NEWS RELEASE

NERATEL SECURES S$11.7 MILLION WORTH OF CONTRACTS FROM GOVERNMENT ENTITY IN THE MIDDLE EAST & LEADING SERVICE PROVIDER IN SOUTHEAST ASIA

Singapore, July 16, 2018 – Mainboard-listed Nera Telecommunications Ltd ("**NeraTel**", 挪拉电讯, or the "**Group**"), a leading Communications and Network Solutions Provider, announced today that it has clinched a total of S$11.7 million worth of new contracts for both the Network Infrastructure ("**NI**") and Wireless Infrastructure Network ("**WIN**") business segments.

Chief Executive Officer of NeraTel, Mr. Beck Tong Hong (麦东宏), said, "We are pleased to have been awarded contracts from two prominent repeat customers, underscoring our capabilities to offer differentiated value and comprehensive turnkey solutions. Alongside earlier contracts won this year, this will further replenish our total order in-take and contribute positively to our performance, as we continue to press ahead to provide multi-domain technological solutions to our customers."

The S$11.7 million worth of new contracts consists of an S$8.5 million NI contract and a S$3.2 million WIN contract. While the Group will provide internet service infrastructure for a leading service provider in Southeast Asia for the former, NeraTel will also supply microwave links to a Government entity in the Middle East under the scope of the latter WIN contract.

This development follows other contracts won in February 2018, with S$2.2 million worth of IP network equipment contracts awarded by a top-tier repeat customer, a major telecommunications service provider in Singapore; and another S$1.0 million contract win for the design, supply, delivery, installation, maintenance and management of internet service, marking NeraTel's first win with a key telco in Malaysia.

Barring unforeseen circumstances, these new contracts are expected to contribute positively to the Group's financial performance from the financial year ending December 31, 2019.

About Nera Telecommunications Ltd

Established in October 1978 and listed on the SGX Mainboard since July 1, 1999, Nera Telecommunications Ltd ("**NeraTel**") is a leading Communications and Network Solutions Provider. With over 38 years of established track record, the Singapore-headquartered NeraTel has a diversified geographical presence in over 16 countries in Asia-Pacific and the Middle East and North Africa regions.

NeraTel provides a full suite of turnkey network and wireless solutions. Its two business segments work seamlessly to deliver cutting-edge services for the digital world:

- Network Infrastructure ("**NI**") offers a wide range of solutions, services and products to steer secure digital transformation including cloud network infrastructure, network security solutions, IP networks, optical networks and broadcast networks;
- Wireless Infrastructure Networks ("**WIN**") provides integrated wireless network services for Service Providers, ISPs, Broadcasters, Enterprises, Government organisations, as well as the Offshore and Utilities sectors.

With its comprehensive range of customisable solutions, NeraTel empowers its customers to enhance their business processes and deliver new innovative services and business models.
