Singapore, December 15th 2016: Singapore Exchange listed YuuZoo Corporation Limited ("YuuZoo" SGX:AFC) one of the world's fastest growing third generation social e-commerce networks today announced the successful launch of a video streaming application for Redeemed Christian Church of God (RCCG), one of the world's largest and fastest growing churches. The app, named "BRedeemed TV", allows RCCG's more than 50 million followers in 189 countries to upload, select and watch and listen to video and audio content uploaded by RCCG or the followers themselves.

The new video platform was successfully launched last weekend at RCCG's annual gathering in Nigeria, where more than 8 million followers of the church got together at the Holy Ghost Conference 2016.

BRedeemed TV provides a perfect channel for the church to stay connected to the more than 50 million followers around the world the church estimates it has. Bredeemed TV gives RCCG full control of both the brand and the message. It also enables RCCG to offer its followers e-commerce services. The revenues created from merchandise sales, games, advertising and payments are shared 50-50 between YuuZoo and RCCG. YuuZoo's recent launch of e-commerce services in Nigeria has had an average cart size of 41 USD.

BRedeemed TV will utilize YuuZoo's new YuuWallet payment platform for all transactions. As YuuWallet allows micro-transactions of any size, it is perfectly suited not only for e-commerce but also for charitable donations to RCCG.

The app, which initially has been launched on Android only but which also will be available on iPhone within the next few weeks, offers the RCCG followers, currently has 6 verticals; Entertainment, Family & Lifestyle, Food & drink, Inspirational, Sports and Holy Ghost Congress 2016.
