To: The Shareholders of the Company

Dear Sir/Madam

(A) THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

(B) THE PROPOSED RENEWAL OF THE SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS WITH IOI CORPORATION AND ITS ASSOCIATES

1. INTRODUCTION

The Directors of the Company propose to table: (a) the renewal of the Share Buyback Mandate; and (b) the renewal of the Shareholders' Mandate for IOI Transactions at the forthcoming AGM of the Company to be held on 22 April 2024 at 10.00 a.m. at Pan Pacific Singapore, Ocean 4 – 5, Level 2, 7 Raffles Boulevard, Marina Square, Singapore 039595.

The purpose of this Appendix, which is circulated together with the Annual Report 2023, is to provide Shareholders with information relating to, and to seek their approval for: (a) the proposed renewal of the Share Buyback Mandate; and (b) the proposed renewal of the Shareholders' Mandate for IOI Transactions.

The Company has appointed Morgan Lewis Stamford LLC as its legal adviser as to Singapore law in relation to the proposed renewal of the Share Buyback Mandate.

2. THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

The Share Buyback Mandate was first obtained at the Company's AGM held on 25 April 2014 and was last renewed at the Company's AGM held on 20 April 2023, such mandate being expressed to take effect from the passing of the relevant resolution until the earliest of: (a) the date on which the next AGM is held or is required by law or the Constitution to be held, whichever is earlier; (b) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or (c) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting.

Accordingly, the Directors propose that the Share Buyback Mandate be renewed at the forthcoming AGM to be held on 22 April 2024, to take effect from the passing of the relevant resolution until the earliest of: (a) the date on which the next AGM is held or is required by law or the Constitution to be held, whichever is earlier; (b) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or (c) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting.

The terms of the mandate for the Share Buyback by the Company in respect of which the Share Buyback Mandate is sought to be renewed are set out in this Appendix for the easy reference of the Shareholders.

LETTER TO SHAREHOLDERS

2.1. Rationale

The Share Buyback Mandate would give the Company the flexibility to undertake the Share Buyback at any time, subject to market conditions, during the period when the Share Buyback Mandate is in force. A Share Buyback at the appropriate price level is one of the ways through which the return on equity of the Group may be enhanced. Further, amongst others, the Share Buyback provide the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient and cost-efficient manner. The Directors also expect that the Share Buyback may also help mitigate against short term market volatility and offset the effects of short term speculation. The Share Buyback will also allow the Directors greater control over the Company's share capital structure, dividend payout and cash reserves.

The Share Buyback may, depending on market conditions and funding arrangements at the relevant time, lead to an enhancement of the EPS and/or NAV per Share, and will only be made when the Directors believe that such Share Buyback would benefit the Company and its Shareholders.

Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buyback Mandate will only be made when the Directors believe that such purchases or acquisitions would be made in circumstances which would not have a material adverse effect on the financial position of the Company.

2.2. Mandate

Any purchase or acquisition of Shares by the Company would have to be made in accordance with, and in the manner prescribed by, the Constitution, the Companies Act and the rules of the Listing Manual and such other laws and regulations as may, for the time being, be applicable.

Pursuant to Rule 881 of the Listing Manual, a company which wishes to purchase or acquire its own shares should obtain the prior specific approval of its shareholders to do so at a general meeting. Approval was obtained from Shareholders at the Company's AGM held on 20 April 2023 for the renewal of the Share Buyback Mandate. With such approval, the Share Buyback Mandate was renewed with effect from 20 April 2023 and will continue in force until the earliest of: (a) the date on which the next AGM is held or is required by law or the Constitution to be held, whichever is earlier; (b) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or (c) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting.

Accordingly, approval is being sought from Shareholders at the forthcoming AGM for the renewal of the Share Buyback Mandate for the purchase by the Company of its issued Shares. If approved, the Share Buyback Mandate will take effect from the date of the AGM and will continue in force until the earliest of: (a) the date on which the next AGM is held or is required by law or the Constitution to be held, whichever is earlier; (b) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or (c) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by Shareholders in a general meeting.

2.3. Terms of the Mandate

The authority and limitations placed on the Share Buyback under the Share Buyback Mandate are summarised below:

(a) Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company.

Pursuant to Rule 882 of the Listing Manual and Section 76B of the Companies Act, the total number of Shares that may be purchased or acquired shall not exceed 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings as at the date of the AGM at which the Share Buyback Mandate is approved, unless: (i) the Company has, at any time during the relevant period, reduced its share capital by a special resolution under Section 78C of the Companies Act; or (ii) the court has, at any time during the relevant period, made an order under Section 78I of the Companies Act confirming the reduction of share capital of the Company, in which event, the total number of issued Shares excluding treasury shares and subsidiary holdings shall be taken to be the total number of issued Shares excluding treasury shares and subsidiary holdings as altered.

For illustrative purposes only, based on the existing issued and paid-up share capital (excluding treasury shares and subsidiary holdings) of the Company of 1,734,144,044 Shares as at the Latest Practicable Date, and assuming that no further Shares are issued on or prior to the AGM, not more than 173,414,404 Shares (representing 10% of the total number of issued and paid-up Shares excluding treasury shares and subsidiary holdings as at that date) may be purchased or acquired by the Company pursuant to the Share Buyback Mandate.

LETTER TO SHAREHOLDERS

(b) Duration of Authority

Purchases or acquisitions of Shares may be made, at any time and from time to time, on and from the date of the AGM at which the Share Buyback Mandate is renewed up to the earliest of:

- (i) the date on which the next AGM of the Company is held or required by law or the Constitution to be held, whichever is earlier;
- (ii) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or
- (iii) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by the Shareholders in a general meeting.

The Share Buyback Mandate may be renewed at each AGM or other general meeting of the Company. When seeking the approval of Shareholders for the renewal of the Share Buyback Mandate, the Company is required to disclose details pertaining to purchases or acquisitions of Shares pursuant to the proposed Share Buyback Mandate made during the previous 12 months, including the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for such purchases or acquisitions of Shares, where relevant, and the total consideration paid for such purchases or acquisitions.

(c) Manner of Purchases or Acquisition of Shares

Pursuant to Rule 882 of the Listing Manual, purchases or acquisitions of Shares by the Company may only be made by way of:

- (i) on-market purchases transacted through the SGX-ST's trading system or on another stock exchange on which the issuer's equity securities are listed ("**Market Acquisitions**"); or
- (ii) off-market acquisitions in accordance with an equal access scheme as defined in Section 76C of the Companies Act ("**Off-Market Acquisitions**").

The Directors may impose such terms and conditions, which are consistent with the Share Buyback Mandate, the Constitution, the Listing Manual and the Companies Act, as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme(s). Under Section 76C(6) of the Companies Act, an equal access scheme must satisfy all the following conditions:

- (i) offers for the purchase or acquisition of issued Shares under the scheme shall be made to every person who holds issued Shares to purchase or acquire the same percentage of their issued Shares;
- (ii) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers are the same, except that there shall be disregarded:
 - (aa) differences in consideration attributable to the fact that offers relate to Shares with different accrued dividend entitlements;
 - (bb) (if applicable) differences in consideration attributable to the fact that offers relate to Shares with different amounts remaining unpaid; and
 - (cc) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, Rule 885 of the Listing Manual provides that, in making Off-Market Acquisitions, the Company must issue an offer document to all Shareholders which must contain at least the following information:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the reasons for the proposed Share Buyback;
- (iv) the consequences, if any, of the Share Buyback by the Company that will arise under the Take-Over Code or other applicable take-over rules;

LETTER TO SHAREHOLDERS

- (v) whether the Share Buyback, if made, could affect the listing of the Shares on the SGX-ST;
 - (vi) details of any Share Buyback made by the Company in the previous 12 months (whether Market Acquisitions or Off-Market Acquisitions in accordance with an equal access scheme), giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases; and
 - (vii) whether the Shares purchased by the Company will be cancelled or kept as treasury shares.
- (d) Maximum Purchase Price
- The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors. However, the purchase price to be paid for a Share as determined by the Directors must not exceed:
- (i) in the case of a Market Acquisitions, 105% of the Average Closing Price; and
 - (ii) in the case of an Off-Market Acquisitions pursuant to an equal access scheme, 120% of the Average Closing Price,
- (the "**Maximum Price**") in either case, excluding related expenses of the purchase.

For the above purposes:

"Average Closing Price" means the average of the closing market prices of the Shares over the last five Market Days, on which transactions in the Shares were recorded, immediately preceding the day of the Market Acquisitions or, as the case may be, the day of the making of the offer pursuant to the Off-Market Acquisitions, and deemed to be adjusted for any corporate action that occurs during such five-Market Day period and the day on which the purchases are made; and

"day of the making of the offer" means the day on which the Company announces its intention to make an offer for the purchase of Shares from Shareholders, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Acquisitions.

2.4. Status of Purchased Shares under the Share Buyback Mandate

A Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share in accordance with the Companies Act. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired out of the capital of the Company and the amount of the share capital of the Company shall be reduced accordingly.

2.5. Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

- (a) Maximum Holdings

As the Company only has shares of one class, the number of Shares held as treasury shares cannot at any time exceed 10% of the total number of issued Shares.
- (b) Voting and Other Rights

The Company cannot exercise any right in respect of treasury shares and any purported exercise of such a right is void. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members on a winding up) may be made, to the Company in respect of treasury shares. However, the allotment of shares as fully paid bonus shares in respect of treasury shares is allowed. Also, a subdivision or consolidation of any treasury share into treasury shares of a greater or smaller amount is allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

LETTER TO SHAREHOLDERS

(c) Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time:

- (i) sell the treasury shares (or any of them) for cash;
- (ii) transfer the treasury shares (or any of them) for the purposes of or pursuant to any share scheme, whether for employees, directors or other persons;
- (iii) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (iv) cancel the treasury shares (or any of them); or
- (v) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

In addition, under the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares. Such announcement must include details such as the date of the sale, transfer, cancellation and/or use of such treasury shares, the purpose of such sale, transfer, cancellation and/or use of such treasury shares, the number of treasury shares which have been sold, transferred, cancelled and/or used, the number of treasury shares before and after such sale, transfer, cancellation and/or use, the percentage of the number of treasury shares against the total number of Shares outstanding in a class that is listed before and after such sale, transfer, cancellation and/or use and the value of the treasury shares if they are used for a sale or transfer, or cancelled.

2.6. Source of Funds for Share Buyback

In the Share Buyback, the Company may only apply funds legally available for such purchase or acquisition in accordance with its Constitution and the applicable laws in Singapore. The Company may not purchase or acquire Shares on the Official List of the SGX-ST for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of the SGX-ST. The Share Buyback by the Company may be made out of the Company's profits or capital so long as the Company is solvent.

When Shares are purchased or acquired, and cancelled:

- (a) if the Shares are purchased or acquired entirely out of the capital of the Company, the Company shall reduce the amount of its share capital by the total amount of the purchase price paid by the Company for the Shares (including brokerage, stamp duties, applicable goods and services tax, clearance fees and other related expenses) (the "**Purchase Price**");
- (b) if the Shares are purchased or acquired entirely out of the profits of the Company, the Company shall reduce the amount of its profits available for the distribution of cash dividends by the total amount of the Purchase Price; or
- (c) where the Shares are purchased or acquired out of both the capital and the profits of the Company, the Company shall reduce the amount of its share capital and profits available for the distribution of cash dividends proportionately by the total amount of the Purchase Price.

The Company may use internal resources and/or external borrowings to fund the Company's purchases or acquisitions of Shares pursuant to the Share Buyback Mandate. The Directors do not propose to exercise the Share Buyback Mandate in a manner and to such extent that the liquidity and capital adequacy position of the Group would be materially adversely affected.

2.7. Financial Effects of the Share Buyback Mandate

Shareholders should note that the financial effects illustrated below are for illustration purposes only. In particular, it is important to note that the financial analysis set out below are based on the audited consolidated financial statements for FY2023 and are not necessarily representative of the future financial performance of the Group. Although the Share Buyback Mandate would authorise the Company to purchase or acquire up to 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings of the Company, the Company may not necessarily purchase or acquire, or be able to purchase or acquire, 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings in full.

LETTER TO SHAREHOLDERS

It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisition that may be made pursuant to the Share Buyback Mandate on the financial effects as it would depend on factors such as the aggregate number of Shares purchased or acquired, the price paid at the relevant time, and the amount (if any) borrowed by the Company to fund the purchases or acquisitions, whether the purchases or acquisitions are made out of profits or capital, and whether the Shares purchased or acquired are held in treasury or cancelled. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, the amount of profits available for cash dividends by the Company will be correspondingly reduced.

The Directors do not propose to exercise the Share Buyback Mandate to such an extent that it would have a material adverse effect on the working capital requirements of the Group. The purchase or acquisition of the Shares will only be effected after considering relevant factors such as the working capital requirement, availability of financial resources, and the expansion and investment plans of the Group, as well as the prevailing market conditions. The Share Buyback Mandate will be exercised with a view to enhance the EPS and/or NAV per Share of the Group. The financial effects presented in this section of this Appendix are based on the assumptions set out below:

(a) Information as at the Latest Practicable Date

As at the Latest Practicable Date, the issued share capital of the Company comprised 1,757,531,844 Shares, of which 23,387,800 Shares are held by the Company as treasury shares. No Shares are reserved for issue by the Company as at the Latest Practicable Date.

(b) Illustrative Financial Effects

Purely for illustrative purposes, on the basis of 1,734,144,044 Shares (excluding treasury shares and subsidiary holdings) in issue as at the Latest Practicable Date and assuming no further Shares are issued and no further Shares are held by the Company as treasury shares on or prior to the AGM, the purchase by the Company of 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings will result in the purchase of 173,414,404 Shares.

In the case of Market Acquisitions by the Company and assuming that the Company purchases or acquires 173,414,404 Shares at the Maximum Price of S\$0.6760 for each Share (being the price equivalent to 105% of the Average Closing Price of the Shares for the five consecutive Market Days on which the Shares were traded on the Official List of the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 173,414,404 Shares is approximately S\$117,228,137 (equivalent to approximately IDR 1,374 billion, based on the exchange rates of S\$1 : US\$0.7469 and US\$1 : IDR 15,691).

In the case of Off-Market Acquisitions by the Company in accordance with equal access scheme(s) and assuming that the Company purchases or acquires 173,414,404 Shares at the Maximum Price of S\$0.7730 for each Share (being the price equivalent to 120% of the Average Closing Price of the Shares for the five consecutive Market Days on which the Shares were traded on the Official List of the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 173,414,404 Shares is approximately S\$134,049,334 (equivalent to approximately IDR 1,571 billion, based on the exchange rates of S\$1 : US\$0.7469 and US\$1 : IDR 15,691).

For illustrative purposes only and on the basis of the assumptions set out above as well as the following:

- (i) the Share Buyback Mandate had been effective on 1 January 2023;
- (ii) the exchange rates of S\$1 : US\$0.7469 and US\$1 : IDR 15,691 were adopted;
- (iii) 15% of the funds required for such Share purchases or acquisitions are supplied by internal resources, while the remaining 85% of such funds are supplied by external borrowings; and
- (iv) transaction costs incurred for the purchase or acquisition of Shares pursuant to the Share Buyback Mandate are assumed to be insignificant and have been ignored for the purpose of computing the financial effects, the financial effects on the audited consolidated financial results of the Group and the Company for FY2023, are set out below:

In addition, the Company may cancel all or part of the Shares repurchased or holds all or part of the Shares repurchased in treasury.

LETTER TO SHAREHOLDERS

2.8. Tax Implications

Shareholders who are in doubt as to their respective tax positions or the tax implications of a Share Buyback by the Company or who may be subject to tax, whether in or outside Singapore, should consult their own professional advisers.

2.9. Listing Manual

The Listing Manual requires a listed company to ensure that at least 10% of any class of its listed securities must be held by public shareholders. As at the Latest Practicable Date, approximately 15.614% of the issued ordinary share capital of the Company are held in the hands of 1,729 public shareholders. Assuming that the Company repurchased the maximum of 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings as at the Latest Practicable Date from members of the public by way of a Market Acquisition, the percentage of the issued ordinary share capital of the Company held by the public would be approximately 6.237%.

The Directors will use their best efforts to ensure that after a purchase or acquisition of Shares pursuant to the Share Buyback Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST. Before undertaking any such purchase or acquisition, the Directors shall at all times take due cognisance of:

- (a) the then shareholding spread of the Company in respect of the number of Shares held by Substantial Shareholders and by non-Substantial Shareholders; and
- (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any Shares purchase.

Pursuant to Rule 884 of the Listing Manual, a listed company may only purchase shares by way of a Market Acquisition at a price which is not more than 5% above the average closing market price. The term average closing market price is defined as the average of the closing market prices of the shares over the last five Market Days, on which transactions in the shares were recorded, before the day on which the purchases are made and deemed to be adjusted for any corporate action that occurs during the relevant five-day period and the day on which the purchases are made. The Maximum Price for a Share in relation to Market Acquisitions by the Company, referred to in Section 2.3(d) of this Appendix, conforms to this restriction.

Additionally, the Listing Manual also specifies that a listed company shall report all purchases or acquisitions of its shares to the SGX-ST:

- (a) in the case of a Market Acquisition, by 9.00 am on the Market Day following the day on which it purchased shares; and
- (b) in the case of an Off-Market Acquisition under an equal access scheme, by 9.00 am on the second Market Day after the close of acceptances of the offer.

Such notification currently requires the inclusion of details of, *inter alia*, the total number of shares purchased, the purchase price per share or the highest and lowest prices paid for such shares, as applicable.

While the Listing Manual does not expressly prohibit any purchase of shares by a listed company during any particular time, because the listed company would be regarded as an "insider" in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate at any time after any matter or development of a price-sensitive nature has occurred or has been the subject of consideration and/or a decision of the Board until such price-sensitive information has been publicly announced. Further, in conformity with the best practices on dealing with securities under the Listing Manual:

- (a) where the Company announces its quarterly financial statements (whether required by the SGX-ST or otherwise), the Company will not purchase or acquire any Shares during the period commencing two weeks before the announcement of the Company's financial statements for each of the first three quarters of its FY, and one month before the announcement of the Company's full year financial statements, and ending on the date of the announcement of the relevant financial statements; or
- (b) where the Company does not announce its quarterly financial statements, one month before the announcement of the Company's half year and full year financial statements, and ending on the date of the announcement of the relevant financial statements.

LETTER TO SHAREHOLDERS

2.10. Take-Over Obligations

Appendix 2 of the Take-Over Code contains the Share Buy-Back Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

Obligation to make a Take-Over Offer

When the Company buys back its shares, any resulting increase in the percentage of voting rights held by a Shareholder and persons acting in concert with him will be treated as an acquisition for the purpose of Rule 14 of the Take-Over Code. Consequently, a Shareholder or group of Shareholders acting in concert could obtain or consolidate effective control of the Company and become obliged to make an offer under Rule 14.

Persons Acting in Concert

Under the Take-Over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert:

- (a) A company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the aforesaid companies, and any company whose associated companies include any of the aforesaid companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights. For this purpose, a company is an associated company of another company if the second company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company;
- (b) A company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (c) A company with any of its pension funds and employee share schemes;
- (d) A person with any investment company, unit trust or other fund whose investment such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) A financial or other professional adviser, including a stockbroker, with its client in respect of the shareholdings of the adviser and persons controlling, controlled by or under the same control as the adviser;
- (f) Directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where the directors have reason to believe a bona fide offer for their company may be imminent;
- (g) Partners; and
- (h) An individual, his close relatives, his related trusts, and any person who is accustomed to act according to his instructions and companies controlled by any of the above, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights.

The circumstances under which Shareholders of the Company (including Directors of the Company) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 of the Take-Over Code after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-Over Code.

Effect of Rule 14 and Appendix 2 of the Take-Over Code

In general terms, the effect of Rule 14 and Appendix 2 of the Take-Over Code is that, unless exempted, Directors of the Company and persons acting in concert with them will incur an obligation to make a take-over offer for the Company under Rule 14 of the Take-Over Code if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or if the voting rights of such Directors and their concert parties fall between 30% and 50% of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six months.

LETTER TO SHAREHOLDERS

Under Appendix 2, a Shareholder not acting in concert with the Directors of the Company will not be required to make a take-over offer under Rule 14 of the Take-Over Code if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder in the Company would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Share Buyback Mandate unless so required by the Companies Act.

2.11. Application of the Take-Over Code

Save as disclosed herein, the Directors have confirmed that they are not aware of any facts or factors which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded, as parties acting in concert such that their respective interests in voting Shares should or ought to be consolidated, and consequences under the Take-Over Code would ensue as a result of a Share Buyback.

Shareholding of certain parties before and after the Share Buyback (for illustrative purposes only)

Based on the shareholding interest of the parties listed below as at the Latest Practicable Date and assuming that:

- (a) the Company undertakes the Share Buyback under the Share Buyback Mandate up to the maximum of 10% of total number of issued Shares excluding treasury shares and subsidiary holdings as permitted by the Share Buyback Mandate;
- (b) there is no change in the holding of Shares between the Latest Practicable Date and the date of the AGM;
- (c) no new Shares are issued following approval being received from Shareholders at the AGM for the Share Buyback Mandate; and
- (d) the parties as set out below do not sell or otherwise dispose of their holding of Shares, their holding of Shares as at the date of the AGM and after the purchase by the Company of 10% of the total number of issued Shares excluding treasury shares and subsidiary holdings pursuant to the Share Buyback Mandate is as follows:

- (c) Dato' Lee Yeow Chor and his concert parties, if any, do not vote for and/or recommend Shareholders to vote in favour of the resolution to approve the Share Buyback Mandate;

- (e) Dato' Lee Yeow Chor and his concert parties, if any, have not acquired and will not acquire any Shares between the date on which they know that the announcement of the approval of the Share Buyback Mandate is imminent and the earlier of:
 - (i) the date on which the Share Buyback Mandate expires; and
 - (ii) the date on which the Company announces that it has bought back such number of Shares as authorised under the Share Buyback Mandate or the date the Company decides to cease buying back its Shares, as the case may be,

if such acquisitions, taken together with shares bought by the Company under the Share Buyback Mandate, would cause their aggregate voting rights in the Company to increase by more than 1% in the preceding six months.

It should be noted that approving the Share Buyback Mandate will constitute a waiver by Shareholders in respect of their rights to receive a general offer by Dato' Lee Yeow Chor and parties acting in concert with him at the required price, which shall be determined in accordance with the relevant provisions of the Take-Over Code.

The statements in this Appendix do not purport to be a comprehensive or exhaustive description of all implications that may arise under the Take-Over Code. Shareholders are advised to consult their professional advisers and/or the Securities Industry Council and/or other relevant authorities at the earliest opportunity as to whether an obligation to make a take-over offer would arise by reason of any share purchases or acquisitions by the Company.

ANNEXURE I

SHAREHOLDERS' MANDATE FOR IOI TRANSACTIONS

1. CHAPTER 9 OF THE LISTING MANUAL

Chapter 9 of the Listing Manual ("**Chapter 9**") applies to transactions which an entity at risk proposes to enter into with a counterparty who is an interested person of the listed company. Except for certain transactions which, by reason of the nature of such transactions, are not considered to put the listed company at risk to its interested person and hence are excluded from the ambit of Chapter 9, Shareholders' approval and/or an immediate announcement is required in respect of that transaction if its value is equal to or exceeds certain financial thresholds.

Pursuant to Listing Rule 905, a listed company must make an immediate announcement of any such transaction where:

- (a) the value of such transaction is equal to or exceeds 3% of the group's latest audited net tangible assets; or
- (b) the value of such transaction when aggregated with the values of other transactions previously entered into with the same interested person in the same financial year, equals to or exceeds 3% of the group's latest audited net tangible assets.

Pursuant to Listing Rule 906, shareholders' approval is required for any such transaction where:

- (a) the value of such transaction is equal to or exceeds 5% of the group's latest audited net tangible assets; or
- (b) the value of such transaction when aggregated with the values of other transactions previously entered into with the same interested person in the same financial year, equals to or exceeds 5% of the group's latest audited net tangible assets. Such aggregation need not include any transaction that has been approved by shareholders previously or is the subject of aggregation with another transaction that has been previously approved by shareholders.

While transactions below \$100,000 are not normally aggregated, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one transaction in accordance with Listing Rule 902.

Transactions between: (a) an entity at risk and a primary interested person; and (b) an entity at risk and an associate of that primary interested person, are deemed to be transactions between an entity at risk and the same interested person. Transactions between: (i) an entity at risk and a primary interested person; and (ii) an entity at risk and another primary interested person, are deemed to be transactions between an entity at risk with the same interested person if the primary interested person is also an associate of the other primary interested person.

Chapter 9 allows a listed company to obtain a mandate from its shareholders for recurrent interested person transactions which are of a revenue or trading nature or for those necessary for its day-to-day operations. However, these transactions may not include the purchase or sale of assets, undertakings or businesses.

As defined in the Listing Manual:

- (a) an "entity at risk" means:
 - (i) the listed company;
 - (ii) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange; or
 - (iii) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed group, or the listed group and its interested person(s) has control over the associated company;
- (b) an "interested person" means:
 - (i) a director, chief executive officer or controlling shareholder of the listed company; or
 - (ii) an associate of such director, chief executive officer or controlling shareholder.
- (c) an "associate" means:
 - (i) in relation to any director, chief executive officer, substantial shareholder or controlling shareholder (being an individual) means:
 - (A) an immediate family member (that is, the spouse, child, adopted child, stepchild, sibling or parent);
 - (B) the trustees of any trust of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and

ANNEXURE I

SHAREHOLDERS' MANDATE FOR IOI TRANSACTIONS

- (C) any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more;
- (ii) in relation to a substantial shareholder or a controlling shareholder (being a company) means any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more;
- (d) an "interested person transaction" means a transaction between an entity at risk and an interested person; and
- (e) an "approved exchange" means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles of Chapter 9.

The SGX-ST may deem any person or entity to be an interested person if the person or entity has entered into, or proposes to enter into: (a) a transaction with an entity at risk; and (b) an agreement or arrangement with an interested person in connection with that transaction.

2. INTERESTED PERSONS

The Shareholders' Mandate for IOI Transactions will apply to the Group's transactions with IOI Corporation, one of the Company's Controlling Shareholders, and its associate, Bunge Loders Croklaan Oil BV.

Transactions between IOI Corporation and Bunge Loders Croklaan Oil BV and the Group which do not fall within the ambit of the Shareholders' Mandate for IOI Transactions shall be subject to the relevant provisions of Chapter 9. In particular, if such transactions are of an aggregate value equal to or more than 5% of the Group's latest audited net tangible assets, future transactions of such a nature will be subject to Shareholders' approval before they can be entered into.

3. CATEGORIES OF INTERESTED PERSON TRANSACTIONS

The on-going transactions that will be covered by the Shareholders' Mandate for IOI Transactions are as follows:

- (a) sale of raw materials (such as oil palm seeds, clonal ramets and fertiliser) by IOI Corporation to the Group; and
- (b) sale of plantation produce (such as CPO and PK) by the Group to IOI Corporation and Bunge Loders Croklaan Oil BV.

4. DISCLOSURE IN ANNUAL REPORT

The Company is required, under Listing Rule 920(1)(a)(i), to disclose in its annual report the aggregate value of transactions conducted pursuant to the Shareholders' Mandate for IOI Transactions during the current financial year, as well as in the annual reports for the subsequent financial years during which the Shareholders' Mandate for IOI Transactions is in force. The name of the interested person, the nature of the relationship and the corresponding aggregate value of the interested person transactions will be presented in the following format:

Name of Interested Person	Nature of the Relationship	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under the Shareholders' Mandate for IOI Transactions pursuant to Rule 920 of the Listing Manual)	Aggregate value of all interested person transactions conducted under the Shareholders' Mandate for IOI Transactions pursuant to Rule 920 of the Listing Manual during the financial year under review (excluding transactions less than S\$100,000)

5. RATIONALE FOR AND BENEFITS OF THE SHAREHOLDERS' MANDATE FOR IOI TRANSACTIONS

Pages 223 to 224 of the Prospectus set out the rationale for and benefits of obtaining the Shareholders' Mandate for IOI Transactions, namely, that the Group had in the past entered into various trade arrangements with the IOI Group for the sale of seeds by the IOI Group to the Group, and the sale of CPO by the Group to IOI Corporation, and that the Group intends to engage in similar trades with the IOI Group on a recurring basis. The Shareholders' Mandate for IOI Transactions and the renewal of the Shareholders' Mandate for IOI Transactions on an annual basis will eliminate the need to convene separate general meetings from time to time to seek Shareholders' approval as and when potential interested person transactions with IOI Corporation and its associates arise, thereby reducing substantially the administrative time and expenses in convening such meetings, without compromising the corporate objectives or adversely affecting the business opportunities available to the Group.

ANNEXURE I

SHAREHOLDERS' MANDATE FOR IOI TRANSACTIONS

The Shareholders' Mandate for IOI Transactions is intended to facilitate transactions in the normal course of business which the Group transacted from time to time with IOI Corporation and its associates, provided that they are carried out on normal commercial terms consistent with the Group's usual business practices and policies, which are generally no more favourable to the interested person than those extended to unrelated third parties, and are not prejudicial to the interests of the Company and its Shareholders (other than the IOI Group).

Disclosure will be made in the format required by the Listing Manual, and to the extent required by the SGX-ST, of the aggregate value of interested person transactions conducted pursuant to the Shareholders' Mandate for IOI Transactions during the current financial year, and in the annual reports for the subsequent financial years during which a Shareholders' Mandate for IOI Transactions is in place.

6. METHODS AND PROCEDURES FOR DETERMINING TRANSACTION PRICES

The following guidelines have been put in place to ensure that transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions are conducted on an arm's length basis and on normal commercial terms consistent with the Group's usual business practices and policies:

(a) Sale of raw materials (such as oil palm seeds, clonal ramets and fertiliser) by IOI Corporation to the Group

In determining the selling price for the sale of raw materials by IOI Corporation to the Group, at least two other quotations from non-interested parties shall be obtained for comparison, where available and practicable. The price shall not be higher than two of the most competitive price quotes from the independent parties. In determining the most competitive price quote, all pertinent factors, including but not limited to quality, delivery time and track record, shall be taken into consideration.

(b) Sale of plantation produce (such as CPO and PK) by the Group to IOI Corporation and Bunge Loders Croklaan Oil BV

For spot sales, the selling price for the sale of plantation produce by the Group to IOI Corporation and Bunge Loders Croklaan Oil BV will be based on external reference quoted prices in Indonesia, Malaysia or Rotterdam (depending on the shipment destination), with appropriate adjustments for location and quality of plantation produce.

For sales of CPO via forward contracts between the Group and IOI Corporation and Bunge Loders Croklaan Oil BV, the selling price for the sale of CPO by the Group to IOI Corporation and Bunge Loders Croklaan Oil BV will be based on the forward index prices obtained from the Bursa Malaysia Derivatives Berhad at the time the forward contract is entered into, with a discount of US\$5 per metric tonne (the "**IOI Forward Contract Price**"). At least two other quotations from non-interested parties shall be obtained for comparison, where available and practicable. The IOI Forward Contract Price shall not be lower than two of the most competitive price quotes from the independent parties, where available. In determining the most competitive price quote, all pertinent factors, including but not limited to quality, delivery time and track record, shall be taken into consideration.

7. REVIEW PROCEDURES

The Audit Committee shall review internal audit reports to ascertain that the above guidelines have been complied with in relation to all transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions. In addition, the Audit Committee shall also review from time to time such guidelines and procedures to determine if they are adequate and/or commercially practicable in ensuring that such transactions are conducted on normal commercial terms, and the Company shall obtain a fresh mandate from its Shareholders if the Audit Committee is of the opinion that such guidelines and procedures become inappropriate. During the period prior to obtaining a fresh mandate from the Shareholders, all transactions to be entered into pursuant to the Shareholders' Mandate for IOI Transactions will be subject to the prior review and approval of the Audit Committee.

Designated persons of the Group are required to submit details of all transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions immediately to the Company's Chief Financial Officer, including the value of the transactions. As a minimum, a report is to be submitted every quarter. A "Nil" return is expected if there is no such transaction for a previous quarter. The Company's Chief Financial Officer will maintain a register of interested persons and a register of transactions carried out with interested persons. These registers will be updated quarterly based on the submissions by the designated persons.

The Audit Committee will review all transactions recorded in the register of interested persons at least on a quarterly basis to ensure that they are carried out on normal commercial terms and in accordance with the procedures outlined above. All relevant non-quantitative factors will also be taken into account. Such review includes the examination of the transaction and its supporting documents or such other data deemed necessary by the Audit Committee. The Audit Committee may request for any additional information pertaining to the transaction under review from independent sources, advisers or valuers as it deems fit.

ANNEXURE I

SHAREHOLDERS' MANDATE FOR IOI TRANSACTIONS

The internal audit plan will incorporate a review of all transactions entered into in the relevant financial year pursuant to the Shareholders' Mandate for IOI Transactions to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions have been adhered to. Such compliance review will be performed by the Company's internal auditors, being the Group's in-house internal audit department, on an annual basis and the annual report on such transactions will be forwarded to the Audit Committee. The Company's internal auditors shall assist the Audit Committee in the review, and carry out such tests as they deem necessary on the transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions. As part of the Company's annual audit, the Company's external auditors will review the transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions on a sampling basis. The Company's external auditors will report to the Audit Committee in the event of any non-compliance based on the audit sample.

The Audit Committee is of the view that the methods and procedures for determining transaction prices and terms, as set out above, are sufficient to ensure that transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions are on normal commercial terms which will not be prejudicial to the interests of the Company and its Shareholders (other than the IOI Group).

8. THRESHOLD LIMITS

In addition to the above review procedures, the Group supplements its internal systems by setting the following threshold limits to transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions to ensure that these transactions are undertaken on an arm's length basis and on normal commercial terms:

- (a) a Category 1 transaction is one where in relation to:
 - (i) the transactions with external reference quoted price, the value of the transaction entered into pursuant to the Shareholders' Mandate for IOI Transactions is below or equal to S\$5,000,000; and
 - (ii) any other transaction without external reference quoted price or rate, the value of the transaction entered into pursuant to the Shareholders' Mandate for IOI Transactions is below or equal to S\$600,000; and
- (b) a Category 2 transaction is one where in relation to:
 - (i) the transactions with external reference quoted price, the value of the transaction entered into pursuant to the Shareholders' Mandate for IOI Transactions is in excess of S\$5,000,000; and
 - (ii) any transaction without external reference quoted price or rate, the value of the transaction entered into pursuant to the Shareholders' Mandate for IOI Transactions is in excess of S\$600,000.

Category 1 transactions do not require the prior review and approval of the Audit Committee before the transaction is entered into but shall be reviewed on a quarterly basis by the Audit Committee. Such transactions must be reviewed and approved by the Company's Chief Executive Officer, Deputy Chief Executive Officer, Chief Financial Officer or Chief Operating Officer prior to being entered into. In the event that any of the Company's Chief Executive Officer, Deputy Chief Executive Officer, Chief Financial Officer or Chief Operating Officer is interested in any of the Group's transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions, he will abstain from reviewing and approving that particular transaction to ensure that the transaction will be carried out on normal commercial terms.

Category 2 transactions must be reviewed and approved by the Audit Committee prior to being entered into. In the event that a member of the Audit Committee is interested in any of the Group's transactions entered into pursuant to the Shareholders' Mandate for IOI Transactions, he will abstain from reviewing and approving that particular transaction to ensure that the transaction will be carried out on normal commercial terms. Approval of that transaction will accordingly be undertaken by the remaining members of the Audit Committee.

The thresholds of S\$5,000,000 and S\$600,000 are set as limits based on the expected and past volume of sales and purchases of the Group. It also balances the requirement of commercial efficiency and the requirements of oversight by the Audit Committee. Having considered the current market prices, the prevailing market conditions and the expected size of operations of the Group, the Board is of the opinion that the threshold limits of S\$5,000,000 and S\$600,000 reflect a risk control level that is acceptable to the Company.
