-- Ends --

About Barmenco Limited

Barmenco is an international leader in hard rock underground mining, setting industry benchmarks in safety, service and knowledge.

The company's fleet of approximately 350 major mechanised equipment units is the largest single company owned fleet of underground mechanised equipment in the world.

Now providing services in all facets of underground mining around Australia and internationally, Barmenco was established in 1989 in Kalgoorlie, Western Australia.

Today, Barmenco has approximately 2,500 permanent employees across their Australian and African operations, including joint venture partnerships, and is recognised as one of the leading underground miners globally, delivering an exceptional performance record in safety and service excellence.

Safety is at the core of everything we do. Barmenco leads the underground mining services field in providing the safest working environment for our people. We take pride in our safe work statistics, which consistently outperform those of the world's major mining houses.
