(Incorporated in Singapore)

PROFIT GUIDANCE

The Board of Directors ("Directors") of Fuji Offset Plates Manufacturing Ltd (the "Company", together with all its subsidiaries, collectively the "Group") wishes to issue a profit guidance regarding the financial results of the Group for the financial year ended 31 December 2022 ("FY2022").

The Group is expected to report a higher operating loss for FY2022 primarily due to lower revenue and gross profit margin from the sale of printing cylinders due to keen competition and higher cost of sales, coupled with net foreign exchange loss and absence of non-recurring fair value gain on loan to Star City.

Notwithstanding the above, however, the Group is expected to report significantly higher profit for the year attributable to Owners of the Company due to higher share of results of associate (net of tax).

The Group is still in the process of finalising the results for FY2022 and will provide further details of the Group's performance when it releases its financial results on or before 1 March 2023.

Shareholders and investors are advised to exercise caution when dealing with the shares of the Company. Persons who are in doubt as to the action they should take should consult their stock broker, bank manager, solicitor, accountant or other professional advisors.
