# Important Notice

Not for distribution in the United States

The information contained in this presentation is for information purposes only and does not constitute or form part of, and should not be construed as, any offer or invitation to sell or issue or any solicitation of any offer or invitation to purchase or subscribe for any units in Keppel Infrastructure Trust ("KIT") and the units in KIT (the "Units") or rights to purchase Units in Singapore, the United States or any other jurisdiction. This presentation is strictly confidential to the recipient, may not be reproduced, retransmitted or further distributed to the press or any other person, may not be reproduced in any form, may not be published, in whole or in part, for any purpose to any other person with the prior written consent of the Trustee-Managers (as defined hereinafter). This presentation should not, nor should anything contained in it, form the basis of, or be relied upon in any connection with any offer, contract, commitment or investment decision whatsoever and it does not constitute a recommendation regarding the Units.

The past performance of KIT is not necessarily indicative of its future performance. Certain statements made in this presentation may not be based on historical information or facts and may be "forward-looking" statements due to a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar businesses and governmental and public policy changes, and the continued availability of financing in the amounts and terms necessary to support future business. Such forward-looking statements speak only as of the date on which they are made and KIT does not undertake any obligation to update or revise any of them, whether as a result of new information, future events or otherwise. Accordingly, you should not place undue reliance on any forward-looking statements.

Prospective investors and unitholders of KIT ("Unitholders") are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of Keppel Infrastructure Fund Management Pte. Ltd. (as trustee-manager of KIT) (the "Trustee-Manager") on future events. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information, or opinions contained in this presentation. The information is subject to change without notice, its accuracy is not guaranteed, has not been independently verified and may not contain all material information concerning KIT. The information set out herein may be subject to updating, completion, revision, verification and amendment and such information may change materially. The value of Units and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, KIT, the Trustee-Manager or any of its affiliates and/or subsidiaries. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Trustee-Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the Units on SGX-ST does not guarantee a liquid market for the Units.

The information contained in this presentation is not for release, publication or distribution outside of Singapore (including to persons in the United States) and should not be distributed, forwarded to or transmitted in or into any jurisdiction where to do so might constitute a violation of applicable securities laws or regulations.

This presentation is not for distribution, directly or indirectly, in or into the United States. No Units are being, or will be, registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or the securities laws of any state of the U.S. or other jurisdiction and no such securities may be offered or sold in the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any applicable state or local securities laws. No public offering of securities is being or will be made in the U.S. or any other jurisdiction outside of Singapore.

# Three-pronged growth strategy

## Stable cash flows and organic growth

The Trustee-Manager actively manages its existing portfolio to drive operational and capital efficiencies, and achieve organic growth. The Trustee-Manager's approach encompasses the following:

- Optimise operational performance and efficiencies, fulfill contractual requirements, and uphold safety and environmental standards;
- Leverage organic growth opportunities and potential upsides for businesses such as City Gas and Ixom, whose growth is underpinned by favourable long-term demand trends; and
- Optimise capital structure while maintaining prudent financial leverage and sufficient financial flexibility for KIT's underlying businesses.

## Keppel Synergy

The Trustee-Manager, as part of the Keppel Group, is able to draw upon the relationships, networks, origination capabilities, and technical and operational expertise of the Group, including:

- Leveraging the Keppel Group's network in deal origination, including sourcing assets and having rights of first refusal over the assets of KIHPL, depending on their suitability and fit with the investment objectives of KIT;
- Capitalising on synergies with other businesses of Keppel Group who are better positioned to take on development and construction risks and KIT would evaluate those investment opportunities once the assets are operational;
- Tapping into the operational and technical excellence of the Keppel Group, including that of KIT's sponsor, KIHPL, in creating value from businesses in KIT's portfolio as well as in evaluating new investment opportunities;
- Accessing the larger investor base of Keppel Capital in further diversifying the sources of financing for KIT and its underlying businesses, including for co-investments, bridge financing, and other types of senior and mezzanine financing; and
- Sharing of best practices and enhancing talent recruitment and retention.

## Acquisition Strategy

The Trustee-Manager acquires and invests in good quality infrastructure and infrastructure-like businesses that generate long-term stable cash flows with potential for growth. The investments that the Trustee-Manager focuses on have one or more of the following characteristics:

- Credit-worthy off-takers or a large, diversified and stable customer base;
- Inflation and/or GDP-linked revenues;
- Mature and defensive cash flows;
- High barriers to entry;
- Dominant or leading market position;
- Provider of essential products or services; and
- Infrastructure-like risk profile.

Further, the Trustee-Manager will selectively consider investments in greenfield infrastructure opportunities with experienced operators and limited construction exposure, as well as customised sale and leaseback and hybrid transaction structures.

The Trustee-Manager will harness the synergies of our three-pronged growth strategy to deliver on its goal towards long-term value creation.
