UPDATE ON FIRE INCIDENT OCCURRED ON A VESSEL OWNED BY AN ASSOCIATED COMPANY

The Board of Directors of Federal International (2000) Ltd (the **"Company"** and together with its subsidiaries, the **"Group"**) refers to the announcement made on 26 June 2025 ("**Announcement**"). Further to the Announcement, the Board wishes to provide an update on the assessment of the damage and financial impact arising from the fire incident. Capitalised terms used in this announcement shall have the same meanings as defined in the Announcement unless the context requires otherwise.

To recap, the FSO vessel owned by our 30% held associated company, PTEJ was undergoing a periodic survey at a shipyard in Batam, Indonesia. The fire occurred on board the FSO vessel on 24 June 2025.

Based on our initial on-site assessment together with our Indonesian partner, who owns the remaining 70% interest in PTEJ, the damage caused by the fire incident was contained to only one of the cargo tanks and the incident is not expected to cause delay to the on-going dry-docking and significant consequential costs.

The Company will make further announcements if there are further material developments.

By order of the Board
Mr Koh Kian Kiong
Executive Chairman and Chief Executive Officer

About Federal International (Bloomberg Code: FEDI SP)

Established in 1974 and listed on the mainboard of the Singapore Stock Exchange in 2000, Federal International (2000) Limited ("**Federal**" and together with its subsidiaries, the "**Group**"), is an integrated service provider and procurement specialist in the oil and gas, and energy industries. The Group's main trading business contributes more than 90% of total turnover. The Group's strategy for sustainable growth of the trading business is through forming strategic partnerships. One such partnership is with PT Gunanusa Utama Fabricators ("**PTG**"). PTG is an established EPCIC contractor and its customers include oil majors such as TOTAL, Petronas, ONGC, Pertamina, Saka Sidayu and PTTEP. The Group provides procurement services to PTG for the projects secured by PTG.

The Group also specializes in turnkey fire detection, control and suppression projects which includes the design, engineering, supply, installation and testing & commissioning, servicing and maintenance. Over the years, strategic partnerships with leading global fire detection and suppression manufacturers attest to the Group's professionalism and integrity as a reliable fire suppression solution provider.

In addition, the Group has a design and manufacturing facility located in Scotland, the United Kingdom. The facility is American Petroleum Institute (API) Q1, Spec 6D, ISO 9001:2015 and Pressure Equipment Directive 97/23/EC (PED) certified. Products manufactured also meet the Safety Integrity Level (SIL) Qualification independently certified by Exida. The Group also owns a floating, storage and offloading ("**FSO**") vessel through its 30% interest in an associate. The FSO is chartered to PT Pertamina Hulu Energi OSES.

Over the years, Federal is proud to have been awarded ISO certification, an internationally recognised standard that ensures we meet the needs of our clients through an Integrated Management System.
