The Stock Exchange of Thailand

Reference: Letter no. AIS-CP 001/2020 to the Stock Exchange of Thailand on 29 January 2020

Advanced Info Service Public Company Limited (the “Company”) and National Telecom Public Company Limited (“NT”) (previously, TOT Public Company Limited) have submitted the dispute to the Arbitration Institute since 2015, under which, NT claimed an additional payment of 62,774 million Baht under amendment no.6 (the reduction of revenue share in prepaid service) and no.7 (the deduction of roaming expense) to the Cellular Mobile Telephone Service Agreement. NT made the claim that both amendments were not binding and therefore caused NT to receive lower revenue compared to the main service agreement. On 29 January 2020, the Company received the award of the Arbitral Tribunal ordering the Company to pay 31,076 million Baht plus an interest. The Company then submitted the case to the Central Administrative Court for the revocation of the Arbitral Tribunal’s award on 22 April 2020.

The Company would like to update that on 26 July 2022, the Central Administrative Court resolved to revoke the Arbitral Tribunal’s order on the ground that amendment no.6 & 7 was binding. As a result, the Company is not obliged to make payment for the claim by NT. However, NT is eligible to appeal at the Supreme Administrative Court within 30 days. Should there be any significant update, the Company will inform accordingly.

Please be informed accordingly
