The contact person for the Sponsor is Mr. David Tham, Senior Director, Equity Capital Markets, who can be contacted at 80 Raffles Place, #03-03 UOB Plaza 1, Singapore 048624, Telephone: +65 6533 9898.

CORPORATE PROFILE

A LEADING ONE-STOP SECURITY SOLUTIONS PROVIDER WITH A SIGNIFICANT AND ESTABLISHED REGIONAL MARKET

IPS Securex Holdings Limited (“IPS Securex” or the “Company” and, together with its subsidiaries, the “Group”) has established itself as one of Singapore’s leading providers of security products and integrated security solutions to commercial entities and government bodies and agencies in the Asia-Pacific.

The Company was listed on the Catalist of the Singapore Exchange Securities Trading Limited (“SGX-ST”) in 2014. Since 2000, the Group has been providing a diverse base of customers with security products and integrated security solutions which are deployed to address various security requirements, including checkpoint security, law enforcement and the protection and surveillance of buildings and critical infrastructure.

Carrying over 100 types of security products, the Group has distribution rights for certain products spanning across 17 countries in the Asia-Pacific including Singapore, Cambodia, Brunei, Vietnam, Indonesia, Malaysia, Thailand, Myanmar, Philippines, Laos, China (Hong Kong and Macau), Australia, India, Sri Lanka, Japan, South Korea and Taiwan.

As a one-stop service provider that designs, supplies, installs, tests, commissions, maintains and leases security products and integrated security solutions, the Group has built an accomplished and thriving reputation in the security products and solutions industry.

CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS,

On behalf of the Board of Directors (the "Board" or the "Directors") of IPS Securex Holdings Limited ("IPS Securex" or the "Company" and, together with its subsidiaries, the "Group"), I am pleased to present the Annual Report of the Company for the financial year ended 30 June 2022 ("FY2022") ("Annual Report").

EMERGING TRENDS

Terrorism in Southeast Asia has experienced a steep decline in recent years after the onset of the COVID-19 pandemic in 2020. Furthermore, geo-political issues like the climate crisis, the Myanmar coup, the Russia-Ukraine war, and competitive tensions between China and the U.S., for example have also dwarfed the relative severity of terrorism. However, a momentary lull in attacks does not mean the lack of a threat, as analysts have noted that terrorist groups in Southeast Asia have ceased combat operations during the pandemic and kept a lower profile in order to regroup. The face of terrorism is also changing, with an increasing number of female jihadis having a growing role.¹

The terrorism threat to Singapore remains high and while there is currently no specific intelligence of an imminent terrorist attack, Singapore continues to feature as a target on terrorist propaganda. With the relaxation of pandemic restrictions and resumption of cross-border travel, there is a concern that terrorist elements may become more active and revisit plots that had previously been put on hold. The threat from Islamist terrorist groups and their violent ideology will continue to persist, as their network of supporters continues to disseminate propaganda, raise funds and plot attacks. Ongoing developments in places like the Middle East, Afghanistan and Ukraine, could also affect Singapore's security landscape as extremists can exploit such conflicts and tap on grievances to promote their radical narratives and recruit supporters.²

As the geopolitical situation around the world continues to worsen, its effects on a global economy still coping with the COVID-19 pandemic, are becoming more apparent daily. The ongoing Russia-Ukraine war for example is creating an energy crisis, and is having an impact on the European continent, both militarily and economically. The competitive tensions between the US and China have recently escalated and is causing ripple effects felt in Asia and the rest of the world. Furthermore, numerous political hotspots around which are not often in the media limelight, continue to make the job of the United Nations extremely difficult.³

In response to rising geopolitical tensions, countries in Asia are increasing their defence spending. For example, South Korea's 2023 defence budget has increased 4.6% from 2022 to US\$42.1 billion⁴, Taiwan is proposing to increase its defence spending by 14% to S\$27 billion in 2023⁵, and Japan is set to double its defence spending over the next five years from this year's S\$55 billion⁶. In Southeast Asia, religious extremist militants continue to be a security concern for governments and law enforcement agencies⁷. In order to deal with evolving and emerging threats, Singapore has announced a 6.5% increase in its 2022 defence budget to S\$16.4 billion as part of its SAF 2040 vision for its armed forces⁸.

In addition to the effects of geopolitics and religious extremism, political instability is also on the rise due to the widening socio-economic gap between the rich and poor, and as high inflation and recent climate disasters further fuel more dissatisfaction with policy makers. This confluence of so many factors cause greater market uncertainty, volatility and disruption. Overall, this acts to raise security concerns for countries emerging from the COVID-19 pandemic, and these concerns will need to be addressed. This situation presents more potential opportunities for the Group, as it creates a further impetus for the enhancement of the

CHAIRMAN'S STATEMENT

security infrastructure of customers in the Asia-Pacific region. Going forward, the Group remains focused on identifying and providing customers with best-in-class and innovative security solutions to address their security threats and concerns.

SUSTAINABILITY CORE

Sustainability continues to be at the core of the Group and is what drives us as a security solutions provider and allows us to enhance our long-term value for all stakeholders. Our Sustainability Report makes reference to the Global Reporting Initiative ("GRI") Standards (2016) and is in accordance with the SGX-ST's Listing Rules on Sustainability Reporting and is integrated and published together with this Annual Report on pages 23 to 33. It is also publicly accessible through both our corporate website and SGXNET.

ACKNOWLEDGEMENT

On behalf of the Board, we would like to thank our management and staff for their hard work in growing the Group's business in the midst of a difficult and uncertain operating environment in FY2022. We would also like to express our appreciation to our shareholders for their continued support to IPS Securex as we work towards achieving a sustainable growth path.

GROUP CHIEF EXECUTIVE OFFICER'S STATEMENT

DEAR SHAREHOLDERS,

On behalf of the management of the Group, I am pleased to present the business review for FY2022.

With better management of the COVID-19 pandemic via widespread vaccination facilitating the opening of country borders and the resumption of travel, authorities in Southeast Asia are now concerned about the resumption of terrorist plots and the possible migration of foreign terrorist fighters to support local attacks. As such, authorities are updating their equipment and systems to monitor and deal with these security issues. In response to their needs, the Group will continue to acquire and broaden its suite of security products and solutions to keep its customers in the region on the cutting edge of security.

BUSINESS HIGHLIGHTS

The Group's revenue in FY2022 increased by approximately 81.4% to S\$15.8 million from S\$8.7 million in FY2021. Revenue from the Group's Security Solutions Business increased by approximately 217.0% to S\$11.5 million in FY2022 from S\$3.6 million in FY2021. This was mainly attributable to an increase in revenue from the sale of security products to customers in Singapore of S\$127,000, in Rest of Southeast Asia¹ of S\$555,000, and this was partially offset by a decrease in the sale of security products to customers in Indochina² of S\$15,000, in East Asia³ of S\$178,000 and in Others⁴ of S\$11,000. There was also an increase in revenue from providing integrated security solutions in Singapore of S\$7.4 million.

The Group's revenue from its Maintenance and Leasing Business decreased by approximately 15.4% from S\$5.1 million in FY2021 to S\$4.3 million in FY2022. This was mainly due to the expiry of a long-term 7-year lease-and-maintenance contract entered into with the Housing Development Board in October 2014 for the Alert Alarm System in several blocks of residential housing for senior citizens resulting in a decrease of S\$480,000 and a decrease in revenue from the provision of maintenance support services to a customer in Singapore of S\$348,000. This was partially offset by an increase in revenue from the provision of maintenance support services to customers in Rest of Southeast Asia of S\$48,000.

CONTINUOUS ENHANCEMENT OF PRODUCT PORTFOLIO

In order to ensure that it is well positioned to meet evolving and anticipated customer needs, the Group continues to assess and acquire new products for its product portfolio so that it can provide comprehensive security solutions to customers. The Group is also marketing new innovative products with advanced technologies and solutions to boost its product portfolio. More information on these latest product additions, can be found on pages 15 to 22.

¹ "Rest of Southeast Asia" includes Malaysia, Brunei, Indonesia, Philippines and Timor Leste.

² "Indochina" includes Myanmar, Thailand, Laos, Cambodia and Vietnam.

³ "East Asia" includes China, Hong Kong, South Korea and Japan.

⁴ "Others" includes Australia, United States of America and India.

GROUP CHIEF EXECUTIVE OFFICER'S STATEMENT

LOOKING AHEAD

With the relaxing of COVID-19 rules and regulations in Singapore, the Group's work processes and manpower allocation for ongoing projects has normalised, with manpower recruitment improving in 2022. With the resumption of travel with Vaccinated Travel Lane ("VTL") rules between countries, the Group has started to physically engage with its overseas customers and suppliers where practicable. However, with recent inflationary pressures and logistics disruptions affecting the global economy due to the COVID-19 pandemic and rising geo-political tensions, the Group continues to monitor its operating environment diligently in efforts to mitigate any unforeseen project delays and equipment cost increases. This includes working with principals on the delivery schedules of equipment and including clauses in customer contracts to cover possible cost increases.

As countries in the region resume their social and economic activities and living with COVID-19, the Group is seeing a resumption of tenders and projects. The Group will continue to engage with customers to understand their current situational requirements and evolving needs, in order to provide them with the latest security products and solutions supported by quality maintenance services. The Group experienced a decline in revenue from its Maintenance and Leasing Business in FY2022 mainly due to the expiry of certain maintenance contracts, where systems previously being maintained were decommissioned. Nevertheless, the Group has other ongoing projects, which upon completion, will have new maintenance contracts established.

THANKS & APPRECIATION

On behalf of our management team, I would like to thank our Board for the continued guidance and counsel which has helped the Group deal with the challenges of the COVID-19 pandemic and recent market volatility. I would also like to show my appreciation to our staff who have risen to the occasion in a turbulent business environment to continue to deliver value to customers. However, we could not have continued to thrive and grow without the strong support of our customers, suppliers, shareholders and business associates. Even as the operating environment remains challenging and uncertain, we will continue to work hard to increase our market share as the COVID-19 situation improves.

KELVIN LIM CHING SONG

EXECUTIVE DIRECTOR AND GROUP CHIEF EXECUTIVE OFFICER

BOARD OF DIRECTORS

MR CHAN TIEN LOK
NON-EXECUTIVE CHAIRMAN

Mr Chan Tien Lok is the Founder and Non-Executive Chairman of the Group. He was re-appointed to the Board on 22 October 2019.

Mr Chan has over 17 years of experience in the security products and solutions industry. He founded IPS Group Pte. Ltd. ("IPSG") in 1986 and is currently the Chairman of IPSG. He is responsible for the overall business development and strategic planning within IPSG.

Prior to the founding of IPSG, he was the managing director of United Machinery Services Pte Ltd (now known as Denyo United Machinery Pte. Ltd.) where he was responsible for managing the company's overall operations from 1979 to 1986. He was the sole proprietor of Danill Machinery Services from 1976 to 1979, and had served as the service manager of Auto and Plant Services Pte Ltd from 1973 to 1976.

MR KELVIN LIM CHING SONG
EXECUTIVE DIRECTOR AND GROUP CHIEF
EXECUTIVE OFFICER

Mr Kelvin Lim Ching Song is the Executive Director and Group Chief Executive Officer of the Group. He was re-appointed to the Board on 29 October 2018.

Mr Lim has more than 17 years of experience in the security products and solutions industry, and is responsible for the overall business development, strategic planning and operations of the Group. He joined the Group in 2008 as division manager of the General Security division in IPS Securex, and was promoted to senior vice president in 2012. He was later appointed as the Chief Executive Officer of IPS Technologies Pte. Ltd. ("IPST") in January 2013. He subsequently stepped down as Chief Executive Officer of IPST and was appointed as Chief Executive Officer of IPS Securex in July 2013.

Mr Lim is instrumental in formulating and implementing the business strategies and spearheading the growth of the business. He has designed and completed numerous security projects, ranging from the development and implementation of integrated security solutions for small residential properties, luxury condominiums, industrial buildings to large factories. In 2008, Mr Lim started a new division in IPS Securex to provide integrated security solutions to customers from various industries such as educational institutions, government bodies and agencies, and financial institutions. Over the years, he has not only established new relationships with new suppliers and customers, but also reaffirmed established relationships with the Group's existing suppliers and customers, which has helped the Group expand the business further into several regional markets, including Malaysia, Indonesia, Hong Kong, China and Thailand.

BOARD OF DIRECTORS

MR ONG BENG CHYE
LEAD INDEPENDENT DIRECTOR

Mr Ong Beng Chye is the Lead Independent Director of the Company. He was re-appointed to the Board on 29 October 2018.

Mr Ong has more than 26 years of experience in areas such as accounting, auditing, public listings, due diligence, mergers and acquisitions, and business advisory. He is currently a director of Appleton Global Private Limited, a business management and consultancy services firm. He is also serving as an independent director of other public listed companies in Singapore.

Mr Ong is a Fellow of The Institute of Chartered Accountants in England and Wales, a Chartered Financial Analyst conferred by the CFA Institute and a non-practising member of the Institute of Singapore Chartered Accountants. He holds a Bachelor of Science (Honours) from City, University of London.

MR JOSEPH TAN PENG CHIN
INDEPENDENT DIRECTOR

Mr Joseph Tan Peng Chin is an Independent Director of the Company. He was re-appointed to the Board on 22 October 2019.

Mr Tan has over 30 years of experience in legal practice. He was admitted as an advocate and solicitor of the Supreme Court of Singapore in 1982 and thereafter practiced as a legal associate at Freshfields before founding Wong Yoong Tan & Molly Lim in 1987 and subsequently becoming its managing partner. He founded Tan Peng Chin LLC in 1994 and oversaw the company's practice as managing partner/senior director till his retirement from the firm in 2014. In addition, Mr Tan was also an Independent Director of Armstrong Industrial Corporation from 1995 to 2014 and has been an Independent Director of OM Holdings Limited, a company listed on both the Australian Securities Exchange and Bursa Malaysia.

Mr Tan graduated with a Bachelor of Laws (Honours) from the National University of Singapore. His expertise is in the areas of corporate finance, banking, corporate and commercial laws.

MANAGEMENT TEAM

MR LEE YEOW KOON

CHIEF OPERATING OFFICER

Mr Lee Yeow Koon is the Chief Operating Officer of the Group.

He has more than 11 years of managerial experience in the security products and solutions industry and is responsible for overseeing and managing the day-to-day operations of the Group's business operations. He joined the Group in 2005 as a service engineer for IPS Securex and was involved in the provision of maintenance support services to existing customers on the security products and integrated security solutions supplied by the Company. He subsequently assumed the role of sales engineer in the Company's sales department, where he was responsible for the sales development and account management, and had also assisted the division manager in securing several key projects for the Company.

Mr Lee was promoted to contract manager in 2011 and was responsible for managing and reviewing the business contracts and agreements of IPS Securex, and the handling of key customer accounts. He then served as the General Manager – Operations of the Group from 2013 to September 2015, and was subsequently promoted to Chief Operating Officer of the Group. Prior to joining the Group, Mr Lee was a project executive with Premier Exhibition Services Pte. Ltd. from 2003 to 2005, where he assisted in the management and execution of consumer exhibitions. He was previously also an air defence systems specialist for the Republic of Singapore Air Force from 1997 to 2003 and had gained technical experience in the operation and maintenance of air defence systems. Mr Lee holds a Diploma in Electronics, Computer and Communications Engineering from Singapore Polytechnic.

MS LEE SIEW HAN

FINANCE AND ADMINISTRATION DIRECTOR

Ms Lee Siew Han is the Finance and Administration Director of the Group.

She joined the Group in 2013 and is in charge of the Group's financial, administrative, and accounting operations. Ms Lee has more than 26 years of experience in accounting and finance related matters. Ms Lee has worked in the finance and administration department of IPSP as deputy general manager and financial controller with the responsibility of the management of the accounts and finance, sales administration support, purchasing, stock control and compliance functions of IPSP and its subsidiaries.

Before joining IPSP, Ms Lee gained experience in the management of accounting and finance matters from managerial positions held in KS Distribution Pte. Ltd., Aqua-Terra Supply Co., Ltd., and National University Hospital between 2004 and 2010. Prior to this, she had also held accounting positions at Sunshine Welfare Action Mission, NTUC Club, VICOM Ltd., AGRA Baymont Pte. Ltd. and Trident Travels Ltd. from 1984 to 2009.

Ms Lee is a member of the Institute of Singapore Chartered Accountants.

MR LEE CHEA SIANG

GENERAL MANAGER (HOMELAND)

Mr Lee Chea Siang is the General Manager (Homeland) of the Group.

He joined the Group in 2005 and is responsible for the management of the project team and service team of IPS Securex. Mr Lee also oversees the project management of the Group's Homeland Security Products division, which includes the initial planning of the project, supervision of the works, setup and system integration, programme management, and planning and monitoring of the project progress.

Prior to joining the Group, Mr Lee gained project management experience as a project engineer for Wilson Parking (Singapore) Pte. Ltd. where he worked on systems integration and specialised in carpark systems from 2003 to 2005. He was also involved in research and development as a software engineer for Omron Asia-Pacific Technical Centre from 2001 to 2003.

Mr Lee holds a Bachelor of Science with Honours in Computing and Management from the University of Bradford in 2000.

FINANCIAL HIGHLIGHTS

REVENUE (S\$'000)

GROSS PROFIT (S\$'000)

PROFIT/(LOSS) (S\$'000)

CASH AND CASH EQUIVALENTS (S\$'000)

NET ASSETS (S\$'000)

FINANCIAL AND OPERATIONS REVIEW

REVENUE

The Group has two major business segments, namely its Security Solutions Business and its Maintenance and Leasing Business. In FY2022, the Group's revenue increased by approximately S\$7.1 million or 81.4% from S\$8.7 million in FY2021 to S\$15.8 million.

SECURITY SOLUTIONS BUSINESS

Revenue from the Security Solutions Business increased by approximately S\$7.9 million or 217.0% from S\$3.6 million in FY2021 to S\$11.5 million in FY2022. This was mainly due to an increase in revenue in FY2022 from the sale of security products to customers in Singapore of S\$127,000, in Rest of Southeast Asia¹ of S\$555,000, and which was partially offset by a decrease in Indochina² of S\$15,000, in East Asia³ of S\$178,000 and in Others⁴ of S\$11,000; and an increase in revenue from providing integrated security solutions in Singapore of S\$7.4 million.

MAINTENANCE AND LEASING BUSINESS

Revenue from the Maintenance and Leasing Business decreased by approximately S\$780,000 or 15.4% from S\$5.1 million in FY2021 to S\$4.3 million in FY2022. This was mainly due to the expiry of a long-term 7-year lease-and-maintenance contract entered into with the Housing Development Board in October 2014 for the Alert Alarm System in several blocks of residential housing for senior citizens resulting in a decrease of S\$480,000, a decrease in revenue from the provision of maintenance support services to a customer in Singapore of S\$348,000, which was partially offset by an increase in revenue from the provision of maintenance support services to customers in Rest of Southeast Asia of S\$48,000.

COST OF SALES

Cost of sales increased by approximately S\$5.4 million or 119.4% from S\$4.6 million in FY2021 to S\$10.0 million in FY2022. This was mainly due to the net increase in direct material costs and a higher proportion of integrated security solutions undertaken by the Group, which had a higher cost base relative to revenue.

GROSS PROFIT

Gross profit increased by approximately S\$1.6 million or 39.6% from S\$4.1 million in FY2021 to S\$5.8 million in FY2022, as a result of the factors discussed above.

OTHER INCOME

Other income decreased by approximately S\$653,000 or 67.9% from S\$963,000 in FY2021 to S\$309,000 in FY2022. This was mainly due to the decrease in government grants and subsidies of S\$649,000, a decrease in write-back of allowance for doubtful debts of S\$45,000, which was partially offset by an increase in gain on disposal of plant and equipment of S\$8,000, sales of scrap metal of S\$5,000 and miscellaneous income of S\$28,000.

ADMINISTRATIVE EXPENSES

Administrative expenses increased by approximately S\$515,000 or 10.6% from S\$4.9 million in FY2021 to S\$5.4 million in FY2022, mainly due to an increase in employees' remuneration and benefit expenses.

OTHER OPERATING EXPENSES

Other operating expenses increased by approximately S\$187,000 or 191.8% from S\$97,000 in FY2021 to S\$284,000 in FY2022. This was mainly due to an increase in inventory written off of S\$60,000, an increase in allowance for doubtful debts of S\$175,000, increase in bank charges of S\$9,000; which was partially offset by a decrease in allowance for inventories obsolescence of S\$26,000, a decrease in impairment of plant and equipment of S\$30,000 and miscellaneous expenses of S\$1,000.

FINANCE INCOME

Finance income increased by approximately S\$13,000 or 566.7% from S\$2,000 in FY2021 to S\$15,000 in FY2022. This was mainly due to a net increase in foreign exchange gain of S\$14,000 and partially offset by a decrease in interest earned of S\$1,000.

FINANCE COSTS

Finance costs decreased by approximately S\$28,000 or 18.0% from S\$158,000 in FY2021 to S\$129,000 in FY2022. This was mainly due to the net decrease in interest expense of S\$12,000 due to lower utilisation of credit facilities, and the absence of a foreign exchange loss (net) relating to trade payables of S\$16,000 in FY2021.

TAX EXPENSE

Tax expense increased by approximately S\$154,000 from a tax credit of S\$122,000 in FY2021 to a tax expense of S\$32,000 in FY2022. The increase in tax expense was attributable to the profit before tax that the Group recorded in FY2022 whereas a loss before tax was incurred in FY2021.

FINANCIAL POSITION

CURRENT ASSETS

Current assets decreased by approximately S\$222,000 from S\$17.0 million as at 30 June 2021 to S\$16.8 million as at 30 June 2022. The decrease in current assets was mainly due to:

- a decrease in inventories of S\$2.4 million arising from utilisation of parts and components for projects during the period;
- a decrease in contract costs of S\$707,000 mainly due to the decrease in costs incurred to fulfill contracts where the goods and services had yet to be transferred to the customers;
- a decrease in current tax assets of S\$40,000 mainly due to a tax refund received in 1H-2022;
- a decrease in restricted fixed deposits of S\$951,000 mainly due to a decrease in fixed deposits held as security for bank guarantees;

and this was partially offset by:

- an increase in cash and cash equivalents of S\$1.8 million;

¹ "Rest of Southeast Asia" includes Malaysia, Brunei, Indonesia, Philippines and Timor Leste.

² "Indochina" includes Myanmar, Thailand, Laos, Cambodia and Vietnam.

³ "East Asia" includes China, Hong Kong, South Korea and Japan.

⁴ "Others" includes Australia, United States Of America and India.

FINANCIAL AND OPERATIONS REVIEW

(f) an increase in trade and other receivables of S\$2.0 million mainly due to higher sales made on credit terms from the integrated security solutions business towards the end of FY2022 of S\$1.4 million and an increase in deposits placed with suppliers for purchase of security products of S\$684,000; and partially offset by a decrease in prepayment for insurance of S\$79,000 for integrated security solutions and HDB projects; and a refund of the security deposit due to the expiry of a long-term 7-year lease-and-maintenance contract entered into with the Housing Development Board in October 2014 for the Alert Alarm System in several blocks of residential housing for senior citizens of S\$71,000; and

(g) an increase in contract assets of S\$148,000 mainly attributable to revenue recognised for work completed but where billings had yet to be raised as at 30 June 2022.

NON-CURRENT ASSETS

Non-current assets decreased by approximately S\$463,000 from S\$636,000 as at 30 June 2021 to S\$173,000 as at 30 June 2022. The decrease in non-current assets was due to depreciation charges on plant and equipment of S\$483,000 and disposal of plant and equipment with net book value of S\$75,000; and this was partially offset by the purchase of plant and equipment of S\$95,000.

CURRENT LIABILITIES

Current liabilities increased by approximately S\$419,000 from S\$5.0 million as at 30 June 2021 to S\$5.4 million as at 30 June 2022. The increase in current liabilities was mainly due to:

- (a) an increase in trade and other payables of S\$1.2 million mainly attributable to an increase in trade financing facilities of S\$1.1 million, increase in accrual of project cost for projects of S\$278,000, increase in accrual of operating expenses of S\$62,000; and partially offset by a decrease in amount payable to suppliers of S\$280,000; and decrease in miscellaneous expenses payable of S\$16,000;
- (b) an increase in bank borrowings of S\$189,000 mainly due to reclassification of long term bank borrowings to current liabilities;

(c) an increase in income tax payable of S\$114,000 due to an increase in profit before tax recorded in FY2022;

and this was partially offset by:

- (d) a decrease in contract liabilities of S\$1.1 million mainly due to delivery of services for which consideration had been received in advance previously.

NON-CURRENT LIABILITIES

Non-current liabilities decreased by approximately S\$1.4 million from S\$4.0 million as at 30 June 2021 to S\$2.6 million as at 30 June 2022. This was due to repayment of bank borrowings of S\$1.1 million arising from the loan secured by the Group for general corporate purposes, a reclassification of long term bank borrowings of S\$189,000 to current liabilities, payment of lease liabilities of S\$10,000 and a decrease in deferred tax liabilities of S\$83,000 due to the timing differences between the tax and accounting depreciation of the plant and equipment that the Group owns.

CAPITAL AND RESERVES

Capital and reserves increased by approximately S\$263,000 from S\$8.7 million as at 30 June 2021 to S\$8.9 million as at 30 June 2022. This was due to net profit recognised in FY2022 of S\$263,000.

FINANCIAL AND OPERATIONS REVIEW

CASH FLOW

NET CASH FROM OPERATING ACTIVITIES

In FY2022, the net cash from operating activities was approximately S\$846,000, which consisted of operating cashflow before working capital changes of S\$1.1 million, net working capital outflow of S\$318,000 and income tax refund received of S\$40,000. The net working capital outflow arose mainly from the following:

- (a) an increase in trade and other receivables of S\$2.1 million mainly due to higher sales made on credit terms from the integrated security solutions business towards the end of FY2022 of S\$1.6 million, an increase in deposits placed with suppliers for purchase of security products of S\$684,000 partially offset by a decrease in prepayment for insurance of S\$79,000 in integrated security solutions and HDB projects and a refund of the security deposit due to the expiry of a long-term 7-year lease-and-maintenance contract entered into with the Housing Development Board in October 2014 for the Alert Alarm System in several blocks of residential housing for senior citizens of S\$71,000;
- (b) a decrease in inventories of S\$2.3 million arising from utilisation of parts and components for projects during the period;
- (c) a decrease in contract costs of S\$707,000 mainly due to the decrease in costs incurred to fulfill contracts where the goods and services had yet to be transferred to the customers;
- (d) an increase in contract assets of S\$148,000 mainly attributable to revenue recognised for work completed but where billings had yet to be raised as at 30 June 2022;
- (e) An increase in trade and other payables of S\$44,000 mainly attributable to an increase in accrual of project cost for projects of S\$278,000, increase in accrual of operating expenses of S\$62,000 and partially offset by a decrease in amount payable to suppliers of S\$280,000 and decrease in miscellaneous expenses payable of S\$16,000;
- (f) a decrease in contract liabilities of S\$1.1 million mainly due to delivery of services for which consideration had been received in advance previously.

NET CASH USED IN INVESTING ACTIVITIES

Net cash used in investing activities amounted to approximately S\$12,000 in FY2022 mainly arising from the purchase of plant and equipment of S\$95,000 and partially offset by proceeds from disposal of plant and equipment of S\$83,000.

NET CASH FROM FINANCING ACTIVITIES

Net cash from financing activities amounted to approximately S\$880,000 in FY2022. This was mainly due to the increase in net trade financing facilities utilised of S\$1.1 million and restricted fixed deposits released of S\$1.4 million; partially offset by the repayment of bank borrowings of S\$1.1 million, payment of lease liabilities of S\$10,000, interest paid of S\$123,000 and a restricted fixed deposit pledged of S\$452,000.

OUR BUSINESSES

SECURITY SOLUTIONS

The Group distributes and sells a wide range of security products from suppliers who are well recognised for their product quality and innovation. These products can be generally classified as Homeland Security Products and General Security Products.

Homeland Security Products are supplied to government bodies and agencies such as police, customs and other law enforcement agencies. Such products may be deployed offsite or at seaports, airports, navy, police, army and air bases, and customs border checkpoints.

General Security Products are supplied to commercial entities, private consumers and government bodies and agencies, and are installed in buildings such as schools, residential, industrial and commercial buildings, at critical infrastructure facilities in townships such as train stations and roads, and in vehicles.

The Group also offers integrated security solutions that meet customers' security system requirements. In designing such solutions, the Group would typically integrate various security products from suppliers to create customised integrated security solutions that meet a customer's specific needs.

For integrated security systems, the Group will normally design, supply and install the systems, including developing the proprietary software to operate the systems if necessary. Alternatively, the Group is also able to design and supply the integrated security systems for customers that prefer to engage their appointed contractors to install the systems. In both instances, the Group would conduct a comprehensive testing and commissioning of the integrated security systems before handing them over to customers. Customers who procure such integrated security solutions include commercial entities, government bodies and agencies.

For the supply of security products or the design, supply, installation, testing and commissioning of integrated security solutions, the Group typically takes between 2 to 12 months from the date of entering into an agreement with a customer to fulfil the order. The Group has distribution agreements and maintains close business relationships with reputable and reliable suppliers for the distribution of a carefully selected range of their security products in the Asia-Pacific.

MAINTENANCE AND LEASING

The Maintenance and Leasing Business focuses on providing regular, extended and/or ad-hoc maintenance support services and leasing services for the security products and integrated security solutions provided to the customers.

Extended maintenance support services are provided to the customers under a separate maintenance contract ranging from one year to five years upon the expiry of the warranty period. In addition, the Group provides ad-hoc maintenance support services at the request of customers who do not have maintenance support service contracts with the Group.

The Group is also able to provide long term lease-and maintenance services to customers on a case-by-case basis for the integrated security solutions that it designs and supplies. Under a lease-and-maintenance arrangement, the Group will design, supply, install, test, commission and maintain the security systems for customers but would retain ownership of the systems, as well as the proprietary software that it develops. Customers would typically pay the Group an agreed monthly fee for the lease and maintenance of such systems, and such lease-and-maintenance contracts typically are for a period of at least seven years.

OUR DISTRIBUTION RIGHTS

AWARDS AND CERTIFICATION

HOMELAND SECURITY PRODUCTS

ACCIPITER

Accipiter is becoming the global leader in providing affordable, smart radar systems and wide-area radar networks and services to safety and security practitioners, who require user-friendly, tactical and strategic decision support to protect the public and reduce risk associated with a variety of uncooperative target threats. Accipiter's mission is to provide the world's most effective and affordable wide-area situational awareness solutions for applications that impact the safety and wellbeing of the public, individuals and the environment. For more information, please visit www.accipiterradar.com.

ACCIPITER® SECURES™ C-UAS SOLUTIONS

The Accipiter® SECURES™ family of C-UAS solutions acts as a force multiplier for security personnel responsible for ensuring that small drones which are referred to as remotely piloted aircraft systems ("RPAS") and unmanned aircraft systems ("UAS") do not threaten the integrity, safety and security of their operations. SECURES™ helps facilities understand their operational risk with respect to clueless, careless and criminal drones in their vicinity, provides them with real-time awareness and alerting of threats of concern, supports response assets and personnel in interdiction and prosecution, and assists them with training, stakeholder collaboration, information sharing and interoperability.

Whether protection is needed from drone intrusions in the airspace around

critical infrastructure, prisons and correctional institutes, military and civil airports, government buildings, large event venues and international borders, there is an Accipiter® SECURES™ C-UAS System that is catered for those needs. SECURES™ supports risk assessments, incident investigations, analyses and training as well as real-time situational awareness, threat alerting and risk mitigation for drone threats involving reconnaissance and espionage, contraband delivery, cyber and physical attacks, smuggling, and intentional or accidental strikes with aircraft.

The patented Accipiter® SECURES™ C-UAS solutions incorporate RF receiving sub-systems including the FAA-mandated RemotID, DJI Aeroscope and ADS-B to detect and track

cooperative drones and aircraft, a radar sub-system to detect and track small, non-cooperative drones which may be trying to evade detection, and slew-to-cued Pan-Tilt-Zoom ("PTZ") daytime/thermal cameras to get eyes on targets of interest intruding into an airspace. The M3® Target Information System ("TIS") provides sensor integration, target data integration and fusion, post-processing including AI and threat alerting, and target data management and distribution. The TIS also drives an eco-system of Surveillance-to-Intelligence™ ("S2I") tools, including integration with third-party command and control ("C2") systems, which provide decision support to security professionals and their partners, as well as to all facility stakeholders.

LONGAN VISION

Longan Vision is a provider of design and sales of enhanced vision and communication devices. With its innovation in the augmented reality ("AR") and vision environment, Longan Vision provides advanced products to face extreme challenges and is building an ecosystem of linked products to enhance communication and efficiency. For more information, please visit www.longanvision.com

HANDS-FREE AR THERMAL IMAGING TECHNOLOGY

The Fusion Vision System ("FVS") is an AR Smart Visor that can be attached to a firefighter's helmet. It provides enhanced vision and information sharing abilities that will allow firefighters to see through smoke, locate victims and find fire sources.

The FVS is the future of vision technology for first responders and is ready for today's dangerous, life-threatening scenarios. The FVS is meant to help save lives, by removing a tool from the hand of the first responder and providing information in their field of

view as they need it. The first responder can now move with confidence in their surroundings to save lives faster.

Ready for the field and the future, the FVS can interface with various command platforms in use by first responders across the world. The data and video do not just stay with the wearer but can be streamed to incident commanders outside via third-party Wi-Fi devices. This ensures everyone involved in the scenario is aware of the conditions inside, helping the first responders stay safe while saving lives.

HOMELAND SECURITY PRODUCTS

ENVOSTAR

Envostar is a producer of ballistic armour vests, ballistic helmets, ballistic torso plates and panels for armoured vehicle platforms, ballistic shields, fragmentation suits, tactical gear, defusing suits and bomb suppression blankets. For more information, please visit www.envomilitary.com

BALLISTIC SHIELDS

Ballistic shields are protection equipment deployed by law enforcement agencies and emergency response teams designed to stop or deflect bullets fired at the shield carrier. The weight, size, shape and need for other peripheral devices or features to be attached on the ballistic shields, depends highly on the purpose and protection level required.

The ballistic shields are rated in accordance with NIJ threat levels, which are used to define different bullet or rifle resistance levels. Each level is defined for different types of attacks, and users

have to take into consideration between protection (higher protection, heavier shield) and mobility in order to determine their ballistic protection and operational requirements. The materials used to construct the ballistic shields allow for a significant weight reduction while maintaining a good multi-hit capability, giving the user optimal mobility and protective performance in the field.

The ballistic shields can also come with lighting systems and viewports to allow the carrier to see through the shield. They can also be fitted with periscope-

like devices or mini-cameras connected to active data processing devices to allow for enhanced team coordination, visual communication and planning. The ballistic shields also come with different handle systems and in different sizes, shapes and colours, which can be specially designed and customised for tactical and operational purposes.

MOOG

Moog is a worldwide designer, manufacturer, and integrator of precision motion control components and systems. Moog designs and manufactures the most advanced motion control products for applications where precise control of velocity, force, acceleration, and fluid flow are critical. Moog is constantly innovating and investing in future technologies that creates a positive impact in industries from the space, defense, aircraft, industrial, medical, and more. For more information, please visit: <https://www.moog.com>

TARSIER® AUTOMATIC RUNWAY FOD DETECTION SYSTEM

While airports relying on human runway inspection can only guarantee safety for 1% of their flights, Tarsier-equipped airports provide 100% inspection of the runway for all flights – setting a new safety standard. Tarsier's advanced, all-weather technology radar system guarantees runway inspection even in inclement and harsh weather conditions and is the only runway surface management system that can operate and detect foreign object debris in zero visibility conditions.

Tarsier's performance is ranked best in class against all other fixed runway surveillance in the Federal Aviation Administration's ("FAA") four tested detection systems. Because of this, the FAA has selected Tarsier to set the standard for radar-based FOD detection systems. The Tarsier standard is 100% detection out to 3,168 feet, making it much more sensitive than the human eye.

Tarsier's intuitive design allows for the runway to remain open and operational during service, support and installation – making a safe and disruption-free experience for passengers:

- Advanced digital signal processing accurately identifies and confirms debris eliminating false alarms.
- The system is able to detect metal, plastic, rubber, glass and organic matter.
- Status information is relayed to airport operators through a single intuitive graphical display.
- Live video feeds from a powerful MIL-SPEC day and night camera systems are automatically cued to allow object verification before personnel are dispatched to remove debris (a high-resolution night camera combined with a near-infrared illuminator exceeds any competing night vision system).
- An event log records data for historical analysis and continued safety.

HOMELAND SECURITY PRODUCTS

HIGH EYE

High Eye designs, produces and sells long-range VTOL UAVs for the international market. VTOL UAV stands for Vertical Take-Off and Landing Unmanned Aerial Vehicle. These are unmanned helicopters that can fly automatically. The UAVs are operated by a pilot at the Ground Control Station. High Eye focuses on one product: the Airboxer. For more information, please visit www.higheye.com

THE AIRBOXER®

The Airboxer® is a long-range unmanned helicopter with a three-blade single rotor. Because of its size, weight and capabilities, it creates a class on its own and brings industrial reliability into the UAV market in an unprecedented small size. High Eye believes its product should be safe to operate under nearly all circumstances and conditions, throughout the year. The Airboxer® has been developed over a period of more than 8 years and has been tested under the most extreme conditions on several continents. It has been proven to deliver reliability and capability at any time, wherever it is needed.

The Airboxer UAV is a multi-functional Intelligence, Surveillance and Reconnaissance ("ISR") platform. High Eye designed it to get in and out of locations which are out of reach for other systems. Operators can adapt the platform to their mission requirements or applications and integrate it in challenging environments with ease. The Airboxer is equipped to act as a tactical sensor platform, gathering and relaying valuable data beyond the horizon.

GENERAL SECURITY PRODUCTS

TYCO SECURITY SOLUTIONS

Tyco Security Solutions, from Johnson Controls, are unified solutions consisting of some of the most comprehensive world-leading premium access control, video, intrusion, converged products in the security industry. These solutions, delivered by developers from all product disciplines, consistently allow customers to see more, do more, and save more across multiple industries and segments including healthcare, government, transportation, finance, retail, commercial and residential. Worldwide, Tyco security solutions help protect 42% of Fortune 500 companies, transportation systems on five continents, 80% of the world's top 200 retailers, over two million commercial enterprises, and over five million private residences. For more information, please visit www.tyco-apac.com.

victor VMS Command Center

The victor command center increases collaboration, productivity and alarm incident response in active surveillance environments such as airports, campuses or citywide security by bringing data from across the enterprise to one centralized viewing location. Through the integration of American Dynamics hardware (video wall, controller workstations, operator workstations), software (victor Server, victor Client and victor Agent) and accessories (keyboard and mounts), the acquisition, installation and use of a complete command center system become greatly simplified.

One can now send video from live camera feeds, pre-configured alarms, and comprehensive map objects to any client or operator workstation in the VMS ecosystem. It also allows operators to use inbound event, alarm and video information to dynamically communicate, share information and manage high-priority events within the victor environment. With the victor, the security and safety of an organisation is ensured by guaranteeing visibility across a vast network of cameras and recorders, all from a powerful central location.

4K Professional Video Wall Solutions

American Dynamics Professional Video Wall Monitors produce sharp, true color images that can be used in security rooms and a variety of other applications. These 43", 55" and 65" LCD displays are the perfect solution for Ultra High Definition (UHD) video walls. Equipped with a standalone 3840 x 2160 resolution panel and the ability to take a single video source and display it across multiple panels, they are an excellent choice for command & control centers where fine details are critical.

Unlike plasma technology, LCD video walls require less power and a built-in auto pixel shift feature protects against image burn in of static content making it ideal for constant use. Individually mounted consumer grade monitors often leave distracting gaps between the screens but with the ultra-narrow bezel monitors arranged in a tiled video wall configuration, there is also virtually no inter-screen borders.

GENERAL SECURITY PRODUCTS

Illustra IP Cameras

Illustra cameras provide a versatile and scalable surveillance solution for deployments where advanced video intelligence, innovative recording features, and open platform integrations are required.

Illustra IP network cameras feature premiere video intelligence and technology that maximize resources and improve overall performance. Powerful on-board camera analytics distribute the load between the camera and the video management system while triggering events to be utilised for forensic analysis or useful business data. Innovative low-light detection enabled by IR illumination, wide dynamic range, true day/night and UltraVision provide exceptional video quality in challenging lighting conditions. Get the most out of storage hardware while preserving video detail through Illustra® IntelliZip smart bandwidth management. Ensure an optimum video experience with a wide range of features and options from Illustra.

A tiered approach scaling from single-site deployments to multi-location installations allows Illustra to provide a solution for a variety of workplaces and industries. As the premium Illustra product line, Pro cameras offer high-resolution, advanced video intelligence analytics and corridor mode for complex enterprise-level deployments. With a variety of form factors, the Flex product line includes features such as 120dB wide dynamic range to maintain image detail in varying light conditions, motion detection for intruder alerts and 3D noise reduction. Essentials varifocal and fixed focal lens cameras are ideal for basic, low-cost deployments where quality and versatility are necessities. With an array of form factors and features, there is always an Illustra camera able to perform in a variety of environments.

GENERAL SECURITY PRODUCTS

TP-LINK

Founded in 1996, TP-Link is a global provider of reliable networking devices and accessories, involved in all aspects of everyday life. The company is consistently ranked by analyst firm IDC as the No.1 provider of Wi-Fi devices*, supplying distribution to more than 170 countries and serving billions of people worldwide. With a proven heritage of stability, performance, and value, TP-Link has created a portfolio of consumer and SMB networking products. Now, as the connected lifestyle continues to evolve, the company is expanding its business domain into Smart Home, IoT, and Smartphone technologies in order to meet the demands of tomorrow. CPE710

5GHz AC 867Mbps 23dBi Outdoor CPE

- 802.11ac for up to 867Mbps on 5GHz wireless data rate
- 23dBi high-gain directional 2x2 MIMO, ideal for long-distance application
- Excellent beam directivity, improved latency and noise cancellation
- Innovative snap-lock parts make for fast assembly and a sturdy structural design keeps CPE710 stable even in strong winds
- Durable IP65 weatherproof enclosure along with 15kV ESD and 6kV lightning protection ensures all-weather suitability
- Pharos Control gives administrators a free, centralized management system
- Passive PoE supports to allow flexible deployment and convenient installation

EAP670

AX5400 Ceiling Mount WiFi 6 Access Point

- **Blazing-Fast WiFi 6 Speeds:** Simultaneous 574 Mbps on 2.4 GHz and 4804 Mbps on 5 GHz totals 5378 Mbps WiFi speeds.
- **High-Efficiency WiFi 6:** More connected devices can enjoy faster speeds.
- **Centralized Cloud Management:** Omada SDN integration manages the whole network locally or from the cloud via web UI or Omada app.
- **160 MHz Channel:** Double the data at peak transmission times on a single stream with HE160.
- **Seamless Roaming:** Video streams and voice calls are unaffected as users move between locations.
- **Omada Mesh:** Enables wireless connectivity between access points for extended range and flexible deployment.
- **PoE+ Powered:** Supports both 802.3at PoE+ and DC (adapter included) power supply for flexible installations.

GENERAL SECURITY PRODUCTS

EAP650

AX3000 Ceiling Mount WiFi 6 Access Point

- **Ultra-Fast WiFi 6 Speeds:** Simultaneous 574 Mbps on 2.4 GHz and 2402 Mbps on 5 GHz totals 2976 Mbps WiFi speeds.
- **High-Efficiency WiFi 6:** More connected devices can enjoy faster speeds.
- **Centralized Cloud Management:** Omada SDN integration manages the whole network locally or from the cloud via web UI or Omada app.
- **160 MHz Channel:** Double the data at peak transmission times on a single stream with HE160.
- **Seamless Roaming:** Video streams and voice calls are unaffected as users move between locations.
- **Omada Mesh:** Enables wireless connectivity between access points for extended range and flexible deployment.
- **PoE+ Powered:** Supports both 802.3at PoE+ and DC (adapter included) power supply for flexible installations.
- **Ultra-Slim Design:** Ø160 mm × 33.6 mm elegant design brings more agility.

TL-SL1226P

24-Port 10/100Mbps + 2-Port Gigabit Unmanaged PoE+ Switch

- 24× PoE+ 10/100 Mbps RJ45 ports, 2× Gigabit RJ45 ports, and 2× combo Gigabit SFP slots
- High PoE power budget with up to 30 W for each PoE port and 250 W for all PoE ports
- Up to 250 m data and power PoE transmission range under Extend Mode**, ideal for surveillance system
- Priority Mode ensures high priority of ports 1-8 to guarantees the quality of sensitive applications like video monitor
- Isolation Mode allows one-click client traffic separation for higher security and performance
- Plug and play, with no configuration and installation needed

TL-SG3428

JetStream 24-Port Gigabit L2+ Managed Switch with 4 SFP Slots

- **Full Gigabit Ports:** 24× gigabit RJ45 ports and 4× gigabit SFP Slots provide high-speed connections.
- **Integrated into Omada SDN:** Zero-Touch Provisioning (ZTP)*, Centralized Cloud Management, and Intelligent Monitoring.
- **Centralized Management:** Cloud access and Omada app for ultra convenience and easy management.
- **Static Routing:** Helps route internal traffic for more efficient use of network resources.
- **Robust Security Strategies:** IP-MAC-Port Binding, ACL, Port Security, DoS Defend, Storm control, DHCP Snooping, 802.1X, Radius Authentication, and more.
- **Optimize Voice and Video Applications:** L2/L3/L4 QoS and IGMP snooping.
- **Standalone Management:** Web, CLI (Console Port, Telnet, SSH), SNMP, RMON, and Dual Image bring powerful management capabilities

GENERAL SECURITY PRODUCTS

i-PRO

Delivering on its mission to be a trusted next generation partner, i-PRO is providing powerful edge-computing camera hardware with AI technology open to integration and customisation from 3rd party partners for mission-critical applications, whilst building on Panasonic's more than 60 years reputation for quality and reliability. To enable a business to operate at the forefront of value-adding innovation, i-PRO includes deep-learning edge-AI analytics by default in all its new middle-range line-up to give the whole market access to this new technology and its benefits. i-PRO cameras supply the highest image quality in all environmental forming the basis for the most accurate analysis of footage on the camera itself, and the most efficient use of the meta data to tap into the world of predictive video surveillance and proactive business operations. In addition, i-PRO has made it its mission to strongly emphasize on providing a fully cyber-secure and NDAA compliant line-up to give customers peace of mind. For more information, please visit www.i-pro.com/apac/en.

MULTI-SENSOR CAMERA

The new i-PRO multi-sensor cameras are available with three or four imaging sensors in resolutions up to 4K, ensuring exceptionally detailed image capture for 180° or up to 360° vision adaptable to the installation environment. All these features come in the thinnest and most discreet design currently available on the market, making the new range a game changer in the security industry. The new thin and discreet design is also evidence of listening closely to our customer needs and implementing them in our line-up. This makes the new multi-sensor cameras not only strong security hardware, but much more; an open sensor device easily blending into any surrounding, whilst only requiring one license for VMS systems.

i-PRO ACTIVE GUARD

The i-PRO Active Guard is an easy and intuitive application for cutting edge intelligent search. It can easily search and filter for certain people characteristics such as gender, age and colours of clothing being worn. All together, it provides 13 main attributes (gender, age, hair colour etc.) and over 80 attribute items to be able to properly classify the data and be able to receive the information you are looking for.

i-PRO Active Guard, together with AI capable cameras and applications is creating a powerful new AI-driven security eco-system that allows businesses to take their CCTV infrastructure to the next level. And because these systems are compatible with market-leading 3rd party VMS providers like Genetec and Milestone and seamlessly into existing CCTV infrastructures, it is cost efficient and simple manage the meta data coming from the i-PRO hardware.

S-SERIES PTZ CAMERAS

The new S-Series Pan-Tilt-Zoom ("PTZ") cameras are designed to make operators' lives easier with smarter, smoother and simpler operation. They deliver improved image quality, especially in low lighting, with the latest image sensors and lenses to improve accuracy and prevent false alarms. The powerful onboard AI processor supports advanced auto-tracking which can assist operators by automatically detecting, zooming in on, and tracking people, vehicles, and bicycles, as well as the unique attributes of detected objects such as colour and type. Security operators will also notice faster PTZ response times during preset operation and improvements in auto-focus in manual operation, ensuring the operator has access to consistently sharp images.

i-PRO MINI CAMERA

At roughly 10cm wide, 5cm high and only 2cm deep, the i-PRO mini is providing handy-sized intelligence designed specifically for applications where a camera with AI analytics is needed but should not stand out in an otherwise sleek and clean environmental design. This tiny camera is disrupting the traditional compact camera segment by combining sleek, unobtrusive design with powerful AI analytics. Business owners can easily leverage their surveillance footage to unlock valuable marketing analysis to gain shopper insights.

SUSTAINABILITY REPORT

MESSAGE FROM OUR BOARD OF DIRECTORS

We are pleased to present the annual Sustainability Report of IPS Securex Holdings Limited ("IPS Securex", the "Company" and, together with its subsidiaries, the "Group") for our financial year ended 30 June ("FY") 2022. This report is set out on a "comply or explain" basis in accordance with Rule 711B and Practice Note 7F of the Singapore Exchange Securities Trading Limited ("SGX-ST") Listing Manual Section B: Rules of Catalist. We are guided by the Global Reporting Initiative (GRI) Standards reporting guidelines at Core option. IPS Securex has chosen the GRI framework as it is a well-known and globally-recognised sustainability reporting standard that wholistically sets a benchmark across multiple facets of a company's responsibilities and performance. This report highlights the key economic, environmental, social and governance ("EESG") related initiatives undertaken over a 12-month period in FY2022 from 1 July 2021 to 30 June 2022 for the operational entities IPS Securex Pte. Ltd. ("Securex") and Securex GS Pte. Ltd. ("Securex GS").

In defining our reporting content, we have applied GRI standard (GRI 101: Foundation 2016)'s principles by considering the Group's activities, impacts and substantive expectations and interests of its stakeholders. We observed a total of four principles including materiality, stakeholder inclusiveness, sustainability index and completeness. For reporting quality, we observed principles of balance, comparability, accuracy, timeliness, clarity and reliability.

The EESG data and information provided for the purpose of this report have not been verified by an independent third party. We have relied on internal data monitoring and verification to ensure accuracy.

The board of directors of the Company (the "Board") oversees the management and monitoring of these factors, and takes them into consideration in the determination of the Group's strategic direction and policies.

We welcome feedback from our stakeholders with regards to our sustainability efforts as this enables us to consistently improve our policies, systems and results. Please send your comments and suggestions to investorrelations@ips-securex.com.

30 September 2022

OUR APPROACH TO SUSTAINABILITY IPS SECUREX'S SUSTAINABILITY METHODOLOGY

SUSTAINABILITY GOVERNANCE

Strong governance is the key to a sustainable business. It is a continual challenge to successfully manage environmental and social issues. IPS Securex has incorporated this into our business model and implemented sustainable and responsible policies, practices and performance monitoring and measurement throughout the Group. We are committed to provide high quality services to meet the relevant safety, health and environmental requirements set out by our customers and the regulatory bodies.

We believe that every life counts and is important. Hence, our Homeland Security business segment prides itself in providing non-lethal countermeasures that are more relevant, effective and expansive in their application as compared to lethal solutions. IPS Securex pays strict attention to enforcing good labour practices in all our operations, including our suppliers. The Group provides various training opportunities for continued employee development and this has been reflected in the quality and delivery of our services. We value our relationships with our customers, suppliers, other stakeholders and the wider community in which we operate, and these relationships forged have helped us through challenging times in the past. The Group strongly believes that in the long run, these efforts will be reciprocated through positive impacts on the Group's economic performance.

SUSTAINABILITY REPORT

ENTERPRISE RISK MANAGEMENT

The Board is committed to ensuring that the Group has an effective and practical enterprise risk management ("ERM") framework in place to safeguard Shareholders' interests, and the sustainability of the Group as well as provide a basis to make informed decisions having regard to the risk exposure and risk appetite of the Group. For detailed disclosure on our ERM, please refer to pages 46 to 47 of our Annual Report 2022.

WHISTLEBLOWING POLICY

The Group has implemented a whistleblowing policy whereby accessible channels are provided for employees and external parties to raise concerns about possible improprieties on matters of financial reporting or other matters which they become aware and to ensure that:

- i. independent investigations are carried out in an appropriate and timely manner;
- ii. appropriate action is taken to correct the weakness in internal controls and policies which allowed the perpetration of fraud and/or misconduct and to prevent a recurrence; and
- iii. administrative, disciplinary, civil and/or criminal actions that are initiated following the completion of investigations are appropriate, fair and reasonable, while providing reassurance that employees will be protected from reprisals or victimisation for whistleblowing in good faith and without malice.

As of the date of this Annual Report, no reports were received through the whistleblowing mechanism.

BUSINESS ETHICS, ANTI-CORRUPTION AND COMPLIANCE

We do not tolerate corruption in any form and this has been made clear to all of the Group's employees, customers, suppliers and business partners. Dedicated whistleblowing hotlines using both email and electronic platforms are set up so that anyone who wishes to report any ethical issue can do so confidentially. While all complaints will be reported to the CEO, complaints alleging fraud and breaches of corporate governance will be escalated to the Audit Committee and the Chairman of the Board of the Company.

When it comes to hiring, we take serious considerations of any conflict of interests. Our code of conduct clearly lays the Group's expectations for our staff and spells out the consequences of violating rules or not meeting expectations.

All of our staff are reminded of the importance of upholding the highest standards when it comes to business ethics. The Group regularly updates relevant staff with development in international and local regulations. We prohibit corruption in all forms, including but not limited to extortion and bribery.

For FY2022, there were no significant fines or non-monetary sanctions for non-compliance with laws and regulations. There have also been no reported incidents of corruption during the reporting period. We endeavor to maintain this compliance and zero incident record for the upcoming year.

The Board and the Management of IPS Securex are committed to the best practices in corporate governance to ensure sustainability of the Group's operations. We believe that our constant drive for corporate excellence will allow us to establish a more transparent, accountable and equitable system, thereby increasing the value of the Company and its value to our Shareholders. Please refer to the Annual Report 2022 pages 36 to 61 for details of the Group's Corporate Governance Report.

SUSTAINABILITY REPORT

STAKEHOLDERS AND MATERIALITY

STAKEHOLDERS ENGAGEMENT

An important starting point in our sustainability journey is to identify our stakeholders and material EESG factors relevant to our business. The interests and requirements of key stakeholders are also taken into account when formulating corporate strategies on sustainability. These key stakeholders include, but are not limited to, customers, suppliers, business partners, shareholders, employees, and regulators. We adopt both formal and informal channels of communication to understand the needs of key stakeholders and incorporate these into our corporate strategies to achieve mutually beneficial relationships.

No.	Stakeholders	Engagement Platforms	Frequency
1	Suppliers 	Vendor Assessment	Annually
		Face-to-face or Virtual Meetings	Quarterly
2	Shareholders 	Annual General Meeting/Extraordinary General Meeting	Annually
		Annual Report	Annually
		Announcement	Semi-Annually
		Roadshow	Quarterly
3	Customers 	Face-to-face or Virtual Meetings	Monthly
		Email Feedback	Monthly
		Customer Cold Calls	Biweekly
4	Employees 	Staff Appraisal	Annually
		Whistleblowing Policy Updates	Annually
		Townhall Sessions	Quarterly
		Staff Bonding Sessions	Semi-Annually
		Monthly Birthday Celebration	Monthly
5	Board 	Board Meetings	Semi-Annually
		Board Circulation via E-mails	Semi-Annually
		Board Papers	Semi-Annually
		Board Lunches and Meetings	Semi-Annually

1

IDENTIFICATION

Identification of the material factors that are of relevance to the Group's activities

2

PRIORITISATION

Prioritisation of the material factors and identifies key sustainability factors to be reported upon

3

VALIDATION

Validation of the completeness of key sustainability factors identified to finalise the sustainability report content

4

REVIEW

Review focuses on the material factors in previous reporting period and also considers stakeholder's feedback, changing business landscape and emerging trends

MATERIAL ASPECTS ASSESSMENT

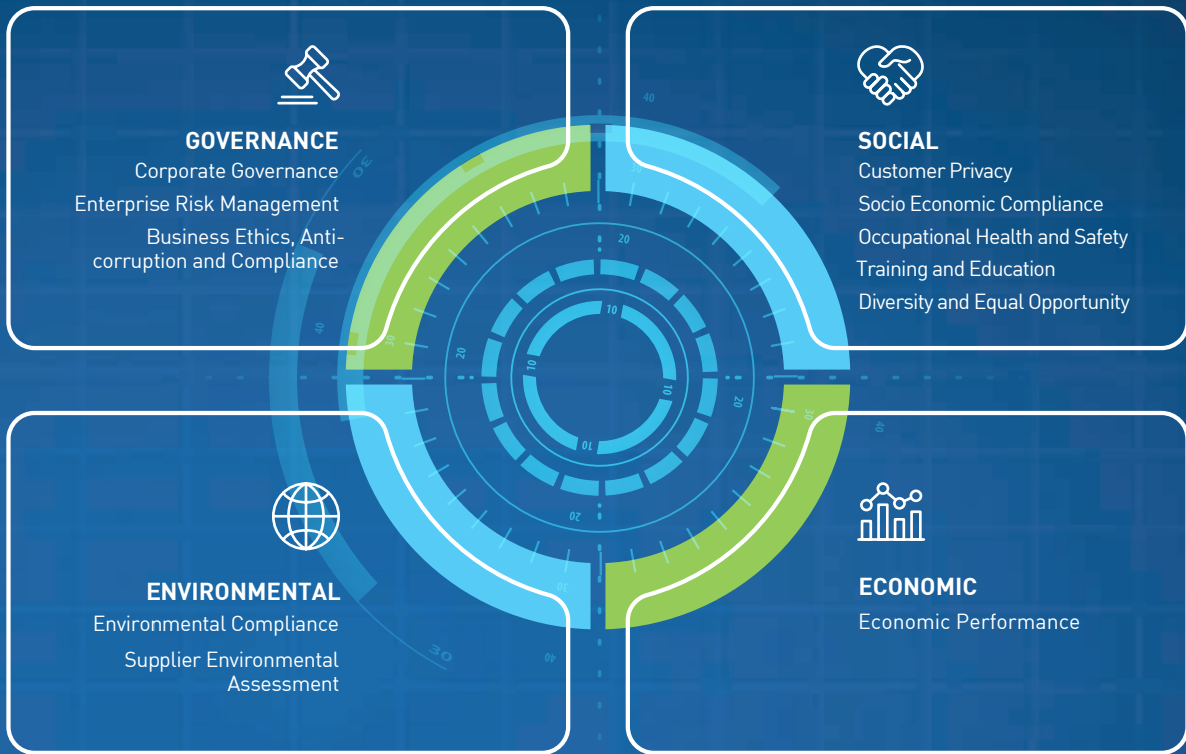

Our sustainability process begins with the identification of the GRI relevant aspects. The GRI relevant aspects are then prioritised to identify material factors which are subject to validation. The end result of this process is a list of material factors disclosed in the sustainability report.

We conducted an internal materiality assessment during the year. In addition, the Group adopts a matrix-based approach based on the likelihood of occurrence and impact on the Group to address its sustainability risk profile and priority issues. We shall use this method to monitor our risk profile on a regular basis. A materiality review is conducted on an annual basis, incorporating inputs through stakeholder engagements of selected groups.

In order to determine if an aspect is material, we assessed its likelihood of occurrence and the potential impact on the economy, environment and society and its influence on stakeholders. This year's material aspects were identified and prioritised by the Sustainability Committee specially formed to drive the sustainability reporting process through internal workshops together with senior management. Peer reviews and social impact assessments were performed at site level.

SUSTAINABILITY REPORT

Applying the guidance from GRI Standards, we have identified the following material EESG aspects:

SOCIAL

We believe that the nature of the security industry which our businesses participate in, especially so for the range of security products and services we provide, greatly contribute to society in the form of personal security, law enforcement and value creation for businesses through the use of technology.

We hold a diverse range of products that can be segregated into Homeland and General (Infrastructure) security.

We believe that every life counts and is important. Hence, our Homeland Security business segment prides itself in providing non-lethal countermeasures as not just alternate solutions, but systems that are more relevant, effective and expansive to law enforcement end users as compared to lethal solutions. This would minimise or prevent unnecessary loss of life, collateral damage, and enhance the ability of law enforcers.

An example of the societal contributions of our General Security business segment is seen in our Alert Alarm systems installed in accommodations designed for the elderly. The system installed allows for much quicker alert to any incidents and, hence, response. It also improves the efficiency of the organisation as compared to existing traditional monitoring systems by reducing manpower requirements and overhead costs.

IPS Securex's business activities falls within the ambit of the Essential Services Exemption as allowable activities under the Defence and Security; Construction, Facilities Management and Critical Public Infrastructure; and Information and Communications sectors. Under the Group's Business Continuity Pandemic Plan, several measures have been put in place and are practiced since the start of the pandemic. This includes flexible work arrangements such as the splitting of teams and working remotely, regular monitoring of employees and visitors' temperature, regular reminders for the proper washing and sanitisation of hands, social distancing of employees and visitors at the workspace and in elevators, and the use of video and teleconference facilities and phone calls to minimise physical meetings. These measures allow our staff to continue to attend to their work commitments and for our business operations to function with as little business disruption as possible amidst the COVID-19 pandemic.

COVID-19 also impacts downstream customers. Due to a wide variety of reasons such as compliance of new regulatory requirements etc., the message of project delays, manpower shortages and increasing costs has regularly been communicated to us. We are actively working with both our suppliers and customers to ensure that expectations are managed in terms of the expected project timelines.

SUSTAINABILITY REPORT

- CUSTOMER PRIVACY

The Board is of the view that cyber security and data privacy are important in safeguarding both the Group's data and that of our customers, suppliers, business partners and employees. IPS Securex takes measures to guard against cyber risks, protecting confidential information for both our internal and external stakeholders. This also applies to our employment process where the privacy of all applicants is safeguarded and access to personal data is restricted to authorised personnel on a need-to-know basis. There were no reports or complaints of breaches of customer privacy and loss of customer data for FY2022, and we aim to maintain our record of zero complaints of breaches of customer privacy and losses of customer data for the upcoming year.

- SOCIOECONOMIC COMPLIANCE

IPS Securex is proud to inform that it has met its goals and targets of zero workplace incidence, zero breaches of policies, etc, set out in the previous year, and endeavors to maintain its compliance, in all material aspects, with all social, economic, and environmental rules and regulations, anti-competitive practices and the Workplace Safety and Health Act.

- OCCUPATIONAL HEALTH AND SAFETY

As human resource is a major contributing factor to our organisation, our employees' safety and health at the workplace is one of our top priorities, and our ultimate goal is to have a zero-accident workplace. We are committed to managing and reducing safety and health risks through effective risk management.

We have established a strict set of workplace health, safety and security policies and a risk management manual. This covers a standard procedure to identify hazards relating to occupational health and safety, evaluate risks associated with these hazards and to ensure that appropriate actions are taken to manage the risks involved. In addition, all environmental aspects and occupational health safety hazards which are within our control or under our management, as well as those that we cannot control or directly manage but are expected to affect health and safety, are covered in the policies.

We also have group level insurance policies for our staff that is above the standard Workman Compensation required by regulations. This includes hospitalisation and personal accident insurance for all staff, travel insurance for all business-related travels, and term life, as a form of key man insurance.

We are ISO 45001:2018 certified, by Guardian Independent Certification (GIC), Certificate No. 736611. The certificate was renewed on 7 July 2021 and will expire on 24 September 2024. ISO 45001:2018 specifies requirements for an occupational health and safety (OH&S) management system, and gives guidance for its use, to enable organisations to provide safe and healthy workplaces by preventing work-related injury and ill health, as well as by proactively improving its OH&S performance.

We are bizSAFE Level Star certified by the Workplace Safety and Health Council, Certificate No. E10555 & E12044. The certificate was issued on 5 August 2021 and will expire on 24 September 2024. bizSAFE is a nationally recognised capability building programme designed to help companies build workplace safety and health capabilities. bizSAFE Level STAR recognizes that our company's Workplace Safety and Health Management System (WSHMS) identifies, manages and controls workplace risks or hazards in compliance with the Workplace Safety and Health (WSH) Act and international standards such as ISO 45001:2018

Given that we value our employees' health and safety as a priority within our organization, achieving these certifications and implementing the framework of systems required are vital to our organization. The implementation of these frameworks has enabled us to systematically identify, reduce and mitigate risks involved in the operations of our organisation.

We aim to maintain a zero-incident workplace environment for the coming year.

- TRAINING AND EDUCATION

It is in the interest of the Company that career development programmes are set for individual employees on an on-going basis based on their individual needs and goals. Managers assess and formulate training programmes needed to improve the employee's performance to keep up with the job demand as well as to meet his or her career objectives. Performance appraisals are held at appropriate intervals annually. The objective is to establish a two-way communication channel for both employee and his or her manager to evaluate and assess past performance, review areas for improvements, plan for future career development and to fulfill the career potential within the Group.

In FY2022, the following training programmes have been provided to our employees. Training hours will be reported for all training programmes conducted and attended in FY2022 in the respective report.

The Company aims to continue investing and developing its workforce by organising further courses, trainings and seminars for everyone.

SUSTAINABILITY REPORT

- DIVERSITY AND EQUAL OPPORTUNITY

IPS Securex operates an Equal Opportunities Policy and this means that no employees should be discriminated against on grounds of sex, sexual orientation, marital status, nationality, ethnic origin, race, religion or disability. This policy extends to all areas of employment including recruitment, training, career progression, performance review, promotion and dismissal. Employment by the Group and career progression within it depends entirely on personal merit and ability.

Employees have a responsibility in helping to achieve this objective and the Company will not tolerate any behaviour by any of its employees that may violate the principles of its Equal Opportunities Policy. In any event, legislation prohibits discrimination against any employee on the grounds of sex, race or disability and any individual employee who discriminates in this way or encourages others to discriminate will be subject to disciplinary action for misconduct or gross misconduct.

We endeavor to maintain and encourage a culture of inclusiveness and zero tolerance in any form of discrimination in the workplace.

As of 30 June 2022, we have a staff strength of 51 full-time employees and zero temporary employees.

SUSTAINABILITY REPORT

ECONOMIC

- ECONOMIC PERFORMANCE

IPS Securex firmly believes that focus on financial sustainability is critical. We are fully committed to the highest standards of corporate governance. The Group's basic principle is that long-term profitability and shareholders' value is sustained by taking into account the interests of all stakeholders, such as shareholders, employees, customers, suppliers, business partners and society as a whole.

For details of our financial results for FY2022, please refer to the following sections in our FY2022 Annual Report:

- Financial Highlights, page 9
- Financial and Operations Review, pages 10 to 12
- Financial Statements, pages 69 to 119

ENVIRONMENTAL

Even though the environmental impact of our office activities is relatively immaterial, we believe it is important to instill values of environmental stewardship in our people. Promoting a paperless environment culture, whereby documents should only be printed if necessary and required. We also stress the importance of ensuring that all devices are turned off or in sleep mode before the last person leaves the office. By regularly engaging our staff on environmental issues, we hope to be environmentally conscious in everything that we do.

- ENVIRONMENTAL COMPLIANCE

In FY2022, there was no incidence of non-compliance with laws and regulations resulting in significant fines or sanctions, and we endeavor to maintain this track record.

- SUPPLIER ENVIRONMENTAL ASSESSMENT

Formal supplier environmental assessments were incorporated and conducted in FY2022 as part of the Group's annual supplier evaluation exercise. We currently ask that all our suppliers comply with all local laws and regulations. The Group has a relationship with suppliers where they are required to complete a questionnaire for environmental, health and safety purposes. Approximately 86% of the Group's suppliers were reported to have passed our environmental, occupational health and safety aspects of the assessment. We strive to improve on this figure for the following year by working closely with our suppliers, creating awareness for the need to develop environmental and safe practices. If need be, with regard to our environmental assessments, suppliers that do not comply with these practices will be recommended for removal.

CORPORATE GOVERNANCE REPORT

IPS Securex Holdings Limited (“**Company**” and, together with its subsidiaries, “**Group**”) is committed to set corporate governance practices in place which are in line with the recommendations of the Code of Corporate Governance 2018 (“**Code**”) to provide the structure through which the objectives of protection of the interests of the Company’s shareholders (“**Shareholders**”) and enhancement of long-term Shareholders’ value are met.

This report describes the corporate governance practices adopted by the Company for the financial year ended 30 June 2022 (“**FY2022**”) with specific reference made to each of the principles of the Code. The Company has complied substantially with the requirements of the Code and will continue to review its practices on an ongoing basis. It has provided an explanation for any deviation from the Code, where applicable.

(A) BOARD MATTERS

THE BOARD’S CONDUCT OF ITS AFFAIRS

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The Board of Directors (“**Board**” or “**Directors**”) oversees the business and corporate affairs of the Group. The principal duties of the Board include the following:

- Protecting and enhancing long-term value and returns to Shareholders;
- Reviewing and approving, inter alia, the release of the periodic and full year results announcements, the Annual Report and financial statements, material acquisitions and disposals of assets, and interested person transactions of the Group;
- Providing leadership and guidance on corporate strategy, business directions, risk management policies and implementation of corporate objectives;
- Establishing, reviewing and approving the annual budget;
- Ensuring the effectiveness and integrity of management (“**Management**”);
- Monitoring Management’s achievement of goals and overseeing succession planning for Management;
- Conducting periodic reviews of the Group’s financial performance against the budget, internal controls and compliance with the relevant statutory and regulatory requirements;
- Approving nominations to the Board and appointment of key management personnel;
- Ensuring the Group’s compliance with all relevant and applicable laws and regulations; and
- Assuming responsibility for the corporate governance of the Group.

All Directors objectively discharge their duties and responsibilities at all times as fiduciaries in dealing with the business affairs of the Group and take objective decisions in the interests of the Company. The Board holds the Management accountable for performance. The Group’s code of conduct, business ethics and organisational culture are discussed in the Company’s Sustainability Report. Directors facing conflicts of interest will recuse themselves from discussions and decisions involving the issues of conflict. The Directors would abstain from voting and decisions involving the issues of conflict.

To assist in the execution of its responsibilities, the Board has established the Audit Committee (“**AC**”), the Nominating Committee (“**NC**”) and the Remuneration Committee (“**RC**”) (collectively, “**Board Committees**”). The Board Committees function within clearly defined terms of references and operating procedures, which are reviewed on a regular basis to ensure their continued relevance. The effectiveness of each Board Committee is also constantly reviewed by the Board.

CORPORATE GOVERNANCE REPORT

The Company's constitution ("**Constitution**") provides for meetings for the Directors to be held by means of telephonic conference or other methods of simultaneous communication be it electronic or telegraphic means when necessary. The Board also approves transactions through circular resolutions which are circulated to the Board together with all relevant information to the proposed transaction.

The frequency of meetings and the attendance of each Director at each Board and Board Committees meeting for FY2022 are disclosed in the table reflected below:

Name	Board		Nominating Committee		Remuneration Committee		Audit Committee		Annual General Meeting	
	No. of Meetings Held	No. of Meetings Attended	No. of Meetings Held	No. of Meetings Attended	No. of Meetings Held	No. of Meetings Attended	No. of Meetings Held	No. of Meetings Attended	No. of Meetings Held	No. of Meetings Attended
Chan Tien Lok	2	2	1	1	1	1	2	2	1	1
Kelvin Lim Ching Song	2	2	1	1*	1	1*	2	2*	1	1
Ong Beng Chye	2	2	1	1	1	1	2	2	1	1
Joseph Tan Peng Chin	2	2	1	1	1	1	2	2	1	1

Note:

* By invitation

The Board has adopted a set of internal guidelines setting forth matters that require the Board's approval. Matters which are specifically reserved for the Board's decision are those involving significant acquisitions, disposals and funding proposals, reviewing and approving the Group's corporate policies, monitoring the performance of the Group and transactions relating to investment, funding, legal and corporate secretarial matters.

The Board will review these internal guidelines on a periodic basis to ensure their relevance to the operations of the Group. Directors are required to act in good faith and discharge their fiduciary duties and responsibilities in the interest of the Company at all times.

The Directors are also updated regularly on any changes to the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") ("**Catalist Rules**"), risk management, corporate governance, insider trading and the key changes in the relevant regulatory requirements and financial reporting standards and the relevant laws and regulations to facilitate effective discharge of their fiduciary duties as Board and/or Board Committees members.

News releases issued by the SGX-ST and the Accounting and Corporate Regulatory Authority ("**ACRA**") and others which are relevant to the Directors are circulated to the Board. The Company Secretary would inform the Directors of upcoming conferences and seminars relevant to their roles as Directors of the Company. The external auditors, KPMG LLP ("**EA**") updated the AC and the Board on the new and revised financial reporting standards that may affect the Company and/or the Group.

Appropriate briefing and orientation will be arranged for newly appointed Directors to familiarise them with the Group's business operations, strategic directions, Directors' duties and responsibilities and corporate governance practices. They will also be given opportunities to visit the Group's operational facilities and meet with Management so as to gain a better understanding of the Group's business.

Directors are encouraged to attend seminars and receive training to improve themselves in the discharge of Directors' duties, responsibilities and obligations. Changes to regulations and accounting standards are monitored closely by Management. To keep pace with such regulatory changes, the Company provides opportunities for on-going education and training on Board processes and best practices as well as updates on changes in legislation and financial reporting standards, regulations and guidelines from the Catalist Rules that affect the Company and/or the Directors in discharging their duties.

CORPORATE GOVERNANCE REPORT

Newly appointed Directors receive appropriate training, if required. The Group provides background information about its history, mission and values to its Directors. In addition, Management regularly updates and familiarises the Directors on the business activities of the Group during Board meetings. Upon appointment, a new Director receives a brief on the Director's duties, responsibilities and disclosure obligations as a Director. He is also briefed on key disclosure duties and statutory obligations.

To enable the Board to fulfil its responsibility, Management strives to provide Board members with complete, adequate and timely information for Board and Board Committees meetings on an on-going basis. The Board and Board Committees papers are prepared for each meeting and are disseminated to the members before the meetings. The Board and Board Committees papers include financial, business and corporate matters of the Group so as to enable the Directors to be properly briefed on matters to be considered at the Board and Board Committees meetings.

The Company Secretary or her representative attends all Board and Board Committees meetings and prepares minutes of the Board and Board Committees meetings and assists the Chairman in ensuring good information flows within the Board and its Board Committees and between Management and the Non-Executive Director and Independent Directors. The Company Secretary also assists the Board so that Board procedures are followed and reviewed in accordance with the Company's Constitution, relevant rules and regulations, including requirements of the Securities and Futures Act 2001 of Singapore, Companies Act 1967 of Singapore and the Catalyst Rules, so that the Board functions effectively and the relevant rules and regulations applicable to the Company are complied with. The Company Secretary's role is to advise the Board on all governance matters, ensuring that legal and regulatory requirements as well as Board policies and procedures are complied with. The appointment and removal of the Company Secretary is a decision of the Board as a whole.

Directors are given separate and independent access to Management and the Company Secretary to address any enquiries. The Directors either individually or as a group have the right to seek independent legal and/or other professional advice in the furtherance of their duties. The costs of such services will be borne by the Company.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

As at the date of this Annual Report, the Board comprises one Executive Director, one Non-Executive Director and two Independent Directors:

Name of Director	Board Membership	Audit Committee	Nominating Committee	Remuneration Committee
Chan Tien Lok	Non-Executive Chairman	Member	Member	Member
Kelvin Lim Ching Song	Executive Director and Group Chief Executive Officer ("CEO")	-	-	-
Ong Beng Chye	Lead Independent Director	Chairman	Member	Member
Joseph Tan Peng Chin	Independent Director	Member	Chairman	Chairman

The Board has appointed Ong Beng Chye as its Lead Independent Director. The independence of each Independent Director is reviewed by the NC. Under the Code, it provides that Independent Directors make up a majority of the Board where the Chairman is not independent as is the case for the Company which has Chan Tien Lok as the Non-Independent Non-Executive Chairman. Currently, half of the Board is made up of Independent Directors, comprising Ong Beng Chye, Lead Independent Director and Joseph Tan Peng Chin, Independent Director. Ong Beng Chye plays a role in facilitating discussions amongst Board members to reach a mutual, majority agreement on voting matters relating to the interests of the Company. The objective for Ong Beng Chye as a facilitator for the aforementioned discussions is to resolve situations where equality of votes between Independent and Non-Independent Directors arise, further discussions aims at allowing the Board to arrive at a mutual agreement. To mitigate the provision in the Code for the Independent Directors to make up a majority of the Board where the Chairman is not independent, Chan Tien Lok who is the Non-Executive Chairman has relinquished his casting vote in respect of all Board resolutions from 1 July 2019.

CORPORATE GOVERNANCE REPORT

The criteria for independence are determined based on the definition as provided in the Code. The independence of each Director is assessed and reviewed at least annually by the NC. In its deliberation as to the independence of a Director, the NC takes into account examples of relationships as set out in the Code. The Board considers an Independent Director as one who has no relationship with the Company, its related companies, its substantial shareholders or officers that could interfere or be reasonably perceived to interfere with the exercise of the Directors' independent judgement of the Group's affairs according to the Code. The NC has reviewed, determined and confirmed the independence of each Independent Director.

The Non-Executive Director and Independent Directors participate actively during Board and Board Committees meetings. The Company has benefited from the Management's access to its Directors for guidance and exchange of views both within and outside of the meetings of the Board and Board Committees. The Non-Executive Director and Independent Directors communicate amongst themselves and with the Company's internal and external auditors and Management. When necessary, the Company co-ordinates informal meetings for the Non-Executive Director and Independent Directors to meet without the presence of the Executive Director and Group CEO and/or Management.

Pursuant to Rule 406(3)(d)(iii) of the Catalist Rules, which took effect on 1 January 2022, a Director will not be independent if he has served for an aggregate of more than nine (9) years and his continued appointment as an Independent Director has to be sought and approved in separate resolutions by (a) all shareholders and (b) shareholders, excluding the Directors and Chief Executive Officer of the issuer, and associates of such Directors and Chief Executive Officer (the "**Two-Tier Voting**"). Such resolutions may remain in force for three (3) years from the conclusion of the annual general meeting following the passing of the resolutions or the retirement or resignation of the Director, whichever the earlier.

The NC has conducted a rigorous review on the independence of the Independent Directors, Ong Beng Chye and Joseph Tan Peng Chin and has concluded that Ong Beng Chye and Joseph Tan Peng Chin are independent even though they would have served on the Board beyond nine (9) years from 6 June 2014. The relevant factors that were taken into consideration in determining the independence of Ong Beng Chye and Joseph Tan Peng Chin are set out in Principle 4 of this report. Having considered the relevant factors, the NC have determined that Ong Beng Chye and Joseph Tan Peng Chin have demonstrated strong independence in character and judgement over the years in discharging their duties and responsibilities as Independent Directors. Their continued presence as Independent Directors will ensure best practices being followed and provide effective oversight and compliance to good corporate governance.

Accordingly, the NC has recommended to the Board that Ong Beng Chye and Joseph Tan Peng Chin continue to be considered independent, notwithstanding they would have served on the Board beyond nine (9) years from the date of their first appointment. Ong Beng Chye and Joseph Tan Peng Chin, being NC members, have abstained from any discussion and voting on their independence.

Based on the considerations in determining the independence of Ong Beng Chye and Joseph Tan Peng Chin in Principle 4 of this report, the NC and the Board are of the view that Ong Beng Chye and Joseph Tan Peng Chin have been and have the ability to continue exercising independent judgement in the best interests of the Company in discharging their duties as Independent Directors of the Company.

The existing Independent Directors who have served more than nine (9) years are Ong Beng Chye and Joseph Tan Peng Chin, who will seek Two-Tier Voting resolutions for their continued appointment in the forthcoming AGM. Upon passing the Two-Tier Voting resolutions (the "**Ordinary Resolution**"), the continued appointment of Ong Beng Chye and Joseph Tan Peng Chin as Independent Directors shall continue in force pursuant to Rule 406(3)(d)(iii). Should the Ordinary Resolutions not pass at the forthcoming AGM, Ong Beng Chye and Joseph Tan Peng Chin will cease to be considered independent and will be re-designated as Non-Executive Directors of the Company, and the Company shall endeavour to search for suitable candidates to fill the vacancies of the Independent Directors to fulfil the requirements of the Catalist Rules and the Code. In such an event, the Company will endeavour to fill the vacancy within two months but in any case not later than three months pursuant to Rule 406(3)(c) of the Catalist Rules.

The NC and the Board reviews the resumes and assesses the capabilities and competencies of new candidate(s) for the appointment of new Directors. The Company would conduct a background check on the new candidate(s) and the new candidate(s) would provide the relevant declarations to the NC and the Board. The Company's sponsor is also kept abreast of any new applicants and the new candidate(s)' resume is provided to the Company's sponsor for review. The Company's sponsor would interview the new candidate(s) separately.

The NC has reviewed the size and composition of the Board. It is satisfied that after taking into account the nature and scope of the Group's operations, the current Board size is appropriate and effective.

CORPORATE GOVERNANCE REPORT

The Board comprises Directors who as a group provides core competencies and diversity of experience to enable them to lead and control the Group effectively. Such competencies and experiences include industry knowledge, strategic planning, business and general management, legal and finance.

With the introduction of Rule 710(A) of the Catalist Rules effective from 1 January 2022, the Board will endeavour to maintain a board diversity policy that addresses gender, skills and experience, and any other relevant aspects of diversity within year 2022 and describe such policy in its Annual Report for the financial year ending 30 June 2023.

Although all the Directors have equal responsibility for the performance of the Group, the role of the Non-Executive Director and Independent Directors is particularly important in ensuring that the strategies proposed by Management are fully discussed and rigorously examined and take into account the long-term interests of not only the Shareholders, but also of the employees and reviewing the performance of Management in meeting agreed goals and objectives. The NC considers its Non-Executive Director and Independent Directors to be of sufficient calibre and size and their views to be of sufficient weight such that no individual or small group of individuals dominates the Board's decision-making process. The NC continually reviews the composition of the Board, taking into account the balance and diversity of skills, experience and gender, among other factors.

The Company co-ordinates informal meeting sessions for the Non-Executive Director and Independent Directors to meet on a need-to basis without the presence of the Management to discuss matters such as the Group's financial performance, corporate governance initiatives, Board processes, succession planning as well as leadership development and the remuneration of the Executive Director.

CHAIRMAN AND GROUP CHIEF EXECUTIVE OFFICER

Principle 3: There is a clear division of responsibilities between the leadership of the Board and the Management, and no one individual has unfettered powers of decision-making.

The Company practices a clear division of responsibilities between the Chairman and the Group CEO. This ensures that an appropriate balance of power between the Chairman and the Group CEO and thereby allows for increased accountability and greater capacity of the Board for independent decision making. The Group keeps the posts of the Chairman and Group CEO separate. Chan Tien Lok is the Non-Executive Chairman while Kelvin Lim Ching Song is the Executive Director and Group CEO. The Non-Executive Chairman is responsible for the formulation of the Group's strategic direction and expansion plans while the Executive Director and Group CEO is responsible for the conduct of the Group's daily business operations. The Non-Executive Chairman and the Executive Director and Group CEO are not related.

The Non-Executive Chairman ensures that Board members are provided with complete, adequate and timely information. The Non-Executive Chairman ensures that procedures are introduced to comply with the Code and ensures effective communication within the Board and with the Shareholders.

In view that the Non-Executive Chairman is non-independent, the Board has appointed Ong Beng Chye as the Lead Independent Director and he is available to Shareholders where they have concerns for which contact through the channels of the Non-Executive Chairman, Executive Director, Group CEO, Chief Operating Officer and/or Finance and Administration Director has failed to resolve such concerns or where it is inappropriate to do so.

The Independent Directors, led by the Lead Independent Director, meet amongst themselves without the presence of the other Directors where necessary and the Lead Independent Director will provide feedback to the Non-Executive Chairman after such meetings.

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.

The Board, through the delegation of its authority to the NC, has used its best efforts to ensure that Directors appointed to the Board possess the relevant background, experience and knowledge in business, finance and management skills to enable the Board to make effective decisions.

CORPORATE GOVERNANCE REPORT

The NC comprises one (1) Non-Executive Director and two (2) Independent Directors, where the majority of whom, including the NC Chairman is independent and the Lead Independent Director is a member of the NC, as follows:

Nominating Committee

Joseph Tan Peng Chin (Chairman)
Ong Beng Chye
Chan Tien Lok

Based on the written terms of reference approved by the Board, the principal functions of the NC are:

- Reviewing and making recommendations to the Board on all candidates nominated for appointment to the Board of the Company and of its subsidiaries;
- Reviewing and recommending to the Board on an annual basis, the Board structure, size and composition, taking into account, the balance between Executive Directors, Non-Executive Directors and Independent Directors to ensure that the Board as a whole possesses the right blend of relevant experiences and core competencies to effectively manage the Group;
- Procuring that at least one-third of the Board shall comprise Independent Directors;
- Reviewing Board succession plans for Directors, in particular, the appointment and/or replacement of the Chairman, the Group CEO and key management personnel;
- Determining whether or not a Director is able to and has been adequately carrying out his/her duties as a Director of the Company, particularly when he/she has multiple board representations;
- Identifying and making recommendations to the Board as to which Directors are to retire by rotation and to be put forward for re-election at each Annual General Meeting (“AGM”) of the Company, having regard to each Director’s contribution and performance, including the Independent Directors;
- Review of training and professional development programmes for the Board;
- Determining whether a Director is independent as guided by the Code and any other salient factors; and
- Proposing a set of objective performance criteria to the Board for approval and implementation, to evaluate the effectiveness and performance of the Board as a whole, the Board Committees and the contribution of each Director to the effectiveness and performance of the Board.

The NC is responsible for identifying and recommending new Directors to the Board, after considering the necessary and desirable competencies. In selecting potential new Directors, the NC will seek to identify the competencies required to enable the Board to fulfil its responsibilities. In identifying suitable candidates for the appointment of new Directors, the NC will consider all relevant channels to recruit any new candidates including referrals from business partners, use of the service of external advisors to facilitate a search and also consider candidates with the appropriate qualifications and working experience from internal or external sources. After shortlisting the candidates, the NC shall consider and interview candidates on merit against objective criteria, taking into consideration whether the candidate can devote sufficient time and attention to the affairs of the Group. The NC will evaluate the suitability of the nominee or candidate based on his/her qualifications, business and related experience, commitment, ability to contribute to the Board’s processes and such other qualities and attributes that may be required by the Board. In recommending a candidate for re-appointment to the Board, the NC considers, amongst other things, his/her contributions to the Board (including attendance and participation at meetings, time and effort accorded to the Group’s business and affairs), his/her independence, his/her other board appointments and principal occupation and commitments outside of the Group, and any other factors as may be deemed relevant by the NC.

The employment of persons who are related to the Directors or controlling Shareholders is also subject to the approval of the NC.

CORPORATE GOVERNANCE REPORT

The Company's Constitution requires that all Directors retire at the first AGM of the Company and one-third of the Board retires from office at every subsequent AGM. Accordingly, the NC has recommended that Ong Beng Chye and Kelvin Lim Ching Song be nominated for re-election at the forthcoming AGM. The Board has accepted the NC's recommendations.

Each member of the NC shall abstain from voting on any resolutions in respect to his re-nomination as a Director. There is no alternate Director being appointed to the Board.

For the financial year under review, the NC, having considered Provision 2.1 of the Code, is of the view that the Independent Directors of the Company are independent and are able to exercise judgment on the corporate affairs of the Group independent of Management.

In considering whether an Independent Director who has served on the Board beyond nine (9) years is still independent, the Board has taken into consideration the following factors:

- the attendance, active participation and ability to express his views independently and present constructive challenges on issues, in the proceedings and decision-making process of the Board and Board Committee meetings;
- has demonstrated strong independence and judgement over the years in discharging their duties and responsibilities as an Independent Director; and
- has expressed individual viewpoints, debated issues and objectively scrutinised and challenged the management where necessary

In this regard, the NC has conducted a rigorous review of the suitability of Ong Beng Chye and Joseph Tan Peng Chin being the Independent Director who would have served on the Board beyond nine (9) years and has determined that Ong Beng Chye and Joseph Tan Peng Chin remains independent. Ong Beng Chye and Joseph Tan Peng Chin had abstained from voting on any resolution in respect of their own appointment. In addition, the NC is of the view that Ong Beng Chye and Joseph Tan Peng Chin are independent (as defined in the Code) and are able to exercise judgement on the corporate affairs of the Group and independence of the Management.

Newly appointed Directors receive appropriate training, if required. The Group provides background information about its history, mission and values to its Directors. In addition, Management regularly updates and familiarises the Directors on the business activities of the Group during Board meetings. Upon appointment, a new Director receives a brief on the Director's duties, responsibilities and disclosure obligations as a Director. He is also briefed on key disclosure duties and statutory obligations. Despite some of the Directors having other Board representations, the NC is satisfied that these Directors are able to and have adequately carried out their duties as Directors of the Company. Currently, the Board has not determined the maximum number of listed Board representations which any Director may hold. The NC and the Board will review the requirement to determine the maximum number of listed Board representations as and when it deems necessary.

The Company does not have any alternate Directors as the Board does not encourage the appointment of alternate Directors unless it is in exceptional cases.

The key information regarding Directors such as academic and professional qualifications, Board Committees served, directorships or chairmanships both present and past held over the preceding three years in other listed companies and other major appointments, whether the appointment is executive or non-executive are set out on page 55 of this Annual Report.

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board Committees and individual Directors.

In line with the principles of good corporate governance, the NC has adopted a process to evaluate the effectiveness and performance of the Board as a whole, the Board Committees and individual self-assessment to assess each Director's contribution to the Board's effectiveness and performance. The performance criteria for the Board evaluation includes an evaluation of the size and composition of the Board, the Board's access to information, accountability, Board processes,

CORPORATE GOVERNANCE REPORT

Board performance in relation to discharging its principal responsibilities, communication with Management and standards of conduct of the Directors. This encourages constructive feedback from the Board and leads to an enhancement of its performance over time.

The effectiveness and performance of the Board, Board Committees and contribution by each Director is assessed annually, the results of the evaluations will be collated by the Company Secretary and the findings analysed and discussed with the Board and Board Committees. Recommendations to further enhance the effectiveness and performance of the Board and Board Committees will be implemented, as appropriate.

The Board is of the view that it has satisfactorily met its performance objectives for FY2022. No external facilitator was engaged in the evaluation process.

(B) REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No director is involved in deciding his or her own remuneration.

The RC comprises two (2) Independent Directors and one (1) Non-Executive Director, where the majority of whom, including the RC Chairman is independent, as follows:

Remuneration Committee

Joseph Tan Peng Chin (Chairman)
Ong Beng Chye
Chan Tien Lok

Based on the terms of reference approved by the Board, the principal functions of the RC are:

- Reviewing and recommending to the Board for endorsement, the service contracts and remuneration packages of the Executive Director and key management personnel;
- Reviewing the appropriateness of compensation for the Non-Executive Director and Independent Directors, taking into account factors such as his effort, time spent and responsibilities including but not limited to, his Director's fees, allowances, share options and performance shares;
- Overseeing the general compensation of employees of the Group with a goal to motivate, recruit and retain employees through competitive compensation and progressive policies;
- Reviewing and administering the award of performance shares and/or share options to Directors and employees under the employee performance share plan and/or employee share option scheme adopted by the Company; and
- Carrying out other duties as may be agreed by the RC and the Board, subject always to any conditions that may be imposed upon the RC by the Board from time to time.

The RC is established for the purpose of ensuring that there is a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual Directors. The overriding principle is that no Director should be involved in deciding his or her own remuneration. It has adopted written terms of reference that defines its membership, roles and functions and administration.

No Director is involved in deciding his own remuneration, except in providing information and documents if specifically requested by the RC to assist in its deliberations.

The RC has full authority to engage any external professional advice on matters relating to remuneration as and when the need arises. The expense of such services shall be borne by the Company. There were no remuneration consultants engaged by the Company in FY2022.

CORPORATE GOVERNANCE REPORT

In reviewing the service contracts of the Executive Director and key management personnel, the RC will review the Company's obligations arising in the event of termination of these service contracts, to ensure that such service contracts contain fair and reasonable termination clauses which commensurate with industry norms and their past contributions. The RC aims to be fair and avoid rewarding poor performance.

LEVEL AND MIX OF REMUNERATION

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

The RC will take into account the industry norms, the Group's performance as well as the contribution and performance of each Director when determining remuneration packages.

The Executive Director does not receive Director's fees. The remuneration for the Executive Director and key management personnel comprises a fixed and variable component. The variable component is performance related and is linked to the Group's performance as well as the performance of each individual Executive Director and key management personnel, with a view to align the interests of the Executive Director and the key management personnel with those of Shareholders.

In structuring and reviewing the remuneration packages, the RC seeks to align the interests of Directors and key management personnel with those of Shareholders by linking rewards to corporate and individual performance, as well as to commensurate with the roles and responsibilities of each of them. The RC reviews the remuneration received by the Executive Director and Group CEO against the financial performance of the Group. The Executive Director and Group CEO reviews the remuneration of key management personnel against the staff remuneration guidelines to ensure that their remuneration packages are in line and commensurate with their respective job scope and responsibilities. The RC is satisfied that the performance conditions for the Executive Director and Group CEO and key management personnel for FY2022 were met.

On 27 May 2014, the Company entered into a service agreement with the Executive Director and Group CEO, Kelvin Lim Ching Song for an initial period of three years ("**Initial Term**") with effect from the date of admission of the Company to Catalist and thereafter for such period as the Board may decide. Since the last renewal on 28 May 2017, the service agreement with Kelvin Lim Ching Song has been further renewed for 3 years commencing from 28 May 2020 and continue to have effect and binding on the parties unless and until it is terminated according to the terms of the service agreement. Kelvin Lim Ching Song would be paid a monthly basic salary and shall be entitled to an annual performance bonus based on the terms and conditions stipulated in his service agreement and the Group's audited consolidated profit before tax (after deducting profit before tax attributable to minority interests) and before deducting the Performance Bonus of the Group ("**NPBT**") as follows:

NPBT	Performance Bonus
NPBT above S\$400,000 and up to S\$800,000	5.0% of the NPBT
NPBT more than S\$800,000	10.0% of the NPBT

The remuneration package, including the Performance Bonus of the Executive Director and Group CEO, Kelvin Lim Ching Song, shall be subject to review by the RC.

Performance conditions such as the financial performance and operations of the Group, as well as any other business objectives such as adherence to corporate values which may from time to time be determined by the Board are used to determine the short-term incentive schemes employed on the remuneration of the Executive Director and Group CEO and key management personnel. In addition, the Company has adopted the IPS Securex Employee Share Option Scheme ("**IPS Securex ESOS**") and IPS Securex Performance Share Plan ("**IPS Securex PSP**").

The Executive Director and Group CEO, Non-Executive Director, Independent Directors and key management personnel are eligible to participate in the IPS Securex ESOS and IPS Securex PSP.

The Non-Executive Director and Independent Directors receive Directors' fees in accordance with their contributions, taking into account factors such as effort and time spent, responsibilities of the Directors and the need to pay competitive fees to attract, retain and motivate them. The Independent Directors shall not be over-compensated to the extent that

CORPORATE GOVERNANCE REPORT

their independence may be compromised. The Directors' fees are endorsed by the RC and recommended by the Board for Shareholders' approval at the AGM of the Company. The IPS Securex ESOS and the IPS Securex PSP are employed as long-term incentive schemes in the remuneration of the Executive Director and Group CEO and key management personnel, and is designed to reward, retain and motivate employees to achieve superior performance and to align the interests of employees with Shareholders. The performance conditions used to determine entitlements under the IPS Securex ESOS and the IPS Securex PSP include specific performance including but not limited to, sustained profit growth, market share, tenure of employment, as well as, the prevailing economic conditions. As at the date of this Annual Report, no share options or awards have been granted under the IPS Securex ESOS and the IPS Securex PSP, respectively.

The remuneration of employees related to the Directors and controlling Shareholders (if any), will also be reviewed annually by the RC to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their job scopes and responsibilities. Any bonuses, increments and/or promotions for these related employees will also be subject to the review and approval of the RC. In the event that a member of the RC is related to the employee under review, he will abstain from participating in the review.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Director and Group CEO and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in reputational damage and/or financial loss to the Group. The Executive Director and Group CEO and key management personnel owe a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the Executive Director and Group CEO and key management personnel in the event of such breach of their fiduciary duties. The Company has in place other oversights described herein such as Whistle Blowing Policy and outsourced internal audit function as checks and balances to prevent the occurrence of such instances.

DISCLOSURE ON REMUNERATION

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

A breakdown showing the level and mix of remuneration of Directors for FY2022 is set out below:

Name of Director	Salary	Bonus	Director's Fees	Allowances and Other Benefits	Total
	%	%	%	%	%
<u>Above S\$250,000 and below S\$500,000</u>					
Kelvin Lim Ching Song	94	-	-	6	100
<u>Below S\$250,000</u>					
Chan Tien Lok	-	-	100	-	100
Ong Beng Chye	-	-	100	-	100
Joseph Tan Peng Chin	-	-	100	-	100

The Group has only four (4) key management personnel (as defined in the Code) and who are not Directors or the Group CEO. The details of the remuneration of these four (4) key management personnel (as defined in the Code) of the Group (who are not Directors or the Group CEO) identified by the Group for FY2022 is set out below:

Key Management Personnel	Salary	Bonus	Director's fees	Allowances and Other Benefits	Total
	%	%	%	%	%
<u>Below S\$250,000</u>					
Lee Yeow Koon	80	3	-	17	100
Lee Siew Han ⁽¹⁾	71	3	12	13	100
Lee Chea Siang	53	-	-	47	100
Boey Teik Heng	76	-	-	24	100

Note:

(1) Lee Siew Han's director's fees were received from the Company's subsidiaries.

CORPORATE GOVERNANCE REPORT

For FY2022, the aggregate total remuneration paid to these four (4) key management personnel (who are not Directors or the Group CEO) amounted to S\$752,691.

There were no terminations, retirement or post-employment benefits granted to Directors and key management personnel other than the standard contractual notice period termination payment in lieu of service for FY2022.

There is an employee of the Group who is an immediate family member of the Company's Non-Executive Chairman, Chan Tien Lok. Peter Isaac Chan Khoon Lau is the son of Chan Tien Lok and whose remuneration did not exceed S\$100,000 in FY2022. The basis for determining the compensation of our related employees is the same as determining the compensation of other unrelated employees.

Name of Immediate Family Member	Salary	Bonus	Director's fees	Allowances and Other Benefits	Total
	%	%	%	%	%
Below S\$100,000					
Peter Isaac Chan Khoon Lau ⁽¹⁾	-	-	100	-	100

Note:

(1) Peter Isaac Chan Khoon Lau was appointed as a director of the Company's subsidiary, Securex GS Pte. Ltd. on 1 September 2018.

The Company does not have any employee who is an immediate family member of a Director or the Group CEO whose remuneration in FY2022 exceeded S\$100,000.

In view of confidentiality of the remuneration policies of the Company, the Board is of the opinion that it is in the best interests of the Group to disclose the remuneration of its Directors and key management personnel in salary bands.

The IPS Securex ESOS and the IPS Securex PSP will also provide eligible participants with an opportunity to participate in the equity of the Company and to motivate them towards better performance through increased dedication and loyalty.

(C) ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.

The Board is responsible for the overall internal controls framework, and acknowledges that the system of internal controls is designed to manage, rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. The internal controls in place will address the financial, operational, compliance and information technology risks, and the objectives of these controls are to provide reasonable assurance that there are no material financial misstatements or material loss and that Shareholders' investments and the Group's assets are safeguarded. As the Group continues to grow its business, the Board will continue to review and take appropriate steps to strengthen the Group's overall system of internal controls.

The Board and Management assume the responsibility of the risk management function. Management is responsible for designing, implementing and monitoring the risk management and internal control systems. Management reviews regularly the Group's business and operational activities to identify areas of significant risks as well as appropriate measures to control and mitigate these risks. Management reviews significant policies and procedures and highlight significant matters to the Board on a half-yearly basis.

Enterprise Risk Management

The Board is committed to ensuring that the Group has an effective and practical enterprise risk management ("ERM") framework in place to safeguard Shareholders' interests and the sustainability of the Company as well as provide a basis to make informed decisions having regard to the risk exposure and risk appetite of the Group. As such, the Board has

CORPORATE GOVERNANCE REPORT

commissioned BDO Advisory Pte Ltd ("IA") to facilitate the implementation of the ERM framework for the Group. The purpose of this exercise is to make recommendations on the processes to monitor key risks to the Group and to propose a reporting process by which the Audit Committee is kept updated on how on-going and new risks are being addressed by Management.

The Board relies on Management to monitor the day-to-day operations of the Group while subjecting key corporate decisions to Board approval. The Group's performance is monitored closely by the Board and any significant matters that may have an impact on its operating results are required to be brought to the immediate attention of the Board.

The Board and Management have also taken a strict stance towards avoiding any risks that might result in the Company and/or the Group breaching any relevant laws and/or regulations and risks that could adversely affect the reputation of the Company and/or the Group. Active efforts are also in place to manage risks, such as engaging third party insurers or having internal control procedures to better mitigate the likelihood of their occurrence. Internal audits will be conducted regularly to assess the on-going compliance with the established controls to address key risk areas, where applicable.

The Company is continually reviewing and improving the business and operational activities of the Group to take into account the risk management perspective. This includes reviewing management and manpower resources, updating work flows, processes and procedures to meet the current and future market conditions.

Risk assessment and monitoring

Based on the ERM framework, the nature and extent of the risks to the Group will be assessed regularly by key management personnel. A set of risk registers to document risks arising from this ERM exercise has also been established to document all key risks and the corresponding countermeasures and will be updated whenever new risks emerge or when there are applicable changes in the business environment.

During FY2022, the IA had conducted a risk workshop with the Group's key management personnel to obtain their assessment of the key risks to the Company. The various responses were consolidated and ranked according to the average rating for each risk identified.

Risk Reporting

Periodic Risk Reports

Periodic risk reports will be prepared by the Finance and Administration Director, to highlight any emerging risks or high risk issues to the AC on a timely basis. In addition, any new risks of significance will be assessed using prescribed risk templates and reported to the AC.

Annual Risk Reports

On an annual basis, a risk refresher will be performed within the Group to understand if there are any changes to the existing top risks identified and if there are any risks that require more detailed assessment. An annual risk report with the updated top risks of the Group will be compiled by the Finance and Administration Director and submitted to the AC.

Relying on the above risk reports and other reports from the IA and EA, the AC carried out assessments of the effectiveness of key internal controls during the year. Weaknesses in the internal controls or recommendations from the IA and EA to further improve the internal controls of the Group were reported to the AC. The AC will also follow up on the actions taken by Management and on the recommendations made by both the IA and EA.

Based on the work performed by both the IA and EA, the risk reports and assurance from the Executive Director and Group CEO and the Finance and Administration Director and the on-going review as well as the continuing efforts in enhancing controls and processes which are currently in place, the Board, with the concurrence of the AC, is of the opinion that there was no material weakness being identified and the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management systems are adequate and effective as at the date of this Annual Report.

CORPORATE GOVERNANCE REPORT

The Executive Director and Group CEO, the Chief Operating Officer and the Finance and Administration Director have assured the Board that:

- (a) The financial records have been properly maintained and the financial statements for FY2022 give a true and fair view in all material aspects, of the Group's operations and finances; and
- (b) The Group's internal control and risk management systems are adequate and operating effectively in all material aspects given its current business environment.

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

The AC comprises two (2) Independent Directors and one (1) Non-Executive Director, where the majority of whom, including the AC Chairman is independent, as follows:

Audit Committee

Ong Beng Chye (Chairman)
Joseph Tan Peng Chin
Chan Tien Lok

The AC is established to assist the Board with discharging its responsibility of safeguarding the Group's assets, maintaining adequate accounting records, and developing and maintaining effective systems of risk management and internal controls. The Board is of the opinion that at least 2 members of the AC possess the necessary accounting or related financial management qualifications, expertise and experience in discharging their duties.

The AC has written terms of reference, setting out their duties and responsibilities, which include the following:

- Reviewing the semi-annually consolidated financial statements of the Group and results announcements before submission to the Board for approval, focusing on, in particular, the relevance and consistency of accounting policies, significant financial reporting issues, recommendations and judgements made by the EA, and compliance with financial reporting standards, the Catalist Rules and any other statutory and regulatory requirements so as to ensure the integrity of the periodic consolidated financial statements of the Group and results announcements;
- Reviewing, with the EA and IA, the adequacy, effectiveness, independence, scope and results of the EA and IA function including their audit plans, scope of work, evaluation of the adequacy of internal controls and risk management systems, management letters on internal controls and Management's response, where applicable;
- At least annually, reviewing and reporting to the Board, the adequacy and effectiveness of the Group's internal controls addressing financial, operational, compliance and information technology risks and risk management systems prior to the incorporation of such results in the Annual Report;
- Reviewing the independence and objectivity of the EA and IA;
- Reviewing and discussing with the EA, and commissioning and reviewing the findings of internal investigations, if any, relating to any suspected fraud or irregularity, or failure of internal controls, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and soliciting for Management's response;
- Monitoring and reviewing the implementation of the EA's and IA's recommendations concurred with Management in relation to the adequacy and effectiveness of the Group's internal controls addressing financial, operational, compliance and information technology risks;
- Reviewing the co-operation given by Management to the EA and IA, where applicable;
- Making recommendations to the Board on proposals to Shareholders for the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the EA;

CORPORATE GOVERNANCE REPORT

- Making recommendations to the Board on proposals for the appointment, re-appointment, removal, remuneration and terms of engagement of the IA;
- Reviewing any interested person transactions falling within the scope of Chapter 9 of the Catalist Rules (if any);
- Reviewing potential conflicts of interests (if any) and to set out a framework to resolve or mitigate any potential conflicts of interests;
- Reviewing and recommending foreign exchange hedging policies, if any, to the Board for approval;
- Reviewing the policy and arrangements by which staff or any other person may, in confidence, raise concerns about possible improprieties on matters of business operations, financial reporting or any other matters and to ensure that arrangements are in place for the independent investigation of such matter and for appropriate follow-up;
- Reviewing the assurance from the Group CEO and the Finance and Administration Director on the financial records and financial statements;
- Investigating any matters within its terms of reference; and
- Undertaking generally such other functions and duties as may be requested by the Board or required by statute or the Catalist Rules and by such amendments made thereto from time to time.

Each member of the AC shall abstain from voting on any resolutions in respect of matters in which he is interested.

The AC has full access to and co-operation of the Management and has full discretion to invite any Director or key management personnel to attend the meetings and has reasonable resources to enable it to discharge its functions. The EA has unrestricted access to the AC.

In October 2015, the ACRA introduced the Audit Quality Indicators (“**AQIs**”) Disclosure Framework (“**Framework**”), which aims to equip AC with information that allows AC to exercise their professional judgements on elements that contribute to or are indicative of audit quality. The AQIs were further enhanced in August 2016 to provide AC with certain common yardsticks to facilitate comparison for audit quality. As part of ongoing efforts to raise audit quality, the AQIs Disclosure Framework was revised in January 2020 (“**Revised AQIs Framework**”) which comprises audit quality indicators such as audit hours, quality control, training, inspections and attrition rate to provide relevant and useful information to help AC in their evaluation of statutory auditors. Based on the AQIs set out in the Revised AQIs Framework, the AC has evaluated and is satisfied with the performance of the external auditors as well as the resolution for re-appointment of the external auditors.

The AC recommends to the Board on the proposals to Shareholders on the appointment, re-appointment and removal of the EA and approval of the remuneration of the EA. The AC has recommended to the Board the appointment of Messrs RSM Chio Lim LLP in place of the retirement of the existing external auditors, Messrs KPMG LLP, subject to the approval in forthcoming AGM of the Company. The Company confirms that Rule 712 and Rule 715(1) of the Catalist Rules have been complied with.

The AC has met with the EA and the IA without the presence of Management at least annually and as and when necessary, to review the adequacy of audit arrangement with emphasis on the scope and quality of their audit, the independence, objectivity and observations of the EA and IA for FY2022.

For FY2022, the fees that were charged to the Group by the EA for audit services were approximately S\$155,200 while the non-audit fees payable to the EA for FY2022 were approximately S\$18,200.

The AC considered the report from the EA, including their findings on the significant risks and audit focus areas. Significant matters that were discussed with Management and the EA have been included as Key Audit Matters (“**KAM**”) in the Independent Auditors’ Report for FY2022 from pages 65 to 66 of this Annual Report. In assessing the KAM, the AC took into consideration the approach and methodology applied as well as the reasonableness of estimates and key assumptions used. The AC concluded that Management’s accounting treatment and estimates in the KAM were appropriate.

CORPORATE GOVERNANCE REPORT

The AC is kept updated on new changes to the accounting and financial reporting standards by the EA during the year. The AC does not comprise former partners or directors of the Company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

WHISTLE BLOWING POLICY

The Group has implemented a whistle blowing policy whereby accessible channels are provided for employees and external parties to raise concerns about possible improprieties on matters of financial reporting or other matters which they become aware and to ensure that:

- Independent investigations are carried out in an appropriate and timely manner;
- Appropriate action is taken to correct the weakness in internal controls and policies which allowed the perpetration of fraud and/or misconduct and to prevent a recurrence; and
- Administrative, disciplinary, civil and/or criminal actions that are initiated following the completion of investigations are appropriate, balanced, fair and made in good faith, while providing reassurance that employees will be protected from reprisals or victimisation for whistle blowing in good faith and without malice.

The Group also ensures that the identity of the whistleblower is kept private and strictly confidential and the Group is committed to ensure protection of the whistleblower against detrimental or unfair treatment. The AC is responsible for oversight and monitoring of whistleblowing.

As of the date of this Annual Report, there were no reports received through the whistle blowing mechanism.

INTERNAL AUDIT FUNCTION

The Board recognises that it is responsible for maintaining a system of internal controls to safeguard Shareholders' investments and the Group's businesses and assets while the Management is responsible for establishing and implementing the internal control procedures in a timely and appropriate manner. The role of the IA is to assist the AC in ensuring that the controls are effective and functioning as intended, to undertake investigations as directed by the AC and to conduct regular in-depth audits of high risk areas.

The size of the operations of the Group does not warrant the Group having an in-house internal audit function at this juncture. The Company has therefore appointed BDO Advisory Pte Ltd, an external risk advisory consultancy firm to undertake the functions of an IA for the Group. The AC approves the appointment, re-appointment, termination, evaluation and remuneration of its outsourced IA. The IA has unfettered access to all the Group's documents, records, properties and personnel including access to the AC. The IA reports directly to the AC on all internal audit matters.

BDO Advisory Pte Ltd is an international auditing firm and they perform their work based on the BDO Internal Audit Methodology which references the International Standards for the Professional Practice of Internal Auditing established by the Institute of Internal Auditors.

The AC reviews and approves the internal audit plan submitted by the IA. The IA reports to the AC any significant weaknesses and risks identified in the course of internal audits conducted on an on-going basis. Recommendations to address control weaknesses are further reviewed by the IA based on implementation dates agreed with Management.

The AC has reviewed the effectiveness of the IA and is satisfied that the IA is independent and adequately resourced to perform its function effectively and has the appropriate standing within the industry. The AC is also satisfied that the internal audit function is effective and staffed by suitably qualified and experienced professionals with the relevant experience.

As part of the terms of reference of the AC as set out above, the AC also reviews, at least annually, the adequacy and effectiveness of the internal audit function.

CORPORATE GOVERNANCE REPORT

(D) SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Company does not practice selective disclosure. In line with continuous obligations of the Company under the Catalist Rules and the Companies Act 1967 of Singapore, the Board's policy is that all Shareholders should equally and on a timely basis be informed of all major developments that impact the Group via SGXNet.

Accountability to Shareholders is demonstrated through the presentation of the Group's periodic and annual financial statements, results announcements and all announcements on the Group's business and operations. In this respect, the AC reviews all periodic and annual financial statements, results announcements and all announcements on the Group's business and operations, and recommends them to the Board for approval.

The Management provides the Board with appropriately detailed management accounts of the Group's performance, position and prospects on a periodic basis and when deemed appropriate by particular circumstances. In line with the Catalist Rules, the Board provides a negative assurance statement to Shareholders in respect of the periodic financial statements. For the financial year under review, the Executive Director and Group CEO, Chief Operating Officer and the Finance and Administration Director have provided assurance to the Board on the integrity of the Group's financial statements.

Management maintains regular contact and communication with the Board by various means including the preparation and circulation to all Board members of periodic and full year financial statements of the Group. This allows the Board to monitor the Group's performance and position as well as the Management's achievements of the goals and objectives determined and set by the Board.

Shareholders are encouraged to attend the Company's general meetings to ensure a high level of accountability and to stay informed of the Group's business activities, financial performance and other business-related matters. Notice of the general meetings are dispatched to Shareholders, together with explanatory notes or a circular on items of special businesses (if necessary), at least 14 clear calendar days before the meeting. Shareholders are informed of general meetings through the announcements released to the SGXNet and notices contained in the Annual Report or circulars sent to all Shareholders. These notices are also advertised in a national newspaper as may be required in accordance with the Company's Constitution. Shareholders are also informed on the procedures for the poll voting at general meetings.

The Board welcomes questions from Shareholders who wish to raise issues, either informally or formally before or during the general meetings.

Each item of special business included in the notice of the general meetings will be accompanied by an explanation of the proposed resolution. Separate resolutions are proposed for each substantially separate issue at general meetings. The Company will put all resolutions to vote by poll and make an announcement of the detailed results showing the number of votes cast for and against each resolution together with the respective percentages. The poll voting procedures are clearly explained by the scrutineers at such general meetings.

All Directors, including the Chairman of the Board and the respective Chairman of the AC, NC and RC, as well as the EA are intended to be present at the forthcoming AGM to address any relevant queries by Shareholders.

All Shareholders are entitled to attend and participate in the general meetings. If any Shareholder is unable to attend, he/she is allowed to appoint up to two proxies to vote on his/her behalf at the general meetings through proxy forms sent in advance. The Company's Constitution does not include the nominee or custodial services to appoint more than two proxies. On 3 January 2016, the legislation was amended, among other things to allow certain members, who are "relevant intermediaries" as defined under Section 181(6) of the Companies Act 1967 of Singapore, are allowed to appoint more than two proxies to attend and vote on their behalf at general meetings.

CORPORATE GOVERNANCE REPORT

Voting by absentia by mail, facsimile or email is currently not provided in the Company's Constitution as such voting methods would need to be cautiously studied for its feasibility to ensure that the integrity of the information and the authenticity of the Shareholder's identity is not compromised.

The Company will publish the minutes of general meetings of shareholders on the SGX website via SGXNet within one month from the date of AGM. The minutes record substantial and relevant comments or queries from Shareholders relating to the agenda of the general meetings and responses from the Board and Management.

In view of the COVID-19 situation, the AGM held in respect of FY2021 was convened and held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "**Alternative Arrangements**") and the joint statement that was issued on 13 April 2020, and subsequently updated on 27 April 2020 and 1 October 2020, by the Monetary Authority of Singapore, the ACRA and the Singapore Exchange Regulation to provide guidance on the conduct of general meetings during the period when elevated safe distancing measures were in place. In view of these developments, general meetings which are held beyond 30 June 2021 could be held via electronic means, and were encouraged to do so. The Alternative Arrangements relating to attendance at the AGM via electronic means i.e. live audiovisual webcast or live audio-only stream, submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions prior to or at the AGM (if any) and appointing the Chairman of the Meeting as the Proxy at the AGM, were in place.

With the "Regulator's Column: Live engagement and voting expected at all AGMs for FYs ending 30 June 2022 or after" issued by the Singapore Exchange Regulation on 23 May 2022, the Company's AGM for FY2022 will be held physically to provide Shareholders the opportunity to have "live" engagement with the Board and vote at the AGM. Please refer to the Notice of AGM for further details.

The Company does not have a formal dividend policy. The form, frequency and amount of dividends declared each year will take into consideration the Group's profit growth, cash position, cash flow generated from operations, projected capital requirements for the business growth and other factors as the Board may deem appropriate.

For FY2022, the Board did not recommend any payment of dividends in light of the need to conserve cash due to the uncertain economy caused by the COVID-19 pandemic which is still rapidly evolving and surging in many parts of the world, inflation and geopolitical risks.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

The Company believes in high standards of transparent corporate disclosure and is committed to disclose information to Shareholders in a timely and fair manner via SGXNet. Where there is inadvertent disclosure made to a selected group, the Company will make the same disclosure publicly to all others as soon as practicable.

The information is disseminated to Shareholders on a timely basis through:

- Annual Report prepared and issued to all Shareholders. The Board ensures that the Annual Report includes all relevant information about the Company and the Group, including future developments and other disclosures required including those under the Companies Act 1967 of Singapore, Catalist Rules and Singapore Financial Reporting Standards (International);
- Periodic announcements containing a summary of the financial information and affairs of the Group for the relevant period;
- Press releases on major developments of the Group;
- Notices of explanatory memoranda for AGMs and extraordinary general meetings ("**EGMs**"). Notices of AGMs and EGMs are also advertised in a national newspaper; and

CORPORATE GOVERNANCE REPORT

- The Company's website at <http://www.ips-securex.com> to at which Shareholders can access financial information, corporate announcements, press releases, Annual Reports and profile of the Group.

By supplying Shareholders with reliable and timely information, the Company is able to strengthen the relationship with its Shareholders based on trust and accessibility. The Company has engaged Cogent Media Pte Ltd as the Group's investor relations firm ("IR") who will focus on facilitating communications with Shareholders, analysts and media on a regular basis, to attend to their queries or concerns as well as to keep the investing public apprised of the Group's corporate developments and financial performance.

To enable Shareholders to contact the Company easily, the contact details of the IR personnel are set out in the corporate information page of the Annual Report as well as on the Company's website. The IR personnel have procedures in place for responding to investors' queries as soon as applicable. We provide financial performance and business development updates to the investment community through one-to-one meetings, analysts briefings, conference calls, corporate day events and media interviews.

The Company does not practice selective disclosure. Price-sensitive information is publicly released on an immediate basis where required under the Catalist Rules through SGXNet.

(E) MANAGING STAKEHOLDERS RELATIONSHIPS

ENGAGEMENT WITH STAKEHOLDERS

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

The Company acknowledges the importance of establishing effective communication among its stakeholders through regular engagement and various communication platforms to achieve mutually beneficial goals. Ongoing communication with stakeholders is an integral part of the Company's day-to-day operations.

The Company has identified several stakeholders' groups, namely, suppliers, customers, employees, business partners, the Board and Shareholders, who could impact the Group's business and operations. The Company's approach to the engagement with key stakeholders and material aspects assessment are disclosed in the Company's Sustainability Report on page 26 of the Annual Report, where the Company could address its sustainability risk profile and priority issues and monitor the risk profile on a regular basis to ensure the best interest of the Company.

The Company maintains a corporate website at <http://www.ips-securex.com> to communicate and engage with stakeholders. The Company's financial information, corporate announcements, press releases, Annual Reports and profile of the Group can be accessed through the Company's website.

(F) CORPORATE SOCIAL RESPONSIBILITY

For FY2022, the Board has reviewed and considered the primary components of sustainability reporting which include:

- (i) Identifying material Economic, Environmental, Social and Governance ("EESG") factors;
- (ii) Setting out the Group's policies, practices and performance in relation to each identified material EESG factor;
- (iii) Setting out targets for the forthcoming year in relation to each EESG factor identified; and
- (iv) Selecting a suitable sustainability reporting framework for reporting and disclosure guidance that is appropriate for the Group's industry and business model.

Please refer to our Sustainability Report on pages 23 to 33 of the Annual Report.

CORPORATE GOVERNANCE REPORT

(G) DEALING IN COMPANY'S SECURITIES

Rule 1204(19) of the Catalyst Rules

The Company has complied with Rule 1204(19) of the Catalyst Rules in relation to dealings in the Company's securities by the Company, its Directors and its officers.

The Company has adopted a Code of Best Practices to provide guidance to its Directors and all staff of the Group with regards to dealings in the Company's securities.

The Company, its Directors and its officers are not allowed to deal in the Company's securities during the period commencing one month before the announcement of the Company's periodic and annual financial statements and ending on the date of the announcement of the relevant results.

Directors and staff are also required to adhere to the provisions of the Securities and Futures Act 2001 of Singapore, Companies Act 1967 of Singapore, the Catalyst Rules and any other relevant regulations with regards to their securities transactions. They are expected to observe insider-trading laws at all times even when dealing with securities within the permitted trading period or when they are in possession of unpublished price-sensitive information and they are not to deal in the Company's securities on short-term considerations.

(H) INTERESTED PERSON TRANSACTIONS

Rule 907 of the Catalyst Rules

The Company has established internal control policies in respect of any transaction with an interested person, which sets out the procedures for review and approval of such transaction.

All interested person transactions will be documented and submitted in a timely manner to the AC for their review to ensure that such transactions are carried out on an arm's length basis and on normal commercial terms that will not be prejudicial to the Company and its minority Shareholders.

The AC has reviewed the following significant transactions entered into by the Company with its interested persons for FY2022 in accordance with its existing procedures:-

	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders'
Provision of group services (such as finance, corporate secretarial, human resources, warehouse operation cost and rental expense) by:-	FY2022 S\$
IPS Realty Pte Ltd	216,000
IPS Group Pte. Ltd.	77,634

The Board is of the view that the services above were not conducted on arm's length basis and were not based on normal commercial terms but were beneficial to the Group and were not prejudicial to the interests of the Group or the Company's minority Shareholders as they allowed the Group to leverage off the expertise of IPSR and IPSG for the group services under a cost-effective arrangement. Please refer to the section entitled "Interested Person Transactions – Present and On-going Interested Person Transactions" of the Company's offer document dated 20 June 2014 in relation to its initial public offering on the Catalyst of the SGX-ST on 30 June 2014 for further details on the provision of group services by IPSG to the Group.

The Company does not have any Shareholders' mandate for interested person transactions pursuant to Rule 920 of the Catalyst Rules.

CORPORATE GOVERNANCE REPORT

(II) MATERIAL CONTRACTS AND LOANS

Rule 1204(8) of the Catalist Rules

The Company confirms that save for the service agreement between the Company and the Executive Director and Group CEO, Kelvin Lim Ching Song, and as disclosed in the Report of Directors and the Financial Statements in this Annual Report, there were no other material contracts of the Company and its subsidiaries involving the interests of the Group CEO or any Director or controlling Shareholder of the Company, either subsisting at the end of the financial year or if not then subsisting, which were entered into since the end of the previous financial year.

(J) NON-SPONSOR FEES

Rule 1204(21) of the Catalist Rules

Pursuant to Rule 1204(21) of the Catalist Rules, there were no non-sponsor fees payable to the Company's sponsor, United Overseas Bank Limited, for FY2022.

DIRECTORS' STATEMENT

We are pleased to submit this annual report to the members of the Company together with the audited financial statements for the financial year ended 30 June 2022.

In our opinion:

- (a) the financial statements set out on pages 69 to 119 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2022 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International); and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

Directors

The directors in office at the date of this statement are as follows:

Chan Tien Lok
Kelvin Lim Ching Song
Ong Beng Chye
Joseph Tan Peng Chin

Directors' interests

According to the register kept by the Company for the purposes of Section 164 of the Act, particulars of interests of directors who held office at the end of the financial year (including those held by their spouses and children) in shares, debentures, warrants and share options in the Company and related corporations (other than wholly-owned subsidiaries) are as follows:

Name of director and corporation in which interests are held	Shareholdings registered in name of directors		Shareholdings in which directors are deemed to have an interest

Chan Tien Lok	2,080,000 ⁽¹⁾	2,080,000 ⁽¹⁾	–	–

(1) By virtue of Section 7 of the Companies Act, Chan Tien Lok is deemed to have an interest in the Company and all the related corporations of the Company at the beginning and end of financial year.

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

DIRECTORS' STATEMENT

There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 July 2022.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Share options and share-based incentive

The Company has adopted the IPS Securex Performance Share Plan (the "PSP") and the IPS Securex Employee Share Plan Option Scheme (the "ESOS") which were approved by the shareholders at an Extraordinary General Meeting held on 29 May 2014.

- (i) The PSP and the ESOS are administered by the remuneration committee whose members are Joseph Tan Peng Chin, Ong Beng Chye and Chan Tien Lok (the "Committee").
- (ii) Both the PSP and the ESOS will continue to be in force at the discretion of the Committee subject to a maximum period of 10 years commencing on the date that the PSP and the ESOS were adopted by the Company in the general meeting. However, the PSP and the ESOS may continue beyond the above stipulated period with the approval of shareholders by ordinary resolution in the general meeting and of any relevant authorities that may then be required.
- (iii) The total number of new shares which may be issued or shares which may be delivered pursuant to awards granted under the PSP or options granted under the ESOS, when added to the total number of new shares issued and issuable in respect of:
 - all awards granted under the PSP;
 - all options granted under the ESOS; and
 - all shares, options, or awards granted under such share-based incentive schemes of the Company then in force, shall not exceed 15.0% of the issued capital of the Company (including treasury shares) on that day preceding the relevant date of award.
- (iv) The PSP awards participants fully paid shares free of charge, upon the participant achieving prescribed performance targets which will be set by the Committee depending on each individual participant's job scope and responsibilities.
- (v) The options under the ESOS may have exercise prices that are, at the Committee's discretion, which may be at market price or discount to the market price. The options which are at market price may be exercised after the first anniversary of the date of grant of the option while the options exercisable at a discount to the market price may only be exercised after the second anniversary from the date of grant of the option. The options granted under the ESOS will expire upon the tenth anniversary of the date of grant of the option.
- (vi) During the year, no awards and options have been granted by the Company or its subsidiary corporations during the financial year.
- (vii) There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiary corporations.
- (viii) There were no unissued shares of the Company or of its subsidiary corporations under options as at the end of the financial year.

DIRECTORS' STATEMENT

Audit Committee

The members of the Audit Committee of the Company, comprise the Independent Directors, Ong Beng Chye (Chairman), Joseph Tan Peng Chin (Member) and Chan Tien Lok (Member). The Audit Committee has met thrice since the last Annual General Meeting ("AGM"), and has reviewed the following, where relevant, with the executive directors and the external and internal auditors of the Company:

- (a) The audit plans, scope of work, evaluation of the adequacy of the internal controls, audit reports, significant matters impacting the financial statements (including the key audit matters and the accounting principles and judgement of items as adopted by management for those significant matters), management letters on internal controls and management response;
- (b) The adequacy and effectiveness of the Group's internal controls addressing financial, operational and compliance risks prior to the incorporation of such results in the annual report;
- (c) The Group's financial and operating results and accounting policies;
- (d) The financial statements of the Company and the consolidated financial statements of the Group before their submission to the directors of the Company and external auditors' report on those financial statements;
- (e) The periodic and annual announcements as well as the related press releases on the results and financial positions of the Company and the Group;
- (f) The co-operation and assistance given by the management to the Group's external and internal auditors;
- (g) Interested person transactions falling within the scope of Chapter 9 of the Listing Manual, Section 8: Rules of Catalyst of the Singapore Securities Trading Limited and other relevant statutory requirements and any potential conflicts of interests; and
- (h) The re-appointment of the external and internal auditors of the Group.

The Audit Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors have unrestricted access to the Audit Committee.

Auditors

The retiring auditors, Messrs KPMG LLP, will not be seeking re-appointment. Messrs RSM Chio Lim LLP has been nominated to be the auditor for the ensuing year. The appointment of Messrs RSM Chio Lim LLP is subject to shareholders' approval at the forthcoming 2022 Annual General Meeting.

INDEPENDENT AUDITORS' REPORT

Members of the Company
IPS Securex Holdings Limited

Report on the audit of the financial statements

Opinion

We have audited the financial statements of IPS Securex Holdings Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 30 June 2022, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 69 to 119.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the 'Auditors' responsibilities for the audit of the financial statements' section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of trade receivables and contract assets (Refer to Note 9 of the financial statements)

Risk:

As at 30 June 2022, trade receivables due from customers and contract assets amounted to 23% of the Group's total assets. The recoverability of the Group's trade receivables and contract assets requires significant judgement and estimates. Judgement is required in determining when a trade receivable or a contract asset is credit-impaired which includes consideration of customers' past payment trends, relevant industry conditions and observable data such as significant financial difficulty of the customer and breach of contract by the customer. In estimating expected credit losses for trade receivables and contract assets, judgement is made to determine if past credit loss information reflect the appropriate levels of credit risk of the trade receivables and contract assets, and if additional adjustments are required to be made to the expected credit losses ("ECL") estimate.

Our response:

We tested that ageing profile of trade receivables and reviewed management's assessment of the recoverability of individually significant trade receivables and contract assets by challenging management's assumptions taking into account information such as past repayment patterns (including repayment progress on those customers with instalment repayment plans) and cash received subsequent to the year end from customers.

We tested the Group's measurement of the ECL arising from trade receivables (excluding the credit-impaired trade receivables) and contract assets by obtaining an understanding on the data and assumptions of the ECL model adopted by management. As part of our test, we compared the inputs used to derive the ECL rates against historical receivables collection data and considered if the rates derived reflects the Group's credit risk exposure. We reviewed the Group's estimate of the forward-looking overlay applied to the ECL model taking into account our understanding of the Group's sector exposures, customer segmentation and Singapore economic factors.

INDEPENDENT AUDITORS' REPORT

Members of the Company
IPS Securex Holdings Limited

Our findings:

We found management's estimate of ECL on trade receivables and contract assets reflects the status of individually significant credit-impaired balances, and the relevant inputs used in the ECL calculation to be within range of estimates used in our evaluation.

Valuation of investment in subsidiaries and amounts due from subsidiaries (Refer to Note 5 and Note 23 of the financial statements)

Risk:

Management has identified the existence of impairment indicators on the carrying amount of the Group's investment in its wholly-owned subsidiary, Securex GS Pte. Ltd. ("Securex GS"), given the subsidiary's financial position and uncertain economic conditions. Consequently, management conducted an impairment assessment on its investment in Securex GS which involved a comparison of the carrying amount of investment in subsidiary to its recoverable amount determined using the value-in-use method.

Forecasting future cash flows is a judgemental process which involves making assumptions on revenue growth rates, profit margins and asset residual values and determining the appropriate discount rate. As such, the recoverable amount of investment in subsidiary is a key audit matter.

Our response:

We reviewed the key assumptions underlying the cash flow projection to derive the recoverable amount of the Company's investment in Securex GS. We compared the cash flow projection to management's budgets, prevailing industry trends, and available market information. We challenged management's assumptions and resulting estimation of the revenue growth rates, profit margins and asset residual values used in the cash flow projections by corroborating to past performance and/or relevant market data. We reviewed the reasonableness of the discount rate applied and assessed if it was derived based on comparable market data and contains relevant factors reflecting the current uncertainties and risks to the subsidiary.

Our findings:

We found key assumptions and resulting estimation by management to be in line with past performance and/or relevant market data, and are within the range of reasonable expectations. The discount rates used in the cash flow forecasts appropriately reflect the risks attributed to the subsidiary.

Other information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

Other than the Directors' Statement, which we have obtained prior to the date of this auditors' report, the other sections included in the Annual Report are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charge with governance and take appropriate actions in accordance with SSAs.

INDEPENDENT AUDITORS' REPORT

Members of the Company
IPS Securex Holdings Limited

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT

Members of the Company
IPS Securex Holdings Limited

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Tan Kar Yee, Linda.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 30 September 2022.

1 DOMICILE AND ACTIVITIES

IPS Securex Holdings Limited (the “Company”) is incorporated in the Republic of Singapore. The address of the Company’s registered office is 213 Henderson Road, #04-09 Henderson Industrial Park, Singapore 159553.

The financial statements of the Group as at and for the year ended 30 June 2022 comprise the Company and its subsidiaries (together referred to as the “Group” and individually as “Group entities”).

The principal activities of the Company are that of an investment holding company, business and management consultancy services, provision of services and trading of security products. The principal activities of the subsidiaries are disclosed in Note 5 to the financial statements.

2 BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) (SFRS(I)s). The related changes to significant accounting policies are described in Note 2.5.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise stated.

2.3 Functional and presentation currency

These financial statements are presented in Singapore dollars which is also the Company’s functional currency.

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Key sources of estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group believes the following critical accounting policies involved judgements and estimates used in the preparation of the financial statements.

Notes 4 – Valuation of plant and equipment

The Group assesses at each reporting period whether there are any indicators of impairment for plant and equipment. In performing its assessment, the Group considers the economic outlook relating to the entities as well as current financial performance and prospective financial information of the cash-generating unit. If any such indication exists, the recoverable amount of the cash-generating unit is estimated in order to determine the extent of the impairment loss, if any.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

2 BASIS OF PREPARATION (CONTINUED)

2.4 Use of estimates and judgements (Continued)

Key sources of estimation uncertainty (Continued)

Notes 4 – Valuation of plant and equipment (Continued)

When value-in-use calculations are undertaken to determine recoverable amount, management must estimate the expected future cash flows from the assets or cash-generating unit and choose a suitable discount rate and growth rate in order to compute the present value of those cash flows. The estimation of future cash flows requires judgement and the computed recoverable amount could change significantly if actual market conditions deviates from management's estimates and judgement.

Notes 9 and Note 23 – Valuation of trade receivables and contract assets

Trade receivables and contract assets balances are subjected to the expected credit loss model. Measurement of ECL allowance for trade receivables and key assumptions in determining the expected loss rate is disclosed in Note 23.

The Group evaluates whether there is any objective evidence that trade receivables and contract assets are impaired, and determine the amount of impairment loss as a result of the debtor's inability to make the required payments. The Group determines their estimates based on the ageing of the trade receivables balance, credit quality of the debtors and historical write-off experience. Judgement is exercised to determine the appropriate forward-looking factors to be used as an input into the ECL model.

Management's assessment of individually significant credit-impaired balance are based on currently available information and the actual recovery of these balances may defer from the estimates and judgement exercised.

Notes 8 – Valuation of inventories

The Group's inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale. The Group reviews annually its inventory levels in order to identify slow-moving and obsolete items which have a market price that is lower than its carrying amount and also considers the nature and use of such inventory items. The Group then estimates the amount of allowance for inventories required based on estimates from historical trends and expected utilisation of inventories. In addition, management's estimates of market selling price is based on their assessment of market conditions and competition. The actual amount of inventories write-offs could be higher or lower than the allowance made.

2.5 Changes in accounting policies

New standards and amendments

The Group has applied the following SFRS(I)s, amendments to and interpretations of SFRS(I) for the first time for the annual period beginning on 1 July 2021:

- *COVID-19-Related Rent Concessions (Amendments to SFRS(I) 16)*
- *Interest Rate Benchmark Reform – Phase 2 (Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7, SFRS(I) 4 and SFRS(I) 16)*
- *Insurance Contracts (SFRS(I) 17)*

The application of these amendments to standards and interpretations does not have a material effect on the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except as explained in Note 2.5 which addresses changes in accounting policies.

3.1 Basis of consolidation

Business combinations

Business combinations are accounted for using the acquisition method in accordance with SFRS(I) 3 *Business Combinations* as at the acquisition date, which is the date on which control is transferred to the Group.

The Group measures goodwill (if any) at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests (NCI) in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value on the acquisition date and is included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

NCI that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at NCI's proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the acquisition date. The measurement basis taken is elected on a transaction-by-transaction basis. All other NCI are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners and therefore no adjustments are made to goodwill and no gain or loss is recognised in profit or loss. Adjustments to NCI arising from transactions that do not involve the loss of control are based on a proportionate amount of the net assets of the subsidiary.

Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Where applicable, the accounting policies of subsidiaries have been changed to align them with the policies adopted by the Group.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of consolidation (Continued)

Acquisition from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative year presented or, if later, at the date that common control was established; for this purpose, comparatives are restated. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the Group controlling shareholder's consolidated financial statements. The components of equity of the acquired entities are added to the same components within Group equity and any gain or loss arising is recognised directly in equity.

Loss of control

When the Group loses control over a subsidiary, the Group derecognises the assets and liabilities of the subsidiary and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income or expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from intra-group transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

Subsidiaries in the separate financial statements

Investments in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses.

3.2 Foreign currencies

Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss.

Foreign operations

The assets and liabilities of foreign operations are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates at the dates of the transactions.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.2 Foreign currencies (Continued)

Foreign operations (Continued)

Foreign currency differences are recognised in other comprehensive income (OCI), and presented in the foreign currency translation reserve in equity. When a foreign operation is disposed of such that control is lost, the cumulative amount in the foreign currency translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to NCI.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation are recognised in OCI, and are presented in the foreign currency translation reserve in equity.

3.3 Financial instruments

Recognition and initial measurement

Non-derivative financial assets and liabilities

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Financial assets at amortised cost (Continued)

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial assets contains a contractual term that could change the timing and amount of contractual cash flows that would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument. Such financial liabilities are initially measured at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

The Group classifies non-derivative financial liabilities into the other financial liabilities category. Other financial liabilities comprise loans and borrowings and trade and other payables.

Derecognition

Financial assets

The Group derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Transferred assets are not derecognised when the Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand. For the purpose of the statement of cash flows, restricted cash pledged is excluded whilst bank overdrafts, if any, that are repayable on demand and that form an integral part of the Group's cash management are included in cash and cash equivalents.

Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Repurchase, disposal and reissue of share capital (treasury shares)

When share capital recognised as equity is repurchased, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is recognised as a deduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity, and the resulting surplus or deficit on the transaction is presented in non-distributable capital reserve.

Intra-group financial guarantees in the separate financial statements

Financial guarantees are financial instruments issued by the Company that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value and the initial fair value is amortised over the life of the guarantees. Subsequent to initial measurement, the financial guarantees are measured at the higher of the amortised amount and the amount of loss allowance.

Expected credit losses (ECLs) are a probability-weighted estimate of credit losses. ECLs are measured for financial guarantees issued as the expected payments to reimburse the holder less any amounts that the Company expects to recover.

3.4 Plant and equipment

Recognition and measurement

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain or loss on disposal of an item of plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Plant and equipment (Continued)

Subsequent costs

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of plant and equipment are recognised in profit or loss as incurred.

Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment, unless it is included in the carrying amount of another asset. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

Construction-in-progress relates to the construction of office systems and setting up of computer network. Depreciation is recognised from the date that the plant and equipment are installed and are ready for use.

The estimated useful lives for the current and comparative years are as follows:

Computers and office equipment	2 to 3 years
Furniture, fixtures and office renovation	3 to 5 years
Tools and equipment	3 to 5 years
Motor vehicles	5 to 10 years
Alert alarm systems	7 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.5 Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative standalone prices. However, for the leases of property-related assets the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

As a lessee (Continued)

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets that do not meet the definition of investment property in 'plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment and office and storage spaces. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

As a lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative standalone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Group recognises lease payments received from alert alarm systems under operating leases as income on a straight-line basis over the lease term as part of 'revenue'. See Note 3.9 for further information.

3.6 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined based on the first-in first-out principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

3.7 Impairment

Non-derivative financial assets and contract assets

The Group recognises loss allowances for expected credit losses (ECLs) on:

- financial assets measured at amortised costs; and
- contract assets (as defined in SFRS(I) 15).

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument or contract asset.

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables and contract assets. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

Non-derivative financial assets and contract assets (Continued)

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be in default when:

- the customer is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset remains outstanding beyond management's expected range of past due days taking into consideration past payment trends, macroeconomic and industry conditions.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor or issuer;
- a breach of contract such as a default (as defined above);

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

Non-derivative financial assets and contract assets (Continued)

Credit-impaired financial assets (Continued)

- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost and contract assets are deducted from the gross carrying amount of these assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

Non-financial assets

The carrying amounts of the Group's non-financial assets, other than inventories and contract assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The Group's corporate assets do not generate separate cash inflows and are utilised by more than one CGU. Corporate assets are allocated to CGUs on reasonable and consistent basis and tested for impairment as part of the testing of the CGU to which the corporate asset is allocated.

Impairment losses are recognised in profit or loss. An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a *pro rata* basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.8 Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which related services are rendered by employees.

3.9 Revenue

Sale of goods and rendering of services

Revenue from sale of goods and services in the ordinary course of business is recognised when the Group satisfies a performance obligation (PO) by transferring control of a promised good or service to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative standalone selling prices of the promised goods or services. The individual standalone selling price of a good or service that has not previously been sold on a standalone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable standalone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

Transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Group does not receive a separate identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue may be recognised at a point in time or over time following the timing of satisfaction of the PO. If a PO is satisfied over time, revenue is recognised over the course of the service reflecting the progress towards complete satisfaction of that PO.

A contract asset is recognised when the value of goods delivered or services rendered for a contract exceeds payments received from the customer. The contract asset is transferred to trade receivables when the entitlement to payment becomes unconditional.

A contract liability is recognised when the customer pays consideration before the Group recognises the related revenue. A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised.

A contract cost is recognised when costs had been incurred by the Group to fulfill future performance obligations. The Group will capitalise these as contract costs only if (a) these costs relate directly to a contract; (b) these costs generate or enhance resources of the Group that will be used in satisfying performance obligations in the future; and (c) these costs are expected to be recovered. Capitalised contract costs are subsequently amortised on a systematic basis as the Group recognises the related revenue.

The classification of a contract asset, contract cost and contract liability is determined on a contract-by-contract basis.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.9 Revenue (Continued)

Rental income

Rental income receivable under operating leases is recognised in profit or loss on a straight-line basis over the term of the lease in accordance with SFRS(I) 16 *Leases*. Lease incentives granted are recognised as an integral part of the total rental income to be received. Contingent rentals are recognised as income in the accounting period in which they are earned.

At the inception of an arrangement, the Group determines if (i) the fulfilment of the arrangement is dependent on the use of the leased equipment and (ii) the arrangement assigns a right to the customer to use the equipment.

In the assessment of the criteria, the Group considered the following:

- Whether there is transfer of ownership of the equipment to the customer either during or at the end of the lease term.
- Whether the customer has purchase options to acquire the equipment at the end of the lease and if, at inception, it is reasonably certain that the options will be exercised.
- Whether the lease term is shorter than or forms a major part of the economic useful life of the equipment.
- Whether the present value of the minimum lease payments is less than or substantially all of the fair value of the equipment.
- Whether the leased equipment is of a specialised nature.

3.10 Government grants

Government grants are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant. Grants that compensate the Group for expenses incurred are recognised in profit or loss as 'other income' on a systematic basis in the same periods in which the expenses are recognised. In this case, the grant is recognised when it becomes receivable.

3.11 Finance income and finance costs

The Group's finance income and finance costs include:

- interest income;
- interest expense; and
- the foreign currency gain or loss on financial assets and financial liabilities.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.11 Finance income and finance costs (Continued)

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

3.12 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any.

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.13 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.14 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's CEO (the chief operating decision maker) to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group's CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly head office expenses and income, and tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire plant and equipment.

3.15 New standards and interpretations not adopted

A number of new standards and amendments to standards are effective for annual periods beginning after 1 July 2022 and earlier application is permitted; however, the Group has not early adopted the new or amended standards in preparing these financial statements.

The following amendments to SFRS(I)s, interpretations and amendments to SFRS(I)s are not expected to have a significant impact on the Group's consolidated financial statements and the Company's statement of financial position.

- *SFRS(I) 17 Insurance Contracts and amendments to SFRS(I) 17 Insurance Contracts*
- *Covid-19-Related Rent Concessions beyond 30 June 2021 (Amendment to SFRS (I) 16)*
- *Reference to Conceptual Framework (Amendments to SFRS(I) 16)*
- *Property, plant and equipment – Proceeds before Intended Use (Amendments to SFRS(I) 1-16)*
- *Onerous Contracts – Cost of Fulfilling a Contract (Amendments to SFRS(I) 37)*
- *Classification of Liabilities as Current or Non-current (Amendments to SFRS(I) 1-1)*
- *Annual Improvements to SFRS(I)s 2018 – 2020*
- *Disclosure of Accounting Policies (Amendments to SFRS(I) 1-1 and SFRS(I) Practice Statement 2)*
- *Definition of Accounting Estimates (Amendments to SFRS(I) 1-8)*
- *Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to SFRS(I) 1-12)*

At 30 June 2022	543,540	750,618	74,056	229,938	4,160,772	-	5,758,924
Carrying amounts							
At 1 July 2020	81,578	163,811	1,654	173,232	957,328	12,480	1,390,083
At 30 June 2021	78,336	27,454	875	134,435	379,300	8,040	628,440
At 30 June 2022	64,833	7,053	59,822	33,983	-	-	165,691

As at 30 June 2022, plant and equipment includes right-of-use assets of \$38,986 (2021: \$49,382) related to office equipment, which are acquired through lease arrangements.

During the year, the Group transferred tools and equipment with carrying amount of \$448 (2021: nil) from inventories to plant and equipment.

In prior year, the Group disposed office equipment, acquired under lease agreement, at carrying amount of \$7,083. This was offset by early termination of the lease liabilities of \$8,210, resulting in gain on termination of lease of \$1,127 recognised as "other income" in profit or loss.

Valuation of plant and equipment

For the purpose of impairment testing, plant and equipment have been allocated into two groups of CGUs based on the level at which management monitors them. The CGUs were Securex GS CGU and IPS Securex CGU.

No impairment loss (2021: \$30,446) was recognised on the plant and equipment as at 30 June 2022.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

4 PLANT AND EQUIPMENT (CONTINUED)

Valuation of plant and equipment (Continued)

In prior year, management assessed that there were indicators of impairment on the plant and equipment in the Securex GS CGU given the unit's low profitability, its operating profits being lower than originally budgeted and uncertain economic conditions. Consequently, management carried out an assessment of the recoverable amount of the plant and equipment. The key assumptions applied in the computation of the recoverable amount are disclosed in Note 5.

Management believed that any reasonable unfavourable change in the above key assumptions would further cause the recoverable value to be lower than the carrying amount.

5 INVESTMENT IN SUBSIDIARIES

	Company	
	2022 \$	2021 \$
Unquoted equity shares, at cost	5,344,199	5,344,199
Provision for impairment	(1,344,160)	(1,344,160)
	4,000,039	4,000,039

Movements in the provision for impairment of subsidiaries are as follows:

	Company	
	2022 \$	2021 \$
At 1 July	1,344,160	-
Impairment loss charged to profit or loss	-	1,344,160
At 30 June	1,344,160	1,344,160

The Company assesses at each reporting date whether there is any indication that the investment in subsidiaries is impaired. To determine whether there is indication of impairment, the Company considers factors such as a significant deterioration in the financial position of the subsidiaries or the subsidiaries are experiencing significant financial difficulties.

During the financial year, management identified an indication of impairment in its investment in subsidiary, Securex GS Pte. Ltd. The recoverable amount was estimated based on the higher of fair value less costs of disposal and the present value of the future cash flows expected to be derived (i.e. value in use).

Management had performed an assessment on the recoverable amount based on the cash flow estimates of the underlying assets. Value in use was determined by discounting the future cash flows generated from the continuing use of the CGU. The key assumptions applied in the computation of value in use include:

	Securex GS CGU
Group	
2022	
3 years compounded revenue growth rate	-12.6%
Average earnings before interest, taxes, depreciation and amortisation margin	4.0%
Pre-tax discount rate	13.9%
Terminal growth rate	1.8%
2021	
3 years compounded revenue growth rate	1.3%
Average earnings before interest, taxes, depreciation and amortisation margin	6.0%
Pre-tax discount rate	12.8%
Terminal growth rate	1.5%

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

5 INVESTMENT IN SUBSIDIARIES (CONTINUED)

The cash flow projections were based on the forecasts prepared by management which considered current operating results and available market information.

As the estimated recoverable amount was higher than the carrying amount of investment in subsidiaries, no impairment loss (2021: \$1,344,160) was recognised in current year.

Management believes that any reasonable unfavourable change in the above key assumptions will further cause the recoverable value to be lower than the carrying amount of investment in subsidiaries.

Details of the subsidiaries are as follows:

Name of subsidiaries	Principal activities	Country of incorporation/ Principal place of business	Effective equity interest held by the Group	
			2022 %	2021 %
IPS Securex Pte. Ltd. ^(a)	Distribution, installation and commissioning of security equipment and provision of maintenance support and leasing services.	Singapore	100	100
Securex GS Pte. Ltd. ^(a)	Distribution, installation and commissioning of security equipment and provision of maintenance support.	Singapore	100	100
IPS Securex (B) Sdn Bhd ^(b)	Distribution, installation and commissioning of security equipment and provision of maintenance support and leasing services.	Brunei	100	100

^(a) Audited by KPMG LLP, Singapore.

^(b) Audited by member firm of KPMG International.

6 OTHER INVESTMENT

	Group	
	2022 \$	2021 \$
Club membership, at cost	7,605	7,605

The above club membership is held in trust by a director. The carrying value of the club membership is measured at cost less allowance for impairment.

7 RESTRICTED FIXED DEPOSITS

	Group		Company	
	2022 \$	2021 \$	2022 \$	2021 \$
Fixed deposits with a financial institution	470,145	1,421,147	-	-

Restricted fixed deposits of \$470,145 (2021: \$1,421,147) were held as security for bank guarantees.

The effective interest rate per annum relating to fixed deposits for the Group is 0.1% to 0.15% (2021: 0.1% to 0.2%).

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

8 INVENTORIES

	Group	
	2022	2021
	\$	\$
Inventories, net of allowance for inventories obsolescence	2,724,338	5,098,689

The movements in the allowance for inventories obsolescence during the year was as follows:

	Group	
	2022	2021
	\$	\$
At 1 July	191,863	142,900
Allowance during the year	22,665	48,963
At 30 June	214,528	191,863

During the year, inventories of \$9,364,210 (2021: \$4,011,105) were recognised as an expense and included in "cost of sales".

9 TRADE AND OTHER RECEIVABLES

	Group		Company	
	2022	2021	2022	2021
	\$	\$	\$	\$
Trade receivables	3,876,735	2,345,444	-	-
Impairment loss on trade receivables	(324,188)	(213,666)	-	-
	3,552,547	2,131,778	-	-
Other receivables	1,798	42,632	-	-
Amounts due from subsidiaries (non-trade)	-	-	2,166,702	2,204,558
Deposits	1,083,552	477,767	40,820	41,065
	4,637,897	2,652,177	2,207,522	2,245,623
Prepayments	78,649	113,121	8,537	8,505
	4,716,546	2,765,298	2,216,059	2,254,128

The non-trade amounts due from subsidiaries pertain to payments made on behalf and recharge of expenses, and are unsecured, interest-free and are repayable on demand.

The Group's and the Company's exposures to credit and currency risks, and impairment losses for trade and other receivables are disclosed in Note 23.

10 LOANS TO SUBSIDIARIES

Loans to subsidiaries are non-trade in nature, unsecured, interest-free and are repayable on demand.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

11 CASH AND CASH EQUIVALENTS

	Group		Company	
	2022 \$	2021 \$	2022 \$	2021 \$
Cash at banks	8,472,847	6,720,705	152,712	159,543
Cash on hand	8,632	9,954	378	464
Cash and cash equivalents in the statements of financial position	8,481,479	6,730,659	153,090	160,007
Less: Restricted cash pledged	(113,932)	(113,932)	-	-
Cash and cash equivalents in the statement of cash flows	8,367,547	6,616,727	153,090	160,007

Restricted cash of \$113,932 (2021: \$113,932) were held as security for bank guarantees.

12 CAPITAL AND RESERVES

Share capital

	Company		Company	
	2022 Number of ordinary shares	2021 Number of ordinary shares	2022 \$	2021 \$
Issued and fully paid ordinary shares, with no par value:				
At beginning and end of the financial year	486,000,000	486,000,000	9,405,906	9,405,906

All shares rank equally with regard to the Company's residual assets.

The holders of ordinary shares (except treasury shares) are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at meetings of the Company.

Reserves

The reserves of the Group and the Company comprise the following balances:

	Group		Company	
	2022 \$	2021 \$	2022 \$	2021 \$
Reserve for own shares	(89,353)	(89,353)	(89,353)	(89,353)
Merger reserve	(799,999)	(799,999)	-	-
Other reserve	210,000	210,000	210,000	210,000
	(679,352)	(679,352)	120,647	120,647

Reserve for own shares

	Group and Company	
	2022 \$	2021 \$
At beginning and end of the year	89,353	89,353

Reserve for own shares comprises the cost of the Company's ordinary shares held by the Company.

As at 30 June 2022, the Company holds 1,155,900 (2021: 1,155,900) of its own shares as treasury shares. The treasury shares were included as a deduction against shareholders' equity.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

12 CAPITAL AND RESERVES (CONTINUED)

Merger reserve

In 2014, the Group underwent a restructuring exercise as part of its preparation for the listing of the Company on the SGX-ST. The financial statements incorporated the financial statements of the Company and its subsidiaries and had been prepared using the principles of merger accounting on the basis that the restructuring of entities were under common control.

Merger reserve represents the difference between the share capital of the subsidiaries at the date of acquisition and the share capital issued by the Company as consideration to the former shareholder of the subsidiaries. The acquisition of the subsidiaries was accounted for as a common control transactions as the controlling shareholder of the subsidiaries is also the controlling shareholder of the Company.

Other reserve

Other reserve pertains to the deemed capital contribution by the controlling shareholders of the holding company for issuance of shares to directors of the Company (i.e. share-based payment) as part of the restructuring exercise in 2014. The holding company granted 16.38 million ordinary shares of the Company (adjusted for subdivision of ordinary shares) to certain directors of the Company for their services provided to the Company. The ordinary shares were granted at no consideration, with no vesting conditions. Management estimated the fair value of shares granted based on the services provided by the directors and were recognised as expense in profit or loss.

13 LOANS AND BORROWINGS

	Group	
	2022	2021
	\$	\$
Non-current

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

13 LOANS AND BORROWINGS (CONTINUED)

Terms and debt repayment schedule (Continued)

The Company provided an intra-group financial guarantee to a bank in respect of the bank loan granted to a subsidiary. The fair value of the financial liability attributable to the intra-group financial guarantee was assessed to be immaterial as the financial guarantee, on a standalone basis, does not change the financing cost of the loan. At the reporting date, the Company does not consider it probable that a claim will be made against these corporate guarantees.

The Group's and the Company's exposure to interest rates and liquidity risks are disclosed in Note 23.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

14 DEFERRED TAX LIABILITIES

Deferred tax (assets) and liabilities are attributable to the following:

	Group	
	2022	2021
	\$	\$
Plant and equipment	14,353	84,156
Other temporary differences	(12,863)	-
	1,490	84,156

Movements in temporary differences during the year

	As at 1 July 2020	Recognised in profit or loss (Note 20)	As at 30 June 2021	Recognised in profit or loss (Note 20)	As at 30 June 2022
	\$	\$	\$	\$	\$
Group					
Plant and equipment	172,930	(88,774)	84,156	(69,803)	14,353
Other temporary differences	-	-	-	(12,863)	(12,863)
	172,930	(88,774)	84,156	(82,666)	1,490

Deferred tax (assets) and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same tax jurisdiction.

Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following item:

	Group	
	2022	2021
	\$	\$
Unutilised tax losses	1,964,986	1,964,986

Deferred tax assets have not been recognised in respect of the tax losses because of uncertainties over the availability of future taxable profits against which the Group can utilise these unrecognised benefits. The tax losses are subject to agreement by the tax authorities and compliance with tax regulations including satisfactory outcomes over changes in shareholders and the shareholding test. The tax losses do not expire under current tax legislation.

15 TRADE AND OTHER PAYABLES

	Group		Company	
	2022	2021	2022	2021
	\$	\$	\$	\$
Trade payables	1,100,930	1,381,262	-	-

- Related parties (non-trade)	52,999	26,739	52,289	26,220
Accruals	807,900	486,201	170,634	160,234
Deposits received	-	-	37,800	37,800
Deferred grant income	-	99,055	-	-
	3,275,460	2,070,487	291,389	247,620

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

15 TRADE AND OTHER PAYABLES (CONTINUED)

Bills payable relates to short-term trade financing facilities which bears interest of 2.98% to 3.85% and matures within 14 to 59 days.

The non-trade amounts due to subsidiary and related parties pertain to payments made on behalf and recharge of expenses, and are unsecured, interest-free and are repayable on demand.

Deposits received relates to office rental deposits from subsidiaries, which are refundable at the end of the lease term.

The Group and the Company's exposures to currency risk and to liquidity risk related to trade and other payables are disclosed in Note 23.

16 REVENUE

	Group	
	2022	2021
	\$	\$
Revenue from contract customers		
– Security solutions	11,475,254	3,619,408
– Maintenance services	3,634,392	3,934,735
	15,109,646	7,554,143
Rental income	657,914	1,137,849
	15,767,560	8,691,992

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies:

Sales of goods

Nature of goods or services	The Group sells and installs security equipment.
When revenue is recognised	Revenue is recognised at a point in time when goods are delivered and installed, and have been accepted by the customers.
Significant payment terms	Invoices are issued upon delivery of goods and are payable within 30 to 90 days.
Variable consideration	There is no right to return the goods. There are no variable considerations such as volume discounts and sales rebates provided to customers.

Maintenance services

Nature of goods or services	The Group provides maintenance services for security equipment.
When revenue is recognised	Revenue is recognised over time (i.e. over the course of the service).
Significant payment terms	Invoices are issued on a monthly basis and are payable within 30 to 90 days.
Variable consideration	There are no variable considerations such as volume discounts and sales rebates provided to customers.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

16 REVENUE (CONTINUED)

Rental income

Rental income is recognised on a straight-line basis over the term of the lease based on SFRS(I) 16 *Leases*.

Disaggregation of revenue from contracts with customers

In the following table, revenue from contracts with customers, recognised under SFRS(I) 15, is disaggregated by geographical markets, major products and services lines and timings of revenue recognition.

⁽⁴⁾ Includes Australia, United States Of America and India.

Contract balances

The following table provides information about trade receivables and contract balances from contracts with customers.

	Note	Group	
		2022	2021
		\$	\$
Trade receivables	9	3,552,547	2,131,778
Contract assets		314,048	165,569
Contract costs		56,983	764,232
Contract liabilities		(767,145)	(1,857,506)

The contract assets mainly relate to the Group's rights to consideration for work completed but yet to be billed at reporting date. The contract assets are transferred to trade receivables when the rights become unconditional.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

16 REVENUE (CONTINUED)

Contract balances (Continued)

The contract liabilities primarily relate to advance consideration received from customers. The Group exercises the practical expedient under SFRS(I) 15 not to adjust the transaction price for the effects of financing component, at contract inception, as the period between customer payment and the transfer of goods to be within one year.

Significant changes in the contract assets and contract liabilities balances during the year are as follows:

	Contract assets		Contract liabilities	
	2022	2021	2022	2021
	\$	\$	\$	\$
Revenue recognised that was included in the contract liabilities balance at the beginning of the year	-	-	1,838,731	189,435
Increase due to cash received, excluding amounts recognised as revenue during the year	-	-	(748,370)	(426,406)
Transfer from contract assets recognised at the beginning of the year to receivables	(156,209)	(875,754)	-	-
Recognition of revenue in the year for which remains unbilled	304,688	159,169	-	-

Contract costs primarily relate to subcontractor costs incurred by the Group for the installation of equipment at customers' premises. Such costs are capitalised as fulfilment cost for the delivery and installation of equipment satisfied at a point in time. These costs are expected to be recoverable through the transaction price and recognised to the profit or loss when the related revenue is recognised.

In 2022,

- \$56,983 (2021: \$634,531) of fulfilment costs was recognised as contract costs; and
- \$764,232 (2021: \$83,740) of contract costs was recognised to the profit or loss and no impairment loss is recognised on contract costs.

Transaction price allocated to remaining performance obligation

The Group applies the practical expedient in paragraph 121 of SFRS(I) 15 and does not disclose information about remaining performance obligations if:

- the performance obligation is part of a contract that has an original expected duration of one year or less; or
- the Group has a right to invoice a customer in an amount that corresponds directly with its performance to date, then it recognises revenue in that amount.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

17 OTHER INCOME

	Group	
	2022	2021
	\$	\$
Government grants	264,320	913,171

Gain on termination of lease	-	1,127
Other miscellaneous income	36,555	2,888
	309,336	917,840

Government grants comprise largely grant received under the Jobs Support Scheme ("JSS") from the Singapore government, which was announced at the Unity Budget 2020 on 18 February 2020. The JSS was enhanced subsequently in the three supplementary budgets (the "Resilience Budget", the "Solidarity Budget" and the "Fortitude Budget") announced on 26 March 2020, 6 April 2020 and 26 May 2020 respectively. In Singapore Budget 2021, JSS was extended by up to 6 months for firms in Tier 1 and Tier 2 sectors, covering wages from April 2021 to September 2021.

	Group	
	2022	2021
Profit for the year (\$)	263,451	95,437
Weighted average number of ordinary shares	484,844,100	484,844,100
Earnings per share – Basic and diluted (cents)	0.05	0.02

Weighted-average number of ordinary shares

	Group	
	2022	2021
Issued ordinary shares at 1 June*	484,844,100	484,844,100
Weighted-average number of ordinary shares during the year	484,844,100	484,844,100

* Issued ordinary shares do not include own shares held as treasury shares of 1,155,900 (2021: 1,155,900).

The basic and diluted earnings per share are the same for 2022 and 2021 as there were no dilutive instruments in issue as at 30 June 2022 and 30 June 2021.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

22 SEGMENT REPORTING

Operating segments

For management purpose, the Group is organised into business units based on the products and services offered, and has two reportable operating segments as follows:

- (i) Security solutions business includes the sale of goods and the provision of integrated security solutions to customers; and
- (ii) Maintenance and leasing business includes the maintenance services and leasing of security equipment.

The Group is primarily engaged in the security solutions business, and maintenance and leasing business where each division distributes security products and provides maintenance services including preventive, corrective, comprehensive and ad-hoc maintenance services to the customers, respectively.

The Group's Chief Executive Officer (CEO) (the chief operating decision maker) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment operating profit, as included in the internal management reports that are reviewed by the Group CEO. Segment operating profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of its operating segment.

Information about reportable segments

	Security solutions		Maintenance and leasing		Total	
	2022	2021	2022	2021	2022	2021
	\$	\$	\$	\$	\$	\$
Revenue from contracts with customers	11,475,254	3,619,408	3,634,392	3,934,735	15,109,646	7,554,143
Rental income	-	-	657,914	1,137,849	657,914	1,137,849
External revenue	11,475,254	3,619,408	4,292,306	5,072,584	15,767,560	8,691,992
Inter-segment revenue	-	16,478	349,600	221,848	349,600	238,326
Interest income	1,000	2,243	27	-	1,027	2,243
Interest expense	(15,698)	(37,143)	(55)	(562)	(15,753)	(37,705)
Depreciation of plant and equipment	-	-	(379,300)	(578,028)	(379,300)	(578,028)
(Recognition)/Reversal of impairment loss on trade receivables and contract assets	(173,427)	45,056	(1,252)	(173)	(174,679)	44,883
Reportable segment profit before tax	2,469,515	773,630	2,910,094	3,249,081	5,379,609	4,022,711
Reportable segment assets	6,782,968	9,102,025	1,445,848	1,339,878	8,228,816	10,441,903
Reportable segment liabilities	(2,321,704)	(2,947,229)	(1,025,182)	(395,727)	(3,346,886)	(3,342,956)

Segment operating profit represents the profit earned by each segment without allocation of certain other income, other operating expenses, administrative expenses, finance costs, and income tax expense. This is the measure reported to the Group CEO for the purposes of resource allocation and assessment of segment performance.

Major customers

Revenue from two (2021: three) customers of the Group collectively represents 46.2% (2021: 41.2%) of the Group's total revenue.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT

Overview

The Group has exposure to the following risks arising from financial instruments:

- credit risk
- market risk
- liquidity risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

Risk management framework

Risk management is integral to the whole business of the Group. Management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade and other receivables, contract assets and cash and cash equivalents. The Company's exposure to credit risk arises primarily from loan to subsidiaries, trade and other receivables, contract assets and cash and cash equivalents.

The carrying amounts of financial assets in the statement of financial position represent the Group's maximum exposures to credit risk, before taking into account any collateral held. The Group does not hold any collateral in respect of their financial assets.

Impairment losses on financial assets recognised in profit or loss were as follows:

	Group	
	2022	2021
	\$	\$
(Recognition)/Reversal of impairment loss on trade receivables and contract assets	(174,679)	44,883

The Group in managing its credit risk, assesses and takes into consideration the nature of each customer, and in turn takes deliberate actions in minimising its credit risk. These actions include, requesting advance payments from customers, performing credit risk assessment for new customers and regular monitoring of customers' financial standing.

Where assessed to be required, credit risk management also includes, having management actively monitor and manage the on-going customer relationship, the status of the project the customer is involved in, and where necessary, working with customers on payment arrangements.

The Group does not require collateral in respect of trade and other receivables. The Group does not have trade and other receivables for which no loss allowance is recognised because of collateral.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk (Continued)

Exposure to credit risk profile

The Group monitors credit risk by the country and industry sector exposures for its trade receivables and contract assets. The credit risk concentration profile of the Group's trade receivables and contract assets at the respective reporting dates are as follows:

	Group	
	2022 \$	2021 \$
By country		
Singapore	3,603,645	2,276,926
Indonesia	262,950	-
Hong Kong	-	20,421
	3,866,595	2,297,347
By business segment		
Sale of goods	2,793,150	1,809,826
Maintenance services	1,073,445	387,048
Rental	-	100,473
	3,866,595	2,297,347

A summary of the Group's exposure to credit risk for trade receivables and contract assets are as follows:

	Group			
	2022 Not credit- impaired \$	2022 Credit- impaired \$	2021 Not credit- impaired \$	2021 Credit- impaired \$
Customer within:				
Two or more years trading history with the Group	2,472,480	315,172	1,885,986	206,856
Less than two years trading with the Group	1,403,131	-	418,171	-
Total gross carrying amount	3,875,611	315,172	2,304,157	206,856
Loss allowance	(9,016)	(315,172)	(6,810)	(206,856)
	3,866,595	-	2,297,347	-

As at year end, the Group has concentration of credit risk on 7 (2021: 6) customers, which accounted for 50.1% (2021: 52.7%) of the total trade and other receivables.

Expected credit loss assessment

The Group identified trade receivables and contract assets that are credit-impaired and for which default event(s) has occurred. For such receivables, the Group assessed specifically the probability of recovery to the trade receivables and contract assets balances and recognised the difference as impairment loss.

The Group uses an allowance matrix to measure the ECLs for the remaining of trade receivables and contract assets which comprises a large customer base with small balances and which are not credit impaired. The loss rates applied to the allowance matrix are calculated based on historical credit loss experience in the past 5 years (2021: 5 years). In the current year, the Group assessed and estimated the forward-looking overlay adjustments on the historical credit loss rates taking into consideration the uncertainties in existing market conditions including the consideration of COVID-19 pandemic impact on the credit risk profile of customers. The forward-looking overlay aims to reflect the differences in economic conditions during the period over which the historical loss data has been compiled, current conditions and the Group's expectations of the economic conditions that might affect recoverability of the Group's trade receivables.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk (Continued)

Expected credit loss assessment (Continued)

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets as at 30 June:

At 30 June 2022	324,188

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk (Continued)

Expected credit loss assessment (Continued)

Cash and cash equivalents, and restricted fixed deposits

The Group and the Company held cash and cash equivalents of \$8,481,479 and \$153,090 respectively at 30 June 2022 (2021: \$6,730,659 and \$160,007, respectively). The Group held restricted fixed deposits of \$470,145 (2021: \$1,421,147). The cash and cash equivalents, and restricted fixed deposits are held with banks, which are rated AA1 to A3 based on Moody's ratings.

Impairment on cash and cash equivalents, and restricted fixed deposits has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents, and restricted fixed deposits have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents, and restricted fixed deposits is negligible.

Other receivables and deposits

Other receivables and deposits are short-term in nature. Impairment on other receivables and deposits has been measured on the 12-month expected loss basis and reflects the short maturities of exposures. The Group considers its other receivables and deposits to have low credit risk and the amount of the allowance on other receivables and deposits is insignificant.

Non-trade amount due from subsidiaries and loan to subsidiaries

The Company held receivables from its subsidiaries of \$2,166,702 (2021: \$2,204,558) and loan to subsidiaries of \$1,029,072 (2021: \$1,025,103). These balances are amounts extended to subsidiaries to satisfy short-term funding requirements. Impairment on these balances has been measured on the 12-month expected loss basis which reflects the low credit risk of the exposures. The amount of the allowance on these balances is insignificant.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. To manage liquidity risk, the Group also monitors its net operating cash flows and maintains an adequate level of cash and cash equivalents including ensuring that secured committed funding facilities from financial institutions are available. In assessing the adequacy of these funding facilities, management reviews its working capital requirements regularly.

The Group's operations are project-focused and, as such, liquidity requirements and cash flow positions are subject to fluctuation and market exposures. In assessing liquidity risks, the Group considered their cash flows and projects within the next 12 months. At the date of issue of these financial statements, the directors believe that the Company will be able to generate adequate cash flows to fund its operations and to meet its various obligations. The Company's liquidity positions may be adversely affected if the directors' expectations do not materialise as actual performance or if the execution of projects are affected by unanticipated development.

NOTES TO THE FINANCIAL STATEMENTS

The maturity analysis above show the contractual undiscounted cash flows of the Group's and the Company's financial liabilities on the basis of their earliest possible contracted maturity.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates, will affect the Group's and Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Foreign currency risk

The Group and Company is exposed to currency risk on its cash and cash equivalents, trade and other receivables, and trade and other payables, that are denominated in a currency other than the respective functional currencies of the Group and its subsidiaries. The currency in which these transactions are primarily denominated in is the United States dollars (USD).

Exposure to foreign currency risk

At the reporting date, the Group's and the Company's exposure to foreign currency, other than the respective functional currencies of the Group's entities, is as follows:

	Group		Company	
	2022 USD \$	2021 USD \$	2022 USD \$	2021 USD \$
Cash and cash equivalents	1,161,283	872,347	21,006	20,338
Trade and other receivables	329,925	36,604	124,371	120,915
Trade and other payables	(537,494)	(701,965)	-	-
Net exposure	953,714	206,986	145,377	141,253

Sensitivity analysis

A 10% strengthening/(weakening) of the Singapore dollar against the USD at reporting date would have increased/(decreased) the profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. This analysis assumes that all other variables, in particular interest rates, remain constant. This analysis is performed on the same basis for 2021 as indicated below.

	Group Profit or loss \$	Company Profit or loss \$
30 June 2022		
USD	(95,371)	(14,538)
30 June 2021		
USD	(20,699)	(14,125)

A 10% weakening of the Singapore dollar against the USD would have had the equal but opposite effect on the USD to the amounts shown above, on the basis that all other variables remain constant.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk (Continued)

Interest rate risk

Interest rate risk is the risk that the fair values or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rate.

The Group's and Company's exposure to interest rate risk arises primarily from its floating rate bills payable. The Group and Company currently do not use any derivative contracts to hedge its exposure to interest rate risk.

Exposure to interest rate risk

At the reporting date, the interest rate profile of the Group's interest-bearing financial instruments was as follows:

	Group Carrying amount	
	2022 \$	2021 \$
Fixed rate instruments		
Lease liabilities	40,117	49,664
Bank borrowings	3,795,792	4,880,928
	3,835,909	4,930,592
Floating rate instruments		
Bills payable	1,145,031	-

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Fair value sensitivity analysis for floating rate instruments

Bills payable of \$1,145,031 (2021: nil) is subject to floating rates and an increase/(decrease) in interest rate by 100bp will result in an increase/(decrease) in interest expense in profit before tax by \$114,503 (2021: nil).

Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The capital structure of the Group consists of issued capital, reserves and accumulated profits. The Board of Directors monitors the return on capital as well as the level of dividends to ordinary shareholders. The Group reviews its capital structure at least annually to ensure that the Group will be able to continue as a going concern while maximising the return to stakeholders.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Capital management (Continued)

The Group monitors capital using the gearing ratio, which is total loans and borrowings divided by total equity attributable to owners of the Company. The Group's debt to total equity ratio at the reporting date was as follows:

	Group	
	2022	2021
	\$	\$
Total liabilities	(7,994,343)	(8,942,741)
Less: Cash and cash equivalents	8,481,479	6,730,659
Net cash/(debt)	487,136	(2,212,082)
Equity attributable to owners of the Company	8,942,492	8,679,041
Net cash/(debt) to equity ratio	0.05	(0.25)

There were no changes in the Group's approach to capital management during the year. As of 30 June 2022, the Group has met the loan covenants requirement imposed by the borrower.

Measurement of fair values

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest). There were no transfers between Level 1, Level 2 and Level 3 during 2022 and 2021.

The following methods and assumptions are used to estimate the fair values of the following significant class of financial instruments:

Type of financial instruments	Valuation method
Cash and cash equivalents, restricted fixed deposits and short-term receivables	Carrying amounts approximate fair values due to the relatively short-term maturity of these instruments.
Short-term borrowings and other current payables	
Long-term borrowings	Discounted cash flows: The valuation model considers the present value of expected payment, discounted using a risk-adjusted discount rate.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

23 FINANCIAL RISK MANAGEMENT (CONTINUED)

Accounting classifications and fair values

The carrying amounts of financial assets and liabilities with a maturity of less than one year (including trade and other receivables, cash and cash equivalents, restricted fixed deposits, loans to subsidiaries, and trade and other payables) are assumed to approximate their fair values because of the short period to maturity.

The fair values of financial assets and financial liabilities together with the carrying amounts shown in the statements of financial position, including their fair value hierarchy are as follows:

	Carrying amount			Fair Value Level 2 \$
	Amortised cost \$	Other financial liabilities \$	Total carrying amount \$

24 LEASES

Leases as lessee

The Group leases office equipment and motor vehicle. The leases for office equipment run for a period of 5 years and do not contain an option for extension or renewal. The lease for motor vehicle ran for a period of 7 years and was fully settled in 2021.

The Group leases office premises with a contract term of one year and does not contain an option for extension or renewal. Therefore, the remaining contractually enforceable lease term is less than 12 months.

The Group leases low-value office equipment and has elected not to recognise right-of-use assets and lease liabilities for these leases.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 30 June 2022

24 LEASES (CONTINUED)

Leases as lessee (Continued)

Information about leases for which the Group is a lessee is presented below.

	\$	\$
Operating leases		
Less than one year	-	768,460

25 COMMITMENTS

Contingent liabilities (unsecured)

	Group	
	2022	2021
	\$	\$
In respect of performance guarantee issued by a subsidiary in favour to its customer	937,897	1,761,663

The Group assessed probability of an outflow of economic benefits arising from the outstanding guarantee to be low.

26 RELATED PARTIES

The Company is a subsidiary of IPS Technologies Pte. Ltd. ("IPST"), a company incorporated in Singapore which is also the Company's ultimate holding company. The controlling shareholders of IPST are Chan Tien Lok (65%) and Tan Suan Yap (35%) whose interests in the Company are held through their shareholdings in IPST. Chan Tien Lok is also the controlling party of IPS Group Pte. Ltd. and its subsidiaries ("IPSG Group"). Members of the IPSG Group are referred to in these financial statements as related parties.

Key management personnel compensation

Key management personnel of the Group are those persons having the authority and responsibility for planning, directing and controlling the activities of the Group. The directors and senior management are considered as key management personnel of the Group.

The remuneration of directors and other members of key management are as follows:

	Group	
	2022	2021
	\$	\$
Short-term employee benefits	1,361,329	1,374,022
Post-employment benefits (including contribution to defined contribution plan)	69,101	75,776

PERCENTAGE OF SHAREHOLDING IN PUBLIC'S HANDS

As at 20 September 2022, 30.75% of the Company's shares are held in the hands of public. Accordingly, the Company has complied with Rule 723 of the Listing Manual – Section B: Rules of Catalist of the SGX-ST which requires 10% of the Company's total number of issued shares (excluding preference shares, convertible equity securities, treasury shares and subsidiary holdings) in a class that is listed is at all times held by the public.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Annual General Meeting (“**AGM**”) of IPS Securex Holdings Limited (“**Company**” and, together with its subsidiaries, “**Group**”) will be held at Heron Room, Level 2, Seletar Country Club, 101 Seletar Club Rd, Singapore 798273, on Tuesday, 25 October 2022 at 8.30 a.m. for the following purposes:

AS ORDINARY BUSINESS

1. To receive and adopt the Audited Financial Statements and Directors’ Statement of the Company and the Group for the financial year ended 30 June 2022 together with the Auditors’ Report thereon.

(Resolution 1)

2. To approve the payment of Directors’ fees of S\$205,216 for the financial year ending 30 June 2023, payable half yearly in arrears (2022: S\$205,216).

(Resolution 2)

3. To re-elect the following Directors of the Company retiring pursuant to Regulation 91 of the Constitution of the Company:

Regulation 91

Mr. Kelvin Lim Ching Song
Mr. Ong Beng Chye

(Resolution 3)

(Resolution 4)

[See Explanatory Note (i)]

4. That contingent upon passing of Ordinary Resolution 4 above, to approve Mr. Ong Beng Chye’s (“**Mr. Ong**”) continued appointment as an Independent Director in accordance with Rule 406(3)(d)(iii)(A) of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”), and such Resolution shall remain in force until the earliest of the following (i) Mr. Ong’s retirement or resignation; or (ii) the conclusion of the AGM following the passing of this Resolution.

[See Explanatory Note (iii)]

(Resolution 5)

5. That contingent upon passing of Ordinary Resolution 4 and 5 above, shareholders (excluding the Directors and the Chief Executive Officer (“**CEO**”) of the Company, and the respective associates of such Directors and CEO) to approve Mr. Ong’s continued appointment as an Independent Director in accordance with Rule 406(3)(d)(iii)(B) of the Catalist Rules, and such Resolution shall remain in force until the earlier of the following: (i) Mr. Ong’s retirement or resignation; or (ii) the conclusion of the third AGM following the passing of this Resolution.

[See Explanatory Note (ii)]

(Resolution 6)

6. To approve Mr. Joseph Tan Peng Chin’s (“**Mr. Tan**”) continued appointment as an Independent Director in accordance with Rule 406(3)(d)(iii)(A) of the Catalist Rules, and such Resolution shall remain in force until the earliest of the following (i) Mr. Tan’s retirement or resignation; or (ii) the conclusion of the AGM following the passing of this Resolution.

[See Explanatory Note (ii)]

(Resolution 7)

7. That contingent upon passing of Ordinary Resolution 7 above, shareholders (excluding the Directors and the CEO of the Company, and the respective associates of such Directors and CEO) to approve Mr. Tan’s continued appointment as an Independent Director in accordance with Rule 406(3)(d)(iii)(B) of the Catalist Rules, and such Resolution shall remain in force until the earlier of the following: (i) Mr. Tan’s retirement or resignation; or (ii) the conclusion of the third AGM following the passing of this Resolution.

[See Explanatory Note (iii)]

(Resolution 8)

NOTICE OF ANNUAL GENERAL MEETING

8. To appoint Messrs RSM Chio Lim LLP as auditors of the Company in place of retiring auditors of the Company, Messrs KPMG LLP, to hold office until the conclusion of the next AGM of the Company and to authorise the Directors to fix their remuneration and take such steps and exercise such discretion and do all such acts and things (including, without limitation, executing all such documents as may be required) as any Director of the Company may deem desirable, necessary, advisable or expedient to give effect to this Ordinary Resolution.

[See Explanatory Note (iii)]

[Resolution 9]

9. To transact any other ordinary business which may be properly transacted at an AGM.

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions as ordinary resolutions, with or without modifications:

10. Authority to allot and issue shares

That pursuant to Section 161 of the Companies Act 1967 ("**Companies Act**") and Rule 806 of the Catalist Rules of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), the Directors of the Company be authorised and empowered to:

- (a) (i) allot and issue shares in the Company ("**Shares**") whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares pursuant to any Instrument made or granted by the Directors of the Company while this Resolution was in force,

("Share Issue Mandate")

PROVIDED ALWAYS that:

- (1) the aggregate number of Shares (including Shares to be issued pursuant to the Instruments, made or granted pursuant to this Resolution) and Instruments to be issued pursuant to this Resolution shall not exceed one hundred per centum (100.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares and Instruments to be issued other than on a *pro rata* basis to existing shareholders of the Company shall not exceed fifty per centum (50.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares and Instruments that may be issued under sub-paragraph (1) above, the percentage of issued Shares and Instruments shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time of the passing of this Resolution, after adjusting for:
- (a) new Shares arising from the conversion or exercise of the Instruments or any convertible securities;

NOTICE OF ANNUAL GENERAL MEETING

(b) new Shares arising from exercising share options or vesting of share awards provided the share options or share awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and

(c) any subsequent bonus issue, consolidation or subdivision of Shares;

Adjustments in accordance with Rule 806(3)(a) or Rule 806(3)(b) of the Catalist Rules are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of the resolution approving the mandate.

(3) in exercising the Share Issue Mandate conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution of the Company; and

(4) unless revoked or varied by the Company in a general meeting, the Share Issue Mandate shall continue in force (i) until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier or (ii) in the case of Shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution, until the issuance of such Shares in accordance with the terms of the Instruments.

[See Explanatory Note (iv)]

(Resolution 10)

11. Authority to issue shares under the IPS Securex Employee Share Option

That pursuant to Section 161 of the Companies Act and the provisions of the IPS Securex Employee Share Option Scheme ("IPS Securex ESOS"), the Directors of the Company be authorised and empowered to offer and grant share options under the IPS Securex ESOS and to issue from time to time such number of Shares as may be required to be issued pursuant to the exercise of share options granted by the Company under the IPS Securex ESOS, whether granted during the subsistence of this authority or otherwise, provided always that the aggregate number of additional ordinary shares to be issued pursuant to the IPS Securex ESOS shall not exceed fifteen per centum (15.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) from time to time and that such authority shall, unless revoked or varied by the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (v)]

(Resolution 11)

12. Authority to issue shares under the IPS Securex Performance Share Plan

That pursuant to Section 161 of the Companies Act and the provisions of the IPS Securex Performance Share Plan ("IPS Securex PSP"), the Directors of the Company be authorised and empowered to offer and grant share awards under the IPS Securex PSP and to issue from time to time such number of Shares as may be required to be issued pursuant to the vesting of share awards under the IPS Securex PSP, whether granted during the subsistence of this authority or otherwise, provided always that the aggregate number of additional ordinary shares to be issued pursuant to the IPS Securex PSP shall not exceed fifteen per centum (15.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) from time to time and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (vi)]

(Resolution 12)

NOTICE OF ANNUAL GENERAL MEETING

13. Renewal of Share Buyback Mandate

That:

- a. for the purposes of Section 76C and 76E of the Companies Act, the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire Shares not exceeding the Prescribed Limit (as defined hereinafter), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as defined hereinafter), whether by way of:

- (i) on-market purchases, transacted on the SGX-ST through the SGX-ST's trading system ("**Market Purchase**"); and/or
- (ii) off-market purchases pursuant to an equal access scheme in accordance with Section 76C of the Companies Act and the Catalist Rules ("**Off-Market Purchase**"),

and otherwise in accordance with all other laws and regulations and rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally ("**Share Buyback Mandate**");

- b. unless varied or revoked by the Company in a general meeting, the authority conferred on the Directors of the Company pursuant to the Share Buyback Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:

- (i) the date on which the next AGM is held or required by law to be held;
- (ii) the date on which the purchase or acquisition of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; and
- (iii) the date on which the authority conferred by the Share Buyback Mandate is varied or revoked by shareholders of the Company in a general meeting;

- c. in this Resolution:

"**Prescribed Limit**" means 10.0% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date of passing of this Resolution, unless the Company has effected a reduction of the Shares in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period;

"**Relevant Period**" means the period commencing from the date on which this Resolution authorising the Share Buyback Mandate is passed, and expiring on the date the next AGM is or is required by law to be held, whichever is the earlier;

"**Average Closing Price**", in the case of a Market Purchase, means the average of the closing market prices of the Shares over the last five Market Days on which transactions in the Shares were recorded preceding the day of the Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five-day period, or in case of an Off-Market Purchase, means the average of the closing market prices of a Share over the last five Market Days, on which transactions in the Shares were recorded, preceding the date on which the Company makes an offer for the purchase or acquisition of Shares from shareholders, stating therein the relevant terms of the equal access scheme for effecting the Off-Market Purchase;

"**Maximum Price**" in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) which shall not exceed:

- (i) in the case of a Market Purchase, 105.0% of the Average Closing Price of the Shares; and

NOTICE OF ANNUAL GENERAL MEETING

- (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120.0% of the Average Closing Price of the Shares; and
- d. the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider expedient or necessary to give effect to the transactions contemplated and/or authorised by this Resolution.

[See Explanatory Note (vii)]

(Resolution 13)

By Order of the Board

Shirley Tan Sey Liy
Company Secretary
Singapore, 10 October 2022

Explanatory Notes:

- (i) Mr. Ong will, upon re-election as a Director of the Company, remain as Lead Independent Director, the Chairman of the Audit Committee and member of the Nominating Committee and Remuneration Committee. There are no relationships (including family relationships) between Mr. Ong and the other Directors, the Company, its related corporations, its officers or its substantial shareholders, which may affect his independence. The Board considers Mr. Ong to be independent for the purposes of Rule 704(7) of the Catalist Rules.

Please refer to pages 56 to 61 of the Annual Report for the detailed information for Mr. Ong and Mr. Kelvin Lim Ching Song required pursuant to Rule 720(5) of the Catalist Rules.

- (ii) Ordinary Resolutions 5 to 8 are subject to the continued appointment of Mr. Ong and Mr. Tan, who would have served as an Independent Director for an aggregate period of more than 9 years, to a two-tier voting process in accordance with Rule 406(3)(d)(iii) of the Catalist Rules which took effect on 1 January 2022. For the purpose of Ordinary Resolutions 6 and 8, in accordance with Rule 406(3)(d)(iii) of the Catalist Rules, the Directors and the CEO of the Company, and their respective associates, must not accept appointment as proxies unless specific instructions as to voting are given. The Board of the Company and the Nominating Committee have evaluated the participation of Mr. Ong and Mr. Tan at Board and Board committees meetings and determined that they continue to possess independent thinking and the ability to exercise objective judgement on corporate matters independently.
- (iii) The Letter to Shareholders dated 10 October 2022 ("**Letter**") is attached to this notice to provide shareholders with information and the rationale relating to the Proposed Change of Auditors to be tabled at the AGM. In accordance with the requirements of Rule 712(3) of the Catalist Rules:
 - (a) The retiring auditors of the Company, Messrs KPMG LLP ("**KPMG**"), have confirmed to Messrs RSM Chio Lim LLP ("**RSM**") by way of letter dated 3 October 2022 that they are not aware of any professional reasons why RSM should not accept appointment as the new auditors of the Company and its subsidiaries;
 - (b) the Company confirms that there were no disagreements with the retiring auditors, KPMG on accounting treatments within the last 12 months and up to the date of the Circular;
 - (c) the Company confirms that it is not aware of any circumstances connected with the Proposed Change of Auditors that should be brought to the attention of shareholders which has not been disclosed in the Letter;
 - (d) the Company confirms that the rationale for the Proposed Change of Auditors are as disclosed in Section 2 of the Letter. The Company is of the view that it would be timely to effect a change of external auditors. Accordingly, KPMG has informed the Company that they will not be seeking re-election at the forthcoming AGM; and
 - (e) the Company has confirmed that it is in compliance with Rules 712 and 715 of the Catalist Rules in relation to the appointment of RSM as the new auditors of the Company.
- (iv) Resolution 10 above, if passed, will empower the Directors of the Company from the date of this AGM until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, one hundred per centum (100.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings), of which up to fifty per centum (50.0%) may be issued other than on a *pro rata* basis to existing shareholders of the Company for such purposes as they consider would be in the interest of the Company.

For determining the aggregate number of Shares that may be issued, the percentage of issued Shares will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings) at the time this Resolution is passed after adjusting for new Shares arising from the conversion or exercise of the Instruments or any convertible securities, the exercise of share options or the vesting of share awards outstanding or subsisting at the time when this Resolution is passed and any subsequent consolidation or subdivision of Shares.

NOTICE OF ANNUAL GENERAL MEETING

- (v) Resolution 11 above, if passed, will empower the Directors of the Company, from the date of this AGM until the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue Shares pursuant to the exercise of share options granted or to be granted under the IPS Securex ESOS provided that the aggregate additional Shares to be allotted and issued pursuant to the IPS Securex ESOS and IPS Securex PSP do not exceed in total (for the entire duration of the IPS Securex ESOS and IPS Securex PSP) fifteen per centum (15.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) from time to time.
- (vi) Resolution 12 above, if passed, will empower the Directors of the Company, from the date of this AGM until the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue Shares pursuant to the vesting of share awards under the IPS Securex PSP provided that the aggregate additional Shares to be allotted and issued pursuant to the IPS Securex PSP and IPS Securex ESOS do not exceed in total (for the entire duration of the IPS Securex PSP and IPS Securex ESOS) fifteen per centum (15.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) from time to time.
- (vii) Resolution 13 above, if passed, will empower the Directors of the Company from the date of this AGM until the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier, to repurchase Shares of the Company by way of market purchases or off-market purchases of up to ten per centum (10.0%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the Maximum Price as defined in the Notice of AGM.

Notes:

1. A member of the Company (other than a Relevant Intermediary*) entitled to attend and vote at this meeting is entitled to appoint one or two proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
 2. A Relevant Intermediary* may appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by him (which number and class of shares shall be specified).
 3. Where a member appoints two proxies, he shall specify the proportion of his shareholding to be represented by each proxy in the Instrument appointing the proxies.
 4. A member of the Company which is a corporation is entitled to appoint its authorised representative or proxy to vote on its behalf. The appointment of proxy must be executed under seal or the hand of its duly authorised officer or attorney in writing.
 5. The Instrument appointing a proxy or proxies must be submitted to the Company in the following manner:
 - (a) If submitted by post, be lodged at the Company's registered office at 213 Henderson Road #04-09 Henderson Industrial Park Singapore 159553; or
 - (b) If submitted electronically, be submitted via email to the Company at agm@ips-securex.com.
- in either case by no later than 8.30 a.m. on 23 October 2022**, being 48 hours before the time appointed for the AGM.
6. In view of the guidance note issued by the Singapore Exchange Regulation, a member may ask question relating to the item on the agenda of the AGM by:-
 - (a) submitting question via mail to the Company's registered office at 213 Henderson Road #04-09 Henderson Industrial Park Singapore 159553, or email to agm@ips-securex.com in advance of the AGM no later than 17 October 2022; or
 - (b) "live" at the AGM.

When submitting the questions, please provide the Company with the following details, for verification purpose:-

- (i) full name;
- (ii) NRIC number;
- (iii) current address;
- (iv) contact number; and
- (v) number of Shares held. Please also indicate the manner in which you hold Shares in the Company (e.g. via CDP, CPF or SRS).

Shareholders are encouraged to submit their questions before 17 October 2022, as this will allow the Company sufficient time to address and respond to these questions on or before 21 October 2022, 8.30 a.m. (48 hours prior to the closing date and time for the lodgement of the proxy forms). The responses will be published on (i) the SGX-ST's website; and (ii) the Company's corporate website.

NOTICE OF ANNUAL GENERAL MEETING

* A Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act 1970 of Singapore or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 of Singapore and who holds Shares in that capacity; or
- (c) the Central Provident Fund Board ("**CPF Board**") established by the Central Provident Fund Act 1953 of Singapore, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the CPF Board holds those Shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Personal data privacy:

Where a member of the Company submits an Instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purpose**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

*This Notice of AGM ("Notice") has been prepared by IPS Securex Holdings Limited ("**Company**") and its contents have been reviewed by the Company's sponsor, United Overseas Bank Limited ("**Sponsor**"), for compliance with Rules 226(2)(b) and 753(2) of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") Listing Manual Section B: Rules of Catalist.*

This Notice has not been examined or approved by the SGX-ST. The SGX-ST assumes no responsibility for the contents of this Notice, including the correctness of any of the statements or opinions made or reports contained in this Notice.

The contact person for the Sponsor is Mr David Tham, Senior Director, Equity Capital Markets, who can be contacted at 80 Raffles Place, #03-03 UOB Plaza 1, Singapore 048624, Telephone: +65 6533 9898.

(a) CDP Register	
(b) Register of Members	

Signature of Shareholder(s)
and/or, Common Seal of Corporate Shareholder

*Delete where inapplicable

IMPORTANT: Please read notes overleaf

Notes:

1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
2. A member of the Company who is not a Relevant Intermediary (as defined below) entitled to attend and vote at this AGM is entitled to appoint one or two proxies to attend and vote in his/her stead. Where such member appoints two proxies, the proportion of his shareholding which each proxy has been appointed shall be specified in the proxy form. A proxy need not be a member of the Company.
3. A member of the Company who is a Relevant Intermediary may appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than one proxy, the number and class of shares to which each proxy has been appointed shall be specified in the proxy form.
4. The instrument appointing a proxy or proxies must be submitted to the Company in the following manner:
 - (a) If submitted by post, be lodged at the Company's registered office at 213 Henderson Road, #04-09, Henderson Industrial Park Singapore 159553; or
 - (b) If submitted electronically, be submitted via email to the Company at agm@dips-securex.com,

in either case by no later than 8.30 a.m. on 23 October 2022, being 48 hours before the time appointed for the AGM.

5. A Depositor's name must appear on the Depository Register maintained by The Central Depository (Pte) Limited as at 72 hours before the time fixed for holding the AGM in order for the Depositor to be entitled to attend and vote at the AGM.
6. Subject to note 9, completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the AGM. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the AGM in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the AGM.
7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with Section 179 of the Companies Act 1967 of Singapore, and the person so authorised shall upon production of a copy of such resolution certified by a director of the corporation to be a true copy, be entitled to exercise the powers on behalf of the corporation so represented as the corporation could exercise in person if it were an individual.
9. An investor who holds shares under the Central Provident Fund ("CPF") Investment Scheme ("CPF Investor") and/or the Supplementary Retirement Scheme ("SRS Investors") (as may be applicable) may attend and cast his vote(s) at the AGM in person. CPF and SRS Investors who are unable to attend the AGM but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the AGM to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the AGM.

* Relevant Intermediary is:

- a. a banking corporation licensed under the Banking Act 1970 of Singapore or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- b. a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 of Singapore and who holds shares in that capacity; or
- c. the Central Provident Fund Board ("CPF Board") established by the Central Provident Fund Act 1953 of Singapore, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the CPF Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

General:

The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the Meeting as proxy. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 10 October 2022.
