3 June 2015

Board of Directors
YuuZoo Corporation Limited
20 Science Park Road
Teleteck Park #03-11, Singapore Science Park II
Singapore 117674

Attention: Mr Thomas Zilliacus
Chairman and Chief Executive Officer

Dear Sirs,

Misuse of SGXNet

We refer to the announcement made by YuuZoo Corporation Limited ("**your company**") on 21 May 2015 (the "**Announcement**") and a clarification on the Announcement issued on 1 June 2015 (the "**Clarification**"), each on SGXNet.

All announcements on SGXNet must be made in accordance with the disclosure requirements in the Listing Rules and the SGXNet user terms and conditions ("**T&Cs**"). Clause 2.1 of the T&Cs requires that your company ensure that its announcements are internally verifiable and appropriate for dissemination to the general public.

In the Clarification, your company stated that the contents of the third party research report set out in the Announcement solely reflected the views of the third party firm. Your company is therefore in breach of the T&Cs for not having internally verified the Announcement's contents.

The Announcement is also out of line with the purpose of SGXNet, which allows listed companies to issue their own announcements on material matters concerning themselves. SGXNet is not a platform for rendering investment advice based on third party expectations and assessments of a listed company's valuation or share price. There are other forums for such releases.

Your company should consult its Compliance Adviser in respect of the proper usage of SGXNet and other regulatory matters under the Listing Rules. We ask that your company's board and management familiarise themselves with the Listing Rules and inform us when this is complete.

Please ensure that this letter is made publicly available on SGXNet promptly and before 7 p.m. today.

We reserve our right to further review your company's compliance with the Listing Rules.

Yours faithfully

Siew Wun Mui
Vice President
Listing Compliance
