## **AusGroup awarded Chevron maintenance contract**

AusGroup Limited (SGX: 5GJ) is pleased to announce the award of a five-year maintenance services contract with Chevron Australia Pty Ltd ("Chevron") through its subsidiary AGC Industries Pty Ltd ("AGC"), a leading Australian based construction, maintenance services and fabrication company.

AGC will provide brownfield maintenance and support services to Chevron for the operational phase of its Western Australian assets. The scope of work encompasses maintenance and brownfield execution services. The services will be delivered as part of a five-year multi-discipline contract

The contract will create at least 100 local jobs as well as traineeship and apprenticeship opportunities for the indigenous community through AusGroup's ATSI (Aboriginal and Torres Strait Islander) program.

AusGroup Executive Chairman and Managing Director, Stuart Kenny said: "With our significant history in the downstream maintenance sector across Australia, I am proud that we can continue to work on some of the country's premier oil and gas assets over the next five years.

The award of this contract further strengthens our position as an established maintenance services provider to the oil & gas sector within Australia by extending our broad base of recurring revenue streams."
