Cash and cash equivalents at reporting date	6	5,305.2	1,902.9

The consolidated statement of cash flows is to be read in conjunction with the notes to the consolidated interim financial report.

Notes to the Consolidated Financial Statements

for the six months ended 30 June 2026

1. BASIS OF PREPARATION

The consolidated interim financial report is presented in Australian dollars and has been prepared on a historical cost basis, except for financial instruments that have been measured at fair value at the reporting date. The financial statements are prepared on a going concern basis, after taking into consideration all drawn and undrawn facilities.

CIMIC Group Limited is a Company domiciled in Australia. The consolidated interim financial report for the six months ended 30 June 2026 comprises the Company and its controlled entities (the "Consolidated Entity" or "Group") and the Consolidated Entity's interest in associates and joint arrangements. All financial information presented in Australian dollars has been rounded off to the nearest hundred thousand dollars, unless otherwise stated.

The consolidated interim financial report is a general purpose financial report which has been prepared in accordance with AASB 134: *Interim Financial Reporting* and complies with International Financial Reporting Standards and interpretations adopted by the International Accounting Standards Board.

The consolidated interim financial report does not include all the information required for an annual financial report and should be read in conjunction with the financial report of the Group for the year ended 31 December 2025.

The consolidated interim financial report was authorised for issue by the Directors on 23 July 2026.

Summary of accounting policies

The accounting policies and methods of computation applied by the Group in this consolidated interim financial report are the same as those applied by the Group in the financial report for the year ended 31 December 2025, except as disclosed below.

a) New and amended accounting standards

In the current year, the Group has applied new and revised accounting standards and amendments that are mandatorily effective for an accounting period that begins on or after 1 January 2026, as follows:

- AASB 2024-2 Amendments to Australian Accounting Standards – Classification and Measurement of Financial Instruments
- AASB 2024-3 Amendments to Australian Accounting Standards – Annual Improvements Volume 11
- AASB 2025-1 Amendments to Australian Accounting Standards – Contracts Referencing Nature-dependent Electricity

While these standards introduce new disclosure requirements, they do not materially affect the Group's accounting policies or any of the amounts recognised in the financial statements.

b) Accounting estimates and judgements

The preparation of the consolidated interim financial report requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

In preparing the consolidated interim financial report, judgements made in the application of Australian Accounting Standards ('AASBs') that could have a significant effect on the financial report and estimates with a risk of adjustment in the next year are the same as those disclosed in the 31 December 2025 CIMIC Annual Report.

Notes continued

for the six months ended 30 June 2026

2. REVENUE

	6 months to June 2026 \$m	6 months to June 2025 \$m
Engineering and Construction revenue	3,614.8	3,740.0
Integrated Solutions revenue	1,784.5	2,291.2
Natural Resources revenue	3,097.9	3,034.3
Corporate and Investments	36.1	37.3
Total revenue ¹	8,533.3	9,102.8

¹Following the Group's divestment of UGL Transport, as part of its 50% sale to Sojitz Corporation ("Sojitz"), no revenue is recorded from UGL Transport in the period ended 30 June 2026.

3. EXPENSES

	6 months to June 2026 \$m	6 months to June 2025 \$m
Materials	(1,383.9)	(1,684.6)
Subcontractors	(2,525.9)	(2,399.8)

Total trade and other receivables	4,458.9	4,984.3
Current	4,018.3	4,362.7
Non-current	440.6	621.6
Total trade and other receivables	4,458.9	4,984.3
Additional information on contract debtors		
Total contract debtors – trade and other receivables	3,082.9	3,079.7
Total contract liabilities – trade and other payables	(1,078.8)	(1,075.1)
Net contract debtors	2,004.1	2,004.6

Notes continued

for the six months ended 30 June 2026

7. TRADE AND OTHER RECEIVABLES CONTINUED

Remaining performance obligations (Work in hand)

Contracts which have remaining performance obligations as at 30 June 2026 are set out below.

	June 2026 \$m	December 2025 \$m
Work in hand ¹	39,194	38,389

¹Includes \$2,432 million (31 December 2025: \$3,072 million) of CIMIC's share of work in hand from joint ventures and associates which are equity accounted investments.

Contracts in the different sectors have different lengths. The average duration of contracts is given below, however some contracts will vary from these typical lengths. Revenue is typically earned over these varying timeframes, however more of the revenue noted above is expected to be earned in the earlier years.

Engineering and Construction	1-4 years
Integrated Solutions	4-10 years
Natural Resources	3-6 years

8. ASSOCIATES AND JOINT VENTURES ACCOUNTED FOR USING THE EQUITY METHOD

Derivative financial instruments:		
Used for hedging	13.3	6.3
Held for trading at fair value through profit or loss	1.8	2.1
Balance at reporting date	14,859.4	14,662.3

¹Represents the payout under the Elliott put option to CIMIC. Refer to *Put Option and Class C Shares Options* below.

Put Option and Class C Share Options

CIMIC's co-investor in Thiess, Elliott, held a put option ('Put Option') that enabled it to put back to CIMIC its full interest in ordinary shares and Class A Preference Shares held in Thiess. On completion of CIMIC's acquisition of 10% of Thiess on 23 April 2024, the terms of the Elliott put option were changed such that the Put Option is exercisable from 22 April 2025 to 31 December 2026. In addition, the existing Elliott Hybrid Put Option ('Hybrid Option') over the Class C Preference Shares were unchanged with these shares being puttable on the earlier of six months after exercise of the Put Option or six months after the end of the Put Option period. The Put Option and Hybrid Option gross financial liability values were \$920.0 million and \$153.0 million respectively, totalling \$1,073.0 million. Subsequent to 30 June 2026, on 1 July 2026 CIMIC acquired the remaining 40% of the total share capital in Thiess from Elliott (including the remaining Class A Shares, Class C Shares and Ordinary Shares currently owned by Elliott). Total consideration was \$1,199.0 million, which included a cash consideration of \$1,180.0 million and a non-cash consideration of \$19.0 million. This resulted in Thiess becoming a fully owned 100% subsidiary of CIMIC and the termination of the existing contractual arrangements (including extinguishment of the put option liability) from 1 July 2026. The 30 June 2026 financial statements therefore do not reflect this transaction. Refer to Note 15: *Events Subsequent to Reporting Date*.

The Group's financial instruments resulted in the following income, expenses and gains and losses recognised in the consolidated statement of profit or loss:

Income, expenses and gains and losses recognised in the statement of profit or loss:	6 months to June 2026 \$m	6 months to June 2025 \$m
Interest from assets held at amortised cost	44.6	49.1
Net fair value gain on financial assets measured at FVPL	21.3	(2.2)
Loss on de-recognition of financial assets measured at amortised cost	(6.1)	(7.0)
Net foreign exchange losses recognised in profit before income tax for the period	(4.5)	(4.5)

b) Fair value hierarchy

AASB 13: *Fair Value Measurement* requires disclosure of fair value measurements by level of the fair value hierarchy. The fair values of assets and liabilities carried at fair value have been determined based on either the listed price or the net present value of cash flows using current market rates of interest. The fair value of non-financial assets held at fair value has been determined using a discounted cash flows approach.

Notes continued

for the six months ended 30 June 2026

10. FINANCIAL INSTRUMENTS CONTINUED

b) Fair value hierarchy continued

The table below analyses assets and liabilities carried at fair value, listed in order of valuation method. The different levels have been identified as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data.

30 June 2026	Level 1 \$m	Level 2 \$m	Level 3 \$m	Total \$m
Assets

Total liabilities	-	(8.4)	-	(8.4)

During the period there were no transfers between Level 1, Level 2 and Level 3 fair value hierarchies. Level 3 instruments comprise unlisted equity, unlisted financial assets and stapled securities at fair value through profit and loss; the determination of the fair value of these securities is discussed below. The tables below analyse the changes in Level 3 instruments as follows:

	6 months to June 2026 \$m	12 months to December 2025 \$m
Financial assets at fair value through profit or loss		
Balance at beginning of reporting period	286.7	65.6
Reclassification	261.0	230.0
Gains/(losses) recognised through profit or loss	21.3	(7.1)
Disposals ¹	(279.5)	-
Foreign exchange recognised in other comprehensive income	(19.1)	(1.8)
Balance at reporting date	270.4	286.7

¹During the period the Group sold its receivables in respect of Leakes Road Project Company to ACS Digital Infrastructure Development S.L. for EUR171.0 million, equivalent to \$279.5 million cash proceeds.

Changing inputs to the Level 3 valuations to reasonably possible alternative assumptions would not change significantly amounts recognised in profit or loss, total assets, total liabilities or total equity.

Notes continued

for the six months ended 30 June 2026

10. FINANCIAL INSTRUMENTS CONTINUED

c) Methods and valuation techniques

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

Listed and unlisted investments

The fair values of listed investments are determined on an active market valuation basis using observable market data such as current bid prices. The fair values of unlisted investments are determined by the use of internal valuation techniques using discounted cash flows. Where practical the valuations incorporate observable market data. Assumptions are generally required with regard to future expected revenues and discount rates.

Listed and unlisted debt

Fair value has been determined based on either the listed price or the net present value of cash flows using current market rates of interest.

The fair value of interest bearing liabilities is:

- Euro Medium Term Notes - fair value EUR589.7 million, equivalent to \$966.7 million; carrying value EUR625.0 million, equivalent to \$1,024.6 million (fair value 31 December 2025: EUR583.2 million, equivalent to \$1,023.1 million; carrying value EUR625.0 million, equivalent to \$1,096.5 million).
- 10-Year-Fixed-Rate Guaranteed Notes 2024- fair value US\$691.6 million, equivalent to \$1,002.3 million; carrying value US\$650.0 million, equivalent to \$942.0 million (31 December 2025: fair value US\$710.4 million, equivalent to \$1,060.2 million; carrying value US\$650.0 million, equivalent to \$970.1 million).
- 10-Year-Fixed-Rate Guaranteed Notes 2026- fair value US\$641.3 million, equivalent to \$929.4 million; carrying value US\$650.0 million, equivalent to \$942.0 million (31 December 2025: \$nil).

The carrying amounts of other financial assets and liabilities in the Group's statement of financial position approximate fair values.

Cash flow hedges

The Group's foreign currency forward contracts are not traded in active markets. The fair values of these contracts are estimated using a valuation technique that maximises the use of observable market inputs, e.g. market exchange and interest rates are included in Level 2 of the fair value hierarchy. Cross currency interest rate swaps are measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates that reflect the credit risk of various counterparties.

d) Valuation process

The internal valuation process for unlisted investments, unlisted debt and cash flow hedges is managed by a team in the Group finance department which performs the valuations required for financial reporting purposes. The valuation team reports to the CIMIC CFO. Discussions on valuation processes and outcomes are held between the valuation team and CFO as required. The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

e) Valuation inputs

The following table summarises the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements. There were no significant inter-relationships between unobservable inputs that materially affect fair values.

Financial asset / liabilities	Significant unobservable inputs	Range of inputs	Relationship of inputs to fair value
Unlisted investments	Growth rates	2.5% - 3.0%	The impact on a change in the unobservable inputs would not change significantly amounts recognised in profit or loss, total assets or total liabilities or total equity.
	Internal rate of return	9%	
	Discount rates	8% - 15%	

Notes continued

for the six months ended 30 June 2026

10. FINANCIAL INSTRUMENTS CONTINUED

f) Capital Risk Management

Capital planning forms part of the business and strategic plans of the Group. Decisions relating to obtaining and investing capital are made following consideration of the Group's key financial objectives including the maintenance of an investment grade credit rating. Performance measures include return on revenue, return on equity, earnings growth, liquidity and borrowing capacity. The Group has access to numerous sources of capital both domestically and internationally, including cash balances, equity, bank debt, capital markets, insurance, lease facilities and trade finance facilities.

g) Cross Currency Interest Rate Swap

Euro

On 20 May 2021 and 2 June 2021, CIMIC Finance Limited issued a total of EUR625.0 million of 8-Year Fixed-Rate corporate bonds in the Euro Medium Term Note market.

The notes bear interest from 28 May 2021 at the rate of 1.5% per annum and mature on 28 May 2029. Interest on the notes is paid annually on the 28th day of May in each year. Carrying amount at 30 June 2026: EUR625.0 million, equivalent to \$1,024.6 million (31 December 2025: EUR625.0 million, equivalent to \$1,096.5 million). The average Australian dollar to Euro exchange rate is 0.60. There are \$3.3 million of capitalised borrowing and other costs recognised against the loan facility (31 December 2025: \$4.0 million).

In order to hedge the exposure to movements in foreign exchange between the Australian Dollar and the Euro, the Group entered into a Cross Currency Interest Rate Swap ("CCIRS"). The terms match the term and value of the underlying debt and CIMIC has designated and documented this as a hedge relationship and swap the fixed rate Euro debt into fixed rate Australian Dollar Debt with an interest rate of 3.5%.

The notional principal of the CCIRS receive leg is EUR625.0 million at a rate of 1.5% and of the pay leg is AUD \$983.3 million at a rate of 3.5%. The Group applies the maturity date approach to classify derivative financial instruments.

The hedging reserve represents hedging gains and losses recognised on the effective portion of cash flow hedges. The cumulative deferred gain or loss on the hedge is recognised in profit or loss consistent with the timing of recognition of the hedged item through profit or loss.

Japanese Yen

In 2025, the Group entered into cross currency interest rate swaps in relation to its JPY9,850.0 million Japanese Yen term loan. The Japanese Yen term loan accrues interest based on the Tokyo Overnight Average Rate (TONA) plus a margin of 0.95% and matures on 30 September 2030. The terms match the term and value of the underlying debt and CIMIC has designated and documented this as a hedge relationship and swap the floating rate Japanese Yen debt into floating rate Australian Dollar Debt with an interest rate based on the AUD-BBSY bid rate plus an average margin of 1.47%.

USD

In 2026, the Group entered into cross currency interest rate swaps in relation to its US\$650.0 million USD 144a bond issued in April 2026. The USD bond accrues interest based at a fixed interest rate of 6.0% and matures on 22 April 2036. The terms match the term and value of the underlying debt and CIMIC has designated and documented this as a hedge relationship and swapped the fixed rate USD debt into floating rate Australian Dollar Debt with an interest rate based on the AUD-BBSW plus an average margin of 2.4%.

11. INTEREST BEARING LIABILITIES

	June 2026 \$m	December 2025 \$m
Current interest bearing loans	6.7	23.5
Non-current interest bearing loans	7,106.9	6,194.9
Total interest bearing liabilities	7,113.6	6,218.4

Syndicated loans

CIMIC Finance Limited and CIMIC Finance (USA) Pty Ltd, wholly owned subsidiaries of the Company, has the following core syndicated bank debt facilities. The maturity of the facilities are as follows:

- \$475.0 million maturing on 9 December 2027
- \$521.6 million maturing on 4 October 2028
- \$1,038.8 million maturing on 4 October 2028 (includes a USD Facility)
- \$831.3 million maturing on 1 October 2029
- \$1,295.2 million maturing on 30 September 2030 (includes a JPY facility)

Thiess Group Holdings Pty Ltd, a subsidiary of the Company, has the following core syndicated bank debt facilities. The maturity of the facilities are as follows:

- \$1,566.0 million maturing on 6 January 2028
- \$242.9 million maturing on 6 January 2028 (USD Facility)
- \$700.0 million maturing on 6 January 2028

The total carrying amount at 30 June 2026 was \$4,148.4 million (carrying amount at 31 December 2025: \$4,042.4 million). There are \$22.3 million of capitalised borrowing costs recognised against the loan facilities (31 December 2025: \$27.4 million). No amounts drawn under the syndicated loans are classified as current.

At 30 June 2026, the Group had undrawn bank facilities of \$2,877.1 million (31 December 2025: \$2,984.8 million), and undrawn guarantee facilities of \$1,852.3 million (31 December 2025: \$1,388.5 million).

Euro Medium Term Notes

On 20 May 2021 and 2 June 2021, CIMIC Finance Limited issued a total of EUR625.0 million of 8-Year Fixed-Rate corporate bonds in the Euro Medium Term Note market.

The notes bear interest from 28 May 2021 at the rate of 1.50% per annum and mature on 28 May 2029. Interest on the notes is paid annually on the 28th day of May in each year. Carrying amount at 30 June 2026: EUR625.0 million, equivalent to \$1,024.6 million (31 December 2025: EUR625.0 million, equivalent to \$1,096.5 million). There are \$3.3 million of capitalised borrowing costs recognised against the loan facility (31 December 2025: \$4.0 million).

Guaranteed Senior Notes

On 25 March 2024, CIMIC Finance (USA) Pty Ltd, a wholly owned subsidiary of the Company, issued a total of US\$650.0 million of 10-Year Fixed-Rate Guaranteed Notes.

The notes bear interest from 25 March 2024 at the rate of 7.0% per annum and mature on 25 March 2034. Interest on the notes will be paid semi-annually on the 25th day of March and September in each year, commencing on 25th September 2024. Carrying amount at 30 June 2026: US\$650.0 million (31 December 2025: US\$650.0 million) equivalent to \$942.0 million (31 December 2025: \$970.1 million). There are \$11.7 million of capitalised borrowing costs recognised against the loan facility (31 December 2025: \$12.8 million).

Notes continued

for the six months ended 30 June 2026

11. INTEREST BEARING LIABILITIES CONTINUED

Guaranteed Senior Notes continued

On 22 April 2026, CIMIC Finance Limited, a wholly owned subsidiary of the Company, issued a total of US\$650.0 million of 10-Year Fixed-Rate Guaranteed Notes.

The notes bear interest from 22 April 2026 at the rate of 6.0% per annum and mature on 22 April 2036. Interest on the notes will be paid semi-annually on the 22nd day of April and October in each year, commencing on 22nd October 2026. Carrying amount at 30 June 2026: US\$650.0 million equivalent to \$942.0 million. There are \$13.1 million of capitalised borrowing costs recognised against the loan facility.

Bilateral loans

At 30 June 2026, bilateral and other loan facilities outstanding were \$100.0 million (31 December 2025: \$129.7 million).

Other loans

At 30 June 2026, bank loans and other loan facilities outstanding were \$7.0 million (31 December 2025: \$23.9 million).

Cross currency interest rate swap – EUR, JPY and USD

As at the reporting date, the fair value of the foreign exchange leg of the Group's Cross Currency Interest Rate Swaps ("CCIRS") is \$65.0 million (31 December 2025: \$108.3 million) and the interest rate swap leg is \$(26.5) million (31 December 2025: \$0.1 million), net \$38.5 million (31 December 2025: \$108.4 million).

Secured Facilities

Of the Group's total interest bearing liabilities \$2,008.9 million as at 30 June 2026 (31 December 2025: \$1,925.3 million) is secured by a fixed and floating charge over assets with a total carrying value as at 30 June 2026 of \$2,822.8 million (31 December 2025: \$3,082.9 million), both of which relate to Thiess Group Holdings Pty Ltd.

12. TRADE FINANCE ARRANGEMENTS

The Group enters into factoring agreements with banks and financial institutions. These agreements only relate to certified receivables, on a non-recourse basis, acknowledged by the client with payment only being subject to the passage of time. Under the factoring agreements:

- The certified receivables are de-recognised where the risks and rewards of the receivables have been transferred, as the cash flow is only derived when there are goods or services provided or work performed by the Group for which it is entitled to be paid;
- The cash flow to the Group only arises when there is an amount certified by the client and contractually due to be paid to the Group; there are no disputes on the amounts due and the customer has acknowledged this by way of certification; and
- The receipt by the Group irrevocably removes the Group's right to the certified receivable due from the customers.

The factoring of these receivables is therefore done on a non-recourse basis. The level of non-recourse factoring across the Group was \$741.6 million as at 30 June 2026 (31 December 2025: \$740.3 million).

The Group does not consider there to be a concentration of credit risk from a financial institution.

13. CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Bank guarantees, insurance bonds and letters of credit

Indemnities given by third parties on behalf of controlled entities are as follows:

	June 2026 \$m	December 2025 \$m
Bank guarantees	3,142.5	3,452.6
Insurance, performance and payment bonds	1,546.5	1,559.2
Letters of credit	217.8	256.5

Other contingencies

- i. The Company gives, in the ordinary course of business, guarantees and indemnities in respect of the performance by controlled entities, associates and related parties of their contractual and financial obligations. The value of these guarantees and indemnities is indeterminable in amount.
- ii. There exists in some entities within the Group the normal design liability in relation to completed design and construction projects.
- iii. Certain entities within the Group have the normal contractor's liability in relation to construction contracts. This liability may include litigation by or against the Group and / or joint arrangements in which the Group has an interest. It is not possible to estimate the financial effect of these claims should they be successful.
- iv. Controlled entities have entered into joint arrangements under which the controlled entity may be jointly and severally liable for the liabilities of the joint arrangement.
- v. Pursuant to the ASIC Corporations (Wholly-owned Companies) Instrument 2016/785, the Company has entered into approved deeds of cross-guarantee with participating Australian subsidiary companies.
- vi. On 13 February 2012, CIMIC announced that it had reported to the Australian Federal Police ("AFP") a possible breach by the Leighton International business of its Code of Ethics that, if substantiated, may have contravened Australian laws. The matter, has been, and in some cases continues to be, subject to the investigations below:
 - In March 2014, the Australian Securities and Investment Commission ("ASIC") commenced a formal investigation into potential breaches of the Corporations Act relating to a number of matters being investigated by the AFP. In March 2017, ASIC advised CIMIC that its investigation has concluded and it will take no further action.
 - On 22 May 2018, the UK Serious Fraud Office ("SFO") announced it has charged individuals, none of whom are CIMIC employees, and on 26 June 2018 announced it has charged a company, which is not a member of the CIMIC Group. On 19 July 2019 the SFO announced that one individual had pleaded guilty to charges. Following trials in 2020 and 2021 the individuals were convicted on some charges. However, some of those convictions have been overturned on appeal. None of the juries' guilty findings relate to charges involving the CIMIC Group company contracts.
 - On 1 March 2019, CIMIC entered into an investigation agreement with the Department of Justice ("DOJ"). On 30 October 2019 the US DOJ announced that in March 2019 three individuals not employed by CIMIC pleaded guilty to a charge of conspiracy to violate the Foreign Corrupt Practices Act.
 - On 18 November 2020 the AFP advised CIMIC that it had charged an ex-employee of Leighton Offshore with alleged offences relating to foreign bribery and related matters and on 23 February 2021 the AFP announced it had brought an additional charge in relation to foreign bribery. On 26 May 2026, that employee pleaded guilty to two charges with respect to procuring Leighton Offshore to make payments of \$100,000 or more, reckless as to the risk that a proportion of those payments would become an instrument of crime, as well as a books and records offense under s1307(1) of the *Corporations Act 2001 (Cth)* relating to the affairs of Leighton Offshore. No sentence has yet been imposed. On 11 January 2021 the AFP informed CIMIC that it had charged a second ex-employee with related offences. That employee has pleaded guilty to a charge of failing to take reasonable precautions to ensure that information provided to directors of CIMIC was not misleading. He has been ordered to pay a penalty of \$1,000. The AFP has also indicated it may charge a further ex-employee and that its investigations continue. CIMIC does not otherwise know when the charges will be heard or the outcome of any investigation.

No CIMIC Group company has been charged. CIMIC continues to cooperate with all official investigations.

13. CONTINGENT LIABILITIES AND CONTINGENT ASSETS CONTINUED

Other contingencies continued

- vii. CIMIC's wholly owned subsidiary, CPB Contractors, and its joint venture partner Hansen Yuncken, in a 50/50 JV, were awarded the design and construction of the new Royal Adelaide Hospital for the South Australian State Government. The project experienced difficulties and delays arising from the complex interdependencies between the State's works and the JV's works and a dispute between the parties arose. The parties commenced an arbitration to resolve the dispute. The arbitration hearing is complete with closing submissions delivered in July and August 2024. The arbitration award is expected later in 2026.
- viii. CIMIC's wholly owned subsidiaries, CPB Contractors and UGL Engineering, in conjunction with their joint venture partner (together the "M6 D&C JV"), were contracted to deliver the M6 Stage 1 motorway tunnel project for Transport for New South Wales ("TfNSW"). During the course of 2024, the project encountered differing and adverse ground conditions and geological issues not reasonably anticipated at time of tender. As a consequence, works in the affected areas were stopped.

As a result of these geological issues, in May 2025 the M6 D&C JV determined the project cannot be completed as contemplated by the contract and, as such, the contract has been frustrated with the M6 D&C JV's obligations discharged by operation of law. This determination has been disputed by TfNSW.

In June 2025, TfNSW and the M6 D&C JV reached agreement to complete the remaining surface works under a new deed and those works are now complete. In October 2025, TfNSW and the M6 D&C JV agreed to continue without prejudice discussions regarding the impacted tunnelling works to find an appropriate technical and commercial resolution given the complex nature of the geotechnical events.

Notwithstanding that the M6 D&C JV maintains that the contract is frustrated, in June 2026, the parties agreed terms endorsing a return to work in order to progress a new concept design through the required approvals to achieve a final design that can then be constructed in order to allow the project to be completed, whilst at the same time preserving each party's rights, and in particular that of the M6 D&C JV that the contract was and therefore still remains frustrated. As at 30 June 2026, the net financial effect of the return to work by the M6 D&C JV is not expected to be material. In parallel, the parties have agreed to commence arbitration proceedings to determine certain disputed matters, including primarily whether the contract has been frustrated.

- ix. The Group operates across a large number of jurisdictions, and from time-to-time may be subject to a tax audit or inquiries from local tax authorities. CIMIC maintains that the tax treatments adopted are appropriate. Where the amount of tax payable or recoverable is uncertain, whether due to a local tax authority challenge or due to uncertainty regarding the appropriate treatment, judgement is required to assess the probability that the adopted treatment will be accepted.

14. ACQUISITIONS AND DISPOSALS

On 31 January 2026, CIMIC through its subsidiary Sedgman Pty Limited acquired 100% of FSI Engineering and Design Inc. ("FSI"). FSI is an Arizona-based engineering consultancy providing multidisciplinary engineering, procurement and construction management (EPCM) services. The acquisition expands Sedgman's North American footprint and enhances its technical capabilities in the critical minerals sector, strengthening its ability to deliver end-to-end EPCM services in the United States. The purchase consideration was \$2.6 million cash. The acquisition has been accounted for under AASB 3: *Business Combinations*. The contribution by FSI to the Group from either the acquisition date or 1 January 2026 to the end of the reporting period was immaterial.

15. EVENTS SUBSEQUENT TO REPORTING DATE

Subsequent to reporting date:

- On 1 July 2026 CIMIC acquired the remaining 40% of the total share capital in Thiess from Elliott, resulting in a total consideration of \$1,199.0 million, which included a cash consideration of \$1,180.0 million and a non-cash consideration of \$19.0 million. This resulted in Thiess becoming a fully owned 100% subsidiary of CIMIC from that date onwards. On 1 July 2026, the transaction will be accounted for as an acquisition of non-controlling interest. The total consideration paid, and the de-recognition of the put option liability and the non-controlling interest, will be recorded through 'Total equity attributable to equity holders of the parent'. Refer to Note 10(a): *Financial Instruments*.
- On 23 July 2026, the Company announced an interim dividend in respect of the period ended 30 June 2026 of \$85.0 million. The dividend is payable on 30 July 2026. This dividend has not been provided for in the consolidated statement of financial position. Refer to Note 5: *Dividends*.
- The Directors approved the financial report on 23 July 2026.

Directors' Declaration

In the opinion of the Directors of CIMIC Group Limited ("the Company"):

- 1) the consolidated interim financial report and notes set out on pages 2 to 27:
 - a) gives a true and fair view of the financial position of the Consolidated Entity as at 30 June 2026 and of its performance, as represented by the results of its operations and cash flows for the six months ended on that date; and
 - b) complies with Australian Accounting Standard AASB 134 *Interim Financial Reporting*; and
- 2) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors:

Roberto Gallardo Fernandez-Diez
President and Executive Director

David Robinson
Director

Sydney, 23 July 2026

Independent Auditor's Review Report to the Board of Directors of CIMIC Group Limited

Conclusion

We have reviewed the half-year financial report of CIMIC Group Limited (the "Company") and its subsidiaries (the "Group"), which comprises the consolidated statement of financial position as at 30 June 2026, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of accounting policies and other explanatory information, and the directors' declaration as set out on pages 2 to 28.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the accompanying half-year financial report of the Group does not present fairly, in all material respects, the financial position of the Group as at 30 June 2026, and its financial performance and its cash flows for the half-year ended on that date, in accordance with Accounting Standard AASB 134 Interim Financial Reporting ("AASB 134") as described in Note 1.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ("ASRE 2410"). Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation and fair presentation of the half-year financial report in accordance with AASB 134 as described in Note 1 and for such internal control as the directors determine is necessary to enable the preparation and fair presentation of the half-year financial report that is free from material misstatement whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether, anything has come to our attention that makes us believe that the half-year financial report does not present fairly, in all material respects, the financial position of the Group as at 30 June 2026 and its financial performance and its cash flows for the half-year ended on that date, in accordance with AASB 134 as described in Note 1.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
