SUSTAINABILITY REPORT 2021

ORGANISATION PROFILE

Mercurius Capital is an investment holding company listed on the Catalist board of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”). The Company is principally engaged in property development and property investment, which involves (i) activities such as real estate-related investments and property development activities (including acquisition, development activities and/or sale of real estate) and holding investments in real estate and residential, hospitality (including hotels and/or serviced residence), commercial (retail and office), industrial and any other suitable types of properties (including mixed development properties) (“**Property Related Assets**”); and (ii) acquisition and holding of investments in Property Related Assets, as well as trading in and holding the same for long-term investment purposes (the “**Existing Core Business**”). As at the date of this sustainability report, the Existing Core Business has not commenced.

Apart from property development and property investment, the Company’s business scope also includes, among others, (i) financial investment business activities, (ii) fund management, (iii) advising on corporate finance and providing financial advisory services, (iv) provision of financing and operating leases, and (v) extraction and/or harvesting and supply, trading and distribution in renewable energy products.

In an extraordinary meeting held on 26 April 2022, the shareholders approved the diversification of the Group’s business to include (a) the manufacture, wholesale, distribution, warehousing and logistics, retail and trading of foodstuff, groceries, sundry goods and daily necessities (including without limitation to live, chilled, processed, packaged and/or preserved food products (including ready-to-eat food products and snacks), seafood, fruits and vegetables, meat, bread and pastry products, beverages (alcoholic and non-alcoholic), dairy products, cereals, oils, condiments, snacks, toiletries and personal care products (including over-the-counter medications), housewares, linen and other household products and necessities); and (b) in connection with (a) above, the operation of (i) department stores, mini markets, supermarkets and convenience stores, as well as and online stores and other e-commerce platforms, and (ii) manufacturing, warehousing and logistics facilities, wholesale centres, supply chain and distribution networks (including but not limited to vending machines and smart vending retail kiosks) (the “**Proposed Diversification**”). The details of the Proposed Diversification are set out in the Circular which has been circulated to Shareholders via SGXNET on 11 April 2022. As the Company ventures into the new business, the Company endeavours to expand its future revenue base and offer new business opportunities to enhance shareholders’ value.

The COVID-19 pandemic has continued to affect our joint venture with APEX in Grand Bay to jointly develop the Sheraton Resort (the “**Sheraton Resort**”) in Phuket, Thailand. As a result of the continuing tightening of loan application requirements by the banking and financial institutions, negotiations with potential financial institutions to secure a construction loan for the development of Sheraton Resort are still on hold. The Company and APEX have continued to follow up with other potential financial institutions and investors, and are also exploring other viable options. With the successful implementation the vaccination program worldwide and in Thailand, we observed that the business interests in the development of Phuket as a whole has been returning in early 2022 albeit very slowly, and the Company shall continue to keep shareholders updated on any further developments.
