

AZTECH GLOBAL LTD.

(Company Registration No.: 200909384G)
(Incorporated in the Republic of Singapore on 27 May 2009)

UPDATE ON DONGGUAN LAND

The Board of Directors (the “**Board**”) of Aztech Global Ltd. (together with its subsidiaries, the “**Group**”) would like to provide an update on its announcements made on 22 February 2022 and 17 February 2023 regarding the land use rights in respect of the factory buildings and land in Dongguan, China, occupied by the Group (“**Dongguan Land**”).

On 17 February 2023, the Group announced that the Changping Town Government had issued a certification confirming that for the period until March 2025, the lease for the Dongguan Land shall not be affected and the Dongguan Land will not be subject to any risk of demolition. The Group is in the process of obtaining further certification from the Changping Town Government for the period commencing March 2025.

In the meantime, the Group has rationalised its manufacturing capacity at its facility on the Dongguan Land and most of the Group’s manufacturing activities currently take place at its facility in Malaysia. The Group is of the view that the status of the land use rights of the Dongguan Land will not have a material impact on the Group.

The Group will provide an update to shareholders if there are any material developments in relation to the Dongguan Land.
