SGX updates that all securities post trade online systems, including the client-accounting system (CAS) hosted by SGX on behalf of member firms, have been available to its members since 0600hrs. This is to enable member firms to complete client position reconciliations, and rectify any errors in the end-of-day processing in the CAS for 1<sup>st</sup> December 2014.

The securities market will start continuous trading at 1230hrs with the pre-open routine at 1200hrs on 3<sup>rd</sup> December 2014. The market will remain open till 1700 hrs and close as per normal.

SGX has identified that the software error, which has since been rectified, was caused by programming changes performed over the weekend.
