

IMG ANNOUNCES COMMERCIAL OPERATIONS OF THE SUR DE TEXAS – TUXPAN MARINE PIPELINE

Mexico City, September 17, 2019 – Infraestructura Marina del Golfo (“**IMG**”), a joint venture between Infraestructura Energética Nova (BMV: IENOVA) (“**IEnova**”) and TC Energy Corporation (TSX: TRP) (NYSE: TRP) (“**TC Energía**”), announces that the Sur de Texas – Tuxpan Marine Pipeline (“**Marine Pipeline**”) has reached commercial operations.

The approximately \$2.6 billion Marine Pipeline is one of the country’s most important infrastructure projects in recent years. With the capacity to transport up to 2.6 billion cubic feet a day of natural gas, the pipeline will increase Mexico’s natural gas import capacity by approximately 40% and help supply areas that currently have a supply deficit.

IEnova affirms its commitment to continue investing in Mexico’s energy infrastructure, as well as to contribute to the country’s economic development and the well-being of the Mexican people.
