### **RESPONSE TO ALLEGATIONS OF PATENT INFRINGEMENT AGAINST AEM HOLDINGS LTD. AND ITS SUBSIDIARIES**

---

AEM Holdings Ltd. (the “**Company**” or “**AEM**”) wishes to inform its shareholders that Advantest Test Solutions, Inc. (“**Advantest**”) has filed a complaint alleging patent infringement against the Company and its subsidiaries, AEM Singapore Pte. Ltd. and AEM Americas, Inc.

Advantest's complaint, which it filed in the U.S. District Court for the Southern District of California, alleges infringement of U.S. Patent Nos. 11,674,999 and 12,320,841. The patents relate to a specific wafer level test system that is not practiced by AEM.

AEM has its own extensive patent portfolio and respects the intellectual property of others. It strongly denies the allegations in Advantest's complaint. AEM has already retained U.S. counsel to defend itself against Advantest's claims, which lack merit.

The parties were previously involved in arbitration, which was settled on 28 July 2023. Please refer to the Company's announcement dated 28 July 2023 for more information on that matter, and the terms of settlement.

The filing of Advantest's latest complaint does not affect AEM's business operations, its existing commercial offerings or products, or its ongoing ability to serve its customers. The Company maintains its revenue guidance for 2H 2025 as previously announced on 13 Aug 2025.

The Company will update its shareholders on material developments on this matter as necessary and where appropriate.

**Shareholders and potential investors are reminded to exercise caution when dealing or trading in the securities of the Company. In the event of any doubt, shareholders and potential investors of the Company should consult their stockbrokers, bank managers, solicitors, accountants or other professional advisers.**
