ISSUE OF 78,000,000 NEW UNITS IN FRASERS LOGISTICS & INDUSTRIAL TRUST ("FLT") PURSUANT TO THE PRIVATE PLACEMENT

1. Introduction

Further to the announcements dated 27 June 2017, 28 June 2017 and 3 July 2017 in relation to the private placement of 78,000,000 new units in FLT ("**New Units**") at an issue price of S\$1.01 per New Unit (the "**Private Placement**"), Frasers Logistics & Industrial Asset Management Pte. Ltd., as manager of FLT (the "**Manager**"), wishes to announce that the Manager has today issued the New Units.

With the issue of 78,000,000 New Units, the total number of units in FLT ("**Units**") in issue is 1,509,359,846 Units as at the date of this announcement. The New Units will commence trading on the Main Board of Singapore Exchange Securities Trading Limited (the "**SGX-ST**") at 9.00 a.m. on 6 July 2017.

DBS Bank Ltd. and Citigroup Global Markets Singapore Pte. Ltd. are the joint financial advisers, global coordinators and issue managers for the initial public offering of the units in Frasers Logistics & Industrial Trust (the "**Offering**") (collectively, the "**Joint Global Coordinators**"). DBS Bank Ltd., Citigroup Global Markets Singapore Pte. Ltd., Morgan Stanley Asia (Singapore) Pte., Oversea-Chinese Banking Corporation Limited and United Overseas Bank Limited are the joint bookrunners and underwriters for the Offering (collectively, the "**Joint Bookrunners**"). The Joint Bookrunners for the Offering assume no responsibility for the contents of this announcement.

2. Status of the New Units

Other than the Advanced Distribution (as defined herein) to which the New Units will not be entitled, the New Units issued pursuant to the Private Placement will, upon issue, rank *pari passu* in all respects with the Units in issue immediately prior to the issue of the New Units (“**Existing Units**”), including the right to any distributable income from 6 July 2017 to 30 September 2017 as well as all distributions thereafter.

FLT’s policy is to distribute its distributable income on a semi-annual basis to unitholders of FLT (“**Unitholders**”).

In connection with the Private Placement, the Manager intends to declare in respect of the Existing Units, a distribution of the distributable income for the period from 1 April 2017 to 5 July 2017, the day immediately preceding the date on which the New Units will be issued under the Private Placement (the “**Advanced Distribution**”).

The next distribution following the Advanced Distribution will comprise FLT’s distributable income for the period from 6 July 2017 to 30 September 2017. Semi-annual distributions will resume thereafter.

The Advanced Distribution is intended to ensure that the distributable income accrued by FLT before the issue of the New Units (which at this point, will be entirely attributable to the Existing Units) is only distributed in respect of the Existing Units, and is being proposed as a means to ensure fairness to holders of the Existing Units.

IMPORTANT NOTICE

This announcement may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. The value of the Units and the income derived from them, if any, may fall or rise. The Units are not obligations of, deposits in, or guaranteed by, the Manager, Perpetual (Asia) Limited, as trustee of FLT or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

This announcement is for information only and does not constitute an invitation or offer to acquire, purchase or subscribe for the Units. The past performance of FLT and the Manager is not necessarily indicative of the future performance of FLT and the Manager.

ADDITIONAL INFORMATION – AUSTRALIA'S FOREIGN INVESTMENT REGIME

Australia's foreign investment regime was substantially re-written and amended on and from 1 December 2015.

Notifiable actions (i.e. mandatory notification) for Australian Land Trusts

An entity that is a “foreign person”¹ that acquires Units are required under the Australian Foreign Acquisitions and Takeovers Act 1975 (Cth) (“**FATA**”) to notify and receive a prior statement of no objection (“**FIRB Approval**”) of their investment in FLT from the Australian Treasurer through the Foreign Investment Review Board (“**FIRB**”) if any of the circumstances set out below apply at the time the Units are acquired:

- (a) if FLT is considered to be an “Australian Land Trust”² (“**ALT**”) at the time of acquisition, all foreign persons acquiring Units (including existing holders of Units acquiring additional Units) will require FIRB Approval unless an exemption applies (see below);
- (b) if FLT is not an ALT, but has gross Australian assets in excess of a specified threshold prescribed under FATA (as at the date of this Circular, the threshold prescribed under FATA is A\$252.0 million) at the time of acquisition, all investors (i) who are foreign persons and (ii) who are acquiring a substantial interest (20% or more held solely or together with associates) in FLT or have a substantial interest (20% or more held solely or together with associates) and increase their holding, will require FIRB Approval; or
- (c) any investor that is a Foreign Government Investor³ acquiring a “direct interest”⁴ in FLT will require FIRB Approval at the time of acquisition, regardless of whether FLT is considered to be an ALT or whether FLT has gross Australian assets in excess of A\$252.0 million.

1 A “foreign person” is broadly defined in the FATA and includes:

- an individual not ordinarily resident in Australia; or
- a corporation in which an individual not ordinarily resident in Australia, a foreign corporation or a foreign government holds a substantial interest (20% or more held solely or together with associates); or
- a corporation in which 2 or more persons, each of whom is an individual not ordinarily resident in Australia, a foreign corporation or a foreign government, hold an aggregate substantial interest (40% or more including associate holdings); or
- the trustee of a trust in which an individual not ordinarily resident in Australia, a foreign corporation or a foreign government holds a substantial interest (20% or more held solely or together with associates); or
- the trustee of a trust in which 2 or more persons, each of whom is an individual not ordinarily resident in Australia, a foreign corporation or a foreign government, hold an aggregate substantial interest (40% or more including associate holdings); or
- a foreign government.

2 Previously, this was an “**Australian Urban Land Trust Estate**”. An ALT is similarly defined, being a unit trust in which the value of interests in Australian land exceeds 50% of the value of the total assets of the unit trust.

3 A “foreign government investor” means an entity that is:

- foreign government or separate government entity; or
- a corporation, or trustee of a trust, or general partner of a limited partnership in which:
 - a foreign government or separate government entity, alone or together with one or more associates, holds a an interest of at least 20%; or
 - foreign governments or separate government entities of more than one country (or parts of more than one foreign country), together with any one or more associates, hold an interest of at least 40%;
- a “separate government entity” means an individual, corporation or corporation sole that is an agency or instrumentality of a foreign country or part of a foreign country, but not part of the body politic of a foreign country or of a part of a foreign country. The FATA deems foreign government related entities from the same country to be associated. The effect is that an entity will be a foreign government investor where one or more foreign government related entities from the same country have in aggregate a 20% or more interest in the subject entity.

4 A “direct interest” is now defined to mean:

- an interest of at least 10% in the entity or business, or

Exemptions from ALT requirements

The FATA contains two relevant exemptions from the requirement to obtain FIRB Approval that would otherwise apply if FLT was considered to be an ALT:

- (a) where the relevant person is not a foreign government investor and the relevant person's interest in FLT would not be valued in excess of a specified threshold prescribed under the FATA (at the date of this announcement, the threshold prescribed under the FATA is A\$252.0 million, unless the ALT has 'sensitive' land holdings, in which case the threshold is A\$55.0 million)¹; and
- (b) the relevant person, together with associates, is acquiring an interest of less than 10% in FLT and will not be in a position to influence or participate in the central management and control of the land entity or to influence, participate in or determine the policy of the land entity.²

Significant actions

As at 31 March 2017, the value of the Australian land assets comprised in FLT's portfolio is 95.3% of the total asset value of FLT. Consequently, FLT is considered to be an ALT.

As at 31 March 2017, FLT has gross Australian assets of approximately A\$1,763.2 million, which is above A\$252.0 million.

Any investor acquiring Units on the secondary market should seek their own advice on the FIRB requirements as they pertain to their specific circumstances.

-
- an interest of at least 5% in the entity or business if the person who acquires the interest has entered a legal arrangement relating to the businesses of the person and the entity or business, or
 - an interest of any percentage in the entity or business if the person who has acquired the interest is in a position to:
 - participate or influence the central management and control of the entity or business; or
 - influence, participate or determine the policy of the entity or business.

1 This is a new exemption that was introduced into the FATA on and from 1 December 2015 and applies in respect of ALTs that have predominantly developed commercial real estate portfolios (i.e. less than 10% residential or vacant commercial land). Previously, there was no applicable monetary threshold. FIRB has also confirmed that it is the value of the interest being acquired, rather than the value of the underlying land that is determinative for the purposes of this exemption. The concept of 'sensitive' land is broad and includes mines and critical infrastructure (for example, an airport or port).

2 This exemption reflects the "passive investor administrative exemption" that was previously available, and applies where an ALT is listed on an official stock exchange (whether in Australia or not).
