DELTAMARIN PARTICIPATES IN THE DESIGN OF ARCTIC MODULE CARRIERS

The Company is pleased to announce that Deltamarin Ltd ("**Deltamarin**"), a subsidiary of the Company, will be providing Aker Arctic Technology Inc. ("**Aker Arctic**") with basic design services for two polar class heavy deck carriers in its ordinary course of business. The ships are intended for carrying heavy project cargoes in large modules to Yamal LNG plant construction site on the Russian Yamal peninsula. The total contract value of Deltamarin's work with Aker Arctic is approximately €2 million and shall be carried out over an estimated period of 7 months,

Please refer to the attached Deltamarin press release for further details.
