Subject: Correction Regarding Uploaded Redemption Notice

We wish to clarify that in our recent submission to SGXNet related to the Issuer's Early Redemption (Call Option) for HPCL-Mittal Energy Limited (Reference: SG250915MCAL4XZS), by inadvertent error, the redemption notice for an unrelated US Security of USD 375 Million was uploaded instead of the intended US Security.

We regret the oversight and apologize for any confusion caused.

Kindly ignore the wrongly uploaded document.
