PERFORMANCE

LHT's employees are the cornerstone of its business operations. LHT believes in providing a respectful, rewarding and safe business environment for all its employees. At the end of 2020, LHT has a strong workforce of 125 employees in Singapore. LHT respects diversity and equal opportunities for all its employees and protects its employees from all forms of discrimination. LHT is committed to upholding this principle from recruitment to remuneration processes.

LHT places significant importance on safeguarding its people's health and safety. Being a responsible company, LHT conducts its business operations with a high standard of safety and health protection for all its employees. LHT is committed to tracking the number of work-related injuries very closely for remedial actions to be taken to address and reduce any accidents.

OCCUPATIONAL HEALTH & SAFETY

Safeguarding employees' health and safety.

LHT strives to provide a safe and decent working environment to safeguard its employees from workplace hazards. LHT aims not to exceed the injury rate of 2.00 for every 100,000 hours of manhours work. For this purpose, LHT monitors closely all occupational health and safety issues.

LHT listens to employees' safety concerns and suggestions, regularly conducting safety training and checks. This allows LHT to enforce and monitor all relevant health and safety rules. LHT's employees are also trained to be safety conscious and to identify potential workplace hazards.

2019		2020

48.68	 Lost Days	104.08	Per 100,000 manhours worked
0	 Absentee Rate	0	

Figure 15: Performance of injury rate, fatality rate, lost days and absentee rate

In 2020, LHT successfully maintained zero occupational fatalities, and will work hard to prevent any fatal accidents from happening in its business activities. As for injuries, it did not achieve its target of maintaining an injury rate of 2.00 for every 100,000 hours worked. LHT aspires to continue its efforts to prioritise workplace safety and achieve minimal injuries and incidents in years to come. LHT will continue to review and enhance its policies, focusing on Occupational Health and Safety to reduce and minimise injuries in the workplace.

LHT strongly emphasises the importance of fire safety and prevention in the wood industry to provide an uninterrupted flow of products and services.

EMBRACING DIVERSITY FOR A STRONGER WORKFORCE

In LHT, we trust that a diverse workforce promotes and leverages the individual and team's uniqueness for better working experiences. A diverse workforce entails different backgrounds, skillsets, knowledge, and abilities that would expand LHT business to broader market segments. In LHT, we have the right balance of talented young professionals and senior management with diverse industry experience.

The infographic below shows the breakdown of our employees' diversity for FY2020.

TRAINING AND EDUCATION

Empowering workforce through career enhancement and skill development

LHT places significant importance on upgrading employees' skills and capabilities to help them reach their fullest potential. LHT invests in talent development and training sessions to cover various areas, including work-related skills, personal growth, and leadership skills to increase productivity.

The Group is committed to conducting training courses for employees to fulfil the requirements of its ISO accreditation. LHT regularly reviews training needs and develops training plans for workplace excellence, including health and safety, governance, work-related skills.

As a responsible employer that champions workplace health and safety, LHT holds monthly fire, health, and safety meetings for safety-related discussions as well as on-the-job training. Besides safety-relevant training and on-the-job training programs, onboarding programs are also in place to help new hires adapt effectively to their new working environment. Before any significant operational changes, LHT always ensures that adequate training & briefings are provided before the implementation.

However, due to the Covid-19 pandemic, all non-essential training has been halted. Essential safety training has been conducted via Zoom meetings for compliance with social distancing measures. In view of Covid-19 uncertainties, the targeted training hours will be reduced to 100 hours in 2021.

LOCAL COMMUNITIES

Engaging our local communities through our Reduce, Reuse, and Recycle (3R) programme

LHT encourages its employees, various organisations in Singapore and abroad, and the general public to develop environmentally-friendly habits at work and home. These habits could include recycling, waste reduction, energy efficiency, and more. LHT actively contributes to society by working with various government agencies, corporations, and educational institutions to raise awareness of recycling and encourage the adoption of Reduce, Reuse, and Recycle (3R) in their institutions. Many of these partners send foreign delegates and study missions to LHT's facilities. LHT then hosts the visitors by conducting briefings and plant tours for them.

During the plant tours, LHT highlights and showcases how individuals and companies alike can meet corporate and social responsibilities by being creative and forward-thinking. In 2020, LHT did not host any promotional tour as the unprecedented global Covid-19 pandemic has effectively stopped all foreign and local visitors to our educational plant tours.

We expect this situation to last for an extended period and we do not expect any trips to materialise next year. Resurgences in Covid-19 cases in countries that tried to open up and relax social distancing measures have resulted in those countries implementing even tighter measures and controls. Therefore, despite vaccines being rolled out, we do not see any of such trips to materialise next year. As such, our target for hosting promotional and educational tours in 2021 has been reduced to zero.

MANAGING SUPPLY CHAIN

Sustainability practices are the core value of LHT's corporate culture. These values are incorporated into extensive self-regulating practices which also integrates with good supply chain management. With increased stakeholders' focus on environmental and social protection, compliant and ethical supply chain management is crucial. At LHT, supply chain covers partnerships with suppliers, service providers, and customers. LHT strives to ensure all its supply chain operations are in line with its overall sustainability management.

OPERATING BUSINESS ETHICALLY

Integrity and accountability are core values to LHT business and its people. LHT views corruption as a significant risk to its business as well as its reputation. LHT has zero tolerance to corruptions of any form including fraud and bribery.

To affirm LHT's commitment to anti-corruption, LHT ensures all its employees are fully aware of the risks and impact of corruption on its businesses. Anti-corruption measures are incorporated in LHT's business ethics guidelines and Code of Conduct, which are communicated to all stakeholders.

0 reported incidents of corruption in 2020, and LHT aims to maintain zero incidents of corruption in the coming years.

LHT's Whistle-blowers Policy serves as a guideline on how LHT manages any suspicion of corruption received from whistle-blowers and escalated to the Chairman's attention and investigated upon. LHT has carried out and practiced socially responsible business practices across its operations, aligned with stakeholders' interests.

There were no reported incidents of corruption in 2020, and LHT aims to maintain zero incidents of corruption in the coming years.

Singapore, 7 April 2021

Notice of Annual General Meeting

EXPLANATORY NOTES:

- (i) **Resolution 2** – Ms Yap Mui Kee will, upon re-election as a Director of the Company, remain as Chairman and Managing Director of the Company. She is considered an Executive and Non-Independent Director. Detailed information of Ms Yap Mui Kee can be found under the “Board of Directors” and “Disclosure of Information on Directors Seeking Re-election” sections of the Company’s Annual Report.
- (ii) **Resolution 3** – Mr Tan Kok Hiang will, upon re-election as a Director of the Company, remain as the Chairman of Audit Committee and Remuneration Committee, and a member of the Nominating Committee. He is considered to be independent pursuant to Rule 704(8) of the Listing Rule of SGX-ST. Mr Tan Kok Hiang is an Independent Director. Detailed information of Mr Tan Kok Hiang can be found under the “Board of Directors” and “Disclosure of Information on Directors Seeking Re-election” sections of the Company’s Annual Report.
- (iii) **Resolution 4 and 5** – Rule 210(5)(d)(iii) provides that the continued appointment as independent director, after an aggregated period of more than 9 years on the Board, must sought and approved in separate resolutions by (a) all shareholders and (b) shareholders excluding Directors, CEO, and their associates. Mr Tan Kok Hiang has served as an Independent Director since 1 July 1999 and has submitted himself for a two-tier voting process in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST which has yet to come into effect. Rule 210(5)(d)(iii) will take effect on 1 January 2022.

The Company has decided to early adopt the practice of two-tier voting process. Resolution 4 and 5, if passed, will remain in force until the earlier of the following: (i) retirement or resignation of Mr Tan Kok Hiang; or (ii) the conclusion of the third AGM of the Company following the passing of such resolutions. For the purpose of Resolution 4 and 5 in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST, the Directors and the CEO of the Company, and their respective associates, must not accept appointment as proxies unless specific instructions as to voting are given.

The Board of the Company and the Nominating Committee have evaluated the participation of Mr Tan Kok Hiang at board and committee meetings and determined that he continues to possess independent thinking and the ability to exercise objective judgement on corporate matters independently.

- (iv) **Resolution 6 and 7** – Rule 210(5)(d)(iii) provides that the continued appointment as independent director, after an aggregated period of more than 9 years on the Board, must sought and approved in separate resolutions by (a) all shareholders and (b) shareholders excluding Directors, CEO, and their associates. Mr Low Peng Kit has served as an Independent Director since 1 July 1999 and has submitted himself for a two-tier voting process in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST which has yet to come into effect. Rule 210(5)(d)(iii) will take effect on 1 January 2022.

The Company has decided to early adopt the practice of two-tier voting process. Resolution 6 and 7, if passed, will remain in force until the earlier of the following: (i) retirement or resignation of Mr Low Peng Kit; or (ii) the conclusion of the third AGM of the Company following the passing of such resolutions. For the purpose of Resolution 6 and 7 in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST, the Directors and the CEO of the Company, and their respective associates, must not accept appointment as proxies unless specific instructions as to voting are given.

The Board of the Company and the Nominating Committee have evaluated the participation of Mr Low Peng Kit at board and committee meetings and determined that he continues to possess independent thinking and the ability to exercise objective judgement on corporate matters independently.

- (v) **Resolution 8 and 9** – Rule 210(5)(d)(iii) provides that the continued appointment as independent director, after an aggregated period of more than 9 years on the Board, must sought and approved in separate resolutions by (a) all shareholders and (b) shareholders excluding Directors, CEO, and their associates. Dr Wu Chiaw Ching has served as an Independent Director since 12 March 2007 and has submitted himself for a two-tier voting process in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST which has yet to come into effect. Rule 210(5)(d)(iii) will take effect on 1 January 2022.

The Company has decided to early adopt the practice of two-tier voting process. Resolution 8 and 9, if passed, will remain in force until the earlier of the following: (i) retirement or resignation of Dr Wu Chiaw Ching; or (ii) the conclusion of the third AGM of the Company following the passing of such resolutions. For the purpose of Resolution 8 and 9 in accordance with Rule 210(5)(d)(iii) of the Listing Manual of SGX-ST, the Directors and the CEO of the Company, and their respective associates, must not accept appointment as proxies unless specific instructions as to voting are given.

Notice of Annual General Meeting

The Board of the Company and the Nominating Committee have evaluated the participation of Dr Wu Chiaw Ching at board and committee meetings and determined that he continues to possess independent thinking and the ability to exercise objective judgement on corporate matters independently.

- (vi) **Resolution 13** – if passed, will empower the Directors from the date of the above Meeting until the date of the next annual general meeting, to issue shares and convertible securities in the Company. The number of shares and convertible securities that the Directors may allot and issue under this Resolution would not exceed fifty per cent (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company at the time of the passing of this Resolution. For issue of shares and convertible securities (other than on a pro rata basis to all shareholders), the aggregate number of shares and convertible securities to be issued shall not exceed twenty per cent (20%) of the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company.

NOTES:

1. The AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trust and Debenture Holders) Order 2020. This Notice will be sent to members by post and electronic means via publication on the Company's corporate website at <http://www.lht.com.sg> and is also made available on SGXNet.
2. Due to the current COVID-19 restriction orders in Singapore, members will not be able to attend the AGM in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM. The accompanying Proxy Form for the AGM may be accessed on SGXNet or at Company's corporate website at <http://www.lht.com.sg>. Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid. Alternative arrangements relating to attendance at the Meeting via electronic means (including arrangements by which the Meeting can be electronically accessed via live audio-visual webcast), submission of questions in advance of the Meeting, addressing of substantial and relevant questions, are set out in the Company's announcement dated 7 April 2021 (the "Announcement"), which has been uploaded together with the Notice of AGM on SGXNet on the same day. The Announcement may also be accessed at <http://www.lht.com.sg>. For the avoidance of doubt, the aforesaid section is circulated together with and forms part of this Notice of AGM in respect of the AGM.
3. Members who wish to observe and/or listen to the AGM proceedings through a live audio-visual webcast must pre-register at the Company's pre-registration website at https://www.lht.com.sg/agm_registration.php by 3:30 p.m. on 26 April 2021 to enable the verification of members' status.

Following the verification, authenticated members will receive a confirmation via email which contains the instructions to access the live audio-visual webcast of the AGM proceedings and link to access the live webcast of the AGM proceedings by 28 April 2021. Members who do not receive a confirmation email by 28 April 2021, but have registered by the 26 April 2021 deadline, should contact the Company's share registrar, B.A.C.S. Private Limited at (65)6593 4848 or the Company at (65)6269 7890 for assistance.

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.
5. The instrument appointing the Chairman of the Meeting as a proxy, together with the power of attorney or other authority under which it is signed (if applicable) or a notarial certified copy thereof, must:
 - (i) if submitted by email, be received by the Company at ir@lht.com.sg;
 - (ii) if submitted by post, be lodged at the Registered Office of the Company at 27 Sungei Kadut Street 1, Singapore 729335.

In either case, by 3:30 p.m. on 26 April 2021, being not less than seventy-two (72) hours before the time appointed for holding the Meeting (or any adjournment thereof) and in default the instrument of proxy shall not be treated as valid.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members of the Company to submit completed proxy forms by post, members of the Company are strongly encouraged to submit completed proxy forms electronically via email.

Notice of Annual General Meeting

6. This instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointor or on his/her attorney duly authorised in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or duly authorised officer, failing which the instrument of proxy may be treated as invalid.
7. Members may also submit questions related to the resolutions to be tabled for approval at the AGM, in advance of the AGM, in the following manner by 22 April 2021:
 - (i) via pre-registration website at the URL https://www.lht.com.sg/agm_registration.php; or
 - (ii) by email to ir@lht.com.sg.The Company will endeavour to address all substantial and relevant questions submitted prior to the AGM by publishing the responses to such questions on the Company's corporate website and on SGXNet prior to, or at, the AGM.
8. CPFIS and SRS investors who hold the Company's shares through CPF Agent, Banks or SRS Operators and who wish to request their CPF Agent Banks or SRS Operators to appoint the Chairman of the Meeting as their proxy in respect of the Company's shares held by such CPF Agent Banks or SRS Operators on their behalf should approach their respective CPF Agents Banks or SRS Operators to submit their votes by 20 April 2021.

PERSONAL DATA PRIVACY

By submitting an instrument appointing the Chairman of the Meeting to attend, speak and vote at the AGM and/ or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of the appointment of the Chairman of the Meeting as proxy for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines.

NOTICE OF RECORD DATE AND DIVIDEND PAYMENT DATE

NOTICE IS HEREBY GIVEN that the Share Transfer Books and Register of Members of LHT Holdings Limited (the "Company") will be closed on 20 May 2021, for the preparation of dividend warrants for the first and final one-tier tax exempt dividend of S\$0.03 per ordinary share (the "Proposed Dividend") for the financial year ended 31 December 2020.

Duly completed and registrable transfers received by the Company's Share Registrar, B.A.C.S. Private Limited, at 8 Robinson Road, #03-00, ASO Building, Singapore 048544 up to 5.00 p.m. on 19 May 2021 will be registered to determine members' entitlements to the Proposed Dividend.

Members whose Securities Accounts with The Central Depository (Pte) Ltd are credited with shares at 5.00 p.m. on 19 May 2021 will be entitled to the Proposed Dividend.

The Proposed Dividend, if approved by the members at the Annual General Meeting to be held on 29 April 2021, will be paid on 28 May 2021.
