BOUSTEAD SUBSIDIARY AWARDED DESIGN-AND-BUILD CONTRACT FOR AIRBUS ASIA TRAINING CENTRE

- ***7th aerospace facility undertaken by division at world-class Seletar Aerospace Park***
- ***Boustead Group's order book backlog raised to over S\$315 million***

Singapore, 7 October 2014

Boustead Singapore Limited ("Boustead") is pleased to announce that its wholly-owned subsidiary, Boustead Projects Pte Ltd ("Boustead Projects") – a leading specialist in industrial real estate solutions – has been awarded a contract in excess of S\$20 million to design and build the Airbus Asia Training Centre (the "AATC") for Airbus Asia Training Centre Pte Ltd (a wholly-owned subsidiary of Airbus) to be located at the world-class Seletar Aerospace Park (the "SAP") in Singapore.

The two-floor AATC will be designed with two wings of flight simulator halls, which can accommodate up to 10 full-flight simulators. The AATC will be situated beside the Satair Airbus Singapore Centre at the SAP, another aerospace project that was completed by Boustead Projects.

The AATC is the 15th aerospace project undertaken by Boustead Projects and its 7th aerospace project at the 320-hectare SAP, an integrated aerospace hub which is currently home to numerous global aerospace corporations.

Managing Director of Boustead Projects, Thomas Chu said, "We are delighted to support repeat client, Airbus in the delivery of its state-of-the-art fully-dedicated Airbus Asia Training Centre at the Seletar Aerospace Park."

The latest contract will raise the Boustead Group's order book backlog (as at the end of June plus new orders since) to over S\$315 million.

This contract is not expected to have a material impact on the profitability, earnings per share or net tangible asset value per share of the Boustead Group in the current financial year ending 31 March 2015.

None of the Directors or controlling shareholders of Boustead has any interest, direct or indirect, in the above contract.

By Order of the Board

Alvin Kok
Company Secretary
