**PROFIT GUIDANCE ON UNAUDITED FINANCIAL RESULTS FOR THE HALF YEAR ENDED 31 DECEMBER 2025**

---

The Board of Directors (the “Board”) of Tai Sin Electric Limited (the “Company”, and together with its subsidiaries, the “Group”) wishes to announce that, based on a preliminary review of the Group’s unaudited management accounts for the half year ended 31 December 2025 (“1HFY2026”), the Group is expected to report a significant lower net profit for 1HFY2026 compared to the previous corresponding six-month period ended 31 December 2024.

The lower profitability for 1HFY2026 is due primarily to the sudden surge in copper prices towards the end of December 2025 which resulted in a need to make additional provision for onerous contracts. These contracts were secured previously with committed selling prices and as at 31 December 2025, they remained uncompleted.

The Company is in the process of finalising the unaudited financial results of the Group for 1HFY2026. Further details of the Group’s financial performance will be disclosed when the Company announces its unaudited consolidated financial statements for 1HFY2026, via SGXNet, before 14 February 2026.

In the meantime, shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company. When in doubt as to the action they should take, shareholders and potential investors are advised to consult their stockbrokers, bank managers, accountants, solicitors or other professional advisers.
