## **UPDATE ON THE GROUP'S COAL HAULING OPERATIONS**

---

The board of directors (the “**Board**” or “**Directors**”) of Resources Prima Group Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”), wishes to announce that the Company’s subsidiary, PT Energy Indonesia Resources (“**EIR**”) has been advised by PT Coalindo Adhi Nusantara (“**CAN**”), on 20 December 2018 that all coal hauling activities will be temporarily suspended with effect from 1 January 2019 until further notice.

This temporary suspension is due to the work programme and budget (“**WP&B**”) for CAN’s coal mining operations in respect of the financial year commencing 1 January 2019 not being approved by the East Kalimantan Provincial Office of the Ministry of Energy and Mineral Resources. Until such time that the WP&B is approved, which CAN expects in the fourth week of January 2019, all coal hauling activities of EIR will be suspended.

The management is in discussions with CAN on the ramifications and possible recourse of this temporary suspension of operations as well as seeking professional advice in this regard. The Board and management are also seeking alternative ways to recommence the operations of EIR earliest possible.

The Company will continue to update shareholders via SGXNET in respect of the above and other matters concerning the Group through its monthly update pursuant to Rule 704(7) of the Catalist Rules.
