(a) any significant factors that affected the turnover, costs, and earnings of the Group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and (Continued)

The Group posted revenue of \$596.1 million and adjusted earnings before interest, tax, depreciation and amortisation ("Adjusted EBITDA") of \$278 million for the third quarter of 2019, amidst a confluence of headwinds. We continue to be positive in attracting the affluent market from the region and leverage on the growing Asian economies. On a hold-normalised basis, the Group would have generated an Adjusted EBITDA of approximately \$295 million, a decline of 7% against the same quarter last year.

Notwithstanding a change in the international visitor arrival mix, our non-gaming businesses performed well. In the third quarter of 2019, our average daily visitation to our key attractions at Resorts World Sentosa ("RWS") exceeded 23,000 and our hotels continuing to outperform industry benchmarks at an average occupancy rate of 94%.

The Group's voluntary full prepayment of the outstanding \$680 million under its \$2.27 billion syndicated senior secured credit facilities in April 2019 helped to contribute to finance costs savings in this quarter.

For the nine months ended 30 September 2019, the Group reported revenue of \$1,873.2 million, Adjusted EBITDA of \$902.1 million and net profit of \$532.8 million. Despite the modest growth outlook for Singapore and the weakness in the global economy, RWS continues to generate a steady stream of income for the Group.

As we commence our mega expansion initiatives, higher depreciation costs were recorded as compared to the same period last year, on plans to retire certain assets.

(b) any material factors that affected the cash flow, working capital, assets or liabilities of the Group during the current financial period reported on.

During the financial period, the Group made a voluntary full prepayment of the outstanding \$680 million under its \$2.27 billion syndicated senior secured credit facilities and cancelled the said credit facilities on 25 April 2019. Restricted cash which had been pledged as security for loan repayments and interest was fully released.

Other than the above and as disclosed in the other notes, there have been no material factors that affected the cash flow, working capital, assets or liabilities of the Group for the financial period ended 30 September 2019.

We are proud that Resorts World Sentosa ("RWS") has, for the ninth consecutive year running, secured the Best Integrated Resort award at the prestigious TTG Travel Awards that recognises the best of Asia-Pacific's travel industry. The accolade is a strong affirmation of our position as the leading world-class premium lifestyle destination resort with a diversity of offerings from MICE to world class Universal Studios Singapore and the S.E.A. Aquarium.

RWS distinguishes itself from the regional competition with unrivalled offerings in our key attractions -Universal Studios Singapore, S.E.A. Aquarium and Adventure Cove Waterpark. The highly-anticipated iconic Halloween Horror Nights 9 returned to Universal Studios Singapore, unleashing haunted houses and scare zones for our fans and guests providing an immersive hair-raising scare experience. This year's scare event also unveiled the brand-new Halloween Carnival filled with ghoulish fun.

In September 2019 and within its first year of opening, our latest celebrity chef fine-casual dining restaurant, table65, has earned itself one Michelin star in the Michelin Guide Singapore 2019. We also celebrated great wines of the world in October 2019 with the inaugural Wine Pinnacle Awards 2019, the world's first nomination-based awards for fine wines. The contemporaneous The GREAT Wine & Dine Festival enabled gourmands to enjoy good food paired with these nominated wines, along with insightful master classes.

Planning for the announced mega expansion plans ("RWS 2.0") is well in progress as we prepare to commence with the construction works in the second half of 2020. Beginning with the Adventure Dining Playhouse which is scheduled to open late next year, visitors to RWS can look forward to an exciting line up of new attractions and business venues unveiled every year over the next 5 years. All these exciting openings which will occur every year until the final completion, will add to the desirability of the resort and customer appeal. It will also complement and anchor the recently announced Sentosa-Brani Master Plan that is envisioned to rejuvenate and drive future growth of Singapore's tourism and economy.

In relation to the Group's diversification plan, Japan remains our key focus for medium term growth and value creation to our shareholders. The Government of Japan has recently unveiled the draft national guidelines for establishing integrated resort, and public consultation of which is in progress.

With offices in Tokyo and Osaka anchored by local teams, the Group has been working diligently and making extensive preparation works for the formal bidding process known as Request for Proposal ("RFP") to be issued by cities. We have fully responded to Osaka's Request-for-Concept ("RFC") and are now preparing for Yokohama's RFC. The requirements and expectations of Japanese authorities are complex and of the highest standards, in keeping with the objective of creating true Integrated Resort ("IR") that will enable Japan to achieve a quantum leap for its tourism economy. Having operated a highly successful true IR in Singapore that encompasses the full spectrum of tourism offerings, we are committed to delivering compelling proposals.

The recent completion of a Shelf Registration Statement with the Kanto Local Finance Bureau for issuance of new Japanese Yen-nominated bonds is another step that the Group has been taking to ready ourselves for the opportunity.
