---

## Investor Presentation

February 2025

Core | Sustainable | Growth

# IMPORTANT NOTICE

This presentation is for information purposes only and does not constitute or form part of an offer, invitation or solicitation of any offer to purchase or subscribe for any securities of Digital Core REIT in Singapore or any other jurisdiction nor should it or any part of it form the basis of, or be relied upon in connection with, any contract or commitment whatsoever. The value of units in Digital Core REIT (“Units”) and the income derived from them may fall as well as rise. The Units are not obligations of, deposits in, or guaranteed by Digital Core REIT Management Pte. Ltd. (as manager of Digital Core REIT (the “Manager”)), Perpetual (Asia) Limited (as trustee of Digital Core REIT) or any of their respective affiliates. The past performance of Digital Core REIT is not necessarily indicative of the future performance of Digital Core REIT.

This presentation may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. These forward-looking statements speak only as at the date of this presentation. No assurance can be given that future events will occur, that projections will be achieved, or that assumptions are correct. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental revenue, changes in operating expenses, property expenses, governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business.

Investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager’s current view of future events.

Holders of Units (“Unitholders”) have no right to request that the Manager redeem or purchase their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited (the “SGX-ST”). Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

# BUSINESS & OPERATIONAL UPDATE

# KEY HIGHLIGHTS

Dedicated Core Data Centre REIT Focused on Driving Sustainable Growth

## CORE

**3.60 U.S. cents**  
FY2024 Distribution

**\$1.6 Bn**  
AUM <sup>(1)</sup>

**10**  
Data Centres

**4.8 Years**  
WALE

**97%**  
Occupancy

## SUSTAINABLE

AI expected to contribute to continued growth in digital spending

Balance Sheet

Strengthened balance sheet with **\$280 million** of proceeds from asset sales and equity fundraising while **doubling weighted-average debt maturity**

Valuations

Generated **20% year-over-year AUM growth**, driven by robust leasing and market rent growth across global portfolio

## GROWTH

Investment

Invested **+\$250 million** to increase ownership stakes in Frankfurt and Osaka, achieving scale and diversification while enhancing portfolio quality

Unit Buyback

Repurchased 27 million units at an average price of \$0.576 in FY2024, **delivering 1.8% DPU accretion**

**34.0%**  
Aggregate Leverage <sup>(2)</sup>

**+\$540 mm**  
Debt Headroom  
(at 50% Aggregate Leverage)

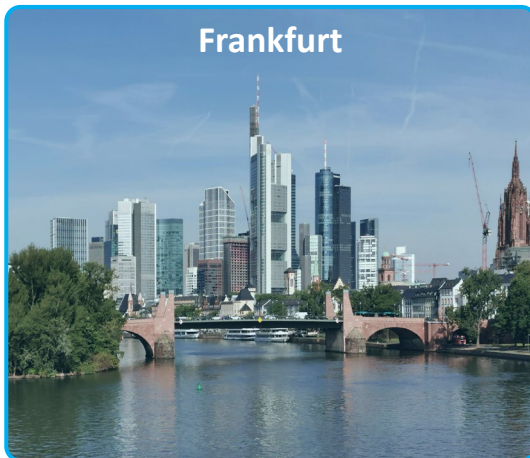

1) Based on portfolio valuation at share as at 31 December 2024.  
2) As defined under the CIS Code.

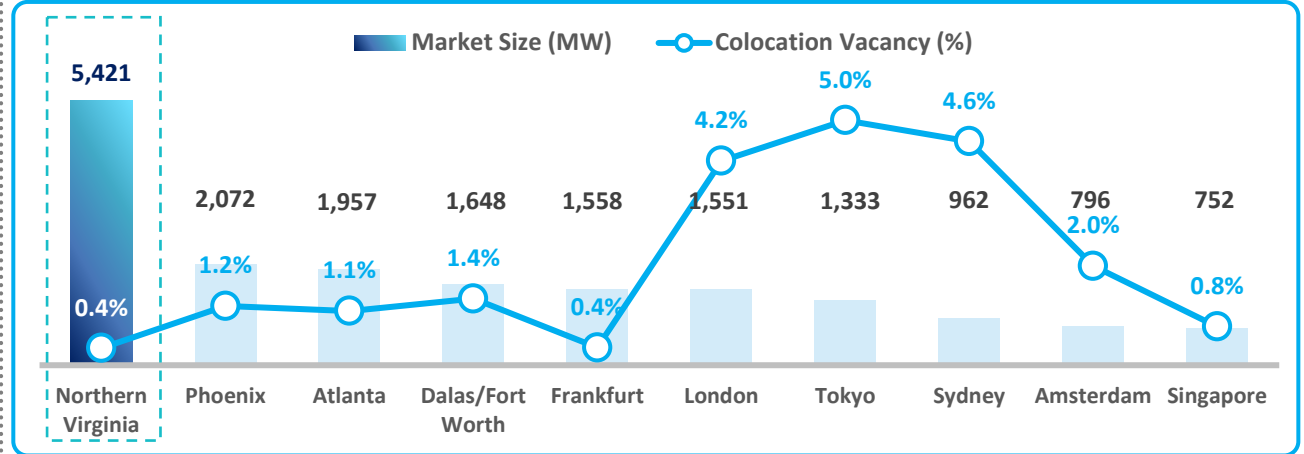

# MARKET AND PORTFOLIO UPDATE

Capitalising on Favorable Fundamentals to Proactively Manage Portfolio with Strong Support from Sponsor's Global Platform

## ROBUST NEW + RENEWAL LEASING VOLUME

## RECORD LOW VACANCIES ACROSS CORE GLOBAL MARKETS

## FY2024 Leasing Activity

## Northern Virginia Market Overview

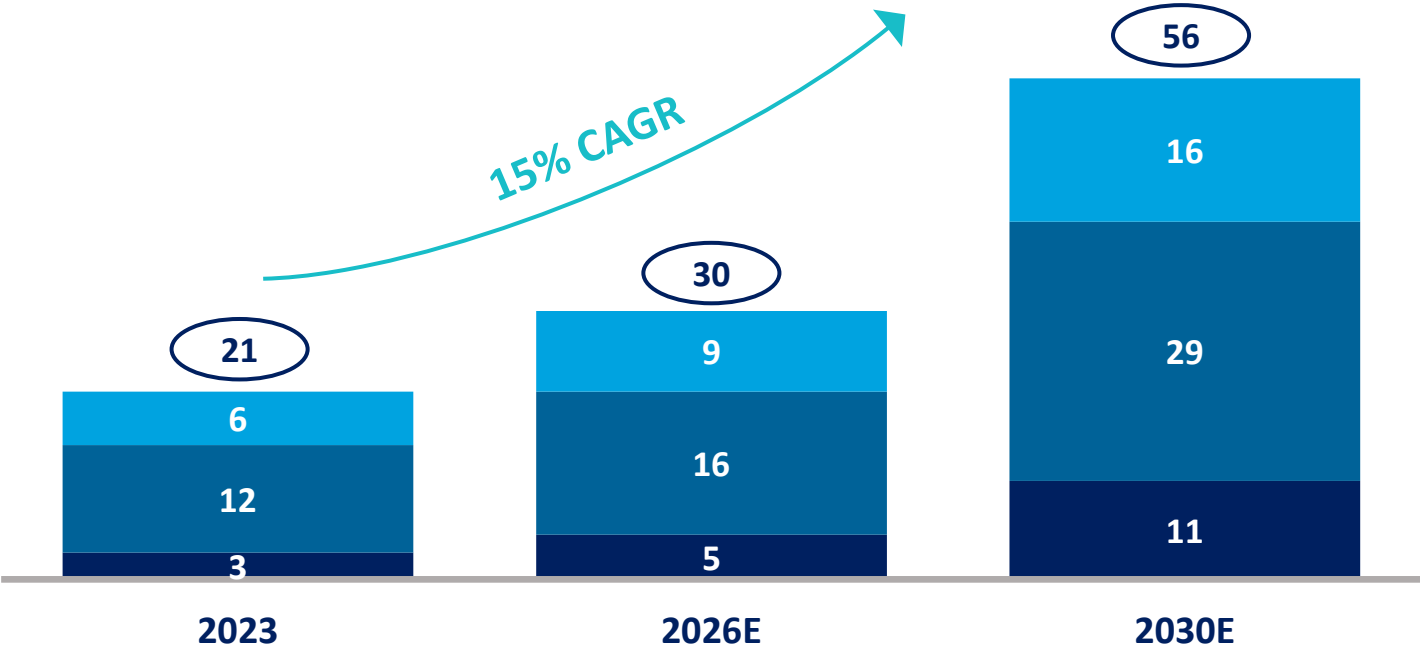

Source: datacenterHawk as of January 2025.

1) Annualized rent at share for new and renewal leases signed in FY2024.

# AI AUGMENTING DIGITAL TRANSFORMATION DEMAND

## Data Centre Demand by Workload in North America (GW)

Cloud + digital transformation fundamentals remain robust, while artificial intelligence has dramatically accelerated global data centre demand <sup>(1)</sup>

**2.5x**

2023-2030  
Total Growth

### CLOUD HYPERSCALE

Cloud computing still the biggest data centre demand driver and it is still growing

**2.7x**

2023-2030  
Total Growth

### ENTERPRISE

Digital economy and enterprise digital transformation is driving additional growth

**3.5x**

2023-2030  
Total Growth

### ARTIFICIAL INTELLIGENCE HYPERSCALE

Artificial Intelligence use cases are the smallest piece of the pie, but fastest-growing

## DATA CENTRE DEMAND DRIVERS

Cloud Computing

Streaming & Social Media

Internet of Things

Enterprise Modernization

E-Payment and E-Commerce

Edge Computing

Artificial Intelligence

# DISTRIBUTION AND AGM DETAILS

Annual Report to be Published in March, Annual General Meeting Slated for April

## DISTRIBUTION DETAILS

(U.S. cents per Unit)

## Distribution Timetable

Ex-Date	19 February 2025
Record Date	20 February 2025
Distribution Payment Date	28 March 2025

## UPCOMING AGM DETAILS

February 2025

- Report full-year 2024 financial results and unaudited financial statements

March 2025

- Publish annual report and sustainability report

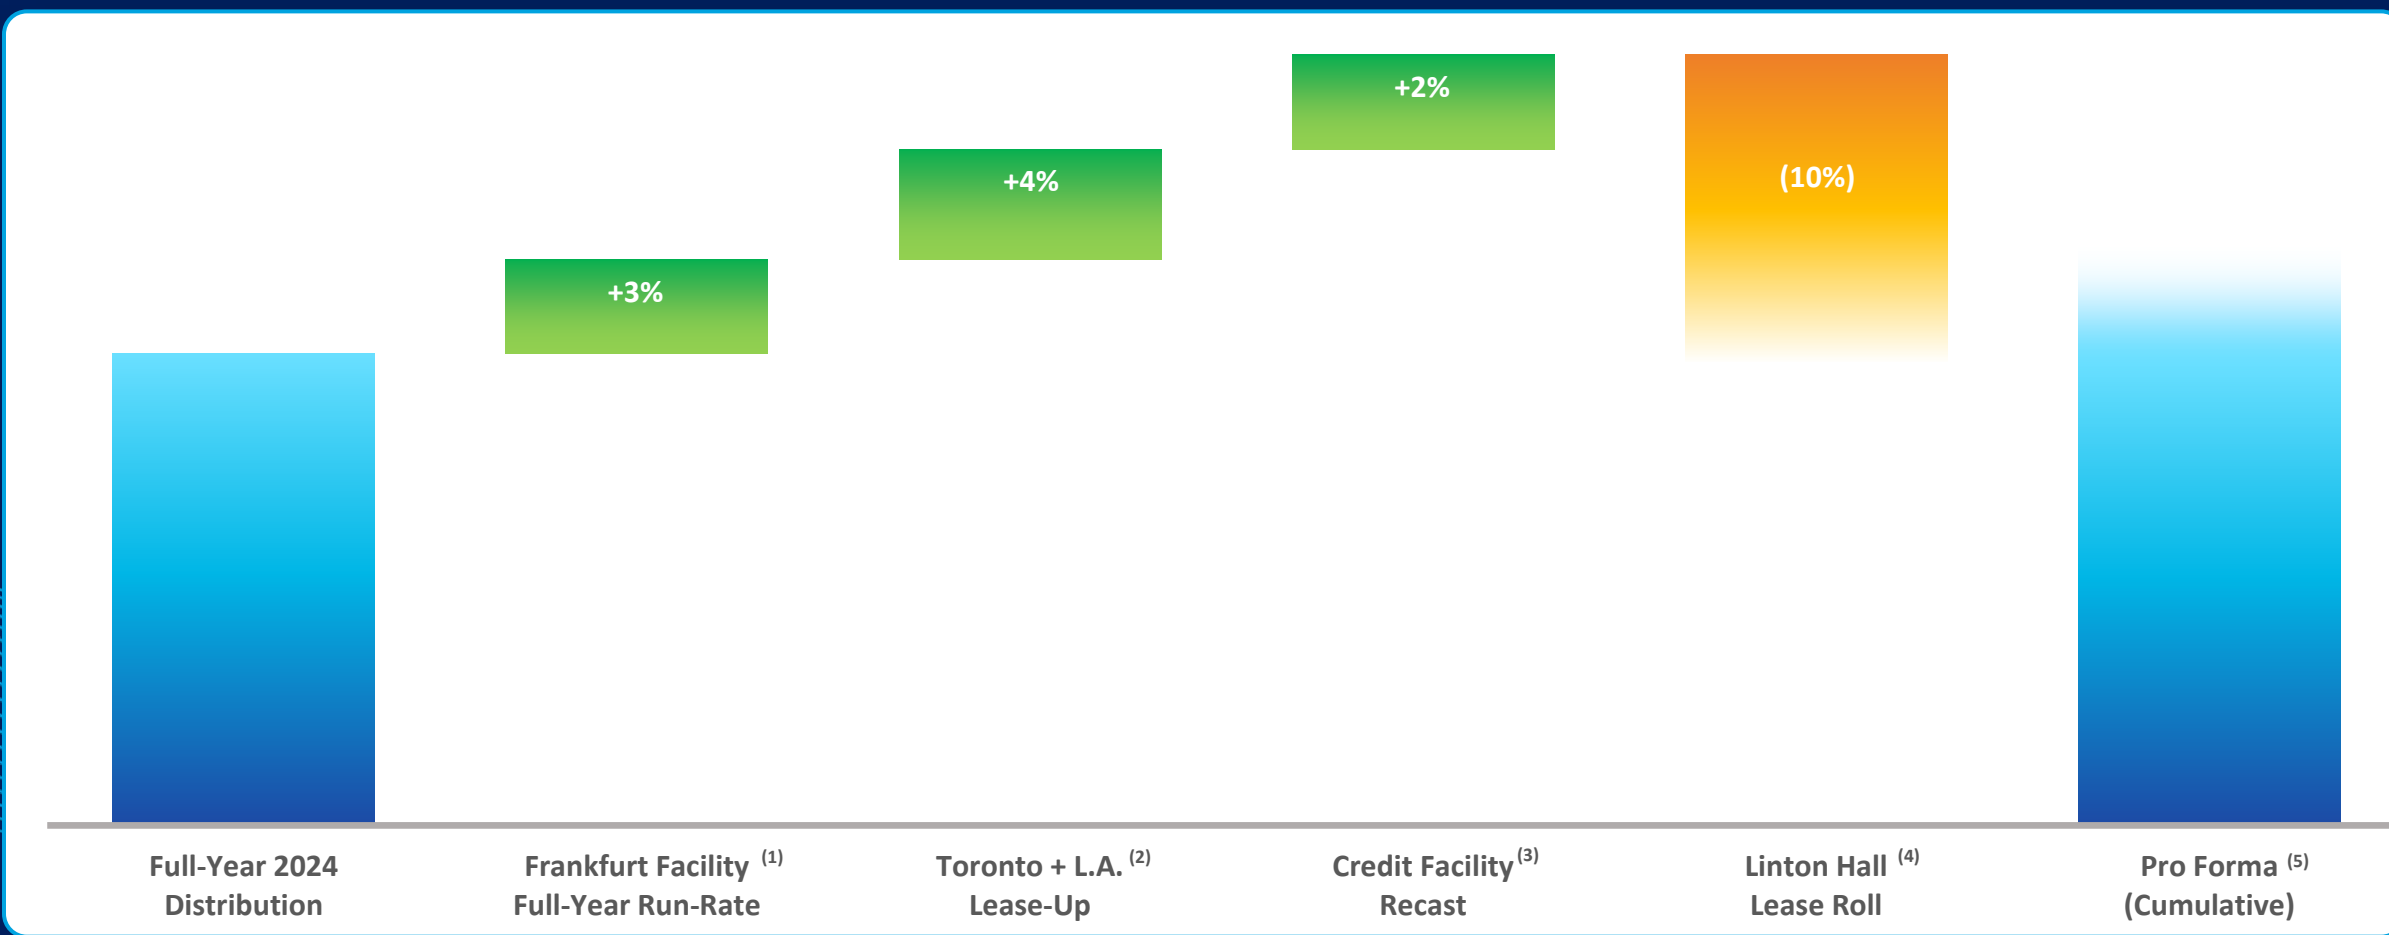

April 2025

- Conduct annual general meeting

# BUILDING BLOCKS OF DPU GROWTH

Robust 2024 Leasing, Financing, Investment Activity Substantially Bridge 2025 Gap to 2026 Reversion Potential

1) Please see the 6 December 2024 announcement titled, “[Completion of the Acquisition of a 15.1% Interest in the Frankfurt Facility](#),” for further details on the pro forma DPU effects of the acquisition, including key assumptions.

2) Please see the 1 November 2023 announcement titled, “[Strategically Positioning for the Future](#),” and the 11 November 2024 announcement titled, “[Digital Core REIT Announces Toronto Lease-Up](#),” for further details.

3) Please see the 9 October 2024 announcement titled, “[Digital Core REIT Recasts US\\$716 Million Credit Facilities](#),” for further details.

4) Please see the 2 January 2025 announcement titled, “[Update on Northern Virginia Renewal Option](#),” for further details.

5) Pro Forma DPU after adjusting for: (i) the acquisition of a 15.1% interest in the Frankfurt Facility; (ii) the L.A. and Toronto lease-up; (iii) interest savings from the October 2024 recast of the multi-currency global credit facilities; and (iv) the expiration of the customer renewal option at 8217 Linton Hall Road in Virginia. For the avoidance of doubt, this is not a DPU forecast but the pro forma DPU prepared based on financial statements for the financial year ended 31 December 2024 and is strictly for illustrative purposes.

# CORE | SUSTAINABLE | GROWTH

## Same-Store Constant-Currency AUM Growth Driven by Robust Leasing Activity + Market Rent Gains

	Market Rent <sup>(2)</sup>	WALE	Occupancy	Discount Rate <sup>(3)</sup>	AUM <sup>(4)</sup>
NORTH AMERICA	\$160 kW/mo ↑ +20%	5.0 yrs ↑ 2.9 yrs	95.8% ↓ 50 bps	7.2% ↑ 20 bps	↑ +13%
EMEA	\$176 kW/mo ↑ +16%	5.3 yrs ↑ 2.6 yrs	99.5% ↑ 750 bps	6.5% —	↑ +15%
APAC	\$154 kW/mo ↑ +32%	3.5 yrs ↓ 0.4 yrs	94.6% ↓ 80 bps	5.5% ↑ 30 bps	↑ +8%
<b>TOTAL</b>	<b>\$162 kW/mo</b> ↑ +20%	<b>4.8 yrs</b> ↑ 2.5 yrs	<b>96.7%</b> ↑ 10 bps	<b>7.0%</b> ↑ 20 bps	<b>↑ +13%</b>

Source: Company data and company filings.

1) Based on contractual annualised base rent before abatements under existing leases as at 31 December 2024.

2) Data provided by appraisal reports. Constant-currency basis and weighted average by portfolio valuation.

3) Midpoint discount rate from appraisal reports.

4) Year-over-year change in same-store portfolio valuation on a constant-currency basis.

# FAVORABLE FUNDAMENTALS AT DISCOUNTED VALUATION

## Relative Valuation Gap Widening Further on Outsized NAV Growth

Sponsorship	Owner & Operator	Owner & Operator	Asset Manager	Asset Manager
Data Centre (%) <sup>(3)</sup>	100%	100%	56%	8%
Freehold (%) <sup>(4,5,6)</sup>	100%	52%	89%	17%
Gearing (%) <sup>(7)</sup>	34.0%	37.9%	39.8%	37.7%

Source: Company filings and FactSet.

1) Unit prices as at 11 February 2025.

2) NAV per share as of most recent company filings/presentations/announcements.

3) Excludes properties under development.

4) Calculated based on dividing the sum of net attributable lettable area of freehold data centre assets by total attributable area based on information as at 31 December 2024.

5) Calculated based on dividing the sum of net lettable area of freehold data centre assets (at share) by total

attributable area based on information from latest annual report.

6) Calculated based on dividing the sum of net attributable lettable area of freehold data centre assets by total attributable area based on information from latest annual report. Excludes properties under development.

7) Based on pro forma effects assuming (I) the Proposed Shares and Notes Transactions, (II) the exercise of the Call Option, and (III) Land Tenure Lease Extension(1), assuming tax transparency as at 30 September 2024. Actual aggregate leverage as at 31 December 2024 is 31.5%.

# SIGNIFICANT DEBT CAPACITY AND FLEXIBILITY TO GROW

## Healthy Leverage and Flexible Capital Structure Positioned to Fuel Growth

### DEBT MATURITY SCHEDULE

(in USD millions)

■ Unsecured Term Loan   ■ Unsecured Revolver (Drawn)   ■ Unsecured Revolver & Term Loan (Undrawn)

**4.7 YEARS**

Weighted Avg.  
Debt Maturity

### DEBT PROFILE

● Unsecured  
● Secured

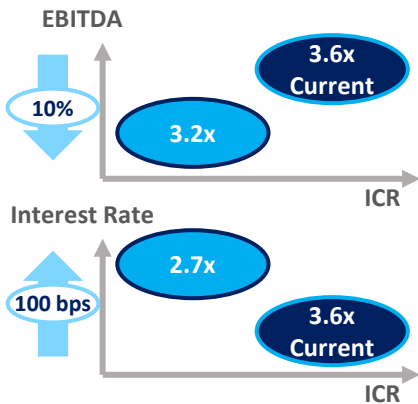

● Fixed  
● Floating

● USD  
● EUR  
● JPY

### ICR SENSITIVITY ANALYSIS (1,2)

### KEY DEBT METRICS

- 1) In accordance with the Monetary Authority of Singapore's revised Code on Collective Investment Scheme dated 28 November 2024.
- 2) Assumes a 100bps increase in the weighted average interest rate on all fixed and floating rate debt, including the pro-rata share of debt at Associate.
- 3) Aggregate leverage was computed based on gross borrowings / deposited properties. Under Para 9.7 of Appendix 6 of the CIS Code, if a property fund invests in real estate through the shareholdings in unlisted SPVs, the aggregate leverage of all SPVs held by the property fund should be aggregated on a proportionate basis based on the property fund's share of each SPV.
- 4) Does not include amortisation of debt financing fees. The 2024 average interest rate for borrowings was 4.2%.
- 5) Interest coverage ratio ("ICR") reflects performance for the last twelve months as defined under the CIS code.

# DATA CENTRE MARKET INFORMATION

Provided By:

# NORTHERN VIRGINIA

## KEY DEVELOPMENTS

### Sprawl Continues, but Q4 was all about Core Ashburn

Activity in Northern Virginia remains focused on site selection, with Dominion enhancing its transmission network and providers migrating south toward Henrico County. Limited space and power in core Ashburn persist, driven by hyperscale demand and AI developments.

Community concerns about data center projects are growing. In Leesburg, the Greenlin Park project, initially approved by the Planning Commission in July 2024, was restructured after a September public hearing. A planned November vote was postponed by JK Land Holdings. In Prince William County, Stack Infrastructure’s project outside the Data Center Overlay District faces delays, with no new review date set, raising questions about local support. In Mecklenburg County, TecFusions postponed its expansion to January 2025 due to rezoning needs and community awareness issues.

Land acquisition for new projects continues. Iron Mountain purchased 40 acres in Manassas for two data centers with 150 MW of power. Avaio Digital Partners secured 452 acres in Appomattox County for a \$3 billion campus, boasting 300 MW of power, though timelines are uncertain.

### 4Q 2024 Northern Virginia Development Activity:

- JK Land Holdings postpones vote to rezone 81 acres to industrial park for a 2.1 million SF data center and substation between Sycolin Road and Dulles Greenway; a replacement meeting date has not yet been set
- Yondr officially launches first 48 MW of data center on campus in Loudoun County. The second phase, also 48 MW, is currently being constructed at the site
- Iron Mountain purchases 40-acre property in Manassas for \$113,500,000. Iron Mountain plans to build 2 buildings totaling 150 MW and an on-site substation. (\$2,846,124/acre)
- Avaio Digital Partners is planning 300 MW+ data center campus on a 452-acre site at 7561 Richmond Highway, Appomattox, VA

## ABSORPTION AND SUPPLY

## VACANCY (%)

## PRICING<sup>(2)</sup>

Source: datacenterHawk as of January 2025.

1) Calculated based on the change in commissioned power quarter over quarter.

2) Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

# NORTHERN CALIFORNIA

## KEY DEVELOPMENTS

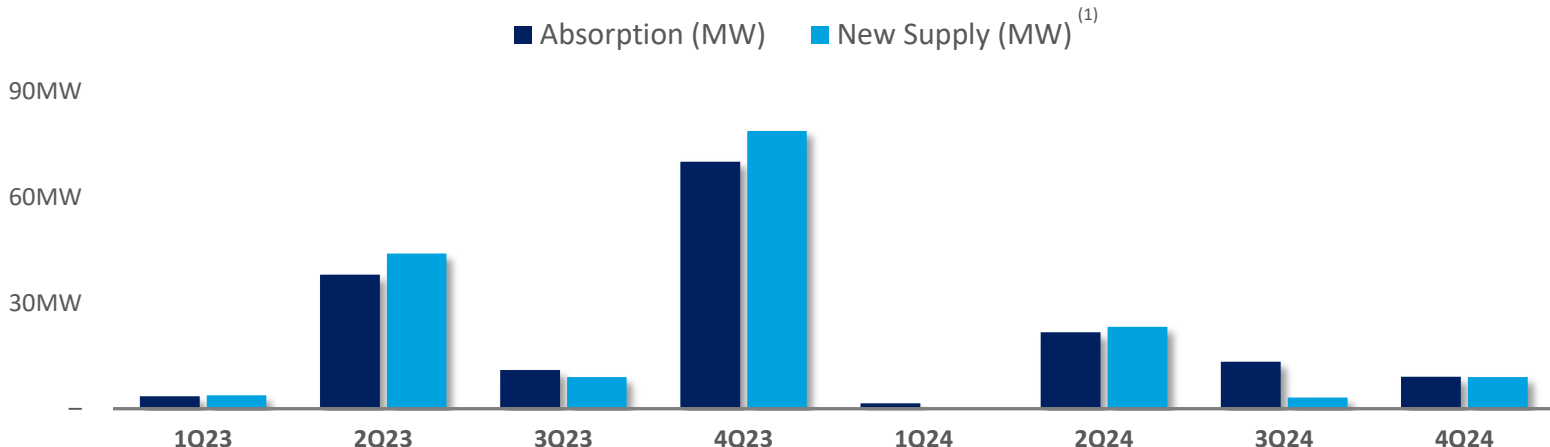

### Pacific Gas and Electric receives \$15 billion loan for grid improvements

The recent boom in data center demand has caused strain on utility providers everywhere. The strain ranges from electricity generation to transmission and distribution. Additional infrastructure needs to be built, and aging infrastructure needs to be replaced. Pacific Gas & Electric Company, a California utility is awarded a \$15 billion loan to draw from and make such improvements. Hydropower generation will be increased as will battery energy storage capacity. Upgrading of transmission capacity will also take place from these funds. The funds come from the Energy Infrastructure Reinvestment project at the US Department of Energy's Loan Programs Office.

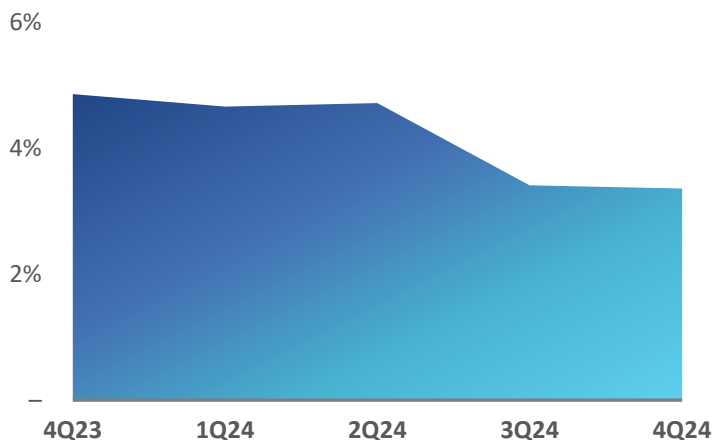

### 4Q 2024 Northern California Development Activity:

- Prime files application for second building at Sacramento campus in McClellan Business Park. The 2-story building is planned to have 18 MW of IT power.
- A Mitigated Negative Declaration is filed for 1977 Saturn Data Center project with CEQA to build a 1-story data center and substation. The project is tied to StratCap who was acquired by HMC Capital early 2024.

## ABSORPTION AND SUPPLY

1) Calculated based on the change in commissioned power quarter over quarter.

2) Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

# TORONTO

## KEY DEVELOPMENTS

### Canada Commits to AI Growth

The Canadian federal government launched an initiative to fund public supercomputing infrastructure and make computing power available for Canadian AI researchers and companies, named the Canadian Sovereign AI Compute Strategy. This strategy includes CA\$1.3 billion for computing infrastructure and CA\$700 million for AI enabled data centers. Toronto-based AI startup Cohere receives the first commitment from the Strategic Innovation Fund in the amount of CA\$240 million. Cohere is partnering with CoreWeave, an American company, to build a multibillion-dollar AI data center. The exact location for this data center has not been specified at this time.

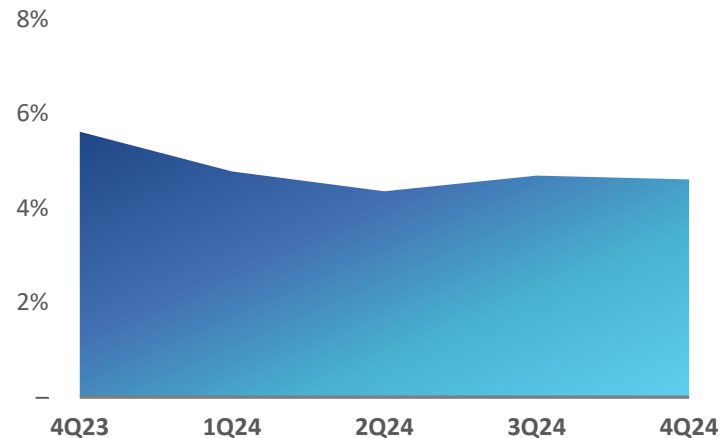

### 4Q 2024 Toronto Development Activity:

- London-based data center developer and operator, Yondr is developing a 3-story, 27 MW facility at 3125 Steeles Avenue East in Markham, ON. Facility is expected to be ready for service mid-2026

2) Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

# LOS ANGELES

## KEY DEVELOPMENTS

### Los Angeles market gains traction

After many years with little to no new projects active simultaneously, growth in Los Angeles has picked up. In the city of Vernon, just south of downtown Los Angeles, Coresite and Goodman both own properties on E. Vernon Avenue where data centers are currently being planned. Not far from Coresite's new purchase, Prime finalized construction on their fully preleased facility. In Downtown LA, Digital Realty brings additional capacity online at LAX10 as plans move forward for LAX13. Also downtown, GI Partners 15 MW expansion into additional floors at One Wilshire progresses.

### 4Q 2024 Los Angeles Development Activity:

- Prime completes construction of LAX01-01, a three-story, 33 MW facility at 4701 South Santa Fe Avenue. The facility is fully leased between 2 tenants
- CoreSite purchases 7.05-acre industrial site in Vernon for redevelopment. 1925 and 1936 E Vernon Avenue sold for \$61,500,000 (\$8,723,404/acre)
- Digital Realty files Notice of Preparation of Environmental Impact Report for planned facility at 727 S. Grand Avenue, Los Angeles. Public comment period is currently ongoing

2) Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

# FRANKFURT

## KEY DEVELOPMENTS

### Elevated demand driving pre-leasing prior to planning approval

Hyperscale providers continue to drive pre-leasing activity, often on entire planned campus developments. An emerging trend, however, is that many of these campuses are reserved ahead of planning consent, with options for contract cancellation if approval is not received. AI workload demands continue to hamper construction start dates as liquid cooling designs are re-assessed, both from a design and capacity planning perspective. Further afield, Microsoft has announced plans to invest €3.2B in developing a new cloud region in the Rhein-Erft district, west of Cologne.

### 4Q 2024 Frankfurt Development Activity:

- IBM has launched its second quantum data center in Ehningen, Germany, featuring three systems, including one with its 156-qubit Heron processor, accessible via IBM's cloud service
- Goodman Group received approval to build a 100MW data center, FRA02, in Neu-Isenburg near Frankfurt
- Envia Tel is expanding its Leipzig 2 data center, adding 1,000 sqm to accommodate 20,000 more servers. Commissioning planned for summer 2025
- euNetworks has launched a new long-haul fiber route connecting Frankfurt and Paris, designed to meet growing bandwidth demand between these major European data center hubs
- Yondr Group has completed the first 20MW phase of its 40MW hyperscale data center in Bischofsheim, near Frankfurt
- Rheinbahn, Düsseldorf's public transport operator, plans to build a five-story data center at its Lierenfelder Straße premises
- NorthC Datacenters is expanding its footprint in Frankfurt, with plans for a second data center in Frankfurt. The new facility will offer 1.5 MW in Phase 1, scaling up to a total of 10.5 MW

Source: datacenterHawk as of January 2025.

1) Calculated based on the change in commissioned power quarter over quarter.

2) Price ranges in local currency remains stable from 2024 through today. The anomaly is due to EUR-USD exchange rate fluctuation. Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

## ABSORPTION AND SUPPLY

## VACANCY (%)

## PRICING<sup>(2)</sup>

# OSAKA

## KEY DEVELOPMENTS

**Japanese authorities signal that nuclear energy is no longer to be minimized in its long term energy planning**

Recent developments in the nuclear power industry have positive implications for future power generation nationwide. In November, NE Japan restarted the 825 MW Onagawa No. 2 nuclear reactor, the first Boiling Water Reactor (BWR) to resume operation since the Fukushima Daiichi disaster 13 years ago. This brings the total number of operational reactors to 13 out of 54 pre-accident.

In December, the government released a draft update to its Strategic Energy Plan, dropping its prior commitment to minimizing nuclear dependence. The draft advocates for developing "next-generation advanced reactors," with the finalized plan expected by March 2025.

**Osaka's growing appeal as a development hub**

Osaka is gaining traction as an alternative to Tokyo for development, offering easier power access and more sites. Companies like SoftBank and KDDI are investing in AI data center infrastructure, boosting Osaka's appeal.

**4Q 2024 Osaka Development Activity:**

- Ares Management acquired GLP Capital Partners' international business (excluding Greater China) to meet growing hyperscale and enterprise data center demand
- DigitalBridge purchased a majority stake in JTower for JPY70.1 billion (US\$466 million) and plans to privatize the company
- NTT Data selected Oracle Alloy to enhance sovereign cloud services in Japan
- SoftBank, GMO Internet Group, KDDI, and other cloud providers are deploying Nvidia AI infrastructure
- KDDI signed an MoU with Sharp Corporation to acquire and convert a former Osaka manufacturing plant into an AI-ready data center

Source: datacenterHawk as of January 2025.

1) Calculated based on the change in commissioned power quarter over quarter.

2) Price ranges in local currency remains stable from 2024 through today. The anomaly is due to USD-JPY exchange rate fluctuation. Wholesale pricing represents deals with a deployment size from 250kW to 4MW and hyperscale pricing represents deals greater than 4MW.

An explanation of the significance of the ratings may be obtained from each of the rating agencies.

# BEST-IN-CLASS GLOBAL DATA CENTRE SPONSORSHIP

Industry-Leading Sponsor with Unparalleled Global Data Centre and Public Company Expertise, Experience and Track Record

Digital Core REIT is the only data centre S-REIT sponsored by a global best-in-class pure-play listed data centre owner/operator

Digital Core REIT is the exclusive S-REIT vehicle for Digital Realty

## 1 Data Centre Expertise

- + Largest data centre owner and operator
- + **16** years of “five nines” of uptime<sup>(1)</sup>
- + Full product spectrum spanning interconnection, colocation and hyperscale offerings
- + Serving **5,000+** customers

## 2 Public Company Track Record

- + **20** years on NYSE
- + **4<sup>th</sup>** largest US REIT and **S&P 500** company
- + Raised over **US\$38 Bn**<sup>(2)</sup> of equity capital since 2009

## 3 Organizational Depth

- + Serving **50+** markets across **25+** countries on **six** continents
- + **3,500+** full-time employees throughout global organization
- + Global teams focused on **design & construction**, data centre operations and **sales & marketing**

Source: Company data.

1) Uptime metrics are based on a comprehensive evaluation of data centre suites owned and operated by Digital Realty worldwide, including facilities operated by Interxion: A Digital Realty Company, using standard industry methodology.

2) As of December 31, 2024.

# DEMONSTRATED SPONSOR SUPPORT

Dedicated Sponsor Fully Committed to Digital Core REIT's Near- and Long-Term Success

## TORONTO CASHFLOW SUPPORT

Provided **five-year, interest-free loan** to backstop near-term cash flow shortfall due to customer bankruptcy in Toronto

## RESOLVED CUSTOMER BANKRUPTCY

Facilitated successful resolution of second-largest customer bankruptcy through judicious exercise of **multiple negotiating levers** across global relationships with customer and buyer

## GLOBAL PARTNER NETWORK

Enabled entry into APAC via **accretive off-market investment opportunity** with existing Digital Realty joint venture partner in Japan

## INDUSTRY-LEADING PIPELINE

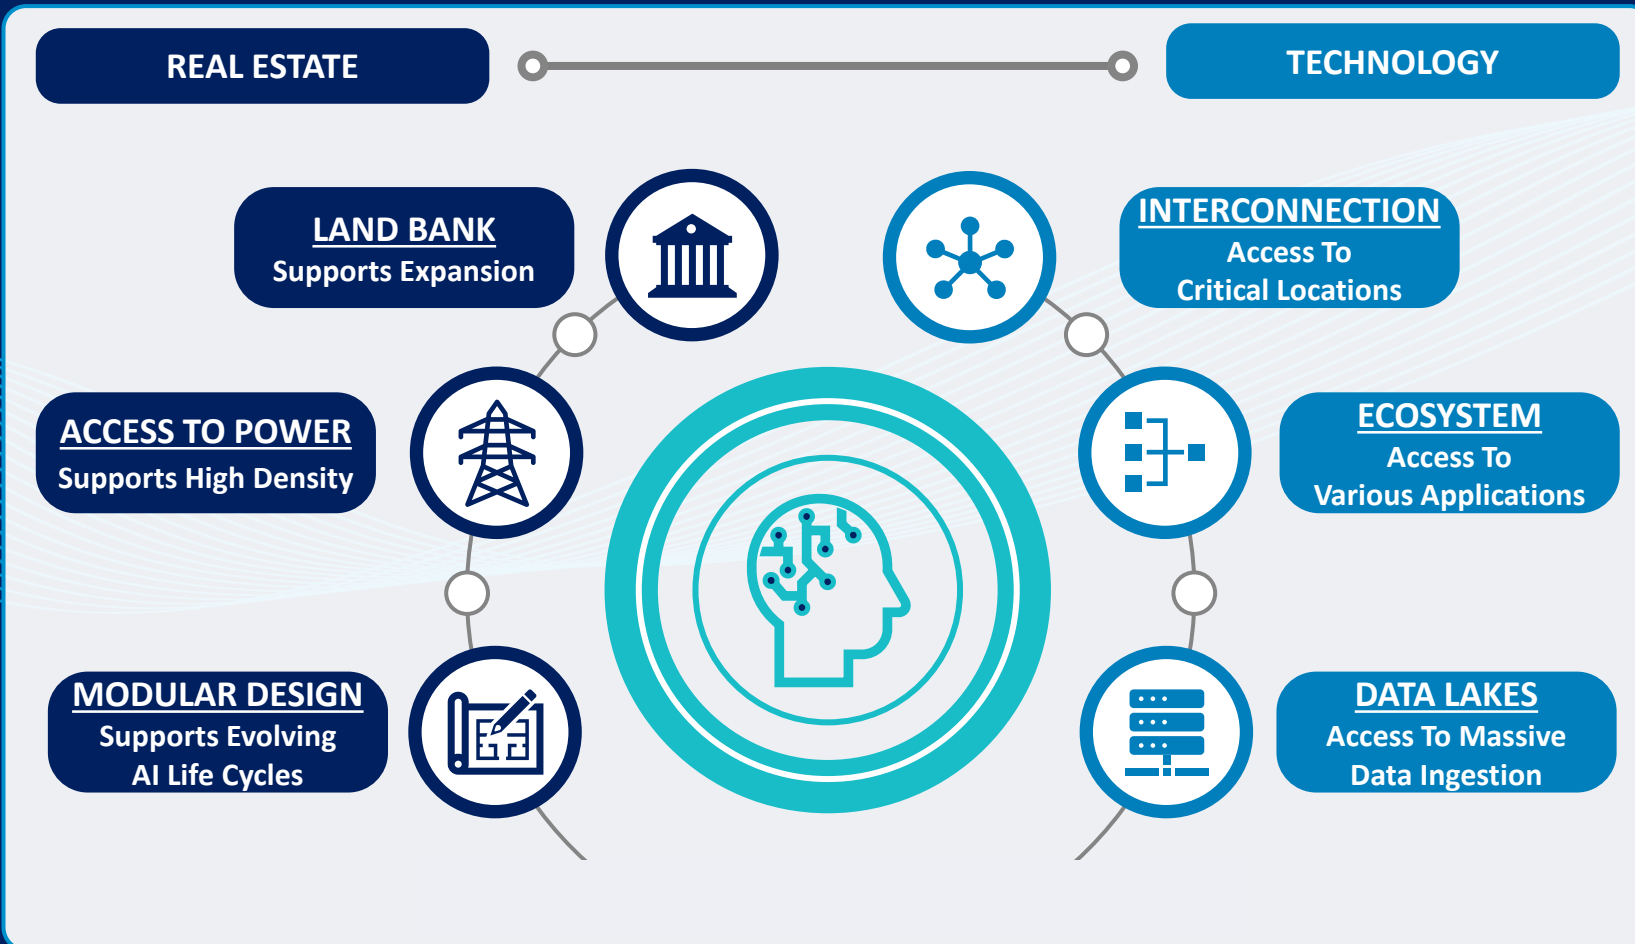

Demonstrated continued support by agreeing to contribute additional 15.1% interest in Frankfurt facility at **18% discount to appraised value**

# TECHNOLOGY PLATFORM SHIFT

## Artificial Intelligence Driving Acceleration of Data Centre Demand

### AI Applications Need Unique Supply Chain to Succeed

### Key Takeaways

- Data centres will continue to support the next generation of AI workloads
- AI is driving new and evolving generation of chips, network equipment and storage infrastructure into the data centre
- Power density (kW per rack) expected continue to increase over time
- End-users expect AI-related CapEx spend to increase ~30% over the next 12 months, driving incremental demand for state-of-the-art data centre solutions

**AI Applications Augment Existing Data Centre Workloads**

# SPONSOR'S INTERESTS DIRECTLY ALIGNED WITH UNITHOLDERS

REIT Manager incentivized to Maximize Unitholder Value

**DIGITAL**  
CORE REIT

## REIT MANAGEMENT FEE

**1**

Base Fee Based on  
Deposited Value

**0.5%**

p.a. of Deposited Value

**2**

Performance Fee Based  
On Net Property  
Income

**3.5%**

p.a. of Net Property  
Income<sup>(1)</sup>

100% of REIT management fees payable to Digital Core REIT  
Manager will be paid in units and/or cash at the Manager's  
discretion.

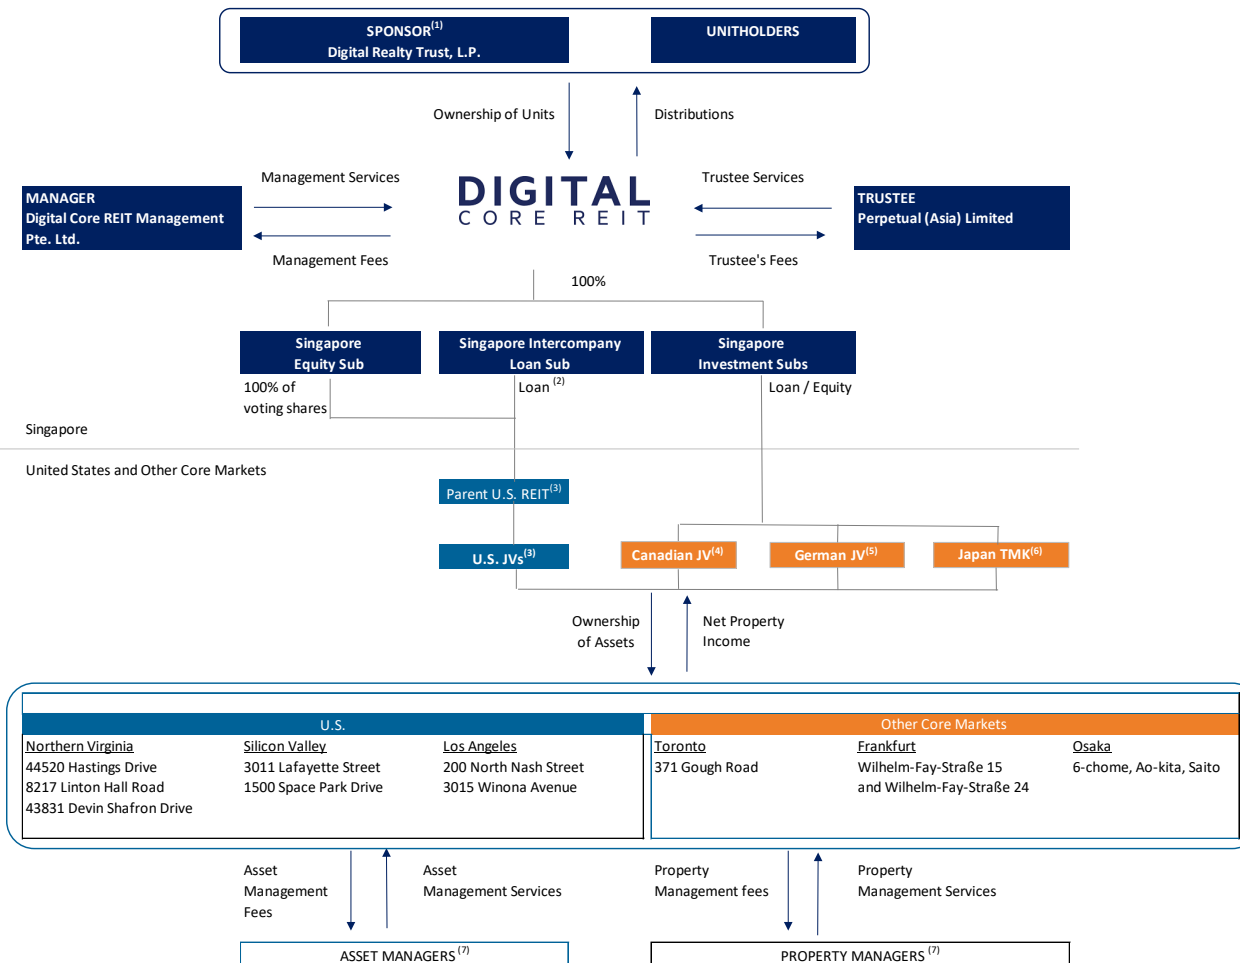

## DISTRIBUTION POLICY

- + Semi-annual, in USD or SGD at option of Unitholders<sup>(2)</sup>
- + At least 90% of annual distributable income thereafter

1) Calculated before accounting for the Performance Fee in that relevant financial year.  
2) To be paid in SGD by default, unless Unitholders elect to receive in USD.

# DIGITAL CORE REIT ORGANIZATIONAL STRUCTURE

Unique Opportunity to Participate in Digital Transformation Trend Alongside Leading Global Data Centre Platform

- 1) Digital Realty holds a deemed 32.0% stake in Digital Core REIT.
- 2) Principal repayments are not subject to U.S. withholding taxes. Interest payments that are finally distributed to Unitholders are not subjected to U.S. withholding taxes, assuming Unitholders qualify for portfolio interest exemption and provide appropriate tax certifications, including an appropriate IRS Form W-8.
- 3) Parent U.S. REIT holds 90% of each U.S. JV with a wholly-owned subsidiary of the Sponsor holding the other 10% of each U.S. JV. Each U.S. JV holds 100% of a U.S. Subsidiary, and each such U.S. Subsidiary holds one Property.
- 4) A wholly-owned Singapore Investment Subsidiary holds 90% of the Canadian JV with a wholly-owned subsidiary of the Sponsor holding the other 10% of the Canadian JV. The Canadian JV holds 100% of the Canadian Subsidiary, and the Canadian Property is held by the Canadian Subsidiary on behalf of the Canadian JV (i.e. the registered owner is the Canadian Subsidiary and the beneficial owner is the Canadian JV).
- 5) A wholly-owned Singapore Investment Subsidiary holds 65% of the German JV with a wholly-owned subsidiary of the Sponsor holding the other 45% of the German JV. The German Property is 100% held by the German JV.
- 6) A Japan branch of a wholly-owned Singapore Investment Subsidiary holds 20% of the Japan TMK with a wholly-owned subsidiary of the Sponsor holding the other 50% and Mitsubishi Corporation holding the remaining 30% of the Japan TMK. The Japan Property is 100% held by the Japan TMK.
- 7) The asset managers and the property managers are wholly-owned subsidiaries of the Sponsor.

Information as at 31 December 2024. Unitholding in Digital Core REIT is subject to an ownership restriction of 9.8% of the total Units outstanding.

# DIGITAL CORE REIT

## Favourable Fundamentals + Sponsor Support Create Virtuous Cycle of Accretive Investment

### Leading Pipeline

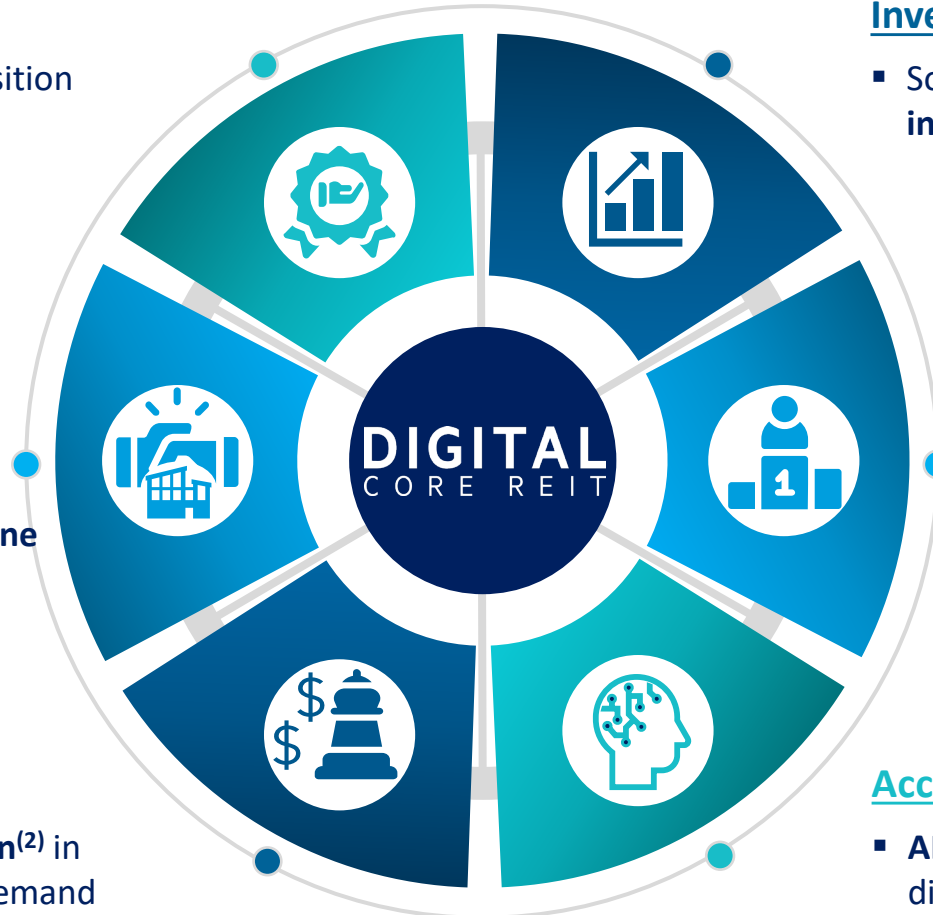

- Largest Sponsor acquisition pipeline of **US\$15+ bn**

### Sponsor Funding

- Sponsor actively employing **joint venture partnerships** to fund development CapEx
- Established **~\$7 bn hyper-scale development joint venture with Blackstone**

### Sponsor Spending

- Sponsor expected to spend **US\$3.3 bn<sup>(2)</sup>** in 2025 to address growing customer demand

### Investing Accretively

- Sourced **accretive off-market transaction in Japan** from existing Sponsor JV partner

### Enhancing Quality

- Increased # of markets from four to six, enhanced diversification and portfolio quality with **entry into Europe and Asia**
- Improved **investment grade customer concentration** from 69% to 84%<sup>(1)</sup>

### Accelerating Demand

- **AI trends** driving acceleration in global digital infrastructure demand

1) Based on annualised rent attributable to investment-grade customers, pro forma after adjusting for the acquisition of an incremental 24.9% interest in the Frankfurt Facility which closed in April 2024.

2) Based on Digital Realty's 2025 development CapEx guidance (net of JV partner contributions), excluding land acquisitions and includes Digital Realty's share of JV contributions, of US\$3.0-US\$3.5 billion as at 13 February 2025.

# KEY INVESTMENT HIGHLIGHTS

Dedicated Data Centre S-REIT with Industry-Leading Pipeline Sponsored by Largest Global Owner / Operator

## Digital Transformation Driving Robust Demand

Growing and emerging technology trends driving acceleration in demand for digital infrastructure globally

## High-Quality, Mission-Critical Portfolio

100% freehold data centre portfolio with core assets concentrated in top markets across North America, Europe and Asia Pacific

## Industry-Leading Pipeline for Growth

Sponsored by largest global data centre owner, operator, developer and acquirer, offering attractive global acquisition pipeline

## Best-in-Class Global Data Centre Sponsorship

Industry-leading sponsor with unparalleled global data centre and public company expertise, experience and track record

## Balance Sheet and Asset Base Positioned for Substantial Growth

Prudent capital management strategy with low gearing, potential to fuel outsized growth from a relatively small starting base

## Superior Growth Prospects

Unique opportunity to invest in pure-play data centre S-REIT backed by leading global sponsor primed for growth

# ESG FACTORS AND TARGETS

## Creating a More Sustainable Future

### ENVIRONMENTAL

Managing our impact on the environment through energy and water use optimisation

#### MATERIAL FACTORS

Energy Management

Greenhouse Gas Emissions

Water Management

Physical Impacts of Climate Change

#### TARGETS (1)

-  LEED Silver or equivalent standard
-  Energy Star certification
-  100% renewable energy available to customers
-  Expand adoption of sustainability-aligned (green) lease provisions to all customer contracts
-  Reduce Scope 1 and 2 emissions intensity by 30% per sf by 2030<sup>(2)</sup>
-  Reduce water intensity per sf by 12% by 2030<sup>(2)</sup>
-  ISO management certification

Note: For more details on Digital Core REIT's targets and performance, please refer to the Sustainability Report published on 3 April 2024.

1) All targets pertain to properties within the reporting scope.

2) Relative to 2018 baseline.

### SOCIAL

Giving back to the communities we serve, encouraging employee involvement and engagement

#### MATERIAL FACTORS

Employee Engagement

Diversity and Inclusion

Occupational Health and Safety

#### TARGETS

-  At least 10 training hours per employee annually
-  Minimum 20% female representation on Board
-  Ensure candidate pool includes diverse candidates
-  Maintain healthy and safe work environment with zero work-related injuries, permanent disabilities, fatalities or high-consequence injuries

### GOVERNANCE

Committed to embodying good governance and high ethical standards

#### MATERIAL FACTORS

Business Ethics

Business Model Resilience

Data Security

#### TARGETS

-  High standards and best practices in ethical business conduct with zero incidents of fraud, corruption, bribery or non-compliance with laws and regulations
-  100% successful completion of business ethics annual attestation
-  Enhance business model resilience by incorporating social, environmental and geopolitical considerations into long-term business model planning
-  High standards and best practices in cybersecurity and data protection with no non-compliance with data privacy laws
-  100% successful completion of Annual Security Awareness Training

# CONNECTED DATA CENTRE CAMPUS IN CORE MARKET
