Dear Sir/Madam,

(I) THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

(II) THE PROPOSED RENEWAL OF THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. INTRODUCTION

1.1 The Company has on 12 April 2024 issued the notice of AGM convening the AGM to be held on 29 April 2024 at 10 a.m. at 3 Little Road, #02-01 CRF Building, Singapore 536982 to seek Shareholders' approval for, *inter alia*:

(a) the proposed renewal of the Share Buyback Mandate; and

(b) the proposed renewal of the IPT General Mandate,

(together, the "**Proposed Resolutions**").

1.2 The purpose of this Appendix is to provide Shareholders with information relating to, and to seek Shareholders' Approval for the Proposed Resolutions. The notice of AGM is set out on pages 101 to 108 of the Annual Report.

1.3 The Sponsor and the SGX-ST assume no responsibility for the accuracy of any of the statements or opinions expressed, or reports contained in this Appendix.

2. THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

2.1 Introduction

Under the Companies Act, companies are allowed to purchase or otherwise acquire their own shares if their constitution expressly permits them to do so, provided that any such purchase or acquisition is made in accordance with and in the manner prescribed by their constitution, the Companies Act, the Catalist Rules, the Take-over Code and such other laws and regulations as may for the time being be applicable ("**Share Buybacks**"). Regulation 13 of the Constitution expressly permits the Company to purchase or otherwise acquire its issued Shares. As the Company will be listed on Catalist, apart from the Companies Act, it is also required to comply

with Part XI of Chapter 8 of the Catalist Rules, which relates to the purchase or acquisition by an issuer of its own shares.

On 20 April 2023, the Shareholders had approved, *inter alia*, the adoption of the Share Buyback Mandate, which was subsequently renewed on 28 April 2023. The authority contained in the Share Buyback Mandate which was renewed on 28 April 2023 was expressed to continue in force until the conclusion of the next AGM and, as such, would be expiring on 29 April 2024, being the date of the forthcoming AGM. Accordingly, the Directors propose that the Share Buyback Mandate be renewed at the forthcoming AGM.

If approved by the Shareholders at the AGM, the authority conferred by the Share Buyback Mandate will continue in force until the earliest of (a) the conclusion of the next AGM or the date by which such AGM is required by the applicable law in Singapore or the Constitution to be held; (b) the date on which the Share Buybacks are carried out to the full extent mandated; or (c) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting (“**SBB Relevant Period**”).

2.2 Rationale for the Share Buyback Mandate

The Company is proposing to undertake the purchase or acquisition of its Shares for the following reasons:

- (a) in managing the business of the Group, the management of the Company and the Group strive to increase Shareholders’ value by improving, amongst others, the return on equity of the Group, which the Share Buybacks may enhance;
- (b) Share Buybacks allow the Company to mitigate short-term market volatility in the price of its Shares, offset the effects of short-term price speculation, and bolster Shareholders’ confidence. For illustration purposes, the Company may undertake Share Buybacks, in the event the Directors are of the view that the price per Share at such time is undervalued taking into consideration, among others, the future earnings and NAV per Share of the Company;
- (c) to the extent that the Company has capital and surplus funds which are in excess of its financial needs, taking into account its growth and expansion plans, Share Buybacks facilitate the efficient return of excess cash and surplus funds to Shareholders in an expedient, effective and cost-efficient manner and allow the Company greater flexibility to manage its share capital structure, dividend payout and cash reserves as well as to maximise Shareholders’ returns;
- (d) Shares purchased or acquired under the Share Buyback Mandate may be held by the Company as Treasury Shares to satisfy the Company’s obligations to furnish Shares to participants in any share-based incentive schemes we may implement from time to time, thus giving the Company greater flexibility to select the method of providing Shares to employees that is most beneficial to the Company and Shareholders; and
- (e) Directors may utilise Shares purchased or acquired under the Share Buyback Mandate and held as Treasury Shares to be sold for cash or transferred as consideration for the acquisition of shares in or assets of another company or assets of a person, which may be less dilutive in respect of Shareholder’s interests in the share capital of the Company than if new Shares were issued for such purposes.

Shareholders should note that notwithstanding the above, Share Buybacks pursuant to the Share Buyback Mandate will only be undertaken when the Directors are of the view that such purchases or acquisitions of Shares are beneficial to the Company and/or Shareholders.

2.3 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares that may be purchased or acquired is limited to the number of Shares representing not more than 10% of the issued ordinary shares of the Company as at the date of the AGM at which the Share Buyback Mandate is approved, unless the Company has effected a reduction of its share capital in accordance with the Companies Act at any time during the SBB Relevant Period, in which event the total number of Shares of the Company shall be taken to be the total number of Shares of the Company as altered (the “**Maximum Percentage**”). For purposes of calculating the Maximum Percentage, any of the Shares which are held as Treasury Shares or Subsidiary Holdings will be disregarded.

For illustrative purposes only, on the basis of 169,137,900 Shares in issue as at the Latest Practicable Date (excluding 262,100 Treasury Shares) and assuming that (a) no further Shares are issued on or prior to the AGM; and (b) no further Shares are purchased and held as Treasury Shares, the maximum number of Shares which may be purchased or acquired by the Company pursuant to the Maximum Percentage under the Share Buyback Mandate is 16,913,790 Shares.

As at the Latest Practicable Date, 262,100 Shares are held by the Company as Treasury Shares and there are no Subsidiary Holdings.

While the Share Buyback Mandate would authorise a purchase or acquisition of Shares up to the Maximum Percentage, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buyback Mandate may not be undertaken up to the Maximum Percentage as authorised. In particular, the Directors will not undertake any Share Buybacks under circumstances where doing so would have a material adverse effect on the free float, liquidity, orderly trading of the Shares and/or financial position of the Company and/or the Group.

2.4 Authority and Duration of Authority

Any purchase or acquisition of Shares by the Company would have to be made in accordance with and in the manner prescribed by the Companies Act and the Catalist Rules and such other laws and regulations as may for the time being be applicable.

The Company is also required to obtain approval of Shareholders at a general meeting if it wishes to purchase or acquire its own Shares. Share Buybacks under the Share Buyback Mandate may be made, at any time and from time to time, commencing on and from the date of the AGM, at which the renewal of the Share Buyback Mandate is approved, and expiring on the earlier of:

- (a) the conclusion of the next AGM or the date by which such AGM is required by the applicable law in Singapore or the Constitution to be held;
- (b) the date on which the Share Buybacks are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting.

The Share Buyback Mandate may be renewed at each AGM or any other general meeting of the Company.

2.5 Manner of Share Buybacks

If and when circumstances permit, the Directors may decide to effect Share Buybacks by way of:

- (a) an on-market purchase, transacted through the SGX-ST's trading system or any other stock exchange on which the Shares may for the time being be listed and quoted (as the case may be), through one or more duly licensed stockbrokers appointed by the Company for such purpose ("**Market Purchase**"); and/or
- (b) an off-market purchase (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s), as defined in Section 76C of the Companies Act ("**Off-Market Purchase**").

In an Off-Market Purchase, the Directors may impose such terms and conditions, which are consistent with the Share Buyback Mandate, the Catalist Rules and the Companies Act, as they consider fit in the interests of the Company, in connection with or in relation to such equal access scheme(s). Under the Companies Act, an Off-Market Purchase must satisfy all the following conditions:

- (a) offers for the Share Buybacks must be made to every person who holds issued Shares to purchase or acquire the same percentage of their Shares;
- (b) each person as set out in sub-paragraph (a) must be given a reasonable opportunity to accept the offers made; and
- (c) the terms of the offers must be the same, except that there shall be disregarded:
 - (i) differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements;
 - (ii) (if applicable) differences in consideration attributable to the fact that offers relate to Shares with different amounts remaining unpaid; and
 - (iii) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, Rule 870 of the Catalist Rules provides that, in making an Off-Market Purchase, the Company must issue an offer document to all Shareholders which must contain at least the following information:

- (a) terms and conditions of the offer;
- (b) period and procedures for acceptances;
- (c) the reasons for the proposed Share Buyback;
- (d) the consequences, if any, of the Share Buyback by the Company that will arise under the Take-over Code or other applicable takeover rules;

- (e) whether the Share Buyback, if made, could affect the listing of the Shares on the SGX-ST;
- (f) details of any Share Buybacks made by the Company in the previous 12 months (whether Market Purchases or Off-Market Purchases in accordance with an equal access scheme), giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases; and
- (g) whether the Shares purchased by the Company will be cancelled or kept as Treasury Shares.

2.6 Maximum Purchase Price

The purchase price of the Shares (excluding brokerage, commissions, stamp duties, applicable goods and services tax, clearance fees and other related expenses of the Share Buyback) under a Share Buyback will be determined by the Directors, but in any case cannot exceed, in respect of each Share:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined below) of the Shares; and
- (b) in the case of an Off-Market Purchase, 120% of the Average Closing Price (as defined below) of the Shares,

(the “**Maximum Price**” in either case).

For the purposes of determining the Maximum Price,

“**Average Closing Price**” means the average of the closing market prices of the Shares over the last five (5) Market Days, on which transactions in the Shares were recorded (a) (in the case of a Market Purchase) immediately preceding the day of the Market Purchase, or (b) (in the case of an Off-Market Purchase) immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase, being the day on which the Company announces its intention to make an Off-Market Purchase from Shareholders, stating the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase, and in either case, deemed to be adjusted for any corporate action that occurs during the relevant five (5) Market Day period and the day on which such purchases are made.

2.7 Status of Purchased Shares and Cancellation

At the time of each Share Buyback, the Company may decide whether the Shares purchased will be (a) cancelled; (b) held as Treasury Shares in accordance with the Companies Act; or (c) partly cancelled and partly kept as Treasury Shares, depending on the needs of the Company and as the Directors deem fit in the interests of the Company at that time.

A Share purchased or acquired by the Company under the Share Buyback Mandate shall be deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation), unless such Share is held by the Company as a Treasury Share in accordance with the Companies Act. All such cancelled

Shares will also be automatically delisted by the SGX-ST, and (where applicable) all certificates in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such Share Buyback. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company under the Share Buyback Mandate, which are not held as Treasury Shares, and deemed cancelled.

2.8 Purchased Shares may be Held as Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as Treasury Shares. Some of the provisions on Treasury Shares under the Companies Act are summarised below:

2.8.1 Maximum Holdings

The aggregate number of Shares held by the Company as Treasury Shares following Share Buybacks cannot at any time exceed 10% of the total number of issued Shares at that time. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with the applicable provisions of the Companies Act.

In the event that the Company holds more than 10% of the total number of issued Shares as Treasury Shares, the Company shall dispose of or cancel the excess Treasury Shares in the manner set out under paragraph 2.8.3 below within six (6) months beginning with the day on which that contravention occurs, or such further period as the Registrar may allow.

2.8.2 Voting and Other Rights

Pursuant to the Companies Act, the Company cannot exercise any right in respect of Treasury Shares and any purported exercise of such right is void. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote in respect of the Treasury Shares and the Treasury Shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members on a winding up) may be made to the Company in respect of Treasury Shares. However, the allotment of shares as fully paid bonus shares in respect of Treasury Shares is allowed. In addition, the subdivision of any Treasury Shares into Treasury Shares of a larger amount, or consolidation of any Treasury Shares into Treasury Shares of a smaller amount, is allowed so long as the total value of the Treasury Shares after the subdivision or consolidation is the same as the total value of the Treasury Shares before the subdivision or consolidation, as the case may be.

2.8.3 Disposal and Cancellation

Where any Shares purchased or acquired under Share Buybacks are held by the Company as Treasury Shares, the Company may at any time:

- (a) sell the Treasury Shares for cash;
- (b) transfer the Treasury Shares for the purposes of, or pursuant to, any share schemes, whether for employees, Directors or other persons;

- (c) transfer the Treasury Shares as consideration for the acquisition of Shares in, or assets of, another company or assets of a person;
- (d) cancel the Treasury Shares; or
- (e) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister for Finance of Singapore.

Under Rule 704(31) of the Catalist Rules, an immediate announcement must be made of any sale, transfer, cancellation and/or use of Treasury Shares. Such announcement must include details including the following:

- (a) the date of the sale, transfer, cancellation and/or use of such Treasury Shares;
- (b) the purpose of such sale, transfer, cancellation and/or use of such Treasury Shares;
- (c) the number of Treasury Shares which have been sold, transferred, cancelled and/or used;
- (d) the number of Treasury Shares before and after such sale, transfer, cancellation and/or use;
- (e) the percentage of the number of Treasury Shares against the total number of issued Shares (of the same class as the Treasury Shares) which are listed before and after such sale, transfer, cancellation and/or use; and
- (f) the value of the Treasury Shares if they are used for a sale or transfer, or cancelled.

The Company will make the foregoing announcements required under the Catalist Rules in respect of any sale, transfer, cancellation and/or use of the Treasury Shares as and when appropriate.

2.9 Source of Funds for Share Buyback

For the purposes of purchasing or acquiring Shares under the Share Buyback Mandate, the Company may only apply funds legally available for such purchase in accordance with the Companies Act, its Constitution and the applicable laws in Singapore. The Company may not purchase or acquire Shares for a consideration to be satisfied in any manner other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the Catalist Rules. As stated in the Companies Act, payment of consideration in respect of Share Buybacks by the Company may be made out of the Company's profits or capital so long as the Company is solvent.

Pursuant to Section 76F(4) of the Companies Act, the Company is solvent if:

- (a) there is no ground on which the Company could be found to be unable to pay its debt;
- (b) if (i) it is intended to commence winding up of the Company within the period of 12 months immediately after the date of the payment, the Company will be able to pay its debts in full within the period of 12 months after the date of commencement of the winding up; or (ii) it is not intended to commence winding up, the Company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of the payment; and

- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase, acquisition, variation or release (as the case may be), become less than the value of its liabilities (including contingent liabilities).

In determining whether the Company is solvent, the Directors must have regard to the most recent audited financial statements, other relevant circumstances, and may rely on valuations or estimates of assets or liabilities. In determining the value of contingent liabilities, the Directors may take into account the likelihood of the contingency occurring, as well as any counter-claims by the Company.

When Shares are purchased or acquired, and cancelled:

- (a) if the Shares are purchased or acquired entirely out of the capital of the Company, the Company shall reduce the amount of its share capital by the total amount of the purchase price paid by the Company for the Shares (including brokerage, commissions, stamp duties, applicable goods and services tax, clearance fees and other related expenses of the Share Buyback) (the "**Purchase Price**") and the amount available for the distribution of dividends by the Company will not be reduced;
- (b) if the Shares are purchased or acquired entirely out of profits of the Company, the Company shall reduce the amount of its profits and the amount available for distribution of dividends by the Purchase Price; or
- (c) where the Shares are purchased or acquired out of both the capital and the profits of the Company, the Company shall reduce the amount of its share capital and profits proportionately by the Purchase Price.

The Company may use internal sources of funds, or a combination of internal resources and external borrowings, to finance the Share Buybacks pursuant to the Share Buyback Mandate.

The Directors do not propose to exercise the Share Buybacks in a manner and to such extent that the financial position of the Group would be materially adversely affected. The purchase or acquisition of Shares under the Share Buyback Mandate will only be effected after considering relevant factors such as working capital requirements, availability of financial resources, expansion plans of the Group and the prevailing market conditions.

2.10 Financial Effects of the Share Buyback Mandate

Bases and Assumptions

Shareholders should note that the financial effects illustrated below are for illustration purposes only. In particular, it is important to note that the financial analyses set out below are based on the audited financial statements for FY2023 and are not necessarily representative of future financial performance of the Company and/or the Group. While the Share Buyback Mandate would authorise a purchase or acquisition of Shares up to the Maximum Percentage, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buyback Mandate may not be undertaken up to the full 10% limit of the Maximum Percentage as authorised.

It is not possible for the Company to realistically calculate or quantify the impact or financial effects of any potential Share Buyback(s) as such effects would depend on factors such as the aggregate number of Shares purchased or acquired under the Share Buyback Mandate, the purchase prices paid at the relevant time, and the amount (if any) borrowed by the Company to fund the Share Buybacks(s), whether the purchase or acquisition is made out of profits or capital, and whether the Shares so purchased or acquired are held in treasury or cancelled. It should be noted that where the purchase or acquisition is made out of profits, the purchase price paid by the Company for the Shares (including brokerage, commissions, stamp duties, applicable goods and services tax, clearance fees and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company.

As stated, the Directors do not propose to exercise the Share Buyback Mandate in a manner and to such extent that the liquidity and capital adequacy position of the Group would be materially and adversely affected. The Share Buybacks will only be effected after considering relevant factors such as the working capital requirement, availability of financial resources, the expansion and investment plans of the Group, and prevailing market conditions. The proposed Share Buyback Mandate will be exercised with a view to enhance the EPS and/or NAV per Share of the Group.

For illustrative purposes only, the financial effects presented below are based on the following assumptions:

- (a) the Share Buyback Mandate had been effective on 1 January 2023;
- (b) the maximum number of Shares which may be acquired by the Company pursuant to the Share Buyback Mandate is 16,913,790 Shares;
- (c) in the case of Market Purchases by the Company and assuming that the Company purchases or acquires 16,913,790 Shares at the Maximum Price of S\$0.415 for each Share (being the price equivalent to 105% of the Average Closing Market Price of the Shares for the five (5) Market Days on which transactions in the Shares were recorded immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 16,913,790 Shares is approximately S\$7.02 million;
- (d) in the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires 16,913,790 Shares at the Maximum Price of S\$0.474 for each Share (being the price equivalent to 120% of the Average Closing Market Price of the Shares for the five (5) Market Days on which transactions in the Shares were recorded immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 16,913,790 Shares is approximately S\$8.02 million;
- (e) the Share Buybacks are funded solely by the Company from external long-term borrowings;
- (f) the Share Buybacks had taken place on 1 January 2023 for the purpose of computing the financial effects of the EPS of the Group;
- (g) the Share Buybacks had taken place on 31 December 2023 for the purpose of computing the financial effects on Shareholders' equity, NTA per Share and gearing of the Company and the Group; and

- (h) transaction costs incurred during the Share Buybacks pursuant to the Share Buyback Mandate are assumed to be insignificant and have thus been ignored for the purpose of computing the financial effects.

For illustrative purposes only and based on the above assumptions, the financial effects of:

- (a) the acquisition of 16,913,790 Shares by the Company in a Market Purchase or an Off-Market Purchase pursuant to the Share Buyback Mandate by way of purchases made entirely out of capital, such Shares being thereafter cancelled ("**Scenario A**"); and
- (b) the acquisition of 16,913,790 Shares by the Company in a Market Purchase or an Off-Market Purchase pursuant to the Share Buyback Mandate by way of purchases made entirely out of capital, the maximum number of Shares permitted under the Companies Act being thereafter held by the Company as Treasury Shares and the balance being cancelled ("**Scenario B**"),

on the audited financial results of the Group and the Company for FY2023, are set out below:

- (1) NTA per Share equals NTA divided by the total number of issued Shares (excluding Treasury Shares) as at 31 December 2023.
- (2) Gearing equals total borrowings divided by total equity.
- (3) Current ratio is calculated based on current assets divided by current liabilities.
- (4) EPS is calculated based on profit for the year attributable to the owners of the Company (net of tax), divided by the weighted average number of Shares as at 31 December 2023.

Shareholders should note that the financial effects set out above, based on the respective aforesaid assumptions, are for illustrative purposes only and for the avoidance of doubt, the Company does not intend to buy back shares from external long-term borrowings. In particular, it is important to note that the above analysis is based on the Group's and the Company's audited financial statements for FY2023, and is not representative of the future financial performance of the Group and/or the Company.

It should be noted that although the Share Buyback Mandate would authorise the Company to purchase or otherwise acquire up to 10% of the issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or otherwise acquire the entire 10% of the issued Shares. In addition, the Company may cancel, or hold as Treasury Shares, all or part of the Shares purchased or otherwise acquired. The Company will take into account both financial and non-financial factors (for example, stock market conditions and the performance of the Shares) and whether such Share Buybacks would represent the most efficient and cost-effective approach to enhance the Shareholders' value. Share Buybacks will only be made if the Board believes that such purchase and/or acquisition of Shares will benefit the Company and increase economic value for Shareholders.

2.11 Other Applicable Catalist Rules and Legislation

2.11.1 Reporting requirements under Catalist Rules

Rule 871 of the Catalist Rules specifies that a listed company shall announce all purchases or acquisitions of its shares via SGXNET not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day on which it purchased or acquired any of its shares; and
- (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer.

Such announcement must be in the form of Appendix 8D (Daily Share Buy-back Notice) of the Catalist Rules. The Company will make the above announcements pursuant to the Catalist Rules as and when appropriate.

In addition, within 30 days of the passing of a Shareholders' ordinary resolution to approve any Share Buyback, the Company shall lodge a copy of such resolution with ACRA.

The Company shall notify ACRA, using the prescribed form, within 30 days of a Market Purchase or otherwise. Such notification shall include details of the Share Buyback, such as the date of the Share Buyback, the total number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as Treasury Shares, the Company's issued share capital before and after the Share Buyback, the amount of consideration paid by the Company for the Share Buyback, whether the Shares were purchased or acquired out of the profits or the capital of the Company, and such other particulars as may be required by ACRA in the prescribed form.

2.11.2 Restrictions on Share Buybacks

While the Catalist Rules do not expressly prohibit any purchase or acquisition of shares by a listed company during any particular time on the basis that the listed company would be regarded as an "insider" in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate at any time after any matter or development of a price-sensitive nature has occurred or has been the subject of consideration and/or a decision of the Board until such price-sensitive information has been publicly announced.

Further, in conformity with the best practices on dealing with securities under the Catalist Rules, the Company will not purchase or acquire any Shares during the period commencing one (1) month immediately preceding the announcement of the Company's half year and full year financial statements.

2.11.3 Free float

The Company will ensure that any Shares purchased or acquired by the Company under the Share Buyback Mandate will not result in a fall in the percentage of Shares held by the public (as defined in the Catalist Rules) to below 10% of the total number of issued Shares (excluding Treasury Shares, preference shares and convertible equity securities). For the purposes above, the Catalist Rule defines the "public" as persons other than the Directors, CEO of the Company, Substantial Shareholders or Controlling Shareholders of the Company and its subsidiaries, as well as the associates of such persons.

The Company does not have any individual shareholding limit or foreign shareholding limit. As at the Latest Practicable Date, approximately 22.43% of the issued Shares are held by public Shareholders. Assuming that the Company purchases or acquires Shares up to the Maximum Percentage from members of the public, approximately 21,024,110 Shares representing approximately 13.81% of the Shares (excluding Treasury Shares) would be in the hands of the public, which will continue to meet the free float requirements of the Catalist Rules.

Accordingly, the Directors are of the view that there will be a sufficient number of Shares in issue held by the public if the Company undertakes purchases of Shares up to the Maximum Percentage pursuant to the Share Buyback Mandate, without affecting the listing status of the Shares on the SGX-ST, and the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to adversely affect the orderly trading of the Shares.

The Directors will ensure that the Company does not effect buy-back of Shares if the buy-back would result in the number of Shares remaining in the hands of the public to fall to such a level as to (a) affect the listing status of the Company; (b) cause market illiquidity of the Shares; or (c) affect the orderly trading of the Shares.

2.12 Take-Over Code Implications

2.12.1 Obligation to make a take-over offer

Pursuant to the Take-over Code, an increase of a Shareholder's proportionate interest in the voting rights of the Company resulting from a Share Buyback by the Company will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code.

Rule 14.1 of the Take-over Code requires, *inter alia*, that, except with the consent of the SIC, where:

- (a) any person acquires whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more of the voting rights of a company; or
- (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights and such person, or any person acting in concert with him, acquires in any period of six (6) months additional shares carrying more than 1% of the voting rights,

such person must extend offers immediately, on the basis set out above and in Rule 14.1 of the Take-over Code, to the holders of any class of share capital of the company which carries votes and in which such person, or persons acting in concert with him, hold shares. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

In calculating the percentages of the voting rights of such person and his concert parties, Treasury Shares shall be excluded.

2.12.2 Persons acting in concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), cooperate, through

the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons will, amongst others, be presumed to be acting in concert with each other under the Take-over Code:

- (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (b) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the foregoing companies, and any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons for the purchase of voting rights. For this purpose, a company is an associated company of another company if the second company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis;
- (e) a financial or other professional adviser, with its clients in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer where they have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, and any person who is accustomed to act according to the instructions and companies controlled by any of the foregoing and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons for the purchase of voting rights.

The circumstances under which Shareholders (including Directors) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

2.12.3 Effect of Rule 14 and Appendix 2 of the Take-over Code

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, the Directors and persons acting in concert with them will incur an obligation to make a take-over offer for the Company under Rule 14 if, as a result of the Company purchasing or acquiring Shares, (a) the voting rights of such Directors and their concert parties would increase to 30% or more, or (b) (if the voting rights of such Directors and their concert parties fall between 30% and 50% of the Company's voting rights) the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six (6) months, but excluding Treasury Shares in the calculation of such percentages of voting rights.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares, (a) the voting rights of such Shareholder in the Company would increase to 30% or more, or (b) (if such Shareholder holds between 30% and 50% of the Company's voting rights) the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months.

Shareholders (including Directors) and their concert parties who hold more than 50% of the Company's voting rights are under no obligation to make a take-over offer if the voting rights of such Shareholders and their concert parties were to increase as a result of the Company purchasing or acquiring Shares.

If the Company decides to cease the Share Buybacks before it has purchased in full such number of Shares authorised by Shareholders, the Company will promptly inform Shareholders of such cessation. This will assist Shareholders to determine if they can buy any more Shares without incurring an obligation under Rule 14 of the Take-over Code.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under the Take-over Code as a result of any purchase or acquisition of Shares by the Company should consult their professional advisers and/or SIC and/or other relevant authorities at the earliest opportunity.

2.12.4 Application of the Take-over Code

Mr. Sun Renwang (who is also the Non-Independent Non-Executive Chairman) holds 65,600,000 Shares, representing approximately 38.78% of the issued share capital of the Company (excluding Treasury Shares) as at the Latest Practicable Date. Mr. Xu Ruibing (who is also the Executive Director and CEO) holds 65,600,000 Shares, representing approximately 38.78% of the issued share capital of the Company (excluding Treasury Shares) as at the Latest Practicable Date.

Assuming that the Company purchases the Maximum Percentage of Shares pursuant to the Share Buyback Mandate from members of the public, and assuming further that there is no change in the number of Shares held by Mr. Sun Renwang and Mr. Xu Ruibing or any parties acting in concert with either of them, the respective interests of Mr. Sun Renwang and Mr. Xu Ruibing would respectively increase from 38.78% to 43.09% of the issued share capital of the Company. Accordingly, under the Take-over Code, each of Mr. Sun Renwang and Mr. Xu Ruibing and their respective concert parties (the "**Relevant Parties**") would become obliged to make a general offer under the Take-over Code for the Shares not owned by them, if as a result of the exercise of the Share Buyback Mandate, their interest in the voting rights of the Company increase by more than 1% within a six (6)-month period.

2.12.5 Conditions for exemption from having to make a general offer under Rule 14 of the Take-over Code

Pursuant to Section 3(a) of Appendix 2 of the Take-over Code, the Relevant Parties will be exempted from the requirement to make a general offer under Rule 14 of the Take-over Code as a result of any Share buyback carried out by the Company pursuant to the Share Buyback Mandate, subject to the following conditions:

- (a) the circular to Shareholders seeking their approval for the Share Buyback Mandate contains advice to the effect that by voting for the resolution to approve the proposed renewal of Share Buyback Mandate, Shareholders are waiving their right to a general offer

at the required price from the Relevant Parties; and the names and voting rights of the Relevant Parties as at the time of the resolution and after the Company exercises the power under the Share Buyback Mandate;

- (b) the resolution to approve the Share Buyback Mandate is approved by a majority of Shareholders who are present and voting at the AGM on a poll who could not become obliged to make an offer as a result of the Share Buyback;
- (c) the Relevant Parties abstain from voting for and/or recommending Shareholders to vote in favour of the resolution to approve the Share Buyback Mandate;
- (d) within seven (7) days after the passing of the resolution to approve the Share Buyback Mandate, each of Mr. Sun Renwang and Mr. Xu Ruibing submits to the SIC a duly signed form as prescribed by the SIC; and
- (e) the Relevant Parties have not acquired and will not acquire any Shares between the date on which they know that the announcement of the Share Buyback Mandate is imminent and the earlier of:
 - (i) the date on which the authority of the Share Buyback Mandate expires; and
 - (ii) the date on which the Company announces it has brought back such number of Shares as authorised by the Share Buyback Mandate or it has decided to cease buying back its Shares, as the case may be,

if such acquisitions, taken together with the Share Buyback, would cause their aggregate voting rights to increase by more than 1% in the preceding six (6) months.

Form 2 submission to the SIC

Form 2 (Submission by directors pursuant to Appendix 2 “Share Buy-Back Guidance Note” of the Take-over Code) is the prescribed form to be submitted to the SIC by a director acting in concert with a shareholder of a listed company who could become obliged to make a general offer under Rule 14 of the Take-over Code as a result of the buyback of shares by a listed company under its share buyback mandate.

As at the Latest Practicable Date, each of Mr. Sun Renwang and Mr. Xu Ruibing has informed the Company that he will be submitting Form 2 to the SIC within seven (7) days after the passing of the resolution relating to the renewal of the Share Buyback Mandate.

2.12.6 Advice to Independent Shareholders

Shareholders should note that by voting for the renewal of the Share Buyback Mandate, they are waiving their rights to a general offer at the required price from the Relevant Parties in the circumstances set out above. Such a general offer, if required to be made and had not been exempted by the SIC, would have to be made in cash or be accompanied by a cash alternative at the required price.

To the best of their knowledge, save as disclosed, the Directors are not aware of any fact(s) or factor(s) which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded as, parties acting in concert such that their respective interests in voting shares in the capital of the Company should or ought to be consolidated, and consequences under Rule

14 of the Take-over Code would ensue as a result of a purchase of Shares by the Company pursuant to the Share Buyback Mandate.

Appendix 2 of the Take-over Code requires that the resolution to authorise the Share Buyback Mandate be approved by a majority of those Shareholders present and voting at the meeting on a poll who could not become obliged to make an offer under the Take-over Code as a result of the Share Buybacks by the Company pursuant to the Share Buyback Mandate.

2.12.7 Tax implications

Shareholders who are in doubt as to their respective tax positions in respect of, or the tax implications of a Share Buyback by the Company or who may be subject to tax, whether in or outside Singapore, should consult their own professional advisers.

3. THE PROPOSED RENEWAL OF THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

3.1 Background

The Company had, on 28 April 2023, sought and obtained the approval of Shareholders for the IPT General Mandate to enable the EAR Group to enter into the Mandated Interested Person Transactions in the ordinary course of business with Mandated Interested Persons, provided that such transactions are made on normal commercial terms and in accordance with the review procedures set out in Annex A to this Appendix.

The current IPT General Mandate was adopted and approved on 20 April 2023, and renewed on 28 April 2023, and was expressed, unless revoked or varied by the Company in a general

meeting, to continue to be in force until the next AGM which is scheduled to be held on 29 April 2024. It is intended that approval from Shareholders will be sought for the renewal of the IPT General Mandate on an annual basis, subject to satisfactory review by the Audit Committee of its continued application to the Mandated Interested Person Transactions with the Mandated Interested Persons.

The renewed IPT General Mandate will take effect from the passing of the ordinary resolution relating to it at the forthcoming AGM and will (unless revoked or varied by the Company in a general meeting) continue in force until the conclusion of the next AGM of the Company. Approval from the Shareholders will be sought for the renewal of the IPT General Mandate at the next AGM and at each subsequent AGM of the Company, subject to the satisfactory review by the Audit Committee of its continued relevance and application to the Mandated Interested Person Transactions with the Mandated Interested Persons and confirms that the methods or review procedures for the Mandated Interested Person Transactions with the Mandated Interested Persons are sufficient to ensure that the transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Company and/or its minority Shareholders.

The IPT General Mandate, including the rationale for, and the benefits to the Company, the Mandated Interested Persons, the Mandated Interested Person Transactions, the review procedures for determining transaction prices and other general information relating to the Chapter 9 of the Catalist Rules, are set out in the Annex A to this Appendix. The terms of the IPT General Mandate which is sought to be renewed remain unchanged. There is no change in the categories of transactions, entities at risk and interested persons in the proposed renewal of the IPT General Mandate.

3.2 Audit Committee Confirmation

The Audit Committee of the Company, comprising Mr. Chua Siong Kiat, Mr. Kong Chee Keong and Mr. Goh Siong Pheck Francis, confirms that:

- (a) The review procedures as set out in Paragraph 7 of Annex A to this Appendix, including the methods or procedures for determining the transaction prices under the IPT General Mandate, have not changed since the Company's Listing; and
- (b) the methods or procedures referred to in Paragraph 3.2(a) above remain sufficient to ensure that the transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

If, during the periodic reviews by the Audit Committee, the Audit Committee is of the view that the review procedures as set out in Paragraph 7 of Annex A to this Appendix are inadequate or inappropriate to ensure that the Mandated Interested Person Transactions will be carried out on normal commercial terms, or that the Mandated Interested Person Transactions will be prejudicial to the interests of the Company and its minority Shareholders, or in the event of any amendment to Chapter 9 of the Catalist Rules, it will in consultation with the Board take such action as it deems proper in respect of such procedures, modify or implement such procedures as may be necessary and direct the Company to revert to Shareholders for a fresh mandate based on new guidelines and procedures for transactions with interested persons.

3.3 Disclosure

Disclosure will be made in the Company's annual report of the aggregate value of all interested person transactions conducted with interested persons pursuant to the IPT General Mandate during the current financial year, and in the annual reports for subsequent financial years during which the IPT General Mandate will continue in force, in accordance with the requirements of Chapter 9 of the Catalist Rules. The Company will also announce the aggregate value of

transactions conducted pursuant to the IPT General Mandate for the financial periods that it is required to report on pursuant to Rule 705 of the Catalist Rules and within the time period required for the announcement of such report.

Executive Director and Chief Executive Officer

ANNEX A – GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. Chapter 9 of the Catalist Rules

- 1.1 Chapter 9 of the Catalist Rules governs transactions between a listed company, as well as transactions by its subsidiaries and associated companies that are considered to be “at risk”, with the listed company’s interested persons.
- 1.2 Terms such as “**interested person**”, “**associate**”, “**associated company**”, “**controlling shareholder**”, “**entity at risk**”, “**interested person transaction**” and “**transaction**” shall have the meanings given to them in the Catalist Rules.
- 1.3 Any transaction which is below S\$100,000 in value and certain transactions which, by reason of the nature of such transactions, are not considered to put the listed company at risk to its interested person are excluded from the ambit of Chapter 9 of the Catalist Rules. However, while transactions below S\$100,000 are not normally aggregated, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one transaction having regard to the objective of Chapter 9 of the Catalist Rules and the economic and commercial substance of the interested person transaction, instead of legal form and technicality. When Chapter 9 applies to a transaction with an interested person and the value of the transaction alone or in aggregate with other transactions conducted with the same interested person during the financial year reaches or exceeds certain materiality thresholds (which are based on the group’s latest audited NTA), the listed company is required to make an immediate announcement, or to make an immediate announcement and seek shareholders’ approval for the transaction.

An immediate announcement is required for an interested person transaction of a value equal to, or exceeding:

- (a) 3% of the group’s latest audited NTA; or
- (b) 3% of the group’s latest audited NTA, when aggregated with the value of all other transactions entered into with the same interested person during the same financial year.

Shareholders’ approval (in addition to an immediate announcement) is required for an interested person transaction of a value equal to, or exceeding:

- (a) 5% of the group’s latest audited NTA; or
- (b) 5% of the group’s latest audited NTA, when aggregated with the value of all other transactions entered into with the same interested person during the same financial year.

- 1.4 For illustrative purposes only, based on the latest audited consolidated financial statements of the Company and its subsidiaries for FY2023, the consolidated NTA of the Group was S\$11,265,000 as at 31 December 2023. Accordingly, in relation to the Company for the purpose of Chapter 9 of the Catalist Rules, in the current financial year and until such time as the audited consolidated financial statements of the Group for FY2024 are published, 3% and 5% of the latest audited consolidated NTA of the Group would be S\$337,950 and S\$563,250 respectively. Shareholders’ approval is required where:

- (a) an interested person transaction is of a value equal to, or more than, S\$563,250; or

- (b) an interested person transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, S\$563,250.

1.5 Rule 920 of the Catalist Rules, however, allows a listed company to seek a general mandate from its shareholders for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials (but not for the purchase or sale of assets, undertakings or businesses) which may be carried out with the listed company's interested persons. A general mandate is subject to annual renewal.

2. **Entities at Risk**

For the purposes of the IPT General Mandate, an Entity At Risk means:

- (a) the Company;
- (b) a subsidiary of the Company (excluding subsidiary listed on the SGX-ST or an approved exchange); or
- (c) an associated company of the Company (other than an associated company that is listed on the SGX-ST or an approved exchange) over which the Group, or the Group and the Interested Person(s), has or have control,

(collectively, the "**EAR Group**").

3. **Mandated Interested Persons**

The IPT General Mandate will apply to Mandated Transactions that are carried out with the following Interested Persons:

- (a) Chan Rong Fen Building Construction Pte Ltd which is 50%-owned by Mr. Sun Renwang and 50%-owned by his spouse;
- (b) SG United Construction Pte. Ltd. which is 50%-owned by Mr. Sun Renwang; and
- (c) Century Building Construction Pte. Ltd. which is 45%-owned by Mr. Sun Renwang, 45%-owned by his spouse and 10%-owned by his spouse's relative,

(collectively, the "**Mandated Interested Persons**").

4. **Category of Mandated Interested Person Transactions**

The EAR Group intends to provide to the Mandated Interested Persons the following transaction, as subcontractor:

- (a) M&E engineering services in the areas of air-conditioning and mechanical ventilation (ACMV) systems, electrical engineering systems, fire alarms and fire protection (FP) systems, plumbing sanitary and gas (PSG) systems and integrated building services (IBS) (which may also include, from time to time, ad-hoc services and/or purchases of materials from the Mandated Interested Persons for the purposes of the projects),

(“Mandated Interested Person Transactions”).

For avoidance of doubt, the Mandated Interested Person Transactions do not relate to the purchase or sale of assets, undertakings or businesses.

5. Scope and validity of the IPT General Mandate

The IPT General Mandate will cover any and all Mandated Interested Person Transactions, including transactions which have a value below S\$100,000, notwithstanding that the threshold and aggregation requirements under Chapter 9 of the Catalist Rules as at the Latest Practicable Date may not apply to such transactions. While transactions below S\$100,000 are not normally aggregated under Rules 905(3) and 906(2) of the Catalist Rules, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one transaction in accordance with Rule 902 of the Catalist Rules.

The IPT General Mandate is subject to Shareholders' approval at the FY2023 AGM. If approved by the Shareholders at the FY2023 AGM, the IPT Mandate will be effective from the date of passing of the Ordinary Resolution 12 as set out in the notice of AGM until the earlier of the following: (a) the conclusion of the next AGM; or (b) the expiration of the period within which the next AGM is required by law to be held. Thereafter, approval from independent Shareholders will be sought for the renewal of the IPT General Mandate at the next AGM, subject to satisfactory review by the Audit Committee of its continued application to the transactions with the Mandated Interested Person(s).

6. Rationale for, and Benefits of, the IPT General Mandate

Given the nature of the Company's business, the Company envisages that the Mandated Interested Person Transactions are likely to occur from time to time, in the ordinary course of our business. In view of the time-sensitive and recurrent nature of the Mandated Interested Person Transactions, it would be advantageous for the Company to obtain the IPT General Mandate to enable the EAR Group to enter into the Mandated Interested Person Transactions, provided that the Mandated Interested Person Transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company and the minority Shareholders. The IPT General Mandate will allow the Group to provide M&E engineering services to the Mandated Interested Persons, thus allowing us to continue to generate revenue from such services to the Mandated Interested Persons.

The IPT General Mandate and its subsequent renewal on an annual basis would eliminate the need to announce, or to announce and convene separate general meetings from time to time to seek independent Shareholders' approval, thereby easing administrative and financial costs, without compromising the EAR Group's business activities and corporate objectives and adversely affecting the business opportunities available to the Group and the day-to-day operations of the Group.

The IPT General Mandate is intended to facilitate transactions in the ordinary course of business of the EAR Group which are transacted from time to time with the Mandated Interested Persons, provided that they are carried out on an arm's length basis and on normal commercial terms and are not prejudicial to the Company and the minority Shareholders.

In accordance with the requirements of Chapter 9 of the Catalist Rules, the Company will (a) disclose in the Company's annual report the aggregate value of transactions conducted with Mandated Interested Persons pursuant to the IPT General Mandate during the financial year (as well as in the annual reports for subsequent financial years that the IPT General Mandate

continues to be in force); and (b) announce the aggregate value of transactions conducted with Mandated Interested Persons pursuant to the IPT General Mandate for the financial periods that we are required to report on pursuant to Rule 705 of the Catalist Rules within the time required for the announcement of such report.

7. **Guidelines and Procedures for Mandated Transactions with Mandated Interested Persons**

To ensure that the Mandated Interested Person Transactions are carried out on arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Company and the minority Shareholders, the Company will implement the following procedures under the IPT General Mandate:

- (a) All Mandated Interested Person Transactions shall be conducted in accordance with the Group's usual business policies and practices, consistent with the usual margins or at the prevailing market rates for the same or substantially similar type of service or product provided, and on terms which are no more favourable to the Mandated Interested Persons than those extended to unrelated third parties or otherwise in accordance with applicable industry norms.
- (b) Where possible and practicable, the Group will use its reasonable endeavours to make comparisons with at least two (2) other contracts or invoices issued to unrelated third parties for the same or substantially similar types of transactions. In the event where the prevailing market rates or prices are not available due to the nature of service to be provided, our CEO and a senior executive of the Company designated by the Audit Committee ("**Designated Executive**") (both of whom must have no interest, direct or indirect, in the transactions) will, subject to the approval thresholds set out below, determine whether the prices and terms offered to the Mandated Interested Persons are fair and reasonable and on normal commercial terms, taking into account factors such as, but not limited to, the Group's then prevailing capacity and resources, nature and scope of services, rationale for and benefits of the transaction, duration of the contracts or services, requirements and specifications, industry's terms and practices (if applicable) and credit standing of the Mandated Interested Persons.

In addition to the above guidelines and procedures, the following approval procedures and thresholds will apply to the Mandated Interested Person Transactions:

- (a) the Company's CEO and the Designated Executive (both of whom must have no interest, direct or indirect, in the Mandated Transaction) will review and approve any Mandated Interested Person Transaction which has a value below 3.0% of our Group's then latest audited NTA;
- (b) if a Mandated Interested Person Transaction has a value equal to or which exceeds 3.0% of the Group's then latest audited NTA, the review and approval process shall also be undertaken by the Audit Committee;
- (c) if the CEO has an interest in the Mandated Interested Person Transaction or is a nominee for the time being of the Mandated Interested Person, the review and approval process shall be undertaken by the Designated Executive and the Chairman of our Audit Committee;
- (d) if the Designated Executive has an interest in the Mandated Interested Person Transaction or is a nominee for the time being of the Mandated Interested Person, the

review and approval process shall be undertaken by the CEO and the Chairman of the Audit Committee;

- (e) if the CEO and the Designated Executive both have an interest in the Mandated Interested Person Transaction(s) or are nominees for the time being of the Mandated Interested Person, the review and approval process shall be undertaken by the Chairman of the Audit Committee and another member of the Audit Committee (who is not a nominee of the Mandated Interested Person(s) and has no interest in the Mandated Interested Person Transaction(s));
- (f) if a member of the Audit Committee has an interest in any Mandated Interested Person Transaction or is a nominee for the time being of the Mandated Interested Person(s), he/she shall abstain from participating in the review and approval process of the Audit Committee in relation to that Mandated Interested Person Transaction;
- (g) if a member of the Audit Committee (who is not a nominee of the Mandated Interested Person(s) and has no interest in the Mandated Interested Person Transaction) also serves as an independent non-executive director on the board of directors or (as the case may be) an audit or other board committee of the Mandated Interested Person, and he/she participates in the review and approval process of the Audit Committee in relation to a Mandated Interested Person Transaction with that Mandated Interested Person, he/she will abstain from participating on any decision before the board or committee of that Mandated Interested Person with respect to such Mandated Interested Person Transaction; and
- (h) the CEO and the Designated Executive from time to time for such purpose, and the Audit Committee, may, as he/she/it deems fit, request for additional information pertaining to the transaction under review from independent sources or advisers, which includes obtaining valuations from independent professional valuers.

The Company will also implement the following procedures for the identification of Interested Persons and the recording of all Interested Person Transactions (including the Mandated Interested Person Transactions):

- (a) the finance team will maintain a list of Interested Persons and their associates (which is to be updated immediately if there are any changes) to enable identification of the Interested Persons. This list shall be disseminated to all relevant staff for identification of Interested Person Transaction on a timely basis;
- (b) the Company will maintain a register of Interested Person Transactions, including the Mandated Interested Person Transactions ("**IPT Register**"). The IPT Register will also record any Interested Person Transaction that are below S\$100,000 in value, although such transactions are not required to be aggregated under Chapter 9 of the Catalist Rules. The IPT Register shall be prepared, maintained and monitored by the Financial Controller, who shall not be interested in any of the Interested Person Transactions and who is duly delegated to do so by the Audit Committee;
- (c) all documents related to the Mandated Interested Person Transactions will be filed in a separate file ("**IPT Mandate File**") for ease of tracking and monitoring. The IPT Mandate File will contain all forms and checklists in relation to the Mandated Interested Person Transactions. The IPT Mandate File will also contain invoices and payment vouchers in relation to the Mandated Interested Person Transactions;

- (d) the Audit Committee shall review the IPT Register and the IPT Mandate File on a half-yearly basis (or on such other frequency as the Audit Committee may deem necessary) to ascertain that the established review procedures to monitor the Mandated Interested Person Transactions have been complied with. Such review includes the examination of the transactions and its supporting documents or such other data deemed necessary by the Audit Committee. The Audit Committee may request for additional information pertaining to the transactions under review from independent sources, advisers or valuers as it deems fit;
- (e) the internal auditors will, on an annual basis, review the IPT Register and the IPT Mandate File to ascertain that the guidelines and procedures established for the Mandated Interested Person Transactions have been adhered to. Any discrepancies or significant variances from the Group's usual business practices and pricing policies will be highlighted to the Audit Committee;
- (f) if pursuant to the relevant reviews, the Audit Committee is of the view that the established review procedures as stated above have become inappropriate or insufficient in view of changes to the nature of, or the manner in which, the business activities of the Company are conducted, it will take such actions as it deems appropriate and/or institute additional procedures as necessary (such as, where relevant, to seek a fresh Shareholders' general mandate for the Mandated Interested Person Transactions) to ensure that the Mandated Interested Person Transactions will be conducted on arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Company and the minority Shareholders; and
- (g) disclosure will be made in the interim announcements and the annual report of the Company in respect of the Mandated Interested Person Transactions in accordance with Chapter 9 of the Catalist Rules.

7. Disclosure in Financial Results Announcements and Annual Reports

The Company will announce the aggregate value of transactions conducted with the Mandated Interested Person(s) pursuant to the IPT General Mandate for the relevant financial periods which the Company is required to report on pursuant to the Catalist Rules and within the time frame required for such announcements.

Disclosure will also be made in the Company's annual report of the aggregate value of transactions conducted with the Mandated Interested Person pursuant to the IPT General Mandate during the financial year, and in the annual reports for subsequent financial years that the IPT General Mandate continues in force, in accordance with the requirements of Chapter 9 of the Catalist Rules.

The name of the Interested Person, nature of relationship and the corresponding aggregate value of the transactions with the Interested Person will be presented in the following format:

Name of Interested Person	Nature of relationship	Aggregate value of all interested person transactions during the financial year/period under review (excluding transactions less than S\$100,000 and transactions conducted	Aggregate value of all interested person transactions conducted under the Shareholders' general mandate pursuant to Rule 920 of the Catalist Rules (excluding

		under the Shareholders' general mandate pursuant to Rule 920 of the Catalist Rules)	transactions less than S\$100,000)
--	--	-------------------------------------------------------------------------------------	------------------------------------

In accordance with Rule 920(1)(b)(viii) of the Catalist Rules, interested persons and their associates shall abstain from voting on resolutions approving interested person transactions involving themselves and the Group. Furthermore, such interested persons shall not act as proxies in relation to such resolutions unless voting instructions have been given by the appointing Shareholder.
