## DISRUPTION ON OPERATIONS OF THE PLANTS

---

The Board of Directors (the "**Board**") of Renewable Energy Asia Group Limited (the "**Company**") wish to announce that further to the commissioning of Renewable Energy Asia (Dunhuang) Solar Power Co., Ltd in early January 2015, the production of the power plants have been marred with disruption from disgruntled sub-contractors who have not received their payment from the main contractor.

The management has made police reports and have also sought legal recourse to recover losses suffered as a result of the stoppages in power production caused by these disruptions.

The Board will update shareholders on material developments in due course and the Company will make further announcements as and when there are any subsequent developments hereafter.
