ANNUAL GENERAL MEETING TO BE HELD ON 24 APRIL 2026

RESPONSE TO QUESTION RECEIVED FROM A SHAREHOLDER

The Board of Directors of PSC Corporation Ltd. (the “**Company**”) wishes to announce that the Company had, as at 5.00 p.m. of 16 April 2026, received one (1) question from a Shareholder in relation to the AGM which will be held on 24 April 2026 at 4.00 p.m. (Singapore time).

Question

What is the overall impact of the Iran war, Straits of Hormuz blockade and the rise in energy prices on the company?

Company’s Response

Currently, the Group’s operations remain stable with no material impact or disruption resulting from the ongoing Iran-US conflict.

Shipment delays have been experienced due to route diversions and additional security measures. Inland transportation costs have increased as a result of higher fuel and diesel prices. In addition, raw material and packaging costs are expected to rise in line with increasing energy prices.

Overall, while cost pressures and operational challenges have been identified, these are currently manageable. We will continue to monitor the evolving situation closely and take mitigating actions where necessary.
