- (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

Statement of Comprehensive Income

The Group recorded a revenue of US\$0.18 million consisting of rental income from land leasing for the three months ended 30 September 2015 ("3Q 2015"), which is consistent with the previous corresponding period ended 30 September 2014 ("3Q 2014").

Administrative and other operating expenses increased 274.9% to US\$1.02 million for 3Q 2015 from US\$0.27 million for 3Q 2014, due mainly to reclassification of cumulative exchange loss from currency translation reserve on winding up of foreign operations, professional fees in relation to the proposed acquisition of Link (THM) Holdings Pte Ltd and higher foreign exchange loss incurred.

Share of results of associate increased from US\$0.11 million for 3Q 2014 to US\$0.24 million for 3Q 2015, due mainly to increased revenue which was partially offset by higher labour costs.

As a result, the Group registered a loss before income tax of US\$0.59 million for 3Q 2015, compared with a profit before income tax of US\$0.03 million for 3Q 2014.

Statement of Financial Position

US\$2.70 million was paid as full and final settlement of the warranty claims received.

Payment of taxes resulted in the decrease in income tax payable to US\$0.10 million as at 30 September 2015 from US\$0.67 million as at 31 December 2014.

Cash and bank balances decreased to US\$9.27 million as at 30 September 2015 from US\$13.32 million as at 31 December 2014 due mainly to the payment of warranty claims, income taxes and operating expenses.

Statement of Cashflows

The Group incurred cash outflow from operating activities of US\$0.09 million for 3Q 2015 due mainly to payment of operating expenses.

Overall, total cash and cash equivalents decreased from US\$19.43 million as at 30 June 2015 to US\$19.27 million as at 30 September 2015.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

The Group's performance for the period under review is in line with its expectations as disclosed in the announcement of results for the second quarter ended 30 June 2015.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

For the property investment and management business, the Group has a 20-year long-term fixed rental rate land lease in Cambodia to generate stable rental income.

The business environment that the Group's associate company operates in is expected to remain challenging due to increasing business cost arising from the tight Singapore labour market.

The Company is expected to incur higher professional fees in relation to the proposed acquisition of Link (THM) Holdings Pte Ltd in the coming months.

The Company will make further announcements, in compliance with the listing rules of the Singapore Exchange Securities Trading Limited, when there are material developments in respect of the proposed acquisition of Link (THM) Holdings Pte Ltd.

11. Dividend
