INDEPENDENT AUDITORS' REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

To the Shareholders and Board of Directors Orazul Energy Perú S.A.

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Orazul Energy Perú S.A. and Subsidiary as at June 30, 2022, the condensed consolidated statements of profit or loss and other comprehensive income, for the six and three-month periods then ended as at June 30, 2022, the condensed consolidated statements of changes in equity and cash flows for the six-month period then ended, and notes to the condensed consolidated interim financial statements (the condensed consolidated interim financial statements). Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34 Interim Financial Reporting. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements as at and for the six and three-month periods ended June 30, 2022 are not prepared, in all material respects, in accordance with IAS 34 *Interim Financial Reporting*.

Orazul Energy Perú S.A. and Subsidiary

Notes to the Unaudited Condensed Consolidated Interim Financial Statements

1. Background and Business Activity

A. Corporate Information

Orazul Energy Perú S.A. (hereinafter, "the Company," "OEP" or "Orazul") is a subsidiary of Orazul Energía (UK) Holdings Ltd. which owns 99.99% of voting shares which are representative of its issued capital stock.

As part of a reorganization plan, the Company executed the following transactions:

- On August 2, 2017, the Company acquired an additional 12.76% of Orazul Energy Group S.A.C. (hereinafter "OEG") from Orazul Energía (España) Holding S.L. (which previously acquired the interest of Duke Energy Corporation in 2016) for the total amount of US\$ 126,000 thousand, increasing its ownership to 99.99%.
- On August 16, 2017, the Company merged by absorption with Orazul Energy Egenor S. en C. por A., which was one of its main subsidiaries in Peru.
- During 2017 and 2018, the Company executed its plan to sell the operating businesses located in Central America (Guatemala and El Salvador) and Chile respectively.

On August 23, 2019, the general shareholders meeting of OEG approved the spin-off of its investment in Orazul Energy Hidrocarburos S.A. as initial contribution to a new holding company in the Group, Orazul Energy Group II S.A.C. (hereinafter "OEG II") which became effective on September 1, 2019. The objective was to create two independent entities within the Group to control the transmission and hydrocarbon business separately.

On August 24, 2020, the Company and Orazul Energía (UK) Holdings Ltd. sold all of the issued and outstanding shares of OEG, which was the indirect owner of 99.99% of the shares of Etenorte S.R.L. and Eteselva S.R.L., to Interconexión Eléctrica ISA Peru. The total consideration after working capital adjustments amounted to US\$ 158, 254 thousand. The closing of the sale agreement was subject to the approval of the Peruvian authorities.

On October 1, 2021, the Company signed a Stock Purchase Agreement with Nautilus Partners III Perú S.A.C., a special purpose vehicle of Nautilus Energy Partners LLC, to sell the gas to power business in Peru, represented by 100% ownership in OEG II, for a total consideration of US\$ 41,796 thousand. The sale included the Company's indirect ownership in the thermal power generation and hydrocarbon companies, Termoselva S.R.L. and Aguaytía Energy del Perú S.R.L. The total amount was paid on October 4, 2021. The sale was compliant with the requirements of the Company's notes indenture and all requirements for related party transactions. (Note 3)

The Company business main activity is the generation and commercialization of electrical energy. The Company has a total capacity of 376MW as follows:

Plant	Company	Source used to operate power station	Capacity (MW)	Location
Cañón del Pato	Orazul Energy Peru	Hydropower	266	Huallanca, Ancash
Carhuaquero	Orazul Energy Peru	Hydropower	110	LLacma, Cajamarca
			376	

Orazul Energy Perú S.A. and Subsidiary

Notes to the Unaudited Condensed Consolidated Interim Financial Statements

B. Subsidiary

As of June 30, 2022 and December 31, 2021, the subsidiary and the percentage of interest owned by the Company are detailed below:

	Direct equity interest	
	2022	2021
Orazul Soluciones S.A.C.	99.99	99.99

Orazul Soluciones S.A.C.

The Company owns 99.999% of Orazul Soluciones S.A.C., incorporated on September 10, 2021, with the purpose of carrying out power generation, transmission and commercialization activities as well as providing energy solutions services to customers in general. As of December 31, 2021, there were no operations to record.

These consolidated financial statements comprise the Company and its Subsidiaries in Peru (hereinafter, "the Group").

Changes in the Company's ownership interest in the subsidiary that do not result in the Group losing control over the subsidiary were recorded as equity transactions. The carrying amounts of the Company's interests and non-controlling interests were adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests were adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

When the Company loses control of a subsidiary, a gain or loss is recognized in profit or loss and is calculated as the difference between (i) the aggregate of fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill) and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognized in other comprehensive income in relation to such subsidiary are accounted for as if the Company had directly disposed of the related assets or liabilities of the subsidiary. The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as fair value on initial recognition for subsequent accounting, when applicable, and cost on initial recognition of an investment in an associate or a joint venture.

2. Basis for the Preparation of Financial Statements**A. Basis of accounting**

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 *Interim Financial Reporting* and should be read in conjunction with the Group's last annual financial statements as at and for the year ended December 31, 2021 (last annual financial statements). The condensed consolidated statement of financial position as of June 30, 2022 has been derived from the Group's last annual audited financial statements. These condensed consolidated interim financial statements do not include all of the information required for a complete set of financial statements prepared in accordance with International Financial Reporting Standards (IFRS). However, selected explanatory notes have been included to explain events and transactions that are significant to an understanding of the changes in the financial position and the performance of the Group since the last annual financial statements.

These condensed consolidated interim financial statements were approved by the Group Management on July 27, 2022.

Orazul Energy Perú S.A. and Subsidiary

Notes to the Unaudited Condensed Consolidated Interim Financial Statements

B. Use of estimates and judgements

The preparation of these condensed consolidated interim financial statements requires Management to make judgments, estimates and assumptions that affect the application of Group's accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

C. Measurement of fair values

Some of the Group's accounting policies and disclosures require the measurement of fair value of financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of their fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values included in note 13 – Financial Instruments.

D. Changes in significant accounting policies

The accounting policies applied in these interim financial statements are the same as those applied in the financial statements as at and for the year ended December 31, 2021.

We have not identified new standards applicable since January 1, 2022.

3. Discontinued Operations and Assets Held for Sale

Orazul Energy Group II S.A.C.

On June 25, 2021, the Company announced its decision to initiate a sale process of its indirect interest in the thermal power generation and hydrocarbon businesses (Termoselva and Aguaytía).

On October 1, 2021, the Company signed a Stock Purchase Agreement with Nautilus Partners III Perú S.A.C., a special purpose vehicle of Nautilus Energy Partners LLC, to sell the gas to power business, for a total consideration of US\$ 41,796 thousand. The sale included the Company's indirect ownership in Termoselva and Aguaytía.

The total amount was paid on October 4, 2021. The sale was compliant with the requirements of the Company's notes indenture and all requirements for related party transactions. OEG II was classified as held for sale as of September 30, 2021.

The comparative consolidated statement of profit or loss and other comprehensive income has been re-presented to show the discontinued operation separately from continuing operations.

- (d) As of June 30, 2022, and December 31, 2021, the Company has insured all plants' assets for property damage under its Property Damage Business Interruption (PDBI) policy. In Management's opinion, this insurance policy is consistent with the international industry practice and the risk of possible losses for claims considered in the insurance policies is reasonable, taking into consideration the Company's types of assets.
- (e) As of June 30, 2022, and December 31, 2021, in Management's opinion, there were no impairment indicators on the value of property, plant and equipment.
- (f) As of June 30, 2022 and December 31, 2021, the Company do not have guarantees related to the acquisition of property, plant and equipment.

8. Intangible Assets and Goodwill

Comprises the following:

<i>In thousands of U.S. dollars</i>	June 30, 2022	December 31, 2021
Goodwill (a)	399,427	399,427
Electric concessions (b)	79,954	79,954
Other rights (c)	15,955	15,848
Software	395	790
	495,731	496,019

- (a) The goodwill corresponds to (i) the excess of the net fair value of assets and liabilities identified during the acquisition of the Peruvian operating business on December 20, 2016 for US\$ 364,908 thousand, net of the deferred income tax liabilities arising from intangible assets acquired; and (ii) the adjustment of fair value of fixed assets for US\$ 34,519 thousand.
- (b) The electric concessions correspond to intangible assets identified at the acquisition date on December 20, 2016. The useful life of electric concessions is indefinite. As of June 30, 2022 and December 31, 2021, Management is not required to establish reserves for the possible impairment of its intangible assets with an indefinite life.
- (c) Other rights correspond to the agreements signed between the Company with regulated costumers, by which regulated costumers grant an option to sign addendums to the original public tender of certain PPAs, extending the contract term, modifying the contracted capacity and associated energy and maintaining the current fixed prices with framework of the Supreme Decree 022-2018 EM (note 10).

Management analysis indicated there were no impairment indicators on the value of the intangibles as of June 30, 2022 (no impairment indicators as of December 31, 2021).

18. Contingencies

As of June 30, 2022, the main contingencies of the Company are described as follow:

(a) Labor claims

The Company is involved in certain labor claims, mostly related to vacations, job reinstatement, compensation for damages (including moral damages) and profit sharing, for which, after being evaluated individually, as of December 2021, the Company recorded a provision equivalent to US\$ 379 thousand for labor claims considered probable of losing.

In Management's opinion, based on its external legal advisors, it has been estimated that the Company could have to pay up to an equivalent amount of US\$ 544 thousand for labor claims that are not more likely than not that the Company will pay.

(b) Temporary Tax on Net Assets

Temporary tax on net assets returns from 2013 was reviewed by the Tax Administration in 2014, issuing determination and fine resolutions for US\$ 216 thousand plus interests in May 2015. In July 2015, the Company filed a claim against the Tax Administration; and in April 2016, the Tax Administration declared the claim filed by the Company as groundless. In May 2016, the Company filed an appeal before the Tax Court, which was resolved against Orazul through the Tax Court Resolution N° 08513-3-2019 in September 2019. In November 2019, the Company decided to pay the amount of US\$ 428 thousand (US\$ 285 thousand as ITAN and US\$ 143 thousand as fine, included interests). In December 2019, the Company filed the corresponding judicial action.

On January 28, 2022, the First Instance of the Judicial Court issued Resolution N° 8 whereby the claim filed by Orazul is declared well founded and, consequently, the Tax Court Resolution N° 08513-3-2019 null and void. In this way, the Court has recognized that the higher value of the assets as a result of their reorganization and revaluation, should not be part of the 2013 ITAN tax base, as Orazul pointed out throughout of the judicial process. On February 8, 2022, SUNAT and the Tax Court appealed before the Superior Judicial Court. On April 27, 2022, through Resolution N° 13, the Superior Judicial Court confirmed the judgment that declared founded the lawsuit filed by Orazul. In May 2022, the Tax Administration, and the Tax Court, filed their appeals before the Supreme Judicial Court.

To date, the case is pending to schedule the corresponding hearing. In the opinion of Management and legal advisors, there are legal and factual arguments that lead to consider that is not more likely than not to be successful.

In the opinion of Management and the legal advisors of the Company, there are no significant contingencies that could affect the consolidated financial statements as of June 30, 2022, that have not been provisioned or disclosed in the consolidated financial statements.

19. Subsequent Event
