# **CHAIRMAN'S MESSAGE**

On behalf of my
fellow board members,
I present the annual
report for Adventus
Holdings Limited and
its subsidiaries (the
"Company" or collectively
the "Group") for the
financial year ended
31 December 2023
("FY2023").

### **DEAR SHAREHOLDERS,**

On behalf of my fellow board members, I present the annual report for Adventus Holdings Limited and its subsidiaries (the "Company" or collectively the "Group") for the financial year ended 31 December 2023 ("FY2023").

Since 2017 the Group has focused on the Property and Hospitality business and the Group's resources has been allocated accordingly. The Group had in 2023, completed two projects in Vietnam, namely the Da Nang Bay Capital Hotel and Hoi An Bay Resort. The Group has since divested the Hoi An Bay Resort.

The COVID-19 pandemic has affected the development of the Group's projects significantly, with the absence of tourism in Vietnam as well as frequent lock downs and regulations in relation to gatherings, resulting in the Group's Property and Hospitality projects being delayed and disrupted.

Since the end of the pandemic, the Group has increased its effort to complete the projects. The end of the COVID-19 pandemic, has also seen a positive shift in the outlook of the tourism market.

The Group's Da Nang 5-Star Hotel Development commenced operations since August 2023, and has begun to generate revenue for the Group.

The Group has and will continue to prioritise and concentrate on sales, marketing and operational efficiencies.

In order to maximise the deployment of its resources and to enhance efficiencies, the Group sold its interest in its Hoi An 5-Star Resort Project. Further details of which can be found in the announcement dated 18 August 2023 and 2 October 2023 by the Company.

We believe that the tourism in Vietnam will continue on an upward trend in 2024, with a boost from the "Vietnam Tourism Marketing Strategy for 2030"1 initiative by the Vietnam Government which promotes Vietnam as a leading destination for high-spending and long-stay vacationers. The plan by the Vietnamese government includes attracting 18 million international visitors and 130 million domestic tourists, with an expected growth of 8 to 9% by 2025.

Apart from its existing business and hospitality segment in Vietnam, the Group continues to actively seek other business opportunities, while always adopting a prudent and careful approach. The Company will keep shareholders informed of developments via announcements as necessary.

It has been a challenging past few years and the Group is grateful to have received unwavering support from its business partners, banks, the management, staff and stakeholders. I believe that the business environment for the Group will improve in the coming years.

I sincerely thank each and every one of our shareholders, banks and business partners for their patience and understanding and I look forward to improving the relationship with all of you.

# **CORPORATE STRUCTURE**

### **Adventus Holdings Limited**

The board of directors ("Board") of Adventus Holdings Limited ("Company", and together with its subsidiaries, the "Group") is committed to maintaining a high standard of corporate governance and transparency to protect the interests of shareholders, employees and other stakeholders, and to promote investors' confidence. In line with its commitment, the Company regularly reviews its corporate governance policies and practices to strive to fully comply with the Code of Corporate Governance 2018 ("2018 Code") and the accompanying Practice Guidance and where applicable, the Catalist Rules.

In accordance with Rule 710 of the Catalist Rules, this report ("CG Report") sets out the Company's corporate governance practices with specific reference to the principles and the provisions of the 2018 Code. Where the Company has deviated from any provision of the 2018 Code, the reason for variation has been provided herein.

#### **BOARD MATTERS** (A)

#### THE BOARD'S CONDUCT OF AFFAIRS

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Provision 1.1 Directors are fiduciaries who act objectively in the best interests of the company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

The Board is responsible for setting the strategic, performance and business directions of the Group and is collectively responsible for its long-term success. The Board provides oversight to Management and is accountable to shareholders. Management also plays a pivotal role in providing Board members with complete, adequate and timely information to assist the directors in the fulfilment of their responsibilities.

During the financial year ended 31 December 2023 ("FY2023"), apart from its statutory duties, the Board performed the following:

- reviewing and setting the strategic direction and long-term goals of the Group and ensuring that adequate resources are available to meet these objectives;
- reviewing and approving the Group's annual budgets, major funding proposals, investment and divestment proposals and interested person transactions of a material nature;
- overseeing the business affairs of the Company and monitor the performance of the management;
- establishing and overseeing the processes of evaluating the adequacy of internal controls, risk management and financial reporting and compliance;
- setting the Group's values and standards of conduct and ensuring the obligations to shareholders and other stakeholders are understood and duly met;
- considering sustainability issues including the integration of sustainability-related matters and the monitoring of sustainability-related risks and opportunities as part of its long-term strategic formulation;
- ensuring the Group's compliance with relevant laws, regulations, policies, directives, guidelines, internal codes of conduct and obligations to shareholders;
- ensuring accurate, adequate and timely reporting to, and communication with shareholders;
- approving all Board appointments or re-appointments and appointments of key management personnel as well as evaluating their performance and reviewing their compensation packages; and
- reviewing and approving the financial results of the Group and the audited financial statements and timely announcements of material transactions.

The Board exercises due diligence and independent judgement in dealing with the business affairs of the Group and is obliged to act in good faith. The directors on the Board have the core competencies and diversity of experience to enable them to contribute effectively. The Board is also supported by three Board committees (as defined below) to facilitate the discharge of its functions to which it was delegated to execute specific areas of the Board responsibilities.

Each director is required to promptly disclose any conflict or potentially conflict of interest, whether direct or indirect, in relation to a transaction or proposed transaction with the Group as soon as it is practicable after the relevant facts have been come to his knowledge. On an annual basis, each director is also required to submit details of his associates for the purpose of monitoring interested person transactions. Where a director has a conflict or potential conflict of interest in relation to any matter, he should immediately declare his interest when the conflict-related matters is discussed, unless the Board is of the opinion that his presence and participation is necessary to enhance the efficacy of such discussion. Nonetheless, he is abstain from voting in relation to the conflict-related matters.

Provision 1.2: Directors understand the company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the company's expense. The induction, training and development provided to new and existing directors are disclosed in the company's annual report.

Newly appointed directors will receive a thorough briefing by existing directors and management of the Company ("Management") on the Group's business, operation and governance practices. Pursuant to Catalist Rule 406(3)(a), newly appointed Directors who do not have prior experience as director of a public listed company in Singapore must undergo training courses organized by specified training providers, including the Singapore Institute of Directors ("SID") as prescribed by the Exchange. During FY2023, Mr Kwok Chi Biu was newly appointed to the Board. He has completed all requisite courses by the SID as at the date of this report.

The directors are provided with briefings from time to time and are kept updated on relevant laws and regulations, including directors' duties and responsibilities, corporate governance and developing trends, insider trading and financial reporting standards and are encouraged to attend workshops and seminars to enhance their skills and knowledge, so as to enable them to properly discharge their duties as Board or Board Committee members. The directors also receive updates on the business of the Group through regular scheduled meetings and ad-hoc Board meetings.

The Company will fund directors' participation at industry conferences, seminars or any training programme in connection with their duties as directors.

As and when there are changes to regulations and or accounting standards, the Company will arrange for the Board to be updated, either by the Company Secretary and/or its other professional consultants depending on the type of changes to the regulatory changes and the implications on the Company and/or the Director's continuing obligations and various requirements expected of a listed company. During FY2023, the Board received updates from the Company Secretary and continuing sponsor relating to the changes in the Catalist Rules and 2018 Code. The independent auditors have briefed the Audit Committee members on developments in accounting and governance standards and Audit Committee members have provided such updates to the Board members. All board members have also attended the mandatory training on sustainability matters prescribed by the Exchange.

In addition, the Executive Chairman and/or Executive Director constantly update Board members on business and strategic developments of the Group and overview of the industry trends at regular schedule meetings and ad-hoc Board meetings. Directors can request further explanations, briefings or information on any aspects the Group's business issues from the Management.

Provision 1.3: The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the company's annual report.

The Board has established guidelines governing matters that require the Board's approval. A delegation of authority matrix provides clear directions to the Management on matters requiring the Board's specific approval. The matters require Board's approval include:

- (i) statutory requirement such as approval of annual report and financial statements;
- (ii) other requirements such as half year and full year results announcements;

- (iii) corporate strategic directions, strategies and action plans;
- (iv)issuance of key policies and key business initiatives;
- authorization of acquisition / disposal and other material transactions; (v)
- declaration of interim dividends and proposal of final dividends; (vi)
- convening of Shareholders' Meetings; (vii)
- (viii) any other matters as prescribed under the relevant legislations and regulations, as well as the provisions of the Company's Constitution.

Provision 1.4: Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the company's annual report.

The Board has delegated certain responsibilities to the three committees to assist in the execution of the Board responsibilities. These committees (each, a "Board Committee" and collectively, the "Board Committees") include: the Audit Committee (the "AC"), the Remuneration Committee (the "RC") and the Nominating Committee (the "NC").

Each Board Committee function within clearly defined terms of references and operating procedures, which will be reviewed on a regular basis by the Board to ensure adherence to the 2018 Code and Catalist Rules. The effectiveness of each committee will also be constantly reviewed by the Board. The Board Committees are required to report to the Board.

Further details on each Board Committee, including the composition, terms of reference, any delegation of the Board's authority and summary of the respective committee's activities are set out in the below sections of the CG Report.

Provision 1.5: Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company.

The Board meets on a half-yearly basis, and as and when circumstances required. During FY2023, the frequency of meetings held, and the attendance of each member of the Board and Board Committees are as follows:

	Board	AC	NC	RC
Number of meetings held	2	2	1	1
Director	N	Number of meetings attended		
Mr Chin Bay Ching <sup>(1)</sup>	2	2*	1*	1*
Mr Loh Eu Tse Derek <sup>(2)</sup>	2	2	1	1
Mr Chin Rui Xiang	2	2*	1*	1*
Mr Kwok Chi Biu <sup>(3)</sup>	1	1	0	0
Mr Wong Loke Tan	2	2	1	1

<sup>\*</sup> Attendance by invitation of the respective Board Committee

#### Note:

- (1) Mr Chin Bay Ching was appointed as the Chairman and Executive Director on 26 January 2023.
- Mr Loh Eu Tse Derek was re-designated from Non-Executive Independent Chairman to Non-Executive Independent Director on 26 January 2023.
- Mr Kwok Chi Biu was appointed as Non-Executive Independent Director on 5 June 2023.

To facilitate the meetings, the Company's Constitution allow for meetings to be held through telephone and/or videoconference. The Company's Constitution and the Board Committees' Terms of References allow for decision / resolution to be passed by circulating resolutions / resolutions in writing.

The Board considers the attendance of the Directors' at Board meetings as important but not the sole criterion in measuring their respective contributions. The provision of guidance and advice on matters relating to the Group are examples of factors that the Board takes into account when reviewing the contribution of each Director.

All Directors are required to declare their board appointments. When a Director has multiple board representations, the NC will consider whether the director is able to adequately carry out his/her duties as a director of the Company, taking into consideration the Director's number of listed company board representations and other principal commitments. Directors with multiple board representations must ensure that sufficient time and attention are given to the affairs of the Group. Further details can be found on Provision 4.5 of the CG Report.

Provision 1.6: Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

Directors are furnished with complete and adequate information related to agenda items in a timely manner for them to make informed decisions and discharge their duties and responsibilities.

The Board receives half yearly management financials statements, periodic cash flow projections, annual budget and explanation on material forecasts variances from Management. This is so to ensure that the Board is able to contribute meaningfully during Board meetings so to enable them to understand the business activities of the Company and oversee the Group's operational and financial performance. The Board is also kept appraised on a regular basis as and when there are any significant developments or events relating to the Group's business operations.

Board papers prepared for each meeting are usually circulated prior to each meeting to allow sufficient time for review by the Directors. Directors are also entitled to request from Management additional information as needed and the Management shall provide the same in order for them to make informed decisions.

Provision 1.7: Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the company's expense. The appointment and removal of the company secretary is a decision of the Board as a whole.

The Directors have separate and independent access to the Management, Company Secretary and external professionals including the independent auditors, internal auditors, legal counsels and sponsor at all times. The Company Secretary is responsible for facilitating communications within the Board Committees, Board and Management, as well as attending all Board Committees and Board meetings and preparing the relevant minutes of such meetings. Prior to each meeting, the minutes of the previous Board Committees and Board meetings will be circulated in advance to all the respective Board Committee and Board members. The Company Secretary will also provide its advice on governance matters and ensure that the respective meetings are in accordance to the Constitution and applicable rules and regulations (such as the Companies Act 1967 of Singapore ("Companies Act") and the Catalist Rules) are complied with.

Individually or collectively, for matters that affect the Group, Directors can obtain independent professional advice at the Company's expense where required. The appointments of such independent professional advisors are subject to approval of the Board.

The appointment and removal of the Company Secretary are subject to the approval of the Board.

### **BOARD COMPOSITION AND GUIDANCE**

Principle 2 - The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Provision 2.1: An "independent" director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the company.

At the date of this CG Report, the Board comprises five (5) Directors of which, two (2) are Executive Directors (of which one (1) is Chairman of the Board) and three (3) are Non-Executive Independent Directors. As majority of the Board is made up of Non-Executive Independent Directors, there is a strong independent element on the Board, where the Non-Executive and Independent Directors have been able to exercise objective judgement independently from the Management and substantial shareholders and no individual or small group of individuals dominate the decisions of the Board.

The current Executive Chairman of the Board and the Executive Director are immediate family members, and the Executive Chairman is a Controlling Shareholder of the Company.

The table below summarizes the current Board composition and its Board Committees:

Name of Directors	Designation	Audit Committee	Nominating Committee	Remuneration Committee
Mr Chin Bay Ching <sup>(1)</sup>	Chairman and Executive Director	-	_	-
Mr Loh Eu Tse Derek <sup>(2)</sup>	Non-Executive Independent Director	Member	Chairman	Member
Mr Chin Rui Xiang	Executive Director	_	_	_
Mr Kwok Chi Biu <sup>(3)</sup>	Non-Executive Independent Director	Chairman	Member	Member
Mr Wong Loke Tan	Non-Executive Independent Director	Member	Member	Chairman

### Note:

- (1) Mr Chin Bay Ching was appointed as the Chairman and Executive Director on 26 January 2023.
- Mr Loh Eu Tse Derek was re-designated from Non-Executive Independent Chairman to Non-Executive Independent Director on 26 January 2023.
- Mr Kwok Chi Biu was appointed as Non-Executive Independent Director on 5 June 2023.

As set out under the 2018 Code, an independent director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the company. The NC assesses and reviews annually the independence of a Director bearing in mind the salient factors as set out under the Code and Practice Guidance, as well as all other relevant circumstances and facts.

Each Independent Director is required to complete a checklist annually to confirm his independence based on the provisions as set out in the Catalist Rules, the 2018 Code and the Practice Guidance. The NC adopts the 2018 Code's definition of what constitute an "independent" director in its review. The NC takes into account, among other things, whether a Director has a business relationship with the Company, its related companies and its substantial shareholders, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interests of the Company.

For FY2023, the NC, with the concurrence of the Board, considers Mr Loh Eu Tse Derek, Mr Kwok Chi Biu and Mr Wong Loke Tan to be independent on the following basis:

- None of the Independent Directors are employed or has been employed by the Company or any of its related (i) corporations in the current or any of the past three financial years;
- (ii) None of the Independent Directors have an immediate family member who is employed or has been employed by the Company or its related corporations for the past three financial years and whose remuneration is determined by the RC:
- None of the Independent Director (or his immediate family member) provided to or received from the Company and/ (iii) or its subsidiaries any significant payments or material services when aggregated over any financial year in excess of S\$50,000 for services other than compensation for board service;
- (iv)None of the Independent Director (or his immediate family member) is or was a substantial shareholder or partner (with 5% or more stake) or executive officer or director of any organisation providing or receiving significant payments or material services from the Company and/or subsidiaries when aggregated over any financial year in excess of S\$200,000;
- None of the Independent Director (or his immediate family member of the director) is or has been directly associated (v) with a substantial shareholder of the Company; and
- Save for Mr Loh Eu Tse Derek who will be retiring at the forthcoming AGM, none of the Independent Director has (∨i) been a director of the Company for an aggregate period of more than nine years.

The NC is in the midst of finalising a replacement director for Mr Loh Eu Tse Derek and will endeavour to fill the vacancy in the Board and Board Committees within two (2) months, but in any case, not later than three (3) months to be in compliance with the Catalist Rules and Companies Act.

Each of the Non-Executive Independent Directors had recused themselves from the Board's deliberations on their respective independence.

The Board recognizes that the Non-Executive Independent Directors may over time develop significant insights in the Group's business and operations, and can continue to provide noteworthy and valuable contribution objectively to the Board as a whole.

### Provision 2.2: Independent directors make up a majority of the Board where the Chairman is not independent.

At the date of this CG Report, the current Chairman of the Board, Mr Chin Bay Ching, is not independent and the Independent Directors make up majority of the Board. The composition of the Board is reviewed on an annual basis by the NC to ensure that the Board collectively possess the necessary expertise and experience for the effective functioning and informed decision making and has the appropriate diversity mix to ensure that the balance of the power and authority of the Board.

Further details on each of the Board Committees, including their respective terms of reference are set out in the below sections of this CG Report.

### Provision 2.3: Non-executive directors make up a majority of the Board.

At the date of this CG Report, three (3) out of five (5) of the Board members, representing a majority, are Non-Executive Independent Directors. There are no alternate directors appointed to the Board as of the date of this CG Report.

Provision 2.4: The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the company's annual report.

The NC conducts its annual review on the size and composition of the Board which comprises members from diverse backgrounds. Considering the current scope and nature of the Group's operations, the NC is satisfied that the Board composition and size is adequate to meet the Company's existing scope and the nature of its operations. The Board collectively has the relevant competencies to facilitate effective decision making for the existing needs of the Group's businesses.

The Company recognises and embraces the benefits of having diversity amongst its Board members to prevent the Board's decision-making processes from being dominated by any individual or any group of individuals. The Board views diversity at the Board level as being a critical and essential element in supporting the attainment of its strategic objectives and its sustainable development. In view of the Rule 710A of the Catalist Rules and the 2018 Code, the Company has adopted a board diversity policy ("Board Diversity Policy") with the NC responsible to review and monitor its implementation.

### **Board Diversity Policy**

No changes to the following Board Diversity Policy approved in FY2022. The Board is committed to establishing a diverse, inclusive and collaborative culture.

A diverse Board will include and make good use of differences amongst Directors in terms of skills, experience, background, gender, age, ethnicity and other relevant factors. These differences will be considered in determining the optimum composition of the Board and when possible, should be balanced appropriately.

The selection of candidates is based on a range of diverse perspectives, including but not limited to gender, age, cultural and educational background, experience (professional or otherwise), skills and knowledge. The ultimate decision will be made upon the merits and contribution that the selected candidates will bring to the Board.

Each Director has been appointed based on his calibre and experience. The Directors possess core competencies in areas such as accounting, finance, business, investment, legal and management experience, industry knowledge and strategic planning experience. Collectively, they provide constructive advice and guidance to the Board concerning the Group's strategies, businesses and other affairs.

The NC reviews and assesses Board composition on behalf of the Board and recommends the appointment of new Directors. The Board is of the view that gender is an important aspect of diversity and will strive to ensure that:

- 1. Any brief to external search consultants to search for candidates for Board appointment will include a requirement to present female candidates;
- 2. Female candidates are included for consideration by the NC whenever it seeks to identify a new Director for Board appointment:
- 3. The objective is to achieve at least 20% female Board representation by year 2025.

The NC will monitor the implementation of this Policy and report annually in the Corporate Governance on the Board's composition in terms of diversity. The NC will review this Policy as and when appropriate to ensure the effectiveness of this Policy. The NC will discuss any revisions that may be required and recommend any such revisions to the Board for consideration and approval.

Provision 2.5: Non-executive directors and/or independent directors, led by the independent Chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.

During FY2023, the Non-Executive Independent Directors met periodically without the presence of the Management and the Executive Director to discuss and evaluate the performance of Management and thereafter, provide feedback to the Executive Director and/or Non-Executive Independent Chairman after such meetings.

### **CHAIRMAN AND CHIEF EXECUTIVE OFFICER**

Principle 3 – There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provision 3.1: The Chairman and the Chief Executive Officer ("CEO") are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making

Provision 3.2: The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.

Mr Chin Bay Ching is the Executive Chairman of the Board as at the date of this CG Report. The Company does not have a CEO and Mr Chin Bay Ching is assisted by Mr Chin Rui Xiang, the Executive Director in running the operations of the Group.

The Company is cognisant of the principle that there should be a clear division of responsibility between the Chairman and the Chief Executive Officer ("CEO") or the CEO equivalent, to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making. Notwithstanding, given the scale of the Group's business which currently comprises operating a hotel in Vietnam and having 2 Executive Directors on the Board, no CEO is appointed.

As Executive Chairman, Mr Chin Bay Ching plays a pivotal role in fostering constructive dialogue between shareholders, the Board and Management. This includes:

- (a) Setting the Board agenda and promoting a culture of openness and debate at the Board to ensure effective Board meetings are held;
- (b) facilitating the effective contribution of all directors;
- (c) promoting high standards of corporate governance; and
- (d) ensuring effective communication with shareholders and other stakeholders.

The Chairman of the Board, AC, RC and NC will normally be present at the general meetings to answer any questions relating to the work of their respective committees. The independent auditors are also present to assist the directors in addressing queries from the shareholders on the conduct of audit and the preparation and content of the auditors' report.

In addition, all major proposals and decisions made by the Executive Directors are discussed with and reviewed by the Board and the Board has in place Board Committees imbued with the power and authority to perform key functions. Hence, the Board believes that there are sufficient strong and independent elements and adequate safeguards in place against an uneven concentration of power and authority in any single individual.

Provision 3.3: The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.

Currently, the Company does not have a lead independent director as the Company does not have a CEO and majority of the Board comprises of Non-Executive Independent Directors. Nonetheless, all Board Committees comprises only of and are chaired by Non-Executive Independent Directors. In the event the Chairman is conflicted on any deliberations by the Board, he will abstain from participaing in any discussions, abstain from voting on the matter and refrain from exercising any influence of other members of the Board. If there is any query or request on any matters which requires a lead independent director's attention, the Board will look to appoint and/or redesignate an existing independent director to become a lead independent director to provide oversight and leadership. As of date of this CG Report, there has been no such scenarios where the Chairman is conflicted and no query or request on any matters which requires a lead independent director's attention.

#### **BOARD MEMBERSHIP**

Principle 4 - The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.2: The NC comprises at least three directors, the majority of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.

The NC currently comprises three (3) Non-Executive Independent Directors, all of whom, including the NC Chairman, are independent. The NC members as at the date of this Annual Report are:

Mr Loh Eu Tse Derek (Chairman) Non-Executive Independent Director Mr Kwok Chi Biu Non-Executive Independent Director Mr Wong Loke Tan Non-Executive Independent Director

Provision 4.1: The Board establishes a NC to make recommendations to the Board on relevant matters relating to:

- (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors:
- (c) the review of training and professional development programmes for the Board and its directors; and
- (d) the appointment and re-appointment of directors (including alternate directors, if any).

The key written terms of reference of the NC are as follows:

- review and recommend the Board's structure, size and composition; (a)
- (b) determine the process and criteria for search, nomination, selection and appointment of new Board membersand be responsible for assessing nominees or candidates for appointment or election to the Board;
- determine the independent status of the directors annually; (c)
- review and approve any new employment of persons related to the director(s) and substantial shareholder(s), and (d) the proposed terms of their employment;
- (e) determine whether a director is able to and has been adequately carrying out his duties and responsibilities as a director of the Company, including time and effort contributed to the Company, attendance at meetings of the Board and Board Committees, participation and contributions at meetings, and taking into consideration the Director's number of listed company board representations and other principal commitments;
- (f) evaluate the performance and effectiveness of the Board as a whole, the Board Committees and the contribution of each director:
- (g)review of board succession plans for directors, in particular, the Chairman and Executive Directors, and key management personnel and makes recommendations to the Board with regards to any adjustments that are deemed necessary;
- (h) review the training and professional development programmes for the Board and key management personnel from time to time; and
- (i) review, as appropriate, the independence of any director who has served on the Board beyond nine years from the date of his first appointment.

Provision 4.3: The company discloses the process for the selection, appointment and reappointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the company's annual report.

In consultation with the Board on the appointment of new directors, taking into account the future needs of the Company, the NC will review the existing Board composition, strength and capabilities of each director towards the Group and the Board. The NC is responsible for identifying candidates and reviewing all nominations for the appointments of new directors.

The Company has established the following process for the selection and appointment of new directors:

- (1) In consultation with the Board, identifies the current needs and inadequacies of the Board requires to complement and strengthen the Board. The NC will determine the competencies required for the new appointment after such consultations.
- (2) In its search and selection process for new directors, the NC taps on the resources of directors' personal contacts and recommendations of potential candidates.
- (3) The NC appraises the nominees to ensure that the candidates possess relevant background, experience, knowledge in the business, competencies in finance and management skills critical to the Group and have the calibre to contribute to the Group and its businesses, having regard to the attributes of the existing Board and the requirements of the Group.
- (4) The NC then meets and interviews the shortlisted candidates to assess their suitability before nominating the most suitable candidate to the Board for approval and appointment as director.

The NC also ensures compliance with the provisions of the Company's Constitution. In accordance with the Company's Constitution (the "**Constitution**"), any Director so appointed by the Board shall hold office only until the next annual general meeting of the Company ("**AGM**") and shall then be eligible for re-election. As Mr Kwok Chi Biu was appointed on 5 June 2023, he will be eligible for re-election pursuant to Article 96 of the Company's Constitution.

The Constitution also provide that at least one third (or if their number is not three or a multiple of three, then the number nearest one-third) of the Directors for the time being shall retire from office and that all Directors shall retire from office at least once in every three (3) years and such retiring Directors shall be eligible for re-election at the next following AGM.

Apart from the requirements of the Constitution, the NC also reviews the re-election of directors taking into consideration the directors' attendances and participation at the Board meetings, personal attributes and contributions.

The NC had reviewed and recommended, with the concurrence of the Board, for the following Directors who will be retiring at the upcoming AGM. Except for Mr Loh Eu Tse Derek, each of the Directors being eligible for re-election and having consented, have been nominated for re-appointment at the forthcoming AGM. Please refer to the table below for summarized details of the directors to be re-appointed in the forthcoming AGM:

Name of Director Appointment		Date appointed	Article of the Constitution
Mr Loh Eu Tse Derek(1)	Non-Executive Independent Director	25 July 2014	N.A.

Mr Chin Rui Xiang(3)	Executive Director	14 August 2018	Article 95
Mr Kwok Chi Biu <sup>(4)</sup>	Non-Executive Independent Director	5 June 2023	Article 96

- Mr Loh Eu Tse Derek, has expressed his intention to retire at the forthcoming AGM. Mr Loh Eu Tse Derek, will upon retirement as a Director of the Company, cease as a Non-Executive Independent Director of the Company, Chairman of the NC and member of the AC and RC.
- There is no relationship (including immediate family relationships) between Mr Wong Loke Tan and the other Directors, the Company or its 5% shareholders.
- Mr Chin Rui Xiang is the son of Chin Bay Ching, the Chairman and Executive Director and a controlling shareholder of the Company. Apart from that, there are no relationships (including immediate family relationships) between Mr Chin Rui Xiang and other Directors, the Company or its 5% shareholders.
- There is no relationship (including immediate family relationships) between Mr Kwok Chi Biu and the other Directors, the Company or its 5% shareholders.

Full details on the resolutions put forth on the above Directors proposed re-election and re-appointments can be found in the Notice of AGM for FY2023.

Each member of the NC abstains from voting on any resolutions and making any recommendation and/or participating in respect of matters in which they have an interest.

Provision 4.4: The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the company discloses the relationships and its reasons in its annual report.

Each independent director will confirm his independence (or otherwise) based on an annual declaration to confirm his Confirmation of Independence declaration annually as set out under Provision 2.1 above. The NC will review the respective declarations with reference to the guidelines set out in the 2018 Code and Catalist Rules, as well as any other salient factors which would render a Director to not be independent.

Please refer to Provision 2.1 of the CG Code for further elaborations.

During FY2023, there was no alternate director on the Board.

Provision 4.5: The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the company. The company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.

The NC ensures that any newly-appointed directors are aware of their duties and obligations as a director of the Company. All Directors are required to declare their board representations. The date of initial appointment and last re-election of each Director to the Board, together with his directorships in other listed companies, both current and those held over the preceding three (3) years, are set out below:

Name of director	Date of initial appointment	Date re-elected as director	Current directorships in other listed companies	Past directorships in other listed companies (preceding three years)	Details of other principal commitments, if any

Direct / indirect subsidiary(ies) of International Cement Group Limited

Notwithstanding that some of the Directors hold multiple directorships in listed companies, the NC has reviewed, taking into account the individual performance assessment and their actual conduct on the Board and Board Committees, and is satisfied that despite multiple board representations, the Directors have given adequate time and attention to the Company's affairs during the year under review.

The NC has decided the maximum number of directorships a director may hold as 6. However, the NC is of the view that the contribution and performance assessment of the directors should not be restricted to the number of Board representations but should also take into account his time commitments to the Board, participation, and attendance at meetings. Therefore, the NC will periodically, evaluate their performance to ensure that each director has devoted adequate and sufficient time to carry out his duties and responsibilities effectively, taking into consideration the director's other board representations and/or principal commitments.

#### **BOARD PERFORMANCE**

Principle 5 - The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Provision 5.1: The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.

Provision 5.2: The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors.

As at the date of this CG Report, the NC has adopted a formal process to assess the effectiveness of each Director, the Board as a whole and the Board Committees. The qualitative measures include the effectiveness of the Board in its monitoring role and the attainment of the strategic objectives set by the Board. The evaluation exercise is carried out annually.

During the financial year, all directors are requested to complete an individual self-assessment checklist and a Board evaluation questionnaire designed to seek their views on the various aspects of the Board's performance to assess the overall effectiveness of the Board and its Board Committee as a whole. The completed checklists and questionnaires were presented to the NC for review before submitting to the Board for discussion and determining areas for improvement and enhancement of the Board's effectiveness. The Board would conversely evaluate the performance of the NC. Following the review, the NC considered the performance and effectiveness of each director, the Board committees and current Board as a whole to be operating effectively.

The performance criteria for the board evaluation are in respect of board size and composition, board independence, board processes, board information and accountability, and board performance in relation to discharging its principal functions. The performance criteria are not subject to changes from year to year. Nonetheless, where circumstances deem it necessary for any of the criteria to be changed, the Board will justify such changes.

Directors are encouraged to attend relevant training programmes conducted by accounting and other professional bodies and associations. They are continually updated with pertinent developments including changes in laws and regulations, code of corporate governance, financial reporting standards and industry-related matters.

Each member of the NC abstains from voting or reviewing of any matters in respect of matters in which they have an interest, i.e. assessment of their performance or re-appointment as a Director of the Company.

No external facilitator was used in the evaluation process for FY2023.

#### (B) **REMUNERATION MATTERS**

#### PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6 - The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provision 6.2: The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.

The RC currently comprises three (3) non-executive directors, all of whom including the RC Chairman are independent. The RC members as at the date of this CG Report are:

Mr Wong Loke Tan (Chairman) Non-Executive Independent Director Mr Kwok Chi Biu Non-Executive Independent Director Mr Loh Eu Tse Derek Non-Executive Independent Director

### Provision 6.1: The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on:

- (a) A framework of remuneration for the Board and key management personnel; and
- The specific remuneration packages for each director as well as for the key management personnel.

The RC's key terms of reference are as follows:

- the review and recommendation to the Board for approval the policy for determining the remuneration of the key (a) executives of the Group, including that of the Executive Director and key management personnel;
- the review the on-going appropriateness and relevance of the executive remuneration policy and other benefit (b) programs including the terms of renewal for those Executive Directors;
- (c) the review and recommendation to the Board a general framework of remuneration for the Board and key management personnel;
- the review and recommendation of specific remuneration package for each director, key management personnel and (d) any relative of a director and/or substantial shareholder who is employed in a managerial position by the Company;
- (e) the review of all aspects of remuneration, including directors' fees, salaries, allowances, bonuses, the options to be issued under the share option scheme, the awards to be granted under the share plan and other benefit-in-kind (where applicable);
- (f) the review of remuneration of senior management and would cover all aspects of remuneration including salaries, allowances, bonuses, options and benefit in-kind, where applicable;
- the review of termination clauses in the contracts of service for the executive directors and key management (g)personnel (in the case of termination) to ensure termination clauses are fair and reasonable; and
- (h) investigate any matter within its terms of reference with expert advice within and/outside the Company, where necessary.

The RC's responsibilities include reviewing and deliberating the compensation packages of Board members as well as key management personnel in the Company and the Group. Each Director will abstain from voting on any resolutions in respect of his remuneration or that of employees related to directors and/or substantial shareholders. The RC may obtain expert professional advice on remuneration matters, if required.

#### Provision 6.3: The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.

All recommendations of the RC will be submitted for endorsement by the entire Board. In determining the remuneration packages of the executive directors and key management personnel, the RC will ensure that the packages are designed to adequately, but not excessively, reward individuals.

The RC will also consider, in consultation with the Board, amongst other things, their responsibilities, skills, expertise and contribution to the Company's performance and whether the remuneration packages are competitive and sufficient to ensure that the Company is able to attract and retain the best available executive talent.

Each member of the RC abstains from voting on any resolutions and making any recommendation, deliberation and/or participating in respect of matters in which they have an interest (including any employee related to him).

### Provision 6.4: The company discloses the engagement of any remuneration consultants and their independence in the company's annual report.

During FY2023, the RC did not require the services of an external remuneration consultant. Nevertheless, the RC has explicit authority to investigate any matter within its terms of reference and to seek external advice should such a need arises, at the Company's expense.

#### LEVEL AND MIX OF REMUNERATION

Principle 7 - The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

Provision 7.1 A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the Company.

Provision 7.3 Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the company and key management personnel to successfully manage the company for the long term.

The Company adopted the objectives as recommended by the 2018 Code to determine the framework and levels of remuneration for directors and key management personnel to ensure that it is competitive and sufficient to attract, retain and motivate directors and senior management of the required experience and expertise to run the Group successfully, without being excessive.

In addition, the Company ensures that a performance-related remuneration system was implemented to ensure that the interests of the shareholders are aligned with the Board and Management and to promote the long-term success of the Company.

The following performance conditions were chosen for the Group to remain competitive and to motivate the Executive Director and key management personnel to work in alignment with the goals of all stakeholders:

Performance Conditions	Short-term incentive (such as performance bonus)	
Qualitative	<ol> <li>Leadership</li> <li>People development</li> <li>Commitment</li> <li>Teamwork</li> <li>Current market and industry practices</li> <li>Job performance</li> </ol>	
Quantitative	Profit before tax	

The Company has taken appropriate and meaningful measures in assessing the performance of Executive Directors and key management personnel.

The RC has reviewed the executive directors and key management personnel who are eligible for benefits under the long-term incentive scheme. The long-term incentive scheme of the Company is the Adventus Employee Share Option Scheme ("Adventus ESOS"), which was approved and adopted on 30 April 2015.

At the date of this CG Report, Mr Chin Bay Ching, the Chairman and Executive Director of the Company and Mr Chin Rui Xiang, the Executive Director of the Company, each has entered into separate service agreement with the Company which is reviewed annually (unless otherwise terminated by either party giving not less than three (3) months' notice to the other). The service agreements cover the terms of employment and specifically, the salary and bonus.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from executive directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Executive Director owes a fiduciary duty to the Company. The Company should be able to avail itself to all available actions against the Executive Directors in the event of such breach of fiduciary duties.

Provision 7.2 The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

The Non-Executive Independent Directors do not have any service agreements with the Company. Except for directors' fees, which must be approved by shareholders at AGMs, the Non-Executive Independent Directors do not receive any other forms of remuneration from the Company.

The fees for the financial year in review are determined in the current financial year, proposed by the Management, submitted to the RC for review and thereafter recommended to the Board for approval.

The RC has reviewed and assessed that the remuneration of the Non-Executive Independent Directors for FY2023 is appropriate, considering the effort, time spent and responsibilities of the said Directors.

Following the passing of the resolution at the Annual General Meeting held on 28 April 2023, the Directors' Fees for FY2023 will be payable on a quarterly basis.

#### **DISCLOSURE ON REMUNERATION**

Principle 8 – The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provision 8.1: The company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of:

- (a) each individual director and the CEO; and
- (b) at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel.

The Company only has 2 KMPs, who are not Directors or the CEO, during FY2023 and their remuneration is disclosed in bands of SS100,000.

The breakdown of the remuneration paid to the Directors for FY2023 is as follows:

- Mr Gersom retired as Director on 28 April 2023. (5)
- Mr Kwok Chi Biu appointed as Director on 5 June 2023.

There are currently no termination, retirement, or post-employment benefits that may be granted to the Directors.

The Company has two key management personnel (who are not directors or the CEO) during the year. The aggregate remuneration paid to both key management personnel in FY2023 is S\$309,192.

The profile of the key management personnel is set out on page 6.

The remuneration of each of the key management personnel of the Group (who are not directors or the CEO) for FY2023 is as follows:

Remuneration band of key management personnel	Salary <sup>(1)</sup>	Bonus <sup>(2)</sup>
S\$200,000 and S\$300,000		
Mr Wong Sonny Wing Doug <sup>(3)</sup>	94%	6%
S\$100,000 and S\$200,000		
Mr Yau Woon Soon	92%	8%

#### Notes:

- (1) Salary is inclusive of allowances, CPF and other emoluments.
- (2) Bonus is inclusive of CPF.
- Mr Wong Sonny Wing Doug is the son-in-law of Mr Chin Bay Ching (Chairman, Executive Director and Controlling Shareholder) and brother-in-law of Mr Chin Rui Xiang (Executive Director) of the Group.

Taking into consideration Catalist Rule 1204(10D), the Company will disclose the exact amounts with breakdown of remuneration paid to each individual director, on a named basis, by the Company and its subsidiaries for its annual report in respect of the financial year ending 31 December 2024 onwards.

Provision 8.2 The company discloses the names and remuneration of employees who are substantial shareholders of the company, or are immediate family members of a director, the CEO or a substantial shareholder of the company, and whose remuneration exceeds \$\$100,000 during the year, in bands no wider than \$\$100,000, in its annual report. The disclosure states clearly the employee's relationship with the relevant director or the CEO or substantial shareholder.

Please refer to the disclosure under Provision 8.1.

Save for Mr Wong Sonny Wing Doug, there are no other employee related to the substantial shareholders, director or CEO and whose remuneration exceeded \$\$100,000 in FY2023.

Provision 8.3 The company discloses in its annual report all forms of remuneration and other payments and benefits, paid by the company and its subsidiaries to directors and key management personnel of the company. It also discloses details of employee share schemes

The breakdown of remuneration and other payments and benefits paid to the directors and key management personnel are found in the respective tables found in the section of this CG Report under Provision 8.1 Remuneration Report.

### Adventus Employee Share Option Scheme ("Adventus ESOS")

The Adventus ESOS is a share incentive scheme which provides an opportunity for eligible employees and directors of the Company and its subsidiaries, other than employees who are substantial shareholders of the Company, to participate in the equity of the Company and to motivate them to achieve a greater dedication and loyalty to the Company, and higher standards of performance.

The Adventus ESOS was approved and adopted by members of the Company at the Extraordinary General Meeting ("**EGM**") held on 30 April 2015. The Adventus ESOS shall continue in operation for a maximum period of ten years commencing from 30 April 2015 and may be continued for any further period thereafter with the approval of the members of the Company by ordinary resolution in general meeting and of any relevant authorities which may then be required. As at the date of this Annual Report, the Adventus ESOS is administered by the RC, comprising the following members:

Mr Wong Loke Tan (Chairman)

Non-Executive Independent Director

Mr Kwok Chi Biu

Non-Executive Independent Director

Non-Executive Independent Director

Non-Executive Independent Director

Under the Adventus ESOS, at the discretion of the RC, selected employees and directors of the Group are eligible to participate in the scheme. Controlling shareholders and their associates (as defined in the Catalist Rules) are not eligible to participate in the Scheme.

During the year under review, there were no options and outstanding options granted by the Company.

#### (C) ACCOUNTABILITY AND AUDIT

### **RISK MANAGEMENT AND INTERNAL CONTROLS**

Principle 9 – The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Provision 9.1 The Board determines the nature and extent of the significant risks which the company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.

The Board is responsible for the governance of risk and sets the tone and direction for the Group in the way risks are managed in the Group's businesses. The Board has ultimate responsibility for approving the strategy of the Group in a manner which addresses stakeholders' expectations and does not expose the Group to an unacceptable level of risk.

The Board approves the key risk management policies and ensures a sound system of risk management and internal controls and monitors performance against them. In addition to determining the approach to risk governance, the Board sets and instills the right risk focused culture throughout the Group for effective risk governance.

The Board has approved a Group risk management framework for the identification of key risks within the business which is aligned with the ISO 31000:2009 Risk Management framework.

Although the Company does not have a Risk Management Committee, the AC has been assigned by the Board to oversee risk governance and the related roles and responsibilities include the following:

- (a) proposes the risk governance approach and risk policies for the Group to the Board;
- reviews the risk management methodology adopted by the Group; (b)
- reviews the strategic, financial, operational, regulatory, compliance, information technology and other emerging risks (c) relevant to the Group identified by management; and
- (d) reviews management's assessment of risks and management's action plans to mitigate such risks.

Management provides updates to the AC and the Board on the Group's risk profile, the status of risk mitigation action plans and the results of various assurance activities carried out on the adequacy of Group's internal controls including financial, operational, compliance and information technology controls. Such assurance activities include controls self-assessment performed by Management, internal, external audits and external certifications conducted by various external professional service firms.

Provision 9.2 The Board requires and discloses in the company's annual report that it has received assurance

- (a) the CEO and the Chief Financial Officer ("CFO") that the financial records have been properly maintained and the financial statements give a true and fair view of the company's operations and finances; and
- (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the company's risk management and internal control systems.

#### **Confirmation of Internal Controls**

The Board has received assurance from (a) the Executive Director and Chief Financial Officer that the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and (b) the Executive Director and other key management personnel who are responsible, regarding the effectiveness of the Group's risk management systems and internal control systems.

Based on the internal controls established and maintained by the Group, work performed by the internal, independent auditors and external certification firms and reviews performed by management, various Board Committees and the Board, with the concurrence of the AC, the Board is of the opinion that the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management systems are adequate and effective for FY2023.

The Board notes that the system of internal controls and risk management established by the Group provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal controls and risk management can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, losses, fraud or other irregularities.

The Group is aware that international bodies and national governments have imposed sanctions with the aims of achieving foreign policy or national security goals. Although the Group has overseas operations, none of the Group's person or entity is exposed to sanctions-related risks. The Board confirmed there has been no material change in its risk of being subject to any Sanctions Law. The Board's comment as aforementioned on the adequacy and effectiveness of internal controls and risk management systems included consideration related to any sanctions-related risk.

In view of the changes in the risk appetite taking into consideration sanctions-related risk, the terms of reference of the Internal Auditors/ External Auditors will be reviewed in due course. The Board and AC will be responsible for (a) monitoring the issuer's risk of becoming subject to, or violating, any Sanctions Law; and (b) ensuring timely and accurate disclosures to SGX and other relevant authorities.

### **AUDIT COMMITTEE**

### Principle 10 - The Board has an Audit Committee ("AC") which discharges its duties objectively.

Provision 10.2 The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.

The AC currently comprises of three (3) non-executive directors, all of whom including the AC Chairman are independent. The AC members as at the date of this Annual Report are:

Mr Kwok Chi Biu (Chairman)

Non-Executive Independent Director

Mr Loh Eu Tse Derek

Non-Executive Independent Director

Mr Wong Loke Tan

Non-Executive Independent Director

The members of the AC (including the AC Chairman) have the relevant and related financial management experience or expertise. The Board considers Mr Kwok Chi Biu, who has extensive and practical accounting and financial management knowledge and experience, well qualified to chair the AC. Mr Wong Loke Tan of the AC has relevant experience in project financing and Mr Loh Eu Tse Derek of the AC has relevant experience in legal practices.

Further details on the key information and profile of the respective AC members, including academic and professional qualifications, are set out under the "Board of Directors" section of the annual report.

#### Provision 10.1: The duties of the AC include:

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the company and any announcements relating to the company's financial performance;
- (b) reviewing at least annually the adequacy and effectiveness of the company's internal controls and risk management systems;
- (c) reviewing the assurance from the CEO and the CFO on the financial records and financial statements;
- (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;
- (e) reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the company's internal audit function; and
- (f) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.

The AC's key terms of reference are as follows:

- (a) review the independent auditor's audit plan, audit report and the independent auditor's evaluation of the system of internal accounting controls and assistance from management to the independent auditor;
- (b) review the consolidated financial statements of the Group;
- (c) review the adequacy and effectiveness of the Group's internal audit function at least annually, including the adequacy of internal audit resources and its appropriate standing within the Group, as well as the scope and results of the internal audit procedures;
- (d) review the co-operation given by the Company's officers to the auditors;

- review the legal and regulatory matters that may have a material impact on the financial statements, related (e) exchange compliance policies and programs and reports received from the regulators;
- (f) review the independence and objectivity of the auditors;
- review the nature and extent of non-audit services, if any, provided by the independent auditors; (g)
- review the assurance from the Executive Director and the Chief Financial Officer on the financial records and financial (h) statements:
- review the policy and procedures by which the employees may, in confidence, raise concerns to the chairman (i) of the AC on possible improprieties in matters of financial reporting or other matters, and ensure that there are arrangements in place for the independent investigations of such matter and for appropriate follow-up in relation thereto:
- (j) nominate the appointment of independent auditor; and
- (k) review and ratify all interested person transactions to ensure that they comply with the approved internal control procedures and have been conducted at arm's length basis.

The AC is kept abreast by the Sponsor, the Management and CLA Global TS Public Accounting Corporation ("CLA"), the independent auditors, of changes to accounting standards, Catalist Rules and other regulations which could have an impact on the Group's business and financial statements.

The AC meets at least twice a year and as frequently as is required, including AC meetings held to review the financial statements before announcement. In the year under review, the AC has met to review and approve the audit plan, the half year and full year unaudited results for announcement purposes and interested person transactions.

The AC may meet with the auditors at any time, without the presence of the Management. It may also examine any other aspects of the Company's affairs, as it deems necessary, where such matters relate to exposures or risks of a regulatory or legal nature, and monitor the Company's compliance with its legal, regulatory and contractual obligations. The AC has power to conduct or authorise investigations into any matters within the AC's scope of responsibility.

The AC reviews the independence and objectivity of independent auditors annually. The AC constantly bears in mind the need to maintain a balance between the independence and objectivity of the independent auditors and the work carried out by the independent auditors based on value for money consideration. During the financial year under review, CLA was appointed as independent auditors of the Company, its subsidiary corporations in Singapore and its significant associated companies, if any. The AC has reviewed the independence and objectivity of CLA as required under Section 206(1A) of the Companies Act and is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the independent auditors.

During the financial year under review, the aggregate amount of fees payable to the the independent auditors, CLA Global TS Public Accounting Corporation for the audit services amounted to S\$112,000. There were no fees paid by the Group or the Company to the independent auditors for non-audit services during the financial year under review.

Having been satisfied as to the foregoing and that Rules 712 and 715(1) of the Catalist Rules have been complied with, as well as reviewing the scope and quality of the independent auditor's work, taking into consideration the Audit Quality Indicators Disclosure Framework published by the Accounting and Corporate Regulatory Authority, the AC has recommended the independent auditors to the Board for re-appointment. The AC also took into account the experience and resources of CLA's other audit engagement, the partner that was assigned and the number and experience of the staff assigned in completing the audit. The AC is of the view that CLA is able to meet its audit obligations, and together with the Board, recommends the re-appointment of CLA in the forthcoming AGM.

The Company has in place a Whistle Blowing Policy to provide a channel for employees of the Group and independent parties to report, in good faith and in confidence, their concerns about possible improprieties relating to financial reporting or on other matters. The AC oversees the function in the administration of the Whistle Blowing Policy. The Whistle Blowing Policy provides for procedures to ensure that:

- (a) Independent investigations are carried out in an appropriate and timely manner;
- (b) Appropriate action is taken to correct the weakness in internal controls and policies that allowed the perpetration of fraud and/or misconduct and to prevent a recurrence; and
- (c) Administrative, disciplinary, civil and/or criminal actions that are initiated following the completion of investigations are appropriate, balanced and fair, while providing reassurance that employees will be protected from reprisals or victimisation for whistle blowing in good faith and without malice.

The AC serves as the independent function responsible for oversight and monitoring of whistle-blowing and will investigate reports made in good faith. The Company is committed to ensure whistle-blowers who submit complaints or reports in good faith are protected against any discrimination, retaliation or harassment.

The Whistle Blowing Policy has been circulated to all employees. As at the date of this CG Report, there were no reports received through the whistle blowing mechanism. Reporting can be done by writing through email to **adventus@whistleblower.com.sg.** 

The AC has discussed with the Management and the external auditors on significant issues as well as the reasonableness of the key assumptions including significant judgments and key estimates used that impact the financial statements. In line with the recommendations by Accounting and Corporate Regulatory Authority, the Monetary Authority of Singapore and SGX-ST, the AC can help to improve transparency and enhance the quality of corporate reporting by providing a commentary on Key Audit Matter ("KAM").

In addition, significant matter that was discussed with Management and the external auditors have been included as KAM in the audit report for FY2023 on pages 70 to 72 of the Annual Report. In assessing the KAM, the AC took into consideration the approach and methodology applied, as well as the reasonableness of the estimates and key assumptions used. The AC concluded that Management's accounting treatment and estimates in the KAM were appropriate.

Provision 10.3 The AC does not comprise former partners or directors of the company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation

The members of the AC collectively have strong accounting and related financial management expertise and experiences and are appropriately qualified to discharge their responsibilities. As at the date of this CG report, none of the former partners or directors of the Company's independent auditor's firm has been appointed as a member of the AC.

Provision 10.4: The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the company's documents, records, properties and personnel, including the AC, and has appropriate standing within the company

The Group outsources its internal audit function to a professional service firm, Yang Lee & Associates ("YLA" or "Internal Auditor"). YLA is a professional services firm that specialises in the provision of Internal Audit, Enterprise Risk Management and Sustainability Reporting advisory services. The firm was set up in year 2005 and currently maintains an outsourced internal audit portfolio of SGX-ST listed companies in distribution, manufacturing, services, food & beverage and property development industries. YLA is a corporate member of the Institute of Internal Auditors Singapore and is staffed with professionals with relevant qualifications such as the Certified Internal Auditor qualification with the Institute of Internal Auditors. The Internal Auditor is guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors. The Engagement Team is staffed with professionals with knowledge and experience in internal audit, risk management and other relevant disciplines.

The AC reviewed and confirmed that YLA is a suitable professional service firm to meet the Company's internal audit obligations, having regard to the adequacy of resources, independence and experience of the firm and the assigned engagement director, number and experience of supervisory and professional staff assigned to internal audits.

The AC reviews and approves the internal audit scope and plan to ensure that there is sufficient coverage of the Group's activities. It also oversees the implementation of the internal audit plan and ensures that the Management provides the necessary co-operation to enable IA to perform its function.

The IA completed one review during the financial year ended 31 December 2023 in accordance with the risk-aligned internal audit plan approved by the AC. The Board has adopted the recommendations of the IA set out in the internal audit report.

The AC annually reviews the adequacy of the internal audit function to ensure that the internal audits are performed effectively. Based on the review of the internal audit function for FY2023, the AC is of the view that the IA is independent and has the appropriate standing and adequate resources to perform its function effectively and objectively.

Provision 10.5 The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually.

During the year under review, the internal and independent auditors met separately with the AC without the presence of the Management.

#### SHAREHOLDER RIGHTS AND ENGAGEMENT

#### SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11 - The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Provision 11.1: The company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.

Shareholders are entitled to attend the general meetings and are afforded the opportunity to participate effectively in and vote at general meetings. The Company will put all resolutions to vote by poll at the upcoming AGM in compliance with the Catalist Rule 730A(2). An independent polling agent is appointed by the Company for general meetings who will explain the rules, including the voting procedures, that govern the general meetings of shareholders. Each resolution will be tabled separately and voted on based on the respective resolution. The voting procedures are clearly explained during the general meetings.

To promote a better understanding of shareholders' views, shareholders are encouraged to attend the general meetings to ensure a greater level of shareholders' participation and for them to be kept up to date with the strategies and developments of the Group. Shareholders are given opportunities at the general meetings of the Company to voice their views and query the directors and the Management on matters relating to resolutions or matters relating to the Group and its operations.

To facilitate participation by the shareholders, the Constitution of the Company allows the shareholders to attend and vote at general meetings of the Company or to appoint not more than two (2) proxies to attend and vote on their behalf. The legislation has since amended, among other things, to allow certain members, defined as "relevant intermediary" to attend and participate in general meetings without being constrained by the two-proxy requirement. Relevant intermediaries include corporations holding licenses in providing nominee and custodial services and CPF Board which purchases shares on behalf of the CPF investors.

After a general meeting, the Company Secretary will prepare minutes of the general meeting that include substantial and relevant comments or queries from shareholders relating to the agenda of the meetings, and responses from the Board and Management. These minutes after subsequent approval by the Chairman, will be made available to shareholders on SGXNET and the Company's website as soon as practicable and no later than one month from the date of the AGM.

Provision 11.2: The company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are "bundled", the company explains the reasons and material implications in the notice of meeting.

Resolutions requiring shareholders' approval are tabled separately for adoption at the Company's general meetings unless they are closely related and are more appropriately tabled together. Reasons and implications of why resolutions are bundled will be set out in the circulars sent out.

Provision 11.3: All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the company's annual report.

The Company requires all Directors (including the respective Chairman of the Board Committees) to be present at all general meetings, unless of exigencies. The independent auditors are also required to be present to address shareholders' queries about the conduct of audit and the preparation and content of the independent auditor's report. All Directors, save for Mr Chin Bay Ching attended the AGM for the Company's financial year ended 31 December 2022 ("FY2022") held on 28 April 2023.

### Provision 11.4: The company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.

Voting in absentia such as voting via mails, electronic mails or facsimile at the general meetings may only be possible following careful scrutiny to ensure that integrity of the information and authentication of the identity of shareholders through the web is not compromised and is also subject to legislative amendment to recognize electronic voting.

Provision 11.5: The company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management

Minutes of the general meetings which include substantial and relevant comments and queries from shareholders relating to the agenda of the general meetings together with responses from the Board and Management are prepared and made available on the Company's corporate website as soon as practicable. During FY2023, the minutes of general meetings were announced on the SGXNet and made available on the Company's corporate website within one month from the general meetings. In addition, the Company published its responses to shareholders queries on SGXNET in advance of the AGM for FY2022.

#### Provision 11.6: The company has a dividend policy and communicates it to shareholders.

The Company does not have a fixed dividend policy. The form, frequency and amount of dividend will depend on the Group's earnings, financial position, results of operations, capital needs, plans for expansion, and other factors as the Board may deem appropriate.

No dividend has been declared or recommended for FY2023 as the Group is in loss-making position.

### **ENGAGEMENT WITH SHAREHOLDERS**

Principle 12 - The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company

Provision 12.1: The company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders

In line with the continuing obligations of the Company pursuant to the Catalist Rules and the Companies Act, all shareholders would be equally informed of all major developments and/or transactions impacting the Group. The Company is committed to disclose as much relevant information as possible, in a timely, fair and transparent manner, to its shareholders.

The Company believes that a high standard of disclosure is crucial to raising the level of corporate governance. All information relating to the Company's new initiatives, material developments and corporate transactions are first disseminated via SGXNET followed by a news release (where applicable). The Group issues announcements and news releases on an immediate basis as part of its continuous obligations pursuant to the Catalist Rules. Prior to the release of

the announcements, if applicable and when required, the Company also completes and submits compliance checklists to its Sponsor to ensure that all announcements, circulars or letters to our shareholders comply with the requirements set out in the Catalist Rules.

Provision 12.2: The company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

The Board is mindful of its obligations to provide its shareholders with timely disclosure of material information presented in a fair and objective manner. The Company does not practice selective disclosure. Price sensitive information is promptly released on SGXNET. Financial results and annual reports are announced or issued within the mandatory periods. However, any information that may be regarded as undisclosed material information about the Group will not be provided.

The Board regards the general meetings as opportunities to communicate directly with the shareholders and encourages greater shareholder participation. To promote a better understanding of shareholders' views, shareholders are encouraged to attend the general meetings to ensure a greater level of shareholders' participation and for them to be kept up to date with the strategies and goals of the Group. Shareholders are encouraged to engage on the Board on topics such as interim updates on useful and relevant information (such as a discussion of the significant factors that affected the company's interim performance, relevant market trends including the risks and opportunities that may have a material impact on the company's prospects, etc.) so to better understand the Company's performance in the context of the current business environment. The Board will then be able to assess whether the interim updates and the appropriate frequency of the updates to be provided to shareholders.

Factoring the reasons above, the Company does not have an investor relations policy but has an internal team to assist in communication with its investors and shareholders.

Provision 12.3: The company's investor relations policy sets out the mechanism through which shareholders may contact the company with questions and through which the company may respond to such questions.

The SGXNET and the Group's corporate website are the key resources of information for the Company's shareholders. Apart from financial results, the Group's corporate website contains other investor-related information on the Group, including financial highlights and corporate information.

The Company's website has contact details that include email address and telephone number, for shareholders to contact the Company using either communication methods in the event they have any gueries and by which the Company may respond.

#### (E) MANAGING STAKEHOLDERS RELATIONSHIPS

### **ENGAGEMENT WITH STAKEHOLDERS**

Principle 13 - The Board adopts an inclusive approach by considering and balancing the needs and interest of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

Provision 13.1: The company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups.

Provision 13.2: The company discloses in its annual report its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period.

The Company has regularly engaged its stakeholders through various medium and channel to ensure that the business interest is aligned with those of the stakeholders, to understand and address the concerns so as to improve as well as to sustain business operations for long-term growth.

Key stakeholders are determined for each material factor identified, based on the extent of which they can affect or are affected by operations of our Group.

Please refer to the Sustainability Report on pages 42 to 65 of the Annual Report for further details.

## Provision 13.3: The company maintains a current corporate website to communicate and engage with stakeholders.

The Company has a corporate website to communicate and engage with all stakeholders. All material information on the performance and development of the Group and of the Company is also disclosed through SGXNET and the Company's website at URL <a href="https://www.adventusholdings.com">www.adventusholdings.com</a>, with the relevant contact details for all stakeholders to contact the Company via phone or e-mail.

#### **COMPLIANCE WITH APPLICABLE CATALIST RULES**

#### **DEALING IN SECURITIES**

In line with Rule 1204(19) of the Catalist Rules, the Company has procedures in place on dealings in securities, whereby there should be no dealings in the Company's shares by its officers on short-term considerations and during the period commencing one (1) month prior to the announcement of the Company's half year and full year results and ending on the date of announcement of the results. The Company will issue directive to all employees, including directors one (1) month before the date of the respective results announcement and ending on the date of the announcement of the results.

Directors and executives are also expected to observe insider trading laws at all times even when dealing in securities within permitted trading periods and are not to deal in the Company's securities on short-term considerations. The implications of insider trading are clearly set out in the procedures and guidelines.

#### INTERESTED PERSON TRANSACTIONS

In compliance with Catalist Rule 907, the Company has established internal control policies and procedures to ensure that all transactions with interested persons are properly documented and reported in a timely manner to the AC on a half yearly basis, and that the transactions are conducted on an arm's length basis and are not prejudicial to the interests of the shareholders, in accordance with the internal controls set up by the Company on interested person transactions.

The Group does not have a general mandate from shareholders for interested person transactions pursuant to Catalist Rule 920. The Company had, on 20 September 2022 entered into a loan agreement with Fiesta Development Pte Ltd ("**Fiesta"**), which Mr Chin Bay Ching is the beneficiary owner of ("**Fiesta Loan"**). The Fiesta Loan has a principal amount of US\$10 million, and an interest of 5.0% per annum. Further details of the loan can be found in the announcement dated 20 September 2022.

The maturity date for the Fiesta Loan has been extended twice from (i) 19 September 2023 to 19 September 2024 ("First Extended Period") and (ii) 19 September 2024 to 19 September 2025 ("Second Extended Period"). Fiesta has agreed to waive the interest accrued during the Second Extended Period.

As at 31 December 2023, US\$9.29 million (approximately S\$12.23 million) of the principal remains outstanding and interest of S\$0.54 million has been accrued. The interest accrued is less than 5.0% of the latest audited net tangible asset of the Group for FY2023.

Fiesta Development Pte Ltd	Mr Chin Bay Ching is the beneficiary owner	S\$0.54 million (Accrued interest on interest-bearing loan from related party)	Not applicable

### **MATERIAL CONTRACTS**

As stipulated in Catalist Rule 1204(8) to disclose the particulars of material contracts, save for the Fiesta Loan, there were no material contracts entered into by the Company and its subsidiaries involving the interests of its Directors or controlling shareholders which are either still subsisting at the end of FY2023 or if not then subsisting, entered into by the Company since FY2023.

### **NON-SPONSOR FEES**

Pursuant to Rule 1204(21) of the Catalist Rules, the Company wishes to disclose that there was no non-sponsor fees paid to the Sponsors, SAC Capital Private Limited, for FY2023.

Mr Wong Loke Tan, Mr Chin Rui Xiang and Mr Kwok Chi Biu are the Directors seeking re-election at the forthcoming Annual General Meeting ("AGM") of the Company to be held at No. 60 Benoi Road, #03-02, Singapore 629906 on 29 April 2024 ("AGM") (collectively, the "Retiring Directors" and each a "Retiring Director").

### 1. Board Statement

We reaffirm our commitment to sustainability with the publication of our sustainability report ("Report"). For this Report, we provide insights into the way we do business, while highlighting our key sustainability factors ("Sustainability Factors") under the sustainability pillars of economic, environmental, social and governance. Having considered the Group's sustainability issues as part of its strategic formulation and business strategies, the Board of Directors ("Board") determined the key Sustainability Factors and oversees the overall sustainability strategy of the Group while the Sustainability Committee ("SC") which comprises senior management and the executive directors work towards the implementation and monitoring of the Group's sustainability efforts.

Whilst mindful of our profit-oriented objective, we are committed to strike a balance between growth, profit, governance, environment, the development of our people and well-being of our communities.

Our sustainability framework ("SR Framework") communicates our commitment towards supporting the United Nations' Sustainable Development Goals ("SDGs") and creating long-term value for key stakeholders, comprising communities, customers, employees, regulators, shareholders and suppliers. We work closely with stakeholders in our value chain and their inputs drive our sustainability focus on our key Sustainability Factors and SDGs as follows:

#### 2. **Sustainability Performance at a Glance**

A summary of our sustainability performance in financial year ("FY") ended 31 December 2023 ("FY2023" or "Reporting Period") is as follows:

Sustainability	Performance Indicator	Sustainability	Performance
Pillar		FY2023	FY2022
Economic	Revenue (S\$)	3,372,100	Nil <sup>1</sup>
	Aggregate customer review percentile (%) <sup>2</sup>	97	Nil <sup>3</sup>
Environmental	Water consumption intensity (Cubic metres/ revenue)	0.002	Not applicable <sup>4</sup>
	Liquefied petroleum gas (" <b>LPG</b> ") consumption intensity (tonnes/ revenue)	0.001	Not applicable <sup>3</sup>
	Electricity consumption intensity (kWh/ revenue)	0.303	Not applicable <sup>4</sup>
	Total greenhouse gas (" $\mathbf{GHG}$ ") emissions (Scope 1 and 2) (tonnes $\mathrm{CO}_2\mathrm{e})$	743	33
	GHG emissions intensity (tonnes CO <sub>2</sub> e/ revenue)	0.001	Not applicable <sup>4</sup>

	Number of reported incidents of unlawful discrimination against employees <sup>7</sup>	Nil	Nil
Governance	Number of incidents of serious offence <sup>8</sup>	Nil	Nil

Not applicable as the operations at the Group's hotels had yet to commence during the financial year.

Customer review percentile is computed based on review scores tracked from websites such as Agoda.com, Booking.com and Trip Advisor ("Online Travel Agencies") and aggregated over a range of 0% to 100% with 0% and 100% being the lowest and highest achievable score respectively.

Not applicable as the operations at the Group's hotels had yet to commence during the FY.

Not comparable as the denominator adopted for the calculation of intensity ratio was changed from number of employees to revenue after the hotel operations commenced in FY2023.

A high-consequence work-related injuries refer to injuries from which the worker cannot recover or cannot recover fully to pre-injury health status within six months.

A work-related ill-health cases refers to damage to health such as diseases, illnesses, and disorders arising from exposure to hazards at work. It can include acute, recurring, and chronic health problems caused or aggravated by work conditions or practices.

An unlawful discrimination refers to an incident whereby the relevant authority has commenced investigation and resulted in a penalty to

A serious offence is defined as one that involves fraud or dishonesty involving an amount not less than SGD 100,000 and is punishable by imprisonment for a term of not less than two years, which is being or has been committed against a company by officers or employees of the company.

## 3. Our Business

Our key revenue streams are derived from Property and Hospitality business. An overview is as follows:

## **Property and Hospitality**

We procure goods and services mainly from the following suppliers:

- Suppliers of goods such as cleaning supplies, operating equipment and food and beverages ("F&B") as well as service providers for housekeeping; and
- Contractors for the purpose of maintenance works and information technology.

We own and operate a hotel in delivering a range of hospitality services along with various ancillary offerings to enrich the overall customer experience.

We serve hotel guests through reservations from Online Travel Agencies and walk-ins.

## 4. Reporting Scope

This Report provides an overview of our sustainability performance for the Reporting Period. It covers our business of hotel operations and management, which contributed 100% (FY2022: Not applicable³) of our total revenue for the Reporting Period, and covers the following operating entities:

S/N	Entity		
1	ADV S1 Pte. Ltd.		
2	ADV S2 Pte. Ltd.		
3	ADV V1 Holding Company Limited		
4	ADV Management Services Company Limited		
5	AP Land Company Limited

7	Regis Bay Vietnam Investment Joint Stock Company		
8	Bay Hospitality Pte. Ltd.		
9	Adventus Investments (Vietnam) Pte. Ltd.		
10	Crimson (Malaysia) Sdn. Bhd.		

#### 5. **SR Framework**

This Report is prepared in accordance with 711A and 711B of the Listing Manual Section B: Rules of Catalist ("Catalist Rules") of the Singapore Exchange Securities Trading Limited ("SGX-ST") and the guidance set out in SGX-ST's sustainability reporting guide under Practice Note 7F of the Catalist Rules. The Report is also prepared with reference to the Global Reporting Initiative ("GRI") Standards for the Reporting Period. We chose to report using the GRI framework as it is an internationally recognised reporting standard that covers a comprehensive range of sustainability disclosures. The GRI content index can be found at Section 13 of this Report.

As part of our continual efforts to align our sustainability reporting with relevant market standards, we mapped our sustainability efforts to the 2030 Agenda for Sustainable Development which is adopted by all United Nations Member States in 2015 ("UN Sustainability Agenda"). The UN Sustainability Agenda provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 SDGs, which form an urgent call for action by all countries - developed and developing - in a global partnership. We incorporated the SDGs, where appropriate, as a supporting framework to shape and guide our sustainability strategy.

Our climate-related disclosures are produced based on the 11 recommendations of the Taskforce on Climaterelated Financial Disclosures ("TCFD") in our climate-related disclosure. We relied on our internal data monitoring and verification to ensure accuracy for this Report, Internal review on the sustainability reporting process has been incorporated as part of our internal audit review cycle and we will work towards external assurance for our future sustainability reports.

#### 6. Feedback

We welcome feedback from all stakeholders on this Report. You may send related questions, comments, suggestions or feedback to our investor relations email account: info@adventusholdings.com.

#### 7. Stakeholder Engagement

Through an internal stakeholder mapping exercise, we identified key stakeholder groups which we prioritise our engagements with. These include entities or individuals that are potentially affected by our activities, products or services and whose actions can reasonably be expected to affect our ability to implement our strategies to achieve our objectives.

Our efforts on sustainability focus on creating sustainable value for our key stakeholders, which comprise communities, customers, employees, regulators, shareholders and suppliers. We actively engage our key stakeholders through the following channels:

S/N	Key Stakeholder	Engagement Channel	Frequency of Engagement	Key Concern
1	Communities	Investor-relations email account	Ongoing	Environmental protection and initiatives
2	Customers	<ul><li>Guest feedback channel</li><li>Website</li><li>Social media platforms</li><li>Messaging applications</li></ul>	Ongoing	<ul> <li>Comfort of environment</li> <li>Responsiveness to customer feedback and complaints</li> <li>Quality service</li> </ul>

Through the above channels and interactions, we seek to identify relevant material issues, and thereby communicate effectively with our key stakeholders and respond to their concerns more effectively.

## 8. Policy, Practice and Performance Reporting

A sustainability reporting policy ("SR Policy") covering our sustainability strategies, reporting structure, materiality assessment and processes in identifying and monitoring key Sustainability Factors is in place and serves as a point of reference in the conduct of our sustainability reporting. A sustainability report is published annually in accordance with our SR Policy.

## 8.1 Sustainability Governance Structure

Our sustainability strategy is developed and directed by the senior management in consultation with the Board. All directors had attended the training on sustainability reporting pursuant to Rule 720(6) of the Catalist Rules.

Our Group's Sustainability Committee ("SC") is an executive level committee led by our Executive Directors ("EDs") and its members comprise senior management executives such as the Chief Financial Officer ("CFO") and Country Head. The SC is further supported by employees from the key business unit and corporate functions.

Beside the SC, the Board is supported by the Audit Committee ("AC") on specific sustainability matters under its terms of reference. Our sustainability governance structure and the responsibilities of component parties are detailed as follows:

## Board

- Determines key Sustainability Factors of the Group
- Oversees the identification and evaluation of climate-related risks and opportunities
- Reviews and approves sustainability strategy and targets, policies, and sustainability report (including assessment process and outcome)
- Ensures the integration of sustainability and climate-related risks and opportunities within the Group's enterprise risk management ("ERM") framework
- Monitors implementation of sustainability strategies, policies and performance against targets

### AC SC (Executive) Reviews the effectiveness and adequacy Develops sustainability strategy and policies of the Group's internal controls systems and recommends revisions to the Board and processes Ensures the implementation of sustainability strategy is aligned across business Oversees the conduct of assurance activities pertaining to the Company's segments and geographical locations Evaluates overall sustainability risks and sustainability reporting processes opportunities, including a focus on climaterelated issues Performs materiality assessment reviews sustainability reports prior approval by the Board Aligns practices on the ground with the organisation-wide sustainability agenda and strategy Monitors sustainability activities and performance against targets **Business Unit Corporate Functions**

As we are still refining our sustainability related metric measuring, tracking and target setting mechanism, we will link key executives' remuneration to sustainability performance when the mechanism is more mature and stable.

## 8.2 Sustainability Reporting Processes

Under our SR Policy, our sustainability process begins with an understanding of the Group's context. This is followed by the ongoing identification and assessment of the Group's impacts. The most significant impacts are prioritised for reporting, and the result of this process is a list of key Sustainability Factors disclosed in this Report.

Processes involved are shown in the chart below:

### Context

Understand the Group's context by considering its activities, business relationships, stakeholders, and sustainability context of all the entities it controls or has an interest in, including minority interests.

### Identification

Identify actual and potential impacts on the economy, environment, social including human rights.

## Rating

Assess the pervasiveness of Sustainability Factors across the Group and cluster similar Sustainability Factors.

### **Prioritisation**

Prioritise the impacts based on their significance to determine the key Sustainability Factors for reporting.

## Validate

Sustainability factors will be internally validated by the leadership.

### Review

In each reporting period, review the key Sustainability Factors from the previous reporting period to account for changes in impacts which can result from feedback received from engagement with stakeholders, organisational and external developments.

## 8.3 Materiality Assessment

To align with the GRI standards, we consistently refine our management approach to effectively respond to the dynamic shifts within the business landscape. A cornerstone of our commitment is the undertaking of annual materiality assessment to ensure ongoing relevance and materiality of sustainability issues are addressed and disclosed within our sustainability reports.

The scope of materiality assessment encompasses both positive and negative, actual and potential impacts that may arise, and are based on: (i) the likelihood of occurrence; and (ii) their significance on the economy, environment, social aspects and contribution to sustainable development.

#### 8.4 **Performance Tracking and Reporting**

We track the progress of our key Sustainability Factors by identifying, monitoring and measuring of relevant data points. In addition, we set performance targets that are aligned with our strategy to ensure that we remain focused in our path to sustainability. We consistently enhance our performance-monitoring processes and improve our data capturing systems. We seek to continuously review our sustainability metrics as we embark on this journey of improving global sustainability, better corporate governance and greater economic contribution to society.

#### 9. **Key Sustainability Factors**

As a responsible organisation, we are cognisant of the fact that our Sustainability Factors have both direct and indirect impact on our capacity in generating long-term value for our stakeholders. The engagement session and materiality assessment facilitated the recommendation of factors material to the sustainability of our business. In this Report, we report on our progress in managing these factors and set related targets to improve our performance.

Presented below are a list of key Sustainability Factors applicable to our Group.

S/N	Key Sustainability Factor	SDG	Key Stakeholder

Please refer to section '11 Supporting the SDG' section in this Report on our efforts in addressing the SDGs.

We update the key Sustainability Factors on an annual basis to reflect modifications in business operations, environment, stakeholders' feedback and sustainability trends. The details of each key Sustainability Factor are presented as follows:

### 9.1 Sustainable Business Performance

We are committed to enhance both tangible and intangible values for various stakeholders through developing strategies to support a more sustainable business future.

With the commencement of our business at Bay Capital Da Nang Hotel ("Bay Hotel Danang") and the completion of disposal of Hoi An Pearl Joint stock company, our financial performance improved significantly in FY2023. For the Reporting Period, we achieved a revenue S\$3,372,100 (FY2022: Nil) from our property and hospitality business.

Details of our economic performance can be found in the financial contents and audited financial statements of this Annual Report.

### 9.2 Customer Satisfaction

Located in the heart of Danang city, Bay Hotel Danang offers 283 luxurious room across a spectrum of six different room classes<sup>9</sup> and an extensive range of facilities such as resident restaurants, poolside bar and spa to cater to the different needs of our customers.

We are committed to providing exceptional customer service in order to form a loyal customer base. To achieve a high level of customer satisfaction, we implemented the following measures:

Proactive Gathering of Customer's Feedback for Continuous Improvement

As a customer-centric service provider, we understand our customers better through reviews and feedback collected from Online Travel Agencies as well as guest feedback forms. At the end of each customer's stay, a farewell email is sent to the customer to thank them for their stay at our hotel as well as to gather customer feedback.

These valuable insights are gathered, analysed and discussed during meetings to drive service improvements, enhance operational efficiency and the development of new strategies. Within a short operational span of less than a year, our Bay Hotel Danang achieved exceptional review results as seen below:

Performance Indicator	FY2023	FY2022
Customer review percentile <sup>2</sup>	97%	Nil <sup>1</sup>

We are proud to be awarded Travel Sustainable badge Level 3 by Booking.com, an affirmation of our large investments and efforts towards sustainability and we will continue to build and embed a strong sustainability culture in our business operations.

Maintain a Team of Proficient and Experienced Employees

Our employees play a vital role in delivering quality service and connecting with our customers. Our on-the-job trainings and employee development programmes equip them with the necessary skillsets as well as boost their confidence in serving our customers.

Refer to section '9.7 Employee Development and Retention' for further details on how we motivate, train and retain our employees.

<sup>&</sup>lt;sup>9</sup> Comprise deluxe rooms, apartment suites, club rooms, club suites, luxury suites and a presidential suite.

#### 9.3 **Water Conservation**

Water is an essential resource in both our office and hotel operations and is consumed for housekeeping services, running of our F&B establishments, customer's consumption and cooling towers for the recycling of water to cool down the building. We recognise the importance of managing our water consumption efficiently to prevent wastage and are committed to the responsible usage of water resources.

To achieve our goals, we track our water consumptions by analysing the usage trends and when unusual consumption patterns are observed, corrective actions are taken. To intensify our water reduction efforts, we took active steps to transition to water-saving faucet heads when the opportunities arise.

Key statistics on water consumption during the Reporting Period are as follows:

Performance Indicator	Unit of Measurement	FY2023	FY2022
Water consumption	Cubic metres	6,607	727
Water consumption intensity	Cubic metres/ revenue	0.002	Not applicable <sup>4</sup>

For the Reporting Period, our total water consumption increased as a result of the commencement of Bay Hotel Danang's operations. As our operations stabilise, we shall intensify our water conservation efforts by tracking our water consumption, observe fluctuation patterns and take corrective actions if required.

#### 94 **Energy Conservation and GHG Emissions Reduction**

We are committed to responsible usage of energy that helps to reduce GHG emissions and preserve the environment which we operate in. The conservation of energy also reduces our operational costs and hence enhances returns to our shareholders.

We depend on purchased electricity to run electrical appliances for lighting, cooling and ventilation purposes. During the Reporting Period, due to the commencement of hotel operations, we began to utilise LPG for our F&B establishments.

We track and review spending on energy consumption regularly to control usage and corrective actions are taken when there are unusual consumption patterns. We constantly remind our staff on basic and socially responsible habits at our workplaces such as adopting greener work ethics, switching off appliances when not in use and enabling power saving modes.

Bay Hotel Danang utilised light emitting diode ("LED") light bulbs for 99% of its lighting. Additionally, two units of cooling tower systems were installed to reduce the overall electricity consumption required to cool the hotel building. Water generated in this process is retained and subsequently reused for other purposes such as landscaping.

Key statistics on energy consumption and GHG emissions during the Reporting Period are as follows:

Performance Indicator	Unit of Measurement	FY2023	FY2022
Energy consumption			
LPG consumption	Tonnes	2.46	Not applicable <sup>3</sup>
Electricity consumption	kWh	1,021,656	47,722
Energy consumption intensity			
LPG consumption intensity	tonnes/ revenue	0.001	Not applicable <sup>3</sup>
Electricity consumption intensity	kWh/ revenue	0.303	Not applicable <sup>4</sup>
GHG emissions			
Direct GHG emissions (Scope 1)10	tonnes CO <sub>2</sub> e	7	Not applicable <sup>3</sup>
Indirect GHG emissions (Scope 2)11	tonnes CO <sub>2</sub> e	736	33
Total GHG emissions (Scope 1 and 2)	tonnes CO <sub>2</sub> e	743	33
GHG emissions intensity (Scope 1 and 2)	tonnes CO <sub>2</sub> e/ revenue	0.001	Not applicable <sup>3</sup>

For the Reporting Period, our total GHG emissions increased as a result of the commencement of Bay Hotel Danang's operations. As our operations stabilise, we shall intensify our energy conservation efforts by tracking our energy consumption and relevant GHG emissions, observe fluctuation patterns and take corrective actions if required.

We recognise the importance of monitoring our indirect Scope 3 GHG emissions and the development of a climate change transition plan. As Bay Hotel Danang commenced its operations in the third quarter of FY2023, we plan to disclose relevant Scope 3 GHG emissions when the operations stabilise and relevant data is available. The same arrangement will apply for the development of our climate change transition plan.

#### 9.5 **Optimal Waste Management**

We recognise that environmental preservation through efficient waste management such as recycling and reducing consumption allows us to operate in a sustainable environment. We are committed to reduce wastage in our operations so as to minimise the impact of our operations on the environment.

Our waste management procedures start by segregating the waste into usable and unusable trash. The usable trash is collected by third-party contractors for recycling while the unusable trash is collected by an environmental contractor for proper disposal. In accordance with the prevailing government regulation, an in-house storage facility is maintained for the storage of hazardous waste.

Scope 1 GHG emissions arising from the consumption of LPG are calculated based on the GHG Emissions Measurement and Reporting Guidelines published by the National Environment Agency.

Scope 2 GHG emissions arising from the generation of purchased electricity are calculated based on the GHG emissions factors published by the relevant local authorities.

Key statistics on waste generation which includes food waste and paper waste during the Reporting Period are as follows:

Performance Indicator	Unit of Measurement	FY2023	FY2022
Waste generated	tonnes	91	Not Applicable <sup>3</sup>
Waste intensity	tonnes/ revenue	0.001	Not Applicable <sup>3</sup>

For the Reporting Period, we started tracking our waste generation with the commencement of Bay Hotel Danang's operations. As our operations stabilise, we shall continue to track our waste generation, observe fluctuation patterns and take corrective actions if required.

#### 9.6 **Occupational Health and Safety**

It is our duty to provide a health and safe working environment for our employees. Such an environment enables our employees to feel secure and comfortable to operate in which increases their productivity and efficiency. To achieve this, we implemented safety-related training such as swimming and drowning rescue training, first-aid and safety at work.

Key statistics on our work-related injuries and ill-health cases are as follows:

Performance Indicator	FY2023	FY2022
Number of workplace fatalities	Nil	Nil
Number of high-consequence work-related injuries <sup>5</sup>	Nil	Nil
Number of recordable work-related injuries	Nil	Nil
Number of recordable work-related ill-health cases <sup>6</sup>	Nil	Nil

#### 9.7 **Employee Development and Retention**

The Group has a total of 185 permanent employees as at 31 December 2023 compared to 52 employees as at 31 December 2022.

We embrace the philosophy of investing in our people by providing comprehensive training and development opportunities that enhance professional and technical expertise, so that our employees can continuously improve their skills and grow with us.

Key statistics on new hires and employee turnover are as follows:

## New Hires<sup>12</sup>

Disclosure	FY2023		FY2022	
	Number of New Hires	New Hire Rate	Number of New Hires	New Hire Rate
Overall	167	90%	34	65%
Gender				
Male	80	98%	10	71%
Female	87	84%	24	63%
Age				
Below 30	82	78%	17	55%
30 to 50	84	108%	17	81%
Above 50	1	50%	-	-

## Turnover<sup>13</sup>

Disclosure	FY2023		FY2022	
	Number of Turnovers	Turnover Rate	Number of Turnovers	Turnover Rate
Overall	34	18%	6	12%
Gender				
Male	13	16%	1	7%
Female	21	20%	5	13%
Age				
Below 30	8	8%	-	-
30 to 50	26	33%	6	29%
Above 50	-	-	-	-

For the Reporting Period, the increase in new hires and turnovers can be traced back to a hike in hiring requirements with the commencement of Bay Hotel Danang's operations. As our operations stabilises, we shall continue to monitor the employee movement data, observe fluctuation patterns and take corrective actions if required.

As we are refining the appropriate key performance indicators and benchmark metrics for our employees, we will be commencing regular performance appraisal for our employees in the following year to: (i) recognise their achievements; (ii) provide feedback for improvement; and (iii) motivate and invest in their personal development. This ultimately improves the employees' productivity and adds value to our Group.

<sup>12</sup> New hire rate is defined as number of new employee hires over the number of employees at the end of the period.

<sup>13</sup> Turnover rate is computed based on number of turnover over the number of employees at the end of the period.

To equip our employees with the right skillsets, employees are sent for courses related to their work areas whilst new employees undergo mandatory on-the-job trainings followed by mentorship arrangements, whereby they are guided by a senior staff member. The trainings and courses for employees are as follows:

- Safety-related training (refer to section '9.6 Occupational Health and Safety' for more information);
- On-the-job trainings conducted by various departments; and
- Firefighting trainings.

During FY2023, we conducted a total of 9,920 hours of training for our full-time employees. Our employees received an average of 54 hours of training per employee.

Key statistics on training hours are as follows:

Disclosure	FY2023	FY2022 <sup>14</sup>
Overall		
Total Training hours	9,920	Not available
Average training hours per employee	54	Not available
Gender (Male)		
Total training hours	4,950	Not available
Average training hours per employee	60	Not available
Gender (Female)		
Total training hours	4,970	Not available
Average training hours per employee	48	Not available

#### 9.8 **Equality and Diversity in the Workplace**

We aim to provide a conducive work environment for our employees that fosters fairness, equality and respect for social and cultural diversity, regardless of their gender, age and educational background. As at 31 December 2023, we have a total 185 employees (FY2022: 52), including 11% part-time and 89% full-time employees.

As at 31 December 2023, the breakdown of our employees by location is as follows:

Type of Employment	Singapore	Vietnam	Total
Full-time	7	158	165
Part-time	-	20	20
Total workforce	7	178	185

Data for FY2022 not available as it was not tracked previously.

## Gender Diversity (%)

We view gender diversity as an essential element in supporting sustainable development. Key statistics on gender diversity of our employees are as follows:

Disclosure	FY2023		FY2022	
	Male	Female	Male	Female
Overall	44%	56%	27%	73%
Employment category				
Management level	67%	33%	67%	33%
Non-management level	41%	59%	6%	94%
Employment type				
Full-time	48%	52%	27%	73%
Part-time	10%	90%	-	-

## Age Diversity (%)

We value mature workers for their experience, knowledge and skills. Key statistics on age diversity of our employees are as follows:

Disclosure	FY2023		FY2022			
	Below 30	30 – 50	Over 50	Below 30	30 – 50	Over 50
Overall	57%	42%	1%	60%	40%	-

Management level	4%	88%	8%	-	100%	-
Non-management level	65%	35%	-	82%	18%	-
Employment type						
Full-time	57%	42%	1%	60%	40%	-
Part-time	55%	45%	_	_	_	-

## Educational Background Diversity (%)

As Bay Hotel Danang is positioned in Vietnam as a luxury hotel targeted at international tourist, the education background of our employees is typically higher due to business requirements. Nonetheless, we believe in an inclusive environment for employees from diverse educational background, and we are looking into hiring more employees from a diverse educational background. Key statistics on educational background diversity of our employees are as follows:

Disclosure	FY2023 <sup>11</sup>		
	Tertiary	Non-Tertiary	
Performance of employees by educational diversity	99%	1%	

To promote equal opportunity, we implemented various human resource ("HR") measures as follows:

- A HR policy is in place to select employees based on merit and level of competence;
- For staff recruitment, advertisements do not include age, race, gender nor religion preferences; and
- An employee handbook and a code of conduct are in place to promote a healthy corporate culture.

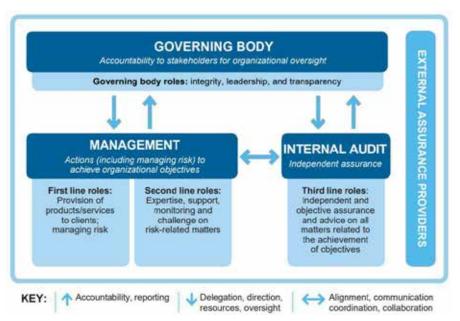

During the Reporting Period, there were no (FY2022: zero) reported incident of unlawful discrimination against emplovees7.

#### 9.9 **Robust Corporate Governance Framework**

We adhere to the principles and guidelines of the Code of Corporate Governance and are committed to responsible business practices and long-term value creation for all stakeholders.

In line with the principles and guidelines, we enhanced our Board's independence, strengthened shareholder rights, and improved transparency and disclosure. These measures fostered a culture of accountability and ethical conduct across the Group, ultimately benefiting our stakeholders including employees, customers, and shareholders.

We aligned our corporate governance and risk management approach with the Three Lines Model issued by the Institute of Internal Auditors ("IIA"). The Three Lines Model serves to identify structures and processes that best assist the achievement of organisational objectives and facilitate strong governance and risk management. Under the Three Lines Model, the roles and responsibilities of governing body, management (first-line and second-line roles), internal audit (third-line roles) and the relationship among them are defined as follows:

Source: The IIA's Three Lines Model

A whistle blowing policy is in place and provide a mechanism for employees to raise concerns through accessible confidential disclosure channels about possible improprieties in matters of financial reporting and others. An employees' handbook and a code of conduct are in place to provide guidance on corporate behaviour and the culture of the business.

During the Reporting Period, no incident of serious offence<sup>8</sup> was reported (FY2022: zero). We will continuously work towards improving our corporate governance practices.

The Group continues to be highly committed to the best practices of corporate governance which ensures a company's long-term sustainability, by adhering to the Singapore's Code of Corporate Governance. You may refer to page 9 Corporate Governance Report of this Annual Report for details for our corporate governance practices.

## 10. Targets and Performance Highlights

To measure our ongoing sustainability performance and drive continuous improvement, we developed a set of targets related to our key Sustainability Factors. Our progress against these targets is reviewed and reported on an annual basis with details as follows:

Legend	Progress Tracking		
	New target		
•••	Target achieved		
••	On track to meet target		
•••	Not on track, requires review		

S/N	Key Sustainability Factor	Target <sup>15</sup>	Performance in FY2023

9	Robust Corporate Governance Framework	Ongoing and long-term  Maintain zero incident of serious offence	•••			

For certain key Sustainability Factors identified above, we are still in the process of setting the related medium and long-term targets as their historical data trends have yet to stabilize. We will disclose such targets in our future sustainability reports when the data trends have stabilized and subject to market trends.

Time horizons for target setting are: (1) short-term: before FY2025; (2) medium-term: FY2025 – FY2035; (3) long-term: after FY2035; and (4) ongoing: continuous time horizon.

<sup>&</sup>lt;sup>16</sup> As our Bay Hotel Danang commenced its operations in the third quarter of FY2023, we plan to set a target for GHG emissions when the operations stabilise and relevant data is available.

#### 11. Supporting the SDGs

We incorporated the SDGs under the UN Sustainability Agenda, where appropriate, as a supporting framework to shape and guide our sustainability strategy. The results shown below are how our Sustainability Factors relate to these SDGs:

	SDGs	Our Effort (Sustainability Factor)
3 GOOD HEALTH AND WELL-BEING	Ensure healthy lives and promote well-being for all at all ages	Section 9.6 Occupational Health and Safety We implement measures to ensure a hazard-free working environment for our employees.
4 QUALITY EDUCATION	Ensure inclusive and equitable quality education and promote lifelong learning opportunities	Section 9.7 Employee Development and Retention We offer our employees with extensive on-the-job training and development opportunities in creating a rewarding working environment for our employees.
6 CLEAN WATER AND SANITATION	Ensure availability and sustainable management of water and sanitation for all	Section 9.3 Water Conservation We implement checks and measures to reduce water wastage in our business operations, which in turn help us to work towards achieving sustainable management and efficient use of natural resources.
7 AFFORDABLE AND CLEAN ENERGY	Ensure access to affordable, reliable, sustainable and modern energy for all	Section 9.4 Energy Conservation and GHG Emissions Reduction We implement measures to reduce our energy consumption as not only does it help to improve energy efficiency and reduce GHG emissions, it also helps us to reduce costs incurred to support our business operations.
8 DECENT WORK AND ECONOMIC GROWTH	Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	Section 9.1 Sustainable Business Performance We contribute to economic growth through creating long-term economic value for our shareholders.  Section 9.2 Customer Satisfaction We are determined to enhance our service providing and ensure that our employees are continually motivated and trained to deliver customer satisfaction and our brand promise.
10 REDUCED INEQUALITIES	Reduce inequality within and among countries	Section 9.8 Equality and Diversity in the Workplace We provide equal opportunity for all regardless of gender, age and educational background by establishing various HR related policies to facilitate this goal.

SDGs		Our Effort (Sustainability Factor)	
12 RESPONSIBLE CONSUMPTION AND PRODUCTION	Ensure sustainable consumption and production patterns	Section 9.5 Optimal Waste Management We constantly enhance our operating systems to move towards a paperless working environment and ensure proper management of recyclable waste.	
16 PEACE, JUSTICE AND STRONG INSTITUTIONS	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective accountable and inclusive institutions at all levels	Section 9.9 Robust Corporate Governance Framework We are committed to a high standard of corporate governance to safeguard our shareholders' interests maintain the transparency and integrity in our business operation.	

## 12. Supporting the TCFD

The Group is committed to support the recommendations by the TCFD and disclosed our climate-related financial disclosures in the following key areas as recommended by the TCFD:

### **Governance**

a. Describe the board's oversight of climate-related risks and opportunities.

Our sustainability governance structure includes the Board, SC, and various working groups across our businesses and geographies. The Board oversees the Group's sustainability strategy, including climate-related risks and opportunities and is responsible for the integration of climate-related considerations in setting the Group's strategic direction, policies, and target setting.

b. Describe management's role in assessing and managing climate-related risks and opportunities.

Our sustainability strategy is spearheaded by the SC which is led by our EDs. Members of the SC comprise our CFO and Country Head who are tasked with on-going communication with the Board, considering climate-related risks and opportunities in the development of sustainability strategy, reviewing performance metrics and targets towards achieving our decarbonisation objectives, and monitoring of climate-related initiatives and mitigating measures across the operations.

## Strategy

- a. Describe the climate-related risks and opportunities the organisation has identified over the short, medium, and long term.
- b. Describe the impact of climate-related risks and opportunities on the organisation's businesses, strategy, and financial planning.

With an increasing awareness of global climate crisis, we are more committed than ever towards sustainable conservative efforts. Our strategy is to transform the Group into a climate-resilient and future-fitted business. We recognise that climate change poses different types of risks to our business. Our overarching climate strategy is to identify, assess and mitigate potential impacts of climate-related physical and transition risks in our business.

In FY2023, the Group undertook a climate scenario analysis to identify and assess climate-related risks and opportunities for all our operations using the Representative Concentration Pathway ("RCP") adopted by the Intergovernmental Panel on Climate Change ("IPCC") as follows:

Scenario	Description
IPCC RCP 2.6/1.5°C	This scenario is in line with Paris Agreement to limit global warming to below 2°C by 2100 as a result of efficiency enhancements and behaviour changes as key mitigation strategy.
IPCC RCP 8.5/4°C	The 'business-as-usual' scenario assumes that GHG emissions continue to rise with significant increases in global temperatures of about 4.3°C by 2100, as no concerted efforts are made to reduce GHG emissions.

Based on the scenarios above, we identified the potential impact of climate change, both physical and transitions risk on our business as well as climate-related opportunities which the Group can capitalise on as follows:

Climate-related Risk	Potential Impact	Climate-related Opportunity
Physical Risk – Rising sea level and increased occurrence of extreme weather events	Rising sea level and increased extreme weather events such as floods, as a result of climate change may lead to adverse impact on our hotel, if it is prone to flooding. This will consequentially increase our cost of hotel business operations and reduce revenue due to climate change.	Raising awareness amongst our employees to be more environmentally conscious and strive to reduce our environmental impact throughout our operations.
Transition Risk - Expansion of carbon pricing mechanism	Changes in policy such as expansion in carbon tax coverage and increase in carbon tax rates which may lead to increased operating costs.	Raising climate awareness amongst our employees and with more defined job responsibilities and training, the Group will be in a better position to use energy resources responsibly to meet the rising needs and expectations of regulators and our customers.
Transition Risk - Enhanced GHG emissions reporting obligations	Failure to comply with relevant climate reporting requirements imposed by the authority may lead to adverse impacts on Group's reputation and financial performance.	Ensure strict adherence to and compliance with rules and regulations to meet growing expectations from investors and regulators.

The impact of the above climate-related risks is analysed on group-wide activities over the short term (before FY2025), medium term (FY2025 – 2035) and long term (after FY2035) with details as follows:

Warming Scenario 1: 1.5°C Warming (RCP 2.6)

Risk	Significance of Financial Impact <sup>17</sup>			
	Short Term	Medium Term	Long Term	
Key physical risk identified				
Rising sea level and increased occurrence of extreme weather events	•	•	•	
Key transition risk identified				
Expansion of carbon pricing mechanism which may increase operating costs	•	•	•

Warming Scenario 2: > 4°C Warming (RCP 8.5)

### Legend

MinorModerateMajor

In terms of our business strategy and financial planning based on the scenarios above, we will continue to formulate adaptation and mitigation plans and explore allocating resources towards transitioning to low-carbon practices. We strive to minimise the climate risks associated with our business and will seize opportunities in an effective manner such as expanding collaboration and partnership with key stakeholders to innovate and develop low carbon goods and services for the market.

Significance of financial impact is determined based on the risk appetite established in accordance with the Group's climate scenario assessment.

Not applicable as this scenario is unlikely in the short and medium term.

Describe the resilience of the organisation's strategy, taking into consideration different climaterelated scenarios, including a 2°C or lower scenario.

The resilience of an organisation's strategy is dependent on its ability to adapt and thrive in the face of changing circumstances and emerging risks. The climate scenario analysis is crucial in providing insights on the potential extent of the climate-related risk exposure to our businesses as well as the potential opportunities. Through our climate scenario analysis, we concluded that unmitigated climate risks (under warming scenario 2: > 4°C warming) may result in major financial impact in the long-term. Under warming scenario 1: 1.5°C, there may be moderate level of financial impact in the medium and long-term arising from the combined effects of extreme weather events, carbon tax increase, increased cost on operating expenses and potential revenue loss. We incorporated these findings and considerations into our strategy, decisionmaking and ERM framework.

## Risk Management

- Describe the organisation's processes for identifying and assessing climate-related risks a.
- b. Describe the organisation's processes for managing climate-related risks.
- c. Describe how processes for identifying, assessing, and managing climate-related risks are integrated into the organisation's overall risk management.

We acknowledge that maintaining a sound system of climate-related risk management is imperative to safeguarding the interests of the Group and foster trust with our stakeholders. To keep abreast of any changes in existing regulatory requirements and maintain good corporate governance, we proactively identify any major climate-related risks relevant to our business, as well as reviewing key climate-related risk performance regularly.

Climate-related risk management is covered under our ERM framework whereby potential climate-related risks are identified, assessed, monitored and managed. Under the framework, business units and functions are responsible for identifying and documenting their relevant climate-related risk exposures that might hinder their progress towards contributing to the Group's business objectives. Climate-related risks and opportunities, along with their treatment plans, are reviewed and updated during the ERM assessment exercise and are subsequently presented to the AC along with the other key enterprise-wide risks. Climate-related risks are also monitored based on the trend of climate-related performance indicators.

## Metrics and Targets

Disclose the metrics used by the organisation to assess climate-related risks and opportunities in line with its strategy and risk management process.

Our environmental performance, including energy consumption, water consumption, waste management and GHG emissions are tracked, measured, and its related metrics are disclosed in our sustainability reports. The monitoring and reporting of these metrics assist in identifying areas with material climate-related risks and enable us to track our progress towards reaching our goals.

b. Disclose Scope 1, Scope 2 and, if appropriate, Scope 3 GHG emissions and the related risks.

To support the climate change agenda, we disclose our Scope 1 and Scope 2 GHG emissions in our Report and set climate-related targets such as those related to GHG emissions. We recognise the importance of monitoring our indirect Scope 3 GHG emissions. As Bay Hotel Danang commenced its operations in the third guarter of FY2023, we plan to disclose relevant Scope 3 GHG emissions when the operations stabilise and relevant data is available.

Describe the targets used by the organisation to manage climate-related risks and opportunities C. and performance against targets.

As a commitment towards mitigating climate change, we set climate-related targets related to GHG emissions, water conservation and waste management. For further details, please refer to the relevant targets under section '10 Targets and Performances Highlights'.

# INDEPENDENT AUDITOR'S REPORT

To the Members of Adventus Holdings Limited

### **Report on the Audit of the Financial Statements**

### Opinion

We have audited the accompanying financial statements of Adventus Holdings Limited (the "Company") and its subsidiary corporations (the "Group") which comprise the consolidated balance sheet of the Group and the balance sheet of the Company as at 31 December 2023 and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 76 to 133.

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Singapore Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2023 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics applicable to Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 December 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

To the Members of Adventus Holdings Limited

### Report on the Audit of the Financial Statements (continued)

## Key audit matter

### Going concern

(Refer to Note 2.1 to the financial statements)

The Group incurred a net loss of \$7,712,135 and net cash used in operating activities of \$2,935,542 for the financial year ended 31 December 2023, and as of that date, the Group was in net current liabilities position of \$30,826,748. The Group is exposed to an increased liquidity risk, in relation to its ability to fulfil commitments to repay the existing indebtedness to suppliers and banks. These indicate existence of events or conditions that may cast significant doubt on the Group's ability to continue as a going concern for the next 12 months.

Notwithstanding the above, the directors are of the view that the Group will continue to operate on a going concern, having assessed the following sources of funding available to the Group for the next 12 months from the date of the financial statements:

- The Group has on 27 February 2024, successfully obtained an approved term sheet from a bank for a new term loan amounting to US\$21,600,000 to refinance its existing bank borrowings with the bank. The Group and the bank are in the midst of finalising the loan agreement;
- The Group received written consent from a shareholder who is also the director of the Company, and a related party subsequent to the financial year end to defer payments for outstanding balances of \$86,450 and \$12,774,838 respectively which are due in the financial year ending 31 December 2024 for another 12 months;
- The unutilised committed borrowings from a related party amounting to approximately \$183,000; and
- A director of the Company undertakes to provide continuing financial support to the Group in order to meet its obligation as and when they fall due.

Based on the sources of funding indicated above and the 12-month cash flow projection, the Group will have sufficient cash flows to meet its operating requirements. Management is confident that the strategies in place will improve the financial position of the Group so as to continue in operational existence for at least 12 months from the date of the financial statements and the use of the going concern assumption in the preparation of the financial statements is appropriate.

We identified the assessment of whether the financial statements have been prepared on a going concern basis as a key audit matter due to the significant degree of management's judgements and assumptions involved in determining the appropriateness of the use of going concern assumption in preparing the financial statements.

## How our audit addressed the matter

In obtaining sufficient audit evidence, the following procedures were carried out:

- Reviewed management's assessment on going concern through obtaining management's forecast of the cash flows projection of the Group over the next 12 months;
- Challenged the appropriateness of the key assumptions used by management in the cash flows projection, including timing of cash inflows, availability of funds and cash required for operations;
- 3. Discussed with management on any material judgements, events or conditions identified and obtained relevant supporting documents for verification;
- 4. Reviewed minutes of board meetings and relevant committees for events and conditions after the financial year end to identify factors relevant, if any, to the going concern assumption as a basis for the preparation of the financial statements; and
- Evaluated the adequacy and appropriateness of the disclosures made in Note 2.1 to the financial statements.

Key Audit Matters (continued)

Key audit matter	How our audit addressed the matter
Impairment of other receivables (Refer to Notes 2.9, 3(b), 13 and 27(b) to the financial statements)	
As at 31 December 2023, the Group and the Company have other receivables of \$5,449,052 and \$31,109,450 respectively, which represent approximately 9% and 99%	In obtaining sufficient audit evidence, the following procedures were carried out:
of the Group's and the Company's total assets.  The Group has applied the general approach in SFRS(I)  9 Financial Instruments to measure the loss allowance on	Reviewed management's assessment and provisioning policies on the expected credit losses of other receivables;
other receivables at 12-month expected credit loss. The Group determines the expected credit loss by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for	2. Reviewed the reasonableness of the judgements used by management in assessing whether there has been a change in credit risk;
factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the balance sheet date.	<ol> <li>Reviewed the recoverability of outstanding other receivables through verification of subsequent receipts and any other evidences supporting the recoverability of other receivables; and</li> </ol>
We identified recoverability of other receivables as a key audit matter due to significant degree of management's judgements involved in determining the credit risk of these receivables.	Reviewed the adequacy and appropriateness of the disclosure made in the financial statements.

## Report on the Audit of the Financial Statements (continued)

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current financial year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement director on the audit resulting in this independent auditor's report is Chan Siew Ting.

For the financial year ended 31 December 2023

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

#### 1 **General information**

Adventus Holdings Limited (the "Company") is listed on the Catalist Board of Singapore Exchange Securities Trading Limited and incorporated and domiciled in Singapore. The address of its registered office and principal place of business is 52 Telok Blangah Road, #03-06 Telok Blangah House, Singapore 098829.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiary corporations are disclosed in Note 15 to the financial statements.

#### 2 Material accounting policies

#### 2.1 Basis of preparation

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) ("SFRS(I)s") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3 to the financial statements.

## Interpretations and amendments to published standards effective in 2023

On 1 January 2023, the Group has adopted the new or amended SFRS(I) and Interpretations of SFRS(I) ("INT SFRS(I)") that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and INT SFRS(I).

The adoption of these new or amended SFRS(I) and INT SFRS(I) did not result in substantial changes to the Group's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

## Going concern

The Group incurred a net loss of \$7,712,135 and net cash used in operating activities of \$2,935,542 for the financial year ended 31 December 2023, and as of that date, the Group was in net current liabilities of \$30,826,748. The Group is exposed to an increased liquidity risk, in relation to its ability to fulfil commitments to repay the existing indebtedness to suppliers and banks. These indicate existence of events or conditions that may cast significant doubt on the Group's ability to continue as a going concern for the next 12 months.

The Directors are of the view that the Group will continue to operate on a going concern, having assessed the following sources of funding available to the Group for the next 12 months from the date of the financial statements.

- The Group has on 27 February 2024, successfully obtained an approved term sheet from a bank for a new term loan amounting to US\$21,600,000 to refinance its existing bank borrowings with the bank. The Group and the bank are in the midst of finalising the loan agreement;
- The Group received written consent from a shareholder who is also the director of the Company, and a related party subsequent to the financial year end to defer payments for outstanding balance of \$86,450 and \$12,774,838 respectively which are due in the financial year ending 31 December 2024 for another 12 months;
- The unutilised committed borrowings from a related party amounting to approximately \$183,000; and
- A director of the Company undertakes to provide financial support to the Group in order to meet its obligation as and when they fall due.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

#### 2.1 Basis of preparation (continued)

## Going concern (continued)

Based on the sources of funding indicated above and the 12-month cash flow projection, the Group will have sufficient cash flow to meet its operating requirements. Management is confident that the strategies in place will improve the financial position of the Group so as to continue in operational existence for at least 12 months from the date of the financial statements and the use of the going concern assumption in the preparation of the financial statements is appropriate.

Accordingly, the accompanying financial statements did not include any adjustments relating to the realisation and classification of asset and liability amounts that may be necessary if the Group and the Company were unable to continue as going concerns. Should the going concern assumption be inappropriate, adjustments may have to be made to:

- (i) reflect the situation that assets may need to be realised other than their carrying amounts;
- provide for further liabilities that might arise; and (ii)
- reclassify non-current assets and non-current liabilities as current.

#### 2.2 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring the promised services to a customer. Revenue is recognised when the Group satisfies a performance obligation by transferring a promised service to the customer, which is when the customer obtains control of the service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation. Revenue are presented, net of value-added tax, rebates and discounts.

Advances from customers are deferred and classified as "Contract liabilities" until the revenue is recognised.

Hotel room revenue

Hotel room revenue is recognised at a point in time based on room occupancy and when the services have been performed and rendered.

(b) Other hotel revenue

> Other hotel revenue is recognised at the point in time when control of the goods are delivered or the services are rendered to the customers.

(c) Hotel management services revenue

> Hotel management services revenue is recognised over time, at the contractual rates on a monthly basis, as the service are rendered.

(d) Interest income

Interest income is recognised using the effective interest method.

#### 2.3 **Group accounting**

#### (a) Subsidiary corporations

#### (i) Consolidation

Subsidiary corporations are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiary corporations have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary corporation's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, consolidated statement of changes in equity and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary corporation, even if this results in the non-controlling interests having a deficit balance.

#### (ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary corporation or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary corporation measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (b) the fair value of the identifiable net assets acquired is recorded as goodwill. If those amounts are less than the fair value of the identifiable net assets of the subsidiary corporation acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a gain from bargain purchase.

Please refer to Note 2.5 "Goodwill" for the subsequent accounting policy on goodwill.

For the financial year ended 31 December 2023

## 2 Material accounting policies (continued)

## 2.3 Group accounting (continued)

(a) Subsidiary corporations (continued)

## (iii) Disposals

When a change in the Group's ownership interest in a subsidiary corporation results in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific SFRS(I).

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the Note 2.7 "Investments in subsidiary corporations" for the accounting policy on investments in subsidiary corporations in the separate financial statements of the Company.

(b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary corporation that do not result in a loss of control over the subsidiary corporation are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

## 2.4 Property, plant and equipment

- (a) Measurement
  - (i) Freehold land and buildings

Freehold land and buildings are initially recognised at cost. Freehold land is subsequently carried at the cost less accumulated impairment losses. Buildings are subsequently carried at the cost less accumulated depreciation and accumulated impairment losses.

(ii) Construction in progress

Properties in the course of construction for production, supply or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognised impairment loss.

(iii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

#### 2.4 Property, plant and equipment (continued)

#### (a) Measurement (continued)

#### (iv) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price, borrowing costs (refer to Note 2.6 on borrowing costs) and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

#### (b) Depreciation

Freehold land is not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

Useful lives

Buildings 50 years Furniture and fittings 3 - 10 years Office equipment 3 – 10 years 3-5 years Renovation

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

Depreciation of construction in progress commence when the assets are ready for their intended use.

Fully depreciated assets are retained in the financial statements until they are no longer in use.

#### (c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

#### (d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "other losses - net".

For the financial year ended 31 December 2023

## 2 Material accounting policies (continued)

#### 2.5 Goodwill

Goodwill on acquisitions of subsidiary corporations and businesses, represents the excess of (i) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (ii) the fair value of the identifiable net assets acquired. Goodwill on subsidiary corporations is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Gains and losses on the disposal of subsidiary corporations include the carrying amount of goodwill relating to the entity sold.

## 2.6 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method in the period in which they are incurred except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, those in relation to general borrowings used to finance the construction or developments of properties and assets under construction. The actual borrowing costs incurred are capitalised in the cost of the property under construction until such time as the assets are substantially ready for their intended use or sale.

## 2.7 Investments in subsidiary corporations

Investments in subsidiary corporations are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

## 2.8 Impairment of non-financial assets

## (a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash-generating units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

#### 2.8 Impairment of non-financial assets (continued)

(b) Property, plant and equipment Right-of-use assets Investments in subsidiary corporations

> Property, plant and equipment, right-of-use assets and investments in subsidiary corporations are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

> For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

> If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

> The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

> For an asset other than goodwill, management assesses at the end of the balance sheet date whether there is any indication that an impairment recognised in prior periods may no longer exist or may have decreased. If any such indication exists, the recoverable amount of that asset is estimated and may result in a reversal of impairment loss. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss.

#### 2.9 Financial assets

(a) Classification and measurement

The Group classifies its financial assets at amortised cost.

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

## At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

For the financial year ended 31 December 2023

## 2 Material accounting policies (continued)

## 2.9 Financial assets (continued)

(a) Classification and measurement (continued)

At subsequent measurement

Debt instruments

Debt instruments mainly comprise of cash and bank balances and trade and other receivables.

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

#### (b) Impairment

The Group assesses on a forward-looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 27(b) to the financial statements details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For other financial assets, the general 3 stage approach is applied. Credit loss allowance is based on 12-month expected credit loss if there is no significant increase in credit risk since initial recognition of the assets. If there is a significant increase in credit risk since initial recognition, lifetime expected credit loss will be calculated and recognised.

## (c) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

## 2.10 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

## 2.11 Financial guarantees

The Company has issued corporate guarantees to banks for bank borrowings of its subsidiary corporations. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiary corporations fail to make principal or interest payments when due in accordance with the terms of their borrowings. Intra-group transactions are eliminated on consolidation.

Financial guarantee contracts are initially measured at fair value and subsequently measured at the higher of:

- amount initially recognised less the cumulative amount of income recognised in accordance with the (a) principles of SFRS(I) 15 Revenue from contract with customers; and
- the amount of expected loss allowance computed using the impairment methodology under Note 2.9 (b) to the financial statements.

## 2.12 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are derecognised when the obligation is discharged, cancelled or expired. The difference between the carrying amount and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

## 2.13 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

## 2.14 Leases

When the Group is the lessee:

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

For the financial year ended 31 December 2023

## 2 Material accounting policies (continued)

#### **2.14 Leases** (continued)

When the Group is the lessee: (continued)

## Right-of-use assets

The Group recognises a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term as below:

Useful lives

Prepaid lease - Leasehold land Office premise 31.5 years 2 years

#### Lease liabilities

The initial measurement of a lease liability is measured at the present value of the lease payments discounted using the interest rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments includes fixed payment (including in-substance fixed payments), less any lease incentives receivables.

Lease liabilities are measured at amortised cost using the effective interest method. Lease liabilities shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Group's assessment of whether it will exercise an extension option; or
- There is a modification in the scope or the consideration of the lease that was not part of the original term.

Lease liabilities are remeasured with a corresponding adjustment to the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

## Short term and low value leases

The Group has elected to not recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and leases of low value leases, except for sublease arrangements. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

#### 2.15 Inventories

Inventories comprises of operating supplies and food and beverage inventory items which are carried at the lower of cost and net realisable value. Cost is determined on a first-in-first-out method. Costs include all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

## 2.16 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a tax authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary corporations, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (a) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (b) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income tax taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

The Group accounts for investment tax credits similar to accounting for other tax credits where a deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

#### 2.17 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

## 2.18 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans

> Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund, Social Insurance, Health insurance and Unemployment insurance on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Short-term compensated absences

> Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for unutilised annual leave as a result of services rendered by employees up to the balance sheet date.

## 2.19 Currency translation

Functional and presentation currency (a)

> Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar ("SGD" or "\$"), which is the functional currency of the Company.

Transactions and balances (b)

> Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. Monetary items include primarily financial assets (other than equity investments), contract assets and financial liabilities. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

> When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

For the financial year ended 31 December 2023

#### 2 Material accounting policies (continued)

## 2.19 Currency translation (continued)

(b) Transactions and balances (continued)

> Foreign exchange gains and losses impacting profit or loss are presented in profit or loss within "other losses - net".

> Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Translation of Group entities' financial statements (C)

> The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the balance sheet date;
- income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- all resulting currency translation differences are recognised in other comprehensive income (iii) and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal with loss of control of the foreign operation.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the balance sheet date.

## 2.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of Directors whose members are responsible for allocating resources and assessing performance of the operating segments.

## 2.21 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and cash equivalents.

## 2.22 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

For the financial year ended 31 December 2023

## 3 Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Impairment of property, plant and equipment ("PPE")

PPE are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

The Group assesses whether PPE has any indication of impairment in accordance with its accounting policy. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of the fair value less costs to sell and value-in-use.

Management has engaged an independent property valuer to assist the Group in determining the recoverable amount of the PPE as at the end of the financial year. The determination of the recoverable amount of the PPE involves the use of significant estimates, judgements and assumptions made by management and the independent property valuer such as occupancy rate, average daily rate, adopted investment yield, forecasted revenue and operating expenses, sales growth rates, gross profit margin and discount rates.

Based on the impairment exercise, no impairment is required to be recognised during the financial years ended 31 December 2023 and 2022 as the recoverable amount is higher than the carrying amount of the PPE which amounted to \$43,874,322 (2022: \$72,271,546). The change in the estimated recoverable amount from any reasonably possible change on the key estimates does not materially cause the recoverable amount to be lower than its carrying amount.

(b) Expected credit losses ("ECL") on other receivables

When measuring ECL, the Group and the Company determines the ECL on these items by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the balance sheet date.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral.

Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions. Any changes in the probability in default may result in a change in the loss allowance currently provided for. The carrying amount of the other receivables is disclosed in Note 13 to the financial statements.

The Group and the Company use the general approach for assessment of ECLs for other receivables. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECL at initial recognition. As at 31 December 2023, the Company has made a loss allowance amounting to \$958,127 (2022: \$73,692) (Note 27(b)) as there is no reasonable ground to recover the receivables from its subsidiary corporations.

The Group's and the Company's credit risk exposure for other receivables are set out in Note 27(b) to the financial statements.

Contract liabilities relate primary to the Group's obligation to transfer goods and services to customers for which the Group has received advances from customers;

Contract liabilities are recognised as revenue when the Group fulfils its performance obligation under the contract with the customer.

There are no revenue recognised in the current year that was included in the contract liabilities at the beginning of the year.

## Unsatisfied performance obligations

Management expects that the transaction price allocated to unsatisfied performance obligations as at 31 December 2023 will be recognised as revenue in the financial year ending 31 December 2024.

As permitted under the SFRS(I) 15 Revenue from contract with customers, the aggregated transaction price allocated to unsatisfied contracts of periods one year or less, or are billed based on time incurred, is not disclosed.

Deferred income tax assets are recognised for tax losses carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group has unrecognised tax losses of \$5,192,102 (2022: \$2,665,234) at the balance sheet date which can be carried forward and used to offset against future taxable income subject to meeting certain statutory requirements. Included in unrecognised tax losses are losses of \$4,589,639 (2022: \$2,569,278) that have an expiry date of 5 years from the financial year where the tax losses arise from. During the current financial year ended 2023, unrecognised tax losses of \$254,837 (2022: \$339,126) has expired.

Withholding tax expense arose from realisation of interest income charged to Hoi An Pearl Joint Stock Company ("HAP") to the Group and gain on the disposal of HAP (Note 12).

- Audited by Nexia STT Co., Ltd, Vietnam for local statutory requirement purpose and/or group consolidation purpose.
- (3) Audited by Ivan Law & Co, Malaysia for local statutory requirement purpose.
- On 9 January 2017, the Group signed a joint venture agreement with Panthera Company Limited ("Panthera"), a property development company in Vietnam, to set up Regis Bay to hold and develop a project land into single block hotel. An amendment to the joint venture agreement was signed between the Group and Panthera on 24 April 2017.

The Group incorporated ADV S1 Pte. Ltd. ("ADV S1") in Singapore and ADV V1 Holding Company Limited ("ADV V1") in Vietnam for Group's business development in Vietnam to support the abovementioned project.

ADV S1, through ADV V1, invested in Regis Bay in the form of a convertible loan with the option to convert the loan into shares in Regis Bay. A convertible loan agreement was signed on 11 September 2017. The loan is convertible into equity interest in Regis Bay during the term of the loan till maturity or on full repayment, whichever is earlier. In the event of conversion, the convertible loan will be converted to shares of equivalent to the amount of the loan and equal to 75% of the charter capital of Regis Bay, regardless of how much the registered charter capital is at the time of conversion. In 2019, the Group entered into a supplemental agreement dated 19 November 2019 and reduced its equity interest from 75% to 51%.

Whilst the Group does not hold any equity interests in Regis Bay, management establishes control over Regis Bay on the following bases:

- Ability to make key financial and operating policy decisions through its power to appoint majority of the board of Regis (i)
- Any resolution of the Board of Directors and/or the general meeting of shareholders of Regis Bay shall be effective (ii) only with prior consent or approval in writing by the Group; and
- The Group has exposure to variable returns from its involvement with Regis Bay and has the ability to use its power (iii) over the investee to affect its returns via its convertible loan.

Accordingly, the results of Regis Bay had been consolidated in the Group's financial statements since financial year ended 31 December 2017 up to 11 April 2023.

On 11 April 2023, the Group through its wholly owned subsidiary corporation, Thai Vy Company Limited ("Thai Vy") acquired an indirect 51% interest in the total charter capital of Regis Bay by restructuring the convertible loan into the share capital of Regis Bay. Following the completion of the transaction, the Group effectively owns 51% of the equity interest in Regis Bay (Note 15(b)).

For the financial year ended 31 December 2023

## 15 Investments in subsidiary corporations (continued)

The Group has the following subsidiary corporations as at 31 December 2023 and 2022: (continued)

- (5) Incorporated on 25 January 2023.
- (6) Struck off on 5 June 2023.
- Acquired on 11 April 2023 for the purpose of the conversion of convertible loan into 51% interest in the total charter capital of Regis Bay (see footnote 4 above).
- Prior to 25 March 2022, the Group did not own equity interest in this subsidiary corporation but management has assessed that it has control over the subsidiary corporation. ADV S2 invests in HAP in the form of a loan with the legal shareholder of HAP (the non-controlling interest shareholder) and other terms and conditions set out in the joint venture agreement. The loan agreement was signed on 5 January 2018.

On 5 January 2018, the Group signed a joint venture agreement with Panthera, property development company in Vietnam, Mr. Tran Hoang Anh Tuan and Ms. Nguyen Thai Dong Huong, to operate HAP and to develop a resort on a piece of land at Khoi Xuyen Trung, Phuong Cam Nam, Hoi An, Quang Nam Province, Vietnam.

As set out in the joint venture agreement, 51% equity shares in HAP will be transferred to the Group pursuant to satisfaction of certain conditions precedent. Accordingly, prior to 25 March 2022, an amount due to non-controlling interest shareholder of \$3,327,764 has been accrued and a corresponding obligation to non-controlling interest shareholder has been set aside as "other reserve" (Note 23(b)(ii)). Whilst the Group does not hold any equity interests in HAP, management establishes control over HAP on the following bases:

- (i) Ability to make key financial and operating policy decisions through its power to appoint majority of the board of HAP;
- (ii) Any resolution of the Board of Directors and/or the general meeting of shareholders of HAP shall be effective only with prior consent or approval in writing by the Group; and
- (iii) The Group has exposure to variable returns from its involvement with HAP and has the ability to use its power over the investee to affect its returns via its loan.

Accordingly, the results of HAP had been consolidated in the Group's financial statements since financial year ended 31 December 2018.

On 25 March 2022, 51% equity shares in HAP was transferred to the Group upon receipt of the latest Enterprise Registration Certificate issued by the Department of Planning and Investment, Quang Nam Province ("Shares Transfer"). Following the completion of the Shares Transfer, the Group effectively owns 51% of the equity interest in HAP (Note 13(b)).

On 2 October 2023, the Group disposed of its 51% owned subsidiary corporation, Hoi An Pearl Joint Stock Company ("HAP") (Note 12).

In accordance with Rule 716 of The Singapore Exchange Securities Trading Limited – Listing Rules, the Audit Committee and Board of Directors of the Company confirmed that they are satisfied that the appointment of different auditor for its subsidiary corporations would not compromise the standard and effectiveness of the audit of the Group.

As at 31 December 2023 and 2022, the Group holds the following land-use-rights and properties:

Held by companies	Location of property	Stage of completion and completion date	Land area and Gross Floor Area ("GFA") of property
2023 and 2022 Regis Bay Vietnam Investment Joint- Stock Company	Freehold land held at 17 Quang Trung Street, Hai Chau 1 Ward, Hai Chau District, Da Nang City, Vietnam	Construction substantially completed on 1 June 2023	Land area = 1,562.7sqm GFA = 24,441 sqm

## **17** Right-of-use assets

# Nature of the Group's leasing activities

## **Property**

The Group leases office space for the purpose of back office operations.

# **Prepaid leases**

The Group has made an upfront payment to secure the land-use-rights of leasehold land, which is used in the Group's construction of the hotel in Vietnam. The land-use-rights of leasehold land in Vietnam are mortgaged to the banks as securities for certain bank borrowings (Note 20) of the Group.

The land-use-rights of leasehold land is derecognised upon completion of the disposal of HAP during the financial year (Note 12).

#### 20 Bank borrowings (continued)

Security granted (a)

The Group has three principal bank loans as at financial year ended 31 December 2022 and 2023:

A loan of \$4,301,532 as at 31 December 2019 which is repayable over 26 instalments after 18 months from the first disbursement date.

The loan is secured by the leasehold land of the project (Note 17). The loan bears minimum 9% per annum for first 12 month after first disbursement date, 25 January 2019 and subsequently bears prime rate plus a minimum interest rate of 3.5% per annum. The prime interest rate is equal to the interest rate on saving accounts in Vietnamese Dong ("VND") plus the incremental cost of capital.

The Group has refinanced the loan with another financial institution during the financial year ended 31 December 2020. Accordingly, the credit facilities have been revised from VND350,000,000,000 (equivalent to \$20,590,000) to VND380,000,000,000 (equivalent to \$22,000,000) for the purpose of HAP project in Vietnam.

The revised terms of the new term loan are as follows:

A loan of \$17,621,047 as at 31 December 2022 which is repayable over 32 instalments after 12 months from the first disbursement date. The loan was drawn down for the purpose of financing of project construction costs. The interest rate is determined by the bank at the time of each disbursement.

The loan is guaranteed by (i) joint and several personal guarantees given by the non-controlling interest shareholders; and secured by (ii) the leasehold land of the project (Note 17).

The loan was discharged upon the completion of the disposal of a subsidiary corporation during the financial year (Note 12).

A loan of \$26,240,140 as at 31 December 2023 (2022: \$29,631,139) which is repayable over 8 instalments after 39 months from the first drawdown date. The loan was drawn down for the purpose of financing 67% of project construction costs. The interest rate is the sum of the Margin (1% to 3% per annum) and Cost of Funds (or such other rate determined at the sole discretion of the financial institution).

The loan is guaranteed by (i) joint and several personal guarantees given by directors and noncontrolling interest shareholders (ii) corporate guarantee given by the Company; and secured by (iii) pledged deposits (Note 12); and (iv) the freehold land and building of the project included in "Land" and "Buildings" (Note 16). The total loan balance is required not to exceed 70% of the market value of the mortgaged assets during the tenor of the loan.

A Temporary Bridging Loan ("TBL") of \$1,793,691 as at 31 December 2023 (2022: \$2,524,999) iii. which is repayable over 5 years after 12 months from the first drawdown date. The interest rate is fixed at 3% per annum. The loan is guaranteed by personal guarantees from a controlling shareholder who is also a director of the Company.

As at 31 December 2023, the Group has no undrawn committed bank facilities available (2022: \$1,265,395).

#### 27 Financial risk management

## Financial risk factors

The Board of Directors meets periodically to analyse and formulate measures to manage the Group's exposure to market risk, including principally changes in interest rates and foreign exchange rates. Generally, the Group employs a conservative strategy regarding its risk management. As the Group's exposure to market risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The Group does not hold or issue derivative financial instruments for trading purposes.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures these risks.

For the financial year ended 31 December 2023

#### 27 Financial risk management (continued)

#### (a) Market risk

#### (i) Foreign exchange risk

The Group transacts businesses significantly in Singapore Dollar, United States Dollar and Vietnamese Dong. Transactions in other currencies are limited.

The significant carrying amounts of monetary assets and monetary liabilities (before inter-company eliminations) denominated in currencies other than the respective group entities' functional currencies are as follows:

Foreign currency sensitivity for significant foreign currency balances

The following table details the sensitivity to a 10% increase and decrease in the relevant foreign currencies against the functional currency of each group entity. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. If the relevant foreign currency strengthens by 10% against the functional currencies of the group entities, the loss before income tax will decrease/ (increase) by:

	Group		Company	
	2023 2022	2023	2022	
	\$	\$	\$	\$
Impact to profit or loss				
United States Dollar	(2,879,598)	(2,224,002)	(1,828,605)	1,977,433

If the relevant foreign currencies weaken by 10% against the functional currencies of the group entities, the impact will be conversed of the amount shown above.

#### 27 Financial risk management (continued)

#### Market risk (a)

#### (ii) Interest rate risk

The Group's interest rate risk is primarily from bank borrowings with financial institutions. The Group's 5-year term loan and loan from related party and non-controlling interest shareholder of subsidiary corporation bears fixed interest rate of 3% and 5-15% respectively per annum effectively eliminating interest rate risk.

Other bank borrowings bear variable interest rate on which effective hedges have not been entered into.

## Interest rate sensitivity

The sensitivity analyses below have been determined based on the exposure to interest rates for interest bearing financial instruments at the balance sheet date. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all variables were held constant, the Group's loss before income tax for the financial year ended 31 December 2023 would have been higher/lower by \$214,146. The Group's loss before income tax for the financial year ended 31 December 2022 would not be materially impacted as the interest on borrowings for the purpose of financing the projects has been capitalised as property, plant and equipment.

## Credit risk (b)

## Trade and other receivables

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group.

The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by the counterparty limits that are reviewed and approved by management.

The Group is exposed to concentration of credit risk as at 31 December 2023 on other receivable - nonrelated parties, Hoi An Pearl Joint Stock Company, amounting to \$5,214,896 (2022: \$Nil), which accounted for 50% (2022: Nil%) of the Group's total financial assets.

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising expected credit losses (ECL)
Performing	The counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
Doubtful	Amount that has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
In default	Where there is evidence indicating the asset is credit-impaired.	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.	Amount is written off

- (i) For trade receivables, the Group has applied the simplified approach in SFRS(I) 9 to measure the loss allowance at lifetime ECL. The Group determines the expected credit losses on these items by using historical credit loss experience based on the past due status of the receivables, adjusted as appropriate to reflect current conditions and estimates of future economic conditions.
- For other receivables, the Group determines the ECL on these items by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the balance sheet date.

#### (b) Credit risk (continued)

Trade and other receivables (continued)

Management is of the view that the credit risk on the amount due from subsidiary corporations is mitigated as it is within the control of the Group to make repayments when necessary.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

The Group applied the expected credit losses model prescribed by SFRS(I) 9 Financial instruments. The impairment methodology is set out above.

As part of the Group's credit risk management, the Group assesses the impairment for its debtors based on different group of debtors which share common risk characteristics that are representative of the debtors' abilities to pay all amounts due in accordance with the contractual terms. Management is of the view that credit risk associated with receivables from the non-controlling interest shareholder is mitigated as they are of good credit-standing and nothing has come to their attention that it should be impaired.

The table below shows the movement in ECL that has been recognised for other receivables set out in SFRS(I) 9:

	Grou	ab	Comp	any
	2023	2022	2023	2022
	\$	\$	\$	\$

Reversal of loss allowance	_	_	(111)	_
End of financial year	116,686	116,686	1,464,699	506,683

As the Group and the Company do not hold collateral, the maximum exposure to credit risk to each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet, except as follows:

	Com	pany
	2023	2022
	\$	\$
Corporate guarantee provided to bank on subsidiary corporation's		
borrowing	7,911,600	8,067,600

The Company has assessed that its subsidiary corporations have favourable financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

## Cash and cash equivalents

The Group and the Company held cash and bank balances of \$4,788,248 and \$131,956 (2022: \$6,118,256 and \$2,626,512) respectively. Cash and bank balances are held with bank and financial institution counterparties with sound credit ratings. The cash balances are measured on 12-month expected credit losses and subject to immaterial credit loss.

#### (c) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. Management has also assessed that the Group and the Company will continue in operational existence for at least 12 months from the date of financial statements as disclosed in Note 2.1 to the financial statements.

## Non-derivative financial liabilities

The table below analyses non-derivative financial liabilities of the Group into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due less than 1 year equal their carrying amounts as the impact of discounting is not significant.

## (d) Capital risk

The Group manages its capital to ensure that entities in the Group will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance and to ensure that all externally imposed capital requirements are complied with.

The capital structure of the Group consists of equity attributable to equity holders of the Company, comprising paid up capital, accumulated losses and reserves.

Management reviews the capital structure on an on-going basis. As a part of this review, management considers the cost of capital and the risks associated with each class of capital.

Based on recommendations of management, the Board of Directors will balance its overall capital structure through the payment of dividends, new share issues and share buy-backs as well as the issuance of new debt.

The Group's overall strategy remains unchanged from prior year.

(e) Fair value measurements

> Assets and liabilities recognised and measured at fair value and classified by level of the following fair value measurement hierarchy:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1); a.
- b. inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) c. (Level 3).

The fair value of current financial assets and liabilities carried at amortised cost approximate their carrying amounts. The fair value measurement of non-current borrowings is disclosed in Note 20 to the financial statements.

(f) Financial instruments by category

The carrying amount of the different categories of financial instruments is as follows:

#### 29 **Segment information**

The Group determines its reportable segments based on internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segments and to assess their performance.

The Group is organised into business units based on their products and services, based on which information is prepared and reported to the Board of Directors for the purposes of resource allocation and assessment of performance.

For management purposes, the Group is organised into the following operating segments as follows:

- Property and hospitality segment mainly relates to (i) property ownership, development, management and (1) investment; and (ii) hospitality services.
- Corporate segment mainly relates to investment holding activities. (2)
- (3)Others segment mainly relates to entities that are dormant.

The accounting policies of the operating segments are the same as the Group's accounting policies described in Note 2 to the financial statements. Segment results represent the profits earned/losses incurred by each segment without allocation of corporate income, costs and taxation.

Inter-segment transfers are eliminated on consolidation.

All assets and liabilities are allocated to reportable segments other than corporate assets and liabilities that cannot be attributed to any one operating segment.

## FY2023

On 11 April 2023, the Company acquired all of the charter capital of Thai Vy Company Limited ("Thai Vy") for an aggregate consideration of VND200,000,000 (equivalent to \$11,288). The consideration was determined after taking into consideration the initial status of Thai Vy as a dormant company and its subsequent status as a holding company of the Group's investment in Regis Bay Vietnam Investment Joint-Stock Company and was satisfied entirely by proceeds of the loan extended by Fiesta Development Pte Ltd. The principal activities of Thai Vy are investment holding and property development. Thai Vy was incorporated on 1 December 2022 and has remained with no business activities up to the date of acquisition on 11 April 2023.

## FY2022

On 10 November 2022, the Company acquired 60% of the issued share capital in Bay Hospitality Pte. Ltd. ("BH") for a cash consideration of \$600. The principal activity of BH is management consultancy for hotels. BH was incorporated on 30 June 2022 and has remained with no business activities up to the date of acquisition on 10 November 2022. The purpose to acquire BH is, together with the existing director/shareholder of BH, to explore business opportunity on management consultancy for hotels.

#### Goodwill (d)

# FY2022

The acquisition of BH was completed on 10 November 2022. Management is of the view that there is no identifiable intangible asset at the date of acquisition. The carrying values of assets and liabilities as at the date of acquisition approximate to their fair values. BH is in a net liability position as at the date of acquisition therefore resulted in a goodwill arising from business acquisition of \$44,123. The Group has fully impaired the goodwill as BH remained with no business activities as at financial year end and no recoverable amount expected.

For the financial year ended 31 December 2023

> Had Thai Vy been acquired from 1 January 2023, consolidated net loss for the financial year ended 31 December 2023 would have been \$7,712,789.

> Had BH been acquired from 1 January 2022, consolidated net loss for the financial year ended 31 December 2022 would have been \$2,855,248.

#### 31 New or revised accounting standards and interpretations

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 January 2024 and which the Group has not early adopted.

- Amendments to SFRS(I) 1-1 Presentation of Financial Statements:
  - Classification of Liabilities as Current or Non-current (effective for annual periods beginning on or after 1 January 2024)
  - Non-current Liabilities with covenants (effective for annual periods beginning on or after 1 January 2024)

The narrow-scope amendments to SFRS(I) 1-1 Presentation of Financial Statements clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the balance sheet date (e.g. the receipt of a waiver or a breach of covenant).

Covenants of loan arrangements will not affect classification of a liability as current or non-current at the balance sheet date if the entity must only comply with the covenants after the balance sheet date. However, if the entity must comply with a covenant either before or at the balance sheet date, this will affect the classification as current or non-current even if the covenant is only tested for compliance after the balance sheet date.

The amendments require disclosures if an entity classifies a liability as non-current and that liability is subject to covenants that the entity must comply with within 12 months of the balance sheet date. The disclosures include:

- the carrying amount of the liability,
- information about the covenants, and
- facts and circumstances, if any, that indicate that the entity may have difficulty complying with the covenants.

The amendments also clarify what SFRS(I) 1-1 means when it refers to the 'settlement' of a liability. Terms of a liability that could, at the option of the counterparty, result in its settlement by the transfer of the entity's own equity instrument can only be ignored for the purpose of classifying the liability as current or non-current if the entity classifies the option as an equity instrument. However, conversion options that are classified as a liability must be considered when determining the current/non-current classification of a convertible note.

The Group does not expect any significant impact arising from applying these amendments.

For the financial year ended 31 December 2023

#### 31 New or revised accounting standards and interpretations (continued)

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 January 2024 and which the Group has not early adopted. (continued)

Amendments to SFRS(I) 1-7 Statement of Cash Flows and SFRS(I) 7 Financial Statements: Disclosures: (b) Supplier finance arrangements (effective for annual periods beginning on or after 1 January 2024)

The amendments clarify the characteristics of supplier finance arrangements ("SFA") and introduce new disclosures of such arrangements. The objective of the new disclosures is to provide information about supplier finance arrangements that enables investors to assess the effects on an entity's liabilities, cash flows and the exposure to liquidity risk.

There is a transitional relief of not requiring comparative information in the first year, and also not requiring disclosure of specified opening balances.

The amendments will be effective for annual periods beginning on or after 1 January 2024. Early adoption is permitted.

The Group does not expect any significant impact arising from applying these amendments.

(c) Amendments to SFRS(I) 16 Leases: Lease liability in a Sale and Leaseback (effective for annual periods beginning on or after 1 January 2024)

The narrow-scope amendments to SFRS(I) 16 explain how an entity accounts for a sale and leaseback after the date of the transaction.

The amendments specify that, in measuring the lease liability subsequent to the sale and leaseback, the seller-lessee determines 'lease payments' and 'revised lease payments' in a way that does not result in the seller-lessee recognising any amount of the gain or loss that relates to the right of use that it retains. This could particularly impact sale and leaseback transactions where the lease payments include variable payments that do not depend on an index or a rate.

The Group does not expect any significant impact arising from applying these amendments.

# **SPECIAL BUSINESS**

To consider and, if thought fit, to pass the following resolutions as ordinary resolutions, with or without any modifications;

9. Authority to allot and issue shares in the capital of the Company

> That pursuant to Section 161 of the Companies Act 1967 and Rule 806 of the Catalist Rules, authority be and is hereby given to the Directors of the Company to (a) issue and allot new ordinary shares in the capital of the Company ("Shares") (whether by way of rights, bonus or otherwise); (b) make or grant offers, agreements or options (collectively, the "Instruments") that might or would require Shares to be issued including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares, at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; or (c) notwithstanding the authority conferred by this resolution may have ceased to be in force), issue Shares in pursuance of any Instruments made or granted by the Directors while this Resolution was in force, provided always that:

- the aggregate number of Shares (including Shares to be issued in pursuant of the Instruments, made or (i) granted pursuant to this Resolution) and Instruments to be issued pursuant to this Resolution does not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company (as calculated in accordance with sub-paragraph (ii) below), of which aggregate number of Shares to be issued other than on a pro-rata basis to shareholders of the Company does not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company (as calculated in accordance with sub-paragraph (ii) below);
- (subject to such manner of calculation as may be prescribed by the Catalist Rules), for the purpose of (ii) determining the aggregate number of Shares (including Shares to be issued in pursuant of the Instruments, made or granted pursuant to this Resolution) and Instruments that may be issued under sub-paragraph (i) above, the percentage Shares that may be issued shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company at the time this Resolution is passed, after adjusting for:
  - new Shares arising from the conversion or exercise of any Instruments or any convertible securities; (a)
  - new Shares arising from the exercising of share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed provided that such share options or share awards (as the case may be) were granted in compliance with the Catalist Rules; and
  - (c) any subsequent bonus issue, consolidation or subdivision of Shares;
- in exercising such authority, the Company shall comply with the provisions of the Catalist Rules for the time (iii) being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- unless revoked or varied by the Company in general meeting, such authority conferred by this Resolution (iv) shall continue in force until the conclusion of the next Annual General Meeting of the Company or by the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

(See Explanatory Note 4) [Resolution 7]

10 Authority to offer and grant options and to allot and issue shares under the Adventus Employee Share Option Scheme

That pursuant to Section 161 of the Companies Act 1967, the Directors of the Company be and are hereby authorised to

offer and grant options in accordance with the provisions of the Adventus Employee Share Option Scheme (a) (the "Scheme") and

(b) to allot and issue such Shares as may be required to be issued pursuant to the exercise of the options granted or to be granted under the Scheme,

provided always that the aggregate number of Shares over which options may be granted on any date under the Scheme, when added to the number of Shares issued and issuable and/or transferred or transferable in respect of (i) all options granted under the Scheme; and (ii) all Shares issued and issuable and/or transferred or transferable in respect of all options or awards granted under any share option scheme or share schemes of the Company then in force, shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company from time to time.

(See Explanatory Note 5) [Resolution 8]

## By Order of the Board

Lee Bee Fona Company Secretary 12 April 2024 Singapore

## **EXPLANATORY NOTES:**

- The detailed information pursuant to Rule 720(5) of the Catalist Rules on Mr Wong Loke Tan can be found under the section titled "Disclosure of Information on Directors Seeking Re-Election" in the Company's Annual Report.
- 2. The detailed information pursuant to Rule 720(5) of the Catalist Rules on Mr Chin Rui Xiang can be found under the section titled "Disclosure of Information on Directors Seeking Re-Election" in the Company's Annual Report.
- 3. The detailed information pursuant to Rule 720(5) of the Catalist Rules on Mr Kwok Chi Biu can be found under the section titled "Disclosure of Information on Directors Seeking Re-Election" in the Company's Annual Report.
- 4. Resolution 7, if passed, will empower the Directors of the Company (from the date of this Meeting until the date of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is the earlier) to allot and issue Shares and convertible securities in the Company up to an amount not exceeding 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company at the time of passing this Resolution, holdings), of which the total number of Shares issued other than on a pro rata basis to existing shareholders of the Company, shall not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company. This authority will, unless revoked or varied at a general meeting, expire at the next annual general meeting of the Company or by the date by which the next annual general meeting of the Company is required by law to be held, whichever is the earlier.
- 5. Resolution 8, if passed, will empower the Directors (from the date of this Meeting until the date of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is the earlier), to offer and grant options and to allot and issue Shares pursuant to the exercise of options granted under the Scheme. The maximum number of new Shares to be issued under the Scheme shall not exceed 15% of the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company from time to time. Any shares issued pursuant to this authority will not form part of the mandate sought under Resolution 7.

## **Important Notes:**

#### 1. **Participation**

The members of the Company are invited to attend the AGM physically in person. There will be no option for members to participate at the AGM virtually. The Notice of AGM, the Company's Annual Report 2023 and Proxy Form will be sent to members by post. These documents will also be made available via publication on the Company's corporate website https://www.adventusholdings.com/ and on the SGX website at the URL https://www.sgx.com/securities/company-announcements.

The Ordinary Resolutions to be put to the vote of members at the AGM (and at any adjournment thereof) will be voted on by way of a poll.

A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member appoints two (2) proxies, he/she should specify the proportion of his/her shareholding (expressed as a percentage of the whole) to be presented by each proxy in the instrument appointing a proxy or proxies. If no proportion is specified, the Company shall be entitled to treat the first named proxy as representing the entire number of shares entered against his name in the Depository Register and any second named proxy as an alternate to the first named.

A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies. A proxy need not to be a member of the Company. "Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

A member can appoint the Chairman of the Meeting as his/her/its proxy, but this is not mandatory.

A proxy need not be a member of the Company. The Chairman of the AGM, as proxy, need not be a member of the Company.

#### 2. **Submission of Questions**

A member who wishes to ask questions in advance of the AGM related to the resolutions to be tabled for approval at the AGM, must submit their questions by 2.30 p.m. on 22 April 2024 via email to info@adventusholdings.com. When sending in your questions, provide your full name, address, contact details and the manner in which you hold shares in the Company (eg via CDP, CPF or SRS).

The Company will endeavor to address all substantial and relevant questions received from members in advance of the AGM and publish its responses via SGXNet and on the Company's corporate website at the URLs https://www.sgx.com/securities/company-announcements and https://www.adventusholdings.com/ no later than 2.30 p.m. on 25 April 2024.

The Company will endeavour to, within one (1) month after the date of the AGM, publish the minutes on SGXNet and the Company's corporate website at the URLs https://www.sgx.com/securities/company-announcements and https://www.adventusholdings.com/.

## 3 Submission of Proxy Form:

The instrument appointing a proxy(ies) must be under the hand of the appointor or by his/her attorney duly authorised in writing. Where the instrument appointing a proxy(ies) is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.

The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:

- (a) if in hard copy by post, be lodged at the registered office of the Company, at 52 Telok Blangah Road, #03-06 Telok Blangah House, Singapore 098829; or
- (b) if by email, be received by info@adventusholdings.com.

in either case, no later than 2.30 p.m. on 27 April 2024.

## Members are strongly encouraged to submit completed Proxy Forms via email to the email address provided above.

Investors who hold their Shares through relevant intermediaries as defined in Section 181 of the Companies Act 1967 (including CPF investors, SRS investors and holders under depository agents) and who wish to exercise their votes by appointing the Chairman of the Meeting as proxy should approach their respective relevant intermediaries (including their respective CPF agent banks, SRS approved banks or depository agents) to submit their voting instructions by 5.00 p.m. on 18 April 2024 (ie not less than 7 working days before the AGM) in order to allow sufficient time for their respective relevant intermediaries to in turn submit a proxy form to appoint the Chairman of the Meeting to vote on their behalf by 2.30 p.m. on 27 April 2024.

The Company shall be entitled to reject the instrument appointing a proxy(ies) if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy(ies) (including any related attachment) (such as in the case where the appointor submits more than one instrument appointing a proxy(ies)).

In the case of a member whose Shares are entered against his/her name in the depository register (as defined in Section 81SF of the Securities and Futures Act 2001), the Company may reject any instrument appointing a proxy(ies) lodged if such member is not shown to have Shares entered against his/her/ its name in the depository register as at 72 hours before the time appointed for the AGM, as certified by The Central Depository (Pte) Limited to the Company.

## Personal data privacy:

By (a) submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, or (b) submitting any question prior to the AGM in accordance with this Notice of AGM, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the following purposes:

- (i) processing and administration by the Company (or its agents or service providers) of proxy forms appointing a proxy(ies) and/or representative(s) for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the AGM (including any adjournment thereof);
- addressing relevant and substantial questions from members of the Company received before the AGM and if necessary, following (ii) up with the relevant members of the Company in relation to such questions; and
- enabling the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/ or (iii) guidelines by the relevant authorities.

## IMPORTANT NOTES TO PROXY FORM:

Notes:

- 1. Each of the Resolutions to be put to the vote of members at the AGM (and at any adjournment thereof) will be voted on by way of a poll.
- 2. This proxy form may be accessed at the Company's corporate website at <a href="https://www.adventusholdings.com/">https://www.adventusholdings.com/</a> and the SGX's website at <a href="https://www.adventusholdings.com/">https://www.adventusholdings.com/</a> and <a href="https://www
- 3. If the member has shares entered against his name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and shares registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the member.
- 4. A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member appoints two (2) proxies, he/she should specify the proportion of his/her shareholding (expressed as a percentage of the whole) to be presented by each proxy in the instrument appointing a proxy or proxies. If no proportion is specified, the Company shall be entitled to treat the first named proxy as representing the entire number of shares entered against his name in the Depository Register and any second named proxy as an alternate to the first named.
- 5. A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies. A proxy need not to be a member of the Company. "Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.
- 6. A member can appoint the Chairman of the Meeting as his/her/its proxy, but this is not mandatory.
- 7. A proxy need not be a member of the Company. The Chairman of the AGM, as proxy, need not be a member of the Company.

The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:

- (a) if in hard copy by post, be lodged at the registered office of the Company, at 52 Telok Blangah Road, #03-06 Telok Blangah House, Singapore 098829; or
- (b) if by email, be received by info@adventusholdings.com.

in either case, no later than 2.30 p.m. on 27 April 2024.

## Members are strongly encouraged to submit completed Proxy Forms via email to the email address provided above.

8. The instrument appointing a proxy(ies) must be under the hand of the appointor or of his attorney duly authorised in writing and where such instrument is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.

Where an instrument appointing a proxy(ies) is submitted by email, it must be authorized in the following manner:

- (a) by way of the affixation of an electronic signature by the appointor or his duly authorised attorney or, as the case may be, an officer or duly authorised attorney of a corporation; or
- (b) by way of the appointor or his duly authorised attorney or, as the case may be, an officer or duly authorised attorney of a corporation signing the instrument under hand and submitting a scanned copy of the signed instrument by email.

Where an instrument appointing a proxy(ies) is signed or, as the case may be, authorised on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument appointing a proxy(ies), failing which the instrument may be treated as invalid.

9. The Company shall be entitled to reject an instrument appointing a proxy(ies) if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy(ies) ((including any related attachment) (such as in the case where the appointor submits more than one instrument appointing a proxy(ies)). In addition, in the case of members whose shares are entered against their names in the Depository Register, the Company may reject any instrument appointing a proxy(ies) lodged if such members are not shown to have shares entered against their names in the Depository Register as at 72 hours before the time appointed for the AGM, as certified by The Central Depository (Pte) Limited to the Company.
